

Bewedded Not Beloved Chapter 496 – 505

Chapter 496

“My ex-husband’s, we don’t live here very much. He occasionally puts a few shirts here, but they are new. He hasn’t worn them. You see, the signs have not been taken off!”

I gave him a step down, and he went down the donkey: “Well, it’s an honor for me to wear Mr. Jade’s clothes.”

He suddenly took my hand: “I really don’t know how Jade always wants to divorce you, but if not, then we won’t know each other, will we?”

I smiled at him and said, “Okay, then you can try on clothes.”

I went to the sofa in the living room in the room and sat down, and he changed clothes in the cloakroom.

His door was not closed and his back was facing me. He took off his shirt, revealing his toned back.

I know he showed it to me on purpose. I paid him to sell meat, which is fair and reasonable.

I was sitting on the sofa gnawing on my nails. He put on his shirt and turned around and walked out of the cloakroom as if he didn’t even button the buttons, and walked straight towards me.

I was immediately flustered. He must have thought that it was a hint that I asked him to come to my house to change his clothes, so something had to happen later.

Thinking of countermeasures in my mind, he had already walked up to me, leaned over to me and supported the back of my sofa with one hand, and then exposed the chest of the open shirt in front of me.

He has a good figure and well-built muscles. He didn't expect him to look like a beautiful man on the outside, but his muscles are so well trained.

But this is his capital, and getting a better figure is considered professionalism!

Nie Qi was breathless with the smell of men's perfume. At this moment, I suddenly thought of Naven on Naven. He never used perfume, just the smell of clean laundry detergent on his shirt.

This is the only down-to-earth place on Naven.

Nie Qi's head pressed down towards me, and his other hand was placed on my shoulder, and he slid down. He almost slid to my chest. His hand held the streamer of my dress and pulled it gently. Can be pulled apart.

I held his hand in time, and then pushed him away easily.

He was a little puzzled: "Why, are you not satisfied with my figure?"

"The figure is pretty good, but I just ask you to come to my house to change your clothes. What are you doing topless and backless?"

He didn't give up, so he simply sat down beside me with his fingers wrapped around my hair: "What do you know in my heart that I'm topless!"

He poked my chest with his fingers very gently. I was quite patient, otherwise my big ear scrapers would be brushed up.

I got up from the sofa and jumped far away from him, with dissatisfaction in my tone: "I think you will be wrong. I gave you the watch because I broke your watch. Please come up and just let you change it. Don't think too much about clothes."

"Then what if I just think too much?" He stretched out his hand to catch my skirt, and then gently tugged with both hands, dragging me from the back of the chair to him.

Profession is professional, so it's so good.

Why hasn't Lina come now? what should I do?

Suddenly Nie Qi's phone rang, and he took a look from his trouser pocket, and his face changed immediately.

I guess it was Zhen Xian who came here.

Zhen Xian's phone call was really timely.

So I held my arms for a while, Zhen Xian is still his gold master after all, and the new dock has not been found, so Nie Qi still has to go and answer the phone obediently.

His voice is very low, I can't hear what he said, but his tone is sweet, and he should be comforting Zhen Xian on the phone.

He called on the phone for almost 10 minutes, then hung up and walked over to me.

I looked at him with a faint smile. He wanted to get closer to me. I picked up a paper fan on the coffee table and pressed it against his chest, separating him from me.

“I’m not interested in people who have girlfriends.”

His face changed: “Who said I have a girlfriend?”

“Then you dare to deny it? The person who called you just now was not your girlfriend? Or fiancée?”

As soon as I saw him at noon, I noticed an extra sparkling ring on his ring finger, which I didn’t have last night.

My eyes fell on his fingers intentionally or unintentionally, and he immediately retracted his hand reflexively.

Lina said that Zhen Xian planned the reception last night to confess to him. It is estimated that he now knows that he is going to be a father soon, but there is no more soul hooked by my watch here.

If Zhen Xian knows that she is so heart-warming to someone, but this person is defeated under my pomegranate skirt, I can’t wait to see her angry with smoke above her head.

I pushed Nie Qi away and said in a disdainful tone: “I don’t have any requirements for men. The only requirement is loyalty. If you can’t do this, do you think we have further possibilities?”

He stood in the middle of the room with a little embarrassment, I walked over to help him fasten the buttons one by one, and then threw his coat on him.

At this moment, the butler came knocking on the door and told me, “Miss, Miss Smith is coming to you, downstairs.”

“Okay, I get it.” I said to Nie Qi, “My friend has come to see me. I’m not talking anymore. I’ll go downstairs first. You are free.”

Then I walked out of the room, Lina was sitting downstairs in the living room waiting for me.

If it hadn’t been for Zhen Xian to call just now, then Lina would have come too late.

I went downstairs and patted her on the shoulder vigorously: “Why are you here until now?”

“Isn’t it just fine?” Lina looked at me: “Look at you well-dressed, I know I can handle it.”

Lina and I were chatting, and I saw Nie Qi descending from the stairs with his head drooping.

I glanced at him and continued to turn my head to talk to Lina. Lina didn’t even say hello to him, and Nie Qi left in a humble manner.

“What’s the situation?” Lina asked me: “Why did you refuse him? Don’t refuse too deadly!”

“He wanted to do something to me, so Zhen Xian called, otherwise I don’t know what to do.”

“what about now?”

“Now I ask him to have a break with Zhen Xian. It is only possible for me to break him with Zhen Xian.”

“Good job.” Lina slapped his thigh fiercely: “Livia, I found you really have this talent.”

I don't think she's complimenting me. I leaned back in my chair with the opposite s*x: “It's so boring to do this kind of thing!”

“Is it boring? You know the so-called high society of celebrities, and those ladies and ladies do this kind of tricks every day.”

Chapter 497

Lina yawned and lay down comfortably on the sofa.

“When did Naven have such a house? He really enjoyed it. The nice place here is big and spacious. Alas, it's so sleepy, so I can just sleep.”

“Don't sleep, you really regard this as my place, let's go, go home and sleep.”

“You borrowed everything, so what if we stay here for a few days? Besides, Nie Qi will come here to find you anytime, anywhere. Are you afraid of dressing?”

What Lina said also seemed to make sense. Besides, I finally had a chance to talk to Naven, and it seemed impossible to return it to him so quickly.

I patted her: “Then you go to the room upstairs to sleep, there are so many rooms!”

“Yes, why should I sleep in the living room? Then we have lived here these few days.” Lina bounced upstairs.

I was not as happy as her. I was hit by Naven's sister-in-law in the restaurant today. Her big mouth will definitely be broadcast everywhere. I wonder if Naven already knows it now.

But how could he be so calm if he knew?

I took the phone out of my pocket and it didn't move. He should at least make a call and ask?

When I got angry, I ran into the garden and saw the cherry blossom tree at the gate.

It's exactly the season of cherry blossoms in full bloom. This cherry blossom is a very small one, white in color, and it floats down like snow when the wind blows.

I stood under the tree and remembered that when Naven was celebrating his birthday, I saw them standing under the tree, Mira k*ssed him on tiptoe.

It was from that time that I found out that I was in love with Naven, but now I think that Mira took the initiative, but why didn't Naven push her away?

I stood under the tree for a while and was about to walk away. Suddenly Naven's voice came from behind me: "I heard you have a new boyfriend?"

I turned around immediately. Naven didn't know when to stand behind me. He carried his hands on his back and wore a light coffee suit. The snowflake-like cherry blossom petals fell on his shoulders, like falling. One shoulder of snow.

Why is Naven here?

I checked the time. Isn't it time to go to work now?

He smiled jokingly, I don't know if he is angry.

But I don't think I'm so happy.

"What are you talking about?" I was going to play dumb.

"You've got my sister-in-law in sight, and you want to deny it?"

Oh, it really is the mouth of sister-in-law Naven's invincible loudspeaker.

I shrugged and said, "Yes, even if I have a new boyfriend? Anyway, the two of us are also divorced, and you will get married soon."

"But it is said that you gave him a valuable watch. I remember that I only transferred a large sum of money to someone in the morning. Could it be that you didn't use that money to make a boyfriend?"

"We divorced and you didn't give me severance pay. Now it hurts to ask you for some money?" Now, as long as I and Naven have a face-to-face bickering, I'm still very powerful.

Naven actually laughed, and I thought he seemed to have split personality.

"What about this house, borrow my house to take the man home? Livia, is this operation a little psychedelic for you?"

"Just allow your state official to set fire, and my people are not allowed to light the lights. Your wedding date is set, what's wrong with my boyfriend?" The more I said, the more angry I became, and I didn't feel wronged at all.

I shook my hand and got ready to go. Naven took a few steps and grabbed my arm.

I was ready to have a big fight with him. Who knew that he pulled me in front of him, stared down at me, and suddenly sighed, "Livia, can you be reasonable?" He The language is mild.

"Why am I not making sense?"

"It was obviously that you couldn't come to the engagement ceremony that day, so I promised her marriage date. It was not that you told me that the grievances between you and Mira had to be resolved by yourself, or I would have given her to Ko."

I licked my lips, and Naven said that my heart loosened, but I must not be persuaded because of his few words.

I don't care, if I am a woman, I have to be unreasonable.

But if I use his money and his house to make a soft rice king, it will inevitably be a little guilty.

In order to conceal my guilty conscience, I simply didn't make sense.

"Anyway, we are now divorced, you can't control me, and when I asked you for the money, you didn't ask me why I was using it. If you ask me, I'm sure to tell the truth. If you disagree, just say it."

Naven stopped me, his expression was angry and funny: "Is it about money? When did it start to become so unreasonable?"

He stretched out his hand and gently pushed my forehead: "Who brought up our divorce? Huh?"

"Then who asked you to agree?" I will carry it out completely unreasonably.

Naven was speechless, with a helpless expression, and nodded: "Okay, I promised that I was wrong." He suddenly changed his words: "I know that man, you are targeting Zhen Xian, you have countless ways to deal with Zhen Xian. This way, why do you have to save yourself?"

"I see if I am still attractive to men."

He said with a calm face: "Is it because I want to prove that I still have charm, so I go around hooking up with women?"

"It's not necessary. Which woman in Rovandel doesn't want to marry you Naven, your charm does not need to be proved."

"If you really don't like my appointment with Mira, then I'll break the appointment." He put his arms around my shoulders in a soft tone, bent over like a big shrimp, and pressed his forehead against me. On the forehead: "Actually, there are many ways to deal with Mira, and others can be used, OK?"

Naven's tone was simply petting to describe him, and he was not angry even if I was so savagely.

In this way, my anger has disappeared by more than half. Actually, I am so angry. I use Naven's money to soak men. He is not angry with me. He is already considered to be very generous. Change your answer later

He looked down into my eyes, and I saw myself in his black pupils.

I am beautiful in Naven's eyes. What I see in his eyes is what I look like right now.

Naven held my face and gradually lowered it towards me, and I quickly avoided him: "Don't, just in case someone sees it."

“So what?” Naven looked at me displeased.

“What are you talking about?” I got out of his arms: “You, a person who was in marriage, was seen by others and passed it to Mira’s ears. How do you explain it to her?”

“I think you are afraid of being seen by the soft food eater, right?”

Chapter 498

“Hurry up and put me down!” I struggled hard in Naven’s arms, he reluctantly put me down, but his face was unhappy.

“Well, I’ll talk in the room.”

He took me and walked to the menion. As soon as I walked in, before I had time to change my shoes, he pressed me against the wall and held my face in both hands.

Seeing his face getting closer and closer to me, I could not laugh or cry to avoid him: “What are you doing?”

“Just now you said no. Now in my house, there is always no problem now, right?”

Naven’s eyes burned with fire, it was a kind of light that I was familiar with.

Should I be happy? He still has such a passion for me, but not now.

“No way, no way.” I held his face, his head stretched forward and looked funny.

“Livia, are you really angry with me?” Naven’s eyes opened wide, like a certain character in a cartoon.

In fact, I am not really angry with Naven anymore, but just playing tricks with him.

I pointed upstairs: “Lina is upstairs.”

“Lina? Why is she here?”

“I called her to rescue.”

Naven expressed understanding and nodded: “Then she can go now.”

“”You don’t have to kill the donkey like this! “

“Okay, you said Lina is a donkey.”

While talking, Naven hid his head under my collar.

His breath made me itchy, and I almost couldn’t breathe with laughter.

“Don’t do this, you shamelessly I want it.”

“What’s the shame of me having s*x with my wife?”

“Hey, Naven,” I reminded him: “I am not your wife now, and you have a fiancée now.”

“Livia.” He looked at me dissatisfied: “If you say that again, I’ll go to a showdown with Mira immediately.”

“You really have no conscience, Mira is still lying in the hospital, and you are still confused with your ex.”

Naven glared at me and clutched her chest: “It seems that you won’t stop me from angering me. Well, I will go to see Mira now, and then linger on the horizon with her.”

I shrugged my shoulders to show that he was casual.

Naven took two steps, and seeing that I was completely unmoved, he turned back and looked at me helplessly.

“Do you think I have no way to deal with you now?”

I shrugged and spread my hands to show that he was right.

Naven stared at me and I stared at him without fear.

He glared at me for a few seconds, and then broke the power, stretched out his long arms and took me in his arms.

“Livia!” He wailed: “What should I do? I have absolutely no choice with you now, what should I do?”

“What do you want to do to me? Play me like you did before?”

“I didn’t fool you before.” Seeing that he was going to be poignant again, I immediately raised my arm to surrender: “I know, I know, that’s sharpening me.”

“It’s good if you know, you are so careful and hateful. Then you treated me so much before, wouldn’t I be mad at me.”

“That’s not my fault. That’s why I asked Zhen Xian to come back. You don’t want to make trouble anymore, or you just pretend that you don’t know anything, or you give me your full support.”

“You brought all the men into the house, how do you ask me to support you?”

“You believe me to be measured.”

“But you still buttoned his shirt.”

“That’s to appease him.” Hey, no, I helped Nie up the buttons, but how did Naven know what happened in the room?

“How did you know? Could it be that you installed surveillance in the room? Are you abnormal and installed surveillance in the bedroom?”

“of course not.”

“Then how do you know?”

“Binoculars, there is something called a telescope in the world.” He smiled triumphantly. He pointed out the window: “The villa opposite is mine. I stood there and looked in from the window with a telescope. I see it.”

“Then you didn’t just come here, you have already come?”

“Yeah, I came earlier than you.” He confessed: “The moment you and the soft rice king walked into the door, all your every move was in sight.” He pointed to his eyes. , Which means that I am completely under his control.

No wonder Naven is so quiet, there is no movement at all, his feelings have long been ambush here.

I don't know if I should be happy or angry. I stared at him and I had nothing to say.

"Do you know?" He nodded my forehead, "You were so charming just now in front of the soft rice king. Which man do you think can stand you?"

"I'm doing a show."

"He doesn't know that you are doing a show, you can just hit him with money, what are you doing to seduce him?"

"Zhen Xian is also rich with money. Of course I have to show the advantages of Zhen Xian and myself."

Naven looked at me, and he sighed: "Otherwise, let me seduce the soft rice king."

I was almost laughing to death by him: "Give it to you? How to give it to you? Is it possible that you are wearing suspender pajamas to seduce the soft fan Wang Wang? You are not afraid of him being scared to death by you."

"I'll stare at you, that soft rice king, you have to make a quick decision. It's really impossible. You said you gave him this house and took him down directly. Do you still need to chirp with him?"

"Naven." I squinted at him: "You seem to be quite clear about this business, do you often hit girls like this?"

"Does Naven still need to spend money to pursue girls? I look at them, and they come here obediently."

I am very depressed, although Naven is telling the truth.

I pretended to be angrily and punched his chest, and he pressed my hand and pretended to be in pain.

“It hurts.” His expression is too full, I don’t know if he is in real or fake pain.

“I didn’t try hard just now, you pretend to be less.”

“Where is it? I took off my clothes to show you, my chest was beaten red by you.”

He pretended to really want to unbutton his shirt. At this moment, Lina’s voice came from the stairs: “Is it enough for you two? Have you ever thought about my feelings as a single dog? It’s endless, but I have already Standing here for 10 minutes, neither of you found me.”

At the same time, Naven and I turned our heads and looked up the stairs. Lina was standing on the stairs in pajamas without knowing who looked at us with disgust.

Naven frowned and yelled at Lina: “Hey, that’s my pajamas. Why are you wearing my pajamas?”

Chapter 499

Naven has a slight addiction to cleanliness. He doesn’t like other people wearing his clothes. I can understand this.

Especially Lina is still a girl, and she actually fits perfectly in Naven’s clothes.

The figures of the two looked almost the same. In fact, Lina was much shorter than Naven’s visual observation.

Naven was very irritable, so there was a good scene in the whole house where the dog beat the mouse.

Naven rushed upstairs to catch Lina, Lina also silently and unconsciously condemned to us, turned around and ran upstairs.

I sat on the sofa with anger and drunk fruit tea, watching these two people come in from this room, and the other come out from this room, you chasing after me.

It seems that Naven will never be able to get along with Lina in peace, and I don't know when I will be able to see the two people respecting each other like friends for years.

When the two of them were chasing me, I received a call from Nie Qi.

I don't know why he called me. Besides, it is impossible for him to draw a clear line with Zhen Xian in such a short time.

So I thought about it and decided not to pick it up.

I hung up the call, and his call came in unrelentingly.

So when he called, I choked off. When he called, I chopped off again. After hanging up several times in a row, I said to the two people who were still pinching each other, "Stop making trouble, I think Nie Qi will come over later ."

Both of them stopped and looked at me at the same time: "What? Why is he here?"

Naven is super hostile.

"Because he called me and I didn't answer, so I think he will come over."

“Okay.” Jade Navenpi smiled and didn’t smile: “Now you have a lot of skills, and you will be a fan of all the veterans in love.”

“You know that he is interested in my money, oh no,” I immediately changed my words: “It was in your money.”

“I am also a lard so I can indulge you in revenge with this method.”

“It’s called treating a person’s body by his own way!” Lina interrupted.

“What do you know? Shut up!”

Naven’s stomach was full of fire, and when Lina spoke like this, he yelled at Lina: “It’s all a bad idea from you. You immediately take off my pajamas, hurry up!”

“Naven, it’s the first time I found you so stingy. If you have the ability, you chase me, and if you chase me, I will return it to you!”

Lina jumped over my head while supporting my sofa, and then the two of them started again.

Naven is usually not like this. She is domineering and stable in the company. If his senior executives see what they think of as the domineering president, it is estimated that it will be difficult to establish prestige in their hearts in the future.

“Hey.” I grabbed Naven, who was running past me, almost before being dragged to the ground by his force.

“You stay back a little bit. Later, if Nie Qi comes over and sees you, he won’t be scared to death? At that time, even if I give him a golden mountain, he will not dare to ask for it.”

Afternoon tea panting with jealousy: “Well, then you ask Lina to take off my pajamas first.”

“Good, good.” I pointed to Lina: “That woman, come here.”

Lina ran panting, “Don’t be stingy like Naven. What if I just borrow his clothes and wear them? Of course I have to wear pajamas to sleep. Is it possible to let me wear a shirt?”

“Let you take it off, and you can wear mine.”

“I don’t want it, you are the girls in those clothes.”

I was so angry and funny: “Aren’t you a woman?”

I was almost mad at Lina, but Naven refused to leave from here. Later, I could only reach an agreement with him that he obediently went to the room and was not allowed to come out, as did Lina.

They reluctantly agreed. I thought I finally got them done, but as soon as they went upstairs, they quarreled about who should go to the master bedroom.

These two people are so good.

As I expected, Nie Qi really came. He was very anxious to see that I didn’t answer the phone. After all, there are not many rich women like me who are so young and so generous.

So after finally catching this opportunity, how could he let it go easily?

The butler informed me: “The gentleman just now is here again.”

I told the butler: “You tell him I’m not here.”

The butler went to report for a while and then came back: "The gentleman refused to leave. He said he saw your car."

"Okay, then you tell him I don't want to see him."

"What if the gentleman refuses to leave?"

"Then you let him stand at the door." But I thought about it later, always letting him stand like this is not an option.

Naven can't stay here forever, he has to leave, what if he and Nie Qi collide?

So I let him in, and Nie Qi came in soon.

He changed into a suit, a light blue turtleneck thin sweater and a lot of pocket overalls.

He is quite good at dressing, and I have seen every outfit he wears looks very good these days, which suits women's tastes.

No wonder Zhen Xian is willing to have children with him. He knows women so well and makes Zhen Xian very happy.

I sat on the sofa and watched TV, pretending to be indifferent.

He walked over and squatted directly beside me, holding my hand: "Livia, I want to apologize to you."

"Why do you apologize to me? We don't seem to know each other well, we just met last night."

"I admit, I did have a female partner before."

I noticed that he called Zhen Xian a female companion instead of a girlfriend.

“What does female partner mean? Female partner?”

“Well, in fact, we have known each other for a long time, but we didn’t contact me much before, that is, she only contacted me recently and got a little closer.”

This is really a very famous scumbag quotation. Zhen Xian is planning to marry him and have a baby. He also said that he is only getting closer to others.

Then I don’t hide it. I grabbed his finger and pulled the ring on his ring finger: “I have received all my rings. Tell me you are not familiar with her now?”

Oh no, this ring, although this ring was given to me by her, I also gave her a very precious gift before, which is regarded as a courtesy. You don’t think I’m the kind of soft rice that a woman raises? “

I really want to laugh when I look at him. He is already eating soft food. What does he think he is?

Chapter 500

“I don’t care what kind of relationship you had before with other women? Anyway, you don’t need to explain to me. We are not even ordinary friends, are we?”

“Livia, the first time I saw you, I knew you were my destiny. There must be no one else in my life. When I saw you on the deck yesterday, I knew that I have fallen.”

Why is Nie Qi so familiar?

Oh, I remember, the most famous line of grandma Qiongyao is that when the hero sees the heroine meet her, he will talk to her in a similar dialogue.

For example: "When I see you for the first time, you know I'm finished."

I think Nie Qi's dialogue should be slightly changed. He should say something like this: "When I first saw the expensive watch you gave me, I knew I was finished."

I didn't change my expression. I was completely unmoved by what I said just now, as if thousands of people had said this to me before.

I looked at him calmly: "So what? Then you go to a showdown with your girlfriend. You don't want to step on two boats, do you? I am ambiguous here, but I want to talk to others over there. Get married and have children."

I broke the secret with a word, and the fingers he held my hand suddenly trembled.

He probably didn't expect me to know everything.

His face immediately changed: "What are you talking about getting married and having children? Nothing."

I didn't click to break him, and took my hand out of his palm: "Your abacus is pretty good. Marry someone else and have children here, then you will follow me and me. It doesn't matter, I think you should be a responsible person. You guys are better, you go! You don't come here to find me in the future. If you come again, I don't need to live here. I have other residences, you know."

"Livia, you really misunderstood. I'm not the kind of person you think. I really fell in love with you at first sight. I did have a girlfriend before, but how can I know that you are true love without knowing you?"

I was too lazy to listen to him, and waved impatiently: "If you do this again, I will call the security guard."

I made a straight face, stretched out my hand and called the butler, who stood aside and looked at him. Nie Qi looked at it and stood up quickly: "Livia, listen to me and tell you."

"Aren't you leaving?" I said directly to the butler without seeing him, "Call the security guard."

"I'll go, I'll go." He shook his hand helplessly, and walked back three steps.

I successfully drove Nie Qi away, not only drove him away, but also succeeded in making his appetite full.

What I mean is already obvious. If he doesn't make a choice between me and Zhen Xian, he won't even get close to me.

It depends on which one of Zhen Xian and I can choose. I still have confidence in myself, because compared with Zhen Xian, my advantage is obvious.

I am young and beautiful and generous, and generally men like him hate to urge marriage and shoulder the responsibility of the family. Now that Zhen Xian is pregnant, he wants to marry him and have children. A man like Nie Qi will definitely run away.

As soon as Nie Qi walked on the front foot, the two people on the back foot all ran down from the stairs.

Lina craned his neck: "Nie Qi is gone?"

Naven glared at me, and then picked me up from the sofa: "Go and wash your hands!"

“What are you doing? What are you doing cleanly?”

“What clean? I saw him take your hand.”

“So what, just hold hands. Don’t you meet clients when you work?”

“That’s different.”

“Why is it different? Anyway, what’s the difference between hands.”

Naven was in an endless posture with me after I didn’t wash him. His appearance was naive and funny.

I was still dragged by him to wash my hands. Lina was by my side and muttered to me when I was washing my hands, “Do you know that if I hadn’t been pulling him, Naven would have rushed out.”

“Hey, you two were in the same room just now?” I washed my hands and looked back at Smith Smith: “You two are still arguing about who is sleeping in the master bedroom?”

“I’m not as naive as him.” Lina rolled his eyes: “But I think Naven really loves you.”

“how you said that?”

“Think about it, where does a man love a woman? Be jealous? When someone touches you, his face is full of unwillingness? This is just a very simple aspect. Most men have a desire to control. I hope that 100% of my girlfriend belongs to him.”

“Then what do you want to say?”

“You see Naven is such an overbearing person. If you come into contact with other men, he can still support you in doing what you want to do. I think it’s quite commendable. Moreover, he just tried so hard to restrain himself and didn’t let himself rush down. Give Nie Qi a violent beating, not bad.”

It’s rare to hear that Lina also praised him, which is really dare not to be confident.

I asked her: “Naven gave you the master bedroom?”

“No!”

“Then why do you keep talking about him?”

“It would be better if he let me live in the master bedroom. He is really stingy, or is he not a man? I am a girl, right? How can I sleep in the master bedroom?”

Lina is really, the second after he was still boasting about Naven, he began to yell at him.

Finally, Lina concluded the case: “Livia, I think Naven loves you very much, but I still said that. If he treats you badly in the future, I will kill him.”

“Who killed who is still a problem.” Naven leaned against the bathroom door and looked at us with his arms folded.

It was not easy to get Lina’s approval. I washed my hands and walked to the door. Naven had to take my hand and check me to see if it was clean.

“Very clean.” I raised my hand to show him, and he grudgingly expressed satisfaction.

“Okay, what do you plan to do next? In fact, your plan has loopholes. As long as he dumps Zhen Xian, then the scene is over. Don’t forget that Zhen Xian has his child, if you really want to treat him in the same way as a man, then if she takes your child away, you have to...”

Naven didn’t say anything afterwards, I understand what he was talking about.

He meant that if I really wanted to retaliate thoroughly, then Zhen Xian would have to lose her child.

Naven looked at me, and I looked at him.

“Have you ever thought that this is actually a difficult problem. If you can’t bear to let Zhen Xian take away the child, even if Nie Qi and Zhen Xian break up, after you abandon Nie Qi, he will definitely look for it again. Zhen Xian’s. And Zhen Xian will also want to make peace with Nie Qi for the sake of having children, so your revenge is meaningless. Unless it is to make Zhen Xian lose her child, then count as if you abandon Nie Qi in the future Zhen Xian will also be badly injured, and she will not necessarily choose to be with him. This is the real revenge.”

Naven saw that I couldn’t bear it at a glance: “What? Haven’t thought about it so deeply? So have you thought about what you are going to do?”

I need to think about this question. I was successfully brainwashed by Naven, and then I was depressed all afternoon, lying in the sofa depressed and completely lost fighting spirit.

Lina looked at me sadly: “I knew Naven would be fine, what are you going to do now?”

“I want to end it.” I struggled for a long time before talking to her.

Chapter 501

I thought Lina would scold me, but fortunately, her reaction was mild. She thought about it very seriously. She patted me on the shoulder and said, “Livia, do what you feel most comfortable with. , Don’t embarrass yourself. I know you are such a kind-hearted fairy, if you really use a strategy to make Zhen Xian childless, then you will definitely have a conscience in the future. The only difference between you and Zhen Xian is that she There is no guilt, but you do. Well, I will support you no matter what you do.”

I was very moved and hugged Lina, and couldn’t help but k*ss her on the face: “Thank you Lina, I know you know me best.”

“Of course the person who understands you best is me, Naven has to stand aside.”

I laughed. Fortunately, Naven is gone now. Otherwise, the two guarantors will fight again.

That being the case, the matter between me and Nie Qi ends here. Even if he calls me in the future, I will make it clear to him, and I don’t plan to involve him at all.

This farce is over, I suddenly thought of something.

“Lina, my precious watch, the watch I bought for the old nose is just given to Nie Qi! You help me get it back.”

“Hey, you don’t want to face it, and ask others to come back for the things you send out.”

“At first you said you could get it back.”

“Let’s talk about it then, besides, a person like Naven will definitely find a way to get Nie Qi to spit out the money. Do you think he will use his own money to spend it on other men? If it’s a woman, that’s it. Up.”

“What do you mean by a woman?” I was bickering with Lina, and Nie Qi called again.

Originally, I didn’t want to answer his phone, but if you think about it, it’s better to tell him clearly.

So I connected and told him not to look for me anymore. Before I spoke, I heard Nie Qi say to me on the phone: “Livia, I am single now and I am free.”

I froze for a moment: “What does it mean to be free?”

“Don’t you like me being unclear with other women? Don’t worry, I have broken up with her, and I am completely clean.”

“Who would believe this kind of nonsense?” Lina said coldly on the side: “You two have a child, how can you break it clean?”

“The child is gone, Livia.” Nie Qi eagerly said to me on the phone: “Now I am alone, and I belong to you completely.”

I don’t care who he belongs to, but what did I hear?

Nie Qi told me that the child is gone? I’m not mistaken, am I?

I asked him: “You said the child is gone, why is there no one?”

“Just leave it alone. Anyway, I belong to you alone now. Besides, where are you, I want to see you.”

I don't want to see him, every pore I resisted when he heard him say such disgusting words to me.

"Livia." Finding I was silent, Nie Qi called my name loudly on the phone: "Are you still at home, I will come to you right away."

"Don't come to me, I don't want to see you. But you told me that you broke the baby with your girlfriend?"

"Livia, I know you don't believe me. Now she is in the hospital, or I will take you to the hospital to have a sneak look? Or I will go to the hospital to take a video for you now?"

Now that Nie Qi is separated from the phone line, I can imagine what a face he looks like at the moment.

I don't know if what he said is true or false. I told him briefly: "Don't come over, I'm not at home now, that's it."

Then I hung up the phone.

Lina heard very clearly from the side, and she thought about it for a while and said to me: "Or I will call Wendell Guantan to find out."

I didn't speak, Lina called Brian.

She turned on the hands-free, and she said to Brian: "I haven't been in contact for a long time, and I haven't been abroad in China. Why don't you call me, so affectionate?"

Lina gags with him, but Brian's voice is very low: "Sorry, Lina, I am not free now."

“What’s wrong? What’s the matter? What’s the matter with your voice?” Lina asked.

“Oh, so Zhen Xian has something wrong. I have to go to the hospital to see him.”

“What happened to Zhen Xian? Is it convenient to ask?”

“I am not very clear about the specifics. I heard her secretary say that she fell and shed a lot of blood, as if it was a miscarriage.”

Lina and I looked at each other. Brian couldn’t lie to us. Could it be that Zhen Xian really had a miscarriage?

“All right, then you are busy.” Smith Xie hung up the phone, and the two of us looked at each other.

I really didn’t expect Zhen Xian to have a miscarriage. What kind of methods did Nie Qi play to make Zhen Xian a miscarriage in such a short time?

We froze for a while before murmured: “This Nie Qi is really the scumbag among the soft rice kings, and the fighter among the scumbags. He thought that the rich female tycoon who came next to you would kill her child.”

My mental activities are extremely complicated for a while, and I don’t know what to say.

Lina suggested to me: “Or let’s go take a look and get the latest situation.”

Yes, let’s take a look.

But I don’t know which hospital Zhen Xian is in. We guessed it, maybe we will go to the maternity hospital!

So we went to the obstetrics and gynecology hospital with the best facilities in Rovandel, and went to the nurse's desk to inquire about Zhen Xian, and she was here.

We found the ward where Zhen Xian was located, of course we could not go in blatantly.

I took a look at the door and saw Brian sitting in front of a hospital bed. It was not someone else who was lying on the bed, it was Zhen Xian. Her face was the same color as the white sheets.

We pretended to be Zhen Xian's family members and asked the doctor about her condition. The doctor regretfully told us: "Ms. Zhen's condition is not very good. She is considered to be an advanced parturient among the most advanced parturients. This accidental abortion happened again. I miss her It will be very difficult to have children in the future, and hope is very slim."

"She won't be able to have another baby anymore?" I was surprised and asked quickly.

"There is almost no such possibility. I think she is 51 years old. For her, miscarriage is the most important thing now, but she still wears high heels, it is inevitable that there will be accidents. So I suggested this child at the time. Don't stay, and staying may not guarantee the birth of the child."

After hearing this, I didn't know what it was like, and now I have asked the doctor and confirmed that Zhen Xian really lost the child.

Lina and I looked at each other and walked out of the doctor's office.

Chapter 502

Basically, things are almost clear. It should be Nie Qi and Zhen Xianti who broke up. It is estimated that Nie Qi's language has become a bit fierce, and

then the two have a dispute. Zhen Xian is wearing high heels again. The two are arguing about pushing and pulling. In the process. Zhen Xian fell to the ground. Then I had a miscarriage.

When I was a child, I heard my mother tell me that she was very porcelain when she was pregnant with me. I don't know how many falls and there is nothing wrong.

But Zhen Xian was different. She was getting older and lost her child when she fell.

Lina and I stood at the back stairs. Lina took out a menthol cigarette and lit it before smoking. I snatched the cigarette from her finger and took a hard puff.

I saw Joe's surprised eyes.

"What's the matter? Why are you smoking cigarettes?" I have never smoked, and I don't know, maybe it's too depressed.

I think I want to take a sip if I have alcohol. I smoked most of the cigarette while coughing. Lina took the cigarette from my hand: "Okay, stop smoking, I feel very uncomfortable now, right? ? My kind little fairy."

"Stop calling me a little fairy. I'm not a fairy, and I'm not a demon. I'm just an ordinary person who tends to blame himself and feel weak."

"Human nature, after all, cold-blooded people are still in the minority in this world. All of this has nothing to do with you. This is destined. Zhen Xian is destined to have no children, and she does not know how to use her eyes. The love that is piled up by money is simply fake. She can't see the people around her, who can she blame?"

That said, but fortunately, the menthol cigarette quickly soothed my mood.

I calmed down, and then said to Lina, "I want to go in and talk to Zhen Xian."

"You are crazy, are you going to apologize to her?"

I shrugged: "I didn't think about what I would say to her, but I wanted to go in and talk to her."

"Livia." Lina wanted to stop me, so I patted her on the shoulder and walked out.

Lina chased me behind me, but I was so fast that I threw off Smith Yu, the athlete, and walked directly to the door of Zhen Xian's ward and pushed in. Brian was also there. He heard the movement I looked back and looked surprised.

"Livia, why are you here?"

I smiled with him, and then walked directly to Zhen Xian's bed.

Her face is really ugly, and her eyes are desperate. There is still makeup on her face, but she can't hide her old state and tiredness.

It didn't take long for Zhen Xian and I to know each other. The two of us didn't have a deep hatred in a fundamental sense. It was just because of her sensitivity and self-protection that she killed my child.

Zhen Xian opened her eyes when she heard the sound. She also looked at me in surprise, her eyes widening: "Livia, why are you here?"

I looked at her without saying a word. Zhen Xian is such a smart person. After she stared at me for a few seconds and then her eyes widened, she pointed her finger at me: "Livia, are you? Did you let Nie Qi break up with me? You planned it all, right?"

I still looked at her quietly, and I found my heart was calm.

I nodded with her: “Yes. Nie Qi wants to break up with you because of me, or not because of me.”

“What are you talking about?” Zhen Xian’s voice trembled, and her hands pointing at me trembled: “Livia, you are so vicious, you hurt me like this, you made me lose my child, and I will strangle you. I will strangle you to death!”

She stretched out her skinny hand and rushed towards me. I didn’t even hide, because Brian held him and pressed him on the bed: “Zhen Xian, don’t be too emotional now, lie down!”

And Zhen Xian was indeed exhausted at the moment. Brian pressed her on the bed and she lay there, panting and unable to move.

I quietly said to her: “I met Nie Qi on your yacht last night. The routine is very simple. I deliberately knew him and broke his watch. Then I gave him a piece this morning. Yu bought a villa in Rovandel, and then Nie Qi wanted to break up with you without hesitation.”

“Impossible.” She stared at me with eyes like a dead fish, hoarse: “Impossible, he can’t break up with me for a watch! Of course he is not just for a watch, but for his life without worries in the future. .”

“No, can’t he be with me?”

“You are different, you are old, and you have a child. For a man like Nie Qi, the fault between you and him is that you want to give birth to him. Don’t you understand? Like him What a man fears most is being responsible. If you want him to give you a family now, it won’t last long without me and you two.”

“No, he promised me yesterday.”

“He put on your ring, right? The ring you gave him is worth a lot. Why didn’t he take it? Accept the ring, you are happy, and he saves you from being harassed by you, even you After getting married, he can still go out to spend a lot of time and drink, and there are people who pay for him for free. Why not do it, everyone is happy?”

“Livia.” Zhen Xian was lying on the bed and gnashing her teeth. She has no strength to tear me up: “If you kill my child by any means, you will suffer retribution, you will definitely!”

retribution? I was about to be laughed to death by her. I bent over and looked at her: “Now the retribution is coming, Zhen Xian, don’t forget how you harmed me, why didn’t my child? I didn’t let it. How does Nie Qi treat your child?”

I have already told him that all this is a farce, I am not interested in him, I have finished all this very quickly, but you do not know him too much about the man you plan to marry and have children with him.

He is so eager for quick success and quick gain because he thinks he has found a better dock, so he can’t wait to leave you. If you want to say retribution, it can only be said that the retribution is on your body.

This world is so fair, that is, you have to pay for one, and there will be no one as a tool for you to vent your anger.

My life was almost ruined by you. Now your life is ruined by yourself, and it has nothing to do with me. “

“Livia!” Zhen Xian yelled sternly: “Livia, that is the grievance between you and Mira, you should find Mira to settle the account! She made the idea!”

At this time, Zhen Xian is still shaking the pot, but shaking is useless, and the matter is overwhelming.

This is Zhen Xian's ending and her destiny, or retribution!

I glanced at her and walked away from her bed. Zhen Xian wanted to rip with me, but she didn't have the strength, so I walked out of Zhen Xian's ward.

Chapter 503

Lina was waiting for me at the door, and I nodded with her: "Let's go!"

The two of us walked towards the elevator, Brian called my name behind me: "Livia!"

He chased it out, he should have something to tell me.

I stopped and turned around, Brian walked over to us, looked at me and said to me, "Is it convenient to say a few words?"

I nodded: "Okay."

Then I said to Lina, "You wait for me here."

Brian and I walked to the end of the corridor and stopped in front of a window.

I don't know what Brian wants to tell me, maybe he will tell me that he is disappointed in me.

I raised my head to look in his eyes, and I didn't see any emotion in his eyes.

I asked him: "What do you want to tell me?"

"Livia, I'm sorry about your child, but it didn't protect you. I didn't expect Zhen Xian to do that."

“It’s none of your business,” I said, “Do you want to tell me now that you are sorry for not protecting Zhen Xian?”

“No.” He shook his head: “I am not the savior, anyone can protect it. I know this incident is purely an accident, and I also believe in retribution and unhappy things. Zhen Xian hurt you back then, now The same thing happened to her, I think she should be able to feel the same way! Now you have forgiven Zhen Xian in your heart?”

“No, I forgive her not because she suffered the same thing as me. No matter how painful she is now, my child will be gone if I don’t have it. I didn’t use the same despicable method as her to treat her. She should bear it.”

When I finished speaking, I nodded to Wendell’s point of view, and walked towards Lina under his watch.

I took Smith’s hand and walked forward. Smith’s kept turning his head to look at me. After walking into the elevator, I asked her, “Why look at me with this look? Why don’t you recognize me?”

“It’s a little bit strange, but what you told Zhen Xian just now is really cool. You must be a new woman!”

I smiled with Lina: “I’m not the kind of being stabbed and begging her to stab me again, so as not to hurt my own mother who is the kind of bit*h. Besides, Zhen Xian is to blame, it has nothing to do with me.”

“It’s fine if you can think about it this way, I’m afraid you will blame yourself for a few days and nights.”

“I feel sorry for the child, but not for Zhen Xian. I hope that the grievances between me and Zhen Xian will pass.”

I know she hates me, and I'm not sure if she will pester me again after she recovers.

But it's okay, I don't cause trouble, and I'm not afraid of trouble.

I never thought that my goal would be achieved in such a short time, and it was still when I had given up.

"You're right," Lina said to me as he drove: "It was Zhen Xian who found a man who didn't know what kind of man she had. She wanted to marry Nie Qi and have a stable life. How could it be possible? You will never get true love from someone like Nie Qi."

"What is true love?" I asked Lina: "Do you know?"

"If I want to say that I know, you must also say that I haven't even talked about love. How can I know what true love is? I used to watch TV dramas, and I always felt that life and death depend on each other. It is true love that can die for each other, but now I feel that it is true love to fulfill the other party. Those who are willing to help the other party fulfill their wishes, support what she wants to do even if he cannot accept it, such as Naven."

"Oh, you have praised Naven a bit too much recently! When did you give him such a big change?"

"He is still that annoying, but I think he really loves you."

Lina's phone interrupted her, she connected, and I looked out the window, and the spring was getting stronger and stronger. Although it was already night, there was no coolness when the window was open.

After Lina answered the phone, patted me on the shoulder and said, "Russel has started to act."

I turned my face to look at her: “How to act?”

“Russel divested and moved all the funds away.”

“and then?”

“Now the project has started, and all the funding gaps are in Mira. If the subcontractor cannot receive the money, then they can only go to Mira.”

“Then Russel is in breach of contract like this?”

“He has his own way. It can be said to be playing the sideball in the gray area. In fact, it is very simple to play a person sincerely, just a little trick.” “I feel that Russel did it deliberately, in fact. We had the same result as if we didn’t cooperate with him. Even if he could hit the side ball, Russel took a big risk. Why did he do this?”

Lina looked at me: “I know the answer, but I dare not say it.”

She wanted to say that it was because Russel loved me, but I thought he liked me a little before, I admit it.

If he loves me, he has loved me so much that he can take such a big risk for me, far from that point.

I think about saying to Lina: “You drive to Jade’s.”

“What are you doing?”

“I’m going to find Naven.”

“Why are you looking for Naven?”

“What do you care about me? Just send me over.”

“Yes, yes.” Lina saluted me.

She sent me to Jade, and I know that Naven is working overtime tonight.

Lina sent me to Jade’s downstairs, and I asked her to go back first.

“Do you want me to pick you up at night?”

“no need.”

“Oh, I know, Naven sent you back, then I’m going to drink.”

“Hey, you can’t drive if you drink.”

“I know, you treat me stupidly, maybe I met a handsome guy in a bar and asked him to drive me home.”

I’m not worried about what will happen to Lina going to the bar alone. It is not a problem to hit two or three men by herself according to her physique.

I walked into Jade’s and registered with the guard, they recognized me and didn’t stop me, so they let me go up.

Naven is not in the office. He has a meeting in the conference room.

At night, Jade’s lights were still brightly lit, so I sat in his executive chair and turned to the window to watch the busy traffic downstairs.

Naven’s office is on the 26th floor of the highest floor. From this height, you can see several surrounding streets.

The neon is shining brightly and the city is so beautiful.

I didn't eat, and my stomach was groaning.

Naven's meeting had been open for a long time, and all I was waiting for was a little sleep. When I was about to fall asleep, I heard the sound of the office door opening.

Naven was talking to his assistant, and walked in as he said: "This thing will be done even all night."

I heard his footsteps walking to the table, he turned my chair around, I sat in the chair and lay comfortably, looking at him with a smile.

He didn't seem to be surprised at my arrival, and raised his eyebrows: "I don't say hello when I come, or ask the secretary to pour you a glass of water."

"How do you know how long I have been here?"

"You dented my chair."

"Your observation is really careful enough."

Chapter 504

The secretary brought me hot tea, and Naven ordered her to get some snacks.

He squatted in front of me and touched my head like a dog: "I'll go to dinner together after reading a document. You can eat some snack mat first."

Naven looked at the document, and my refreshment was served with very fragrant almond cookies. The milk flavour was very strong and delicious.

I threw them into my mouth piece by piece, Naven looked back at me while reading the file: "Eat slowly, don't choke."

I almost finished eating a small plate of almond cookies before stopping. Naven also read the documents as quickly as possible, and we ate together.

I influenced Naven's taste a lot. He accompanied me to eat skewers, and then he ate more than I did.

I have almost eaten, he is still eating.

He must be able to see that I didn't come to him for dinner, but I didn't mention it.

I was full and sipped the chocolate soy milk and watched him eat. Now he cooks his hairy belly for a few seconds and the venetian blinds for a few seconds.

"You don't want to eat?" He looked back at me while eating, very busy.

"I am full."

"Would you like a dessert for you?"

"Do you think this is a French restaurant? Where can I find desserts?"

"Brown sugar ice powder." He winked at me.

I have something to ask him, not as calm as he is.

When Naven put the last black hairy belly in his mouth, I asked him: "You asked him to do that about Russel?"

He finished chewing slowly: "Well, it's so tender, I have to eat another plate."

"I have answered my question before eating, otherwise the boss will not sell it to you."

He curled his lips, and stretched out his hand to touch my face with a hippie smile: "Livia is getting smarter and smarter."

I guessed right, and Russel spared no effort to help me. Naven must have asked him to do so.

"If you want to help me, just help me, why bother to borrow Russel's hand?"

"I'm afraid you won't accept it." Naven told me to be cute: "Now that I have answered your question honestly, can I have another dish?"

He agreed so happily, what can I say?

He went to get a few more dishes of his favorite. He had known that Naven would help me, and what I would do so hard to do.

I asked him: "Is Mira still in the hospital?"

"I am discharged from the hospital, and the bridge of my nose is not as severe as a broken nose, otherwise you wouldn't be able to get out of the police station so quickly."

"Russel will bail us as you too!" I said.

"Do I just watch you being locked in?"

I propped my head with my hands and watched Naven's eating. I still remember the first time I brought him to a place like this. He resisted to the extreme. I didn't expect that now he became the number one fan here.

"Naven, what is the date of your marriage with Mira?"

"There are still two days." Naven said to me: "Now she is in a state of exhaustion, and many creditors have gone to Mira and Ronjia to block her door."

"Mira is really miserable, she still doesn't know that the person she wants to marry is the big boss behind her."

"She killed our child." Naven was eating, vaguely: "It stands to reason that one life should be paid for. I did this not to help you, but a personal grievance."

Heh, Naven, who must be reported to Jaixi, Mira should understand him.

Knowing that Naven didn't really marry her, she still wanted to take the risk to marry him.

Mira loves Naven so badly, but it's a pity that she doesn't understand that Naven doesn't love her and can't use any conspiracy and tricks.

In the past two days, Ruan Ling reported to me how Mira was so distraught. Many creditors came to her home, but she couldn't find Russel, so she had to carry these debts by herself.

Lina said: "The Ron family is in such a mess now, is Ron still in the mood to marry Naven tomorrow?"

"Marrying Naven is Mira's ultimate goal in life. She will not give up her beliefs because of anything."

“I think there is something wrong with Mira. She doesn’t know what kind of woman the man she loves.”

“Mira has been so happy since she was a child, so she feels that all the good things in the world should belong to her.”

The wedding of Naven and Mira was quite grand. There were a lot of media on the scene, and Lina and I had mixed in long ago and found a less conspicuous place to sit.

I saw Mira in the crowd, she was very beautiful, with white gauze fluttering and red lips dripping.

It’s just that her eyes are a little weird.

There is a stubborn madness.

Seeing me looking at Mira intently, Lina asked me in a low voice, “Is it a bit sour when I see Mira wearing a wedding dress?”

“No.” I bit my nails

Now, as long as Mira does not see me.

Mira should not know what is waiting for her.

The wedding was about to begin. I sat in the corner and watched Mira standing under the stage. The host was sensational, and then she walked onto the stage alone.

Originally, it was supposed to ask her to hold her hand on the stage.

If his father is alive, Mira must be very happy to get married.

But he himself didn't know that he would die in the hands of his daughter who was raised since childhood.

I stayed calm, watching Mira come on stage, she took the host's microphone and said that today is her happiest day.

Then she began to cherish the memory of her father, crying.

I looked at her coldly, and Lina grunted his teeth.

"I really want to go up and tear her mouth." Lina said.

"We don't have to be so troublesome." I took a sip of the cocktail: "The show will begin soon."

"Livia, what did you do?"

I pointed to the stage: "Look at the big screen."

Dad's figure appeared on the big screen. It was taken when Mira was celebrating her birthday when she was a child. Dad held her in circles.

Mira burst into tears and looked up at Naven and said to him: "My relatives are gone, and my only relative in this world is you."

The stage was a bit far away from me. I couldn't see the expression on Naven's face. He didn't speak or say a word.

The scenes of Dad and Mira's previous life were shown on the big screen. This sensational passage pushed the atmosphere of the wedding scene to a climax.

My dad was so young at that time, I closed my eyes, and he could live healthy and healthy till now.

The picture on the big screen suddenly changed, and the picture of Mira and the driver appeared.

Mira was saying to the driver, "Be nice, and I won't treat you badly afterwards."

Everyone was in an uproar, and Lina looked at me in surprise: "Livia, when did you get this up?"

"Isn't she going to be sensational, I will let her be sensational."

The people in the audience exclaimed, Mira looked back at the big screen strangely, I got up from my seat and ran to the stage quickly.

Chapter 505

When I ran up to the stage, Mira was staring at the big screen in surprise, her face turned pale all of a sudden.

She yelled in horror: "Who put this, quickly, turn it off for me!"

"Turn it off can't conceal your crime of killing Dad!" I rushed to the stage and grabbed Mira's arm. She looked back at me in horror: "Livia, why are you here? You give me out and go out! "

"You killed Dad, you killed Dad!" I endured for so long, and finally I can showdown with Mira at this moment.

"No." She shook her head: "Don't you want to mess with my wedding, don't think about it!"

Mira pushed me hard, and Naven held me fast with his eyes and hands.

“Naven.” Mira grabbed Naven’s arm: “I haven’t done it. Livia wanted to make trouble. She framed me and framed me!”

Naven opened Mira’s arm, his face was cold: “Mira, look at the gate, someone is looking for you.”

Mira looked at the door, and I also looked over. I saw many people rushing in from the door, shouting Mira’s name and rushing towards the stage.

I knew that it was the subcontractors who came to Mira for money, Mira stood in a daze, then suddenly awoke and turned around and ran.

When she turned around, her skirt actually had a miserable beauty.

Runaway bride, this term fits Mira.

It is estimated that she herself did not expect that one day she would run away from her wedding with Naven.

But she couldn’t escape, because she found someone to dig her stepmother’s grave, and when the person caught it, she naturally confessed that Mira was an instigator.

So, there are police officers waiting for her in the background.

I want her to fall into the bottom when she feels the peak.

Mira was taken away by the police, and the media shot her with guns and guns.

I have been wondering what role Mira played after the death of my stepmother.

I think it may have been bleeding from the stepmother's operating table, and Mira did not take first aid.

Because it is possible that the stepmother knew the reason for the accident, Mira felt that she had a handle in her mother's hands, so she hurt her assassin.

Mira is so cruel and unscrupulous in order to get everything she wants.

I stood on the stage and watched her being taken away by the police. She kept looking back at Naven and screamed: "Naven, you colluded with Livia to harm me, how could you treat me like this?"

"This time." Lina said with my shoulders: "Mira probably won't be able to get out of it. The lawyer told me just now that the video can definitely be used as evidence. Now the police have gone to arrest the driver. Tian Youling will definitely bring those who killed him to justice."

I looked at Mira's back and sighed.

Naven put his wedding gown on me: "What's the matter?"

"Mira may not be able to get out. She killed her father, and she can't get rid of her mother's death. Mira has to sit in prison this time."

Lina hit me with his elbow: "Don't you feel sympathetic now?"

"No matter how compassionate I am, she will pay for what she did wrong."

The night sky tonight is dark, no matter how bright the lights in the venue are, there is no way to illuminate the night sky.

Mira was prosecuted on most charges. Lina told me that Simon went to the police station to surrender and confessed that he had forged the transfer contract with Mira.

In fact, even if there is no such charge, Mira will basically find it difficult to get out of prison in this life.

So I was surprised that Simon did this, because Simon himself was also implicated in this matter, and he would definitely go to jail.

Once he goes to jail, his lawyer's license will be revoked, and he will never be a lawyer in the future.

In other words, Simon's career will be ruined.

With conclusive evidence, Simon was sentenced to two years in prison. I met him before he was transferred to prison.

In fact, I was very angry with him before. I was angry not just because Simon did this kind of thing in conjunction with Mira for his own desires.

Also, he is far from the one I knew before. I don't seem to know the stranger anymore.

Now I am sitting across the thick glass and looking at him, but I have lost a lot of weight without seeing Simon in a few days, but he is in good spirits and his eyes are open.

From the look in his eyes, I think Simon seems to be the original Simon.

He looked at me and smiled: "Livia, I owe you a sorry sentence."

"It doesn't really matter if we say sorry or not."

"Then do you still hate me now?"

I thought about it and shook my head: "I have never hated you, I should just be angry and disappointed!"

"Livia, I never thought of harming you. I just think that your position as president is too hard and not suitable for you. I don't think you care about your reputation and status, so I did something like that. Now that I think about it, I'm so selfish, what right do I have to control your life?"

Simon is very pleased to be able to figure it out, but I just think the price is too high.

We didn't say anything later, I sat with him for a while and left.

Naven waited for me at the door, and when he saw me coming out, he walked over and held my hand: "How are you talking?"

"Yeah." I nodded.

"Do you know the biggest difference between me and Simon?"

"What is it?" In my mind, he and Simon are two completely different people, completely incomparable.

"Simon just wants to get you, and I really love you. Love doesn't have to get love, but everything you want to do is fulfilled."

Naven rarely looks like this with his serious appearance.

“Put gold on my face.” Although I was very moved, I still smiled and poked his chest with my finger: “It sounds like you don’t want me. Don’t forget that some people are particularly authoritarian.”

“Who are some people? Do I know?” He took my shoulders and took me into his arms.

“Take you to a place.”

“Where to go?”

“Just follow me.”

Naven is mysterious, so I just follow to see where he takes me.

When Naven stopped the car, I discovered that this was the place where my mother and I lived in the small building.

“Bring me here for what? This place has been bought by Mira, and the house has been pushed.”

As soon as I finished speaking, Naven stretched his finger forward.

I was surprised to see that the small building where my mother and I lived was still in place.

I pushed the car door and jumped down ecstatically, and ran to the small building.

The small building was exactly the same as the original one. I opened the door and went in. All the furnishings and decorations inside, even the color of the floor was exactly the same as the original one.

But I know this is definitely not the original small building, because I saw it was pushed down with my own eyes.

I turned my head and looked at Naven in surprise: “Did you let people rebuild this small building?”

“The house was not completely pushed out that day, and half of it was left. I asked them to rebuild it and restore everything inside. How? It’s exactly the same as before, right?”

“Yes, it’s exactly the same. How do you know this is the case in this small building?”

“You drew a drawing and you forgot?”

“Oh.” I remember that after my stepmother signed the transfer agreement for me, she was going to renovate the small building, but only I could understand it. I didn’t expect Naven to really understand it.

I was very happy and ran up and down in the small building.

I don’t know where Naven found the oil painting that his father had painted for his mother before and hung it on the wall in the living room.

I sincerely said thank you to him, but he looked at me from the corner of his eye: “Just a thank you?”

“Then what do you want?”

“I want something more valuable.”

“What is it?”

“Your life.”

“You’re so greedy.” I curled my lips: “A house wants my life?”

He hugged me from behind, and the two of us stood on the balcony looking at the lake in the distance.

Ruan Ling called me at this time. She said that because the equity transfer agreement of Mira was forged, the board of directors decided to give me the shares that originally belonged to me and the shares of Mira.

Everything I lost is back.

Naven put his head on my shoulder, and my neck hurts with his chin.

“Rovandel’s famous domineering female president, don’t dump me, I’m a sugar daddy!”

I was amused by him: “Then you have to be careful.”

“Yes, yes, the little one obeyed.”

“By the way, Naven, you have to teach me how to run and manage the company.”

“Yes, my wife.”

“I am not your wife yet, we are already divorced.”

“Divorce can also remarry!”

Naven suddenly released me, took out a piece of paper from his pocket and handed it to me. I asked him in wonder, “What is this?”

“Marriage agreement?”

“Agreement?” I frowned. I still remember when Naven and I got married for the first time, he threw such an agreement to me before the wedding, and now I’m here again.

“What are you doing?”

“Just look at it.”

I opened the agreement, there were not many words on it, only a few lines of words.

Party A: Livia Party B: Naven

Marriage period, three generations.

With just these few words, I wanted to laugh but couldn’t help my nose sore. I threw the agreement back to him: “So naive.”

“Hurry up and sign.” He put the pen into my hand.

I took off the cap and signed my name on my column, and then asked him, “Should I press the red handprint?”

“Then I bite my finger and give you inkpad?”

“Nerv.” I pushed him, and then he took my wrist, and I fell into his arms.

The sun is very good today, and it feels warm to the body, oh, spring is here.
