

# Chapter 315

Qin Shuang couldn't help but sneered slightly.

It hurts!

A daughter born to a prisoner! How could it hurt you!

Thinking about this, Qin Shuang's wishful thinking in her heart became louder. She touched Shen's sole head: "Auntie will help you do the handwork together."

Lilly shook his head: "Aunty who is not needed, the only thing to do is to be done by one person, so that I can show my sincerity."

Qin Shuang: "... " This is really a villain.

After marrying, the first thing is to get rid of this villain!

"Well, Auntie will listen to you." Qin Shuang said.

The colored pens were quickly bought back. Money is easy to do. The domestic helper bought back a lot of colored pens with 500 yuan. Among them, there are as many as a dozen green pens. Shen only took the pen. , Took small scissors, took the drawing paper, and did it again and again seriously.

Qin Shuang wanted to take a look from time to time, but Lilly only kept holding it, saying that it was confidential and not allowed to look at it.

Qin Yu curled his lips and turned aside.

She didn't pay attention to what kind of gifts this little illegitimate girl made. She just wanted to please this little ba5tard girl. If the gift made by the

illegitimate girl is not good-looking, Qin Shuang can put all the responsibility on the illegitimate girl.

Lilly's hands-on ability is very strong, and she quickly finished the handwork. After she was done, she didn't show it to Qin Shuang, but folded it neatly and held it in her hand.

"I'm fine, Auntie." Lilly said sweetly: "You take me to see my grandfather."

"Let's go!" Qin Shuang stretched out his hand to sign Shen Only hand, and Lilly only retracted his hand immediately.

"What's wrong?" Qin Shuang asked.

Lilly said: "My mother said that there are a lot of bad people outside." Qin Shuang asked deliberately: "Then has anyone told you that your mother is also a bad person?"

Lilly nodded: "This is what my father told me. Auntie, is my mother a bad person?"

Qin Shuang said: "Little princess, your father is right. Your mother is not only a bad person, but also a heinous big bad person. So, you shouldn't mention your mother in front of your father in the future, you know? You have to mention it more. Auntie me."

Lilly nodded: "I know Auntie, Auntie, you are so kind. Auntie, let's go over quickly."

"Good!" Qin Shuang said happily.

Lilly was in front, and Qin Shuang came back to the hall together. At this time, there were a few more people in the hall, including Mr. Shu, who had just entered, and his granddaughter Lanita.

Seeing the arrival of Lilly, Lanita immediately knew that this was Suzi's daughter, the woman they were talking about just now, Arron.

Saw the little girl coming in. Lanita's eyes were simply angry. She raised her hand and took Arron's arm, and asked coquettishly: "Four Lord, she... is the child left over from that damned female prisoner?"

Arron was cold and silent, he only looked at Lilly.

At this time, Lilly came to Lanita and asked sweetly: "Auntie, are you my father's fiancée?"

"Yes!"

"I have a gift for you." Lilly said.

Qin Shuang behind him: "...". This kid, why did he change his mind so quickly, didn't he say he was going to give it to the old lady? She is such a clumsy one!

Qin Shuang stomped angrily.

Lilly still looked at Lanita with a smile on his face: "Auntie, you squat down."

Lanita rolled her eyes and squatted down reluctantly. Lilly immediately unfolded the small hand-made work he was holding in his hand, and put it on Lanita's head grinningly.

Everyone in the hall stared blankly.

Lanita's head was clearly a paper hat painted with a green turtle.

## Chapter 316

Lilly clapped his hands and jumped up happily: "Wow, Auntie, you weren't pretty at all. After you put on the green and green ninja turtle hat, you will become very beautiful."

Lanita: "You! Say! What! What!"

In fact, she had already seen from the eyes of bystanders that the D\*mn little illegitimate girl put on her head was definitely not a good thing.

Because there were so many people present, Lanita couldn't be familiar with a child.

But she never expected this horrible dead child with unknown origin! He brought her a certain green tortoise hat.

Doesn't that mean that someone cuckold her?

Which woman is it? Want to snatch a man from her Lanita!

That also depends on her qualifications!

"I said, your green tortoise hat is very beautiful." Lilly said innocently.

Don't think the little girl is only five years old, but she already knew what the green hat meant.

Because in the process of moving house with uncle and mother, every time they go to a strange place, when those people don't know the relationship between mother and uncle, they always regard uncle as her father, and when those people see uncle When sitting in a wheelchair, they usually hurt their uncle in a joking tone: "Palsy man, you said that your wife is so beautiful, but you are a paralyzed man. You are not afraid that your wife will wear a green hat outside and don't worry about working yourself. ba5tard?"

Or are you comfortable enough to be the king of life a long time ago? "

Whenever he heard such words, his uncle would quarrel with others blushing: "You are not allowed to slander my sister like this! I am not her husband, I am her brother! She is my sister!"

Hearing such words, those who are waiting to see the joke will leave angrily. Over time, the five-year-old Lilly also learned the metaphorical meaning of the green hat and the turtle king.

At this moment, Lanita looked at Lilly's innocent smile, and then looked at many of the distinguished guests present who were laughing and covering their mouths. Lanita was even more annoyed that she could not immediately use a knife to chop up this damned dead child!

The child made her more and more disgusting!

It's Suzi's child, is he D\*mn it?

At this time, many people were also whispering in the guest seats.

"This Lanita is really unlucky. After waiting for Fourth Master Fu for six years, Fourth Master Fu did not marry her, and now she is teased by Fourth Master Fu's daughter like this. The old lady likes it, and I guess Lanita won't have any fruit to marry in the future."

"Huh! It's her? If it wasn't for Elder Shu who stood in front for her back then, where would she have a way to survive? The reason why the Lin family can stand in Nancheng now is that Lanita can be so domineering in Nancheng, but it's not all. It's because of Mr. Shu supporting her."

Although this is a small whisper that cannot be too small, it can still be heard by Lanita. At this moment, Lanita has no time to go to these people who chew the tongue to settle the account. She only angered. Looking at Lilly, suppressing the anger in his heart, he asked, "Who asked you to wear this green ba5tard hat for me!"

Lanita is not stupid.

She felt that no matter what, a five-year-old child couldn't think of such a way to play tricks and tease people. Lilly must have someone behind it.

On this occasion, whoever made Lilly, who was the woman who wanted to snatch a man from Lanita, did not say who made her, but Lanita could already guess that the agent Shen The only one must be a young woman about the same age as her Lanita.

Must be a vixen!

As long as Lilly corrects who it is, she will definitely smash this woman into pieces on the spot!

Lanita snatched a man from her, there were not many women in the entire Nancheng!

Lanita took off the tortoise cap in one hand. Pinch it on his hand, crumpled it viciously, and then looked at Lilly with anger.
