

# There for You Till I Die Chapter 21

## Chapter 21

Brian returned that night, he immediately ordered the people to investigate and found that there were no men entangled with Sarah this time.

As for what happened to her in the United States in the past few years, there is actually no clue.

That's why he came to stop her.

Children always don't understand the complexity of adults so much. At that time, seeing Brian deeply disappointed and said "Let's do it next time", Tracy cried out directly.

The pedestrians coming and going watched her leap into Mommy's arms, and Lisa was so embarrassed that she wanted to find a place to bury in.

An hour later, the three of them arrived at Davidson's dessert shop.

Seeing Tracy happily lying on the cupboard, Brian turned to look at Lisa, "Let's go to the private room, let's talk."

Lisa looped her arms, "I think we have nothing to talk about."

He was not annoyed, "I still... If I want to cooperate with King's, it's no good to offend you. Besides, I'm very sincere." The dessert shop looks like a children's playground, but the interior is decorated no less than a top club. What surprised Lisa was that such a small store even has a reception room specially built.

“This is a new cooperation case, and 40% of the profit will be given to you. This is the biggest concession.”

Indeed, it is already a great advantage.

Lisa nodded, “President Davidson is really sincere this time.”

“In addition...” He took a sip of tea, “I want you to be the project director and stay in the City.”

Lisa smiled stiffly.

She came here this time entirely because of the arrangement of the headquarters, otherwise, she would never want to have anything to do with this man in her entire life.

“I’m afraid you can’t decide this, Chief Davidson. I only obey the arrangement of the headquarters.”

Brian raised his eyebrows, “If I add another 10% of the flow, your headquarters will not release people?”

This profiteer!

Outside the private room, Tracy was eating cake with a happy face, and she stretched her head curiously when she saw a slick sports car parked at the door.

A dazzling and handsome little boy walked down from the car, looking very introverted and indifferent. The woman holding him should be his mother, who was also beautiful and full of extravagance.

Entering the door, Ervin hesitated and looked at Lidya with extravagance.

Lidya forcibly resisted without rolling her eyes, "Go, pick what you like."

With his mother's permission, Ervin's deliberately straight face overflowed with joy and relaxation.

Lidya was even more dissatisfied.

After she followed Brian to the door of the hotel, she heard that they were coming to the dessert shop. She wanted to go back and dress up and pretend to meet by chance, and then she would meet the woman for a while, but she didn't expect this little lad to follow her.

Lidya looked around, chose a seat close to the private room and sat down, and could faintly hear the sound coming from inside.

Lisa couldn't bear the dogmatic Brian, "I think I should say goodbye, Mr. Davidson you can still wait to bargain with Jin's headquarters. I'm not interested!"

She slammed the door of the private room and met Lidya's slightly deep eyes.

Now she can see more clearly face to face. If it hadn't been for frequent contact with Sarah in a short period of time to know her well, Lidya would almost really believe that she was just similar in appearance.

Lidya knew that in Brian's impression, she had never seen Sarah, so her face was calm.

When she saw Brian, she stood up and said softly, "Brian, what a coincidence."

Brian caught a glimpse of Ervin and Tracy sitting in a row for dessert, and said perfunctorily: " Hmm."

Lidya made a secret gesture to Ervin, and he immediately put down his food and ran over, "Dad!"

Although Brian did not respond, Lisa's brain bounced. Do they already have children? At this age, he looks almost five years old.

She glanced quickly, suppressing the bitterness and shock in her heart.

At this time, Lidya came forward to say hello, "Hello, I am Brian's wife, I am lucky to meet."

Facing her extended hand, Lisa did not pick it up but looked suspiciously at Brian. She said, "President Davidson, I didn't even know that you were married. It's really unexpected."

Lidya's hand froze there, her beautiful eyes stained with anger.

But Sarah couldn't succeed if she wanted to humiliate her!

In front of outsiders, she took his son out. If he said in public that he had not received a marriage certificate with her, he would really not care about his own face. Brian would never allow such shame.

But he actually explained it to Lisa!

"She is my son's mother, not my wife."

Lisa's eyes were more playful.

Lidya couldn't hold on anymore, she smiled stiffly and said that she had something to do, and stepped on her high heels and left, even Ervin's shout was ignored.

"Satisfied?" Brian stared at Lisa deeply.

The latter raised her eyebrows, “I don’t understand what you mean, but it’s worthwhile to hear some gossip about Mr. Davidson by accident.”

She just thought quickly about the reason why these two did not get married but racked her brains. Can’t think of it.

Old Mrs. Davidson was such a person, it is impossible for him not to marry the woman who gave birth to her grandson.

Brian changed his indifference before, and his cold voice became a little serious, “I didn’t marry before, I haven’t married now, and I won’t marry in the future. She is dispensable to me.”

## Chapter 22

Everything aside, if she sees that the boy next to them is almost buried in the cake when he could hear this, she quietly steps forward.

“Hey, doesn’t your dad really like your mommy?”

“But I envy you, your dad is so handsome, so tall, and the most important thing is that he also owns a dessert shop! But I... have never seen my Dad.”

Ervin raised his head when he heard the words, looking at Tracy with moist eyes.

After bidding farewell to Lisa’s mother and daughter, Brian returned to Davidson Building with a small bag.

What’s inside is Tracy’s hair that he took carefully.

“Go for a DNA test.”

Since the child was born five years ago, it does not rule out the possibility that the father is Stephen.

Stephen was released two years early because of his good performance in prison, and he never appeared in the City again. Brian deeply suspected that he had gone to the United States to find Sarah.

Soon, it was identified, "President Davidson, the two of them are not father-daughter."

Brian frowned.

At this moment, the assistant on the side suddenly exclaimed and walked to Brian's side with excitement, "Chief...President, I remembered why I saw representative Lisa familiar. Do you remember that when we went to Gristen and stopped our car on the road? A big belly village woman!"

Brian tilted his head deep, "What do you mean?" The assistant carefully recalled, "Although the village woman looks sloppy, her skin was not rough at all, especially her eyes, which were very beautiful, so Until now, I still remember, is it...Is the representative Lisa the same big-bellied village woman back then? and Tracy....."

Undoubtedly, if that was Sarah, she was pregnant with Tracy at the time!

Once reminded, Brian also fell into memory, recalling her bitter pleading that day, his ignorance, her determination, and his heart ached as if it was being held tightly.

The child is not Stephen's, would it be... his?

For two hours, Brian looked at the inspection report in his hand, sitting still, motionless as if his soul was out of his body.

The probability of a father-daughter relationship is 99.99%.

Tracy his daughter!

...In the old house of the Davidson Family, Lidya bitterly made a mess of Brian's study, and then fell to the ground to make a call.

"I want the lives of two people, you make a price!"

Two years ago, she don't know when it started. Brian discovered many of Zack's secret accounts and project tricks and threw him directly to Africa for aid construction. Not even a helper by her side! Now she can only get the money to find the punks.

"What? Are you going back to the City next month? OK...As long as you can do it, I will call you 10 million immediately!" After she hung up the phone, she saw that Brian has kept it in the drawer. The bright red color of his marriage certificate with Sarah irritated her abruptly, and she took the scissors and cut it into pieces.

"Ah! Sarah! I'm sorry, don't think about it!"

...

As Brian expected, Jin agreed to his request.

When Lisa received the news from the headquarters, she wanted to die, and now she didn't want to see him.

In the first few times, when she went to Brian's office, he was accompanied by a group of his secretaries, which was not too embarrassing.

Who knows why he has a sudden convulsion and has to spend the secretaries every time, leaving him to "negotiate" with her inconsistent text.

"You have been in the King's for several years? You can see that your abilities are indeed good."

Lisa did not look up, “This is the tenth time you have asked me about my life in the United States. I will repeat it again. I haven’t seen you before.”

Brian smiled deeply, “Okay, I can see you more in the future. I will apply to your headquarters to transfer you to China.”

Lisa has been telling herself in her heart that she must be calm. What about the acquisition?”

“Sorry, I am not interested in cutting clothes and stringing beads.”

Lisa: “...”

Just as the two of them were fighting fiercely, the assistant rushed in, and he and Brian talked a little bit in short sentences and glanced at her from time to time.

Lisa took the notebook and looked at the two people displeased.

After the assistant had finished speaking, they seemed depressed and he went out, Brian didn’t say anything, just sipped coffee.

This matter is said to be big or not, but not small.

Lidya is now an internationally renowned actress. Even if he doesn’t count her as anything here, her popularity and fame are at the top.

In the past few years, the topic between him and her has been hot, nothing more than speculation about why they did not hold a wedding.

However, a few days ago, several photos of him and Lisa’s mother and daughter were exposed on the Internet, and they were publicized by someone who wanted him to be portrayed as the one who cheats and betrays Lidya. Lisa was also criticized as a shrewd vixen.

According to Brian's ability, this matter could completely disappear from the media before completely blowing out, but he did not make a move.

"Look at the contract next."

Although Lisa noticed his anomaly, she couldn't think of the reason.

Until she returned to the hotel and opened the news to see the headlines, she was taken aback, as if she understood his reaction, but she was not irritable and even opened a bottle of red wine.

"Heh, Lidya, you dare to use this trick to embarrass me, but unfortunately, I am not the Sarah whom you insulted five years ago..."

## Chapter 23

In the old house of the Davidson Family, Lidya was scanning the forum, and seeing Sarah's all-around scolding and spurning, she couldn't be too happy in her heart!

But in the final analysis, Sarah is now the head of Jin's department. Here Lidya and Jin's contract are still two years away, so she naturally can't openly hit Jin's face.

Therefore, the next day, the most important news was about the affair.

Throughout the article, Lidya was "redressing the snow" for Sarah, saying that her husband and the other party were just partners and that her wedding to Brian was just recently, and it was delayed because she was going to shoot and busy with work. At the end of the wedding, she will stop and quit the entertainment industry.

On the forum, everyone was moved by it, but there were more voices cursing Sarah.

“Lidya is still too kind, isn’t it because she is so beautiful and only played a positive heroine, so I don’t know that these lowly minors are underwhelming and mean!”

“Yes, Brian looked at the three affectionately in the photo, It seems like a family of three when we are all blind?”

“This matter can only be seen in Brian’s attitude, as long as he and Lidya held a wedding, and come forward to declare that they will not cheat, people will believe it!”

...

Back at home, Mrs. Davidson sat on the front seat with a cane, vomiting blood even more angrily when she saw her stubborn son in front of her.

“What a sacrifice Lidya has made to preserve the reputation of our Davidson family! She gave birth to a son for you. This time, in order to give you room for a solution, she has to give up her hard work for so many years. You actually tell me not to marry her?!”

Lidya on the side reddened her eyes, “Brian, no matter how unwilling you were before, but this time, if you don’t solve it properly, the Davidson Group will also be affected.”

Brian’s secretive eyes seemed to see her through, Lidya couldn’t help but tremble violently.

“I will take care of this.”

Mrs. Davidson threw the cane directly on him, "What are you doing! Or do you really have s3x with that woman? Well, I will go find her personally, let her leave this city, and terminate the negotiation for Jin's cooperation!"

Brian did not refute, even lightly picking up the crutches and wiping it with ease, "She is the woman I want, nothing more."

Lidya was going crazy jealously!

When he and Sarah were secretly married, she waited for him. After the end of their contract, she stayed with him for nearly six years, and she was not as good as the wild woman who had been a car model!

He didn't want to get married. Even though Mrs. Davidson was angry, she couldn't hold his head to hold the wedding ceremony. She angrily put down her ruthless words, "Well, if you can't solve it, I won't allow you to enter Davidson's ancestral hall in this life to worship the ancestor's graves! I don't have you as my grandson either!"

Hotel private room.

Sarah originally thought that ignoring was the best solution, but she didn't expect that Lidya too knew how to control the psychology and public opinion of others.

In addition, there was a call from the headquarters to "understand the situation." She didn't want to be in the muddy water. So she took a bath and put on light makeup, put on a neat uniform skirt, and notified the assistant.

"In two hours, a press conference will be held."

Brian also received the news and saw that she finally had to disclose her identity, with a smile in her eyes.

"Let's go too."

But Brian and the media waited at the venue for nearly half an hour without seeing Sarah's figure.

"President, our people have waited at the door and haven't seen the car represented by Lisa."

Brian nodded deeply and took out his mobile phone.

Once in the office, while she was out to make coffee, he installed a locating device that was not easy to find in her mobile phone.

Brian got up suddenly after searching for her location.

She has been in the hospital from an hour ago to now!

He was originally sitting in an inconspicuous position, but standing up abruptly now undoubtedly attracted the attention of the media.

"It's Brian! He has appeared!"

"President Davidson! Please answer our questions

directly!" Brian shook off the media and drove towards the hospital.

Sarah, you dare to try again if something happens!

The hall of the hospital was in chaos at this time.

Sarah was holding a packet of medicine, her face was pale but calm, and her hand was still lightly covering her abdomen, painfully making her forehead sweat.

Damn, she completely forgot about the arrival of her aunt last night. She drank several cold beers. As soon as she went out this morning, her lower abdomen

started to hurt, and she had to leave behind and drive to the hospital alone to get the medicine.

Just after she took the medicine, an aunt on the side accidentally bumped her and was taken aback when she saw her face clearly.

“Are you not the representative of the Jin family on the Internet?”

Sarah bowed slightly in pain, “Please get out of the way, I’m in a hurry!”

The most combative person in this world is not young people surfing the Internet, but the people around them. Forty or fifty years old, nosy aunts.

Seeing that she didn’t refute, the aunt immediately yelled in full view.

“You really are the junior who got involved in Lidya’s marriage! Okay, you still have the face to come out and see people?”

## Chapter 24

Sarah coldly said, “I’ll say it again, get out of the way!”

The aunt immediately covered her heart, “You scared the old lady to death, so fierce, no wonder you can bully Lidya like this. I’m going to teach you how to be a human today!”

Sarah wanted to leave, but she was wearing high heels today, it was inconvenient for her to run, and her lower abdomen hurts worse.

When Brian arrived, she was surrounded by a group of people in front of the hospital.

Those who watch the excitement, just want to pour out the squeeze and grievances they have received in life from such a venting opportunity.

They threw the medicine and water they bought at Sarah, and even boldly pushed her to the ground and kicked her.

Sarah was trembling with anger, but outnumbered, it was impossible to get out in such a weak situation.

She didn't even notice that her eyes were red.

Seeing this scene, Brian quickly stepped forward to squeeze out the crowd and pulled her up, "Come!"

Sarah saw his face and immediately broke away.

She threw herself away, facing the people around shouted, "Enough! We have finished forever!"

"Lidya supporters are these indiscriminate, stunt minded, foul-mouthed, idiots!"

The crowd silenced for a moment, obviously angered but did not dare to yell again because of her momentum.

Sarah saw a reporter coming after Brian. She pulled up her wet hair, took out a bright red notebook from her bag, and walked over.

"Today I will send you explosive news! See if you have not seen it, my name is Sarah, this is the marriage certificate between me and Brian from nine years ago. I hope you are not blind."

"As for why I came back after the divorce. Why is there contact with Brian? It's all because of the company's cooperation. If you spread false information again, I will see you in court!"

The reporters also looked at each other.

Nine years ago, Brian and Lidya had not been related in any way. It was only five years ago that the two talents were secretly photographed before Lidya gave birth. It turned out that it was the master who was labeled as a “minor.”

Besides, Brian is here, this woman should not dare to cheat.

Sarah had just walked a few steps, and suddenly her lower abdomen was in pain again. She couldn't support it, and her face became paler. Before Brian came forward, she suddenly fell to the ground.

Brian immediately kicked the reporter who squeezed to his side and hugged her to the car.

As a result, the media knew that he seemed to attach more importance to his ex-wife.

Brian took Sarah to a private medical clinic. The doctor gave her an injection and filled her with medicine before she woke up.

When she opened her eyes, Brian was wiping her hair, and the scratches and bruises on her arm were also medicined.

Sarah unnaturally broke away from his embrace and did not look at him.

“Does it still hurt?”

Brian saw that she was still clutching her lower abdomen, and then covered her big hand and gently rubbed it to relieve her pain.

“I don't need you to bring me here because I hate your pity.”

Brian did not respond and poured a cup of hot water for her.

Sarah said again: "I will write an email to the headquarters immediately to apply to return to Country."

Brian's eyes darkened, "Don't go, you and Tracy must stay here."

"Why?"

Brian Looking at her affectionately and depressively, "You are my wife, and Tracy is my daughter."

Sarah's pupils shrank, how did he know Tracy's biological identity?

Brian strung her hair together, "Five years ago, I treated you so badly, so don't leave. I am willing to spend all my time alive to make up for you mother and daughter, Sarah, I love you."

Sarah felt funny, did she misheard it? Brian even said "love"?

"You love me? Because you know that I gave you a daughter? Then you don't love Lidya?"

Brian denied, "I have never loved her."

Although he was married to Sarah in secret to help Lidya Paving the way in Davidson's house, he knew in his heart that he hadn't loved Lidya so ardently, and his heart was only beating for Sarah.

Over the years, his originally frozen heart has long been broken by Sarah.

When he knew Tracy was their daughter, he was really...happy and almost wanted to laugh out loud regardless of the image he carries.

But what Sarah spit out, poured cold water on his head.

“So? You said to compensate me because you want to marry me again? What can you guarantee for that? You now have a son with Lidya. If I want all of your Davidson family property as a gift, it won’t leave a penny for your son?”

“And Mrs. Davidson, you have respected this mother since you were a child. If it forces her to death, you would marry me still desperately?”

“Brian, you are really naive.”

Sarah’s words were factual, and Brian couldn’t refute it.

The Lady Serena almost died in childbirth in order to give birth to him. Although she recuperated afterward, her body was severely injured and she had no children anymore.

Although Brian was a man of opinion, he would always consider his mother’s feelings in major events, and it was precisely because of this that he had not driven Lidya out of the Davidson family.

Thinking of this level, Brian fell into deep thought.

After a long time, he slowly spits out, “Three days from now, I will give you the final answer.”

## Chapter 25

He left the light that inadvertently ignited in Sarah’s eyes died.

Since he’s not sure of his choice, why should he provoke her again?

On the Internet, the video of Sarah at the entrance of the hospital was madly circulated 10,000 times within ten minutes. In a short time, the Internet exploded.

Many people went to the website of Lidya's studio to comment and scold her for using the kindness of fans and shame her. Some even burned all the posters of Lidya live.

The Jin Group, which is far away in another country, also expressed its stance and canceled the cooperation with Lidya.

The original perfect plan became her complete annihilation, and Lidya's agency also proposed to terminate the contract. If she wants to stay in the entertainment industry, she must have Brian come forward to relieve her!

Lidya thought about it, she could only ask Lady Serena!

When Brian came back, Lidya was massaging the Lady Serena, and she was a little panicked and nervous when she saw him.

"Mom, I'm going upstairs."

Lady Serena opened her eyes, "Stop."

Brian stopped, "Something?"

Lidya's strength did not stop, and her ears stood up straight.

"Is that woman Sarah?"

Brian deepened his eyebrows, "Yes."

Mrs. Davidson stood up too abruptly, "I tell you, except Lidya, I don't want to admit other daughters-in-law into this house. Sarah? just don't even think about it! Brian, I brought you for so many years, not to let you marry this kind of woman!"

She said angrily and threw an expensive celadon teacup.

Brian stared sharply at Lidya, he naturally knew that she was doing the ghost, “Lidya, if you don’t want to implicate the child, don’t use these tricks.”

Lidya heard this, her tears fell away. When it came down, the crying eyes brought rain, which made the Lady Serena feel even more distressed.

“Brian! You rebellious son! Why, do you even dare to move my grandson now?”

Brian frowned displeased, “I have a daughter with Sarah.”

Lady Serena immediately choked back. “your daughter? daughter what’s the use? do you want me to watch going all the possessions out of the hands of my family? Sooner or later going to marry a girl out of it!”

“Not a bad idea.”

“you give I get out!” Lady Serena trembled all over.

It was because of that bitch Sarah that her always proud son became like this!

“I can leave. As for helping Lidya restore her reputation, I am not interested.”

As soon as he was about to step out of the hall, Ervin rushed down from the stairs and hugged his thigh, “Dad! Don’t go!”

Ervin’s eyes were dim. “I don’t want to be without Mom and Dad, please don’t go, why don’t you like Mom!”

Brian sighed unconsciously, and for the first time touched his head affectionately with a big palm, “As a man of Davidson Family you are not allowed to cry.”

Ervin was stunned. For the first time, he saw kindness and closeness in his father's eyes.

Under such gaze, he couldn't help letting go, watching Brian leave.

Behind him, Lidya saw that this little counseling bag hadn't done a good job, and even changed her eyes, fierce and angry.

When the Lady Serena turned around, she just had no time to cover up, and immediately made the old lady suspicious.

"Why, what do you mean? you don't have the ability to keep Brian's heart, so you have to blame this old woman and Ervin a child for not being useful? Lidya, it seems that I have always been pretended to be deceived by you Oh, you are not a fuel-efficient lamp!"

Lidya bit her lip, not daring to refute.

Lady Serena sneered, "Fine, I've been so downhearted at such a young age. As long as he doesn't marry Sarah, Ervin can stay with me. He can do whatever he wants, and I won't let you use him stupidly!"

After speaking, she took Ervin upstairs.

Lidya was going crazy, not one but two betrayed her at this time! Who else does she rely on? By the way, she still has money, and she can find someone to kill Sarah!

After going upstairs, she made a trembling phone call, "It's me, haven't you come back...okay! I'll pay you one million in advance. I want to see the bodies of both of them within three days!"

In the small attic in the backyard, Davidson the old lady sat in front of the night light and stayed up all night. In the morning, she called the butler and ordered some things.

“In any case, she also gave birth to a child for Brian... In the past few years, she has become more of a believer in the Buddha after I am old. The Bodhisattva does not allow me to kill, so you just need to send the mother and daughter out of the city and make sure they don’t just come back again.” After the housekeeper left, she twisted the beads in her hands and sighed heavily for a while.

The door to the side room was ajar, and Ervin heard the conversation between the master and servant and immediately went back to the room to edit the text message.

In the hotel’s private room, Tracy, who was packing her small suitcase, saw the phone rang and put down her things.

“How are you and your mother? Are both safe?”

Tracy held her phone in a daze.

They are just five years old. Why is he sending a text message? Nevertheless, she can only understand a few words.

Ten minutes later, Ervin received a voice reply.

“Mr. Davidson, the queen horse you are talking about is that breed of horse? Why haven’t I seen it?”

Ervin raised his forehead and roared helplessly and clicked the voice call.

“Why are you so stupid! I want to tell you and Auntie, don’t go out, someone wants to hurt you!”
