The Pinnacle of Life Chapter 3521

A towering gate appeared outside, behind Grand Emperor Rowan. It was the Gate of Six Eternities, but something seemed different. Behind the gate was the starry sky.

“What’s going on?”

Not only was the dark demonic lotus delayed in taking down Alex, but it was also a bit overwhelmed by Grand Emperor Rowan’s binding cage. It was something that should not have happened at all.

“Dark Curtain, come forth!” The dark demonic lotus roared, and the entire place was shrouded in demonic Chi.

Granny Heavenward had just arrived and discovered this terrifying demonic Chi. Stunned, she dared not move forward and lurked temporarily. On the other hand, the monster tracking her at the back even turned its head and ran away.

Boom!

The heartbeat shattered the Dark Curtain. The dark demonic lotus was astonished.

‘How is that possible?’

How long had it been since Alex acquired the Fiend Lord’s heart to have such power?

Moreover, what happened to this heart?

It acknowledged Alex and repelled her invasion intensely.

In that case, would the plan not be a failure?

She had invested a lot of effort in Alex. All the three thousand lotuses were inside his body. Alex could not figure out his cultivation path, but in fact, the dark demonic lotus was the one pulling the strings behind the scenes. It had placed all its bets on Alex. Just like raising a pig, it waited for the pig to

become fat someday before slaughtering it. Surprisingly, the plan did not work because of the intervention of the Fiend Lord's heart.

At that moment, the dark demonic lotus was about to be devastated.

Boom! Boom!

As the heart beat more vigorously, the demonic attribute of the dark demonic lotus was trembling and being purified in addition to Grand Emperor Rowan's Six Eternities.

The dark demonic lotus discovered it was a hoist with its own petard.

"Om, ma, ni, pad, me, hum!" Alex uttered the six-syllable mantra eloquently.

Endless golden light shot out of the gate of Six Eternities, all of which landed on the dark demonic lotus.

"Ah! Argh!" The dark demonic lotus screamed and abandoned a lot of demonic Chi before retreating into Alex's body.

It coexisted with the three thousand lotuses. It would be relatively safe as long as it entered Alex's body unless he perished.

"Alex, how are you doing?!"

"Father-in-law, I'm fine..." Alex sweated profusely.

"I knew your condition was not right previously. This dark demonic lotus will always be a potential threat if it is not eliminated completely," Grand Emperor Rowan said, "I can suppress it temporarily with my Six Eternities. How about this? I'll teach you the six-syllable mantra. You have the Buddha's Life Wheel, so the effects will stack. It shouldn't be a big problem."

"Alright!"

However, it was then that Granny Heavenward showed up in sudden.

"Brat, hand over the Fiend Lord's heart! Don't force me to resort to violence!"

Grand Emperor Rowan met Alex's eyes. "Finish her!"

Alex immediately unleashed a series of supportive attacks that weakened the enemy. The next moment, he grabbed the Immortal Butcher.

Grand Emperor Rowan was overjoyed upon seeing the Immortal Butcher. "This is the Immortal Butcher I had back then! Great!"

"Skyward Sword!" Grand Emperor Rowan leaped and turned directly into a ray of light before merging with the Immortal Butcher.

In an instant, Alex felt that the Immortal Butcher was alive. He did not have to wield it, but it just flew out on its own and unleashed a sword light. He lost the Immortal Butcher, but he still had other divine artifacts like the Xavion Sword and the Chaos Tree.

Boom!

The battle between Eonians began!

Granny Heavenward looked disdainful, but soon, she could no longer smile. Grand Emperor's Skyward Sword was too sharp, and the Chaos Tree was the most troublesome. The Chaos Tree gained a power boost in this place, so it was really annoying when it pestered her.

An unknown period of time passed...

Just as Granny Heavenward planned to run away, Grand Emperor Rowan suddenly said, "My main body is here!"

Shortly afterward, Alex heard a shout. "Hubby!"

'Holy crap! What's going on?'

The Pinnacle of Life Chapter 3522

Just as Alex and Granny Heavenward were locked in a close tussle, a few people suddenly came over.

At a close look, he noticed it was Dorothy, Daya, Phoenix, and Shelly. There was no one else, they were all Alex's wives. However, many people from Grand Emperor Rowan's side came. Not only did his main body arrive, but the

Phoenix Empress was also here. In addition, there were another eleven women, all of whom were existences with amazing cultivation.

One of them even surprised Alex. She was dressed in white armor, wielding a divine lance. Her body was covered in arcane law-fate!

Alex had activated the Spell of Great Fate, so he had a unique perception and comprehension of fate. He sensed the greatness of fate as soon as this woman appeared.

Alex roared, "Don't come here! Back off!"

That old lady was a powerhouse in the Eonian Realm.

Granny Heavenward did not want to fight anymore at that moment. It wasn't like she couldn't defeat Grand Emperor and Rowan, but their methods were bizarre. She even coveted their treasures. Grand Emperor Rowan was someone who had just reached the Eonian Realm, but he managed to inflict great damage on her. Even more outrageously, this man could still level up during the fight

It was simply unheard of.

Just then, she saw a group of women who had a close relationship with Alex and Grand Emperor Rowan coming over, so she dashed toward them at once.

"Dawn of Fate!" The woman in white armor stretched out her hand and unleashed the law of fate.

Alex suddenly remembered who she was. She was the Goddess of Fate who once sealed Neela in the tower, Quinirus Schranz!

Boom!

Granny Heavenward had sky-high cultivation.

In the face of the law of fate, she waved her hand and slashed the attack, negating it right away. However, she quickly realized something was not wrong. The law of fate was just superficial, and the hidden move was the most powerful. It was a large painting...

Painting of Mountains, Rivers, Lands, and Grains!

Granny Heavenward crashed into the painting. She was astonished. This was a magical treasure from the primordial period that had disappeared for many years, but it appeared in this place.

“Good stuff! It’s mine!”

“Hmph! It’s useless for a weakling to have the Painting of Mountains, Rivers, Lands, and Grains!” Granny Heavenward blasted the shackle of the spell formation in the painting with powerful cultivation and rushed out.

She then took the painting away, but because of this delay, Grand Emperor Rowan’s main body and avatar had emerged and gained enhanced strength.

Meanwhile, Dorothy and others rushed up to Alex’s back.

“Force Field of Four Divisions!”

The Phoenix Empress and others formed a battle formation and surrounded Granny Heavenward.

Alex did not have time to catch up with the women and immediately dashed forward with the Chaos Tree. The three thousand worlds in his body rotated rhythmically, and endless cosmic energy surged. Meanwhile, the Fiend Lord’s heart also followed suit by beating. Every time it beat, powerful blood energy rushed into his body.

“Kill!”

“Cosmic Vines! Explode!”

“Soul Burn! Demonic Sacrifice!”

“Soul Deprivation! Amplified Curse!”

“Wings of Light! King’s Sword!”

“Destroyer Phoenix Strike!”

Countless attacks landed on Granny Heavenward.

Nonetheless, the old lady seemed to have a layer of invisible barrier around her that blocked all the attacks. The group of women around Grand Emperor Rowan had reached the pinnacle in the diffracted universe and cultivated for

three millennia on the Ancient Path. Their conditions were similar to theirs, where they kept leveling up after coming here. They had long reached the Dominant Realm. Even so, they still could not break the old lady's defense.

“Skyward Sword!” After merging with his main body, Grand Emperor Rowan made a move at last.

The sword finally cut through Granny Heavenward's defense. Immediately afterward, Alex thrust the Xavion Sword into her.

Poof!

He stabbed the old lady in the shoulder with the sword. The old lady roared as she looked up to the sky. To her surprise, she was injured by a bunch of weaklings. Infuriated, she burned her vital energy, broke through the encirclement of the battle formation instantly, and stomped on the Goddess of Fate's chest.

The Pinnacle of Life Chapter 3523

Quinirus Schranz was sent flying, spewing blood in the water as her white armor exploded. Grand Emperor Rowan's Skyward Sword rushed up to her again.

Boom! Boom! Boom!

It was a battle of disparate strengths, but was this unity considered strength?

Most importantly, Grand Emperor Rowan's Primordial Tree, Skyward Sword, Six Eternities, as well as Alex's Chaos Tree were intractable peerless treasures. The old lady felt very uncomfortable as her hands were tied in the battle.

Finally, Granny Heavenward lost her strength at the last moment. One of Grand Emperor Rowan's wives was a cursed fairy. After her defense was broken, many curses were inflicted upon her. In addition, Alex's three thousand great Dao also contained various curses.

She had been finished for a long time now. The powerhouse in the Eonian Realm died with a grievance.

After that, Alex was weak from exhaustion. In fact, the main force in this battle was still Grand Emperor Rowan and Alex.

After merging with his main body, Grand Emperor Rowan's cultivation skyrocketed, and he reached the Intermediate-Eonian Realm in a short time. He was best at bypassing ranks to kill enemies. As for Alex, he was totally a cheater... The combined combat force of the Fiend Lord's heart, the three thousand worlds, the power of thirteen stars, and cosmic energy were not inferior to Grand Emperor Rowan.

"Honey!"

Alex hugged a few women after he recovered a little. He even hugged Shelly.

Shelly, a spinster, was wide-eyed. "Hey, hey, hey! I am not your wife. Don't simply touch me!"

She gritted her teeth in rage after Alex pushed her away.

Just as the group of people wanted to have a brief chat, a superb monster charged at them. It was the same monster that killed Bredon earlier.

"Holy crap! Hurry up and run!"

Grand Emperor Rowan and Alex screamed simultaneously. They took the women and ran frantically, but they were slower than the monster. It landed a huge hand and grabbed Phoenix instantly.

"Ah!"

"Phoenix!"

"Abomination, go to hell!"

Alex dashed back directly. When Grand Emperor Rowan and the Phoenix Empress saw that, they also hurried over to rescue her, but this monster was more powerful than Granny Heavenward. They saw Phoenix was about to die at the hands of the monster.

Just then, a ray of silver light streaked past the monster.

Poof!

The monster's body was severed into halves right away. Two figures arrived shortly afterward.

It was Hayley and her junior, September!

When Alex saw Hayley, he was surprised and slightly taken aback. "Hayley, why are you here? Is this... Still your projection?"

Hayley grimaced upon seeing many beauties at the scene. Upset, she said, "It's my main body. What are you doing? Are you here for an outing with so many women?"

"Hmph. It's only been a while, and more and more women are appearing." Her tone sounded just like a woman who had long separated from her husband!

The junior, September, could not believe his eyes as soon as he saw his senior acting that way. Then, he was even more puzzled after looking at Alex.

'What? This man already has women. Why would a gifted genius like Hayley hook up with him..?'

Alex said hurriedly, "Hayley, you got it all wrong. These are my elders and aunts."

After that, Grand Emperor Rowan finally recognized Hayley. She was that senior who came and left the Ancient Path suddenly on that day. He really did not expect that she would be in this kind of relationship with Alex.

Once Hayley learned the truth, she was slightly relieved. "Why did you guys come to the Eye of Nine Yin? Don't you know this place is very dangerous? It's simply not a place you people can come now."

Alex replied, "I didn't want to come here either. It's because of an urgent matter!"

"You shouldn't stay here for long! Come with me!" Hayley said.

Having said that, it was too late. Shortly afterward, the Primeval Lord of Heaven and seven Eternals caught up with the crowd and surrounded them.

"Haha! The Fiend Lord's heart is really here!"

The Pinnacle of Life Chapter 3524

Alex, Grand Emperor Rowan, and the others were shocked to see seven immortal realm experts approaching.

This level of expert could kill them all with one punch, right?

“Alex, it appears that we are in serious difficulty this time,” Grand Emperor Rowan said to Alex.

“This is the big trial of life and death,” Quinirus’ face was gloomy. She was the goddess of fate and, at times, could see through people’s fate.

“As I mentioned earlier, he is my guy, and whoever tries to touch him is my adversary and will perish,” Hayley said while blocking Alex.

Ancient Divinity stated, “Heavenly Fiend Sect, you and your senior search brother two can’t stop us, so why are you fighting so bravely? This seat has the heart of the devil and is not exclusive. As long as we sacrifice the living beings within the Diffracted Universe, we can self-control the Everlasting Door.”

What?

To make sacrifices to the beings within the Diffracted Universe?

Alex, Dorothy, and the others were taken aback when they heard this.

Their families, children, and friends were all present in the diffracted universe.

“Yodarha is cold-blooded and inhuman,” Hayley said coldly to the crowd. “What about you guys? After hearing this, are you still standing with him? Are you also agreeing with his words and ready to sacrifice the entire Diffracted Universe?”

Nobody disputed him. That meant tacit approval.

“Haha! Haha!”

“So that’s what all of you think. In the past, you said that all beings are equal and that benevolence rules the world. Now, you eat human blood without blinking your eyes.”

The immortals were also uneasy in the face of Hayley’s cynicism.

“What Yodarha said is not unreasonable,” an eternal from the Southern Dominion said. “Although sacrifices must be made now, it is all for the long term. Once we sacrifice the Diffracted Universe today, and when we search control the Everlasting Door, and everyone can live forever, we will join forces to create a brand new Diffracted Universe.”

“Do you agree I’ll kill you and make a new version of yourself?” asked Hayley.

“Huh..?”

Of course, an agreement was impossible.

“Humph, you people, you were all born and raised in the Diffracted Universe, so you naturally don’t care about the life and death of the Diffracted Universe, but I came from the Diffracted Universe, so if you want to destroy the Diffracted Universe, kill me first!”

Ancient Divinity bowed, then exclaimed, “Do it!”

A super war was about to erupt. Hayley was prepared and waved her hand to create a nebula. The heavens and the earth instantly changed color, and the light blinded the eyes.

“Go!”

She coiled up Alex and the others, summoned her search brother September, and rushed to the back without getting involved in the battle.

The nebula’s perplexing effect shielded the eternal’s divine thoughts. It only lasted a second, though.

The seven eternal’s charged out immediately. Following that, the big moves began. Helpers were being summoned. The list of eternal-level divine beasts, puppets, and out-of-body avatars was endless.

The Ancient Divinity even threw out the formation board. It immediately opened a void gate here.

Roar!

A huge bull roared and rushed out, followed by a swarm of bull demons. The visitor was none other than the Bull Demon King. Many more powerful people rushed out immediately after that.

The Great Roc with Golden Wings, the Great Sun Peacock, the Gigantic Divine Bird, the Sunset Golden Crow, and many more!

“Chase!”

A large crowd headed toward Hayley and the others who had left.

Boom, boom, boom!

At this point, Alex’s heart was beating more violently and powerfully than before, and each beat was shockingly loud.

Hayley took out a painting.

The mountain and river community map was previously snatched away by Granny Heavenward. Hayley then used this painting to coil Dorothy, Grand Emperor Rowan, and others into it and then put it away because otherwise, such a strong vibration of the heartbeat could shake them to death.

“How can his heartbeat be so powerful, senior sister?”

The Pinnacle of Life Chapter 3525

September opened his mouth to ask as he did not understand.

Hayley said, “I’m not sure too. According to logic, it is indeed a bit unusual. After the Fiend Lord’s heart stores the human heart, it will only beat for a moment before going into hibernation, making it impossible for outsiders to observe the end, but he is now...”

“Alex, how are you?” Hayley gave Alex a hug and asked with concern.

Amid this heartbeat, Alex's five internal organs and universe experienced very painful trials. Alex was sweating and gently replied, "Hayley, I am fine. You must not allow them to ruin the Diffracted Universe."

"I know, I told you, I won't allow them to have what they want even if I battle to the death," Hayley said.

Then, she gently wiped the sweat on Alex's head. She entered his body with her own chi.

September frowned at her senior sister and said, "Senior sister, at this time, if you feed him chi again, there will be big trouble."

"I don't care," Hayley said, "I can't watch him suffer so much."

September opened his mouth to say something but then closed it again.

"Hayley, don't lose. I can hold on!" Alex exclaimed.

Hayley said, "Don't worry, the Fiend Lord's heart chose you, so you won't die, and maybe you might take a different path than usual. Fiend Lord's heart chose you. It is now fusing your heart. Once completed, no one can take the Fiend Lord's heart again."

"Let's keep going. I feel something calling me ahead," Alex replied, nodding.

"Good!"

However, the pursuers had just caught up with them. The first to arrive were all divine birds and beasts known for their speed in the chi universe. Especially the Gigantic Divine Bird, who was even more defying at the bottom of this sea. It soon came to rest in front of Alex and the others.

There were two eternal on its back, the Great Emperor and the King of Nine Deaths.

"Heavenbane, hand him over. You have no way out," said the King of Nine Deaths.

"He is my man. How can I give him to you?" sneered Hayley.

"Then it's a pity, the nine eternal, one will fall today," said the Great Emperor.

“Kill!”

The great battle began.

Hayley summoned a planet with her bare hands, descended from the sky and landed with a bang from above. If this happened in the Diffractive Universe, it would be unimaginable, but in the eyes of the Eternals, this kind of horrifying scene did not seem too unbelievable.

Alex was protected by Hayley.

Watching Hayley and September fight against the seven great Eternals and a large number of enemy troops, Alex was anxious in his heart but unable to help in any way.

Instead, it was a chore for Hayley.

Hayley's blow killed a large number of small soldiers. Many minotaurs had no idea how many people died. The enraged Bull Demon King leaped to his feet and vomited blood. However, there was no escape. Heavenbane Hayley was the best of the nine Eternals and non-immortal powerhouses, no matter how many came and how many were killed.

“Go ahead and kill her!”

“The Fiend Lord's heart will not die. At best, that kid will shatter, but the Fiend Lord's heart will remain intact!”

Ancient Divinity exclaimed loudly. A series of eternal-level attacks followed immediately. That powerful might was completely incomprehensible in words. All magical treasures, rules, and cosmic power were bombarded at every turn.

Hayley even attacked with a planet self-destruct move.

Boom! Boom! Boom!

A starlight sword slashed the Grand Emperor's sword in the blink of an eye.

“Oh, Grand Emperor?”

“The Grand Emperor has perished!”

The people were stunned.

“She must have consumed a lot of energy to kill the Grand Emperor, don’t give her time to recover. Kill her!” Ancient Divinity said.

“Senior search brother, in a moment, you help me protect Alex. I want to go on a killing spree!” Hayley declared to September.

“Okay, senior sister, you look after yourself!” September replied.

Suddenly, a blackened dagger in September’s hand unexpectedly pierced Hayley’s heart in the blink of an eye

“What?!”

‘How could this be?’ An astonished Alex stared at the dagger that had pierced deep into Hayley’s heart. He didn’t know September, but for him to come with Hayley showed there would be no issue.

Hayley had no idea what to anticipate either.

With lifeless eyes, she asked, “Senior search brother, why?”

September answered, “Senior Sister, I don’t want to die here. I’ve attained eternity. How can I die like that? Additionally, even if I’m your senior search brother, I’m not required to die with you. I might still consider it if I’m the person you decide to pick.”

As he said this, his hands again exerted force. The surge of great eternal power pierced Hayley’s heart. The six remaining Eternals next to him were also taken aback by this scene.

“Amazing, well done!” Ancient Divinity said.

Alex’s eyes were red with desire. He had considered his own demise, but he couldn’t imagine Hayley, an eternal expert, ending up like this... Bits and pieces about his relationship with Hayley flashed through his mind like a movie.

“No... You deserve death!” Alex let out a shocking roar, his heart hurt like a knife at the time, and his heartbeat was as strong as a bell and drum.

Boom! Boom!

Immense sorrow flooded his heart. With a fist, he ruthlessly blasted September. He was filled with hatred this time, and he took no stance.

Alex did not care whether it was Buddha power, witch power, cosmic energy, chaos Chi energy, or black and white Chi... He simply struck out subconsciously in anger and pain.

Boom!

It was far too quick.

September's hand was still holding the dagger, and he had just discovered Alex's attack on himself, and the thought of disdain had just flashed through his mind when Alex's fist was slammed into his chest.

Thirteen stars joined as one to form a flying dagger.

The will of the universe was added to it, three thousand lotus, three thousand great Dao, and even a smidgeon of dark demonic lotus energy.

Pfft!

September, an eternal, was astounded to discover that Alex's strike had also struck into his heart, with the flying dagger stabbing it.

“Thirteen Star Chain Flying Dagger!”

“Really... It's really in your hand..?”

Alex himself was perplexed at this point. He had delivered such a powerful blow that even he couldn't think clearly.

The following second...

Hayley's mouthful of blood transformed into a blood-colored nebula that engulfed the entire crowd. Simultaneously, she slapped September with force, “Senior search brother, our relationship ends now. You want me to die. It's not

so simple! You are free to pursue me. Come closer. I'll kill every single one that I see!"

"Go, Alex!"

Hayley's heart had burst, but she had not died.

Having attained the eternal realm of cultivation, she could regenerate with a drop of blood, without a heart, as long as the conditions allowed. However, her combat power was completely depleted for a brief period of time.

September yelled angrily, "You still haven't made a move, Ancient Divinity? When are you going to take action?!"

The six eternal experts, as well as a large number of Peak Eternal experts, summoned from the Chi universe, all launched powerful and overwhelming attacks on Hayley and Alex in an instant.

Hayley's heart shattered, and she suffered greatly. She ran alongside Alex, but not as quickly as the pursuers behind her.

Hayley collapsed shortly after receiving a blow to the back, spitting blood. Alex also collapsed to the ground. Alex noticed this and rushed back to pick up Hayley before continuing on his way.

"You put me down, Alex. I'll delay them for a while. Hurry!" Hayley said.

"This one's for you!"

She pulled out a painting of Mountains, Rivers, Lands, and Grains that included Alex's wife, Rowan, and others.

Alex tucked the painting of Mountains, Rivers, Lands, and Grains away and said, "Do you think I'll be able to get away from these people? Or do you believe I'll leave you here?"

Hayley was speechless. And their pursuers had actually surrounded them.

"I was able to stab September just now, so maybe I have a fighting chance!" Alex considered this in his heart before looking ahead again.

That call was becoming increasingly urgent. He had a feeling his chances of survival were over there.

“You can’t run away, and you can’t protect him, senior sister!” September said as he opened his mouth.

“You filthy beast!”

The Pinnacle of Life Chapter 3527

Alex despised this person so much that he grabbed Hayley and dashed towards him. Among these Eternals, he was the weakest, now that he had a heart injury.

“Chaos Tree!”

Before the person arrived, the tree was first.

With the blessing of the Chaos Pearl, the Chaos Tree was powerful, and its massive roots that burrowed out of the ground wrapped around September. However, the remaining six Eternals and hundreds of Eternities smashed their attacks up in one stream.

“Lone Star, Heavenly Fury!” Hayley yelled, and a massive star appeared, smashing down fiercely.

It exuded a sense of impending search doom.

Rumble!

The rules were all distorted as a result of the violent explosion.

The eternal experts were all in disarray, and they all fled the moment the star exploded, but at this precise moment, Hayley broke away from Alex and pursued them.

She was in this condition, and she still wanted to chase them?

After a few moments...

The sky let out a deafening roar. Light pillars rushed into the sky.

Alex's side continued to launch attacks against September, but the previous attacks could not be replicated, and the Thirteen Star Chain Flying Dagger did not appear again, implying that Alex had lost his prior state of mind. However, it was not without construction.

The Fiend Lord's heart was beating, and his power was growing. His attacks could now constantly overpower the three thousand great Dao. A single punch, for example, encapsulated dozens of three thousand great Dao. This type of ability could be superimposed indefinitely. This was extremely effective.

September was entangled by the Chaos Tree and cut off. Alex's assault did not kill him, but it was excruciatingly painful.

It was at this precise moment, when...

"The Human King has fallen!" yelled the crowd.

"How can the Heavenly Fiend be so powerful when its hearts have burst?"

Hayley retreated, but she was covered in blood. There was a huge wound in her abdomen, and her intestines were about to fall out.

Alex looked sad at the sight of this.

A powerful punch was thrown. The Thirteen Star Chain Flying Dagger reappeared this time. September's waist was slashed in one slash.

"Argh!" September let out a depressed scream.

Alex hugged Hayley and was about to collect the Chaos Tree and flee when an eternal expert discovered it and sacrificed a magical treasure to trap it.

"Thank you, Chaos Tree! Despite the fact that it's still a small tree, there are Chaos Pearls here, haha!"

The eternal expert wanted to seize the Chaos Tree when he looked at it.

'What should I do? F*ck!'

"Let's go to the same place!"

Alex was determined. Those who wanted to obtain the Chaos Tree would have to have their hopes dashed.

“Self-destruct!”

As the Chaos Tree and the Chaos Pearl exploded, the heavens and the earth trembled.

September was blown up on the spot, and the Eternal expert who wanted to seize the Chaos Tree was also in bad shape. With both his arms severed, his abdomen was pierced by a massive branch, his body riddled with holes, and his skull blown away. However, it was not yet dead.

“One more slash for you!” Hayley’s eyes flashed with fierce killing intent, and she raised her hand in a strike using the stardew knife.

She beheaded the man’s head and soul from top to bottom as if beheading from an alternate dimension.

“September has fallen!”

“Blood-red, too, has perished!”

There were nine Eternals in total, four of whom died at the same time. It was far too vicious.

“Heavenbane has been depleted and can no longer function. He has no power to fight anymore. Let’s attack!” said the Primeval Lord of Heaven.

[Read Novel The Pinnacle Of Life Chapter 3528](#)

The Pinnacle of Life Chapter 3528

Alex was devastated by the Chaos Tree’s self-destruction. This was a companion who had accompanied him all the way, and without its constant supply of Chaos Chi energy, his cultivation would not have progressed as quickly. However, this was not the time for him to be depressed.

He quickly hugged Hayley, who was covered in blood, and while desperately treating her with the Ultimate Book of Medicine, he triggered his potential and rushed towards the location where his mind had summoned him.

“Chase!”

The pursuers behind continued to pursue them.

“Alex, no need to waste chi energy to renew my life. I know my own injuries. It’s hopeless,” Hayley exclaimed.

“Don’t say such depressing stuff. There must be a way! There has to be,” Alex said.

Hayley shook her head, saying, “I simply cannot do it! Indeed, after regaining my memory, I am not happy. I prefer to stay ignorant and not remember anything. You are so philandering. How can you have so many women? Can your heart fit in all of them?”

Alex was heartbroken as he looked at her frail appearance.

“Stop talking! I still have elixirs and divine medicines here, and yes, there is the original life liquid...”

“Diffracted universe-level stuff is ineffective for me,” Hayley gently shook her head.

As she spoke, the eternal expert with peak level speed was the first to catch up. Four eternal experts died in the blink of an eye, and the remaining ones were also concerned about what useless cards the Heavenly Fiend still had. They were actually cautious about allowing the subordinates of the Eonian Realm to ask for a death wish first.

With tears in his eyes and a broken heart, Alex said, “Hayley, hold on. You can do it! In front, there must be something in front, something that can save us!”

He yelled... He moved frantically onward...

With one hand on Alex’s chest, Hayley murmured, “To unleash your full combat potential, you must resonate with the flying dagger. The Heavenly Chain Sword of Thirteen Stars embodies the will of thirteen galaxies. I’ll now assist you in killing everyone. I hope you made the right decision...”

At that moment...

Alex and the Heavenly Chain Sword of Thirteen Stars developed an even stronger bond.

A Giant Roc Monster blocked his path.

“Kill!”

Alex slashed the Giant Roc Monster with the Heavenly Chain Sword of Thirteen Stars, emitting a bone-chilling light, and the seawater splashed. The Giant Roc Monster tried to run, but it was too late. It wailed and was split in two.

The following second...

The Ancient Divinity unleashed the Jade Clear Divine Thunder. The thunder was green and beautiful, but it was extremely lethal.

When the Heavenly Fiend saw this, she waved her hand and summoned a burning planet like the sun to block the Jade Clear Divine Thunder, and then there was a loud “boom”.

The Eye of Nine Yin trembled, and a tsunami filled the sky. The planet shattered, and the remaining power of the Jade Clear Divine Thunder was unleashed.

Hayley pushed Alex away immediately. Starlight shone brightly as Hayley constructed her own defense. However, the defense failed to completely block the thunderbolt, and a ray of thunderbolt blasted the already scarred body.

Hayley’s body torn apart!

“Hayley! Ah! You!”

Alex yelled angrily. His heartbeat became even louder as if the sky and earth were collapsing as he launched a barrage of attacks at the Ancient Divinity. The Heavenly Chain Sword of Thirteen Stars was superimposed with three thousand Great Dao to form a slash formation so powerful that even the Ancient Divinity dared not receive it right away.

Alex took advantage of the situation by picking up Hayley’s body. The severed parts were reattached.

“The Great Healing Method!”

“The Great Recovery Method!”

“The Great Resurrection Method!”

“The Great Lucky Method!”

“The Great Fate Method!”

Alex hugged Hayley’s body, and energy gushed out like a mountain, tears streamed down his cheeks, and he prayed in his heart, ‘Gods and Buddhas in the sky, please save her! I’m willing to give up my life for her!’

A miraculous scene unfolded...

Hayley, who had suffered a serious injury, recovered fully. She awoke.

“Haha, Hayley, you’ve finally come to life!” Alex cried delightedly.

“Fool, why are you doing this?” Hayley demanded.

“To live together, to die together!” Alex declared emphatically.

Then he persisted in fleeing. That supernatural call was his final holdout.

After they escaped death, Alex finally brought Hayley to the destination. It was a massive tomb. Alex slashed through the large tomb with the Heavenly Chain Sword of Thirteen Stars and rushed inside. Then, he discovered an altar inside. There was also a coffin on top of the altar.

Alex felt his own heartbeat, which had never been stronger.

“Is this what you’re looking for?” Hayley asked.

“This is the coffin that has been calling me!” Alex exclaimed.

Alex knew he couldn’t wait any longer, seeing as the pursuers behind him were already in sight. This was now his greatest reliance, and if it didn’t work, today was sure death.

Buzz!

Alex paid his respects and then pushed the coffin lid open. The two people looked inside and were taken aback.

“How could it be you?” exclaimed Hayley.

This was too surprising. A person was lying inside the coffin. He looked precisely like Alex, wearing nothing on his body but lifelike, even the veins under the skin were visible.

Alex was also taken aback

‘Who exactly is this? What is his name?’

“Fiend Lord, he’s the Fiend Lord!” Hayley suddenly yelled.

She remembered some words written on the inscription of that tomb before, but she didn’t pay much attention at the time. Now, recalling that image, she was certain that the person lying in the coffin was Fiend Lord, once the attendant of the last everlasting beings.

“Fiend Lord? How can it look so much like me?”

“Could it be that you are the reincarnation of the Fiend Lord?” Hayley wondered.

“No, my previous name was Dimitri, and my remnant soul is still in the divine collection!”

“Perhaps it is a reincarnation of a soldier... You try, and your strength should skyrocket if you can fuse with the Fiend Lord’s flesh. Hurry, there isn’t much time...”

When Hayley had finished speaking, the Ancient Divinity and others arrived. They also discovered that the person in the coffin resembled Alex.

“The Fiend Lord soldier’s reincarnation, this kid is a Fiend Lord!”

“We cannot allow him to fuse, kill!”

The fusion began the moment Hayley pressed Alex into the coffin, and the coffin violently burst into pieces. Alex and the Fiend Lord's flesh overlapped and floated, exploding with ten thousand rays of light.

When Hayley saw this, she laughed and said, "You're two steps behind, haha! It will be the time of your death when his fusion is complete!"

"Heavenbane, you damned bitch, I'll kill you first!" exclaimed the Ancient Divinity.

Roar!

The Ancient Divinity drew a kamihata. It was none other than his enchanted treasure, the Phanes Banner. It coiled ruthlessly towards Hayley.

Hayley looked at Alex and felt nostalgic, and she shed a tear.

The Ancient Divinity delivered the fatal blow to her.

This was because there was no point in resisting in her current state.

"No... Let me out, let me out! Don't do it, Hayley, don't do it... Please! Don't... Don't... No..."

Alex witnessed this scene, but he couldn't intervene. All he could do was watch as Hayley was swept up by the Phanes Banner, burned, and eventually turned into a speck of stardust.

The Heavenbane had fallen...

Roar!

Alex was so overcome with grief that the fused divine light shook. He despised it.

The others then started attacking Alex. The fused golden light, however, blocked everything, rendering any attack ineffective.

The Ancient Divinity said, "Now there is only one way. Sacrifice every living thing in the entire universe. It is better for him this way. The Fiend Lord soldier resurrects. We utilize the sacrifice to directly manipulate him and force him to divulge the Everlasting Door's secret."

“Does he know the Everlasting Door’s secret?” asked an eternal.

The Ancient Divinity remarked with assurance, “Absolutely.”

“How may the Diffracted Universe be sacrificed?”

“Haha, I’ve got it ready already!”

The Pinnacle of Life Chapter 3530

Diffracted Universe... Earth...

It was now midday, and the sun beat down brightly.

A group of young men and women swam, played, and sunbathed on a golden beach, interacting with each other and enhancing each other’s feelings.

One of the youth, Autumn, was pushed down onto the beach chair by a hot woman, who said, “Brother, the sun is so hot, I will give you sunscreen!”

Then...

As the words were spoken. The sun went completely dark.

Everyone raised their eyes to the sky, only to discover that the sun that had been shining brightly all day had turned blood red. So much so that the light shining down was dark red like blood, and everything appeared to be bathed in blood light.

“What’s the problem?”

“How did the sun become this?”

“Is it a solar eclipse?”

However, everyone soon noticed that a massive grimstone had appeared next to the blood-colored sun.

Alex would have been surprised if he had been present. This was due to his familiarity with the grimstone. He and Phoenix had entered the altar space

below through this grimstone in the beginning, in the Sinless City in the Witch Kingdom, before finding the location of the Ancestor Witches, and from there, they had entered the Pantheon Tomb.

This grimstone has reappeared. However, it appeared in the air. This scene was visible not only from this side. Except for those who are temporarily at the back of the earth, all places, almost everywhere, could observe it...

“What exactly is it?”

“How could such an old grimstone appear?”

“Could it be that a powerful outer planet expert has returned?”

This was not news to the people of Earth. Knowledge of godly cultivation has long been popular, and godly cultivation schools have sprouted up, even replacing schools dedicated to learning cultural knowledge, with cultural classes unified into the curriculum of godly cultivation schools.

The ancient language, America’s mother tongue, was also made a required course. English gradually faded from the historical stage.

Autumn pushed away the woman on top of him. He stood up and said solemnly, “The situation is not good!”

“Brother, Teacher, I’m nervous!”

The woman jumped into Autumn’s arms, her beautiful face pressed against his.

Autumn had become a teacher at a godly cultivation school, and the woman who had come out to play with him was his student.

What a slacker.

The following second...

Numerous golden runes swirled out of that grimstone in the air, covering the entire sky, and the earth was also irradiated with a golden color. At the same time, the grimstone was getting bigger.

Boom... Boom... Boom!

The massive grimstone began to rotate slowly. This scene was witnessed by millions of people all over the world. However, the outcome was not favorable.

As the grimstone turned, a powerful rule force appeared on top of it, and then... Everyone on Earth felt their bodies being sucked away.

“Ahh, Teacher, keep me close!”

“I’m going to get sucked!”

Autumn’s female student shouted back. This was happening all over the place. There were even people who had flown off the ground and up toward that massive grimstone.

At this moment, someone leaped. A hand symbol was thrown into the sky.

“Is that you, Senior Agatha?” Autumn immediately recognized the person who had flown up as Agatha. She did not accompany Agatha as he left.

The atmosphere soon lit up with light. That was the ancient boundary that had been established at the start, which had been broken before, but Alex had repaired it and used the Chi Universe’s formation elements and the Immortal-slaying Sword Formation, which was still operational.

Bang!

The formation and the grimstone were battling each other and making noises.
