

Sir, You Don't Know Your Wife Chapter 1102

"Mason didn't cheat on her!"

"Mason loves only one person!"

"Janet is J'Adore!"

"Janet is not a mistress!"

"Oh goodness!"

They initially thought that the truth was as Emily had guessed, whereby Janet was a tool to give birth to the descendant of the Lowry Family. It was really out of everyone's expectation that J'Adore was Janet herself.

It was probably due to the fact that Janet had already owned so many identities, so they thought that she could not possibly be the leader of the MX.

However, the truth turned out to be the one that they never thought of!

No wonder Old Madam Lowry, who had always been a traditional person, would say such words.

"J'Adore is Janet! It turns out that Janet is J'Adore!"

"Such a waste of effort for the fans of 'Jason' and 'Madore' since they were fighting for the same person all along!"

"Well, it's just like what I said—Mason is not the type of person who would cheat on his partner."

"That's right! The men of the Lowry Family are incredibly devoted to their partners!"

"Why do I suddenly find them such a sweet couple?"

"But why did Janet wear a mask? Why didn't she make her identity public before this?"

"I think that it's because her identity as J'Adore is too powerful and making it public would cause a lot of trouble!"

"I agree. She tried to keep a low profile!"

The guests at the scene were exhilarated. It was out of everyone's expectation that an engagement banquet that became a joke could make such a turnaround.

Not only the guests at the scene, even the audience of the live stream were dumbfounded.

The trending topics about 'mistress' and 'affair' were instantly replaced by other topics.

#J'Adore is Janet herself#

#Mason didn't cheat on J'Adore. Janet is not the mistress#

#A festival to be celebrated by both the 'Jason' and 'Madore' couples#

#The men of the Lowry Family love only one woman in their lives#

#Request for the link to purchase J'Adore—oops, it's Janet's hyper-realistic face mask#

'Goodness me! J'Adore is actually Janet! They are the same person!'

'No wonder both their names start with the letter 'J'!'

'Today's a festival to be celebrated by both fans of 'Jason' and 'Madore' couples!'

'Fans of the 'Jason' and 'Madore' couple are making up!'

'Sob! It turns out that we are a 'family'. I hurt my 'family member' by mistake earlier. I'm sorry!'

'Ha! Let's chant this out loud—'Jason' and 'Madore' couple's fanbases are a family.'

'Emily must be so pissed now. She thought that she had something on Janet but it turned out that J'Adore is Janet herself!'

'Ha! She certainly would feel that way.'

'Cr*p! This hyper-realistic face mask is so good that it is completely unnoticeable once worn!'

'Requesting for the link to purchase her hyper-realistic face mask!'

'Me too!'

Ogre Entertainment, the Twitter account that kept posting misleading contents to escalate the matter, seemed to have disappeared from the internet.

"Boss, the news that Emily gave us was all fake! What should we do now?"

"Is Emily an idiot? If the Lowry Family sues us for defamation, we will be doomed!"

"F*ck! Who would have thought that Janet and J'Adore are the same person?"

"Now, we have not only offended J'Adore but the Lowry Family as well! What rotten luck!"

"If I ever meet Emily, I will kick the sh*t out of her!"

"F*ck her!"

The few of them were terrified and they turned to look at the man in the main seat. "Boss, I think that we should make a run for it."

"Yes; I don't want to risk my life for a job that pays only a few thousand!"

"That's right. Those who have offended J'Adore and the Lowry Family end up in awful situations. I think I should resign and leave."

There were many jobs out there for them, so why should they do things that would offend J'Adore and Mason? Even a cat with nine lives would not dare to do such a deed, let alone when they were only ordinary people.

"F*ck you! If you guys leave, you will not get your salary for this week! Come back! If you don't, you will lose your salary for this month!"

Despite all the threats, the few employees escaped the place at the speed of lightning.

Upon seeing that, the man, whom everyone addressed as boss, had a thunderous expression on his face.

As he did not wish to receive lawyers' letters from J'Adore and the Lowry Family Conglomerate, he immediately logged onto the Twitter account for Ogre Entertainment.

Ogre Entertainment: 'It turns out that J'Adore and Janet are the same person. Everything that was posted here was due to a misunderstanding, and we have deleted all negative comments about J'Adore and Mason.'
