

# Chapter 335

Therefore, Suzi could not reply to Christopher.

She is very contradictory, she wraps her heart very tightly, she can only take one step to calculate.

At present, the most important thing is to do the new job well.

After taking up the thread, Suzi washed and rinsed the only person, and then changed the home clothes for the only person and himself. The mother and daughter came back to the living room. At this time, Arron was already sitting in the living room with home clothes.

It feels a bit awkward for a family of three, all gathered in the living room.

Arron and Lilly didn't think much, mainly Suzi awkward.

She swallowed her throat and asked Arron: "That... the only thing that offends Lanita, I..."

"My daughter, I will naturally take care of it. You don't need to worry about this!" Arron said.

"Um..." Suzi didn't know what to say again.

Fortunately, Mrs. Li made dinner and brought it up.

A family of three sits together for dinner, and the scene is quite warm. The main thing is that Lilly, a small dumpling in the middle, is making a concoction. The family of three is much more relaxed.

After dinner, Arron took Lilly to play in the toys. Suzi was no longer worried about Arron's treatment of Lilly, so he was relieved to prepare things for work tomorrow in the small side sleeper, and also hand-animated. I wrote some

artwork, packed them up, and took a look at the phone. It was ten o'clock in the night.

Suzi hurried out, but saw Arron just coming out of Shen's only children's room.

"The only one who slept?"

"You sold the bracelet?"

Two people asked each other at the same time.

Arron immediately said: "Tell her several stories before coaxing her to sleep." Suzi also bit her lip and said, "I didn't sell the bracelet. It was given to me by Aunt Xia. I won't sell it. ."

Arron said: "It's fine if you don't sell it."

He didn't press her anymore. This night, he didn't force her to do something that would help her sleep, even though she was prepared and even looked forward to it.

He still didn't do anything to her.

He mainly considered her going to work on the first day of tomorrow, so he didn't want to make trouble with her at night.

The next morning, because of the first day of work, Suzi got up very early, carefully choosing a set of clothes that were neither overpowering nor shabby, relatively low-key, and put on him, took a photo in front of the full-length mirror, and felt very satisfied. .

At breakfast, she said to Arron: "I...I won't go to the kindergarten with you to send the only one off. If I get off work early, I will go back to the kindergarten to pick her up, and then we two will take the bus together. Come back. If I get off work late..."

"Christopher went back to pick her up." Arron said.

"Oh...then...I went to work." Suzi got up and said.

"Bye bye mom."

Arron didn't even look at Suzi.

Suzi is also used to it.

She herself is a person who doesn't talk much, he talks even less than hers.

He carried his bag out, breathing the fresh morning air, Suzi was in a good mood, walking all the way to the bus station, waiting for the bus, and getting on the bus.

Arrived at her work place in an hour and a half.

As soon as he entered the elevator, Suzi heard two women discussing: "I heard that the woman was captured again? I heard that Mr. Arron would not spare her lightly."

"The latest version I heard is that Arron took the illegitimate daughter into the Fu's old house just yesterday. The illegitimate girl was very mischievous and glared at many of the guests yesterday. "

Suzi: "..."

## **Chapter 336**

Obviously, the two gossip Suzi women did not know Suzi, did not know that their gossiping heroine was in front of them, and they didn't even know that the gossiping woman was called Suzi.

The two women spoke unscrupulously and with relish in front of Suzi.

"Eh, you know, I heard reliable news from the Fu family's old house that the Fu family had admitted that illegitimate daughter."

"Really? Why do you want to admit a child born to a woman who was captured? Didn't the elders of the Fu family hate that woman very much? I heard that the woman had been in jail before."

"It stands to reason that such an illegitimate daughter, the elders of the Fu family's old house, would definitely not admit it, but it seems that the little illegitimate girl is especially fond of the old man. Besides, the Fu family is now a grandson of Fu Siye, then Fu Si Father's daughter, of course, is the only great-grandchild, who is not rare in the entire Fu family?"

"Oh. The little illegitimate daughter, isn't it expensive for mothers to rely on daughters?"

"Cut! What! I heard that Fourth Master Fu didn't bring that woman to the old house at all, OK, think about it, how could you admit that she, a former female prisoner, and Fourth Master have no feelings anymore, and I heard that She became notorious in Nancheng six years ago. How could Fourth Master Fu want her?"

Even if the Fourth Master wanted her, the elders of the Fu family's old house couldn't agree. "

"The Fu family only recognizes the child and will never want the child's mother."

"So, Mr. Shu's niece, Lanita, is still Fu Siye's fiancée!"

"Hey, let me tell you the latest reliable news! Do you not listen?"

"What news?"

"I heard that Miss Lin had a fight with someone yesterday..."

The time in the elevator is very short. It takes only two minutes to go up and down, and it takes only two minutes to reach the 36th floor. The two women gossiping in the elevator are full of taste, and Suzi is a transparent person at all.

Knowing that the elevator reached the 36th floor, the two women looked at Suzi, and then one of them asked, "You are also on the 36th floor?"

Suzi smiled slightly: "Yes." "Are you new here?"

Suzi nodded again: "Yes."

"Oh, that's it."

The two women didn't care much about Suzi. The elevator door opened, and the three women came out at the same time, and the two women continued to talk with gusto.

"Aha, who did Miss Lin's fight with? If she fights like this, wouldn't Fourth Master Fu not want her? Such an unqualified woman, Fourth Master Fu will definitely look down upon."

"But I have my grandfather backing me. I heard that the woman she was fighting with was the niece of the Fu family's mistress. It was also a woman who wanted to marry Fourth Master Fu and wanted to marry crazy."

As the two women talked, they walked towards their department.

When Suzi heard what he couldn't hear, he switched to the personnel department.

Regarding Lanita's fight with another woman, Suzi already knew a little about it yesterday. Today, after hearing the gossip of the two women in the elevator, she already has a general understanding of the matter.

The result was that no one knew that she and Arron were married.

Even Lanita didn't know.

The mother-in-law of Fu's maiden niece also didn't know.

The reason why the two people fought was because they wanted to marry Arron.

This also shows one thing, she and Arron are secretly married.

To put it bluntly, just to be able to raise Lilly and get a marriage certificate.

Suzi need not take it seriously.

In the future, work and life will still have to fight for themselves.
