

The Protector Novel Levi Garrison Chapter 2195 – 2196

Chapter 2195

Levi was trapped for so long for the first time.

More than three years!

It feels so good to see the sun again! ! !

Huo Yun Cthulhu laughed, looked at Levi and asked: “Sir, what is your current strength?”

Huoyun Cthulhu only knew that this dark prison was difficult to break, but he didn't know how terrifying it was.

Levi shook his head: “I don't know, but I know I am strong! I feel like I can punch the world through with my full punch!”

“This stuff can't hold you down, I don't know how strong you are!”

Huoyun Cthulhu was amazed.

Suddenly Levi and Huoyun Cthulhu looked at each other.

They realized a serious problem-where did the Dark God and the people from the Bible Organization go?

Why is there no news?

Just now, I almost knocked the world down with a punch. Why didn't the people of the Bible organization move at all?

unusual.

“Go, go and see!”

Levi and the evil god Huoyun rushed to the castle that had already destroyed half of the Bible organization next to them.

After the two entered, they found that there was no one here.

There are no gasping creatures!

“Mr. Judging from the various traces, no one here has been for a long time! It seems that a large-scale migration has occurred!”

Huo Yun Cthulhu said after observing.

Levi’s eyes lit up: “The probability is that the Bible organization has gone to other places, and we are abandoned by the dark god! It is estimated that he will not surrender to him! It is like a dark cage, keeping me forever!”

Levi quickly analyzed the reason why the Bible organization left.

“But you didn’t expect it? I came out!”

“Let’s go! Let’s go back!”

Levi couldn’t wait to go back.

More than three years.

How is your family member?

How are you brothers?

He was very anxious.

Where did Sarah go by the Bible organization.

Anxious to death!

...

Here Levi broke the dark cage.

If it had been some time ago, the Dark God would have foreseen it.

It was during the period when Huoyun Cthulhu went mad, he felt it, and he left something behind.

But now he has completely abandoned the dark prison.

In his concept, Levi can't come out forever, and this dark cage has no value anymore.

Throw it out like garbage!

So now even if Levi smashed the dark cage and turned this world of purgatory into a blue sea and blue sky, the Dark God hadn't noticed it.

He thought that Levi could never come out.

...

Levi and Huoyun Cthulhu rushed all the way.

...

There is still one night before the birth of the Heavenly Sword.

The depths of the ice field in the northern boundary of Great Family were full of people, and there were battles everywhere, killing them so dimly.

And at the highest point of this snow-capped mountain range.

Almost half of Tiance Mansion, Kunlun Industry, and the powerhouses they belong to have already arrived.

The remaining half are lurking around in advance.

Although the strong from all over the world have come to grab it.

But after all, this is Velador, the home of Tiance Mansion.

The Marshal Tiance must deploy everything in advance.

“Not only the Tiance Mansion, but the Baolong clan, I also mobilized the strong to help out! There are also the top ten powers of Velador, except for the Ye Clan Ye Wudao, I have contacted the other nine powers! Let’s make the Heaven Sword together. Stay in Velador!”

Marshal Tiance smiled.

The Common Killer also nodded: “Yes, Velador’s forces will not distinguish you from me! The Heavenly Sword only needs to stay in Velador!”

“No, even if you say so! But can you and I rest assured that the Heavenly Sword falls into the hands of others? Owning the Heavenly Sword will become the biggest threat! It’s easy to be overwhelmed!”

“Especially if Ye Clan Ye Wudao gets the Heavenly Sword, he will not even look at the Tiance Mansion! Let him get it, and Da Family will have a bloody storm! Even it is difficult for us to stop him! He slapped him, I know his strength!”

The marshal Tiance began to give examples.

Chapter 2196

Many people nodded: “Yes, that’s right! If this Heavenly Sword falls into the hands of lunatics like Ye Wudao! Putting aside the country’s honor and shame, the Heavenly Sword is more threatening in the hands of people like Ye Wudao!”

“Yes, Velador’s top ten forces seem to be cooperating with us, but in fact they all have ghosts in their hearts! When the Heavenly Sword reaches this group of people, it will be an endless disaster! Even we may not be able to stop it!”

The horse head god of Tiance Mansion said even more: “Yes! To put it bluntly, the Heavenly Sword is also righteous and evil! Some people have it in the hands of a divine weapon to protect the people! But in the hands of Ye Wudao these people, it is an evil weapon that is charcoal! “

Other gods said: “But how to define good and evil? We don’t know! Maybe Ye Wudao won’t be a threat, but a blessing. I don’t know this!”

“But there is absolutely danger! But we don’t know where the danger comes from! We can only eliminate everything from the source!”

Marshal Tiance glanced at everyone, then agreed: “The best way to prevent everything is to control the Heavenly Sword in our hands! This is the most correct way!”

The four great gods also said one after another: “Yes! In order to prevent this danger! We just control the Heavenly Sword in our own hands!”

Qilin Wesley and Common Killer were stunned.

Obviously, it was the Marshal of Tiance who wanted to take the Heavenly Sword as his own, but he said it so high-sounding.

But having said that, if the Heavenly Sword was in the hands of Major Tiance, it would be good.

At least the Tiance Marshal received the Heavenly Sword without causing disaster, and even more able to protect Velador.

So they won't say anything.

Support the marshal of Tiance to get the sky sword!

“But the marshal! There are too many forces to snatch the Heaven Sword this time, especially the master Ruyun! Can we really do it?”

Qilin asked.

“Yes, not to mention the big foreign forces, even Ye Wudao is very difficult to deal with! We are not sure, are we?”

Wesley asked a sharp question.

Most strong people sighed.

Correct!

Not sure!

Especially Ye Wudao once had a slap against the Marshal Tiance!

Did not pay attention to Tiance Mansion in the slightest.

Not to mention so many other forces.

Even some horror guys who have been hidden from the world are here.

As a result, it is even more uncertain.

It's not that you can win if you want to win the Heaven Sword!

This requires strength!

For everyone's questions, the young marshal Tiance and the four great gods all smiled mysteriously.

“You may not know that three years ago, the marshal was in danger and came out of retreat! He had been in retreat somewhere before!”

Others explained.

Qilin quickly reacted: “Could it be this place, right?”

Marshal Tiance nodded: “Well, I’ve been retreating here before! But I didn’t find the Heavenly Sword here at that time! But I should be nourished by the Heavenly Sword!”

“This place is my father, that is, God Commander Tiance brought me to retreat! He probably knows that the Heavenly Sword is here! But in order not to cause confusion, he didn’t tell me!”

“It should be me going out, letting it loose, and letting the resource mining team discover the existence of the Heavenly Sword!”

...

“so it is!”

Everyone now understands what’s going on.

Marshal Tiance smiled: “I retreat in this place for too long, no one is more familiar with this place! Coming here is like coming to the world under my control! So I have an advantage over anyone! Anyone I will not be afraid! Including Ye Wudao and his ilk!”

“Plus your assistance! The Heavenly Sword must be ours!”

When he came to the place where he had been in retreat for a long time, the young master Tiance had a mystery of confidence.

Heavenly Sword is bound to win!

“In addition, Sarah and his ilk will come too! Kill them all by then, leaving none!”

A brutal touch flashed across the face of the young marshal Tiance.

The Protector Novel Levi Garrison Chapter 2197 – 2198

Chapter 2197

Others smiled: “I’m afraid it’s killing Sarah, we won’t be able to get involved!”

Marshal Tiance nodded.

He knew that Ye Wudao and Ye Clan would definitely kill Sarah.

It is not their turn.

Even Sarah is Velador’s public enemy, Velador’s top ten forces want to get rid of them quickly.

Killing Sarah will also add reputation to yourself.

Everyone wants to fight for this reputation.

therefore.

You really have to line up to kill Sarah!

Major Tiance has deployed everything, he wants to control the field and control everything.

This evening, everyone could already clearly feel the sun aura of the Heavenly Sword, and it was gradually sweeping here.

It is obviously deep in the ice field, but everyone can't feel the cold.

It's weird.

Countless forces came quietly that night, and bloody battles continued.

The next day.

The day when Tianjian was truly unearthed has arrived.

One big force finally came.

The Ye Clan, who claims to be the first force, is here.

Headed by Ye Wudao stood high, ignoring sentient beings, and didn't put anyone in his eyes.

The Ye Clan powerhouse behind him is also coming menacingly.

Today, for this heavenly sword, he is also bound to win.

Immediately afterwards, the major forces appeared one by one.

Especially the ten top forces in Velador, all came one by one.

These ten top forces, except for three, are directly ancient races, and they become the top in one fell swoop.

Most of the rest are the same as the Ye Clan, with the support of the ancient clan or the big figures behind it, which pushed the original family to the top.

For example, fJinsha, the former royal family in Beijing, was still Sarah's righteous husband at the time.

Now people behind these families have emerged and pushed to the top in one fell swoop.

Of course there are new top forces emerging!

There are also alliance forces formed by uniting the powerful from all sides.

This force includes Levi's acquaintances-Shura God of War, Fan Shengnan and so on.

After this era comes, martial arts families with good foundations are more likely to take off and become popular.

Shura God of War and Fan Shengnan also got various adventures and became the top powerhouses in this world.

They even jointly prepared the Great Family League.

Ranked among the top ten forces in Velador!

It can even be said that among the top ten forces, the Great Family League is the most threatening to Ye Wudao.

But once Ye Wudao had the Heaven Sword, the top ten forces would no longer be a threat.

Subsequently.

The imperial organization appeared.

This is the first to take its place after the disappearance of the Lab of the Gods.

All aspects are similar to the Lab of the Gods.

Focus on science and technology, own the top technology, and master super powerful power and economy.

Soon after, Orion Group also appeared.

They have also developed very quickly, with Maya Industry as their backing, and they have become the world's top power in one fell swoop.

Representatives of Maya Industry also appeared...

Great forces from all over the world appeared one after another...

There were constant exclamations in the field.

Seeing such a strong person appear.

Many people feel cold.

Everyone originally came for picking up the leaks, what if they fell into their own hands?

But now that so many powerhouses have turned out, they have no chance at all.

It can be said that this time when the Heavenly Sword was born, nearly half of the powerhouses in the gods' list came.

How to play this?

Does anyone else have a chance?

impossible!

“Wow...”

“Look at it!!!”

...

Suddenly the atmosphere in the court changed drastically, and everyone exclaimed.

It turned out that the four blood ancestors of the blood clan came together.

Their arrival has scared many people.

After all, the Heavenly Sword is a weapon that can restrain them.

They will definitely come to snatch it!

“Look! Devil Sarah! She is here?”

Then someone saw Sarah appear.

One after another exclaimed.

Sarah has been too famous in the past three years, and her appearance caused an uproar.

Chapter 2198

The other strong men of the Bible organization did not appear with Sarah.

They are all hiding in the dark.

After all, in the past three years, the Bible organization has not come forward.

They used to be extremely low-key, and no one paid attention to them except the Lab of the Gods and Levi.

Even now, few people know about the Bible organization.

Now they attract attention with Sarah, and then the rest of the strong will attack together.

As soon as Sarah appeared, most of the forces in the field were very angry.

Most of the forces have an unshakable hatred with Sarah!

So when I saw her, I always braved the anger.

Can't wait to dye the plums and peel the skin cramps.

In the past three years, the Dark God used plum dye to kill too many people, and set up one enemy after another.

It can be said that Sarah is the one who has established the most enemies in this era!

These people could not wait to kill her immediately when they saw her.

“Little ancestor! The plum is dyed!”

Lawrence and the others immediately looked at Sarah.

Ye Wudao glanced at Sarah: “Okay! I know! After getting the Heaven Sword, I will be the first to take her to sacrifice the sword!”

“You are optimistic, absolutely can't let her leave!”

Ye Wudao exhorted a few more words.

In fact, most of the forces present are the same.

I want to kill Sarah.

Some wanted to kill Sarah after getting the Heavenly Sword.

Some wanted to kill Sarah in the process of snatching the Heavenly Sword.

...

But everyone's purpose is very unified-except to fight for the Heavenly Sword, to punish Sarah.

“Sarah, you are finally here! This time you still want to snatch the Heavenly Sword? You must die!”

Marshal Tiance stared at Sarah closely: “Have I said that I will kill you when you enter Velador! This is what you asked for! Today, you can’t live without Velador!”

Wen Lei looked complicated.

It is really embarrassing for them to face Sarah!

Isn’t it killing?

Not letting go!

It’s difficult to be public or private...

Are they killing plums later?

Or help her escape?

Nothing works!

Sarah did not speak.

It just so happened that she didn’t plan to go out alive today.

She wants to kill all the remaining enemies...

A glance at the past, they are all hypocritical enemies!

kill!

Kill all!

Help Master get the Heavenly Sword again!

She is also worth it!

“Mother.....”

Junjun in the dark looked excited when he saw Sarah.

She almost yelled out loud.

If it hadn't been for the deep cultivation in Tiance Mansion these years, I was afraid that Aubrey would have been unable to control the moment he saw Sarah.

She can now see that there is obviously a problem with Sarah.

And she is going out to meet Sarah, and I guess I will cause a lot of trouble.

She wants to control it.

I'll talk about it later.

This embarrassed the ancestors in the dark.

“What should we do? If something happens to Aubrey's mother later, shall we take action?”

The female ancestor asked a sharp question.

“This.....”

The other ancestors were also stunned.

They are very embarrassed because of their identity and overall consideration.

“We only look at Aubrey's safety, others have nothing to do with us! Only Aubrey is in danger, we will take action! This is the rule that we negotiated after we came out! It cannot be broken!”

Someone said.

“But this is Aubrey’s mother. If something happens to her, how sad will Aubrey be?”

The female ancestor shook her head: “That can only be said to be the destiny of Aubrey! Our protection of Aubrey’s safety, nothing else!”

“Yes, Junjun is in danger, we must take action! Not even the ancient Ye clan!”

“Well, well, understand!”

Everyone nodded.

The principle cannot be changed!

Others had an accident, even if Aubrey cried loudly, they would not act.

The strong stepped out and surrounded this place tightly, everywhere.

Next, the Zhiyang breath became purer and purer, and the Heavenly Sword was about to come out...

The Protector Novel Levi Garrison Chapter 2199 – 2200

Chapter 2199

On the other side, Levi and Huoyun Cthulhu crossed all the way.

Walked past the place where the Eighteen Dark Angels took them.

This road is deserted.

Basically nothing has changed from three years ago.

But when they came near Kangaroo Country, Levi and Huoyun Cthulhu knew that the world had changed greatly in the past three years.

There are too many strong people.

The kangaroo country, which was originally suppressed by the blood ancestors and helpless, is now full of strong people, everywhere.

Levi's current perception is a bit exaggerated, and he has reached the point of insight into everything.

He closed his eyes to perceive.

As if the whole kangaroo country was in his perception.

Especially energy fluctuations can't escape his perception.

Every person and every creature emits so much energy.

Levi judges whether he is strong or not based on the amount of energy.

With this perception, he knew that this era had changed.

There are too many strong people.

Perhaps the self three years ago is really nothing in this era.

It is estimated that there is nothing I can do when encountering some things.

But three years later, when the whole world was in great development, Levi became stronger faster, reaching a situation that no one could imagine.

Continue to shuttle in Kangaroo Country.

Levi and the two also encountered some short-sighted people who came to pick things up.

However, without Levi's action, the Huoyun Cthulhu could take care of them.

“Speaking of which, this kangaroo country still owes me a kindness! There is a chance that they will come back!”

Levi's grievances are clear.

Remember these.

Soon, after getting in touch with something.

Levi and they learned about this era seven or eighty-eight.

Knowing that it was the day when the Heavenly Sword was born, all parties gathered.

He knew more about Sarah.

“I'm afraid this is the conspiracy of the Dark God! He originally wanted to hone me into a killing machine, right? But later failed for various reasons! Even imprisoned me in a dark cage did not succeed!”

Levi probably knows everything.

Huo Yun Cthulhu also said angrily: “This person is damned!!!”

“Go, go to Velador!”

Levi rushed towards Velador with the evil spirit of Huoyun.

...

“Before the Heaven Sword was born, I just said one thing! It doesn’t matter if everyone competes with each other! But if anyone threatens Velador at all, my Tiance Mansion will definitely kill it!”

Young Master Tiance said coldly.

After listening, everyone began to wait.

“Kacha Kacha...”

The ice sheet began to shatter in large areas.

A wave of scorching aura bombarded straight into the sky.

Roads of dull thunder came in mid-air.

The Heavenly Sword is coming out.

Everyone already felt the domineering aura of the Heavenly Sword.

Too strong, too strong.

Excited, nervous.

Everyone is looking forward to it.

“Rumble...”

After the mountain shook for a while, the ice sheet completely collapsed, and the hot breath erupting from the Heaven Sword instantly evaporated all the water.

The heavenly sword in the depths is finally about to see the sun again!

“Coming out! Coming out!”

At this moment, everyone was crazy, jumping into the collapsed pit to compete for the heavenly sword.

Sarah rushed out first.

It turned into a streamer and disappeared instantly.

“Do you still want to fight for the Heavenly Sword?”

The voice fell, and the strongest jumped into the big pit one after another.

In addition to the Ye Clan, the top ten forces in Velador also jumped in.

Imperial organization

Maya Industry;

Orion Group;

...

The four blood ancestors also rushed down.

Not only that, the strong people who have been hiding in the dark for a long time can't stand it anymore.

One by one jumped into the big pit, for fear of lagging behind others.

The young marshal of Tiance who controlled the field made all the strong under his command ready.

Together with the major powerhouses of Kunlun Industry, they are also guarding everywhere.

This is his world, and the Marshal Tiance must firmly control it.

On the other side, Ye Wudao didn't rush.

“The first one won may not be able to take away the Heavenly Sword! I will wait until they get tired before I shoot!”

Ye Wudao arrogantly glanced at Young Marshal Tiance.

Chapter 2200

In each other's eyes, they are rivals.

Others, although the world's major forces are strong, half of the powers of the gods have come.

But neither of them paid attention to it.

The biggest threat is at the end.

Hundreds of thousands of people jumped into the deep pit where the ice sheet collapsed.

The pit is about three kilometers deep.

It stands to reason that the lower it gets, the colder it gets. People are instantly frozen into popsicles, and the depths of two to three kilometers are even more cold than you can imagine.

But now it gets hotter as it goes down, as if approaching the sun.

Soon, everyone has seen the dazzling light from below.

Heavenly Sword! ! !

Sarah has seen the Heavenly Sword!

“boom!”

Sarah rushed to grab the Heavenly Sword.

But the scorching heat from the sky sword repelled her burns.

Looking at the hand that was burned and unable to recover for a while.

Sarah was shocked.

“laugh!”

“laugh!”

“laugh!”

...

The other strong men went to grab the sky sword, but they were all burned.

It's not close at all.

It is impossible to approach within tens of meters around the sky sword.

In particular, the Heavenly Sword also restrained the blood race. When the four great blood ancestors approached, the sun's breath of the Heavenly Sword was even more terrifying to the blood ancestors.

The four blood ancestors let out a scream.

shocked!

Almost everyone was dumbfounded.

He couldn't even get close to the sky sword, let alone take the sky sword.

...

After that, there were continuous attempts by the strong, but they were all burned by the aura of the sky sword and forced to retreat.

And the aura of the sky sword is getting stronger and stronger!

If the Heaven Sword is taken away forcibly, it is estimated that it will be torn apart by the Sun Qi of the Heaven Sword.

This is equivalent to an indiscriminate attack, which no one can bear.

“I see! The Heavenly Sword has been sealed here for too long! If the sword is unsealed today, the aura is full! This is also the strongest moment of the Heavenly Sword! We can’t bear the aura alone!”

Someone said.

“Then what shall we do? Do you wait for the Heaven Sword’s breath to weaken before taking it?”

“Yes, it can only do this! Wait until the sky sword aura becomes weak! Force the sky sword, unless it is stronger than the sky sword! But almost no one can!”

...

Sarah became anxious.

In any case, she has to get the heavenly sword for her teacher.

At this moment, a figure appeared next to her.

Underworld God!

Before the Dark God sent almost all the strong men of the Bible organization, only the Dark God remained.

Because there are other uses.

Now is the time for the evil god to manifest its role.

He handed plum a special glove dyed.

This glove is made by the Dark God absorbing the dark to gloomy air current of the earth knife.

Specially used to take away the Heavenly Sword.

The dark god who owns the earth sword knows the sky sword better than anyone else.

To take away the Heavenly Sword, Sarah's level of power must rely on this glove to eliminate the sun's breath of the Heavenly Sword.

Only in this way can I get the Heavenly Sword!

After Sarah reacted, he immediately put on his gloves and grabbed the sky sword.

"A fool? Want to shake the sky sword hard?"

When everyone saw Sarah going to grab the Heavenly Sword, they thought she was crazy and that she was going to be crushed by the sun's breath of the Heavenly Sword.

When the sun's breath of Tianjian hit Sarah, the gloves came into play.

The dark to yin breath erupted, yin and yang merged, and the deterrence of the sky sword was useless in an instant.

In the shocked eyes of everyone, Sarah pulled out the Heavenly Sword.

"Huh? This!"

Everyone looks incredible.

Sarah did it?

“withdraw!”

Sarah rushed to the ground immediately after receiving the order.

“Don’t let him run! Don’t let the heavenly sword fall into her hands!”

Everyone gradually reacted, and immediately caught up.

There are also some people who block Sarah.

“The one who stopped me died!”

Sarah uses Tianjian directly.

The Heavenly Sword’s Sunshine Sword Qi blasted out, and the crowd blocking in front of him directly turned into blood mist.

You must know that these people are strong.

“The Heavenly Sword is terrifying!”

Everyone was shocked by the power of the Heavenly Sword.
