

Chapter 287

However, Suzi did not rush in.

She was standing outside the glass window, looking at the real father and daughter.

Arron built it seriously.

Lilly looked childish and happy and worshipped.

Suzi suddenly felt a kind of family happiness.

Although she knew it was an illusion, it was her and only wishful thinking.

But, enough to make her feel a touch of warmth.

This reminded Suzi that when she was twelve years old, she was sent to the Lin family to be fostered by her mother. From that day on, she watched the Lin family happily every day.

And she is just a redundant foster child.

She watched Jarod and Moira lift Lanita very high, toss them up, and hugged them again.

Every time, Lanita screamed in surprise.

And she, like a little stray dog, watched by the side, eager to be hugged, but she never had it.

Every year for Lanita's birthday, the Lin family will lavishly celebrate Lanita's birthday. Seeing Lanita wearing a princess dress and wearing a crown, making a wish in front of the huge and beautiful cake, Suzi imagined that one day, he would get such a cake.

However, it never happened.

Later, when Suzi learned that she was carrying Arron's child in her belly, her first thought was that she must not let her child live in such poverty, and want nothing.

Be sure to let your child get what she should have.

For example, like now, the child is accompanied by his father, like a happy princess.

Suzi watched Arron and the only person playing in the toy room so quietly, she watched Arron wash her sour and smelly feet. See him holding the little princess bed that Lilly sent to her.

Watching Arron tell her stories over and over again, until Shen only fell asleep.

Until Arron came out of Shen's only room and saw Suzi standing outside in a daze, the man asked abruptly: "Aren't you tired!"

Suzi silly: "Huh? What did you say?"

"Why don't you sleep!" the man asked.

Suzi: "I...I'm waiting for you."

"Wait for me?" The man pursed his lips and smiled coldly: "Wait for me to teach you how to serve a man? Wait for me to take a bath for you myself? I will take you to the bed by myself?"

Suzi flushed to the root of his neck suddenly.

She didn't mean it.

She didn't know why she said this sentence. What she really wanted to ask was, where is she going to sleep tonight?

Is it possible to sleep in his bedroom every day?

"No...I...I." Suzi was beaten and hugged by the man before he finished saying a word.

Suzi: "Ah..."

She didn't scream, but was shooed by the man again. The man said coldly, "Are you trying to wake your daughter up again?"

Suzi didn't dare to scream anymore.

Anyway, he has done everything that should be done, nothing more than repeating the action the day before yesterday.

However, what Suzi didn't expect was that he personally showered her and took her to bed personally, but he didn't take the next step.

He fell asleep quickly, and she slowly fell asleep in panic.

I slept soundly this night.

It was only seven o'clock in the morning when he woke up, and he was no longer under the covers.

Suzi came out wrapped in the white shirt he wore, and found that Shen Zizhi in the children's room was no longer in the room.

Suzi's shocked heart hung up.

She immediately took out her mobile phone and called him.

At that end, Arron was driving towards the hospital with the only person. When he saw Suzi's arrival, he immediately connected: "Hey..."

Chapter 288

Suzi bit his lip, and plucked up the courage to ask: "I know you are very good to the only one. Maybe I misunderstood you. You don't think about the one. After all, she is also your daughter, but... ."

Arron said bluntly: "What do you want to say?"

"The only reason is that you get up so early? Is the kindergarten open now?" Suzi asked.

The man snorted coldly: "The only time to go to kindergarten is 8:30, but I can't take her out again at 8:30. Could you tell me to arrive at the company at ten o'clock and let the whole company wait for me for a meeting!" "

Suzi: "..."

After a second, she said, "Uh, I know. I'm going to be okay...I'll hang up."

The man hung up the phone 'bang'.

He did not tell Suzi that he had brought the only one to the hospital, mainly because he was worried that Suzi would stop thinking about it.

The low light in the morning shone in the hospital, and the hospital was completely silent.

The ward where Mr. Fu is located is even more undisturbed. The whole ward is guarded by bodyguards. When those bodyguards saw Arron coming over, they shouted in unison: "Four Lord, good morning."

Arron nodded slightly.

Then led Sheng Lilly to the ward.

Lilly was a little nervous, she looked up at Arron: "Smelly..."

"Call Dad!" Arron said blankly.

Lilly pursed his lips.

She is not very happy.

However, yesterday this badass dad did play very well with her, and the stories told to her were different from those told by her mother and uncle Sanford. The feeling of being coaxed to sleep by this badass dad gave Shen only a kind of unprecedented security. Sense.

In the kindergarten before, many mischievous little friends laughed at her. Lilly was a child without a father. Whenever she was ridiculed, Lilly would beat the children all over the floor to find teeth.

On the surface, Shen Only is very fierce.

But only Lilly knows that deep down in her heart, she actually longs for the protection of her father, who loves her.

Now that he has a father, Shen Only is very happy in his heart. It's just that mom is afraid of dad.

The only thing to protect mother, so she can not easily call father.

When Arron asked her to call her father, Lilly suddenly stopped leaving.

Arron stopped and looked with interest at this little girl who was eight points like him, and had the same unsubdued and hard-to-tame character.

"Why, don't you want to shout?" Arron asked.

Lilly: "I can call your father! But, I have the conditions!"

"Tell me about your conditions?" Arron said with interest.

"My mother owes you the money, you can't let my mother pay it back!" Lilly looked at Arron with slick eyes.

Arron suddenly smiled in his heart!

Little thing!

It's his kind after all, so a little bit big, he already knows the bargaining in the business field.

Call Dad for ten million.

He looked at Lilly only carelessly: "I figured it out, you don't want to call my dad, it's useless if I force you, you don't want to shout, just don't call it."

After speaking, Arron led Lilly to continue walking into the ward.

Lilly was stunned.

This stinky ba5tard!

Didn't he always want her to call her father? Why doesn't it matter now!

She is willing to exchange like this, OK!

Hate it!

Stomped and stomped straight!

Arron sneered in his heart: "Small, you don't see who you are. Being an Laozi can't cure you! You have to exchange terms with me!"
