

You Owe Me, My Love Chapter 51 - 52

He slowly advanced towards her lips.

That got Bai Rong flustered. She pushed his arms aside and freed herself. "Errr... "

Bai Rong was feeling very uneasy. Still wrapped only in a towel, her mind was in a turmoil and she didn't know what to say.

Gu Mingchen wasn't saying anything either. He was observing her unease with a thoughtful look in his eyes.

"I want to get dressed. Can you..." Bai Rong said, as she turned around.

Gu Mingchen was already standing behind her.

Bai Rong had a shock. She instinctively took a few steps back and sat down on the bed.

Gu Mingchen inched closer.

While she was pushing the man away, she could feel the rhythm of his beating heart through his muscular chest. Her fingers trembled along.

"You what? Just change here. It's not as though I've not seen it before. Do you want me to help you?" Gu Mingchen asked.

The tone of his voice was intimate, and his gaze seemed to be penetrating through her. Bai Rong could feel her chest constricting from the pressure coming from him.

"No, that's not what I meant!" Bai Rong clarified nervously. Her face was already flushed from the awkwardness she felt.

"Then what do you mean?" Gu Mingchen asked her.

"My friend is just playing a prank on me. Even though my husband is fooling around with other women, I have no intention of taking revenge by doing the..." Before Bai Rong could complete her sentence, Gu Mingchen's lips were already on hers.

His kiss was forceful and domineering, and Bai Rong tried to move backwards to break the kiss.

Gu Mingchen took this chance to pin her on the bed.

Bai Rong was unable to move at all as Gu Mingchen held her down by her shoulders. She pursed her lips into a thin line.

Gu Mingchen creased his brows. He wasn't happy with her resistance, and his hand, that was already on her thigh, started travelling slowly upwards.

She quickly realized what he was doing and tried to push his hand away. However, he grabbed her hand with his other hand and pinned it over her head.

"Don't..." do this.

Before Bai Rong could say those last two words, Gu Mingchen was already kissing her passionately. He found her tongue and was stroking it with his.

Bai Rong felt the tip of Gu Mingchen's tongue and tried to push it away with hers. But that gave him the opportunity to suck her tongue into his mouth instead.

Bai Rong was so occupied with escaping from Gu Mingchen's mouth that she didn't realize what was going on below.

Suddenly, she could feel an electric current pulsing through her body, all the way up to her brain.

She could hardly believe that he had already...

Bai Rong felt so embarrassed that she was unable to form it in words.

Apart from that mysterious man three years ago, Gu Mingchen was the first person who had touched her there.

It was a feeling that Bai Rong couldn't describe. There was an unfamiliar sense of passion and intimacy.

After all, she was already twenty-four years old, and not fourteen. That was an extremely sensitive area to a fully grown woman.

Bai Rong wanted to push Gu Mingchen's hands away but was unable to move.

She wanted to tell him to stop but his mouth was still on hers.

Despite Bai Rong's attempts to stop Gu Mingchen, she felt more and more sucked into that strange territory of passion.

"Is this our room? Why is there a broomstick stuck to the door? Is someone playing a joke on us..." Bai Rong could hear Xing Jinnian's coquettish voice outside the room.

Her eyes widened. Why is she outside the door?! Bai Rong thought.

Didn't that room belong to her and Liu Yan?

If they witnessed the scene in the room right now...

Bai Rong couldn't even imagine it.

As Bai Rong was struggling to get out of Gu Mingchen's grip, she heard the sound of the broom being pulled out from the door handles.

The next moment, the door opened.

Su Xuyan walked in with Xing Jinnian.

Bai Rong scrambled to hide under the bed. She held her breath and did not dare to move an inch.

Xing Jinnian couldn't wait for another second to kiss Su Xuyan, and they plopped into the bed the next moment.

Bai Rong could clearly feel the bed vibrating.

Xing Jinnian and Su Xuyan's clothes were dropped onto the floor, piece by piece, including their underwear.

Xing Jinnian's passionate moans filled the air and Bai Rong flushed with embarrassment.

Bai Rong couldn't believe what was happening. She was hiding under the bed that her husband and sister were banging each other on.

Bai Rong wouldn't have been too bothered if she was the only one under the bed. She could have passed it off as watching a free performance. The problem was, Gu Mingchen was there with her.

It made Bai Rong feel shameful that he was witnessing this with her.

"Xuyan, so when will you be divorcing my sister?" Xing Jinnian spoke between breaths.

Piak! Su Xuyan slapped Xing Jinnian's bottom. "Change a pose, my little devil." He said in a hoarse voice, avoiding her question.

"If you don't divorce her, then what are we?" Xing Jinnian continued coquettishly.

"Aren't we very happy right now?" Su Xuyan replied.

Bai Rong could feel the bed vibrating faster and more intensely. The awkwardness was making her increasingly nervous and she started biting her nails.

"Hmpf! But I want a proper title!" Xing Jinnian refused to budge.

"Although Bai Rong is officially my wife, we haven't even slept together yet. Don't you think the way we are now makes things more exciting and makes us desire each other more?" Su Xuyan pacified her in a smoky voice.

Bai Rong was feeling utterly embarrassed by now, and did all she could to avoid looking at Gu Mingchen.

But Gu Mingchen held her chin and forced her to face him.

Bai Rong's gaze met his desirous, longing eyes and her heart did a double somersault.

Gu Mingchen lowered his head and kissed her lips.

Although he had already heard from Liu Yan about Su Xuyan and Bai Rong only had an empty shell marriage, to hear it from Su Xuyan created ripples in Gu Mingchen's heart.

Bai Rong could feel Gu Mingchen's breathe getting heavier as his kisses deepened, invading the whole of her.

Her quivers were getting more intense but she could neither push him away nor make any sound.

On the other hand, Su Xuyan and Xing Jinnian were getting louder and louder.

Bai Rong was feeling so warm under the bed that she was unable to think at all.

Gu Mingchen lifted her right leg and propped up on his shoulder. His hands traced up her thigh...

Suddenly, Bai Rong saw a flash of white light in her eyes. A feeling that she had never experienced before surged through her.

It was a good thing Gu Mingchen was covering her mouth, otherwise, she would definitely have let out a loud cry.

Although Bai Rong never had that feeling before, she was well aware of what it was.

Bai Rong was so embarrassed that she felt like digging a hole and hiding in it.

She had never imagined that she would be doing this with Gu Mingchen.

Gu Mingchen noticed Bai Rong's reaction and did not go any further. He held her waist and pulled her into his arms, and nibbled gently on her earlobes.

Bai Rong was still feeling wobbly and had not fully returned to her senses, so she did not react to Gu Mingchen's kisses.

"Eh? Where did the broom go?" Bai Rong suddenly heard Liu Yan's voice.

She got a shock and pushed Gu Mingchen away.

"You're getting rid of me after enjoying huh?" Gu Mingchen whispered into her ears in a hoarse voice.

"I'm not! Liu Yan is here." Bai Rong explained.

But she regretted saying that at once. She realized what she just said could imply that if Liu Yan had not appeared, she would have made sure Gu Mingchen had his share of enjoyment too.

She must be crazy. Definitely crazy.

Bai Rong buried her face into his chest. She might as well play dead.

Liu Yan opened the door and was shocked to see Su Xuyan and Xing Jinnian on the bed.

She walked out of the room to double check the room number. It was the correct room.

How did Bai Rong and Gu Mingchen become Su Xuyan and Xing Jinnian?

She must have been imagining things.

"Get out now." Su Xuyan threw a pillow towards Liu Yan. He had not yet finished and was feeling very frustrated by Liu Yan's intrusion.

Liu Yan pushed the pillow aside. As her irritation flared, she glowered at him and said, "I think you guys are the ones who should get out instead. This is my room."

Xing Jinnian covered herself up with the blanket and said, "Who says it's your room? It's ours. Get out now!"

Liu Yan's anger was roused just by the sight of Xing Jinnian. "Ha. Where did you even get the nerves to ask me to leave? You don't even own the man you are having fun with right now. You're just a slut." Liu Yan said disparagingly.

"Who did you just call a slut?" Xing Jinnian was furious. "Xuyan and Bai Rong are getting divorced soon. I am his future wife."

“Oh, so you know that it is in the future. That means it hasn’t happened yet. Why don’t I take a picture of you guys right now? I’m sure that will help with the divorce process.” Liu Yan said, as she took out her phone.

You Owe Me, My Love Chapter 52

Su Xuyan immediately took a huge stride towards Liu Yan and snatched over her phone. He was livid with rage. “Nian, put on your clothes. We’re leaving.” He said.

“Why should we leave?” Xing Jinnian was feeling unjust.

“Just do as I say.” Su Xuyan said in a low voice, while he looked towards Liu Yan with a menacing look in his eyes. His mouth curved into a cold smile.

Liu Yan could feel a shiver run up her spine.

Hit by a sudden realization, she facepalmed herself.

I’m such an idiot! I should have taken their photo secretly! Liu Yan thought. But... Where did Rong and chief go?

While Su Xuyan picked up the clothes that were strewn across the floor, Bai Rong was shaking with nervousness. She was so worried that he would see them as he bent down to pick up the clothes.

Luckily, he didn’t. Su Xuyan walked out of the room after he collected the clothes.

“Give me back my phone,” Liu Yan said to Su Xuyan angrily.

After Su Xuyan made sure that Liu Yan did not take any photos of him, he threw her phone back to her.

Liu Yan called Bai Rong immediately.

Bai Rong’s phone, which was still placed on the table, started ringing.

Liu Yan found her phone but she did not see anyone in the room.

After Liu Yan hung up, she walked out of the room and closed the door behind her. Then, she realized she could also call Gu Mingchen, and dialed his number.

Gu Mingchen's phone started ringing the next moment.

If Liu Yan walks in again now... Bai Rong had an urge to dig a hole and hide at that thought.

She crawled out from underneath the bed and ran straight into the bathroom.

Gu Mingchen answered the phone.

"Chief, did you see Rong?" Liu Yan asked with concern.

"Yes." Gu Mingchen replied.

"Where is she? I couldn't find her in the room." Liu Yan was confused.

"She's with me now. We will be leaving together shortly." Gu Mingchen said in his deep voice.

"Oh, leaving together? That's great! You really should take action soon. Su Xuyan just made her a cuckold!" Liu Yan urged.

"OK." Gu Mingchen said simply.

His deep and husky voice was so full of masculinity that even caused Liu Yan's heart to skip a beat.

"Then I shall not hold you up anymore. All the best!" Liu Yan hung up the phone, unable to contain her excitement.

"Liu Yan, long time no see." A man, wearing a fox mask, was standing in front of her.

Liu Yan furrowed her brows as she recognized his voice. It belonged to the man who was sitting next to number ten just now.

"Who are you?" Liu Yan asked in suspicion.

Shen Yiyang removed his mask. A grin appeared on his charming face.

Liu Yan could never forget that distinctive look. It was devilishly beautiful, almost enchanting. It was a look that was almost impossible to comprehend. One couldn't tell if he was good or bad just by looking at him.

It was Shen Yiyang, who terrorized her childhood.

He was the son of the commander-in-chief, the prince.

Shen Yiyang's family had moved out of their residential estate after his dad got promoted. Liu Yan thought she would never see him again and was so happy she felt as though she would die of joy.

Seeing Shen Yiyang was definitely not good news.

"Sorry, I think you got the wrong person." Liu Yan said as she walked passed him.

Shen Yiyang's lips curled upwards as he replied, "No worries. I don't think I did."

Liu Yan pretended not to hear him and continued walking. She had a bad feeling about it. She needed to escape ASAP.

Bai Rong only realized that she left her clothes outside after she was in the bathroom.

She opened the door slightly and looked through the slit. There was a tall figure in front of her.

Before Bai Rong could process that, Gu Mingchen opened the door.

She was speechless.

Gu Mingchen's straight statue stood tall directly in front of her.

Bai Rong did not dare to meet his gaze and looked towards the floor.

"Don't you think you are very childish?" Gu Mingchen asked her.

"My clothes are still outside." Bai Rong said meekly as she recalled what had just happened under the bed.

"Come out and get it then." Gu Mingchen said in a commanding voice.

Bai Rong rummaged through her suitcase. After grabbing an outfit, she rushed back into the bathroom again.

He picked up her underwear that she had dropped on the floor, and knocked on the bathroom door.

Inside, Bai Rong was wondering where her underwear had gone to. She remembered taking it.

Bai Rong opened the door when she heard the knock.

As Gu Mingchen passed Bai Rong her underwear, her face flushed with embarrassment.

She hurriedly grabbed her underwear from his hands and locked the door again.

When Bai Rong saw her face in the mirror, it was bright red.

She kept splashing water onto her face to cool down, and also took a few deep breaths.

Bai Rong was very confused about her relationship with Gu Mingchen now.

It was definitely more than a friendship, but they were not officially in a relationship. Almost lovers?

After she calmed down, she got dressed and finally left the bathroom.

Gu Mingchen stubbed out his cigarette and walked into the bathroom. He turned on the tap and started washing his hands.

Bai Rong's eyes drifted to his hands, and she suddenly realized that they were beautiful. He had long and broad fingers that looked strong.

If she remembered correctly, he had not really gone deep inside before she...

"What are you thinking about? Let's go." Gu Mingchen's voice brought back Bai Rong's wandering mind.

Bai Rong snapped out of her daze and asked, "Where are we going?"

"Su Xuyan and Xing Jinnian are here. Do you still want to stay?" Gu Mingchen said in his deep voice.

Indeed, it made more sense to leave.

"I'll ask Yan to leave with us." Bai Rong said, as she walked towards the door.

"Isn't she here for the blind date event?" Gu Mingchen grabbed her arm.

"Oh. Then I'll just let her know that we're leaving first."

"I've already mentioned it to her. I need you to do something for me." Gu Mingchen said, as he picked up Bai Rong's mask from the table and put it on her face.

"What?" Bai Rong was caught by surprise at Gu Mingchen's sudden change of topic.

"During the Gray Wolf military exercise, there was an explosion that caused number 108 to lose his legs. I was supposed to visit him today. His wife just got pregnant so I was supposed to bring a gynecologist along." Gu Mingchen said as he put on his own mask.

His excuse sounded so real that anyone would have believed him.

As Bai Rong owed him a lot, Gu Mingchen knew she wouldn't reject him if he needed help.

She followed him into his car and they drove off.

Bai Rong took off her mask and looked out of the window.

As she looked towards the vast, calm ocean, she realized how insignificant she was. All her troubles and worries seemed even smaller at that moment.

She was glad that her marriage with Su Xuyan was finally coming to an end.

"So... did it feel good just now? Gu Mingchen asked with a strange blush of red appearing on his face.

Bai Rong did not know what to say and tugged awkwardly at her seatbelt.

If she said she didn't enjoy herself, that would be lying. She had already... how was it possible to not enjoy?

But if she admitted that she did enjoy it, it would seem too sexually implicit.

"Err... will you get into any trouble because of that accident at the military exercise?" Bai Rong decided to change the topic instead.

"I have gotten that under control. We'll definitely be able to catch the culprit within one week." Gu Mingchen replied.

"That's good." Bai Rong heaved a sigh of relief.

Gu Mingchen looked at her and took her hand in his. "You're my woman now. You should know what to do if you see Su Xuyan again, right?"

When had she become his woman?!

Bai Rong pulled out her hand. With her eyes downcast, she said softly, "I'm still not officially divorced yet."

"Your marriage to Su Xuyan is only an empty shell marriage. I'll help to settle your divorce right after I catch the culprit. One month is too long." Gu Mingchen said domineeringly.

But Bai Rong did not want to rush into a new relationship so soon.

She wanted to enjoy the single life for a while in order to get over the past completely.

"I just want to focus on work now." Bai Rong told Gu Mingchen honestly.

A trace of displeasure flashed across Gu Mingchen's eyes. "You are already my woman. Don't you think it's a little too late to tell me you want to focus on work?"
