

Chapter 305

And here, Joan walked out of the building in disgrace, his mood was extremely depressed, very sad.

Every time Joan saw Suzi, his heart was tormented to the point that life was worse than death. He found that Suzi was calmer and more indifferent than six years ago, and she was more mature and attractive.

However, she could never go back to the past with him again.

Joan felt that he had completely lost to Sanford, but he was convinced that he lost again. Sanford was one of his followers at the beginning, and Sanford never thought of robbing him of a woman from Joan.

Later, Sanford was completely conquered by Suzi and chose to use his life to defend Suzi.

Of the two of them, one was playing with Suzi with Suzi's life.

The other is to protect Suzi with his own life.

The status of the two men in Suzi's heart is naturally very different.

Joan sighed deeply and came to his car, and was about to get on the car, there was a person standing in front of him.

"Assistant Yan, why are you here?" Joan was very respectful to Christopher.

Christopher also has respect for Joan: "Master Joan, you said you are not stupid, human, and not bad at heart. Why did you think of such a bad game in the first place? Where's Dirty Miss Shen?"

Some people in this world look glamorous, aloof, and look like a noble princess, maybe they are women who can afford to play games without offline. For example, Lanita, such as Walton.

When you told Walton about this game, she was also very interested in it?

But there are women in this world, you look at her as cheap as grass, she's down and out, dressed like a beggar, unaccompanied, embarrassed on all sides, standing on the street with two big snakeskin bags, it's like a scavenger. She is the same, but she is a woman who can never play this kind of game.

Can't touch it once!

As long as you touch it, your whole life, no matter what method you use, can't be saved again. "

After some words, Joan burst into tears: "Assistant Yan, this may be the worst thing Joan has done in my life..." Christopher shrugged and sighed, "So let's say. I'm a good little girl. I didn't hire you and didn't mess with you. Why do you want to punish others to death like this?"

Joan: "I D*mn it."

"No!"

"I will atone for my sins!"

Christopher persuaded him: "Master, you must not let the Fourth Master hear you."

Every time Joan answered Christopher, he just got in the car and drove away.

Christopher's smile became milder behind him: "It looks like. After this incident, Young Master Ling has grown a lot, become mature, and sensible."

After speaking, Christopher also entered the building.

Going upstairs, it didn't take long for him to find the Internet cafe, watching Suzi from a distance writing job resumes there.

Christopher found a secluded corner to call Arron back: "Four Lord, Madam is typing a job application resume in the Internet cafe."

"Understood, you will come back right now and do something for me!" Arron said at the other end.

"Okay Fourth Master, I'll be back soon." Christopher drove back to the Fu Group immediately.

At this end, after Suzi made a job application resume on the Internet, Haitou made a full fifty copies.

It was already past three o'clock in the afternoon when she came out of the Internet cafe. Suzi checked the time. It was time to go to the kindergarten to pick up the only one. She took a bus and then transferred another bus to the only kindergarten. .

As soon as he got out of the car, Suzi saw Arron's car.

Suzi walked over and asked faintly: "You... why did you come so early?"

Arron didn't answer, only handed her a thick stack of materials: "Here you are!"

Suzi took a look, and was stunned.

Chapter 306

In the stack of materials that Arron handed to Suzi, it clearly stated which university Suzi graduated from, what degree, and her experience after graduation, as well as the university graduation certificate. Even the photos on the graduation certificate are all the same. The youthfulness.

Suzi looked at Arron dumbfounded: "You...when did you do this for me?"

Arron said blankly: "I don't want my daughter's mother not to have a college diploma, so I can't find a job everywhere!"

Suzi bit his lip: "Thank you."

Arron did not speak either.

Suzi bit his lip in embarrassment.

She knew that Arron did this for her completely for the sake of her daughter, Lilly. Arron should have no sympathy for her, right?

Even so, Suzi has already made Suzi feel that he has escaped from the dead for the rest of his life.

She is a contented person, and she has a bright life.

So when Arron said to her: "The only one who will change the surname to Fu in the future."

Suzi said without controversy: "Yeah."

Arron asked her: "You have no opinion?"

Suzi shook his head: "No."

Does her opinion work?

It is better to have no opinion.

It was far beyond Suzi's surprise that Arron could tell her the only future surname Fu, which would allow her to stay in the only life change, and be able to apply for a marriage certificate with her.

Arron: "..."

Her temperament has not changed. Six years ago she was cold and indifferent, and six years later she was even more cold and indifferent. Seeing her seeming to see through indifference in everything, Arron really wanted to slap her over and scold her fiercely!

Go to the Internet cafe to post your resume!

She told people everywhere that she had been in jail!

If a company can hire her, that company's brain is faulty!

There is such a stupid woman in the world who still thinks she is clever and bright?

Huh!

However, he did not even drink any saliva for a busy afternoon. She sent a resume, and he intercepted one!

Seeing his ugly expression, Suzi took the lead and said: "Don't worry, I know you are the only one who accepted me. I know my weight in my heart. I will be self-reliant in the future. I will never work when I go out to work. Mention that I am your wife. I won't cause you any trouble."

The man sneered: "You know it! I hope you will keep it!"

Suzi said decisively: "I will definitely!"

She was never a nasty woman.

In public, she will definitely stay away from him.

Sure!

At this moment, the door of the kindergarten slowly opened, and the children went out from the classroom in an orderly manner. Suzi immediately rushed to the door and was ranked first, waiting for Shen only.

The only thing that came out very quickly, when she saw her mother, she immediately threw herself into her mother's arms and came to the car. When she saw that her father was in the car, Lilly jumped up, who was even more happy. .

She used to watch other children's parents together to pick her up.

Today, she also has parents.

After getting in the car, she still happily turned her head to look at her mother for a while, then turned her head to look at her father for a while, and then she smiled silly.
