

# Chapter 731 – 740 of A Dish Best Served Cold Novel

## Chapter 731

Stole?

“Is this impossible?”

“I personally brought it from home, how could it be stolen?”

“Zhang Zhengfu’s old face twitched, and he was dumbfounded at the time. He didn’t expect this to be the result? At that time, Zhang Zhengfu told his dad, and Han Dongmin called and asked them to attend the annual meeting of entrepreneurs together. Obviously, it was his father who helped them win this opportunity through the mediation, so Zhang Zhengfu went home to get the invitation letter without even thinking about it. Zhang Xiaosong was not at home at the time, and Zhang Zhengfu saw Zhang on his father’s table. The invitation letter was thought to be prepared by Zhang Xiaosong for them, and he took it over without even thinking about it. But now, they actually say that the person invited by the invitation letter is not them. “How is this possible?

“Look up carefully again, is it Zhang Zhengfu?”

“Or is it Helen Qiu?”

Is it Susie?

“Zhang Zhengfu didn’t give up yet, and still asked. After all, it’s a matter of his face. Before, he patted his chest to pack the ticket, vowing to guarantee Helen Qiu that the invitation letter is on his body. Now the other party Why did you say that you stole it? How does this make Helen Qiu and Susie think of him? Can’t you really regard him as a thief? “You must be mistaken.

“The invitation from Han Shi personally called us, can it be wrong?”

“Zhang Zhengfu shook his head and kept talking, and even asked Manager Xu and others to take a closer look. “I’ll go to Nima!”

Manager Xu was angry, slapped Zhang Zhengfu’s face directly, and slammed Zhang Zhengfu to the ground with a slap.

“Do you still dare to involve Han City now?”

“You scum, who gives you the courage?”

“Hurry up!”

“Before, Manager Xu did not rush them directly, because he was worried that they really had an invitation letter. After all, according to the rules, as long as there is an invitation letter, you can enter the convention and exhibition center to attend the annual meeting. But now, after learning that their invitation letter was stolen, Naturally, he had no scruples. After slapped Zhang Zhengfu with a slap, he immediately ordered the security to drive all three of them out. Seeing the three of Helen Qiu who were driven out of the hall by the security like a bereavement dog, everyone only felt refreshed. , Scolded one after another. “It really deserves it~”

“How many terrapins dare to come here to swindle and deceive?” “It’s really not difficult to live!” “Now these poor people are really getting more and more courageous. What caused trouble to such an occasion?” “That’s it. If you wait for a scum with depraved quality, you are embarrassed to start a company?”

“Mufan Real Estate, everyone is an enterprise. They don’t even have the minimum integrity.”

“This kind of company isolates it and makes them bankrupt~” Until this time, everyone still scolded Sound.

The opening invitation of Na Mufan Real Estate was crushed by their disdain.

But at this moment, Terrisa Qiu was hitting the iron while it was hot, and, like Susie before, solemnly invited everyone present to participate in their QMove Logistics ribbon-cutting celebration.

“This celebration is jointly organized by Qiu Shui Logistics and Hongqi Group.”

“At that time, not only the general manager of Hongqi Group will be there.”

“There is also Mr. Wu Yong, the grandson of Wu City, who will be invited.”

“My Qiu Terrisa, looking forward to your visit!”

## Chapter 732

The timing of Terrisa Qiu was undoubtedly very good. She first exposed Helen Qiu’s lies and left everyone with a good impression of hatred and hatred, and then strengthened the momentum of Qiu Shui Logistics through the reputation of the Hongqi Group and Wu Yong.

For a time, ten entrepreneurs and leaders responded, expressing their willingness to come and go.

Seeing the thunderous applause in the audience and the voices of congratulations and congratulations from everyone, Terrisa Qiu was energetic, and she was even more proud.

“Helen Qiu, Helen Qiu, I guess you wouldn’t have thought of it. You originally wanted to take this opportunity to give yourself a boost at the opening ceremony, but in the end, you became my Terrisa Qiu, and the Qiu family was perfect~” Terrisa Qiu A wanton smile on his face.

Elder Qiu, Simon Qiu and others looked at Terrisa Qiu, and they were also full of approval.

“Father, Terrisa has made another great contribution to our Qiu family.”

“Successfully invited so many entrepreneurial bosses all at once. On November 11th, are you waiting for the big show?” “Hahaha ~” Old man Qiu, Simon Qiu and others laughed from ear to ear, and they were happy.

It seems to have seen that on the day of their autumn water logistics ribbon-cutting celebration, the rich and powerful gathered together and the crowds came to congratulate the boundless scene.

At that time, in the entire Wrifill City, who still doesn’t know their Qiu family?

Who doesn’t know him Simpson Qiu?

Maybe, taking this opportunity, their Wrifill Qiu Family will no longer be an unknown third-rate family, but will become a first-class family in Wrifill City, a complete ancestor and ancestor~ —— Inside the Convention and Exhibition Center , A lively and prosperous scene.

In sharp contrast to the excitement inside, the three of Zhang Zhengfu, who were driven out of the hall, were so embarrassed.

“a\*shole~” “Let go of me!” “I’ll go by myself!” “You dogs see low things, my dad won’t let you go~” Susie yelled angrily, and she was still caught in the end. She framed it mercilessly and threw it on the ground.

Susie had never suffered such a big humiliation in her life, and she was very angry at this time, and screamed at these security guards.

“Several scumbags who scammed and deceived society. What a big tone!” “I didn’t arrest you and send you to the police station. This is the manager’s greatest kindness to you.”

“You dare to yell at me here?”

Manager Xu sneered, but she pushed the nearest Helen Qiu to the ground, and then shouted angrily: “Go!” Manager Xu was so powerful that Helen Qiu fell to the ground, her fair-skinned jade hands on the hard ground. Several blood stains were drawn on it.

“Helen, Helen, are you okay?” Seeing that her girlfriend was injured, Susie was anxious and hurried over to help, and at the same time yelled at the manager Xu: “How dare you push Helen?” I want to sue you and sue you for personal injury!” When Manager Xu heard this, he laughed suddenly, as if he heard the best joke: “You are considered to be light.”

“If it wasn’t for you to be female, this manager would have been too early.”

I just kicked you.”

“A bunch of things that don’t live or die, don’t you get out?” After a curse, Manager Xu didn’t bother to pay attention to them anymore and turned and walked into the exhibition center.

As for Helen Qiu and the others, they were just a few clowns, and he didn’t care about it from beginning to end.

After Manager Xu and the others left, Helen Qiu was still lying on the ground. The shock of today’s events was undoubtedly huge.

Not only was Terrisa Qiu insulted in public, but now he was driven out of the Convention and Exhibition Center.

Everything is messed up.

No one knows how lost and sad Helen Qiu was at this time.

“Mr. Qiu, you... are you okay?” At this moment, Zhang Zhengfu also got up from the ground, stepped forward with some guilty conscience, and said with concern.

“Go away!” Seeing Zhang Zhengfu, Susie was furious, and directly pushed Zhang Zhengfu aside.

“You still have the face to ask?” “If it weren’t for you, Helen and I would be kicked out?” “Nothing, what can you do?” “Stealing the invitation, you can do this kind of thing?” Both of our sisters were killed by your idiot!” “I thought you were so good? How good is your face?” “After a long time, it’s a waste!”

Are you okay?

“At this time, Zhang Zhengfu also got up from the ground, stepped forward with some guilty conscience, and said with concern. “Go away!

“Seeing Zhang Zhengfu, Susie suddenly became angry and pushed Zhang Zhengfu aside. “You still have the face to ask?”

“If it weren’t for you, Helen and I would be kicked out?”

“No ability, what can you do?”

“Stealing the invitation letter, can you do such a thing?”

“We both sisters were killed by you idiot!”

“I thought you were so good?”

How much face is it?

“After doing it for a long time, it’s a waste!”

“

## Chapter 733

Susie is almost going to be pissed off by this stupid Zhang Zhengfu.

He thought that Zhang Zhengfu was also a capable and capable man, and even wanted to introduce him to his good girlfriend Helen Qiu to make a marriage.

But who would have thought that this guy had stolen the invitation letter after a long time?

In the end, their faces were swept away, and Helen Qiu was also injured.

“Without this diamond, what kind of porcelain work do you take?” “We will be ashamed of you!” “Trash, what kind of big tail wolf?” The more she thought about it, the more angry she was, she had never suffered such humiliation in her life.

She was dignified by the daughter of the Su family, and she was swept out like a dog. If this were to be spread, their Su family would not face.

Faced with Susie’s reprimand, Zhang Zhengfu was also full of guilt at first and kept apologizing.

The old face flushed, and he obviously felt ashamed to face Helen Qiu.

However, the more Susie scolded, the worse it became, and finally Zhang Zhengfu was also annoyed by the scolding.

“Ciao, it’s endless, right?” “You still have the face to talk about me?” “If you didn’t make your own claim, talk nonsense in front of everyone, and finally be exposed by others, how could we be uttered by others? What did Qianfu mean?” Seeing that Susie and Zhang Zhengfu had already quarreled, the harsh voice echoed here.

Helen Qiu on the side didn’t want to listen anymore.

She stood up slowly, turned to the way she came, and walked away slowly.

She didn’t care about the annual meeting of entrepreneurs and the opening ceremony.

She is tired, she is already scarred, she just wants to go home now.

The night was dark, and the air was so heavy that people could hardly breathe.

Looking at this posture, it seems to be raining.

On the side of the road, the dim lights fell faintly.

Falling on Helen Qiu’s body, it was a shadow that shed the ground.

The cold wind rustled in the late autumn, blowing boundless leaves.

But what can’t be blown off are the scars of the beautiful woman in front of her.

Stabbed~ After a short while, a flash of lightning suddenly pierced Changxiao.

Then there was a loud thunder.

The sky seemed to crack open, and with a bang, the autumn rain that had been accumulated for a long time finally fell.

As the rain fell, the whole Wrillfill seemed to be a mess.

Pedestrians without umbrellas hurried away with their bags, the traffic on the road was blocked, and the sound of horns mixed with curses raged across the world.

When Mark saw her, Helen Qiu was still walking slowly in the rainy night.

The street lamps on both sides exude a faint and cold light.

Through the iron-like thick rain curtain, Mark only saw that Helen Qiu's body was like the faint spark in the night, so small, so weak and helpless, just like the world's abandonment. child.

"Helen, why are you here?" "What happened?" Mark immediately got out of Han Dongmin's car and ran over desperately.

Getting closer, Mark only discovered that there were blood stains on her hands, and they were even a little swollen. The original exquisite long skirt had been stained with mud, and her body was cold, like a dusty pearl, and a lotus falling into the water.

The look of despair was actually that embarrassing.

No one knows how much pity and distress Mark felt when he saw Helen Qiu's face.

In the end what happened?

Why did Mark's woman be so disheartened?

"Mark, Uuuuu The moment the moment he saw Mark the moment, Helen Qiu could no longer restrain the sadness and loss in her heart, the still suppressed emotion in her heart finally found a catharsis and threw herself directly into Mark's arms , Howling and crying.

## Chapter 734

"Mark, I screwed up~" "Everything screwed up~" "Woohoo~" Helen Qiu hugged Mark, letting the rain fall wildly, and tears pouring down.

Sad, like a child.

Helen Qiu knew very well what happened to her today, for her, Qiu Mufan Real Estate.

This not only made it difficult for their Mu Fan real estate to move in Wrifill, but also ruined her Helen Qiu.

A company that has been kidnapped and a person who has lost integrity will inevitably be resisted by the Wrifill business community.

In the future, I am afraid that no enterprise or individual will cooperate with Mufan Real Estate.

Even the entire Wrifill will have no place for Helen Qiu to stand.

This is why Helen Qiu is so desperate.

At this time, both Zhang Zhengfu and Susie both chased over. After seeing Helen Qiu okay, they suddenly let out a long sigh of relief.

“Han...Hanshi? You... why are you here?” Zhang Zhengfu just breathed a sigh of relief when he saw that Helen Qiu was in good condition, but when he found out that the person holding the umbrellas for Helen Qiu and Mark was Han Dongmin , Zhang Zhengfu’s eyes almost jumped out.

“What, Han Shi?” “You mean, he...he is Han Dongmin?” “Is it wrong?” Susie also shouted out aloud, her pretty face full of sorrow, she looked at her in disbelief. One scene.

They couldn’t imagine that Han Dongmin, the master of the city, would condescend to give Mark an umbrella for them?

It’s incredible!

Susie has never met Han Dongmin, but Zhang Zhengfu has.

He is convinced that the middle-aged man in front of him is Han Dongmin!

“What’s going on?” “What happened?” “Why is Miss Qiu so sad?” “Hurry up?!” Han Dongmin asked coldly after seeing the two.

Zhang Zhengfu naturally did not dare to conceal it, and immediately told Han Dongmin what had happened in the 15-10 general hall.

“You two a\*sholes, Miss Qiu was simply killed by you.”

“Starting a company and doing a business is based on honesty, how can you...”

Han Dongmin was trembling with anger after hearing what Susie had done. In the future, Helen Qiu’s company might not be able to gain a foothold in Wrillfill. Susie also knew that she was wrong, and she lowered her head to defend herself. Said: “Don’t I want to help Helen too...”

“That can’t be without principle!

Han Dongmin scolded. "Tell me, who caused the injuries on Mu Cheng's body?"

"At this time, Mark's voice sounded quietly. What kind of air-conditioning was contained in the deep words that made Han Dongmin tremble unconsciously. "It's Manager Xu from the Exhibition Center."

He was so disgusting that people would drive us out without talking, and even push Helen.

The injury on Helen's hand was caused by a fall after being pushed down by him.

Su Qian said angrily at the time. Mark didn't answer when she heard it, but took Helen Qiu into the car. "Han Shi, please help me take care of Helen."

"Mark said in a low voice, and slowly said to Han Dongmin. At that time, Han Dongmin was all over: "Ye...Master Ye, what do you want to do?"

"Don't be impulsive!"

"Let me solve this matter, and I promise to give you a satisfactory result 008381f2."

"But you must do it, don't take revenge yourself."

"That's the annual meeting of entrepreneurs. There are reporters in it. If it doesn't work, it will have a big impact.

"Furthermore, Xu Lin has a big background, Mark, you must be calm."

Han Dongmin guessed what Mark was going to do almost instantly, and his old face was pale with fright at the time, and he quickly stepped forward to dissuade him. He had met Mark. As capable, the man in front of him was in Barbecue City at the beginning, but one person abused dozens of Zhou

Sheng's men. All the twenty-eight strong men were severely injured by Mark, and there is still one who has not woken up yet. When I went to the annual meeting, Han Dongmin was afraid that Manager Xu would be beaten to death by Mark.

## Chapter 735

In such a situation, if life is lost, the impact will be great.

Not to mention 76286298, Xu Lin's background is not small.

The family behind him dare not even offend Han Dongmin.

When Xu Lin's uncle left Wrillfill, he specially greeted him and asked Han Dongmin to take care of Xu Lin.

Now, seeing Mark act like this, Han Dongmin is naturally apprehensive and frustrated, saying that he will deal with it properly.

But why would Mark bother?

"No need."

Mark whispered, then left, and soon disappeared into the long rainy night.

Exhibition Center.

There was thunder and rain outside, but there was still a lively and joyous scene in the hall.

Before Terrisa Qiu relied on the reputation of Hongqi Group and Wu Yong, he undoubtedly made the limelight.

Later, he was elected as a representative of the new generation of entrepreneurs and gave a speech on stage to introduce his successful experience.

Not far away, Xu Lin was wearing a suit and carrying red wine, but he was talking and laughing with Leonard Chu, Wu Yong and others.

“Manager Xu, thank you for your help. Leonard Chu respects you for this glass of wine.”

Leonard Chu thanked Xu Lin.

Xu Lin waved his hand: “Young Master Chu is Wu Yong’s friend, that’s my friend. It should be my friend to help my friends deal with a few clowns.”

Yes, why did Xu Lin suddenly check Zhang Zhengfu’s invitation letter? It was Chu. Instructed by Leonard.

In fact, Xu Lin is just doing the so-called inspection.

Regardless of whether their invitation letter is true or false, Xu Lin obviously wants them to get out.

“This Helen Qiu and her useless husband have repeatedly provoke me and Terrisa. This time, I should teach them a lesson.”

“Let them know who should be offended and who shouldn’t be offended?” Leonard Chu snorted. With a smile.

Xu Lin echoed: “Indeed, you can’t get used to this kind of social scum. You have to teach it when it is time to teach! Brother Leonard, if necessary, I can help you teach that country boy again, and that’s the useless one in your mouth. Door-to-door son-in-law.”

A few people joked and touched a cup.

Drink it all.

At this time, Xu Lin's phone rang suddenly.

Xu Lin looked down and found that it was Han Dongmin who was calling.

He didn't dare to neglect, he immediately answered the phone and said respectfully: "Uncle Min, why have you not arrived yet? The annual meeting has started? You..."

"However, before Xu Lin finished speaking, Han Dongmin's curse came over the phone. "a\*shole, who made you Master Dongye's woman?"

"Do you think you have a long life?"

"hurry up.

"If you don't want to die, run quickly."

"How fast you run!"

"Han Dongmin shouted anxiously at Xu Lin. But Xu Lin could hear it in the clouds, and didn't know what was going on? "Uncle Min, what's wrong?"

"I've been very honest recently, didn't you trouble you?"

"Xu Lin was full of doubts. "Not as big as your grandma!"

"Why don't you run away with so much nonsense?"

"You don't know how to live or die, Helen Qiu, dare you move?"

"Han Dongmin was still roaring angrily, and Xu Lin only understood what was going on. "Oh, you mean those few turtles."

“They will make trouble in the coming year, and I kicked them out.”

“Why, could it be that Helen Qiu’s useless husband was so angry that he couldn’t come and beat me?”

“Uncle Min, don’t worry.

“I have a dozen people under me, a door-to-door son-in-law, can’t I get him?”

“Uncle Min, let’s not talk about it. How can someone speak here?”

“Hang up first.”

“

## Chapter 736

Xu Lin quickly hung up the phone, and then together with Leonard Chu and the others, watching Terrisa Qiu’s speech with great interest, Xu Lin didn’t care about Han Dongmin’s words.

Just kidding, just a door-to-door son-in-law, why should he be afraid of him?

..... “A person cannot stand without credibility.”

“I think the most basic quality of an entrepreneur is honesty.”

“If you want to succeed, you should be honest!” “If there is no honesty, then Her life will be extremely miserable.”

“Like my third sister Helen Qiu, because she loves vanity, she loses her integrity.”

“This kind of woman is destined to be poor and humble for life.”

“Like her wimpy husband. The same, it will definitely become the laughing stock of the world, and will be despised by the people of the world.”

Terrisa Qiu said proudly, and among the generous speeches, there was thunderous applause from the audience.

Feeling the respect and respect of everyone, Helen Qiu only felt that her vanity was greatly satisfied.

At this moment, she was eye-catching, as if she had embarked on the pinnacle of her life.

Boom~ However, this is the time.

Suddenly, there was a bang, and the closed gate of the hall was immediately torn apart.

Between the shattered doors and windows, only a thin figure appeared, like a ghost, in front of everyone.

The sky was rainy outside, and the rustling wind was blowing.

Behind him is the dignified darkness.

In front of him, this is a bright temple.

And that thin figure is like a messenger from hell, connecting light and darkness, connecting hell and heaven.

“This this...

A lot of people were scared at the time. They thought it was the gangsters who wanted to take them all. After all, the people here are all wealthy and wealthy, and it is not unbelievable for someone to come to robbery with a bad heart. Xu Lin Upon seeing this, he hurriedly mobilized his staff, a dozen men holding electric batons immediately ran forward and surrounded the man. "Who are you?"

"So courageous, do you dare to make trouble on such an occasion?"

Manager Xu shouted angrily. Terrisa Qiu had already seen Mark's face clearly at this time, and suddenly screamed: "Manager Xu, he is Mark, and he is Helen Qiu's useless husband.

"He must be here to make trouble, you must not let him go.

"What?" "He is the son-in-law from the country?"

"The liar's husband just now?"

"He still has a face!"

"Simply seeking a dead end!"

After everyone heard it, they were immediately angry and scolded. Terrisa Qiu smiled even more on her face at this time, thinking that Mark was really an idiot. What kind of occasion is this? The official annual meeting. Come here to make trouble, it's clear. It's here to die! "It's a husband and wife, they are all idiots.

"Look at how you die in a while."

"Terrisa Qiu smiled triumphantly. When Father Qiu and Simon Qiu saw that it was Mark, they also snorted coldly when they saw that it was Mark.

"Not too shameful!"

After hearing Terrisa Qiu's words, Xu Lin looked at Mark in front of him, and suddenly smiled: "It turns out that you are the wimpy son-in-law."

"Why, come to help your wife not make it?"

Xu Lin's disdainful laughter sounded quietly. Mark raised his eyelids and looked at him with cold eyes. The big raindrops slowly dripped down the tips of his hair, falling to the ground, and shattered. "Helen, You hurt?"

"The cold voice, like the sound of a boulder crushing, was so harsh.  
"92ba3560 is good, it's me."

What can you do with me?

Could it be that you still want to do something to me?

"Looking at Mark, Xu Lin only found it funny. A door-to-door son-in-law, or a hillbilly, is here to pretend to be forced? He is also worthy? Just when Xu Lin was about to give orders to let Mark be beaten and thrown out. .

Who would have thought that Mark Senran's words sounded first: "You guessed it."

What?

"a\*shole, do you dare?!" Xu Lin's expression changed immediately, and his pupils suddenly shrank.

However, it was too late.

Boom~ Just heard a low boom.

Amidst everyone's shocked and violent eyes, Mark kicked out, and Xu Lin's body of several hundred catties was directly kicked out by Mark.

It crossed the sky like a broken kite, flying out several tens of meters with a face, and finally hit the ground with a crash and fell at Terrisa Qiu's feet.

Pouch~ Xu Lin's body trembled, and a few mouthfuls of blood were vomited on Terrisa Qiu's face, and then dripped onto the hem of her skirt.

The long skirt was stained with blood, her pretty face was panic.

Terrisa Qiu was so frightened that she almost lost her soul, and the last one staggered, actually lying on the ground.

## Chapter 737

"This..."

"This~this~" Dead silence, a dead silence.

The audience was silent, except for the cold wind outside, blowing through the doors and windows.

Seeing Xu Lin, who was vomiting blood and fell to the ground, everyone was shaken deeply.

One kick, one kick!

Xu Lin's body of nearly two hundred catties was kicked from the entrance of the hall to the center of the audience, flying more than a dozen meters.

The ribs broke and blood flew across, Mark's brutal methods shocked everyone in the audience.

“I’m going to be special~” “This guy, can’t be a superman?” “So ruthless~” Many people were shocked, and only felt that their scalp was numb, because of panic and astonishment, they gasped madly.

too strong!

Mark’s momentum is too strong.

That kind of feeling, as if appearing in front of everyone at this moment, was not a teenager in his early twenties at all, but a demon walking out of the abyss.

That kind of ruthlessness, that kind of majesty, it is simply chilling!

As a result, the surrounding security guards were in front of Mark, too scared to even move, their legs were swinging.

In the end, they were just like that, looking at Mark blankly, and passed in front of them.

Until, in the direction of Terrisa Qiu, walked slowly.

“Terrisa, Terrisa, are you okay?” At this time, Leonard Chu, Simon Qiu and others had already ran to the stage to comfort Terrisa Qiu because they were worried.

Phew~ Suddenly, a cold wind swept across.

As soon as Leonard Chu, Simon Qiu and others looked up, they saw Mark’s icy eyes, and just like that, they scanned them.

What kind of gaze it was, it was like a king looking down at the ants.

It seems that as long as Mark is willing, they can be crushed to death with one kick.

“you...

What are you doing

Seeing that Mark had already arrived, Leonard Chu and others were already paralyzed in fright, jumped up with a squeak, and stepped back again and again. Not only him, but even Terrisa Qiu was panicked and looked at Ye. Fan's gaze is like looking at the devil. Just now Xu Lin's fate is still vivid. Of course, Terrisa Qiu and his wife are terrified, for fear that they will end up like Xu Lin's miserable ending. “Niezhan, what are you going to do?

“Do you want to commit the crime in public?”

“You're a waste of money, how bold are you?”

“85ec6517 came Qiu's angry roar from the audience. Mark ignored him, his cold eyes were always on Terrisa Qiu and his wife. Just when Terrisa Qiu and his wife were almost desperate, Mark's eyes Finally lifted up, and then looked around and looked at everyone around him. The awe-inspiring voice, like a devil's low roar, echoed throughout the hall: “He hurt Helen, so I acted on him.

“As for you, don't worry, I still disdain to bully some ants.

“For the opening ceremony, if you don't come, someone will come naturally.”

“When the time comes, you will know.

What kind of existence do you insult today?

“You will understand even better that what you disdain at this time will not be able to climb high in the future!

!

!

“Boom~ The words were sonorous, as if a stone fell to the ground. Under Mark’s majesty, the whole hall felt a gust of wind swept across the hall. The people in the whole hall changed their colors. In my ears, only Mark’s remains. After speaking, Mark did not stay long and left immediately. All that was left for everyone was the majestic back, and the silence of the whole hall behind him! I don’t know how long it took before everyone present trembled. With panic, he came back to his senses.

“As for you, don’t worry, I don’t even bother to bully some ants.”

“If you don’t come to the opening ceremony, people will come naturally.”

“When the time comes, you will know. What exactly is your insult today? Exist?” “You will understand even more that what you disdain at this time, you will not be able to climb high in the future!!!” Boom~ The words are sonorous, only if the stone falls to the ground.

Under Mark’s majesty, the entire hall felt like a gust of wind swept across.

The people in the whole house change their colors.

In the ear, only Mark’s ranting words were left, and his heart was filled with anger.

After speaking, Mark didn’t stay long and left immediately.

All that was left to everyone was the majestic back and the silence behind him!

I don’t know how long it took before everyone present recovered from the tremor and panic just now.

# Chapter 738

Recalling the scene just now, many people still have lingering fears.

“Master Qiu, this person is really a countryman?” “But how can a countryman be so powerful?” “Even if it is our second master Li in Wrifill, I am afraid it is not as good as that?” “He Isn’t it really a big man?” Many people sighed, panicked, and turned to look at the old man Qiu aside.

Old man Qiu snorted coldly: “What kind of bullshit?” “This is a waste of money in my Qiu family for three years. What is his ability, I don’t know?” “This kind of country boy, except for a brute force. Besides, there is no good at all. Just now it was just a bluff, don’t care.” “But he didn’t know whether to live or die today, and he came to the annual meeting to make trouble. When Han City comes, we will report together and send him to the police station tomorrow.” Old man Qiu This remark calmed the panic of the people who had just been by three points.

Seeing Mark leaving, Terrisa Qiu and Leonard Chu also let out a long sigh of relief.

Although Mark has only been here for a while, it is as long as a century for the couple. They only feel like they have walked through a ghost gate.

“It seems that in the future, I will have to hire a few bodyguards.”

“Otherwise, one day, I will be attacked by this country cock.”

Until now, Leonard Chu still had lingering fears, and said secretly.

Terrisa Qiu’s mood gradually calmed down, watching the blood stained on her long skirt, undoubtedly hating Mark even more.

“This damn Mark!” “Such a cruel hand.”

“However, he hurt Xu Lin recklessly, and he is dead.”

“Xu Lin has a very good relationship with Han City, and Han City will definitely not let him go.”

“Wait for death, you guys~” Terrisa Qiu said angrily, her words filled with gloom.

At this moment, Han Dongmin finally arrived, but it was already long overdue.

Seeing Xu Lin who was convulsed in a pool of blood, Han Dongmin sighed.

After all, he was late.

“Han City, you are finally here.”

“Manager Xu was seriously injured by a gangster. You should send someone to catch him.”

“I know that gangster is there, and I can lead you there.”

Seeing Han Dongmin, Terrisa Qiu hurried forward and said eagerly.

Father Qiu also walked up to greet Han Dongmin, and at the same time echoed: “Yes, Han Shi. Even though that wastefulness is my grandson-in-law of the Qiu family, he has done such a cruel and cruel thing. Cover up. Please Han City immediately lead someone to arrest him!” However, Han Dongmin was annoyed when he heard this.

With a slap on Terrisa Qiu’s face, Terrisa Qiu was immediately stunned: “a\*shole thing, Xiaolin’s disaster must be deceived by you.”

“It’s not enough for you to harm Xiaolin so badly. Want to harm me?” “You don’t want to get out of me?!” After Han Dongmin stunned Terrisa Qiu, he

turned around and stared at the old man Qiu, who also yelled, “And you old thing, even if the junior is stupid , But you are also chaotic?” “A lot of age, do you have to live with dogs?” “Get out of me!” Han Dongmin shouted angrily, then ignored them, and then hurriedly let people take them. Xu Lin, drove to the hospital.

Han Dongmin passed along with him.

A good annual meeting, if such a disorder has occurred, it will no doubt not be able to go on.

Everyone also drove away.

However, Terrisa Qiu and others were still panicked, standing there, but they couldn’t figure it out.

Han Dongmin, why is so angry with their Qiu family?

“Terrisa, did you offend Hanshi?” “No, grandpa, I haven’t met Hanshi before, how could I offend him?” Terrisa Qiu suddenly panicked, covering her face aggrieved.

After that, the Qiu family thought for a long time, and they didn’t figure out why Han Dongmin was furious.

“It’s probably because of that uselessness and anger?” “Forget it, I don’t want to. We also go back quickly and prepare for the ribbon-cutting celebration the day after tomorrow.”

“Today so many bosses have agreed to come, so this celebration, we must It must be held grandiosely to strengthen my Qiu family’s prestige!” Old man Qiu said proudly, obviously looking forward to the ribbon-cutting celebration the day after tomorrow.

With a slap on Terrisa Qiu's face, Terrisa Qiu was immediately stunned:  
"a\*shole thing, Xiaolin's disaster must be deceived by you."

"It's not enough for you to harm Xiaolin so badly. Want to harm me?" "You don't want to get out of me?!" After Han Dongmin stunned Terrisa Qiu, he turned around and stared at the old man Qiu, who also yelled, "And you old thing, even if the junior is stupid, But you are also chaotic?" "A lot of age, do you have to live with dogs?" "Get out of me!" Han Dongmin shouted angrily, then ignored them, and then hurriedly let people take them. Xu Lin, drove to the hospital.

Han Dongmin passed along with him.

A good annual meeting, if such a disorder has occurred, it will no doubt not be able to go on.

Everyone also drove away.

However, Terrisa Qiu and others were still panicked, standing there, but they couldn't figure it out.

Han Dongmin, why is so angry with their Qiu family?

"Terrisa, did you offend Hanshi?" "No, grandpa, I haven't met Hanshi before, how could I offend him?" Terrisa Qiu suddenly panicked, covering her face aggrieved.

## Chapter 739

At this time, there is only one day left before the opening ceremony tomorrow.

It should be a happy day, but the employees of Mufan Real Estate couldn’t be happy.

Just because the events of the annual meeting last night were on the news.

Even on the Internet, there are videos related to last night’s annual meeting of entrepreneurs.

The title is: “Industry shame! Mufan Real Estate’s bosses are morally corrupt, pretending to be a big boss and mixed into the entrepreneurs’ annual meeting.”

For a while, Mufan Real Estate was pushed to the cusp of the storm, and was despised and questioned by people in the industry.

Even a few small companies that had decided to come to the opening ceremony before returned the invitations.

Overnight, the Mufan real estate group betrayed their relatives and was isolated and resisted by the industry.

Helen Qiu, the president of Mufan Real Estate, has undoubtedly become a shame for Wrilfill entrepreneurs.

... “A small broken company, pretending to be a big group?” “Is it really shameless?” “And their boss, who is said to be a hypocritical villain.”

“Will you marry a wimp?” “This kind of Unscrupulous people still want to start a company?” “Should I go for something special!” “Tomorrow they open, none of us will go.”

“Let them embarrass themselves there~” .....

Many people in the business circles of Wrillfill City are full of contempt and disdain when they talk about Mufan’s real estate.

As if they had already regarded Mufan real estate as a shame to their Wrillfill enterprises, they were resisted by a group of corporate bosses.

Under this circumstance, the natural people in Mufan’s real estate were panicked.

I only feel a heavy haze over this company, which has just been established only a few months ago.

The most important thing for a company is reputation.

Now the reputation of Mufan Real Estate is stinking, so in the eyes of many employees, Mufan Real Estate is not far from bankruptcy.

Many people have begun to find a way for themselves, secretly contacting other companies.

Helen Qiu did not go to work today. She was caught in the rain last night and had some cold. Mark insisted on letting her rest at home for a day.

Helen Qiu also agreed.

Although the opening ceremony will be held tomorrow, Helen Qiu worked overtime before and has arranged everything very well. Even if she does not go to the company today, it will basically have no effect.

Even if something really happened, Helen Qiu could control it remotely and contact her by phone.

“Helen, eat some fruit?” “Don’t be so tired today, just take a day off for yourself.”

Mark opened the door and walked in, placing a plate of fruit in front of Helen Qiu.

However, Helen Qiu shook her head, feeling very depressed.

Just now, her assistant Du Juan called and told him that today there are seven employees and they have resigned to the personnel department.

Is this still a new enterprise just getting started?

It hasn’t opened yet, it’s going to be closed down.

Thinking of this, Helen Qiu’s steadfast heart has undoubtedly begun to waver.

She raised her pretty face and looked at Mark: “Mark, do you think we still need to stick to it?” “Tomorrow’s opening ceremony, today, a quarter of the company will resign.”

“I’m afraid the whole thing is. In the state business community, our Mufan real estate has completely become a joke, right?” Helen Qiu was heartbroken.

At the beginning, she was in charge of the overall situation with high morale, and tried to make some achievements for everyone to see.

# Chapter 740

But after experiencing so many things, Helen Qiu finally understood how difficult it is to do one thing well and run a business well?

“Furthermore, because of yesterday’s events, the reputation of Mufan Real Estate is completely gone.”

“Even if it opens tomorrow as scheduled, in the future, it is estimated that there will not be any company, no individual, and our company that has lost integrity. “Helen Qiu shook her head and sighed. Although everything was Susie’s own opinion last night, it was definitely not Helen Qiu’s original intention.

But this is no longer important. What is important is that her properties in Helen Qiu and Mu Fan have been completely nailed to the shame of the Wrilfill business community.

Helen Qiu estimated that no one would come at the opening ceremony tomorrow.

“Mark, do you think it is necessary for Mufan Real Estate to open?” Helen Qiu was depressed. When she said this, she was actually ready to give up.

People always have to accept reality, and persevere for no reason, and often end up hitting their heads.

“Of course it is necessary!” “Why didn’t you open a business?” “Helen, you have worked hard for so long, and you are really willing to give up now?” Mark said firmly and firmly.

“But our corporate image has...

“Helen, don’t care about others’ opinions.”

Time will naturally change everything.

At that time, the world will know whether Mufan Real Estate is a trustworthy enterprise. Are you Helen Qiu a trustworthy person?

“Helen, if you believe me, the opening ceremony tomorrow will be held as scheduled!”

“Mark’s words were low, and only if the stone fell to the ground, they were so sonorous and powerful. Mark’s words seemed to have special magical power, Helen Qiu’s originally shaken heart unexpectedly showed strength. She looked at Mark, A soft smile: “Okay, Mark, I believe you.

“Believe it~” However, as soon as Helen Qiu’s words fell, an angry voice came from behind. I saw Sherry Han and Melson and his wife walk in from the outside with ugly faces. Apparently, I am afraid that the couple have already seen the current situation of Mufan Real Estate from the Internet. “Helen, you are really confused. You did such a foolish thing last night?

“You are on the news, do you know?”

“The Internet is full of reports from your company!”

“”Your company is abolished.”

“It’s over!”

“Listening to Ma’s words, immediately resigned and left.

“Then Mom will find you a good family to marry, and let her husband raise him. We don’t have to be so tired and suffer such insults.”

Sherry Han persuaded Helen Qiu. “Mom, you don’t have to worry about this matter, I will take care of it myself.”

“How?”

You won't really listen to this wasteful nonsense, you still want to hold the opening ceremony, right?

“Sherry Han stared at Helen Qiu's tone, and became anxious at the time.  
“This silly idiot is stupid, so are you stupid too?”

“Your company is ruined.”

“In this case, do you still have an opening ceremony?”

“Which other idiot will come?”

“Now that those unscrupulous people in the Qiu family are just waiting to see our jokes?”

“You still hold the opening ceremony, don't you take the humiliation, put your face on it, and take the initiative to get hit?”

“We can't afford to lose this person!”

Sherry Han scolded and said to Helen Qiu unceasingly. But Helen Qiu was a little impatient, and then said: “Mom, I know, you go out first, I want to take a rest.

Helen Qiu didn't want to hear Sherry Han's nagging anymore, and pushed them all out.

Mark was also afraid of disturbing Helen Qiu's rest, so he took the initiative to leave.

After arriving in the study, Mark answered a call.

“Little lord, do you need me to inform?” An old man’s low voice came over the phone.

Mark shook his head and smiled: “Old Han, no need. Since someone helped us on the news. I guess they will see it too.”

“Well, that’s right. The old slave is right here. I wish the young master in advance. Madam, Wanbang is here to congratulate, and the business is very successful.”

A respectful laugh came from the phone slowly.

Mark smiled without saying a word, just picked up the strong tea at the table, looked up, and drank it!

Outside the window, there was a breeze and murmured, and the sky was high and fresh.
