

Chapter 656 Nothing Wrong with Some Misdemeanors

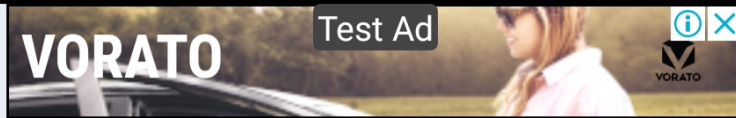

Even so, Huangpu Dao felt extremely shocked. There was a 28-year-old who was already in the ultimate-tier of the Heavenly Realm—what did this mean?

He couldn't be described as a genius anymore—he was a monster that went against all laws of nature!

However, he was also the Military God in China, so he had been through a lot. He was even known to be a legendary hero. Hence, his calmness and tranquility was way ahead than that of the ordinary person, so in no time, he had calmed himself down immediately. Though he was still shocked internally, he had regained his composure. He looked directly into Shangguan Weian's eyes and asked, "Shangguan, are you kidding? A 28-year-old master in the ultimate-tier of the Heavenly Realm—he is almost akin to a monster that has ignored all laws of nature!"

Shangguan Weian nodded vehemently. "Huangpu, when have I ever lied to you? His name is Lin Wenjing, and he's a native of G Province in Hua City. You might not even believe this—he has only reached the Pinnacle Realm two years ago. In just two years, he has grown from an ordinary person in the Pinnacle Realm to a master of the ultimate-tier of the Heavenly Realm!"

Upon hearing this, Huangpu Dao became even more amazed. As the Military God of China, he couldn't imagine how much talent and

## Chapter 656 Nothing Wrong with Some Misdemeanors

opportunities this man had to be able to break into the ultimate-tier of Heavenly Realm in just two years.

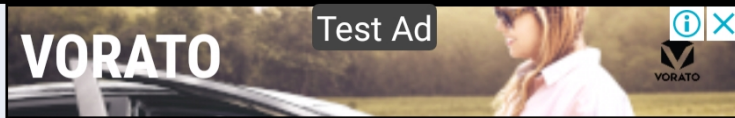

If Shangguan Weian were not the person who broke this news to him, he would not have believed it, for it was beyond his level of understanding.

Not only Huangpu Dao, but more than 30 masters of the Heavenly Realm who were present were shocked after listening to their conversation, and they were even embarrassed of themselves. In comparison, the difference between them and Lin Wenjing was too big.

After a long silence, Huangpu Dao sighed heavily. "It seems like I'm not open-minded enough, and I've underestimated everyone in the world. A master who has already reached the ultimate-tier of the Heavenly Realm at 28. Before he becomes 40, as long as he doesn't die, he will definitely be able to break through to the Immortal Realm. I didn't expect that China would be able to produce such an extraordinary person. This is the blessing of our country!"

Upon realizing this, the Military God, Huangpu Dao, said, "Such an extraordinary genius must not be allowed to join the foreign forces, for that would be a fatal blow to our country!"

Shangguan Weian said quite bitterly, "Well, I don't think he will be joining any foreign forces. I have

### Chapter 656 Nothing Wrong with Some Misdemeanors

looked into his background—he is a nationalist, and he has even killed many foreigners for his compatriots."

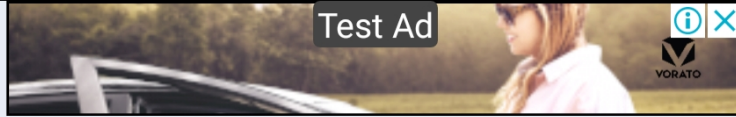

Huangpu Dao rejoiced, "This is a good thing. No matter what method we use, we must have him at our side to serve the country."

This was something they had to do without a doubt. Based on Shangguan Weian's temperament, he would definitely do this. However, he became abnormally silent at this moment, and there was a trace of helplessness and bitterness on his face. Seeing his peculiar expression, Huangpu Dao asked, "Shangguan, did this genius make a mistake?"

Shangguan Weian nodded. "Huangpu, to be honest with you, this genius joined Yellow Thearch Group some time ago and became an instructor. He also carried out some missions for the organization. Unfortunately, he has made a mistake."

Huangpu Dao raised his brows. "Shangguan, just go straight to the point. The fact that you're coming to me now shows that this genius did not commit treason, and that there is still a chance for him to turn over a new leaf."

Shangguan Weian stopped being secretive at once and nodded. "You are right. This young man participated in the mission of obtaining the Colorful-origin Fruit a while ago, and he was the

## Chapter 656 Nothing Wrong with Some Misdemeanors

first to obtain it. However, he privately consumed it and didn't hand it over to the organization, thereby disobeying the mission. I believe that the reason he is able to break through from the top-tier of the Heavenly Realm to the ultimate-tier in such a short period of time is because of the Colorful-origin Fruit he has eaten. This young man is a genius, but precisely because of that, he is too arrogant and ignores the dignity of the country."

After listening to that, Huangpu Dao fell into silence.

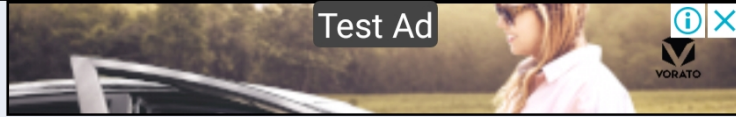

He frowned slightly and tapped the back of his hand lightly, deep in his thoughts.

Shangguan Weian didn't interrupt him either. He was positive that Huangpu Dao had understood what he meant by now.

After nearly a minute, Huangpu Dao asked, "Have you ever investigated the reason he disobeyed the military orders and ate the Colorful-origin Fruit? What was his purpose?"

This question threw Shangguan Weian off guard for a moment. "Do we still need to investigate this? The Colorful-origin Fruit is the treasure of the heavens and the earth; it is the ultimate treasure for any human being, and even more so for a master of the Heavenly Realm like Lin Wenjing. It was very alluring to him because it could make him much stronger. He was able to break into the ultimate-tier of the Heavenly Realm largely

## Chapter 656 Nothing Wrong with Some Misdemeanors

because he has swallowed the Colorful-origin Fruit."

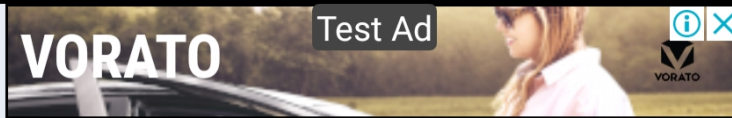

According to this logic, there was nothing wrong with what Shangguan Weian had said.

However, Huangpu Dao shook his head. "I don't think it was that simple. Since this young man has trained until he reached the top-tier of the Heavenly Realm in two years, it means that he is extremely smart and talented. It is impossible for him not to know the consequences of what he did. Besides, after he was 'resurrected from the dead', he did not escape the country immediately; instead, he came back righteously, indicating that he had some reasons for doing that. Perhaps he is waiting for you to send someone to find him."

As Huangpu Dao elaborated, the sparkle in his eyes became brighter as he looked more excited. "This young man is quite interesting. I am really interested in meeting him."

Shangguan Weian was not a fool; on the contrary, his IQ was extremely high, and it even surpassed most of the masters' in the Heavenly Realm. Otherwise, he would not have been able to reach the status he had today as a mortal. He immediately asked, "Huangpu, according to you, this young man might have had some valid reason for doing what he did, right?"

Huangpu Dao explained, "I am not so sure if he had any valid reasons. But according to my

## Chapter 656 Nothing Wrong with Some Misdemeanors

judgment, he must have had a basis for doing this. Moreover, he is now waiting for you to send someone to reach out to him. This young man is a great talent!"

Huangpu Dao made no secret of his appreciation for Lin Wenjing.

After giving it some thought, Shangguan Weian said, "Huangpu, disobeying the military order is a capital crime. Do you think we can let him go just like this?"

It was a serious question, but Huangpu Dao laughed out loud. "Come on, Shangguan! Stop your act. If you didn't have the intentions to let him go, you wouldn't have come to me. For a genius like him, as long as he doesn't betray the country, such misdemeanor is nothing! Back then, I disobeyed your orders many times. But look—were you willing to sentence me to death? Hahaha!"

Shangguan Weian also laughed after hearing this while reminiscing about their glorious days many years ago. At that time, Huangpu Dao was also a bright young man with an unruly personality, and he also often defied the military orders, infuriating the rest of them.

"*Hmph!* Aren't you ashamed of it? Back then, I was implicated in your wrongdoings and helped to clean up your mess numerous times!" Shangguan Weian growled sternly, but he laughed out loud after that.

Then, he directly said to the person next to him, "Ask someone to investigate Lin Wenjing's reason for doing that and bring him over."

"Yes, sir!"

Two subordinates in the top-tier of the Heavenly Realm then left after taking the orders.

## Chapter 657 Middle School Classmates

For the past two days, Lin Wenjing had led a peaceful life. Even though his life was back on track, he did not put his guard down because he knew that this was just the calm before the storm. After all, there were many challenges waiting for him in the future.

He had now stabilized himself in the ultimate-tier of Heavenly Realm, and 80% of the life source of the Spirit Fruit in his body had also been digested. As soon as the remaining 20% was digested, he would reach the Immortal Realm. By then, even if Jian Rushuang came to pick a fight with him, Lin Wenjing would be able to fight him on an equal footing, and he might even be able to defeat him!

The previous humiliation that he suffered would then be revenged!

At the current moment, he had handed over all his power to Jiang Liqun, Wang Yunqian, and Han Kunpeng to operate his business empire like a huge machine that was running fast in the background.

It was not an exaggeration to say that Lin Wenjing was now the richest man in G Province, and that his assets were still increasing. Over time, it would not be impossible for him to become the richest man in China.

Of course, for him, wealth was just a number now. What he wanted more was to have greater strength to protect the people around him.

Now that Lin Wenjing had returned even stronger—having defeated Zhong Tao and Fang Xingping with his own power—everyone was terrified of him. They also knew that he had reached the ultimate-tier of the Heavenly Realm. Hence, no one in the entire G Province dared to fight him anymore.

Instead, here were countless people who wanted to suck up to him.

Moreover, Lin Wenjing was not just a simple martial arts practitioner. With his business empire, no one even dared to provoke him. Even the three major leaders Lin Wenjing had appointed had also become prominent figures in town.

Countless people regretted that they didn't follow Lin Wenjing and become his executive. If that had happened, they would have had tremendous improvements in their life by now.

However, there was nothing one could do about what-ifs. What they could do right now was to please Lin Wenjing as much as possible. Though they couldn't be the help he needed back when he was in trouble, at least they could add more value to his current prosperity.

However, it was strange that even though Lin Wenjing had become the top person in G Province, he still lived a simple life. He never wore any designer clothes, didn't like driving a luxury car, and he didn't even hire any bodyguards. Anyone

who didn't know him would never have thought that he was a prominent figure who could shake the entire G Province up by just snapping his fingers.

Well, he was not deliberately pretending to be a normal person; he was already accustomed to minimalism, which was what he was most comfortable with.

Both Wang Yunqian and Han Kunpeng had strongly suggested he should wear the most expensive brand in the world and drive the most expensive car instead of an electric scooter, judging on his status now. His image right now didn't suit his identity at all.

However, Lin Wenjing refused without any hesitation. For him, he didn't need to show off this way. On the contrary, this would bring unnecessary trouble to him. The most important thing for him was to live comfortably.

"Oh, Chairman Lin is really unpredictable!"

In Purple Jade Studios, Wang Yunqian and Han Kunpeng sighed helplessly as they watched Lin Wenjing riding away on a small electric scooter. They couldn't really understand what Lin Wenjing was thinking.

According to the thinking of normal people, the reason they strived so hard was to live a better life and be able to afford luxurious materialistic items.

However, for Lin Wenjing, there was no difference in his lifestyle regardless of if he had money.

Han Kunpeng lamented, "Chairman Lin is a god-like incredible man, so his thoughts are naturally beyond our abilities to speculate. Perhaps this is also his way of cultivation!"

Wang Yunqian smiled bitterly. "The key is that the frivolous way Chairman Lin lives makes it embarrassing for us, as his subordinates, to be too ostentatious. I originally wanted to upgrade my car to Rolls-Royce, but seeing that Chairman Lin is still using a small electric scooter, I was too embarrassed to do that. Now, I don't even dare to drive the Bentley that I used to own. In fact, I'm ready to sell it and change it to a small BMW."

Han Kunpeng was taken aback upon hearing that. "Based on what you say, I should change my car too."

"It's better if you change it," Wang Yunqian suggested solemnly.

Lin Wenjing didn't know that his small electric scooter had caused his long-time subordinates, Wang Yunqian and Han Kunpeng, to have so many thoughts about it.

At this moment, he was riding his small electric scooter back home leisurely. This was enough to make him feel relaxed. On top of that, the sunlight that shone on him made him very comfortable as

well.

Just as he was waiting for the traffic lights within the allocated lines, the windows of a Porsche next to him were rolled down, and a confused voice rang. "Lin Wenjing?"

Lin Wenjing turned his head and looked around, and he immediately saw a slightly plump man with gold-rimmed glasses, who looked familiar to him. "Do I know you?"

"Damn, it really is you! Lin Wenjing, it's been a while!" The man suddenly became excited.

Lin Wenjing was even more confused now, for he had no impression of this man. "And you are?"

The man immediately scolded angrily, "Come on! How dare you forget about me? I'm Deng Kai. We were classmates in ninth grade!"

Hearing what the man said, Lin Wenjing remembered who he was and immediately replied, "Damn, Deng Kai, it's you! I was just thinking that you look very familiar. What have you experienced in the past few years? How did you become so plump?"

It was logical that Lin Wenjing couldn't recognize him in an instant because there was too big of a difference in Deng Kai's looks right now compared to before. At that time, he was well-known for being one of the thinnest in class, and they even

nicknamed him 'Monkey'. However, he had become a lot fatter now. If it weren't for some similar facial features, Lin Wenjing would not have recognized him.

Deng Kai said happily, "This is the trait of being successful!"

At this moment, a woman's voice came from inside the car with a hint of impatience in her tone. "Deng Kai, remember who you are right now. Don't strike up conversations with some random person on the streets."

When Deng Kai heard her, a look of reverence was shown on his face, and he quickly said, "President Han, he is Lin Wenjing. He was my classmate in middle school, and it just so happens that tonight —"

Before he could finish speaking, he was interrupted by a flat voice. "The traffic light has turned green now. Go on driving."

A look of helplessness was shown on Deng Kai's face, but he didn't dare not to disobey her. After all, the light had turned green, so he had no choice but to quickly say to Lin Wenjing, "Wenjing, remember this—my number is 138\*\*\*\*\*. Be sure to call me."

With that, he stepped on the accelerator and left.

Lin Wenjing had an eidetic memory, so he

remembered that instantly.

Apart from that, the voice of the woman from the car just now was also quite familiar to him, as if he had heard it before. It was quite a melodious voice, and she seemed to be a beautiful woman.

*Could she be a former classmate of mine in middle school?* Even after thinking about it carefully, Lin Wenjing couldn't remember who she was.

Meanwhile, on Deng Kai's side, he was very fearful and respectful of the woman in the back seat.

"President Han, the man just now was also our classmate in middle school, Lin Wenjing. I remember you used to be his deskmate." He spoke gingerly.

The woman in the back seat closed her eyes and did not respond to him.

Deng Kai had already become accustomed to her indifference and arrogance, so he didn't think it was anything abnormal. After giving it some thoughts, he tentatively said, "President Han, it happens to be our class reunion tonight. Why don't we ask Lin Wenjing to join us too? He hasn't participated in anything since graduation."

## Chapter 658 The Most Beautiful Girl Back Then

Deng Kai was quite close with Lin Wenjing when they were both in school. However, after graduation, the two of them went to different high schools and gradually lost contact. Until now, Deng Kai felt it was a shame that they didn't keep in touch with each other.

From their encounter just now, Deng Kai noticed that Lin Wenjing only wore plain clothes and was driving an electric scooter under the scorching sun—he obviously wasn't doing too well.

Their old classmates who were coming to the middle school reunion tonight were all doing very well. Hence, inviting Lin Wenjing to join them might be a good opportunity for him.

More importantly, it would be even better if Lin Wenjing could impress Han Ruxin.

After all, Han Ruxin was also quite close with Lin Wenjing before. The two of them even flirted with each other for a while. At that time, they had the best grades in class and were deskmates; they were known as the perfect match in class.

As Deng Kai was working for Han Ruxin as her driver, he knew how influential she was. If she was willing to help Lin Wenjing out, he would definitely live a better life.

However, Han Ruxin remained silent, and she rested her eyes in the backseat, as if she didn't want to deal with this. Deng Kai sighed internally

Chapter 658 The Most Beautiful Girl Back Then

and didn't speak any more, feeling sorry for Lin Wenjing. It seemed that Lin Wenjing did not have the luck.

Just when Deng Kai was about to give up, Han Ruxin's voice finally came from behind. "Was he driving an electric scooter just now?"

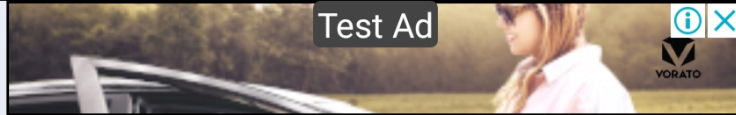

Taken aback, Deng Kai froze for a moment before quickly replying, "Yes, that's right. He was driving an electric scooter just now. Maybe he hasn't been doing well these years."

Han Ruxin opened her eyes and uttered flatly, "He is from the Lin family. Why did he become so miserable?"

"I honestly don't know. Maybe he's had some bad luck," Deng Kai said tentatively while shooting a glance at Han Ruxin secretly through the rearview mirror. However, he didn't dare to let his gaze linger for too long for fear of being discovered by her. After spending so many years with her, he knew that Han Ruxin was a very powerful woman who had an innate contempt for men whose status was not as good as hers.

There was a sparkle in Han Ruxin's beautiful eyes before she spoke. "In this case, ask him to come over tonight."

Deng Kai was overjoyed upon hearing that. "That's great, President Han. I'll thank you first on Lin Wenjing's behalf!"

## Chapter 658 The Most Beautiful Girl Back Then

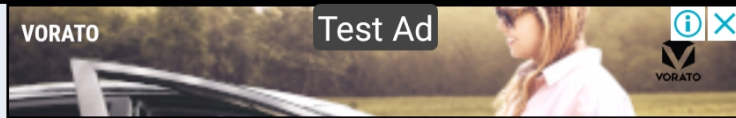

Han Ruxin looked out the window with a dreamy expression in her eyes, as if she remembered her life in middle school many years ago.

She hadn't heard the name, Lin Wenjing, for a long time. But now, when she heard this name suddenly, memories flooded her thoughts immediately.

Back then, she and Lin Wenjing were very close, and they were always competing in their studies. After school, they often went home together. In the tenth grade, Lin Wenjing even got into a fight for her sake.

In fact, she had a secret that she had never told the other classmates—she had a crush on Lin Wenjing back then, but he had never been attracted to her. There was a time when she could not hold back anymore and confessed her love to Lin Wenjing, but he rejected her without thinking twice with the reason that studies were more important. However, she clearly knew that this was just an excuse. In reality, Lin Wenjing must have looked down on her. After all, she was just a girl from an ordinary family; her status was completely different from a rich young master like Lin Wenjing.

She would never forget about the pain she felt back then, which had become the motivation for her to strive. After graduating from middle school, she entered the best high school in her province and attended a prestigious university. In the few

## Chapter 658 The Most Beautiful Girl Back Then

years after graduation, she made use of the skills that she had to earn a lot of money quickly. Now, she was already the chairman of several companies.

However, Lin Wenjing had become much worse—he now had to drive an electric scooter. Han Ruxin wondered what his expression would be when he saw her current success at the class reunion tonight.

She even began to look forward to it.

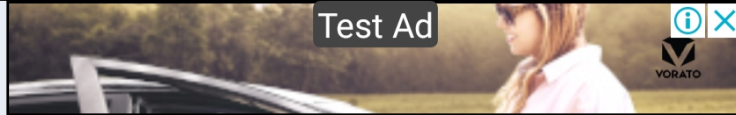

Meanwhile, after Lin Wenjing reached home, he used his cell phone to send a message to Deng Kai. After a while, Deng Kai called him up. "Hey, Wenjing, you have finally given me a call! I thought you didn't remember my number!"

Lin Wenjing smiled and replied, "Your number is quite easy to remember."

Deng Kai chuckled happily. "Of course. I bought this number for tens of thousands of dollars. It has to be easy to be remembered."

Then, Lin Wenjing and Deng Kai had some small talk on the phone. Deng Kai said straightforwardly, "Hey, Wenjing, let's talk business—there will be a middle school reunion for our class tonight, and many of our ex-classmates are going to attend. Do come join us!"

"Class reunion?" Lin Wenjing was taken aback

## Chapter 658 The Most Beautiful Girl Back Then

when he heard that, feeling quite surprised. Over the years, he had participated in Chu Ling's class reunion, but he had never participated in his own class reunion. It was not because he was aloof, but because he and his former classmates had lost contact.

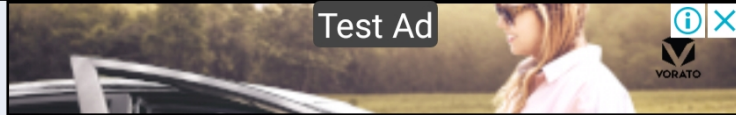

If he didn't meet Deng Kai by chance today, he probably would never see these old classmates in his life again.

"Yeah, class reunion!" Deng Kai invited him cordially to join. "In fact, we hold a class reunion every year, but it was held in other cities before. This year, Han Ruxin suggested for it to be held in Hua City. Otherwise, I would not have run into you! Fate has brought us together! By the way, do you remember Han Ruxin? She used to be your deskmate."

*Han Ruxin...* Hearing the name, Lin Wenjing took a trip down memory lane and remembered instantly that he and Han Ruxin had a pretty close relationship before. They went home together after school every day, but in the second semester of their tenth grade, Han Ruxin confessed to him. After being rejected by him, she drifted apart from him.

"Yeah, I do. She's the one who was in your car today, right?" Lin Wenjing asked with a smile. Speaking of which, he hadn't seen Han Ruxin for many years.

#### Chapter 658 The Most Beautiful Girl Back Then

"Aha! I knew you still remember her. Han Ruxin was the most beautiful girl of our class back then, and many people wanted to date her. However, at that time, she liked to hangout with you. Do you know how many people envied you? I, too, had the urge to beat you up back then. Haha!" Deng Kai joked.

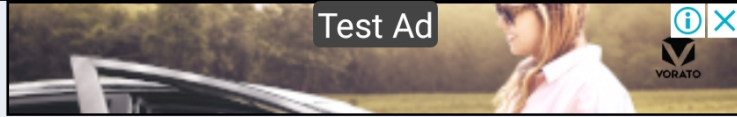

After Lin Wenjing heard that, the corners of his mouth also twitched into a smile as he recalled the days of his youth.

However, after the passing of so many years, they had become his precious memories.

"Deng Kai, you're doing quite well, huh? You're dating the most beautiful girl of our class! Are you guys married?" Lin Wenjing also joked with him, but unexpectedly, Deng Kai had a huge reaction. "Hey, don't spurt nonsense! Han Ruxin is now my boss, and I even have to call her President Han. Besides, look at my status! I'm not even eligible to chase her!" he replied hastily.

"Is that so?" Lin Wenjing was a little surprised to hear that. Looking at Deng Kai's reaction, it seemed that Han Ruxin was doing well now.

"Of course it's true!" Deng Kai said seriously. "Han Ruxin was meek back in those days, but she is now very powerful. She is the boss of several companies, and her assets are up to one billion! For the class reunion this time, she has spent a lot of money too."

### Chapter 658 The Most Beautiful Girl Back Then

"Oh, I see. That's really impressive," Lin Wenjing lamented. Back then, Han Ruxin was really quite meek and relied on him a lot.

Deng Kai sensed Lin Wenjing's emotions. In his opinion, Lin Wenjing must be having mixed feelings right now, but he was not going to expose him. "That's decided, then. Remember to come over tonight. Or I can also send someone to pick you up."
