

The Best Son in Law Chapter 171 – 179

Chapter 171

Sun Qian giggled, “What’s wrong, you’re still at a disadvantage? How many people have tried to impersonate my boyfriend that I haven’t wanted to!”

Haoden Ye laughed bitterly and shook his head, his tone ridiculed, “Those are all unmarried, you try to find one that is married?”

Slightly stunned, Sun Qian glanced at Haoden Ye with a meaningful gaze and slowly lowered her head, “Right oh, I forgot you’re married! I wish I knew what kind of person she was!”

Haoden Ye played a haha, and thought, I just let my in-laws relationship get better, to let Maya see you, there is still a lot of trouble.

Hastily digressing, Haoden Ye said, “Right, I see that these workers are quite fond of you, can you help me inquire about something!”

“Well?” Sun Qian looked at him with slight confusion, “Aren’t you here to help with the feng shui? What do you need to find out?” Saying that, she suddenly smiled wryly and said, “Could it be that you’re a fake Feng Shui ambassador who wants to find out a little something to fool Mr. Wu!”

Knowing that she was joking, Haoden Ye didn’t care and frowned with a serious face, “The feng shui problem at this construction site is very big and it will come true in a short time, the key is that I don’t know where the problem is!”

Hearing his words, Sun Qian revealed a sudden look of great excitement and looked as if she was very excited about this kind of thing: “Leave it to me, wait for me for a moment!” Finish walking quickly to those workers.

Seeing her back as she left, Haoden Ye's lips revealed a smile.

From what Wu said, Zhang Feng had a lot of authority in this construction site, and all the workers on the site were naturally found by him.

The company has a reputation in Dan City that is feared, but some people are still willing to take risks in the face of huge profits.

Haoden Ye stared at Sun Qian's message while wandering around the construction site.

After a while, the sound of Sun Qian's phone rang, and Haoden Ye hurriedly answered the phone, following the place Sun Qian had specified to the bottom of a building.

Looking around to see no one, Sun Qian looked very mysterious, "I just talked to the workers, they are still very careful about keeping the secrets here, but I still side-stepped them and asked."

At this point, she lowered her voice and said, "The construction materials used on this site aren't quite up to quality standards, and Zhang Feng has been cutting corners!"

Haoden Ye saw that there was no black gas on the workers' heads and had guessed roughly, frowning, "So the problem wasn't with Zhang Feng, but with the person who bought the building materials! Why does Wu seem like such a shrewd person, and why do you let your own people buy the building materials?"

After hearing his phone call, Sun Qian immediately shook her head and said, "You guessed wrong, the construction materials on the site are all purchased by the company designated by Wu and Zhang Feng indeed have no relationship, but the materials used to build are not the materials purchased by Wu!"

Pale, Haoden Ye spoke out, "Stealing the beam, Zhang Feng has too much guts!"

With a blank look at him, Sun Qian said in a bad mood, "Do you know how much money Zhang Feng can be greedy for these construction materials? It's over five million!"

Haoden Ye's eyebrows furrowed as he heard, and Sun Qian trailed off, "Five million can make a person do a lot of things!"

"Let's hurry up and tell Wu!" Haoden Ye said and ran to Wu's place.

Here Wu is secretly investigating, but after a long day's work, he hasn't found any clues, making Wu feel very bored.

Inside the construction site office, Haoden Ye found Mr. Wu, and as soon as he saw him coming, Mr. Wu immediately stood up and looked worried, "Did Mr. Ye see that there was a problem there on the construction site?"

"Well!" Haoden Ye nodded in a row and told what Zhang Feng had done.

When Mr. Wu heard that someone dared to do such a thing on his construction site, a stern, fierce light flashed in his eyes.

"Mr. Wu, I think you should hold still and quietly let people look for evidence of Zhang Feng's crimes," Haoden Ye suddenly remembered that Zhang Feng must have concealed the evidence if he dared to do so.

"I hope Mr. Ye will leave this matter alone, I'll take care of it!" Wu smiled a very kind smile.

If someone who didn't know what had happened saw Wu at this point, they must have thought that he had decided to go to charity, but Haoden Ye clearly felt the chill in Wu's eyes.

This Zhang Feng will be very miserable later, Haoden Ye shook his head and smiled bitterly, this kind of thing he can't manage, so he nodded and took his leave of Wu.

Coming out of the office, he ran into Sun Qian who had been waiting for him.

"Have you told Wu yet? Does Wu trust you?" Sun Qian rushed over to ask.

Haoden Ye nodded gently and sighed, "Let's go first, Wu wants to handle this matter alone!"

Sun Qian was stunned, whirled around to understand what was going on, quickly nodded, and the two of them headed out to the construction site.

Just as we arrived at the main gate, we saw a car pull up, and the person getting out of the car was actually Maya Shen!

Haoden Ye was dumbfounded, standing in place with his brain unable to react for a moment.

When Sun Qian saw him not moving, she pulled him curiously and said with no good grace, "Why don't you leave!" Following Haoden Ye's gaze, he looked over, but saw Maya Shen who was also staring at Haoden Ye from afar.

"It's too much to be still at the sight of a beautiful woman!" Sun Qian's heart swelled with a sour taste, and she didn't have the good grace to say, "Hey, can't you save some face for me? Don't forget you're my boyfriend today!"

"Boyfriend?" There was Maya Shen's voice from afar, Sun Qian turned her head and saw Maya Shen's eyes narrowed and there was a touch of murder in her eyes.

When Haoden Ye heard Sun Qian's words, he was also frightened and quickly waved his hand at Maya, "Mu Ya, don't misunderstand!! just impersonated her boyfriend today, there's nothing between us!"

A flash of surprise in her eyes, Sun Qian was busy looking over at Maya Shen, her gaze somewhat deep: "Is this Mr. Ye's girlfriend? It really is very pretty and very classy, and by the looks of her, she should still be a working woman, strong enough to be self-reliant!"

Frankly speaking, Sun Qian didn't hate Maya Shen, but the thought of her being Haoden Ye's girlfriend made her feel odd.

"You don't have to explain to me that I don't want to be involved in your business!" The coldness in Maya Shen's eyes gradually dissipated, and her face returned to its usual indifference.

"Well? Looks like they don't get along well either!" When Sun Qian heard Maya Shen's words, an imperceptible smile appeared at the corner of her mouth.

And when Haoden Ye saw Maya Shen say this, he also knew that she must be angry at this point, but it was good that she didn't suspect herself, and he was relieved.

Chapter 172

"Maya, what are you doing here, to find Mr. Wu?" Haoden Ye quickly drew Maya Shen's attention away from Sun Qian and stepped forward to smile.

"Our company and Wu have a project to discuss, and you... why are you here!" Maya Shen took a look at Sun Qian and frowned, "This lady looks familiar, you're an actor put!"

A faint smile raised at the corner of her mouth, Sun Qian slowly walked over to Maya Shen.

No matter the temperament or appearance, Sun Qian is undoubtedly very good, even the walk is through the model training, look around the person it eyes are straight.

“A beautiful woman, one hundred percent genuine!” All men have one thing on their minds: “Woe to the beautiful woman!”

Maya Shen’s eyes narrowed, this greeting from Sun Qian clearly has a provocative meaning ah.

She took a quick glance at Haoden Ye and wondered in her heart, “Is this Miss Sun interested in Haoden Ye? I really don’t understand that such a woman would even look at Haoden Ye!”

“Greetings! My name is Sun Qian, and I’m the female lead in a film directed by Wu Zongrui Wu! You are Miss Maya Shen Shen, Mr. Ye has mentioned you to me several times!” Sun Qian’s smile was very sweet, so sweet that women felt intoxicated when they looked at it.

“What’s he doing mentioning me to you, I basically don’t care what he does!” Maya Shen’s face was flat, and she returned faintly.

Sun Qian laughed in her heart, “Sure enough, she’s very cold towards Mr. Ye, there’s obviously a big problem with the two of them!”

“Oh, how is it conducive to family harmony for a man to do what he does outside and be someone’s wife without caring? Sister Shen, my little sister suggests you care more about your man, or else he’ll be snatched away by someone that day oh!” Sun Qian gave a playful smile as if jokingly.

Maya Shen’s eyebrows furrowed up and her face was not good, “I don’t need you to lecture me on how to be a wife!”

“Not really, people are just following advice, Mr. Yip is such a talented man, there will be many women who will miss him!” Sun Qian threw out her tongue and showed a guilty expression.

It looked like she was just an innocent little sister, but the murderous aura within that smile was felt even by the onlookers.

“Isn’t that big star Sun Qian? Did she have a problem with that woman?”

“I don’t think so, but from what they’re saying, they should be fighting!”

“And they’ve all mentioned the man, not jealousy! As you saw just now, even Mr. Wu was very polite to that man!”

The crowd’s whispers reached inside Maya Shen’s ears, and Maya Shen’s face darkened.

Maybe it was because she had been with Haoden Ye for too long, and she didn’t feel the subtle changes in Haoden Ye, so Sun Qian said that Haoden Ye was a very sought-after man, Maya Shen didn’t think so, but Sun Qian’s kind of provocative attitude made her very unhappy.

“If you like this man, just take him from me!” Maya Shen said faintly and stepped inside.

Haoden Ye also realized that there was gunpowder between the two, but didn’t expect Maya Shen to say such words.

You’ve been married for so many years, and you don’t mean anything to her?

Sun Qian heard these words from Maya Shen and also very strange, Haoden Ye’s wife seems to not take Haoden Ye seriously.

“Maya, just don’t say angry words!” Haoden Ye still didn’t want to believe that he wasn’t even Shen Ju for Maya Shen.

“That’s right, Sister Shen, what kind of person doesn’t care about their husband!” Sun Qian came back to her senses and gave a charming smile.

Maya Shen really didn’t want to bother with this woman, she and General Manager Wu still had important matters to discuss.

“What I do with my husband is of no concern to you, and if you have nothing else, I have important things to do!” Maya Shen faintly replied back and walked straight inside.

Sun Qian had a smug smile on her lips and said in her heart, “Sure enough, she’s still angry, huh?” But on the face, it was pretending to be very serious: “Sister Shen thinks this is a waste of time, right? Look at Mr. Yeh, you know you don’t care about people at all, but you still speak for you!”

Maya Shen’s heart gradually began to fire, turning her head to look coldly at Sun Qian, “Miss Sun, I’ve said that there’s something important today, can you stop pestering me!”

Sun Qian sneered in her heart and was about to stimulate her to say something even more heartbreaking to Haoden Ye, when Haoden Ye’s voice suddenly sounded: “Sun Qian, don’t delay Maya from doing her business!”

Sun Qian’s pretty face flashed with displeasure and turned her head to Haoden Ye, “Can’t you tell that I’m speaking for you? Why are you defending this woman at this point, she doesn’t seem to care about you at all!”

Her voice was louder and had a strong sadness to it, causing everyone to look surprised.

“Does Miss Sun really like this man?”

“This man can’t see anything special about him, how can he win Miss Sun’s heart back!”

“Haoden Ye, can’t you see that I’m helping you?How can this woman be your wife when she doesn’t have you in her eyes at all?”Sun Qian’s voice was angry.

“That’s our family business too, I hope you stay out of it!”Haoden Ye frowned and spoke in a serious tone.

Sun Qian was shaken, and her heart felt sadly swollen.

“Huh?I don’t care, you like being abused, just stay with this woman!”After saying that, Sun Qian headed out to the construction site.

Haoden Ye sighed when he saw that she was angry, he also knew that Sun Qian was doing it for his own good, but was afraid that Sun Qian would anger Maya Shen over this.

“Maya, what are you looking for Wu to do, I also have some connections with Wu, so I might be able to help!”Haoden Ye saw Sun Qian leaving and hurried to Maya Shen’s side with concern.

“Haven’t you helped me enough?Miss Sun must be a friend of General Manager Wu, I could have managed a good relationship with her to help me get close to General Manager Wu, because you and I got into a fight the moment we met!”Maya Shen didn’t feel in the slightest that Haoden Ye had just spoken up for himself and muffled a snort.

“Maya, don’t worry, I’ll go back to pacify Miss Sun’s side, and my relationship with General Manager Wu is no less than Miss Sun’s relationship with General Manager Wu!”Haoden Ye quickly said, reassuring Maya Shen.

Maya Shen was just cold and snorted, “You’re on good terms with Mr. Wu? Don’t be ridiculous. Do you know who Wu is? Don’t think it’s great to be on good terms with the Cathay Group, but the Holander family is behind Head Wu!”

This Haoden Ye already knew, and he even smiled, “I’m also a bit related to the Holander family!”

Maya Shen made a white eye and said, “Haoden Ye, your old habit of bragging has come back, hasn’t it? I don’t care if you’re arrogant at home with your parents, but outside, you’d better not be sick in front of me, or I won’t be polite!”

Chapter 173

Haoden Ye smiled bitterly and didn’t want to explain, smiling at Maya Shen, “That’s fine, I’ll go in with you, I won’t bother you, and I’ll be able to send you home later when you’re done!”

Maya Shen didn’t reject Haoden Ye, but she didn’t nod either, just nodded with a bland face and stepped inside.

At this time inside the construction site office, Zhang Feng was kneeling on the ground with a pale face, his body unable to stop trembling.

Across from him, Wu was frosty and sharp-eyed.

“Mr. Wu, I’ve been with you for three years, are my words not as good as a brat? He must be setting me up, you can’t trust him!” Zhang Feng was crying with a snotty nose, that looked like the truth had a huge grievance.

A wisp of a sneer rose from the corner of General Manager Wu’s mouth, Wu sighed, his tone couldn’t hear any anger, and said indifferently, “Zhang Feng ah, you’re actually a very smart person, from the fact that you were able to

shut up so many people on the construction site, and you even bought the accountant I sent!”

At this point, Mr. Wu’s face gradually became gloomy, and his voice began to become terrifying: “But you are too arrogant, meaning I am a fool, Wu Zongjian? If I hadn’t investigated the materials for these projects, would I have done anything to you?”

Zhang Feng’s body shook and his face turned pale, he knocked his head hard on the ground and cried out, “Mr. Zhang, please detour my life, I was blinded by lard and was momentarily confused, for the sake of the three years I’ve followed you, detour my life!”

“Spare you?” A mocking glint flashed in General Manager Wu’s eyes as he looked at Zhang Feng, “Oh, a tiger has taken away its claws, and someone really treats me, Wu Zongjian, like a sick cat! Do you know what I, Wu Zongjian, was doing before the Holander family took us in?”

Something shuddered in Zhang Feng’s body, and in his mind, he recalled Wu Zongjian’s 1,000 fame.

“Mr. Wu, don’t do anything stupid, you’d be breaking the law if you killed me!” Zhang Feng swallowed his saliva and his face had turned gray.

“Oh, it seems you’ve misunderstood, I, Wu Zongjian, am a serious businessman!” Wu shrugged his shoulders, pulled out his cell phone and dialed a number, speaking into it, “Hello, this is Wu Zongjian, there is a man named Zhang Feng on my construction site, I don’t want to see or hear his name again in the future!”

Zhang Feng’s face was completely desperate, and someone soon opened the door and held out the ashen-faced Zhang Feng.

Just at this time, Haoden Ye and Maya Shen walked in.

Seeing Zhang Feng who was being dragged, Maya Shen frowned slightly, she had heard before that Wu Zongjian was not a mere businessman, but she could not imagine that the rumors were true, but she needed to cooperate with Wu for this project, and she had to come today.

“Wu!” Maya Shen’s face quickly returned to normal, revealing a professional and polite smile to Mr. Wu.

“Oh, I can’t believe you’re back, I’m so sorry you had to see that scum again!” Wu took a glance at the door and his face immediately became respectful.

Maya Shen was slightly stunned, and thought to herself, “When have I ever been here?”

But she didn’t dwell on the issue, instead smiling, “You’re welcome, Mr. Wu, I’m here today to discuss the cooperation we talked about on the phone!”

Unexpectedly, Wu heard his words as if he had just seen her, and was surprised, “Cooperation? Who are you?”

Maya Shen’s heart is funny, didn’t you just say hello to me? Why do you still ask me who I am, she even said: “I am Maya Shen of Shengwen International, I called you yesterday.”

“Ah!” I’m really sorry, I thought you came with Mr. Ye, but the matter we discussed yesterday can be postponed to tomorrow. I have important guests!”

Maya Shen was directly dumbfounded by his words, she turned her head to look at Haoden Ye behind her, her eyes incredulous.

“Mr. Wu...did you just greet him?” Maya Shen was surprised to Wu to.

When General Manager Wu heard her tone of voice, he couldn't help but frown and say, "Of course it is, who else does Miss Shen think I'm greeting?" The tone was full of displeasure.

Maya Shen even revealed an apologetic look and turned her head to look at Haoden Ye, surprised, not expecting that Haoden Ye and Wu actually knew each other.

"You...you and Mr. Wu really know each other!" Maya Shen actually got embarrassed.

Haoden Ye laughed bitterly, and thought to himself, "I told you you didn't believe me, now it's embarrassing.

He hurried forward and smiled at Mr. Wu, "Don't mind Mr. Wu, this Miss Shen is my wife, I didn't expect her to be working with your company!"

Wu always listened to his words something a pie brain, heart secretly screaming, today is to the gas bad, even forgot such an important thing.

He already knew that Haoden Ye had a wife who worked for a company called Shengwen International, which was also invested by the Holander Group, how could he not know?

It's just that Maya Shen's name was only heard once again when he paid attention to the good news, and then he forgot about it, after all, the company up and down so many things, so many relationships to take care of, how can he remember every single person.

"I'm so sorry, I didn't know you were Mr. Yeh's wife!" Mr. Wu quickly showed an apologetic look and went forward to apologize sincerely to Maya.

Maya Shen's entire body was stunned when she saw his appearance.

Mr. Wu even respects himself so much, this is the first person in the auto industry in Dan City, the Holander family cultivated the Wu family auto industry spokesman ah.

“Ah!Wu is not welcome!”Maya Shen had thought of many situations before she came, including the fact that Wu had returned to embarrass her and made her make all kinds of business concessions, but she had never imagined that Wu would be so polite to her.

“This... Since Mr. Wu knows my husband, I won't meet with Mr. Wu!”Maya Shen tried to make a smile while her eyes quietly glanced at Haoden Ye.

It was the first time Haoden Ye heard Maya Shen call her husband in front of an outsider, and he was on the verge of tears with excitement.

Mr. Wu smiled cheerfully and nodded, “We were not outsiders, but if it wasn't for Mr. Ye today, I don't know how much damage our company would have suffered, and by the way I haven't thanked Mr. Ye properly yet!”

Hearing this, Maya Shen was surprised again, isn't Haoden Ye a doctor, how come he saved someone's construction site again?

“Oh, don't take this matter to heart Mr. Wu, you treat me as a friend, of course I treat you as a friend too, friends help each other!”Haoden Ye quickly smiled.

Mr. Wu once again smiled cheerfully and said, “Haha, right, what's the point of being so polite between friends!By the way, was Miss Shen going to talk to me yesterday about expanding your company!”

Chapter 174

Although Maya Shen didn't know what happened, she was relieved to see that Haoden Ye and General Manager Wu were so close, she originally thought that she couldn't talk about this matter today.

“Yes, several pieces of land near our company are the property of Mr. Wu, and we need to purchase Mr. Wu’s land if we want to expand, Mr. Wu, take a look...” said Maya Shen quickly.

“Haha, I’ll give these pieces of land to Mr. Ye!” After hearing her words, Wu was very crisp and clear.

“What!” Hearing this, Maya Shen’s entire body was dumbfounded.

Although their company is not in the city center, it is still a small business district, and the land there is considered third class in Dan City.

But even if it’s a third class level, due to the large land area, these sites might add up to more than 30 million!

Thirty million! For a businessman like Mr. Wu, it was also a considerable amount of money, he even said that he would give it away, how much did Haoden Ye help him in the end?

Maya Shen was surprised and didn’t react for a moment, but Haoden Ye quickly waved his hand and said, “Mr. Wu, this can’t be, I’ve been to Maya’s company, the land around there is very valuable and will definitely increase in value in the future, I can’t take your money!”

“Haha, Mr. Ye doesn’t know what I’m like, money is never secondary to making friends and I, Wu Zongjian, only call friends worth making!” Mr. Wu laughed and addressed Haoden Ye.

He’s really right, he’s a very tight-lipped guy who makes friends.

Since they were friends, in addition to the other person’s character and personality matching their own temperament, they also had to be qualified enough, and Haoden Ye’s performance from now on was very satisfying to him.

In the beginning, his contact with Haoden Ye was only because of Haoden Ye's relationship with the Holander family, but now she truly wanted to befriend Haoden Ye.

Of course, just being qualified to be his friend, Wu wouldn't give Haoden Ye so much money, really because he felt that Haoden Ye's help to him this time was worth the price.

If Haoden Ye hadn't predicted ahead and found the problem, his losses this time wouldn't have been a few tens of millions.

"Mr. Ye, don't be polite, your help to me is not something that can be appreciated by tens of millions!" When General Manager Wu saw that Haoden Ye still wanted to refuse, he laughed.

Maya Shen came back to her senses at this time, she turned her head to look at Haoden Ye, her eyes became very strange, a little expectant and a little nervous.

Thirty million dollars is not a small amount of money in anyone's eyes, but it is an ill-gotten sum.

The man she was destined to meet was someone who could honestly refuse such a large sum of money, yet on the other hand, she herself couldn't stand the temptation of tens of millions.

"What do you say to Yeho back? She'll take it!" Maya Shen suddenly thought of Haoden Ye's encounters in his own family over the years, with such a large sum of money, he would definitely get his family's approval in the future as a result, how could Haoden Ye refuse?

"I'm sure he'll accept it, so his status in the eyes of his family will grow!" It seems to have decided that this idea, Maya Shen actually a few more lost in her heart.

However, soon Haoden Ye's voice sounded, causing Maya Shen's delicate body to be slightly.

"Mr. Wu, to tell you the truth, once someone offered to pay me much more than 30 million, I refused, not because I Haoden Ye was noble or because I didn't lack money, but because I..." said Haoden Ye, looking at Maya. "I think a man has to make his own money, and someone else's to give me is always someone else's!"

"I'm going to give my woman and my family something to fall back on and make enough money on my own to keep them fed and clothed, and the money you give me doesn't count!"

One word, one firm word!

A bright light flashed in Maya Shen's eyes, and she turned her head openly to look at Haoden Ye, her eyes seemingly reacquainted with the man in front of her.

There was a time when she thought this man was useless, incapable, a get-along-with-it loser, and there was a time when she had completely lost faith in him.

Even though Haoden Ye had changed very much recently, in her eyes, he still couldn't get rid of the shadow of waste.

Yet today, she realized she didn't even know the man who had slept next to her for so many years!

He may be weak, he may be incompetent, but deep down, he's still the same Haoden Ye!

Thinking of this, Maya Shen actually had an urge to cry, but she held it back forcefully.

On the other hand, Wu's side, he was extraordinarily respectful of Haoden Ye's words, after all, 30 million assets was not something anyone could refuse.

How could a man, even if he was capable, refuse the great temptation placed before him? Frankly speaking, even if he is from the Wu family, when he was just starting out, if someone offered him 30 million he would definitely not refuse back.

"The people that Chief Holander values are truly extraordinary!" Mr. Wu revealed a look of awe and nodded, "Alright, since Mr. Ye insists on refusing, I won't force him, so... this money will be considered as my investment in Shengwen International, can Shengwen International give me a valuation based on the current price?"

Maya Shen has come back to her senses, hearing the words of General Manager Wu busy: "If converted into shares, it is less than 0.5% of our company's shares, our company used to have a lot of shareholders' shares, but after the Holander's Group's capital injection, even the shares of our company's shareholders have shrunk, and now the highest shareholder is a mysterious shareholder, no one knows who he is except our General Manager Li!"

With a bitter laugh, Shen Moya said, "She's thinking that this share is too small and Wu may not be interested.

"I see, it doesn't matter how many shares, I don't care about the money anyway, so let Mr. Ye take care of these shares for me, what do you think?" Wu chuckled.

"Ah! Of course," Maya Shen nodded evenly, subconsciously turning her head to look at Haoden Ye.

Haoden Ye laughed bitterly in his heart, how come another one came to ask me to help take care of the shares ah, but he also knew that Mr. Wu is also a good face person, just now there is still a reason to refuse the money, now if you refuse, it is a bit disrespectful.

Thinking of this, Haoden Ye nodded gently and said, "Alright, since Mr. Wu insists, I won't be rude, I'll manage these shares for you!"

Mr. Wu smiled and nodded, "That's great, are you two free today? I want to buy you guys a meal!"

Look at the time is not early, Haoden Ye thought there are still in-laws at home staring to eat it, the party went some not A red, he hurriedly said: "Wu don't be polite, after dinner there are events in say it, today's time is not early!"

Chapter 175

Maya Shen had completely given up meddling in this matter, she wanted to see how Haoden Ye dealt with someone like General Manager Wu.

Wu nodded at the news and politely escorted the two men out.

On the way home, Haoden Ye saw that Maya Shen didn't say a word and muttered in his heart, wondering if she was still angry about running into Sun Qian during the day today.

"Maya, I wish to explain about Miss Sun!" Haoden Ye stopped the car to Maya Shen when he had a chance to see a traffic light.

Maya Shen recovered from her reverie and turned her head to smile slightly at him, "I know that if you had anything to do with this Miss Sun, you wouldn't be defending me in front of her today!"

Haoden Ye was even dumbfounded by his laugh, Maya Shen actually chose to believe in him unconditionally!

“Maya, thank you!” Haoden Ye looked touched and was gentle with Maya Shen.

Maya Shen also reported a gentle smile, then turned her head to look out the window and said, “Come home tonight, I’ll cook for you.”

Haoden Ye was dumbfounded, he didn’t think that when he said he had something to do in front of Mr. Wu, Maya Shen thought that he was in a hurry to go back to cooking.

A man who can refuse temptation outside, rely on his own efforts to win the respect of his woman and family, but also be able to take care of his family, Haoden Ye is considered very rare it.

And Maya Shen also knew that at this time, if Haoden Ye went to dinner with Mr. Wu, there was no doubt that it would increase the relationship between the two people, and Haoden Ye would be able to mix a bit in Dan City later, but Haoden Ye refused for the sake of his family.

And when Haoden Ye heard Maya Shen say that, his whole body was dumbfounded, he had never heard Maya Shen take the initiative to ask to cook before.

“Haoden Ye, are you not feeling well today!” At the table, Robert Shen looked at the bowl of porridge in front of him and furrowed his brow.

“Dad, I’m fine!” Haoden Ye took a mouthful of porridge and forcefully swallowed it.

“Oh, I’m glad you’re okay!...ahem, I’m worried you’re not feeling well!” Robert Shen moved his lips, wanting to say Shen Gure, but he had the tendency to

close his mouth and purse his lips, looking visibly hungry, but never willing to move the spoon.

Milda Hao swept her eyes over the two people and coughed, “Haoden Ye, today’s porridge doesn’t taste right!”

Hearing his words, Robert Shen quickly looked at her and gently shook his head.

Milda Hao pursed her lips and still told Haoden Ye, “If you don’t feel well and don’t want to cook, or if you feel tired of cooking for us every day, just say so, Mom and Dad aren’t unreasonable people, I’ll just ask the chef to make one more later!”

Haoden Ye hurriedly shook his head: “Mom and Dad, how would, I extinguish have feel bored, just... today want to implement a new flavor!”

Peng!The sound of chopsticks falling off the table sounded and Maya Shen stood up abruptly, pursing her lips, “Mom and Dad, I’m the one who cooked today’s meal, is it that bad?”

As soon as Robert Shen and Milda Hao heard her words, their faces became strange at the same time.

“So that’s it, it’s not bad, but the taste is a little off!”Robert Shen smiled dryly.

Milda Hao, however, was not as subtle as him and simply said directly, “It’s not a matter of whether it’s hard to eat or not, it’s that you don’t know how to cook at all, and in the case of this bowl of porridge, the rice isn’t cooked at all, nor has it been poured clean!”

Maya Shen’s pretty face couldn’t help but blush slightly at her mother’s words.

Milda Hao sighed and said to Maya Shen, “You’d better not cook from now on, just have some instant noodles today, I remember there’s more at home, I’ll soak them up for you...”

The meal was embarrassing for everyone, and Maya Shen looked at her parents’ depressed faces, not to mention how unhappy she felt.

This was the first time she had a sense of frustration in front of Haoden Ye, and it turned out that being disliked by her family was really bad.

During the rest of the evening, Maya Shen was much more gentle with Haoden Ye, but Haoden Ye still kept the agreement very well, and she went to bed before Maya Shen showered.

Maya Shen went to bed to rest after her bath, but Haoden Ye didn’t fall asleep, but closed her eyes to internalize her Dantian and look at the number of her fish bubbles.

Since he used a white one last time, and today helped Wu solve a big problem, he now has two purple bubbles and one blue bubble in his hand.

According to his experience, the white bubbles were for actual items, the purple bubbles were for learning skills, the blue bubbles and orange bubbles had their own characteristics, and Haoden Ye had a red bubble in his hand that was useless.

After thinking for a while, Haoden Ye couldn’t think of what use these bubbles were for now, so he simply saved them in case they could help him change his life against the sky later.

With these thoughts in mind, Haoden Ye was contentedly in his sleep.

While he was resting here, Maya Shen was not asleep.

She used to hate Haoden Ye in her heart, but although she was able to gradually accept Haoden Ye sleeping on the bed later, her heart still had a mustard against Haoden Ye Xin Village.

She was very satisfied with Haoden Ye's performance today, and she had begun to re-adopt well.

And it's very important for a woman to have a change of heart, because what she was afraid to think about before is now constantly reversed in her mind.

Her husband, who he had loved since he was a child, Haoden Ye on who was by her side, how could she have no waves in her heart?

"The bastard can't really be asleep!" Maya Shen certainly wouldn't want anything to happen with Haoden Ye, and if Haoden Ye came over to violate her, she would resist.

After all, it was one thing to re-accept Haoden Ye as his husband, it was another thing to re-accept Haoden Ye as his husband.

Haoden Ye didn't act rudely in any way, making her feel very satisfied but also making Maya Shen feel very unhappy.

A big beauty of his own lying next to her, Haoden Ye can even be indifferent, is it because he doesn't think he's charming enough?

Thinking of this, she rang Sun Qian and Avril, these two girls were undoubtedly very beautiful and were now in very close contact with Haoden Ye, would Haoden Ye not have a meaning for them?

Frankly speaking, the beauty of these two girls was hard for even a girl like Maya Shen to resist, so how could she be sure that Haoden Ye Hui would refuse?

“Haoden Ye, it’s true that you’re different now than before, but what if you go back to being like other men who go to other women and forget about me as their wife when they’re developed?”Thinking of this, Maya Shen’s heart was lonely, why aren’t men and women like Haimama, only one couple for the rest of their lives?

Thinking to herself, Maya Shen slowly fell asleep.

The next morning, when Haoden Ye woke up, he found that his father-in-law and mother-in-law were not even there, Maya Shen was washing up, Haoden Ye quickly dressed, this time Maya Shen just came out of the bathroom inside.

When Haoden Ye saw Maya Shen’s wet, sexy gaze, his heart was one, and he quickly opened his eyes.

Maya Shen realized her gaze, and the corners of her mouth showed a look of disappointment.

Chapter 176

“Don’t forget, we’re going to dinner with Uncle Er’s family today!”Maya Shen said faintly, her eyes eagerly looking at Haoden Ye.

What happened yesterday had gradually made her give up on the idea of separating from Haoden Ye, but the two of them couldn’t just be estranged for the rest of their lives.

She expected Haoden Ye to be a little more proactive and get closer to her, so it was hard to let her be a girl to approach Haoden Ye?

It was a pity that Haoden Ye was now a log, not only not approaching, but seemingly fearing his own gaze.

“Well, I’ll get ready!” Haoden Ye said, escaping a gang to get into the bathroom.

“That was close! I almost couldn’t hold back just now!” Inside the bathroom, Haoden Ye swallowed his saliva and slowly flattened his breathing.

The way Maya Shen looked at him just now, it was like a hundred thousand blows! It made his heartbeat suddenly accelerate, plus the faint fragrance coming from her body, the coquettish appearance just after bathing, made Haoden Ye almost react, good thing he reacted fast enough to get into the bathroom.

“Hey, it’s a good thing I was smart enough to use the shower as a demonstration, or Maya would have been pissed!” Haoden Ye looked at himself in the mirror and proudly gave a thumbs up....

After everyone had breakfast, Haoden Ye changed into his designer suit.

Just getting dressed, Haoden Ye was wearing a tie when Maya Shen suddenly came over and said, “Let me help you.”

Haoden Ye was stunned, before reacting, Maya Shen had already walked to him, her hand lifted up to gently tie up his tie.

A burst of aroma came in his nostrils, and that delicate and pretty face band was right in front of his eyes, and Haoden Ye couldn’t help but feel an urge to lower his head and kiss her.

Although the person was moved, Haoden Ye’s waist slowly bent down, one hand reaching out to hug Maya Shen’s slender waist.

When she wanted Haoden Ye to make a move just now, Haoden Ye didn’t move, and now that she was focused on tying his tie, she couldn’t believe that he had moved.

Maya Shen didn't react for a moment and subconsciously glared at Haoden Ye like she did before.

Haoden Ye was shocked and quickly straightened up, never daring to do anything bold again.

And at this time, Maya Shen's heart also infinitely regretted that she had given away such a great opportunity for nothing.

And, because of this episode, it's a little awkward between the two of them.

"Yeh, you're wearing quite a handsome outfit today!" As soon as Haoden Ye walked out of the room, his mother-in-law Milda Hao came over and reached out to pull on his zero belt.

Previously Milda Hao could never have such a considerate and warm gesture, making Haoden Ye feel very warm in his heart.

"Thanks Mom!" Haoden Ye was moved.

Milda Hao smiled slightly and said, "You're considered the pillar of our family now, why are you so polite to mom!"

At this time, Maya Shen turned her back to Milda Hao and said, "Mom, I can't reach my back button if you button it for me!"

Milda Hao's face immediately plastered up, and she said in a bad mood, "Don't you have a husband yourself? You really don't take kindly to your own mother!" I said turning around and walking away.

One sentence made Maya Shen angry and pursed her lips, "If you have a son-in-law, don't you want a daughter?"

Haoden Ye was also surprised by Milda Hao's actions and couldn't help but purse his lips and smile.

As if she had eyes growing behind her, Maya Shen stared at him fiercely and said, "Don't buckle me up yet!"

It saved her embarrassment to be angry like this, but she just wanted Haoden Ye to button it up for her.

Hastily nodding, Haoden Ye walked behind Maya Shen and looked at the smooth and beautiful back of the show, and his heart was just in a whirl.

After being married for so long, the two of them hadn't acted so intimately, making Haoden Ye's hands tremble.

"Is it good yet?" Maya Shen didn't feel Haoden Ye moving in the middle of the day, and couldn't help but say.

Haoden Ye swallowed his saliva to conceal his agitated nervousness and spoke calmly, "Wait a minute, I'm afraid of hurting you!"

"Well?" Maya Shen was stunned for a moment, and then her pretty face plastered up, "Are you saying that I'm too fat and that this dress will strangle me?"

Haoden Ye's heart jumped, hated to bite his tongue off, quickly said: "Of course not..." a time he could not find an explanation for the reason, the heart of anxious, out of the mouth: "is too big for your breast!...uh..."

The words came out and he hated to bite off his tongue again.

To his surprise, Maya Shen didn't even get angry and instead didn't say a word.

Quickly buttoned up, Haoden Ye only then and Maya Shen went out together, Robert Shen and Milda Hao were already waiting at the door.

Haoden Ye drove the Maybach to the better place, the Imperial Hotel.

In front of the hotel, Uncle Shen's family was already waiting, Haoden Ye's car was parked in front of the door, but Uncle Shen didn't recognize his car and was still looking around.

Haoden Ye and Robert Shen and the others got out of the car, and only then did Uncle Shen see Haoden Ye and looked surprised, "Haoden Ye, is this your car? I can't believe you're driving a Maybach!"

"It's his friend's car!" Maya Shen also got out of the car and heard the words of Shen's second uncle.

"Borrow a Maybach?" Uncle Shen's cheeks twitched and he laughed, "This car starts from a minimum of seven million, who is so generous to accept this car for Xiao Ye to drive!"

Maya Shen was stunned, whirled around and thought of something, turning her head to look at Haoden Ye.

She didn't think at the time, what kind of friend would lend Haoden Ye millions of dollars for a car? She used to think that Haoden Ye must not be able to afford such a car, so when Haoden Ye said that someone else had picked him up to drive it, she didn't have any doubts at all.

Panicked by her look, Haoden Ye quickly explained, "It was lent to me by Mr. Wu!"

Maya Shen was relieved, Wu always sells cars, and it's not surprising to receive a Maybach for Haoden Ye.

“Wu?” Second Uncle Shen revealed a puzzled look and whirled around to think of a name, surprised, “Wu Zongjian Wu?”

He couldn't think of a second person who could be so generous and surnamed Wu, and never thought that Haoden Ye and Wu also knew each other.

Robert Shen and Milda Hao didn't know who Wu was and were surprised to see Shen's second uncle so surprised to reveal his surprise.

It's not a surprise that Haoden Ye is acquainted with such a person as Mr. Wu, Mr. Wu is the absolute leader in the auto industry in Dan City, and his assets are counted according to hundred million, and a few million Maybachs are not worth mentioning in his eyes.

“Haha, Little Ye has now made a name for herself and knows a big shot like Wu!” Although he didn't do business, Uncle Shen was happy for Haoden Ye when he learned that Haoden Ye knew such a person.

“Go go go, your cousin and the others are here, let's go in!” Second Uncle Shen smiled cheerfully and gestured to the three of them as an invitation.

Chapter 177

When everyone arrived at the private room, Uncle Shen's family was there, after this incident, when they looked at Haoden Ye again, they no longer looked at a loser in their eyes, especially Shen Ling and Shen Mei, they also apologized specifically for the last incident.

The meal was enjoyable, and Haoden Ye also gradually felt the warmth of his family.

And while Haoden Ye was eating, there was a familiar person in his pharmacy, Figmen Lin!

“Well, it seems that this Haoden Ye is very true to his word, and the cold in your body has been partially dispelled!” At this time, Figmen Lin was sitting on the boss chair where Haoden Ye usually sat, his eyes slightly closed, and was diagnosing Lin Yao’s pulse.

Lin Xiang looked at him with a pair of beautiful eyes and trailed off at the words, “It’s still not Master’s ability to calm him down, so how dare he not treat me?”

While saying so, his heart was very grateful to Haoden Ye.

“Hey!” Shaking his head and sighing, Figmen Lin’s face was serious as he said to Lin Xiang, “You come from the Lin family, so naturally you don’t look down on someone from an ordinary family like him, but you don’t know the power of that foreign treasure on him, if he mastered the usefulness of the foreign treasure, I’m afraid ten of your master wouldn’t be his opponent!”

In her eyes, her master is the most powerful person, not only knowing everything about astronomy and geography, but also medical and astrological powers, she also possesses many supernormal abilities that ordinary people don’t even dare to think about, and there is even someone more powerful than her master in this world.

“If that’s the case, why didn’t Master tell him all the secrets of that strange treasure?” Lin Xiang suddenly thought of something to Figmen Lin.

The light in Figmen Lin’s eyes flickered and he raised his head to take a deep look at Lin Xiang, the corners of his mouth slowly raising in a mysterious curve.

I don’t know why, but Lin Xiang was actually frightened by him looking at her: “Master, why are you looking at me like that!”

Figmen Lin Zihe smiled and his eyes became gentle, nodding his head, "I've watched you grow up, what's on your mind that I can't see? It's not that Master doesn't want to tell him all the secrets, it's just because... hey, this exotic treasure is both good and bad, as the saying goes, good and evil will end in the end, and this exotic treasure is on him, it's his good fortune and his doom!"

With a slight sinking heart, Lin Xiang turned her head to prevent Figmen Lin from seeing the worry in her eyes and spoke in a flat tone, "Is this thing still a robbery?"

Figmen Lin slowly stood up and nodded his head, "This is natural, the way of the heavens pays, everyone's fortune is certain, beyond this fortune, you will encounter a heavenly calamity! This treasure can change one's fate and increase one's fortune, but if it is used improperly, it can't balance out one's fortune and is a drain on one's good fortune! In the long run, if you accumulate more, it's a holocaust!"

At this point, he sighed slightly and said, "I can discern this person's fate, there is already a heavenly tribulation in place, perhaps it will come soon!"

Quickly, he smiled again, "But don't worry, he's healed you before the next time, the holocaust won't affect you!"

A strange light flashed across Lin Qi's face, and she managed to make a smile and whirl her head down.

Figmen Lin had already reached the door at this point, turned around to look at her, saw some worry between her brows, shook his head and sighed, "I'm leaving first, you should let him treat you as soon as possible!"

When he looked up to send his master away, the old man had already disappeared and Lin cheerfully looked out with complicated eyes.

Haoden Ye only came back in the afternoon, and it was already noon when he finished eating with Shen's family, and the traffic jam in Dan City was very serious, and he was stuck on the road for more than three hours.

Returning to see Lin Xiang sitting at the counter, mopping his chin as if he was thinking of something on his mind, he didn't even know he was here.

"What's on your mind, big girl?" Haoden Ye drank some wine, though not much, and grew bold, joking to Lin Yao as soon as he entered the house.

Suddenly coming back to her senses, Lin Yao took a glance at Haoden Ye, looking very playful, "I was wondering why our boss is out there every day, isn't she afraid I'll take the money and run away?"

Haoden Ye Yangtian hit the sky and thought, "With your master's skills, you still care about my money.

Speaking of money, he remembered that he had been away for the past two days and had no idea how much turnover there was in the store, so he quickly said, "Business has been okay for the past two days."

"Yesterday we sold thirty, today a little less, only twenty!" Lin Xiang quickly replied.

Once Haoden Ye heard how good the income was, he smiled contentedly and carefully calculated the money, which should be enough to pay Lin Yao for the herbs he needed for his first concoction.

"You get all your money sorted out, I'll go to the bank this afternoon and deposit it, and tomorrow we can go to the pharmacy and see if they have the medicine you need!" Haoden Ye looked delighted.

Hearing this, a strange light flashed inside Lin Xiang's eyes.

“Boss...there’s something I want to tell you!”After a moment’s hesitation, Lin Xiang finally spoke up.

When Haoden Ye saw her serious appearance, he couldn’t help but frown and said curiously, “What’s wrong?”

“Boss, my master has just come to say that he said that it’s better to use that treasure of yours sparingly, that one’s fortune is limited after all, and in case... in case of an unfortunate coincidence, you might have to encounter a heavenly calamity!”Lin Xiang bit his lips and said, “Moreover, your Heavenly Tribulation will arrive soon!”

Hearing her words, Haoden Ye’s heart also sank.

Figmen Lin’s words he had trusted very much, never thought that his heavenly tribulation would come so quickly, honestly, at this time Haoden Ye’s heart also began to panic, but soon he regained his calm and smiled slightly to Lin Xiang, “I know, you are busy with your work, I know it by heart!”

Seeing how he looked like he didn’t care, Lin Xiang became anxious and looked worried, “You’re a good person, I don’t want you to be harmed by the Heavenly Tribulation, you should be more careful, that treasure, although magical, may not be a good thing for you!”

After saying that, her pair of beautiful eyes stared at Haoden Ye with concern, and in her gaze, Haoden Ye raised his head slightly, looked at the sky and sighed, “Little cheerful, I was worried when I got this at first, but when I relied on it to save the woman I love the most, I had no doubts about it in my heart, even if I die tomorrow, I still have to thank it!”

After saying that, Haoden Ye stepped towards the alchemy room.

Looking at his back, Lin Xiang was silent and kept repeating Haoden Ye’s words in his heart: “Even if I die tomorrow, I still want to thank it!”

Sighing, Lin Xiang muttered, "He must like this woman very much, I wonder what kind of woman would have the good luck to be liked by you so much!"

Chapter 178

After collecting the money, Haoden Ye took the bag of money to the bank to deposit.

Having never taken so much money before, Haoden Ye still didn't know that over two million was so heavy again, and the weight of money could be clearly felt in his hands when he lifted it.

At the bank, Haoden Ye thought that he had more money in the village this time, so he planned to go to the counter and ask if he could deposit money in the VIP room, after all, he didn't want to carry more than two million around the bank lobby.

With a sweep of his eyes, Haoden Ye quickly saw a service desk and quickly walked over.

A twenty or so female employee on the service desk, quite pretty looking and with a better voice, Haoden Ye politely greeted, "Hello, I have more money and would like to apply to go to the VIP room for a deposit, is that okay?"

The female clerk was lazily staring with her chin in her hand, her eyes lit up at his words, but as soon as her eyes swept over Haoden Ye, her face went cold and she said impatiently, "Can anyone go to the VIP room? That's for VIPs handling business!"

A different person would probably be angry at her face, which is not the quality of a service worker at all.

But Haoden Ye wasn't angry, he had run into a lot of people with this kind of power.

With a polite smile, Haoden Ye said, "I really have more money here, I don't feel safe if I wait in line, and there's no one at your VIP counter anyway!"

"I told you everything, didn't you hear me?" The woman immediately raised her voice a few points, looking at Haoden Ye with a face of disgust, "How much money can a poor guy like you have, just want to make a fast, VIP counter is indeed empty, but if everyone wants to occupy the VIP counter, is it still a VIP counter? If you don't have money, just wait in line!"

Her voice wasn't loud, but it reached the ears of many people around her, and many of the party waiting turned their heads to look over at Haoden Ye and give him a dirty look.

"You don't have any money and you want to get into VIP, do you think the bank is for you?"

"Young people think about convenience every day, but they don't think about hard work every day, and they have the money to get into VIP soon!"

"Baby, don't follow this uncle's example and think of taking advantage every day!"

Surprisingly, those in line at the bank also sided with the female staff and took Haoden Ye's actions as taking advantage of the situation.

If she politely explained the reason, Haoden Ye would have gone back and continued to wait, but her attitude made Haoden Ye feel upset.

"I saw on TV that if the VIP window of the bank doesn't handle business, it's perfectly fine to let the customers waiting at other counters handle the business, you don't let me handle it even if I don't, but still this attitude, you are in the service industry, the minimum courtesy should be again!" Haoden Ye argued arguably.

The female clerk revealed a look of anger when she heard his words, scuffled and stood up, looking at Haoden Ye with a despicable face: "How can you be so unreasonable, I told you that the VIP counter is only for VIPs to handle business, and you are still pestering, wanting to make trouble is it? Believe it or not, I'm calling the police to arrest you right now!"

Seeing the commotion here, the bank security guard came over.

"Sir, please get out of here or we'll call the police!" A security guard walked behind Haoden Ye, his face stern.

"Yes! I'm not going to VIP anymore, now I'm going to complain about this staff, I always have that right!" Haoden Ye had an angry look on his face.

"Huh? Do you think the bank is your family and you can do whatever you want? No self-awareness at all, and you're complaining!" With a sneer, the female employee didn't care, what was the point of complaining about such a poor man?

At this time, a dripping sound of footsteps sounded, sounding like the sound of high-grade leather shoes hitting the ground, and a thick middle-aged voice sounded, "What's happening, why is it so noisy?"

The crowd turned their heads, but a middle-aged man in a suit walked over.

The middle-aged man was around forty, with a big back hair, and his appearance looked a bit gentle and dignified, his eyes swept around Haoden Ye, and the middle-aged man said, "This gentleman, do you know what place this is? This is no place for you to make trouble!"

"Manager Sun, this person is just too much, the VIP counter was busy just now, I asked him to wait for a while but he didn't want to wait in line and had to do business at the VIP counter!" As soon as the female employee saw him out, she rushed up to the wicked man.

“That’s bullshit, the counter was empty!” Haoden Ye also put away his anger and explained to Manager Sun, “I just came to see her for advice because I saw the VIP counter was empty, and she started shouting at me without saying a word!”

Manager Sun listened to Haoden Ye’s words, a mocking light flashed in his eyes and said with a cold snort, “This gentleman, I still trust my staff, if you don’t want to queue up, you can go to another bank, our bank is another orderly place, please don’t disrupt the order!”

He had obviously heard his words, but he even pretended not to have heard them and directly decided that he was being unreasonable, and Haoden Ye’s heart could not help but swell with anger.

At this time, many people who came to the bank to deposit money also felt that the Sun Manager’s words were a little too much, although they thought Haoden Ye and unreasonable place, but only listen to their own staff’s words, this Sun Manager is not a little unfair.

“You guys are just too much, I’m not saving!” Haoden Ye Nu grunted, lifting his bag of money and leaving.

Perhaps because he used too much force, the zipper of the bag containing the money parted a slit and the corner of the bag full of bills inside was exposed.

Many people in the lobby saw the money inside, and they all just turned pale, no one thought that Haoden Ye, who was dressed so shabbily, had so much money.

“Wait a minute!” Haoden Ye had just reached the door when the voice of Manager Sun suddenly came from behind him, and when he turned around, he saw that Manager Sun was looking at him with a stern face.

“The money in your bag, where did it come from!” Manager Sun’s eyes were guarded as he looked at Haoden Ye and shouted loudly.

“Of course I own it, what’s wrong?” Haoden Ye frowned, puzzled.

“Huh? Your own?” Manager Sun’s mouth showed a smirk of contempt, “You’re the only one who might have so much money? There must be two or three million dollars in here, and I now suspect that your money came from an unknown source!”

Other people inside the lobby also nodded their heads secretly when they heard Manager Sun’s words, everyone thought that Haoden Ye couldn’t have so much money, and the female employee from earlier also sneered at Haoden Ye, “Look at your poor look, how could you have so much money, this money must have been obtained illegally, you’re not a good person at a glance!”

Hearing their words, Haoden Ye was about to laugh and looked at the two angrily, “Where did my money come from, it doesn’t seem to be your responsibility! Are you guys cops?” I’m going to walk out afterwards.

Chapter 179

“Stop him!” Manager Sun shouted, and two security guards immediately stopped Haoden Ye’s way.

Manager Sun sneered as he walked a short distance behind Haoden Ye and snorted, “You can’t leave until the police come!”

“You guys are too much, even if you’re unreasonable, you’re still detaining people!”

Seeing Manager Sun’s actions, someone in the bank started to fight for Haoden Ye.

“That’s right, you don’t care where people get their money from, you’re not cops!”

Hearing these words, Manager Sun just smiled coldly and pointed at Haoden Ye, “Everyone, does he look like someone who can have so much money?With all this money, how can there be a one-time village over here!”

The people listened to his words, have revealed contemplation, Manager Sun is actually right, now although an ordinary family may also have millions of wealth, this is not surprising, but who deposited so much money into the bank at once?

Seeing Haoden Ye like this, it shouldn’t look like someone who got rich all of a sudden.

“Yes!!I’m not leaving, but let me make it clear that when the police come, I’ll hold you accountable too!”Haoden Ye snorted and put the money on the ground himself to find a chair to sit down.

“Your money must be left with us for safekeeping!”Manager Sun looked at Haoden Ye with a scornful face.

“Leave it with you, what if it’s less later?”Haoden Ye sneered.

“Less I am solely responsible!”Manager Sun smiled faintly and looked as if he was very confident in his idea.

In fact, he was now suspecting that Haoden Ye was an idiot for not even running away at this time.

Thinking that the police will come later, maybe Haoden Ye is a major criminal case fugitive, he can make a great achievement, and maybe even promoted in the future because of this matter, thinking here, Manager Sun was proud.

“Good!” With a cold smile, Haoden Ye nodded and said, “Take the money!”

A security guard placed the money next to the Sun Manager, who handed it to the female employee, “Take it to the back and count how much!”

The female clerk even lifted the money bag and took it to the back to count it.

Manager Sun, on the other hand, looked at Haoden Ye with a sneer, originally he was in charge of this matter because he had an affair with that female employee, otherwise with the female employee’s service attitude, he would have been fired in a few days.

Seeing Haoden Ye dressed in poverty, of course he was rudely on the side of his own people, and when he saw the money in Haoden Ye’s bag, he immediately felt that something was wrong.

He was confident that Haoden Ye’s source of this money must be abnormal, so that’s why he spoke out to stop it.

Moreover, even if Haoden Ye hadn’t committed a crime, the most he could have done was to be righteous, what else could he have done wrong?

Less than ten minutes later, a siren sounded, and Manager Sun looked over at Haoden Ye with a sneer, hoping to see a hint of panic on his face, however, Haoden Ye’s face was flat, and instead there was a hint of a sneer on his lips.

“Who called the police?” Soon, more than a dozen loaded armed police warriors stormed inside the bank, led by a tall man who looked a bit imposing: “I’m Zhao Hongren, captain of the armed police brigade, who called the police to report someone causing trouble in the bank?”

Normally cases don’t require armed police, but this time it was a disturbance inside a bank, the police department took it more seriously, and the female officer exaggerated a bit in order to aggravate the ordeal.

“Captain Zhao, I’m the one who called the police, the origin of this man’s money is unknown!” Manager Sun quickly gave a professional and polite smile and stepped forward to smile at Zhao Hongren, who looked like he already considered himself a hero for punishing evil.

“Money of unknown origin?” Zhao Hongren’s face became even more serious when he heard, “What the hell is going on!”

The Sun Manager immediately told the story, he was a bank manager in the end, very eloquent, descriptive, and told the story like a movie plot.

But inside his plot, Yeho becomes the unreasonable one, and he becomes which one is smart and decent.

After hearing his description, when Zhao Hongren looked at Haoden Ye again, his eyes were alert and his tone was slightly harsher, “This Manager Sun is right, isn’t he!”

Haoden Ye slowly stood up from his seat and said to Captain Zhao, “Is he right or not, there are so many pairs of eyes watching here! First of all, I wasn’t being unreasonable, when I offered to go to the VIP counter, that counter was indeed empty, and if you don’t believe me, you can ask, there has been no one at this VIP counter to conduct business, and bank surveillance can prove my claim!”

Hearing his words, many people in the lobby nodded their heads, and someone said, “This little brother is right, there is indeed no one at the VIP counter to handle business!”

Manager Sun’s face immediately turned ugly, he knew that he would definitely be responsible if this matter was pursued, according to the regulations, the VIP counter could permit the general public to conduct business when there was no business.

“Don’t you dare change the subject, you still haven’t explained where you got all this money!” Manager Sun immediately began to change the subject.

This was also a concern for many people, all everyone’s attention was diverted together, and Captain Zhao also looked at Haoden Ye seriously, “You’d better explain the origin of that money first!”

Haoden Ye nodded and smiled, “This isn’t hard, but I have to ask Captain Zhao first, does the bank have the authority to seize me and my money and force me to explain the origin of my own money without my consent!”

Captain Zhao immediately shook his head at the news, “These are the police’s powers, unless you violate the bank’s rights and do something illegal!”

Haoden Ye nodded lightly and pointed at Manager Sun, “Then he seized me without my consent and forcibly took my money to their bank to be held in the background, is that illegal!”

Manager Sun looked ugly upon hearing this, and pointed at Haoden Ye with an angry face, “You poor sourpuss, how can you have so much money, I’m taking appropriate measures based on your behavior, it’s not illegal!”

“This... Manager Sun, your actions are indeed illegal, if everyone did what you did, what would we need the police for!” Captain Zhao shook his head at Manager Sun.

Manager Sun looked even more ugly and quickly changed the subject, “Captain Zhao, he hasn’t said where he got the money from!”

That was the point of the whole thing, but the topic kept being circled around by Haoden Ye, making one have to suspect that Haoden Ye’s money was the problem, so when Manager Sun said it, someone else followed suit and said, “Yeah, you quickly tell me where you got your money!”

Captain Zhao also turned his gaze to Haoden Ye and used his eyes to signal him to explain quickly.

Haoden Ye smiled slightly and said, “The origin of this money is naturally easy to say, I run a pharmacy and sell aphrodisiac pills that I configure myself, each one costs 12,000, selling a minimum of 20 pills per day, this is the money I earned from opening the store for five days!”

Originally Haoden Ye set the price at 10,000, then because sales were better, so now it was set at 12,000.
