

# Chapter 721 – 730 of A Dish Best Served Cold Novel

## Chapter 721

“It didn’t hurt for nothing, it didn’t hurt for nothing~” “Haha~” The old man Qiu was very excited at this time, smiling from ear to ear.

Looking at the gazes of Leonard Chu and Terrisa Qiu’s husband and wife, they were full of approval and relief.

“My Simpson Qiu, the most proud of is to have your granddaughter Terrisa.”

“The happiest thing is to have a grandson-in-law like Leonard.”

“Terrisa, Leonard, grandpa really has to thank you.”

If it weren’t for you, I’m afraid I won’t be able to enter the gate of the convention and exhibition center in this life. In this life, it will be difficult to participate in this annual meeting of entrepreneurs, right?” As he talked, Mr. Qiu almost burst into tears.

He has struggled all his life, and now he has a lot of descendants and successful careers.

The biggest regret in the past was that I was not invited to participate in this Wrilfill entrepreneurs annual meeting.

After all, this is more than just a conference.

It represents an honor, a recognition of society, and a symbol of identity and honor.

Only after stepping out from here, can Mr. Qiu tell others righteously that he is a great national entrepreneur.

“Yes, even the uncle and I are in your light.”

Simon Qiu also smiled, sighing from the side.

“Then grandpa, can you give me your incense burner?” Seeing that the old man Qiu was so happy, Terrisa Qiu took the opportunity to hit the old man’s incense burner again.

When I ate with Wang Xingduo last time, this incense burner should have been in hand.

However, something went wrong and the old man was furious, and Terrisa Qiu didn’t dare to mention it again.

Now, taking advantage of this opportunity, Terrisa Qiu is rehashing the old thing, and then asks for this incense burner for Mr. Qiu.

“You Nizi, you are really born to do business. You don’t suffer from d274ea93.”

“Well, that incense burner, I will give it to you when I go back, and I will give it to you when I go back~” Old man Qiu was also generous, and answered with a smile.

“Thank you, grandpa.”

Terrisa Qiu smiled suddenly.

I thought to myself that the old man's incense burner was estimated to be worth 1.8 million Dollar, so that it would be able to pay off part of the debt.

Yes, Terrisa Qiu and Leonard Chu also carried a debt of 4 million on their backs.

That day, Terrisa Qiu broke two vases, Shen Meng asked them to pay 8 million Dollar, Zhang Li took one million, Leonard Chu and Terrisa Qiu both broke the old story, and they made up less than two hundred. Million.

There were still five million debts left. At that time, Shen Meng put aside his harsh words and sent them to the police station if they were not completely repaid.

In desperation, Leonard Chu had to call his friend to borrow four million, and finally Shen Meng saw Leonard Chu's friend's face and gave another one million. This matter was just revealed.

As for Mr. Qiu and the Qiu family, he didn't know anything about it.

Of course, Terrisa Qiu didn't dare to say, after all, a lot of their family's money came from the company. This is easy to reveal and will inevitably arouse suspicion.

As for the Chu family, Leonard Chu dared not ask for help.

What happened that night made his mother Zhang Li very angry, and then ask them for money?

Leonard Chu didn't have the face to ask.

Therefore, I can only borrow from a friend.

Leonard Chu is usually generous and generous, and he has made many friends since he was a child, and he has a good family background.

One of them is Wu Yong, the son of the mayor of Wrilfill City.

Leonard Chu mostly borrowed the four million from Wu Yong.

Leonard Chu also got the tickets for today's annual meeting of entrepreneurs entirely through Wu Yong.

"Leonard, Angkor hasn't arrived yet?" At today's annual meeting of entrepreneurs, Terrisa Qiu and the others are all counting on Wu Yong to lead in. Seeing that Wu Yong hasn't arrived yet, Terrisa Qiu couldn't help being a little worried.

## Chapter 722

I thought, wouldn't something be wrong again?

"Don't worry, Wu Yong has been in friendship with me for more than ten years. He has a strong relationship with me. He won't let me go."

Leonard Chu said confidently.

Wu Yong and Leonard Chu can be regarded as a primary school. When they were young, the two families were neighbors, and the elementary school was all attended together.

Later, because Wu used his father's job to be transferred, the two also separated.

Later, Wu Yong's father took the charge of Wrilfill, and the investment attraction attracted Leonard Chu's father to carry out urban construction in Wrilfill.

There are naturally many reasons why the Chu family's real estate in Wrifill went so smoothly.

With this kind of relationship, it is conceivable that the friendship between Leonard Chu and Wu Yong will not be weak.

Not long after, a silver-white Cadillac drove over, and then a handsome, handsome man walked out of the car.

At a glance, this person knows that his temperament is extraordinary, and he must be rich or noble.

After getting off the car, he took off his sunglasses and looked around for a while until he saw Leonard Chu beckoning to him far away.

The corner of the youth's mouth suddenly tilted, and then he took a low footstep and walked forward.

"Wu Yong, you are finally here."

"I'll just say, you fellow, dare you let me do the pigeon?" Chu Wen flew over, patted Wu Yong's shoulder and said haha.

Terrisa Qiu poked Leonard Chu from behind, and said in a low voice, "Leonard, be polite."

Wu Yong is always the son of the mayor's family, but Leonard Chu has no respect for others. , Terrisa Qiu was naturally worried.

Leonard Chu was very carefree: "Terrisa, it's okay. My brother Wu has been with Wu for more than ten years, and it doesn't matter so much. Don't say he is the son of the Wu Shi family, he is the Emperor Laozi, if he does what I am sorry It matters, how I should smoke him, I smoke him."

As for men, no matter how young they are, they must have fought with each other when they were young.

Leonard Chu was a tall man, and Wu Yong, who naturally suffered a loss every time he started fighting.

Wu Yong shook his head and smiled: "Okay, let's talk about the extra words later, let's go in first."

During the speech, the group of people walked towards the exhibition center.

Along the way, looking at Leonard Chu who was talking and laughing with Wu Yong, Old Man Qiu, Qiu Yang and others were undoubtedly secretly surprised.

"Unexpectedly, Leonard still has this kind of connections."

"It seems that our family Terrisa really found a good home."

Old man Qiu is undoubtedly more and more pleased with Leonard Chu.

Qiu Yang also nodded and said with emotion: "Yes, Leonard is here, and we will have hope in the Qiu family in the future."

"Why don't we worry about our business?" Just like this, Terrisa Qiu and other Qiu family members followed the useless. Exhibition Center.

At this point, there is still some time before the annual meeting begins.

Taking advantage of this gap, the leaders of all parties communicated with each other.

It is not business elites who come here. The entire venue can be described as a gathering of celebrities.

Successful people in suits, elegant business ladies.

The people were in groups of three or five, holding red wine glasses, talking to each other, and wanted to take this opportunity to expand their circle of friends and make a few big business men.

..... “Isn’t that the boss of Jinding Group?” “And the chairman of Shengshi Entertainment?” “And the head of Wang’s Group, Mr. Wang, the fifth richest man in Wrilfill this year?” They have arrived at 96f4c38c too?” After Helen Qiu entered, he was immediately full of horror as he looked at these big men from all walks of life who were rarely seen on weekdays.

## Chapter 723

I thought that if these big guys were invited to the town venue at the opening ceremony, how beautiful would it be?

At that time, see Terrisa Qiu and the old man, what else can you say?

Thinking about this, Helen Qiu suddenly showed an inexplicable smile, so she took the initiative to take the invitation and send it to everybody, inviting them to the opening ceremony, her attitude was very low, and she was very respectful to these senior businessmen. .

However, what disappointed Helen Qiu was that she gave it away for a long time, but even confiscated it.

Almost all refused for various reasons.

In the end, Helen Qiu sat down on the side in despair, almost giving up.

“Cici, why do you say this is the case?” “Why didn’t anyone want to go?” Before coming here, Helen Qiu thought that there are so many powerful and

powerful people present, even if they are really busy, they can't be all Be busy, one of the ten will always have time to participate.

But now, the cruel reality slapped Helen Qiu in the face.

At this time Susie had just finished talking with a young and wealthy master, and she walked over with a red wine glass. Seeing Helen Qiu's discouragement, Susie did not show much surprise, on the contrary, she was surprised. The look inside: "Helen, I told you a long time ago that your method doesn't work."

"But why?" "Is it because I'm not polite? Is it because I don't respect them enough? "Why did they all refuse, and they didn't even accept the invitation. They didn't even tell me a good word?" "Why is this?" Helen Qiu is very puzzled. She obviously works so hard, so respectful, and even OK. He said that he was a little humble, and invited them in a tone almost begging.

But the result is still the same.

"Helen, you still don't understand."

"It's because you are too respectful to them and behaving too humble, that's why they disdain it."

"That's how people are inferior. The lower your posture, the more they are. Disdain to pay attention to you, naturally will not accept your invitation."

"However, if you behave at the top, the more they will flatter you, and the more they will flock to you."

"Don't you understand such a simple truth?" Susie shook her head. With emotion.

Helen Qiu laughed at herself as she listened: "Cici, why don't I know what you said?"

“I also want to be high, and I don’t want to put my posture so low. But, what can I do?” “Mufan Real Estate is a small company after all, a small business, and unknown. It is estimated that no one of these people knows it. In this situation, how confident do we have to show up to others, and why do we make others cling to it?” When Susie heard this, she suddenly smiled and said, “Helen, you don’t believe that you are stupid?” The company is now?” “Hua Xia is big, there are hundreds of billions of companies without thousands, do you know what their names are?” “So, don’t you say, who knows whether Mufan Real Estate is a large group or a small group? Enterprise?” “No one here knows you.”

Helen Qiu was stunned: “Cici, are you...”

However, before Helen Qiu finished speaking, Su Qian smiled slyly: “Helen, You’re waiting for me here and watch my performance. After a while, remember to cooperate with me.”

“Cici, you~” Helen Qiu seemed to have guessed what Susie was going to do and wanted to stop it, but Susie was already at the center of the venue. .

The rostrum is where the leaders speak.

## Chapter 724

But at this time, Susie had already walked up and stood at the highest point of the entire hall, speaking proudly to the microphone in front of her.

“Ladies and gentlemen, good evening, everyone.”

“I am the vice president of Mufan Group, Susie.”

“My Mufan Group started business in Wrilfill, and the local branch in Wrilfill has not yet opened. It stands to reason. In this case, you should not be eligible to participate in the annual meeting of local entrepreneurs in Wrilfill.

However, Han Dongmin was very kind, and called three times to invite, hoping that our group would be invited to the meeting.”

“There is no way, our group had to be incomparable. It is a shame and a great honor to attend this annual meeting.”

“Here, on behalf of our group, Mr. Qiu, I would like to express my gratitude to Han City for the enthusiasm. I also express my gratitude to all entrepreneurs in Wrilfill.”

“Thank you all. , The acceptance and welcome of our Mufan Group.”

Susie’s loud words suddenly sounded and echoed throughout the hall.

For a while, many people looked up one after another, listening to Susie’s speech, many people present showed trembling and puzzled faces.

“Mufan Group?” “Wang Dong, you have a lot of experience, have you heard of this group?” “It seems very powerful!” ..... “No, I have never heard of it!” “But listen to this Su In general, it seems that a foreign group came to Wrilfill to develop locally, right?” “It’s normal if you haven’t heard of it.”

“But you can call the Korean city three times. This Mufan Group is probably also a big group!” It is possible that it is the second Hongqi Group~” ..... “I will go, so powerful?” “Doesn’t that mean that it is 6e0cdf88 even better than the Shen Group?” ..... “Well, I think it’s at least on the same level. Otherwise, why would Hanshi call and invite in person?” “This face, in Wrilfill City, apart from Hongqi Group and Shen Group, there is no third one.”

.....

“Another behemoth has come to Wrilfill.”

“This is an opportunity, and we must seize it.”

“This kind of company is backed by a large group. If it can hold their thighs, maybe our company can also get out of Wrifill. Noifork Province~” A fiery color appeared in the eyes of many people, and they said secretly.

Susie’s speech just now, I can’t say, was extremely beautiful.

It is simply a model of the pretender world.

First, he surrendered his status and said that he was not qualified to participate in the annual meeting here.

Immediately afterwards, the conversation turned, saying that Han Dongmin had invited three times, and his hospitality was hard to be discouraged.

Susie’s posture seemed to be very low.

However, this upturn and three invitations from the mayor is tantamount to completely elevating the Mufan Group’s compulsion to a terrible height, causing everyone to tremble, and even many corporate bosses have already begun to obey and prepare to take the initiative in a while. Talk to know.

This is the art of speaking. Susie is respectful, right?

Also respectful, but in the eyes of everyone, that is called modesty.

And Helen Qiu’s respect before, in the eyes of everyone, it was humble.

Human nature is like this, dismissing the humble people, and deliberately trying to curry favor with the superior people.

And the business dignitaries in the entire venue are all talking about the power of Mufan Group.

Not far away, Terrisa Qiu and others frowned.

“Susie?” “Isn’t that Helen Qiu’s best friend?” “Return to Mufan Group?” “Could it be that small broken company of Helen Qiu, Mufan real estate?” “Just the broken company. When I get up, I am embarrassed to call it a group?” “What the hell is Susie doing?” Terrisa Qiu was puzzled.

Father Qiu, Simon Qiu and others obviously noticed this too, frowning, and continuing to watch Susie’s performance.

## Chapter 725

Obviously, they also wanted to see what kind of medicine Susie sold in this gourd?

“Grandpa, this Helen Qiu is really shameless.”

“What kind of company you are, don’t you have any compelling ideas?” “Still blowing into a group here?” “Also saying that Han Shi personally invited them?” “They are also embarrassed. Say?” “I see, this Susie was instructed by Helen Qiu to talk nonsense at this year’s meeting.”

“If you want me to tell, I should go up and expose her.”

Qiu Mu was full of disdain. While looking up at Susie, she sneered coldly.

The old man Qiu shook his head: “This Su family is also considered rich and powerful in Wrillfill. You are in the past and beat Susie in the face. Why don’t you sin against the Su family?” “Let’s take a look first, and see Qiu What kind of fame is Helen’s bestie?” “It’s better not to have s\*x with her, or not.”

“Moreover, Helen Qiu is definitely not qualified to come in on this occasion. So Susie is not necessarily It was instigated by Helen Qiu. In case what she said is true, did Wrillfill really come to a large group from other places recently?” “When the time comes, you will expose it indiscriminately. Instead, it will be us.”

Be careful and persuade from the side.

“Well, grandpa is still thinking about it.”

Terrisa Qiu also nodded and continued to watch the changes.

At this time, 9b598b6b hearts are in the venue.

Susie was still talking on the high platform.

I have to say that this Susie is indeed a bit eloquent, and this bluffs people, but also stunned.

The gaze of the audience fell on Susie.

Many people are already eager to try, ready to go forward to make friends and hand in business cards at the end of Susie’s speech.

“I, Mufan Group, have gone through dozens of springs and autumns until now. The development of branches in various parts of Vietnam has also made great achievements.”

“Now there are 5,600 employees in Mufan Group. There are dozens of small and medium-sized cities throughout Vietnam.”

“Today, due to the business needs of the group, we are here to open a new branch in Wrilfill.”

“As the first meeting between Mufan Group and senior businessmen in Wrilfill, I represent Mu Fan Group’s Wrilfill branch would like to extend the most sincere invitation to all the gentlemen and ladies present.”

“On November 11, Mufan Real Estate, a subsidiary of our group, will hold a grand opening ceremony.”

“I am here, and I look forward to all local entrepreneurs to come and participate!” “However, due to the limited space, I strive to win , But I won 50 places for everyone.”

“So, those who are going to participate in the opening ceremony of our group can go to the president of our company, Mr. Qiu, to receive the invitation letter.”

“At that time, only VIPs holding the invitation letter will be allowed. Enter~” Susie’s confident and proud voice echoed in the entire hall.

As soon as she finished speaking, applause broke out from the audience.

Many people can’t wait to get the invitation letter.

“President Su, we Debang Logistics will participate.”

..... “Our Lehua Hotel will also go to~” ... “And us!” “At that time, the president of our company will come personally!” .. .. “Yes, it is our honor to be able to participate in the opening ceremony of Mufan Group!” “We must be there~” ..... “Where can I get the invitation letter?” “Where is Mr. Qiu?” ..... At this time, the entire exhibition center became lively in an instant.

## Chapter 726

Especially after hearing Susie say that after only 50 places, the bosses of these companies are naturally more anxious.

They looked around, looking for the Qiu who Susie said, hoping to get the invitation letter sooner, for fear that they would be listed first if they were too late.

After all, for many companies present, participating in the opening ceremony is a golden opportunity.

Maybe they can take advantage of this opportunity to negotiate a few orders with Mufan Group and reach a few cooperations.

This is a big group of more than 5,000 people!

At least hundreds of billions of assets.

Any list of this kind of enterprise is estimated to be tens of millions to hundreds of millions.

Just like QMove Logistics, a little-known small company before them in Wrilfill, it was because they embraced a large company with a solid background like Hongqi Group, not only received tens of millions of financing, but also received 50 million orders.

With Qiu Shui Logistics ahead of the jade, the other companies are naturally more eager and want to get on the express train of Mufan Group.

Soon, the invitation that Helen Qiu brought today was snatched up by 87a4fff9 people.

Not only that, but those who did not get the invitations were close to saying good things to Helen Qiu, hoping that Helen Qiu could find a way to get them some more invitations.

A mouthful of Qiu always shouted, that is a passion and respect.

It was in sharp contrast to the cold reception Helen Qiu had just received.

After only a while, Helen Qiu received a bunch of business cards.

Helen Qiu didn't expect that Susie's trick was so effective.

She begged grandpa to tell grandma just now, but she didn't send out more than one, instead she got a lot of blindfolds.

But now, these people are vying to ask Helen Qiu for it.

"Helen, how about it?" "Your best friend, am I good?" "If it weren't for me, you wouldn't be able to send out an invitation letter today?" Susie was full of excitement when she saw the effect of her own words. , Said to Helen Qiu triumphantly.

Zhang Zhengfu gave Susie a thumbs up.

Obviously, Zhang Zhengfu admires Susie's cleverness!

But Helen Qiu couldn't be happy anyhow.

"Cici, isn't this bad?" "This kind of glory woven by lies is destined to not last."

"Moreover, once things are revealed, it will greatly affect the reputation of our company."

Helen Qiu said worriedly.

Susie persuaded, "Helen, it's okay. As long as we don't say anything, who will know the details of our company?" "Besides, we didn't lie to them much. We were invited by Mayor Han. Ah, that's the truth."

"So you, don't have any psychological burden."

Zhang Zhengfu also nodded, "Yes, Mr. Qiu."

"Whether you care about white cats and black cats, those who can catch mice are good. Cat."

“Now, hasn’t our goal been achieved? Isn’t this a good result?” At this time, many company bosses around wanted Helen Qiu to go up and say something.

“Helen, what are you doing in a daze?” “Hurry up!” “Just say a few words and express your gratitude.”

“No need to say anything.”

Helen Qiu was still struggling, but Susie had already lost her mind. Helen pushed onto the stage.

For a time, there was thunderous applause.

Many people deeply admire and admire Helen Qiu’s youth and beauty.

“What a young president.”

“Is he still so beautiful?” “In the future, I am afraid that I will become the number one goddess in Wrilfill City.”

“I don’t know if I get married?” “Which lucky man will be cheaper in the future?” Many people sighed with emotion one after another, looking at Helen Qiu, they were full of admiration and respect.

“Huh?” “The first goddess of Wrilfill?” “Just her?” “A wimpy woman is worthy?” However, at this moment, a sneered laughter quietly sounded in the hall.

“

## Chapter 727

Prior to this, Helen Qiu had been thinking, is this kind of vanity gained by weaving lies really what she wants?

In other words, from the beginning, her persistence was wrong.

She cares too much about false names.

She cares too much about the Qiu family's opinion of herself.

Perhaps, she shouldn't have been so obsessed with the pomp at the opening ceremony.

No matter how many people come, it is only a momentary glory, a momentary scenery.

What really determines the height of one's life is the future achievements of Mufan Real Estate!

Suddenly, Helen Qiu figured it out.

She decided to confess to everyone present here, and Susie's unmarried boast before confessing.

Life is your own, why care about the opinions of others?

If you really want others to look down on it, you should rely on your own abilities and achievements rather than Sherry Hanes and bragging.

Make a fool of yourself at the opening ceremony, she doesn't care.

After she truly made Mu Fan bigger and stronger in the future, all the ridicule and ridicule would naturally disappear.

However, just after Helen Qiu figured it out, when he was about to apologize to everyone present and confess everything, who could have imagined that a sneer and sharp sneer quietly exploded from the crowd.

...

“Everyone was deceived by her.”

“What the hundreds of billions group, what decades of spring and autumn, are fart.”

“Their company employees, dozens of them are not enough, how can there be five thousand people?” “From beginning to end, They are all cheating!” “We were all cheated by him~” The cold laughter, like thunder, exploded in the entire hall.

what?

This sudden word, like a huge boulder like a sea, is undoubtedly an instant, setting off a monstrous wave in the hearts of everyone.

Many people were shocked and trembled.

For a moment, the gazes of the people in the audience were all looking at the place where the sound came from.

I saw a woman with heavy make-up, with a sneer on her face, and immediately got up.

“Not good!” “It’s going to be bad!” Seeing this person, Susie’s body trembled immediately, her face paled, and her heart was broken.

“Miss Su, what’s the matter?” Zhang Zhengfu was puzzled, obviously he didn’t know Terrisa Qiu.

Susie frowned and said anxiously, “This person is Terrisa Qiu, she is Helen’s cousin.”

“It’s even Helen’s deadly opponent!” “She knows the details of Helen, she stands up now, definitely It’s to expose us.”

“It’s just that the Qiu family are here too?” “But this shouldn’t be. With the size of Qiu Shui Logistics, why is it qualified to enter such occasions and participate in the company’s annual meeting?” Susie obviously A little panicked, very guilty.

She had counted a lot, but she didn’t expect that the Qiu family had also arrived at this exhibition center.

Doesn’t this mean that everything about them just now will be exposed?

At this time, Terrisa Qiu had stood up from her seat and walked towards the stage with a wanton and cold smile.

“Terrisa Qiu, what are you going to do?” “She is your sister!” “Are you going to make him lose his reputation?” Anxiously, Susie ran over and stopped Terrisa Qiu, hoping to stop her.

However, Terrisa Qiu looked at Su Qian, but smiled sarcastically: “What, President Su? You just talked with everyone, didn’t you think you were very prestigious?” “Is it because I’m afraid now? I’m afraid of your deeds. Revealed, afraid that the lie will not be exposed?” “You have done everything, don’t you dare to let me tell?” “Get out of my way!”

## Chapter 728

But how can Su Qian let it: “Terrisa Qiu, what Helen said is your sister. You two have conflicts again. You go home and say. Now with so many people, do you know that what you will do next will be It ruined Helen.”

“I beg you, okay?” “Helen is your cousin after all~” Susie started this matter after all.

If this makes Helen Qiu ruined, how comfortable is Susie?

Nature obstructed in a thousand ways, not allowing Terrisa Qiu to come on stage.

“Cousin?” Terrisa Qiu laughed at herself, “Now she knows that it is my sister. When I was in danger and died in the daughter country, did she ever know that she was my sister when she was asked to help?” “She is ruthless first, so don’t blame me for being unjust!” “Don’t let me go!” “Did you shameless things, don’t you let me say?” “Dreams!” Terrisa Qiu again Impatient, she pushed Susie away, and immediately stepped onto the high platform, grabbed the microphone from Helen Qiu’s hand, and pointed it at Helen Qiu coldly.

“Mr. Su’s speech just now was very exciting.”

“Presumably everyone, after listening to Mr. Su’s speech just now, they all think that Mufan Group is a big group, and this President Helen Qiu Qiu is also the head of a big company? “But, now, I just want to say one thing.”

“Everyone, we are all deceived by them!” “She, Helen Qiu, is a bereaved dog.”

“As for the so-called Mufan Group, it’s even more silly. It’s just a mess.”

“Her company, called Mufan Real Estate, is a small, broken company without any background!” “What is the CEO of Duo Jin?” “What beauty elite?” “It’s all a joke!” “As for the Wrifill goddess , She is even more unworthy!” “She is not only a frail woman with a reputation, but also a wife of a hillbilly.”

“The man she married is a poor son-in-law!” What?

Small broken company?

Lost dog?

Husband is still a hillbilly?

A wimpy son-in-law?

After Terrisa Qiu's words fell, the entire venue exploded.

Like a stone, set off a thousand waves!

After all, what Terrisa Qiu said was too shocking.

You know, before this, many people had secretly identified Helen Qiu as the number one goddess in Wrilfill.

It may be the second Xu Lei.

But who could have imagined that Helen Qiu's personality would collapse in just a while?

"Madam!" "You can eat rice indiscriminately, but you can't talk nonsense?"

"The President Qiu is so beautiful, has a refined temperament, and has the appearance of a fish and a wild goose."

"How do you look like a vain woman who deceives people?" "Aren't you making a mistake?" At this time, many people still didn't believe what Terrisa Qiu said.

They can hardly imagine that such a beautiful and beautiful president would be a vain liar?

Facing the inquiries from the crowd, Terrisa Qiu was not in a hurry. Instead, she said confidently: "Don't worry, everyone, I dare to stand up and identify, so I won't make a mistake."

"This person is named Helen Qiu. According to seniority, She should be my cousin."

“So, of course, I know her details very well.”

“A few months ago, Helen Qiu colluded with her useless husband and did something to corrupt my Qiu family. I was removed from the family by my grandfather.”

“Later, I opened a fur company called Mufan Real Estate.”

“Recently, this small broken company is going to hold an opening ceremony. I guess she’s afraid that no one will join in and embarrass herself. So, she wants to be satisfied. My vanity has just done such shameless things to deceive everyone.”

“What I said above is true.”

“If you don’t believe me, my grandfather and my uncle are here now.”

“We are completely You can invite my grandpa to come up and confront Helen Qiu on stage!”

“

## Chapter 729

“Well, Helen Qiu, do you take the initiative to admit it yourself, or invite Grandpa to come up and let Grandpa confront you in person?” In the venue, Terrisa Qiu looked at Helen Qiu, who was pale and ugly in front of him, with a sneer.

It is like a victorious general, mocking his defeated general wantonly.

In the end, it seemed that she was afraid that Helen Qiu would not admit it, and Terrisa Qiu even moved out the name of Old Man Qiu.

She didn't believe it, when things reached this point, Helen Qiu would still dare to die?

Helen Qiu did not speak, but raised her head and looked down the stage.

Her gaze looked around until finally, it fell to a spot among the crowd.

Father Qiu and Simon Qiu were sitting there.

After feeling Helen Qiu's gaze, the old man Qiu suddenly snorted: "What shameful thing, why do my Simpson Qiu have a granddaughter like you?" "It's a shameful shame to my Qiu family!" Old man Qiu was full of heart. Angrily, she didn't even want to look at Helen Qiu again, she turned her head directly.

As for Simon Qiu, looking at Helen Qiu, he also rebuked: "a\*shole thing, you can also do this shameless thing?" "Wait for your ruin!" Simon Qiu's voice is not loud, but now it trembles silently. In the hall, it was so harsh.

Helen Qiu's pretty face was even paler at that time.

"Helen Qiu, don't you still admit it?" "When the matter is up to the present, do you still want to pretend to be?" "You really want me to invite grandpa up, and confront you in public?" Terrisa Qiu is aggressive, but It didn't give Helen Qiu any face at all.

For a while, the entire venue was quiet, and everyone was waiting for Helen Qiu's own answer.

"Helen, no~" Susie shook her head constantly to tell her not to admit it.

After all, once such things are revealed, Helen Qiu's reputation in the entire Wrillfill business community will undoubtedly be completely gone.

She will be ruined!

Zhang Zhengfu also tried to persuade Helen Qiu not to admit it.

However, in the face of Susie and others' persuasion, and Terrisa Qiu's aggressiveness, Helen Qiu smiled.

The smile was sad, with bitterness and sadness.

"Terrisa Qiu, congratulations, you won."

Helen Qiu smiled sadly, and after speaking, she turned around, bowed deeply to everyone present, and said apologetically.

"Sorry, everyone."

"She's right."

"Our Mufan Real Estate is just a small company."

"We don't have a thousand employees, and we don't have a nationwide industry."

"We are just a local in Wrifill, A small company just getting started."

"It's us that lied to everyone."

What?

"It turned out to be true!" "Oh my god~" "It turns out to be a fur company!" "I used her as a role model for adult life, the goddess of Wrifill. After a long time, she is a liar who loves vanity?" "Bai Chang has a good skin, and his heart is so dark?" "Married a wimpy husband?" "A redneck woman, dare to come out and cheat?" "Who gave her dog face?" Qiu Mu was heard After Helen admitted, the crowd no doubt exploded 2a44b0a4 instantly.

Filled with righteous indignation, everyone verbally criticized Helen Qiu and spoke harshly.

Susie and Zhang Zhengfu saw that things were out of control, and they were suddenly panicked and asked Helen Qiu to get off the stage quickly.

They are now worried that some people will do something radical when they are angry.

However, Helen Qiu did not listen to Susie's words, she still stood there.

Even if many people are insulting her and scolding her, she still wants to say something.

"I'm sorry, I deceived everyone."

"But, there is one thing I want to tell you."

"My husband Mark, he is from a poor background, and he is indeed a son-in-law."

"But, he is not Terrisa Qiu. "In my heart, he is an upright man."

"I don't allow you to insult him!" Facing the scolding and insults from everyone, Helen Qiu paled.

But when she said this, her expression was firm, and there was an inexplicable light in her eyebrows.

"A hillbilly, a stubborn son-in-law, or a man who stands upright?" "Shall I get rid of Nima?" "Don't insult our man!" "That man of flesh and blood will become a son-in-law?" "Simply nonsense!" You a useless woman, are you embarrassed to invite us to the opening ceremony?" "What do you deserve!" For a moment, Qianfu pointed out.

Amid the anger of everyone, those invitations just now were all smashed by Helen Qiu.

"F\*ck~" "How can such a scum be worthy of us?" "What does the security guard do?" "Who should put it in?" "A fur company, why is it eligible to participate in the annual meeting of entrepreneurs?" Don't get out yet!" Countless people scolded angrily, and finally shouted directly to make Helen Qiu and the others go out.

"You are bold!" "Han City invited us, do you dare to let us go?"

"Furthermore, the exhibition center is not yours. Why do you let us go?" "We have an invitation letter!" Facing everyone's verbal criticism, Susie retorted.

The commotion here has undoubtedly attracted the attention of the organizers of this exhibition center.

Soon, Manager Xu, who was responsible for maintaining the order of the convention and exhibition center, came over and said coldly to Su Qian and others: "I am the security officer here. We now doubt the authenticity of your invitation letter. Let's verify and check!" Upon hearing this, Susie and Zhang Zhengfu became even more angry: "Why do you suspect us alone? With so many people present, why don't you check them?" "I repeat, please cooperate with the inspection! Otherwise, don't blame me for being impolite."

Manager Xu had no patience in front of him and gave an ultimatum to Susie and others.

No way, Zhang Zhengfu had to take out the invitation.

"Okay, don't you check, let you check!" "Han City invited, can this invitation letter be fake?" Susie said coldly.

Zhang Zhengfu is also vowed.

Manager Xu ignored them, but handed the invitation letter to the staff behind.

"How about? Is this invitation letter real?" Manager Xu asked coldly.

"Manager, it's real."

Zhang Zhengfu laughed immediately when he heard it: "How about, the dog sees people's things, and he doesn't apologize to us. Of course we were wrong before, but we have an invitation letter, so you can't rush us. Go."

However, the staff member added later.

"But the manager, the person invited by this invitation letter is not them based on the data comparison. Therefore, there is reason to suspect that they stole this invitation letter."
