

Chapter 343

Isn't it rare?

Pretend it!

Suzi is really not rare.

I didn't even look at Lenny any more, but lowered his head to eat the rice on his plate, and then only said, "Uh..."

No more words.

This reaction really made Mr. Jun amused.

"Master Jun!" Rayna said to Lenny angrily: "She is a junior! She destroyed the relationship between my sister and my brother-in-law, she is the wild woman who seduced my brother-in-law!"

Lenny looked at Rayna impatiently: "Why are you like a street shrew?"

Rayna: "Young Master, you...what did you say?"

She couldn't believe her ears.

Before today, she was very much loved in this company. Several shareholders treated her as a little sister, and her cousin's cousin loved her even more. But today, Mr. Jun unexpectedly in front of so many people, say she is a street shrew?

Rayna's silver teeth crunched.

Lenny frowned and glanced at Rayna with disgust: "I don't know your brother-in-law. I have to ask the family of Jeonnam City who plays with the most

women by themselves. If your brother-in-law says he is the first, surely not. People dare to say second place!

Besides, the matter that your brother-in-law provokes the mistress is a private matter of your Min family. What are you talking about in the company?

Go yelling home yelling.

Besides, catch the thief and the dirty, catch the rape and catch the double!

Did you see Suzi and your brother-in-law with your own eyes? You call her one by one!

What are you not a shrew? "

Rayna was told by Lenny that she couldn't hold her face long ago. She burst into tears, and she was so aggrieved that she could not find someone to commit suicide!

"Young Master Jun, do you say it again?" Rayna cried aggrievedly, her tone of voice was very coquettish.

She thought that her coquetry and crying could attract Lenny's compassion.

But never thought that Lenny didn't even look at Rayna. He only said, "You're so annoying, get out!"

Rayna: "..."

Galia, who was diagonally opposite, had already seen something, and had kept this picture of fish bone sticking to her red lips for more than a minute.

At the same time, there were all the staff members who were eating in the cafeteria.

And colleagues in the design department where Suzi is located.

Young Master Jun, for a female employee who has just arrived in office for a day, unexpectedly drove the company's recognized royal relatives and elders; fcuk?

God!

This eldest lady is also used to being domineering and usually offends a lot of people. No one in the company dared to offend Rayna for that little salary. Suddenly being driven off by the handsome boss himself, it was really pleasant.

Suzi was extremely calm.

Whoever the big boss wants to get rid of, it's up to her.

She just wants to work hard, she doesn't want anything else.

When Rayna ran out crying, Suzi continued to lower his head to eat.

Galia on the opposite side simply admired Suzi. She thought to herself, what kind of friend did my cousin make, is he a girlfriend?

That's awesome!

At this time, Lenny spoke again: "Suzi, are you free to have dinner with me in the evening? I know a newly opened western restaurant, where the steaks are very authentic, the red wine is also good, and the piano music inside. , Also very professional."

Such a pleased invitation can be fascinated by another woman.

However, Suzi answered plainly: "I'm sorry, I'm not free!"

Chapter 344

Lenny: "..."

After a while, he said again: "You came to work on the first day today, and there is not much work on hand, so why are you not free? If your leader asks you to work overtime on your first day at work, it will affect the company. The image of her, let me talk about her!"

Suzi: "..."

Lenny raised an eyebrow and smiled: "The problem of overtime has been solved, so what reason do you have for rejecting me?"

"Nothing." Suzi said with a golden word.

Before Lenny could react, Suzi had already picked up the leftover dishes and got up and left.

Lenny was dumbfounded: "..."

Looking at Suzi's back, Lenny Anwu smiled on his forehead, and muttered in his mouth: "This girl is very interesting."

Next to and around, a lot of company employees, especially female employees: "..."

They watched as Mr. Jun was rejected by a female staff member who had just arrived, and couldn't get off the stage at all. However, Mr. Jun Leng Shao didn't get angry and didn't kick the new earthy woman out.

Young Master Jun didn't get angry, but this group of female employees wanted to get angry!

Among them, a female employee with a familiar face was trying to take this opportunity to comfort Mr. Jun, so when she showed her face in front of Mr. Jun, she saw Lenny's mobile phone ringing, and Lenny got up. At the same time, the phone was connected.

Then, while communicating on the phone, he walked out.

Those women who wanted to flatter and flatter Jun and Shao had no chance.

Among them, Linda is also included.

Linda has been working here for five years. She has been working since she graduated from university at the age of twenty-two. When she first came to work here, she heard that this architectural design company was founded by a couple of rich second generations. Originally Linda thought it could Hook up a rich second-generation noble son here.

As a result, after working for five years, let alone a rich second-generation son, she didn't even have a boyfriend.

Although she is now 27 years old, Linda is very well maintained, because she has savings on hand for so many years of work, so the fashion she wears every day is bright and does not repeat every day, especially the charm of urban women.

However, she is so charming, she is not even worthy of such a conservative dress, just coming to work on the first day of the bun?

It really made Linda angry.

As soon as Linda stepped on her high heels and left the cafeteria, she saw Suzi walking towards the department in the aisle. Suzi followed by a small tail with a stern face.

At this moment, Galia looked admiringly holding Suzi's arm, and asked excitedly: "Suzi, why are you so cool?"

Suzi: "What?"

Galia smiled: "You...you were so merciless, you were too... dare you? Are you afraid of offending him?"

Suzi looked at Galia a little puzzled.

Is Master Jun very good?

Better than Arron?

"Compared with the president of Nancheng Fu Group, which Mr. Jun is more powerful?" Suzi asked.

"Of course Fourth Master Fu is amazing!" Galia screamed.

That won't work!

She Suzi has offended even Arron, afraid to offend a young master?

Besides, she just doesn't want to keep the appointment, it's not an offense, right?

"I didn't say what he said, I just came here, and I don't know him well, why should I go to his appointment?" Suzi looked at Galia lightly and said.

Galia said to Suzi in a pity that he died: "Suzi, you know the whole company, let alone the company, it is Jeonnam City and Kyoto. How many women want to date Mr. Jun? They squeeze. You can't get a chance if you break your head, you just refuse it so easily?"

The little girl said with a sense of enthusiasm and heartlessness.

Suzi guessed that Galia must be a little gossip.
