

The Best Son in Law Chapter 190 - 199

Chapter 190

Lawyer Sun didn't want to let things come to this point, never thought that Haoden Ye didn't know what's good for him, and he could only do what Boss Chang Zhang wanted.

"Oh, Sun's here too!" Just at that moment, a gentle laugh sounded in the distance.

Lawyer Sun was slightly startled, subconsciously turned his head, and his face changed instantly as he swept his eyes over the visitor.

"Kim...Lawyer Kim!" Lawyer Sun dumbfoundedly looked at Lawyer Jin, a pair of eyes so wide that the lower bar was about to drop on the floor, "Why are you here!"

"Oh, you're a bit of an unqualified lawyer, you're defending this Boss Zhang and I'm certainly this Dr. Ye's defense attorney!" Lawyer Jin still had that gentle look, walking slowly and favorably, his face was a faint and gentle smile, so that one could not feel a little murderous.

But when Lawyer Sun heard his words, his face changed instantly.

"You...you're the defense attorney for this Dr. Yap?" Lawyer Sun couldn't believe his ears a bit, and looked at Lawyer Jin and then at Haoden Ye, a bitter smile slowly appearing on his lips.

At this time, Boss Zhang also saw Lawyer Jin coming over, his insight was extraordinary, and he naturally saw that Lawyer Jin was not an

ordinary person, but since Haoden Ye had invited him, what kind of powerful lawyer could he be?

He walked up to Lawyer Jin and smirked with a bad face, “You’re that brat’s lawyer? Hey, hey, which law firm is that? I don’t know if you’ve heard of me, Zhang Huaiyi. Be smart and get the hell out of here, or I’ll make you eat your heart out!”

He said smugly to himself, not noticing that Lawyer Sun’s face over there had turned black!

Threaten Attorney Kim!

Threatening the Hong’s gold lawyer!

It was as if he had already seen the end of Boss Zhang....

“Oh, Mr. Zhang, your words just now were very strong, is that a threat? If so, I’m going to hold you legally responsible for it!” Lawyer Kim still has a gentle smile on his face, making people feel spring harmony, how can he be so kind?

Boss Zhang, however, thought that Lawyer Jin was afraid and sneered, “Law? You don’t know what you’re talking about. You’re talking to me about the law? You think you’re great because you’ve studied law for two years? I tell you, the laws of this world are an ass!”

“Very well, I’ll take note of your words, they can be used against you in court.” Still smiling, Lawyer Jin turned to Lawyer Sun and said, “This is the Boss Zhang you’re defending, right?”

“Ahem! Misunderstanding, misunderstanding!” Lawyer Sun came to his senses and quickly said, “I’m just Boss Zhang’s legal advice, not his lawyer!”

Hearing his words, everyone was dumbfounded, this lawyer Sun just swore to Haoden Ye that he was Boss Zhang's lawyer, why did he suddenly change his mind?

Many people in the audience did not know Attorney Kim's identity, so they were very surprised at what Attorney Sun said.

Boss Zhang was also dumbfounded, frowning and staring at Lawyer Sun, "Lawyer Sun, are you stupid? You're not my lawyer, what did I ask you to do!"

Lawyer Sun's eyes flashed with a stern color, and looked at Boss Zhang coldly, "You let me come here, I only came to do a legal consultation for you, I didn't say I wanted to be your lawyer, I, Sun Guangwen, have to go through our firm to defend people."

"Surname Sun, what are you playing at!" Boss Zhang also sensed that something was wrong, and said to Lawyer Sun, "We haven't gone through your firm before, and you haven't defended me!"

Sun's lawyer's look became cold, tone with a threat: "old Zhang, some words can't be nonsense, before I give you defense, although you people didn't to the law firm, the case but through the law firm, in control of your mouth, careful death don't know how to die!"

Rao, a ruthless boss Zhang, couldn't help but feel terrified by his cold gaze.

"You're a lawyer, everything is based on the law, don't be a deadbeat!" Lawyer Jin chuckled and said to Boss Zhang, "Hello, I haven't introduced myself yet, have I! My name is Jin Fei Ming, one of the chief lawyers of the Holander's Group, and vice president of the Dan City Bar Association!"

“Ah!” Boss Zhang was dumbfounded this time, Haoden Ye had just said that he had hired the Holander’s Group’s lawyer, he hadn’t taken it seriously at all, how could someone like Haoden Ye hire the Holander’s Group’s lawyer!

And not just the Hong’s lawyer, but the chief lawyer questioning it, the president of the Dan City Bar Association!

Remembering what he had just threatened him with, Boss Zhang only felt his legs go weak and his forehead was cold and sweaty.

Not to mention Lawyer Jin’s status in the judicial sector, his connections in Dan City, get yourself killed and play!

“Kim... Lawyer Kim, it’s all a misunderstanding, it’s all a misunderstanding!” Boss Zhang swallowed his saliva, his voice trembling.

“A misunderstanding? Isn’t it a little late for Boss Zhang to be saying that?” Lawyer Jin’s eyes narrowed, faintly: “You just threatened me, I remember clearly what I said! I’ve been a lawyer for so long, and this is the first time I’ve learned that the law is useless at all, and Boss Zhang has kind of taught me a lesson!”

It was an understatement, but it said that Boss Zhang would have liked to bite off his own tongue.

“Lawyer Jin, I will be responsible for this matter, I will be responsible for Old Li’s medical expenses and compensation, and please spare me, I won’t dare to do it again!” Boss Zhang swallowed his saliva and looked pleading.

Lawyer Jin didn't even bother to look at him, his gaze turned to Haoden Ye and smiled, "Mr. Ye, I'm really sorry, there was a bit of a delay just now, is everything okay with your patient?"

Haoden Ye nodded gently, "He's loaded well now and is already in the clinic!"

Lawyer Jin nodded gently: "I don't often accept such cases, so this aspect of the business is a bit rusty, I'll talk to your patient later, or as soon as possible to finish the case, I now have two financial crimes on hand, involving more than a billion dollars."

When Haoden Ye heard this, he became a little embarrassed and wanted to say a few words of thanks, but before he could say anything, Boss Zhang over here suddenly said loudly, "Two million, I'll compensate their family for two million!"

Haoden Ye subconsciously looked at Boss Zhang and realized that Lawyer Jin wasn't saying this to himself.

As if he hadn't heard Boss Zhang's words, Lawyer Jin continued to laugh, "But it's not a complicated case, it should be resolved within two weeks!"

"Plus a 120-square-meter upscale neighborhood, beautifully decorated!" Mr. Zhang shouted again, his voice already hysterical.

Haoden Ye saw that he looked really scared too, and quickly said to Lawyer Jin, "I see that Boss Zhang's compensation is already enough, if we can settle it peacefully, it's naturally best!"

Only then did Lawyer Jin smile slightly, nodded gently, then turned his head to glance at Boss Zhang, faintly said: "Some people are just cheap skin, honestly abide by the law not long, have to make things

unmanageable, in the future Mr. Ye if you run into such people, I'm still happy to help you knock this kind of people."

Chapter 191

With such rude words, Boss Zhang didn't even dare to utter a fart in his ears!

Seeing the deferential look on Boss Zhang's face, Haoden Ye was relieved, but he wasn't the one who could not be forgiven, and walked up to Boss Zhang and said, "Boss Zhang, I don't mean to be hard on you, I just hope you won't be so arrogant in the future!"

Thinking of Boss Zhang's compensation, Haoden Ye pondered for a while, "I helped Mr. Li's family take over the medical expenses and compensation, and the house..."

"The house is a gift from me, you must take it for Old Li's family!" Boss Zhang was shocked, the more money he spent now, the more relieved he was, and if Haoden Ye didn't want it, he would be worried again in his heart.

Seeing how insistent he was, Haoden Ye could only nod and say, "Fine, I'll take the house too!" After saying that, Haoden Ye thought of the nightclub Boss Zhang had just mentioned and frowned, "You also have a nightclub, how many girls you've forced into it?"

As soon as he mentioned his nightclub, Boss Zhang just ached, he thought that Haoden Ye even wanted to take away the nightclub.

It was his vault, making tens of millions of dollars a year, and he only put his mind at ease after hearing that Haoden Ye was only worried about the girls he had forced to come under his hands.

“Dr. Ye you can rest assured, the girls in my place are all here voluntarily, just now I said that letting Xiao Li go is also to scare the old Li family, Xiao Li is underage, even if we let her come to work here, I don’t dare ah!”Boss Zhang quickly explained.

In fact, Haoden Ye knew in his heart that it wasn’t that Boss Zhang had never done this kind of thing before, and today he was knocking him around a bit, hoping that he would just restrain himself in the future.

“It’s none of my business what you do, just know what you know!”Haoden Ye snorted and turned to walk away.

As soon as he took a step, Boss Zhang behind him suddenly pulled him and pulled out a golden card from his pocket and handed it to Haoden Ye, “Doctor Ye, this is our nightclub’s golden card, you’re welcome to come and take a look at it in the future, don’t worry, our nightclubs are all very formal!”After saying that, he squeezed his eyes at Haoden Ye and made a look that all men understood.

Haoden Ye’s heart jumped and subconsciously wanted to throw the gold card back, but seeing the tense look on Boss Zhang’s face, Haoden Ye knew that he didn’t know what Boss Zhang was going to think if he didn’t take the gold card, so he had to take the card.

When Boss Zhang saw him take his gift, his face looked completely relaxed, matching a smile, “Dr. Ye, Lawyer Jin, you guys are busy, I’m getting out of here!”After saying hello to his men, he ran away.

“Lawyer Kim, this time you’re in trouble again!”Haoden Ye saw him go and turned his head to thank Attorney Jin.

“Oh, what’s the point of being polite with me, you’re Simen’s friend, which means I’m Jin someone’s friend!”Lawyer Jin smiled gently, but Haoden Ye still saw a hint of worry between his brows.

“Lawyer Kim, you seem to have something on your mind!”The two of them walked inside the hospital room, and Haoden Ye asked with concern.

“Ah!”Lawyer Jin was embarrassed when he saw what was on his mind, a few looks of embarrassment on his face, and then he shook his head and laughed bitterly, “Hey!It’s the same case I’m holding!”

“What case could be so difficult for Attorney Kim?”Haoden Ye looked at Lawyer Jin with a surprised look.

“This... “Lawyer Jin frowned, as if he was hesitant to talk to Haoden Ye.

The two men entered the hospital room, Xiao Li mother and daughter hurriedly stood up, Xiao Li nervously came forward and said, “Dr. Ye, is the matter resolved?”

Haoden Ye smiled slightly and turned to point at Lawyer Jin, “This is Lawyer Jin, he has just settled your case, Boss Zhang compensated your husband two million, plus a set of finely decorated one hundred and twenty square meters of community room for your family, what do you think!”

“Ah!”Both mother and daughter listened and stared at the same time, as if they couldn’t believe their ears.

“Dr. Yap, Attorney Kim, thank you!”Xiao Li was the first to react, her eyes filled with tears, grateful, “We don’t want the house, just compensation, the other two million, we will only take our share, and the rest will be thanks to the two of you!”

Originally, if there is no Haoden Ye and Jin lawyer, their family not only can not get compensation, but also to pay back the Zhang boss money, Xiao Li said so actually not too much.

Who doesn't get paid in big lawsuits these days?

“Rei!What are you talking about!”Li Chunxue heard Xiao Li even say that, quickly pulled a glance at her and whispered, “Your father broke his leg, no house how we family live!”

Rei, however, didn't seem to hear her mother's words and still looked very insistent.

“Oh, this friend of Mr. Yeh's is very plain!”Lawyer Jin swept his gaze over Li Chunxue, then landed on Xiao Li and smiled: “There are very few girls who are so plain these days!No wonder Mr. Yeh is helping you!To tell you the truth, a million or two million don't tell me to defend you, the basic legal fees of a small lawyer under me are not enough, and as for the house... I have more houses than I can live in myself!”

Hearing his words, Rei had a look of regret on her face, as if she hadn't been able to express her gratitude, and he was very upset.

“You should be in high school right now, when you go to college, you can take a law degree if you're interested, maybe you can come work for our Holander Group later!”Lawyer Kim said, and then suddenly added that it was obvious that he also liked Rei as a girl.

“Thank you, Attorney Kim!”Xiao Li listened to his words, immediately nodded her head vigorously, and made up her mind, when she got into university, she would definitely thank Haoden Ye and Lawyer Jin.

Hearing the lawyer Jin said so, Li Chunxue heart also happy flowers, quickly to the two people and some thanks.

After a few polite words, Haoden Ye and Lawyer Jin left the ward.

Walking inside the promenade, Lawyer Jin continued to talk about what had just happened: “The thing is, as you know, we have more businesses under the Holander Group, and the more profitable real estate businesses are especially numerous now.”

When the two of them arrived outside, Haoden Ye saw Lawyer Jin’s assistant drive his BMW over and interrupted him, “Take my car, I’ll go over there with you on the way!”

Lawyer Jin thought about it, and with a wave, he told his assistant to go back and follow Haoden Ye into that Maybach.

“Oh, Mr. Yeh has a nice birthday these days, you can drive a Maybach!” Once in the car, Attorney Kim smiled.

“This car belongs to Simen!” Haoden Ye smiled apologetically and said, “If Lawyer Jin likes it, why don’t I give it to you to drive, I feel a bit awkward driving this car!”

Chapter 192

Jin lawyer played a haha: “I have three or five cars at this price at home, the annual maintenance fee is a million, already can’t afford to drive, BMW and these cars compared to the price is low, maintenance is not troublesome, hit and don’t feel bad!”

At the news Haoden Ye embarrassed laugh, he thought lawyer Jin like this car, unexpectedly people drive a good car are tired of driving.

“One of our companies recently bought a piece of land and was planning to build its own community house, but unexpectedly one of Master’s friends in Holander Kong, Boss Chen, also took a liking to the land, so Master transferred it out at a low price, just to make a friend!” The car went on the road, and Attorney Kim continued to talk.

“That Holander Kong friend was also very grateful to the Master, but who knows, when that Holander Kong friend started building the project on that land, there were constant accidents, and they didn’t think much of it at first because the instruments kept having problems, and then the workers on the site kept having accidents!”

At this point, Lawyer Jin smiled bitterly, “Just a few days ago, the construction site, except for a big accident, all the workers were infected with dysentery, Boss Chen began to suspect that someone was stirring up trouble, went to our group to question our master, our master was wronged by him, also angry, promised to buy back this land, but the price is still the price he sold, that is, 600 million!”

“But Boss Chen didn’t agree to it, these days he spent ten million just to compensate the workers for their medical expenses, and the house has started to pre-sell, and if you break the contract to compensate people for the breach of contract, plus the loss of instruments and so on, it adds up to nearly two hundred million, Boss Chen asked our lord to compensate him for this money as well!”

“Our master had done a good deed, but he was unjustly accused of being a bad guy and had to pay in two hundred million dollars, and although he was rich, he couldn’t stand this anger and refused on the spot, resulting in Boss Chen taking us to court!”

Lawyer Jin finished and frowned, “Because the amount of money involved is relatively large, our entire legal team pounced on this matter, but because this businessman is a Holander Konger, even though our boss is not responsible for anything, it’s hard to say how the court will rule on this matter!”

After listening to Lawyer Jin’s words, Haoden Ye couldn’t help but frown, but he wasn’t thinking about the case itself, but why that land was always in trouble.

“May I see the land first?” Haoden Ye thought to Lawyer Jin.

“There’s absolutely nothing wrong with that land, we’ve had special people go over there to investigate, it’s useless for you to go there!” Lawyer Jin sighed and shook his head, “Whether it was from a scientific or feng shui point of view, we hired the most professional people and didn’t see a problem.”

Once he heard that it had nothing to do with feng shui, Haoden Ye almost gave up on going to see it, but thinking about what Broken Bamboo had told him, Haoden Ye changed his mind.

Master Broken Bamboo once said that what makes him better than the average feng shui master is that he can look into the air, and perhaps this can be used to see where exactly the site is except for problems.

“I’d better go take a look, if I can find out where that land went wrong, I’ll soon be able to clear Holander’s name!” Haoden Ye insisted.

Hearing him say that, Lawyer Jin had no choice but to agree, but he didn’t have confidence that Haoden Ye could find the problem, and in his eyes, believed more in modern science and didn’t trust Feng Shui much.

The car changed the road and headed to the construction site, and on the way, Lawyer Jin told Haoden Ye about the basic situation at the site.

Within thirty minutes, the car had reached a vacant lot on the edge of downtown Dan, where there was a large construction site and several buildings that had fallen apart.

The site was surrounded by a fence, with a small medical station at the entrance and a few workers lounging about, clearly idle on the site today.

As soon as the two men got out of the car, several people at the entrance noticed this side of the situation, and one of them quickly ran inside the construction site.

As soon as he got off the car, Haoden Ye cast his gaze towards the construction site, but he saw that the entire construction site was covered by a black smoke, and in these fogs, there was even a touch of blood!

The clear skies in the eyes of normal people actually gave Haoden Ye a depressing feeling at this time, it was obvious that there was something wrong with this construction site, and it was very big.

“I need to negotiate with the site before we can go in, Mr. Ye would like to go around the area first, I saw a Feng Shui master last time when he was here, he was circling the site for half a day before he saw where the problem was again!” Lawyer Jin immediately saw Haoden Ye’s serious look.

“Surnamed Jin, what are you doing here again, didn’t you say that the lawsuit won’t start until two days later!” Lawyer Kim had just finished speaking when a voice with a portly accent rang out.

Two people looked over at the same time, but saw a fat man with a few people walking over, fat stature is really too fat, there is a kind of movie on the “fat cat” feeling, walking to the body a shaky, people are very worried about his unsteady foot fell down, rolled on the ground a grunt.

The man had a handkerchief in his hand and kept wiping his sweat, but it was surprising how he walked without taking a big breath.

“Mr. Chen, this is Mr. Ye, he knows some feng shui!” Lawyer Kim smiled politely and gently.

“You continental boys are all bad, one and all! You can do good by coming to me, get out of here and I’ll see you in court!” Mr. Chen’s obese face showed a look of disgust.

Seeing his attitude, Lawyer Jin could only laugh bitterly in his heart, turning his head to try to persuade Haoden Ye, but saw that at this time Haoden Ye was staring at Mr. Chen's looking very attentively.

"Mr. Yeh, do you see the problem?" Lawyer Kim was still taking a chance with the question.

Haoden Ye, who was in the middle of concentration, was shouted back by his words and gently shook his head, "Not yet, I need to take a look inside the construction site!"

He had watched Mr. Chen carefully when he came out just now, but he saw that he didn't have any color on his forehead, while in contrast, the few people who followed him over had a cloud of blackness on their foreheads, some lighter, some very thick, and others simply blood red.

Based on that alone, he couldn't even determine what was wrong.

"Continental Boy, are you looking for a reason to enter my construction site? No doors, no one gets in unless you have a court warrant!" As soon as Mr. Chen heard Haoden Ye's words, his eyes immediately became alert, while signaling his men.

Seeing him so resolute, Haoden Ye couldn't help but frown and very sincerely said to Mr. Chen, "Mr. Chen, I'm a feng shui master, so let me go in and take a look, I might be able to see the problem!"

"A feng shui master?" As soon as Mr. Chen heard this, his face immediately showed a mocking look and laughed, "Your reason is too lame, what era is it now, and you still believe in feng shui, mainland boy bumpkin!"

Chapter 193

A few people behind him laughed, and the laughter had mockery and contempt in it.

Seeing his attitude, Haoden Ye could only sigh in his heart, this Mr. Chen had decided that they weren't good people, and it was probably impossible to get in today.

At this point, he could only point at the man with the bloody mist on his forehead, "Mr. Chen, you need to pay attention to this man, if I'm right, he'll soon have a bloodbath!"

The man's face turned pale at the sound of it, and his eyes looked at Haoden Ye angrily, while Mr. Chen would be mistaken and pointed at Haoden Ye, "Mainland boy, you dare to threaten my men!"

Lawyer Jin couldn't help but glance at Haoden Ye with a frown even after hearing his words, chiding him in his heart for being nosy.

"Mr. Chen, you've really misunderstood me, I just told you that I'm a Feng Shui master, and I just saw that your men are just having bloodshed!" Haoden Ye quickly explained with a sincere attitude.

"Hmph, how dare you utter threats and still not dare to bear people? Do you think I'm easy to bully, Chan Chi Keung? I tell you, compared to the triads, can your continent compete with us?" Mr. Chen sneered, then said to his men, "Get rid of them!"

It was already not good to go in, this was even more difficult, Haoden Ye was helpless, but also only decided to go back in the first say, and turned to leave.

Lawyer Jin already knew that Haoden Ye came for nothing, so did not feel disappointed, smiled politely to Boss Chen, followed Haoden Ye to the car over there.

Seeing them leave, the stern look that Boss Chen had just had disappeared, a touch of fear on his fat face, he wiped the sweat from his forehead with a handkerchief and said, "I thought it was not easy to do business in Holander Kong, but I never thought the mainland would be even more difficult, these unscrupulous traders are really he scary!"

"Boss, I don't think that man just now was threatening us!"The bodyguard that Haoden Ye had just said had a bloodbath.

"You don't know shit, that's the way mainlanders talk!"Boss Chen didn't know if Haoden Ye was intending to threaten him, but he just assumed that Haoden Ye was threatening him, and it was certainly best to take precautions.

Several people said, had entered the construction site inside, at this time the door of a big yellow dog suddenly barked.

Boss Chen was shocked, the big yellow dog was bought by a worker at the construction site and has never recognized his owner, he has to bark every time he enters, but today the barking was particularly fierce!

"This ungrateful one!"Boss Chen was even angry with the dog and pointed at the big yellow dog, "Kill it for me!"

The big yellow dog, when he pointed at him viciously, thought he was provoking, and barked even more fiercely.

The bouncer who had just spoken was just close enough to jerk up his sleeve and casually grab a stick and head over to the big yellow dog, just as the big yellow dog scampered over as well.

Usually at such times, the big yellow dog is strangled by the rope and can't move forward, however this time for some reason, the big yellow dog was able to break free of the rope.

Don't look at its barking fierce, actually also afraid of people, it is not really to attack that bodyguard, just wait for the rope to strangle itself, go back, do not want this time the rope did not strangle, the big yellow dog because of inertia directly jumped on the bodyguard, sharp claws instantly cut the bodyguard's neck.

A gush of blood came out, and the bouncer only felt a stinging pain in his neck, and when he reached out to touch it, he had a hand full of blood!

"Dead man, dog eat dog!" The bouncer had his back to Boss Chen and the others, so no one saw what was going on, and as soon as he saw the bouncer turn around with blood on one hand, he thought it was a dog bite.

The bodyguard didn't know exactly how he was doing, and thought the wound on his neck was serious, and he panicked, shouting lifelessly, "Call the emergency number!"

Someone was already on the phone, but no one came to the bouncer's rescue!

The big yellow dog is still glaring at the bouncer with his teeth bared, who dares go over there?

Just at this time, a voice at the door suddenly said, "What are you all standing around for, save the people!"

When Boss Zhang turned his head, he saw Haoden Ye and Lawyer Jin standing at the entrance of the construction site, and Haoden Ye was running here quickly, and suddenly the words popped into Boss Zhang's mind, "This man has a bloodbath!"

Boss Zhang slapped his thigh and pointed at that bodyguard, "Blood and light, blood and light, you pouncer, it must be your plot!"

A few bodyguards saw Haoden Ye coming over, saving the thought of his warning just now, but let them suspect that Haoden Ye was up to something, they definitely didn't believe it, even if Haoden Ye was powerful, how could he get the big yellow dog to break free from the rope, and then again, even if he could have done it beforehand, how could he know that the big yellow dog's bite must be who he said it was?

You know, it was possible for the owner to just let a random person go over there and catch that big yellow dog.

Ignoring Boss Chen, Haoden Ye walked straight to that bodyguard's position, and the big yellow dog immediately started barking when he saw that another stranger was coming over.

Haoden Ye wasn't sure what was going on and also thought that the man had been bitten by a big yellow dog, but only after walking in did he see that there was no blood inside the dog's mouth, so he put his mind at ease and put on a fierce look and raged at the big yellow dog, "Get out of here!"

This dog is less courageous without a leash, after all, this type of dog is just a little more vicious when barked at, let it bite people it dare not.

The big yellow dog lowered his head, buzzed muffled twice, ran aside in fear, and continued to bark.

After carefully observing the wound, Haoden Ye said with relief, "Don't worry, it's just a cut in the dog's skin, but the vein is cut, I need to give you acupuncture to stop the bleeding!"

That bodyguard saw Haoden Ye fearlessly come over to save himself, his heart was already a million times grateful to him, and now hearing him say that, his heart was even more pleasantly surprised, and he quickly nodded his head vigorously.

Pulling out a silver needle, Haoden Ye pierced the man's neck twice, and the flow of blood from the neck was immediately mastered.

"The bleeding's stopped, you'll have to bandage it up, and you'll have to get vaccinated for a while, the dog's a dirt dog and has a lot of bacteria on his paws!" Haoden Ye took off his bodyguard's clothes to wipe the blood as he told the bodyguard.

"Yes yes! Thank you so much, if it wasn't for you, I would have been dead today!" The bodyguard was grateful to know he was safe.

When Boss Zhang saw what was happening here from afar, his eyes widened once again, and now he was unable to pretend, his fat face filled with fear and surprise.

"What did this man do to my bodyguard, and how come he stopped bleeding after two stitches!" With a wink, Boss Zhang told Lawyer Kim, who was standing next to him.

"Oh, Mr. Ye is out to be a feng shui master and an expert herbalist, he's the one who cured our Simen's illness!" Attorney Kim was quick to explain.

Chapter 194

"Ah! He's still a doctor?" Boss Zhang looked even more surprised, the look in Haoden Ye's eyes was simply a little adoring, but he quickly remembered that he should be angry at this time, and immediately said with a straight face, "Didn't I tell you to get lost? Why did you come back?"

"Mr. Zhang don't be angry, we just got on the bus and came over when we heard someone calling over here!" Lawyer Kim immediately gave an apologetic look and said, "We're leaving right now!"

“Huh?Err... “Boss Zhang panicked, he was just taking down the shelf, who would have thought that Lawyer Jin was so honest.

Although he had accused Haoden Ye just now, his heart expressed admiration for Haoden Ye’s brave act of saving people, plus after seeing Haoden Ye’s medical and feng shui techniques, his heart felt even more that Haoden Ye was not simple.

Who would have thought that he would have said, “Lawyer Kim is leaving”?

“What the hell did you guys do, just walk away?You can’t leave until we get this place sorted out!”Boss Zhang immediately piled on his face.

How can Jin lawyer can’t see Zhang boss mean, just said that is deliberately teasing Zhang boss just, heard quickly: “Zhang boss is not afraid of us to play a trick?”

“Of course I don’t believe you!But I think that servant street has some skills, so I’ll let you try!”Boss Zhang was stone-faced.

“It’s better not to kill that big yellow dog, I think it’s actually afraid of people too, it should have been injured by mistake just now!”At this time, Haoden Ye also walked over to Boss Zhang.

“What’s the point of not killing that pouncing dog!You want to just give it to you!”Boss Zhang snorted, then frowned at Haoden Ye, “I can let you take a look at our construction site, but I must be allowed to follow you throughout the whole process to prevent you from making small moves!”

Although he had seen Haoden Ye’s feng shui and medical skills, Boss Zhang still couldn’t fully trust Haoden Ye, and it was possible that Haoden Ye was found by Holander’s group to deliberately pick on him.

Hearing his words, Haoden Ye immediately smiled slightly and said, "This is no problem, take the liberty to ask if Boss Zhang has any antiques on him, such as jade pendants or something like that!"

Boss Zhang and a few of the surrounding bodyguards were stunned to hear this, and Boss Zhang looked guarded and cold, "Why are you asking this!! don't have any curios on me!"

Hearing him say that, Haoden Ye's brow furrowed and he looked very heavy.

"What does it take for Mr. Yap to ask that?" A bodyguard asked cautiously at this time.

They had a different mentality from Boss Zhang and were very grateful to Haoden Ye for saving their companions, plus having seen Haoden Ye's medical skills, they were in awe of Haoden Ye in their hearts.

"I just observed that everyone here is haunted by bad luck, except for Boss Zhang, so I judged that there must be some kind of blessing on him!" Haoden Ye hurriedly made an explanation.

He had specifically observed Boss Zhang when he entered the construction site just now, but he saw that the same blackness that surrounded the site was wrapped around Boss Zhang, but it was blocked out by a purple light.

"Ah! You say I'm blessed with something?" As soon as Boss Zhang heard this, he immediately smiled easily and said, "You're saying that no matter what dirty things are on this construction site, they can't get close to me, right? Haha, it must be that I've done a lot of good things!"

A few bodyguards panicked as they heard, Boss Zhang was blessed with something, but they weren't!

At this time, a bodyguard suddenly said, "Boss, it can't be that charm behind you!"

Hearing him say that, Boss Zhang seemed to have just remembered something and slapped his head, "Ahhh! I remembered the tattoo someone gave me on my shoulder!" He said, pulling off his shoulder shirt, which really revealed a palm-sized red talisman.

Haoden Ye carefully observed the talisman, which looked like a Taoist talisman, and was surprised, "Why would Boss Zhang have this tattooed on his body!"

Hearing his words, Boss Zhang's face turned red and he glared at him in anger, "Why are you asking this!"

A bodyguard, fearing for his own safety, quickly replied, "It was tattooed by the boss's ex-girlfriend, who is an archaeologist and likes to study the Chinese arrival culture!"

"You're a pouncer, aren't you irrelevant!" Boss Zhang glared at the bodyguard, then said to Haoden Ye, "Are you saying I'm fine because of this charm?"

Nodding lightly, Haoden Ye cast his gaze towards the construction site, and he gradually realized that an accident on the site should be more than simply a feng shui problem.

But he doesn't know the Taoist talisman technique!

Thinking of this, Haoden Ye looked within his dantian and began to make a wish, "Let me learn Daoist knowledge!"

As soon as he finished his silent recitation, a voice in his head immediately sounded out, "Insufficient merit!" Then take two blue bubbles and shake them, but they don't disappear.

“Damn, isn’t one bubble of learned talismanic magic enough? It only took me one bubble to learn Chinese medicine!” Haoden Ye laughed bitterly in his heart, it seemed that the Daoist culture was so profound that two blue bubbles were not enough.

“So tell me what I should do about the problem at the site!” Haoden Ye made a wish again.

He was also taking a chance, he had never wished for something alone like this before, but this time a blue bubble disappeared, and all the knowledge of an exorcism spell and the cost it would take appeared immediately in Haoden Ye’s mind.

“Ten Thousandfold Exorcism Spell, consume one Purple Virtue! Power to drive away all evil spirits within a certain range!”

“It’s a good thing I have two purple ones, or I wouldn’t know how to fix it the next time I run into something like this!” Haoden Ye sighed in his heart.

After saving Rei’s family, Haoden Ye gets a purple bubble, and now has two more purple bubbles in his hand.

“Boss Zhang, I can help you with the problems on your construction site, but it might be a bit tricky to find out what’s at the root of the problem!” Haoden Ye learned the Ten Thousand Faces Exorcism spell and immediately told Boss Zhang.

“You think you can keep us out of trouble on the site?” Boss Zhang revealed a look of surprise, now he no longer suspected that Haoden Ye was looking for trouble.

Lawyer Jin and the others listened to Haoden Ye’s words and also revealed their surprise, especially Lawyer Jin, if this matter ended, not only would the

boss's reputation be saved, but the company would also be exempted from the loss of 200 million!

“Yes, but I still need some preparation, and the other thing is that everyone must leave the site while I exorcise the evil spirits!” Haoden Ye nodded lightly.

Upon hearing this, Boss Zhang frowned, but since Haoden Ye guaranteed it like this, if something went wrong, naturally Holander's group would be responsible for it, he had no need to take any responsibility, he even said, “Good! I'll believe you're a pouncing...master, but if you can't, I'll have to go to Boss Holander for justice!”

Chapter 195

There was no hesitation now, Boss Zhang immediately let everyone exit the construction site, and Lawyer Jin also followed out.

About an hour later, only Haoden Ye was left on the construction site.

This exorcism spell wasn't difficult to set up, and with the purple bubble, Haoden Ye didn't even need any magic weapon, just one person to chant the spell.

He told everyone to leave because he was worried about one of the side effects of the Ten Thousand Fang Exorcism spell, which was that during the exorcism process, if the person who put the spell on the construction site fought back, it would likely cause harm to the people around them.

Seeing that everyone had left, Haoden Ye took a virtual breath and began to silently chant an incantation under his breath, and with his voice, a breeze began to blow from the construction site.

“Boss, is this guy okay or not?” Outside the construction site, a bodyguard watched the site from afar, frowning.

“You pouncer, if he can’t do it, you do it!” Boss Zhang stared at him hard and left his mouth open, “A dead horse is a dead horse, this pouncer is annoyingly god-awful, but he’s really got some skills!”

Lawyer Jin on the side listened to the two people talking and laughed bitterly, wanting to say a few words for Haoden Ye, when suddenly a gust of wind came and blew him almost to his feet!

“Ouch, boss you watch out!” The worker and bodyguard Ben could barely stand by this gust of wind, and one bodyguard shouted a concerned shout to Boss Zhang.

Boss Zhang felt the wind was not small, but with his tonnage can blow down his wind is really not much, but seeing the situation in the construction site at this time, Boss Zhang also can not stand firm.

As the strong wind blows, a black cloud is gathering on the site in the distance, and the black cloud has a vortex shape, the top is falling, like a magic hand trying to grab something on the ground.

Everyone was dumbfounded as they watched, this black cloud came too suddenly, just now it was a sunny day, and after a gust of wind it appeared, and the black cloud looked truly terrifying, giving people a strong sense of oppression.

Rao of feng shui not thought of lawyer Jin at this time saw this situation, a heart jumped to the throat, they can feel the black clouds from a distance, and just inside the construction site Haoden Ye?

At this time, Haoden Ye certainly felt the pressure, but the knowledge was just an instant, and when the purple bubble disappeared, a purple light wrapped his entire body, and the black cloud couldn’t touch him at all.

And the purple light not only wrapped around him, but also up along the black cloud, engulfing it like a rabid dragon....

Boom!A thunderclap resounded, shocking the audience below, the black cloud was clearly still making a counterattack, but its power was too weak compared to the purple dragon!

Haoden Ye on the ground looked at this scene, and couldn't help but admire the power of the Ten Thousandfold Exorcism Mantra, devouring black clouds was simply like cutting vegetables.

Just as he was proud of himself, a voice in his head suddenly said, "Warning, the plagues are coming!"

God damn it!Hearing these two words, Haoden Ye's heart just shook.

Remembering that Lin Xiang had warned him that if he overused the power of the golden carp, he would encounter the wrath of heaven, he had always thought that this wrath would be something like the loss of life, so the first thing that came to his mind at this moment was death!

Boom!A thunderclap in Haoden Ye's head, his heart felt like it had been stabbed with a knife, and his eyes just went black, spitting out a mouthful of blood.

For an instant, his body's strength seemed to be drained away, and at that moment, inside his dantian, a blue bubble disappeared.

The body went limp, and Haoden Ye almost fell to the ground, while the black clouds in the sky seemed to have sensed something, and another more violent thunder struck.

The color of the purple dragon that was devouring the black clouds also gradually began to weaken, and Haoden Ye, seeing this, fiercely gritted his teeth and tried to stand up, chanting his incantation even louder.

Seemingly sensing his power, the purple dragon's light re-bloomed and began to devour the black clouds even more fiercely, and in less than a moment, the clouds had been swallowed clean.

The black clouds dispersed, the heavens and earth once again restored peace, and Haoden Ye's body fell to the ground, out of weakness and in severe pain.

"It's over, I'm going to die again!" Haoden Ye thought that this time it was the same as last time, he was getting his life broken, and he wondered if Old Oh Lin could come in time to save him.

However, after a long time, he didn't have that feeling that he was going to pass out and the pain was so intense that the save faded away after a certain point.

"The plagues are over!" Inside his head, that familiar voice rang out.

"It's over?" Haoden Ye felt that his strength was gradually recovering, and the pain was gradually disappearing, and even less of the bullheadedness of the last time his body had suffered a serious injury.

"Does that mean I didn't fold my life?" Haoden Ye frowned in contemplation, and soon he seemed to understand something.

This plague is different from the one against the world.

Lin Xiang once told him that when he used the golden carp, the plagues were cumulative, and apparently this time he used the purple bubble to initiate the

exorcism formation, so he encountered the plagues, which were resisted by the blue bubble.

Thinking about it, Haoden Ye seemed to understand what Figmen Lin had said about that accumulated merit that would resist his plagues that only had three years left to live.

“It’s a money-losing proposition by any reckoning! You need bubbles for good deeds, and you need bubbles for plagues, so what if you don’t have enough bubbles that day?” Haoden Ye thought of this and felt a bit of a loss.

As he was thinking, the golden carp in his dantian suddenly moved, then protruded an orange bubble!

“Fuck! Another orange one!” Haoden Ye was surprised, this time he seemed to have done another heavenly good by mistake!

At the same time, inside a dilapidated tiled house not far from the construction site, a bald man in strange clothes spat out a mouthful of blood.

Hands weakly braced against the ground, an incredulous look on the bald man’s face!

“Impossible, impossible, I spent twenty years of my life to start this evil formation, there’s no way someone could have broken it!” The bald man wiped the blood from the corner of his mouth, his eyes gradually becoming crazed.

“Who the hell broke my formation, I must kill him!” The bald man stood up slowly and stepped out of the shabby tiled room, his eyes on the construction site.

On the construction site, the clouds had cleared and a sliver of sunlight shone through, golden sunlight falling on the bald man, who was Master Aggie’s brother....

“Haha, Mr. Ye is really amazing, from now on, you’re my fan...bah, I’m a pouncer, I’ll be your fan from now on!”

Seeing that the construction site that was covered with dark clouds just now was suddenly clear again, Mr. Zhang was extremely excited, which means that his site is fine?

Of course, he still carried suspicion in his heart, worried that this was an illusion Haoden Ye had made for himself, but at this point, he didn’t mind sending a couple of flattery.

“Ah!Mr. Yeh, what’s wrong with you?Why are you still spitting up blood?”Seeing Haoden Ye’s body covered in blood from afar, the crowd turned pale!

Chapter 196

“Ouch my mother, Mr. Ye catching demons to spit blood, quickly call 110!” immediately called out Boss Chen, pulling his voice.

Don’t look at his fat body are out of shape, called up the decibel comparable to international bass, stabbing next to the lawyer Jin subconsciously covered his ears, oblique eyes skimmed Boss Chen, heart said: “How in the end this person is making so much money, a little big boss calm!”

Think so, lawyer Jin himself was shocked, quickly walked over to Haoden Ye, concerned: “Mr. Ye, are you okay!What the hell just happened?”

At this time, Haoden Ye had struggled to stand up, although the body pain sensation disappeared, but the body muscles are still sore, he rubbed his arm: “It’s fine, just now...” thought, he suffered the wrath of God to say this kind of words I’m afraid the audience will put him.As a prodigy, so I made up a random line: “I just fell off the top and fell, I’ve already given myself acupuncture!”

Hearing him say that he was fine, Lawyer Jin was relieved and incredibly surprised, considering what had just happened.

The scene just now comparable to movie special effects was enough to subvert his outlook.

“Mr. Yeh, are you all right, are we all right here already!” Boss Zhang stared at Haoden Ye with a pair of green bean eyes from afar.

“Well, it’s fine already, you can observe for a day if you’re not sure!” Haoden Ye hurriedly said.

As soon as he said that, many of the people rushing over from the construction site looked excited, and some were already cheering happily.

Particularly those agricultural workers, who earn their money physically, are most afraid of delays, and a day is a day’s money.

Naturally, Zhang boss is even more happy, although this means that he framed Simen Holander, but not a big lawsuit, but also to earn money, for him is a good thing, as for Simen Holander there, to set a banquet table to apologize is, the worst thing is to give him a few sets of preferential housing.

“Mr. Ye, ah no, Master Ye, thank you very much!” Boss Zhang shook his obese body and came over, pulling Haoden Ye’s hand, “If it’s safe here, I’ll give you a house!”

“Only one set?” Lawyer Jin’s eyebrows, thought this boss Zhang really will not do ah, general domestic masters if settled this matter, at least to the tens of millions of dollars, not to mention Haoden Ye also because of this matter was injured, thought, lawyer Jin gently shook his head.

“Don’t be happy yet, Boss Zhang, don’t you care why your construction site is under a curse?” When the crowd was happy, Haoden Ye’s words quieted everyone down.

“Under...under a spell? Isn’t this a feng shui issue? Why is someone else casting a spell?” Boss Zhang began to turn white as soon as he heard it, pulling his voice out, “It must be your Holander family who offended someone, they put a curse on my construction site, you Holander family can be responsible for this!”

Eyelids flipped, Jin lawyer almost have to take off his suit to hit people, this person has something to our Holander family, others help you still so stingy.

“Don’t worry, Boss Chen, we’ll take care of this matter to the end!” Lawyer Jin gave Haoden Ye a wink.

“Well, I’ll find out who put this spell on, but right now the most important thing is to prevent the other party from putting another spell on!” Haoden Ye nodded along and pointed at the tattoo on Boss Chen’s shoulder, “Boss Chen can you show me this Daoist incantation again, and I’ll try to find a way to draw this kind of incantation for your construction site as well!”

“Good, good! Of course it’s good!” Boss Chen nodded his head in a busy manner and pulled Haoden Ye’s hand once again, “Master Ye, as long as you help me solve this matter, I will thank you properly, will you be free later, I will invite you to dinner!” After saying hello to the men, “Bring me a million dollar card!”

“Money won’t be necessary!” Haoden Ye hurriedly excused himself, but as soon as he finished speaking, the card had already been shoved into his hands by Boss Zhang.

“Mr. Ye, you mustn’t be polite, I got through today with your help, we’ll be life and death brothers from now on, we Holander Kong people are very sincere

in making friends!"Boss Chen laughed, and that looked like the truth was pushed to the back of his mind.

"Again only a million!"Lawyer Kim couldn't bear to watch, not caring that he would be seen, and shook his head and sighed.

This boss Chen was really too stingy, he helped people with lawsuits, even very simple lawsuits, in addition to the lawyer's fees, other people had to pay a minimum of three million thanks, Haoden Ye today to help boss Chen settle this matter, are vomiting blood, only to give one million.

You know, if Boss Chen's community is built, the profit will be at least one billion dollars.

And as far as he knew, this Boss Chen didn't just have a real estate business in Dan City, his family fortune was over ten billion dollars.

It's just a million dollars for such a person to give someone a thank you gift.

"Boss Chen, Mr. Ye's help for you is not for money, and we Holander family will pay for the reward!"Lawyer Kim coughed and sank.

"What is this lawyer Jin saying, Mr. Ye is my friend, I give him money as a thank you, not a reward, between friends, what reward do we talk about, Mr. Ye, don't you think?"Boss Chen was busy shaking his head, as if he had received a violation of his feelings for his friend and Haoden Ye, immediately showing his displeasure.

"You're just an iron cock, why are you talking so much!"Lawyer Kim almost cursed, but didn't dare to voice it.

"Come on Mr. Ye, let's go to the Imperial Club for a drink!"Boss Chen seemed to see the lawyer Jin's stingy dissatisfaction with him, not only did he not have half a repentance, but he felt that the lawyer Jin was annoying, and his

attitude towards him went cold, and was even more enthusiastic towards Haoden Ye.

Seeing his generous invitation, Haoden Ye could only nod and everyone headed out to the construction site.

Lawyer Jin followed behind Haoden Ye and saw that Boss Chen was deliberately snubbing himself, and absently laughed in his heart, “Dead fatty, do you think that I, Jin someone, put you in my eyes?”

“Haha, it really was his shot!” Not far from the entrance of the construction site, a bright Wuling Hongguang car, a pair of cold eyes were staring at Haoden Ye who walked out side by side with Boss Chen.

The inside of the car was dimly lit, and only a pair of his eerie eyes could be seen, overflowing with a shuddering murderous aura.

“Hey! I’m afraid he’s the only person in Dan City who can break such a ferocious spell of mine, and although he didn’t kill Holander this time, it’s not bad to lure you here!” The corners of his mouth hooked up slightly and the bald man showed a row of teeth.

A laugh was followed by a violent cough.

Wait just a few more days, and the poisonous spell that had taken him the last thirty years of his life to complete would be complete!

“Haoden Ye, Zyden, Simen Holander, I want you to pay for my senior brother’s life!”

Chapter 197

“Miss Shen, don’t leave, let’s have another drink!” Inside the Empire Club, a high-class box, a handsome man in a high-class suit held a wine glass to Maya Shen.

The man’s name was Holander Zixu, and he was the distant nephew of Holander’s group president, Simen Holander.

As a large family established in China for many years, the Holander family had many children, and Holander Zixu was one of them.

Also a young master from a noble family, Holander Zixu and Zyden’s status within the family was completely different, especially within the Holander Clan, where Holander Zixu basically had no status.

But in the end, he was a member of the Holander family, so although Holander Zixu was uneducated, Simen Holander still tried to arrange a job for him in the Holander group.

But to arrange such a waste in the company, Simen Holander also had quite a headache.

After Long O was rectified by Haoden Ye, Simen Holander arranged for this nephew to take over Long O’s job.

In fact Holander Zixu is basically not in charge of anything, just a symbolic signature on some documents and a symbolic monthly salary for him, which is at least a job.

Although Holander Zixu was a loser, he was also an ambitious man, and he knew his position in the Holander family as well as the Holander group, and he had also heard that the reason why Long Ao had been kicked out was because he had offended Zyden’s friend Haoden Ye.

That's why he's been very careful about what he does since he took over from Long-O.

Inviting guests to dinner whenever they had the chance, taking the opportunity to get closer to Maya Shen, it would certainly be best if they could have the chance to get in touch with Haoden Ye and enter Zyden's vision.

Of course, Simen Holander's thoughts on Shengwen International were unknown, so Maya Shen still took this person seriously.

No, the company had just negotiated a business deal, and Holander Zixu immediately invited the company to dinner, and had specifically picked the Imperial Palace Club where only people of his status were eligible for a private room.

"Mr. Holander, you are too kind, I just can't drink it!" Maya Shen had already drunk with flushed cheeks, as if a rose in full bloom, delicate and incomparable.

"Mr. Shen, Mr. Holander is our company's big financier, you can't stop drinking!" The colleagues in the company also thought that Holander Zixu was a big man, so as soon as they heard him persuade them to drink, they immediately followed suit.

"Well, this is the last one, and I'll get drunk if I drink any more!" Maya Shen was helpless and drank up the wine cup.

A cup of wine went down, and a fire sprang up, and Maya Shen had a feeling of light-headedness.

"Haha, Shen is good at drinking, come on, Xu let's have another one!" Holander Zixu, in order to be close to Maya Shen will not look awkward, quickly end and give himself to a cup, toast to Xu.

“Is this man a wine jar?How can you not get drunk!”Seeing him a glass of wine down the belly, but like a nobody, Xu total heart is a jump, quickly take the wine glass, while one hand out handkerchief.

After taking a sip of wine, I quickly pretended that I couldn’t handle the alcohol and covered my mouth with a handkerchief when I coughed, spitting it all out.

The movements were so smooth that even a veteran of the wine scene couldn’t pick out a fault.

“Haha, Mr. Xu is also a good drinker!”Holander Zixu had another glass of wine down, his face not red and not breathing, just like drinking plain water.

“After this project is finished, our company will make at least four million profit, Mr. Shen is really a talent, making so much money for the company at a young age!”Holander Zixu finished his drink and poured himself another cup, lifting the glass, “I’ll drink this one, Shen feel free!”

Maya Shen hadn’t slowed down from that glass of wine just now, and when he said that, he couldn’t help but reveal a bitter smile: “Drink!Drink up, you son of a bitch!”Holding up the wine glass, Maya Shen could only hold on for another drink.

As the wine glass was put down, Maya Shen suddenly heard someone at the door say, “Come, Mr. Ye, let’s go this way!”

I don’t know if she is too sensitive, hearing the word “Ye”, the figure of Haoden Ye immediately appeared in her mind, subconsciously raised her head to look over to the door.

It was still afternoon, the clubhouse is not very many people, so the boxes have been open, in Maya Shen’s eyes, a few silhouettes flashed through the door, one of them was actually Haoden Ye!

Maya Shen was dumbfounded, how could Haoden Ye appear in such a place?

Although what Haoden Ye had done recently was surprising to her, but could an ordinary person come into a place like the Emperor's Club?

Even for someone of Lawyer Kim's status, it would be hard to book a private room!

Unless Haoden Ye was invited by Mr. Zheng, but why would someone in Mr. Zheng's position need to invite Haoden Ye?

Shaking her head vigorously, Maya Shen felt that she must be mistaken, but her heart couldn't help but be curious, just at this time Holander Zixu had just had another drink with Mr. Xu, Maya Shen was afraid that he would toast himself again, and quickly stood up, "Sorry, I'm going to the bathroom."

Rising from her seat, Maya Shen walked outside.

Over here, Haoden Ye and Boss Chen and the others arrived at the private room, and as soon as Boss Chen was seated, he smiled at Haoden Ye and said, "Mr. Ye is young and promising, I wonder if he's married?"

Lawyer Jin had long been unaccustomed to his mouth and sniffed, "Does Mr. Chen have a relative who isn't married and wants to introduce him to Mr. Ye?"

With Boss Chen's size and appearance, his relatives could be imagined.

"Lawyer Kim is so corny, young people nowadays like free love, and I like free love too!" Boss Chen looked at Lawyer Jin with a pair of small eyes crookedly.

"Oh, Boss Chen is married, so I'm afraid I can't play love!" Lawyer Kim had a few moments of pleasure in seeing him upset.

“What does it matter if I’m in love or not married!” Boss Chen rolled his eyes, then smiled at Haoden Ye, “I love to talk to young people like Master Ye, don’t look at me as I’m almost forty, but I’m young at heart.”

At this time a pretty girl in waitress clothes walked in and enthusiastically said to Boss Chen, “Boss Chen, may I ask what you want to order?”

Boss Chen stood up with a big belly and pointed at Haoden Ye, “This is Master Ye, Master Feng Shui of the Holander Group,” and pointed at Lawyer Jin, “This...”

“Oh, this is Holander’s gold medal winning lawyer, Lawyer Kim, we know him!” The girl was obviously used to big scenes, and still answered decently in the face of a big boss like Boss Chen.

“Open my bottle of ’85s Lafite and find some pretty girls! Other than that, just be casual, is Chef Jason around, I want to eat his food!” Boss Chen immediately addressed the girl.

“Not for girls!” As soon as Haoden Ye heard that Boss Chen wanted a girl to come, his heart just jumped, and all sorts of unspeakable deals came to mind.

“What? Doesn’t Mr. Ye like the girls here?! I’m telling you, all the girls at the Empire Club are college students, and they’ve all taken dance lessons!” Boss Chen squeezed his eyes at Haoden Ye and smiled hehehe.

“Ahem, I’m married and it’s kind of inconvenient!” Haoden Ye hurriedly replied.

Chapter 198

“Mr. Ye don’t misunderstand, the girls here only accompany you to drink and sing, it’s very formal!” Lawyer Jin knew Haoden Ye’s embarrassment and coughed.

Hearing him say that, Haoden Ye put his mind at ease, but even then, he felt a bit degraded in his heart.

Soon, the compartments opened again and more than a dozen girls lined up and walked in, Haoden Ye looked out and had a dizzying feeling.

A dozen or so girls of various sizes and even more charming looks were looking expectantly at him, as if they had his favor.

Boss Zhang was the most liberal and beckoned to one of the girls with a voluptuous and even more voluptuous looking body, "Come here!"

"Hello sir, my name is Banshee!" The girl showed a look of joy, walked to the front of Mr. Zhang bowed, but she has not straightened up waist, was pulled into the arms of Mr. Zhang, one hand began to up and down.

Isn't this a regular place? Haoden Ye glanced at Lawyer Jin, but saw that Lawyer Jin had also already ordered a girl.

The girl is wearing a plain dress, elegant and thin, and her appearance looks seven points of gracefulness and three points of sentimentality, the tips of the eyebrows and corners of the eyes with the gentle style of a woman in the water country of the south of the Yangtze River, and her temperament is also slightly scholarly, I do not know whether it is deliberately so, or originally so character.

Lawyer Kim was also very gentle and although there was some physical contact with the girl, it was only spot on.

"If Mr. Ye can't decide, just pick one at random, and if you don't like it later you can still exchange it, but Boss Zhang pays anyway!" Lawyer Jin saw Haoden Ye dazed, thought he was difficult to role play, and smiled.

Seeing that both of them had picked, there was nothing he could do if he didn't, Haoden Ye's gaze went to the girl again.

Several of the girls wanted Haoden Ye to look at them, so they all tried to show style, sexy and sexy, gentle and gentle, queenly and queenly.

"This it!" Haoden Ye ordered a girl who didn't look very good and had a decent figure, but dressed rather conservatively, feeling in his heart that the more conservative the dressing month, the more conservative his personality should be.

He was so afraid that the girl would provoke him, what if he couldn't help it!

He pointed at the girl, and the girl immediately showed a look of surprise, as if she hadn't expected Haoden Ye to choose her, and hurriedly stepped forward and bowed, "Hello boss, my name is Xiao Lin, I'm happy to serve you!"

After Haoden Ye finished picking, the others also started picking girls.

Nodding, Haoden Ye held out his hand and gestured for the girl to sit next to him, the girl leaped and ran over, but instead of sitting next to Haoden Ye, she sat on her butt on Haoden Ye's legs.

"Ah!" Haoden Ye shrieked and reached out to push the girl, but his hand panicked and pushed at the girl's chest.

"Haha! Master Ye, why do you sound like you've been raped, haha!" Boss Chen couldn't help but laugh when he saw Haoden Ye's embarrassed appearance.

Several others in the room laughed along with them, especially a few of Boss Chen's bodyguards and the construction site's finance and transportation in charge, it was obvious that Boss Chen hadn't missed bringing them here.

Jin lawyer even more feel funny, but he cultured very good, just sip laugh not to make a sound, the face is red.

“The boss doesn’t come around often, does he!”When Xiao Lin saw Haoden Ye’s embarrassment, her eyes flickered and she actually licked her lips with a wolfish look.

“I...I...I thought this was a regular place, ahem!”Haoden Ye’s cheeks burned and wanted to push Xiao Lin away, but he didn’t know how to do it anymore.

At the slightest movement he made, Lynn was very quick to thrust her breasts up against his hand on purpose.

“Oh, we’re a regular venue!But the girls here can do something else if they like the customers, there’s a cubicle over there, I’ll take Master Ye over there?”Little Lynn bit her lip, a flirtatious color appearing on her pretty face.

With a jump in his heart, Haoden Ye quickly showed his ring to Xiao Lin, “I’m sorry I got married!”

Little Lynn was stunned, as if to say, “We have plenty of married men here, and which one of them doesn’t just come and jump on the ground on a woman!”A pair of beautiful big eyes blinked as they looked at Haoden Ye, their eyes gradually revealing a few points of appreciation.

Maya Shen held onto the wall as she slowly moved forward in the corridor, her stomach fluttering and nearly vomiting in the corridor several times.

When I was walking in front of a private room, a pretty girl came out of it and saw Maya Shen’s ugly face, she even came forward and said: “Miss Shen, are you uncomfortable?Let me help you!”

Maya Shen raised her head to look at the girl, her face was so fresh that the boss only remembered that this was the waitress when they first arrived.

“No, I’ll just walk there myself!” Maya Shen has a strong character and doesn’t like others to see her fragile side, standing up straight and walking forward, but at this time, a loud laugh sounded from that private room.

Subconsciously turning her head to look, Maya Shen’s delicate body shook slightly!

In the room, there was a girl sitting on Haoden Ye’s lap, being laughed at by everyone, his face rising red, as it had been the day he married him, into the bridal chamber!

She vaguely remembered that day when Haoden Ye was happy like a child, and when the two of them were in their bridal chamber, his face was also red and cowardly, not daring to touch himself.

And just that night, myself saw his cowering, disgusted look and let him sleep on the floor!

At that time, she only had disgust for Haoden Ye in her heart, not expecting how she felt when Haoden Ye was suddenly being treated like this when she was so happy.

And then Haoden Ye was just as constrained as he was that day, as if he wanted to push the girl away but couldn’t do it.

Standing at the door, Maya Shen dumbly looked at Haoden Ye inside, a stabbing pain surged in her heart, but she didn’t know how to vent it, at this time she had forgotten to think about why Haoden Ye appeared here.

She wanted to rush in and yell at Haoden Ye for being a flirtatious man, but did she have the right? Hadn’t you always treated Haoden Ye as a nominal husband?

At this time is when Xiao Lin began to flirt with Haoden Ye, in the face of this long-standing girl, Haoden Ye is naturally no opponent, was red in the face she said, look even more embarrassed, the surrounding people are coaxed a laugh, as if to mock Haoden Ye dull.

Suddenly, Xiao Lin turned her head to look at the compartment of the box, as if she was hinting at something to Haoden Ye.

Maya Shen's heart gripped and ached, but her feet were like roots, unable to take a step forward to stop her.

Any normal man facing the temptation of a beautiful woman would not be able to refuse, especially on this occasion, especially since Haoden Ye was still a man who had never experienced a woman!

And at this moment, Haoden Ye's face suddenly became serious, and in the midst of everyone's gaze, Haoden Ye slowly raised his head, his eyes blossoming with divine light.

The laughter and music were too loud for Maya Shen to hear what she said, but she could clearly see Haoden Ye's mouthpiece as he said firmly, "I'm sorry, I'm married!"

Chapter 199

"Miss Shen, do you know any of the guests inside?" That waitress lady had already walked away, heard the laughter in the booth couldn't help but turn her head to take a look, just in time to see Maya Shen who was dumbfounded looking inside.

This waitress lady is not an ordinary person, she has seen everything after mixing in this kind of situation for a long time, and immediately saw that Maya Shen's relationship with the people inside is not ordinary.

The most common thing in this situation is for a woman to come across her man screwing around and then start making a scene in the place, not only affecting the other customers, but potentially causing trouble for the club, so she rushes over to inquire.

Just at this time, Boss Chen heard movement at the door and turned his head to take a look, but he saw Maya Shen and the waitress lady standing at the door, his eyes lit up and smiled at the waitress lady, "Little room, you are too sorry to your brother Chen, why didn't you introduce me to the new girl at the club!"

He saw that Maya Shen had an outstanding temperament and her looks were even more incomparable to the other girls in the clubhouse, thinking that she was the girl in the clubhouse.

When the others heard the sound, they also looked over to the door and saw Maya Shen, and their eyes flashed with astonishment.

Haoden Ye also subconsciously lifted his head to look over at the door, and when he saw Maya Shen, his face changed!

"Little...Maya?" Haoden Ye scuffled and stood up, and Xiao Lin on his lap was caught off guard and fell to the ground with a pang, crying out in pain.

"Sia? That's a beautiful name! Does Master Ye know this girl? I thought you were coming back for the first time, but there was a girl I knew already!" Boss Chen laughed, but his eyes were a little disappointed, unexpectedly this girl was actually looked at by Haoden Ye.

Lawyer Jin, of course, knew Maya Shen, and heard him quickly pull him out and whispered, "This is Mr. Ye's wife!"

"Huh? Master Ye's wife works here?" Boss Chen gave an amazed ah, his tone rising sharply.

The people inside the box were all pale, with gossip written all over their faces!

Lawyer Jin really hated to stand up and give him a kick, and didn't have the good sense to say, "This is Maya, the daughter of Professor Shen of Dan University, Vice President of Shengwen International!"

Boss Chen's face changed slightly, and he covered his mouth with one hand, lowering his voice, "Oops! Master Ye has such a powerful wife! Then he's going to have a bad day!"

Covering his mouth, his voice was not small, the people in the private room including Haoden Ye and Maya Shen could hear him, Lawyer Jin clenched his fists, mulling over a lawyer's code of conduct, and squeezed out a few words through his teeth, "Miss Shen is very generous!"

Haoden Ye and Maya Shen are staring at each other, in the eyes of Maya Shen seems to be drunk, pretty face is dizzy red, beautiful, but the pair of beautiful big eyes inside is full of tears.

A chill rushed straight from his heart to his head, Haoden Ye's heart was in severe pain, a pair of eyes pleadingly looked at Maya Shen, afraid that she would say something desperate.

There was silence in the booth and everyone looked at the pair of lovers looking at each other.

"Have you been drinking, I'm too drunk to drive!"

I don't know how long had passed, Maya Shen finally spoke, her voice very flat, couldn't hear whether she was angry or sad, the people in the booth spat out at the same time, focusing their attention on Haoden Ye together.

“Well!” With his heart full of worry, Haoden Ye subconsciously responded and hurried over to Maya Shen.

When she reached Maya Shen, Maya Shen suddenly lifted her hand and put a hand on Haoden Ye’s shoulder, Haoden Ye also smoothly stretched out his arm to show her waist, and the two figures disappeared from the doorway.

“Hey, in the end, she’s the daughter of a cultured family, that’s quality, angry like this, and still doing things with so much substance!” The two men take to walk, and Boss Chen immediately gives a thumbs up and a look of approval.

“Boss Chen, were you born with such a loud voice?” Lawyer Jin’s eyebrows for a while, heart silently wishing: “early to solve this case, with this pen, I stay a long time, I myself will soon become a pen.”

Haoden Ye followed and hugged Maya Shen, but his heart was not half happy, but full of worry.

He wanted to explain, but Maya Shen didn’t seem to have any intention of asking.

At the parking lot in front of her own car, Maya Shen suddenly turned around, holding the car with one hand and looking at Haoden Ye with a pair of bright eyes.

Haoden Ye’s heart was fiercely raised, waiting for Maya Shen’s final judgment on him, but she didn’t seem to have any intention of talking about what had just happened, instead she was quietly looking at him.

The parking lot was dimly lit inside, quiet and scary, but Haoden Ye could clearly see the slightly floating redness on her pretty face and the gradually accelerating heartbeat, a mesmerizing look that made Haoden Ye couldn’t help but speed up his heartbeat as well.

He had a vague feeling that Maya Shen didn't seem angry and that she was waiting for something.

Haoden Ye, who had watched countless movies, gradually realized that this was clearly the atmosphere of a romance movie where the hero and heroine kissed!

But thinking of what just happened, Haoden Ye immediately dismissed the idea, Maya Shen should be angry right now, why would she wish to kiss her? It's two people's first kiss!

Yet when his gaze fell on Maya Shen's pretty face, he clearly couldn't see any anger!

"What the hell is going on here?" Haoden Ye was confused.

Just at this time, Maya Shen suddenly raised her hands and wrapped her arms around him, her entire body hanging around his neck, her delicate body pressed against his, and Haoden Ye was shaken.

Isn't that obvious enough?

Haoden Ye almost suspected that he was dreaming, Maya Shen was obviously going to kiss him!

For a time, Haoden Ye's heartbeat steeply increased, and his hands and feet began to get a little soft.

With his wife in his arms, kissing wasn't a strange thing to do, but between him and Maya Shen, it was another almost unbridgeable gulf!

"Haoden Ye! I'm afraid this is the only time for this kind of opportunity, so don't hesitate!" Haoden Ye clenched his fist so hard that his nails embedded into his

flesh, and the pain made him wake up a little, finally regaining control of his body.

Slowly closing his eyes, Haoden Ye gradually moved closer to Maya Shen.

Just at this time, a chill suddenly surged through Haoden Ye's heart, causing him to shake.

Haoden Ye abruptly opened his eyes, and as he turned his gaze to look behind him, there seemed to be a cloud of blackness behind him that came at a rapid pace and was vanished after not entering him.

And then look at the back, but there's nothing at all but an odd chill in my heart!

Haoden Ye frowned and cast his gaze to the distance behind him, a cold gaze in front of him flickered and disappeared in a flash.

"What's going on?" Haoden Ye wondered.

Just at this time, Maya Shen suddenly let go of her hand and said to Haoden Ye, disappointed with her tone, "Get in the car!"
