

Chapter 2930

What?

All the ministers broke into an uproar when they heard that Even the Empress ' body trembled; she thought she had misheard her sister.

She wants to call off the engagement?!

' That is ridiculous. Even though the Oracles claimed that Darryl had harmed Oracle Cynthia, that is merely hearsay. It has yet to be proven. How can she call off the engagement with Darryl now?'

" Sister!"

A few seconds later, the Empress regained her thoughts; she said patiently, " Don't act recklessly. Don't simply call off the engagement before we find out the truth!

Their engagement is known across the Nine Mainland. She will be the laughing stock if she calls it off.

" Sister! " Quincy bit her lips; she was nervous." Why are you still siding with Darryl? That man is a wild and despicable person. He had disrespected Lady Chang Er, and he created chaos in the North Moana royal city. The entire nine continents were aware of that!

" Even if someone had framed him for all those matters, the Oracles had confirmed the latest incident. How could they be wrong? I don't want to have any relationship with a person like that, even if I have to die."

Quincy was really emotional when she said that. Her engagement to Darryl had already been very dramatic. She had agreed to the arrangement to retain the royal family's reputation, and the Empress had urged her into that decision.

Even if her opinion of Darryl had improved, the latest allegations by the two oracles had entirely ruined it.

Darryl had harmed and caused the death of a Nine Saint Oracle; my reputation is completely tarnished as his fiancée.

That ...

The Empress bit her lips when she Heard that; she was struggling in her heart.

She knew that her sister was stubborn, and it was difficult to change her mind after she had made a decision. However, the engagement was linked to the reputation of the South Cloud World royal family; it was very difficult for her to decide.

The Empress spoke gently, " Sister, please reconsider-"

Quincy interrupted her. Her gorgeous face looked determined. " I don't need to reconsider; I would rather die than marry him. If you still force me to do that, then I will die in front of you!"

After she spoke, Quincy pulled her long blade and put it against her neck.

Wow!

The ministers were shocked. " Fine, fine ..."

The Empress's body trembled. She immediately consoled her sister. " I will agree to that. Please don't do anything foolish".

Although Quincy's stubbornness enraged the Empress, she was still her birth sister.

Then, the Empress looked around the hall and sighed. She announced, "The engagement between Princess Long and Darryl Darby is now canceled. Inform everyone."

The ministers in the main hall looked at each other when they heard that. However, they still replied in acknowledgment.

" Dear Oracles!"

Quincy turned toward Xenia and the other Oracles and said, " Don't worry, I will capture Darryl and bring him back here to seek justice for Oracle Cynthia!"

She left the main hall after she said that.

Meanwhile, Tina led Darryl along as they avoided the disciples on patrol to make their way toward Alan's chamber.

Even though Tina was Alan's favorite disciple, it was still late at night. The disciples on patrol would be suspicious if they were to see her. So, Darryl trailed behind her.

Darryl might have looked calm, but he was a little unsettled.

' I've trespassed the main altar by myself, and now I am threatening Tina. Even though it looked smooth so far, I am still in the Holy Saint Sect.

Chapter 2931

Soon, Tina led Darryl to the entrance of a special garden.

" Darryl, Master is resting in this garden," Tina paused in her footsteps as she said sincerely, but her eyes were shining with mixed emotions.

Then, she walked in and Darryl followed behind.

Darryl furrowed his brows once he entered the garden and something was happening in front of him. There were hundreds and thousands of rocks of different sizes scattered all over the garden, covering the path.

' Is this a formation?' Darryl furrowed his brows as he observed it.

Then, he noticed that while the rocks were placed randomly, there were traps within them.

The garden that Tina brought Darryl to was a forbidden area at the back of the mountain of the Saint Sect. This was where Lu Dongbin researched formation during those years. Lu Dongbin set up the stone formations in front of him. It was the Four Ways Formation of Taoism.

The Four Ways Formation was a rather high-level formation in Taoism. There was no way that Tina would be able to solve the formation with her skills.

However, after Alan became the Sect Master, he learned how to solve the formation from Lu Dongbin's ancient scripture collections. He then passed on the knowledge to Tina.

It was obvious what Tina intended to do. She wanted to use the formation to trap Darryl and force him to cure the illness in her abdomen. Then, she would not need to betray her Master

This ... this looks like a Taoism formation! Darryl thought

He looked around and started to recollect in his mind the various formations in the Bai Qi Formations. Very quickly, he remembered it was the Four Ways Formation.

The Bai Qi Formations recorded all sorts of formations and the Four Ways Formation was one of them.

' Sh * t. Tina isn't leading me to look for Alan hut to come to this formation What is she trying to do?!' he thought, not showing any emotion as he continued to follow Tina.

" We're almost there. We just have to pass by these rocks. Master should be resting now, but we must be careful!" Tina said, feeling excited on the inside.

' Darryl is so dumb; he doesn't even know that I'm leading him into a trap,' she thought, anticipating when Darryl would be trapped.

" Alright, please lead the way!" Darryl replied calmly.

Tina remained silent as she continued to lead Darryl. They entered the middle of the formation quickly.

At that moment, Darryl was losing his patience and said, " Tina, is your master here or not?"

' Sh * t, Tina is bringing me in circles intentionally!' he thought.

Tina's face looked serious but was incredibly excited in her heart as she said, "Be patient! That's the room in front! It depends if you have the capability to go there!"

She turned around and recited a formulain her heart and moved swiftly to leave the formation. She had quietly recited the solution to the formation that Alan had passed to her Darryl was furious when he saw Tina was outside the formation once he regained his thoughts.

At that moment, Tina's face looked delighted after she dashed out of the formation and she was furious too.

" You think you can force me to surrender after you inject the White Lily Cold Flame into my abdomen? You are wrong! My master is the Sect Master of Saint Sect and I'm his favorite disciple. He will pass the position to me in the future.

" You are despicable for threatening me earlier. I'll show you my strength; then you'll know I'm not someone you can push around. My master isn't even here and this is the Four Ways Formation of Taoism. You shall wait for your death once you're trapped inside if you don't figure out how to solve

it. Of course, if you teach me how to solve the problem in my abdomen, perhaps I'll tell you how to escape," she said, delighted she was getting her revenge.

Chapter 2932

Darryl, you are a bastard. Although you are despicable, you must not have imagined that you will be trapped here, Tina thought

When he heard what Tina said, Darryl laughed coldly. ' I was right. Tina is despicable and she'll never help me so easily. However, you think you can trap me with just a Four Way Formation? You underestimate me.

He never responded to Tina and instead stared at the stone formation in front of him. He mumbled the formula to himself and started to walk out of the Stone formation.

' What's going on? I tricked him. He should be furious; why isn't he reacting?' Tina locked her brows as she stared at Darryl from outside of the formation. Whoosh.

Just when Tina was mumbling to herself, a shadow appeared like a ghost in front of her, with a look of ridicule.

It was Darryl.

' What? Tina trembled, panicking as she stared blankly at Darryl and was amazed.

" You..how did you get out?" Her mind was buzzing as her voice trembled too.

Tina thought she would trap Darryl in the deadly Four Way Formation. Then, Darryl would have no choice but to surrender to her. She never imagined that he would be able to come out so quickly.

Darryl grinned as he looked at Tina's shocked expression. " Ha-ha-ha! You think a Four Ways Formation can trap me? You underestimate me."

Tina was shocked when she heard Darryl talk about the formation. She was speechless and could only utter a single word. " You ...'

" I gave you a chance earlier. Don't blame me when you didn't appreciate the chance! Since I've already broken into the Saint Sect, I'm not afraid of Alan finding out about it. I'll kill you first, then I'll find him myself," Darryl said. Bang!

He activated his internal energy and smacked his palm on Tina's head.

Tina was not able to avoid the attack and felt the strong force coming down on her.

" No! Don't kill me," Tina begged for forgiveness, her knees going weak.

She bent her knees and kneeled in front of Darryl. " I'll take you to my master. I won't lie anymore. Please, believe me one last time."

At that moment, Tina was panicking; she did not dare to disobey. ' I have no choice; Darryl knows about the Four Ways Formation. I'm no match for him.'

" Do you think I'll still believe you?" Darryl looked at Tina quietly, smiling unintentionally as he spoke.

Although his face was full of smiles, he was incredibly angry. Although he was smiling brightly, he was still furious. ' Sh *t. It's lucky that I knew the Bai Qi Formation. I would've been injured by her if I didn't.

" Please believe me. I guarantee I will not lie to you anymore! Please, give me another chance, " Tina begged as she kneeled, her face turning pale.

Although Darryl was the famous Elysium Gate Sect Master, Tina had never respected him. She never knew a day would come where she would have to put aside her dignity and kneel before him.

Sigh!

Hearing that, Darryl took a deep breath and sighed as he nodded. " Fine, I'll give you one more chance."

After the incident earlier, Darryl knew he was in complete control of Tina. She would not dare trick him now.

Tina sighed in relief as she quickly stood up and led the way.

A few minutes later, they arrived in front of a tower after walking past the woods.

He saw an exquisite and uniquely decorated tower, releasing an ancient aura around it. The environment was also peaceful and quiet.

There was an ancient stone stele at the entrance of the tower and the words ' No entry. Sect Master's cultivation venue was printed on the stone stele.

Chapter 2933

A smile appeared on Darryl's face when he spoke. This seems to be the place where Alan cultivates.

Beside him, Tina was feeling nervous. ' I led Darryl here; what am I going to do if Master is angry with me? I had no choice, I can only take it one step at a time.

At that moment, Darryl urged calmly, You enter first. Don't try to play any tricks; you know the consequences!"

Tina nodded and bit her lips as she entered while Darryl followed closely behind her.

' Sh * t!' Darryl was stunned the moment he entered.

He saw bookshelves by the walls at the main hall on the first floor of the tower.

The shelves were filled with scriptures of Taoism and some were cultivation scriptures. This place was really a treasure trove.

However, there were only walls surrounding the main hall; there were no doors or stairs, not to mention Alan.

Creak.

At that moment, he saw Tina walk in front of a wall to activate a secret button behind a painting. Then, a secret door appeared in front of their eyes.

" Master is inside," Tina said softly.

Darryl nodded, amazed. ' Sh * t, this is where the Sect Master cultivates. It's really hidden and secluded. Luckily, I have Tina to lead the way; otherwise, I wouldn't have been able to locate it easily.

A smile appeared on Darryl's face as he said to Tina, " You must cooperate with me later "

Then, he told her about his plan. Tina trembled when she heard his plan and was terrified. However, she had no other choice, they were already there. She could only nod in agreement.

She walked in front of Darryl through the secret door. Behind the door was a meters -long, dark tunnel. Once you passed the tunnel, it opened to a secret, spacious room.

Darryl could not help but take a Deep breath the moment he entered the secret room.

The room was as large as two basketball courts with a stone octagon platform in the center oil lamps surrounded the platform and a person sat on the platform. Though the person's eyes were shut, they were still observing with their eyes and heart as they meditated.

The person was Alan.

" Who's there?" Alan reacted quickly once he sensed movement. He stared at them immediately.

At that moment, Darryl looked down so that Alan could not see his face.

Alan furrowed his brows as he stared at Tina and said, upset, " Tina ?! Didn't I tell you that you cannot enter without my permission?"

He glanced at Darryl when he spoke as he was not happy. Darryl was wearing the robe of a new disciple and his head was down, so Alan did not notice anything unusual. He thought Darryl was a new disciple

Tina looked terrified as she walked over and said bitterly, " Master, please don't be angry. I did not wish to disturb you, but I have a problem!"

Tina pointed at Darryl. " This new Junior Brother gave me a Seven Spirit Herb.

However, the Seven Spirit Herb was not completely mature. After I consumed it, the internal energy in my abdomen turned chaotic ... I had no other choice. I had to come to seek your help!"

Tina was incredibly afraid in her heart when she said the last sentence.

That was Darryl's plan. He got Tina to distract Alan while he looked for an opportunity to ambush him.

Alan was shocked when he heard that, "How could you be so careless?" As a Senior in the Saint Sect, Alan knew about the Seven Spirit Herb and the adverse effect of consuming it when it had not matured.

"Come here; let me take a look! Still in shock, Alan motioned at Tina to come to him.

Alan's heart was aching as his favorite disciple was in trouble.

Tina slowly walked in front of the Stone platform for Alan to check her pulse.

Chapter 2934

Sigh!

A few minutes later, Alan took a Deep breath and his face turned dark. "That's right indeed. However, you're lucky, Although the internal energy in Your abdomen is a mess, it's under control. There are still some risks so I will need to activate my internal energy to manage it for you.

Alan was still unaware Tina was not lucky but that it was Darryl who helped her control her internal energy.

Alan let Tina sit down cross-legged, then he started to heal her. As for Darryl, who was standing to the side, Alan still thought he was only a new disciple, so he was not bothered with him.

The corner of Darryl's lips lifted when he saw that and he knew his chance had arrived.

Bang!

The next second, Darryl activated his internal energy as he ran at the speed of light and punched Alan!

At that moment, Alan was so focused on healing Tina's internal energy; he never expected that the new disciple would ambush him suddenly.

However, Alan reacted fast and turned his head quickly to look.

At that moment, Alan's entire body trembled when he saw Darryl. He roared angrily as he clenched his teeth, "Darryl!"

He never expected Darryl to have not only broken into the Saint Sect but also pretended to be a disciple and snuck into his secret cultivation room.

A smile appeared on Darryl's face. He could not help but teased, "Alan! Are you surprised? I told you I would return!"

"Be careful, Master!" Tina shouted as she trembled.

She felt conflicted. If she had not shown Darryl the way, he would not have located Alan's secret room.

Alan wanted to avoid it when he saw the punch coming at him, but it was too late!

Bang!

It hit him hard on his back. There was a loud vibration then Alan was sent flying as he vomited blood.

Bang!

Alan spat out blood like a rain shower as he was thrown over a hundred meters away into the hard, stone walls. He felt such intense pain, he was close to passing out. He felt his heart was crushed as his blood and energy were boiling.

The critical hit was Alan had activated his internal energy to cure Tina, but now Darryl had suddenly injured him. The internal energy in his abdomen reversed and it was an early symptom of a psychotic break

At that moment, Alan's eyes were incredibly red as he glared at Darryl.

Darryl was not worried at all as he smiled gently and spoke casually, " Alan, don't look at me like that. I managed to locate this place all because of your beloved disciple here.

Alan's face changed when he heard that and locked his gaze on Tina immediately.

Tina felt both her legs turn weak when she saw Alan's eyes. She could not help but cry, " Master, I'm sorry, I did not wish to betray you, but I had no choice ... "

" Darryl, you are a despicable person ..."

Alan locked his gaze on Darryl, feeling enraged.

Alan knew Tina really well. Although he pampered her, she had always been loyal to him. Darryl must have forced her and that was why she had to bring him to his secret cultivation room.

The more he thought about it, the angrier he became. Alan wanted to rush over to attack Darryl, but after he took just less than two steps, his face suddenly turned green and pale. His entire body could not stop trembling.

Alan's internal energy in his abdomen was completely ruined. He had no control of it.

When she saw that, Tina was furious. She wanted to dash over, but she did not have the courage.

Chapter 2935

At that moment, Alan glared at Darryl as he uttered between his teeth, " Darryl ..."

His sight turned dark and then he fainted as his internal energy started to disperse. Alan was experiencing a psychotic break. He was still lucky to be alive, but he no longer had his power and now he was just a useless man.

Sigh!

Darryl took a deep breath then walked over slowly. He searched Alan's body thoroughly and found an ancient calabash.

It was the Universe Calabash.

Ha-ha ... I got it!

At that moment, Darryl was incredibly excited when he kept the calabash. He looked at Tina, who sat firmly on the ground, feeling lost. He took out a

pill from his pocket and threw it at her. "This is the Spirit Transformation Pill. It'll relieve you of your condition, but it's only valid for three months. Get it from me when you need it in three months"

Then, he turned and left the secret room.

The truth was, a woman like ' Tina was just deviant, but she was Alan's favorite disciple, so it might be useful in the future to keep her alive.

A few minutes later, Darryl left the mountain in the darkness of the night.

Sigh!

A smile appeared on Darryl's face when he returned to where Jackie and her sister were hiding. Darryl saw their acupoints sealed and they were so worried they were about to cry.

When they saw Darryl had returned, the Sect Master shouted, " Darryl, release our acupoints now! "

Jackie and the Sect Master were reputable people from the Yellow Sea Continent. They were humiliated when Darryl left them in the woods and sealed their acupoints.

Darryl walked over and looked at the Sect Master as he said, " Ha-ha-ha! I can release your acupoints, but you must agree to two conditions! "

" What are the conditions?" the Sect Master said, biting her lips.

Jackie, who was beside her, interrupted her immediately. " Don't trust him!"

Darryl is such a despicable yet cunning person. Why would he let us go so easily? ' she thought

However, the Sect Master acted as if she did not hear her. She sighed and said to Darryl, " Fine. Tell me, what are Your conditions? "

The Sect Master was more reasonable compared to Jackie. It would be acceptable to her if the conditions were not too much.

Darryl smiled and said, " It's simple. You must call me Husband and then give the exquisite pagoda that is in Jackie's possession back to me! "

The Sect Master blushed instantly when she heard that. She felt shy and furious at the same time.

Darryl is too much; he's trying to take advantage of me,' she thought.

At that moment, Jackie's body trembled in anger. " Darryl, you are a bastard. I knew you had evil intentions."

Then, she shouted at the Sect Master again, " Don't agree to his demands."

Sister is so pure and innocent; how could she call Darryl her husband? ' Jackie thought

Darryl ignored her shouting and looked at the Sect Master with a smile.

" I've told you my conditions. If you're not willing to do it, I won't force you. However, I still want my exquisite pagoda back. If you don't get it for me, I'll search Jackie's body for it myself. "

However, I still want my exquisite pagoda back. If you don't get it for me, I'll search Jackie's body for it myself. "

The truth was, Darryl did not wish to talk to the sisters at all. He just obtained the Universe Calabash, so he was in a Good mood. That is why he was fooling around with the Sect Master.

When she heard that, the Sect Master bit her lips hard, feeling conflicted. A few seconds later, she lowered her voice and called, " Husband! "

If she did not do that, Darryl was about to search her sister's body. Darryl felt incredibly touched when he heard her calling him husband. He smiled and nodded, " Good! My dear wife is such a good girl. Hubby will release Your acupoints!"

He lifted his hand and released the Sect Master's acupoints.

Chapter 2936

Jackie was furious and was about to scold Darryl, but she controlled herself. Jackie knew the Sect Master only called Darryl, her husband, because of her.

At that moment, Darryl smiled and looked at the Sect Master. " Dear, please get the exquisite pagoda for me."

The Sect Master agreed then walked over to Jackie.

" Sister, the exquisite pagoda belongs to Darryl. I feel we should just return it to him," she said softly, feeling frustrated.

She was against handing over the exquisite pagoda as it was an extraordinary treasure. However, Jackie had it for three years and was not able to figure out a way to activate it.

At that moment, Darryl was in full control of their situation. If she did not hand it over, Darryl would find other ways to humiliate her and Jackie.

When she heard that, Jackie bit her lips tightly and did not respond. That was considered her silent agreement.

Then, the Sect Master took the exquisite pagoda from Jackie and handed it to Darryl.

Darryl grabbed it and was excited and emotional beyond imagination. It had been three years since he last had the exquisite pagoda and now he finally got it back.

After he put the exquisite away properly, Darryl took a deep breath and said slowly, " Jackie, Sect Master! What happened earlier was mainly a coincidence. If you both can't let it go and have to seek revenge from me, I welcome you at any time!"

Once he was done speaking, he turned and left.

Sigh!

Jackie bit her lips as she saw Darryl disappearing into the distance. Her eyes were blinking and she could not speak for a long time.

' Did this bastard just leave like that? Our lives were in his hands earlier. If it was anyone else, they would have acted against us. However, Darryl only said horrible things he never acted on any of it after all. Have I misjudged him all this while?' she thought

Meanwhile, Darryl rushed to reunite with Yvette and the others.

The sky was getting brighter and Yvette, Sara, Dax and the others were becoming impatient!

" Darryl ?!"

" Darryl's back!

When they saw Darryl, everyone was delighted. Everyone walked over to greet him.

Yvette could not hide her worry as she walked over quickly and hugged Darryl. Darryl? I thought something happened to you at the Saint Sect. I was about to get Sara to go take a look."

Among all of them, only Sara and Ambrose still had their power.

Darryl felt a warmth in his heart when he knew Yvette worried about him. He smiled and consoled her, " It's fine. There was a little situation, but everything went smoothly and was a success!"

Yvette asked happily, " You found Master Lu?"

At that moment, everyone's gaze was locked on Darryl as they looked at him with anticipation. As long as they found Lu Dongbin, they would be able to regain their power

Sigh!

Darryl took a deep breath and smiled. "Yes!"

Then, he took out the Universe Calabash and explained everything.

At that moment, everyone was stunned. They looked curiously at the Universe Calabash in Darryl's hand.

' Lu Dongbin is in this Universe Calabash? everyone wondered.

" I need to enter the Illusion Virtual World inside this Universe Calabash, so everyone will still need to wait for a period of time," Darryl explained carefully.
