

The Best Son in Law Chapter 321 – 330

Chapter 321

“You’re breaking the law!” Haoden Ye was furious, pointing at Uncle Mi Er viciously.

“Mr. Yeh, this is a matter for our Mi family, I hope you don’t ask!” A fierce glint flashed inside Uncle Mi Er’s eyes.

“That’s right, the rules of the Mijou tournament are fair, and it’s light for him to break a leg if he breaks them!”

“Surnamed Ye, you’ve been kind to our family and we, the Mi Family, are grateful to you, but I hope you’ll stay out of this matter!”

The Mickey’s children were shouting, their voices growing angrier by the minute.

“You guys...you guys... “Haoden Ye was drowned out by their accusing voices, trying to persuade couldn’t find a suitable sentence at all.

He hadn’t thought that in this day and age, there were still people using such cruel and traditional methods to punish a person.

He could only look to Willow Fiddler for her help.

However Liu Fei’s cold face was also chilly at this point!

Just a little bit, she fell inside Miyu's plot, bad for life, and she hated Miyu as much as the Miwoks.

"It's a legal society now, and if you use lynching, I'll call the police!" Haoden Ye's angry chest rose and fell.

"Hehe," Uncle Mi Er laughed coldly, his eyes narrowed, "Mr. Ye has been kind to our Mi family, so if you call the police, our Mi family won't make it difficult for you! But your friendship with the Mickey's is severed forever!"

Saying that, Uncle Mi Er turned his head to look at Mi Yu, "Xiaoyu, do you tell him that it's useful for Mr. Ye to call the police?"

Miyu had been pale and in a trance since he was revealed by Haoden Ye.

As a Mickey, he knew what the punishment was for messing around in the tournament!

The Mi family was able to become one of the Holander family's exclusive bodyguards, and while the family didn't have the same strict rules as in ancient times, the rules were very strict when it came to the tournament!

Whoever dares to be noble in a tournament is like committing suicide!

"It's no use! The Mickey's are unanimous, the police can't find anything wrong when they come, and it's hard to even build a case when you're the only one with a statement!" Miyu's voice was numb and mechanical, not at all like a human voice.

Haoden Ye's heart was shocked again when he heard that he actually felt the way those women who were abducted to the countryside felt.

In the face of breaking the law and such cruelty, it's amazing that everyone around here unanimously approves and defends it!

“Hey!” Seeing Haoden Ye’s shocked appearance, Uncle Mi Er sighed, “Mr. Ye, do you know why the Holander family trusts us so much? Trusting us with the safety of your family? It’s because the Mickeys have strict rules and the people out there know how to be a good bodyguard!”

“If the Mickey Village wants to continue to sustain itself, it can only rely on the Holander family’s help!”

Saying that, he pointed to the people around him, “Look at this village, young and old, thousands of people, what can they live on in this desolate place, it’s just their fist and foot skills?”

“You make us do things that break the rules, and you have no one to help us in the future, do you Master Ye take responsibility for us?”

Haoden Ye listened to his words and looked frozen again!

Yeah, and who is he to critique the actions of others?

The Rice House is different from a stone village, where there is a feng shui site to sustain a village.

If you let them break the rules themselves, will the Holander family still trust them if they can’t produce good bodyguards in the future?

He can deliver justice, but where is it?

Thinking of this, Haoden Ye fiercely clenched his fist.

“Execution!” When Uncle Mi Er saw that he was silent, he slowly turned his head, his eyelids drooping, and looked askance at Mi Yu, “Little Yu, don’t blame Uncle for being cruel, you’re the one who’s not fighting!”

Two of the Mickeys clamped down on Miyu, while another lifted a red-hot crowbar and eased it onto Miyu's thigh.

Feeling this heat, Miyu snapped awake and struggled with a painful scream.

"Second Uncle, I was wrong! Second Uncle, spare me, I'll never dare again!"

His struggles were useless, however, and the heat of watching the burning stick near Miyu's skin nearly broke his spirit.

"Slow down!" Just at this moment, Haoden Ye's voice sounded again.

The impatient glint in Uncle Mi Er's eyes flickered as he turned his head to Haoden Ye, "Mr. Ye, what else do you have to say!"

"Could you give him to me!"

Haoden Ye took a deep breath and looked at Uncle Mi Er, "The Mi family owes me a favor, Mi Yu harmed me and Miss Liu again, how to say, I must have a part in punishing him, give this person to me and be my bodyguard."

"If he does something that betrays me, you punish him and I have nothing to say!"

Uncle Mi Er was slightly startled at the news, his face intoned.

Naturally, the other Mi family members were reluctant to do so, Mi family generation after generation had come this way, why should Mi Yu be special?

"Second Uncle, I'm the one who Miyu wants to harm, so I'll have a share in punishing him, I agree with what Mr. Ye said!"

Although Liu Fei Leng hated Mi Yu with a passion, yet when she heard Haoden Ye pleading for mercy, she was forced to be on the same side as Haoden Ye.

Married to her husband, this arrogant and cold girl is actually quite traditional at heart.

Hearing her words, Uncle Miji hesitated once again.

“I’ll teach the Mickey’s family the Wing Chun manual again!”

Haoden Ye thought for a moment and once again increased his chips.

Hearing his words, those Mickeys who were still opposed to the idea hesitated.

Haoden Ye’s performance on the stage just now they all saw, the fist technique that was like running thunder made every one of them jealous.

Even Uncle Mi Er Er would probably not be able to come down a few rounds in his hands, if he learned his Wing Chun style....

Uncle Mi was surprised to hear this, Haoden Ye’s Wing Chun is a long lost original version of Wing Chun, there are many more moves than the current popular Wing Chun, it would be beneficial for the Mi family to learn his Wing Chun.

“Well, what about a few old people!”

He was not in a position to make a direct decision, but turned his head to look at some old men.

“Mi Yu broke the rules of the Mi family and should have followed them, but no matter how big the rules of the Mi family are, you can’t beat Mr. Ye’s kindness to the Mi family!”

“That’s right, Xu Feng almost harmed our Mi Family’s future, Mr. Ye’s efforts to turn the tide are considered to benefit the Mi Family’s future, if he comes forward to plead for mercy, we should give a little face!”

A few old men were also smooth and worldly, and were obviously jealous of people’s boxing scores, but they didn’t say a word about the scores.

Hearing the words of a few old men, Uncle Mi Er was relieved, and his gaze turned to fall on Mi Yu.

At this time, Mi Yu was already on the verge of collapse, Haoden Ye pleaded for mercy so that he could see hope, and seeing Uncle Mi Er looked over, he poofed and kneeled in front of Haoden Ye, his forehead touching the ground.

“Thank you Mr. Ye for pleading for mercy, from now on, Miyu is your fist, guarding Mr. Ye’s safety!”

Second Uncle Mi snorted softly and his face became solemn, “Good, Mi Yu, from today onwards, you are Mr. Ye’s bodyguard! You’ve learned the rules of being a bodyguard in our Mi family since you were a child, and you know what a bodyguard’s responsibilities are!”

Chapter 322

“Live to protect his life, die to defend his den!” Miyu clanged loudly and powerfully.

“Yes!” Uncle Mi Er nodded gently, whirling his eyes narrowed and said coldly, “We’ll break the rules for you once today, but remember, it’s only this once!”

“But whenever you have the slightest second thoughts about Mr. Ye, you must remember that the Mi family has countless bodyguards in the Holander family, and the whole country is under our eyes, so even if you flee to the ends of the earth, you won’t be able to escape the Mi family’s rules!”

Miyu shuddered at the words and nodded vigorously.

“All right, everybody, stand down! No one should say anything about today’s matter, and the less people know about the bad rules, the better!”

Uncle Mi Er discouraged the crowd, which is why he said to Haoden Ye, “Mr. Ye, Mi Yu will go to Dan City with you tomorrow, the funeral matter, we Mi family will just run it, it’s better not to let him participate!”

Haoden Ye nodded and gazed at Miyu, wondering if he should regret it to save someone.

Yet for him to witness such a cruel act, he couldn’t bear to watch.

Everyone had sort of dispersed, and Haoden Ye and Liu Fei Leng also went back to rest, leaving Mi Yu alone in the lobby.

In the evening, Haoden Ye took a shower and prepared to rest, when suddenly there was a knock on the door.

When he opened the door, he saw Miyu kneeling in the doorway, described as haggard.

“What are you doing!” Haoden Ye frowned and tried to help him up, but cautiously didn’t bend down.

“Mr. Ye, it was Miyu who apologized to you in the past, and I kneeled down to you today to admit my mistake, if it wasn’t for you, I... I would only have a corpse today!” Miyu cupped his fists and looked excited.

Haoden Ye didn't expect him to be grateful as well, and quickly said, "Don't take this to heart, although I promised you to be my bodyguard, it's actually just to deal with second uncle, when you want to be free in Dan City, I'll still give it to you!"

Mi Yu shook his head at the words, "Mr. Ye, although I, Mi Yu, was momentarily blinded by lard, I grew up in the Mi Village and have the blood of the Mi family flowing through my body, once I became your bodyguard, I can't change in this life!"

"And...if you don't take me in, my family won't leave me alone!"

At this point, he slowly lowered his head and looked very sad.

Haoden Ye looked at his heart and smiled bitterly, never imagining that today's momentary good intentions would bring him another trouble.

But since Miyu is afraid, I'm sure he'll behave in a more restrained manner in the future.

"You get up, you can follow me from now on, but don't ever have the pride of a young master again, or you'll offend someone and I can't stand the mess for you!" Haoden Ye looked serious.

Hearing his words, Miyu sighed heavily and lowered his head, "Mr. Ye don't worry, it was Miyu who was confused before, but now I've come to terms with reality, I won't cause trouble for you!"

Hearing him say that, Haoden Ye finally felt a little more at ease and gently nodded, "Alright, go rest, we'll leave tomorrow morning!"

Miyu nodded and got up to leave with a grateful glance at Haoden Ye.

Sighing, Haoden Ye also closed the door.

At the same time, a luxurious Bentley stopped in front of the Imperial Hotel in Dan City.

The car door opened and a handsome figure got out of the car.

Seeing this man, the girls passing by couldn't help but look over their shoulders and couldn't take their eyes off of him!

"Brother Zhao, you've finally come!"

At this time, a silhouette walked out of the Imperial Hotel, smiling and welcoming, and it was Lin Feng.

The man yawned lazily as his eyes swept over Lin Feng, not even glancing at him.

"Surnamed Lin, for your word, I've come all the way back from Mickey, if you dare to lie to me, I'll make you die a very ugly death!"

The man made light of one sentence, but it made Lin Feng's face go white.

"Hehe, Brother Zhao is the Zhao family's young master, how dare I lie to you, she is indeed in Dan City, I saw it with my own eyes!"

Lin Feng quickly came over with a smile.

Brother Zhao listened to him and looked a little more energetic, even as he said, "Where's the photo you were talking about? Bring it to me!"

At that moment, the two people were walking inside the hotel, and Lin Feng quickly took out his phone to find out some photos to show him, and the person in the photos was Lin cheng.

Eyes sweeping over a few pictures, Brother Zhao's charming eyes flashed inside a few curls and deep feelings, and his tone became excited, "Yes, that's her! She really is in Dan, and she's wearing makeup and sitting up someone's store clerk!"

Saying that, he frowned, "What is she doing in Dan City, I've been looking for her for the past few days and I'm going crazy!"

"I've checked, this store is invested by the Holander family's Zyden!" Lin Feng was careful.

"Zyden? I thought he didn't like Rainmaker?"

Brother Zhao said in surprise and whirled, his eyes narrowing, his entire body resembling a snowy white fox staring at its prey.

"Could it be that the two of them have been having an adulterous affair for a long time, and Zyden is also scrupulous about Yu Mo's illness, so he doesn't dare to make it public!"

In the past, when Lin Yumo was an adult, Zhao was one of the people who pursued her, but he was disappointed by the information he heard from the Lin family in seven turns.

The Lin family had already selected a medicine furnace for Lin Yu Mo's special constitution.

As the young master of the Zhao family, how could he tolerate his woman having a relationship with someone else?

However, after the news of that pill furnace's death came out, Brother Zhao began to pursue Lin Yumo like crazy.

“Huh? Zyden wants to compete with me, it’s not even close, although his Holander family is big, his family power is not as entrenched as our Zhao family, I’m going to stage a shocking drama inside his Holander family’s lair!”

With a cold smile, a cold glint flashed inside Zhao’s eyes!

“What? Zhao Chengyu has come to Dan City?”

Inside the Lin family villa, Zheng Lao spurted out a mouthful of tea, dumbfounded.

“You old man, you’re getting more and more unorthodox, spraying me all over!”

Figmen Lin dusted off his sleeves in disgust, “I just found out, why are you so excited, it’s not like he came looking for me!”

“Can I not be anxious?”

Zheng Lao slapped his thigh and said in a bad mood, “Dan City is the Holander family’s territory, everyone knows that! It would have been enough of a headache for that kid from the Lin family to make a scene!”

“The one surnamed Zhao is even here, four big families, three families are here, my son is the deputy mayor, do you think I can’t be anxious?”

Skimming the clouds, Lin was light-hearted.

“I’ve heard of this Zhao kid, a bit of real talent, but he’s just one of the heirs the Zhao family is trying to cultivate, there’s only a limited amount of power he can mobilize, and what kind of waves can he make in the Holander family’s territory?”

Zheng Lao was delighted to hear his words and said evenly, “You’ve done the math?”

Figmen Lin rolled his eyes and said, “Do you still need to count such things? Think with your ass!”

Chapter 323

When Zheng had a chance to stare at Lin’s dry eyes, he really wanted to kick him out of his seat.

Suddenly, Figmen Lin thought of something and brightened up, “Eh, I forgot, your apprentice is still in Dan City, the surnamed Zhao kid might be coming for him! He’s not going to mess with Haoden Ye, is he!”

Old Lin didn’t answer immediately, but instead poured him a cup of tea.

A tea leaf fell inside the blanket and slowly drifted down the middle of the teacup as the water turned.

Looking at the tea leaf, Figmen Lin smiled and said, “Fate is a very strange thing, once your ability is great, even if you are a non-writer, hiding in the mountains, it is like a whirlpool, slowly attracting the good or disturbing factors to you!”

Zheng Lao frowned at his arcane and mysterious words.

“You said that kid surnamed Zhao came, really for Haoden Ye?”

At this point, Zheng slapped his forehead, “Ah! You’re talking about yourself! It’s reasonable to be snowed in here with great ability, but still, trouble keeps finding you!”

Thinking in this way, Zheng Lao seemed to become perspicacious, clapping his hands and smiling, "I see, trouble is coming for you!"

Lin looked up at him with a look that looked like he was looking at a fool.

"I heard that when Lin was surrounded by warlords in Thailand, you were the one who single-handedly, with a pistol, killed the warlord general and captured him?" Figmen Lin Xu Xu.

Speaking of his heroic deeds, Zheng Lao Yangtian hit the sky and looked a little proud, "This is of course, you don't know the bullet ah at that time..."

Halfway through his sentence, Lin suddenly raised his hand and interrupted him, chanting, "Could it be that you were too stupid to run away but went in the wrong direction?"

Zheng Lao didn't understand at first, and only after a slight sinking in did he realize what he meant, and his face turned red with anger.

"Surname Lin! Your Lin family only asked me to watch over you, didn't say anything about me protecting you, believe it or not I'll shoot you in the head!" Zheng Lao thundered.

"Hey, don't you mess up my tea!"

Figmen Lin was busy protecting the tea and said indifferently, "I've said it, time and fate, Zhao Chengyu has only come, it's bound to be a storm, let your son prepare for it."

After saying that, Figmen Lin lifted the cup of tea and closed his eyes to quietly sip the tea.

After Zheng, at this time he was as good as settled, and he turned a deaf ear to everything he said.

“Hey! I knew it would be a waste of time to come here to you, if I hadn’t seen you all these days, I was worried that no one would know you died here, and I wouldn’t have bothered to ask you!”

Zheng stood up slowly and wobbled with his back to his feet.

It was already late at night when Haoden Ye came back from Mijia Village, and when he went to the pharmacy, Lin Xiang had already closed the door.

Thinking it was better not to bother her, Haoden Ye decided to let Liu Fei Leng take himself straight home.

In front of Shen’s house, Haoden Ye got out of the car, and Liu Fei Leng didn’t immediately drive away and also got out of the car.

“Is there anything else Miss Willow wants?” Haoden Ye looked at her wondering, don’t you want to go now, do you want to go up for a drink?

Willow Fiddler’s pretty face was a faint blush, and she looked like she was about to stop talking.

She takes a lighter view of the relationship between men and women, but that doesn’t mean it’s not important at all.

“After this incident, the Mi family may not be able to select a few competent bodyguards this year, the Holander family’s safety is still the responsibility of our Liu family, I may be busy behind, and we’ll have fewer chances to meet!”

Willow was cold and low there, ghostly.

“Well, you need to take care of yourself, girl!”

Haoden Ye really didn't have any words to comfort the girls, if he was an expert at chasing women, he would have taken his own daughter-in-law long ago.

"Well, don't you...don't you have anything you want to say to me?"

Liu Fei's pretty face blushed even more and her breathing quickened.

Nowadays, in this kind of occasion, in movies, it was usually the male and female lead kissing, she didn't want to develop so fast with Haoden Ye, it was always okay to say a few sweet words.

"Huh?What am I going to tell you?"Haoden Ye scratched his head, really unable to think of what he should say.

"Ahem, you need to take care of yourself...this...don't be too busy!"

Haoden Ye had to try to get along with some caring words now, while Liu Fei's pretty face gradually started to turn cold as she listened.

"Is that all?You've just said that, and you have nothing else to say to me?"

Willow Fiddler coldly slammed her pretty face, and those eyes already had murder in them.

Haoden Ye mentally jumped, really unable to find where he had gone wrong, and his face looked stiff.

Just at this moment, the voice of Maya Shen at the door rang out, "Haoden Ye, who are you talking to!"

For some reason, Haoden Ye actually had a guilty feeling and quickly turned around, "Maya, why did you come out, I was about to go in!"

In the darkness of the night, Maya Shen's eyes were so bright that she couldn't see her entire face, and Haoden Ye's mind grew more and more empty.

"This is Sister Shen, isn't it!" Liu Fei Leng smiled and walked over, extending his hand, "My name is Liu Fei Leng, Assistant to the President of Holander's Group!"

"Ah!" Maya Shen's mouth grew wide at the news and quickly said politely, "So it's Miss Liu, are you and my husband friends?"

When she said this, she was looking at Haoden Ye with an unusual look in her eyes.

Haoden Ye was increasingly feeling like he was on pins and needles, the key was that he didn't know why he was feeling this way.

"It's getting late, Miss Willow, so you can go home." Haoden Ye hurriedly said coldly to Liu Fei.

"Oh, why are you in such a hurry to drive me away, afraid of what I might say to your wife?" Willow Fiddler smiled slightly and turned her head funny.

Maya Shen looked even more bizarre, her brows furrowed.

"Well, I'm in a hurry too, we'll talk again sometime! I've heard that Miss Shen is a business elite, so perhaps we have something to talk about!"

Willow smirked and turned to walk away.

Seeing the car slowly drive away, Haoden Ye breathed a sigh of relief and turned his head to see Maya Shen holding her arms and having a look at herself, like a fierce tiger about to go berserk.

“Haha!Miss Willow really likes to make friends!”Haoden Ye smiled dryly.

“Yes!Calling me sister so affectionately on first meeting!”

Maya Shen also laughed, but it was a bit oozy.

“Why are you looking at me like that, like I’ve done something wrong!”

Haoden Ye was uncomfortable with her looking at him and shrugged his shoulders uncomfortably.

“You didn’t do anything wrong, why are you so nervous?”

Maya Shen asked rhetorically.

“Yes!I didn’t do anything wrong to be nervous!”

As soon as Haoden Ye heard this, his psychological tension was swept away and he straightened his back, “Let’s go, go back!”

Finished heading home and walked through the door, only to find that Maya Shen hadn’t moved her feet and was standing in the same spot looking out at the direction where Liu Fei Leng had disappeared.

“Sia?”Haoden Ye shouted softly.

Maya Shen came back to her senses, turned her head to look at him, and walked inside without saying a word.

Chapter 324

The house was a bit strange all evening.

Of course this was for Haoden Ye, because Maya Shen had ignored herself all night.

When he was resting at night, Haoden Ye wanted to hug Maya Shen and say a few sweet words, but as soon as his hand touched Maya Shen's delicate body, she pushed him away.

Haoden Ye couldn't stand it any longer and said unhappily, "What's wrong with you today, and how have I messed with you?"

"You're not messing with me, I'm the one with the bad temper, so get upset, okay?" Maya Shen turned her back to Haoden Ye and spoke back in a hard tone.

"Is it because Assistant Willow sent me back? It's not like I have nothing to do with her, I've been in someone's village all day, attending their funeral for all to see, you're not suspecting that I have something with her!"

Naturally, Haoden Ye knew clearly that this matter must have something to do with Liu Fei Leng, but he really didn't want to break the news.

"Do you have a thing with her that I can't see?"

Maya Shen turned over and sat up on the bed.

The blanket slipped off, revealing her beautiful body under the pajamas, and inside the low hanging pajama neckline, two white masses of people's imagination.

Although he knew that it wasn't the time to think nonsense, Haoden Ye still couldn't help but look.

“Last time it was that recently popular actress Sun Qian, and this time she’s the assistant to the president of the Holander Group, and you say you’re not at all okay?”

Maya Shen said, her eyes actually moistened.

When Haoden Ye saw her crying, his heart ached and he reached out to hold Maya Shen’s hand, but Maya Shen shrugged it off.

“Maya, I admit that I was wrong for not explaining things to you in time today, but I really had nothing to do with them! Besides, when I used to run the store, I wasn’t always sent back by other women, and you didn’t say anything about it!”

Haoden Ye tried to persuade.

“Can this be the same?”

Maya Shen’s pretty face became angry and her voice grew a little louder, “Before... before you... I don’t want to talk about it, you can do whatever you like!”

Maya Shen said, turning over and going back to sleep.

Haoden Ye had no choice but to shrink back into his nest and think about how to persuade Maya Shen.

Maybe if she sleeps, she’ll be less angry.

However, as soon as he closed his eyes, the sound of Maya Shen’s cries was heard.

“Haoden Ye, I remember how you used to be sad whenever I cried and kept comforting me, and you couldn’t even sleep when I was feeling a little down!”

Maya Shen’s voice came out of nowhere, filled with sadness.

Haoden Ye mentally laughed bitterly, thinking that I just advised, but you didn’t listen.

He quickly got up from the nest again and said softly, “I’m sorry, I don’t know how to talk you out of this!”

As soon as he finished speaking, Maya Shen suddenly turned around and came out of her nest.

As the covers slipped off, so did her nightgown, revealing snowy white shoulders and two heaving masses.

Haoden Ye almost blurted out a nosebleed as he watched and quickly averted his eyes.

However, Maya Shen didn’t notice her walk .Light, but grabbed Haoden Ye’s arm and said, “Tell me honestly, did you spend the money you took from the company on them!”

Haoden Ye’s thoughts came back sharply and stared at him, “What makes you think that, am I this kind of person?”

“I don’t care what you are, tell me honestly whether you are or not!”

Maya Shen’s face, still stained with tears, was full of questioning.

“Maya, have you had enough of this, Sun Qian, Assistant Liu, which one of them needs me to spend money for them?”

Haoden Ye also had anger in his psyche and tried to make a defense.

“Well, you admit it, don’t you! I can’t see that you still have the skill to get another woman to spend money for you!”

Maya Shen’s pretty face was filled with chills.

“Maya Shen, are you done, I’ve told you I have nothing to do with them, what on earth do you have to do to believe me!”

Haoden Ye only felt like his chest was holding a breath, and he was going to die if he didn’t let it out.

Maya Shen seemed to be deliberately angry with him, specifically picking the cruelest words to say.

“Yes! You dare to lose your temper with me now, don’t you, Haoden Ye, you’ve lost your temper, I, Maya Shen, can’t control you anymore!”

Maya Shen cried out and turned around to sleep blindfolded.

Haoden Ye mentally repented for being angry just now, but couldn’t help but want to be angry again, clenching his fist and didn’t know what to take out his anger, so he could only pound the bed as catharsis.

All night, the two of them didn’t say another word, and in the morning, Maya Shen still woke up with a cold face, not even looking at Haoden Ye.

Even Robert Shen and Milda Hao noticed something unusual, and Robert Shen wanted to ask what was going on, but was stopped by Milda Hao.

“People’s young couples are in a cold war, what are you getting involved in!” Milda Hao didn’t look good to her husband.

“Haoden Ye is capable now, he won’t bully Maya, will he!”

Robert Shen psychologically full of concern for his daughter.

“Don’t worry, Haoden Ye’s heart is still too distressed for Maya, how would he bully her, what kind of couples don’t make a scene, tell me, how many times did we talk about divorce alone when we were young?”

Milda Hao gave her husband a blank stare.

“You’re the one who initiated the divorce, and I didn’t agree to it!” Robert Shen was not happy to hear it.

“You didn’t agree, but you didn’t object either! Is it all my fault for filing for divorce?” Milda Hao’s face hardened as well.

“It’s not your fault you mention it’s still my fault! Why don’t you be reasonable, woman!”

Robert Shen rolled a white eye.

“Surname Shen, what do you mean by that...”

In short, not only Haoden Ye and Maya Shen did not say a word in the morning, Robert Shen and Milda Hao also cold face each other, an early dinner is not to mention how awkward.

When going to the pharmacy in the morning, when Haoden Ye was about to get into the car, he saw Maya, who opened the door, mentally apologized a bit and softly said, “Maya, I...”

As soon as he said something, Maya Shen had quickly opened the car door and slammed it shut.

Haoden Ye mentally also got angry and opened the car door to follow the heavy slam.

When I got to the pharmacy, I found that it wasn't even open.

Haoden Ye's psychological fire grew even greater, and Lin Xiang now started to slack off as well.

Mentally sighing, Haoden Ye drove to the construction site.

Here at the construction site, Haoden Ye was finally in a somewhat better mood.

Work has already started here, and Li Daniu is working feverishly with his men.

In a day's work, the building has changed drastically and has taken on a few facets.

On the main entrance, Da Niu and his daughter-in-law were making porridge with the workers in the pergola, and when they saw Haoden Ye coming over, they even ran over to greet him.

"Ye, you're here so early today, we haven't even gotten this breakfast done yet!" Li Daniu smiled with a silly face.

"It's okay I ate!" Haoden Ye greeted, his gaze falling on the building, and said with satisfaction, "It should be finished in a few days."

"The earliest would be the day after tomorrow, but if it rains in the next two days, it could be delayed a day or two!" Li Daniu smiled heedlessly.

Haoden Ye was startled and surprised, "So fast!"

Chapter 325

“The bull has used the pension you gave him, hiring twice as many workers and selling many materials to you at par!” At this time, the side of the road was Rantau.

Li Daniu stared at his wife, then scratched his head and smiled at Haoden Ye, “Big Brother Ye has helped me so much, and there’s only so much I can help you!”

“Hey, what’s the point of having a wife when you have a brother!” Haoden Ye mentally told himself from the bottom of his heart.

Seeing that Haoden Ye seemed to be in a bad mood, Li Daniu blinked and said, “What’s wrong with Brother Ye today? Are you suffering from your wife?”

Haoden Ye was startled and surprised, “You can tell that too!”

“Hey!” Li Daniu had a look at his wife and smiled smugly, “I’m not clear about that thing with the pussy?”

Ran was a very smart girl, and as soon as she heard them talking about men, she immediately went back under the shed of her own accord.

Li Daniu pulled Haoden Ye to a less dusty place and squatted down, Haoden Ye complained with a bitter smile, “A girl sent me back last night, and she started to lose her temper...” and said the matter.

He truly treats Li Darenium as a brother now, and doesn’t want to hide anything.

Li Daniu raised the heavens after hearing his words, Haoden Ye saw that he was still laughing, and couldn’t help but feel upset, “I’m like this, and you’re still laughing!”

This said, Li Daniu laughed even more happily and patted Haoden Ye's shoulder, "A man like Brother Ye is also made difficult by women, ah, it's obvious that women are the nemesis of men!"

Seeing Haoden Ye's face get even uglier, Li Daniu quickly laughed.

"The pussy thing, I can't quite feel it, but after all, having been married for a long time and having experience, it's common for couples to quarrel, and the most taboo thing for a man to do is to reason with a woman and find out exactly why she's angry!"

Haoden Ye was startled and surprised, "How can I coax her if I don't figure out why she's angry?"

Li Daniu patted him on the shoulder again, with a look of "Brother, you are still too young".

"It's the same whether a woman is angry with or without a reason, and if you go thinking about why she's angry, this bad debt is never over!"

"I'll tell you what, if a woman thinks you're good, you're good for anything, and if she thinks you're bad, there's a whole lot of reasons to be angry, and all sorts of stale things!"

"That's why you should never reason with a woman or start with the heel, just a little!"

Haoden Ye was amazed at what he heard, unable to see that this simple bull could even lecture to himself in a serious manner.

Li Daniu said, holding up two fingers, "First, admit your mistake, and second, send a gift! Nevermind what temperamental pussy is pissed off about, as long as those two things are done, you'll be fine!"

Haoden Ye frowned at the news, pondering over Li Daniu's words while figuring out exactly what gift to give to Maya Shen.

Li Daniu could even see what he was thinking and smiled hehehe.

"It's even easier to give women gifts, one is flowers and the other is jewelry, if you have money to give jewelry, if you don't have money to give flowers, they must be happy!"

"This... could work?" Haoden Ye mentally wondered.

Lee Da Niu rolled his eyes and had a look at his wife.

"You know how I lost my fortune gambling a few years back, and my wife was about to divorce me then, and I was coaxed back with a bouquet of flowers?"

"You know, if a woman has you in her psyche, it's only a matter of face, but if she doesn't have you in her psyche, it's useless to give her any gift!"

Haoden Ye mentally muttered at the news, always feeling that what he said was unreliable.

Slapped on the back by Li Daniu, Haoden Ye was pulled up by Li Daniu and walked to the flower store not far away.

"Run off the materials and worker costs, I still have over thirty thousand here to sell flowers to my sister-in-law!"

Haoden Ye sniffed and quickly waved his hand, embarrassed, "That's no good, this money is for you!"

"Following you, Brother Ye, how can I still lack money?" Li Daniu laughed and dragged Haoden Ye over to the flower spot.

“Boss do you have any fresh roses here, give me thirty thousand dollars!”

Once inside Li Daniu was very heroic.

A teenage girl, who was bored and brushing her Weibo, jumped up at the sight of the store and enthusiastically introduced the various types of flowers.

How many people have \$30,000 to spend?

If you buy expensive flowers, it's not much, but if you buy ordinary roses, it's a matter of loading the car, so it's good that the little girl is also experienced and immediately found a suitable car.

After sending Hua away, Haoden Ye went to the basement of the building to refine medicine.

All morning, he didn't have much of a desire to refine medicine, but it was good that the Divine Farmer Tripod didn't need to manually refine medicine, so for three hours or so in the morning, he had also refined over 500 Jade Dew Pills.

After packing up the herbs and packing, Haoden Ye sent the herbs to the Spiritual Medicine Hall.

Inside the office of the vice president of Shengwen International Building, Maya Shen finished processing a file, throwing down the office pen in her hand, her petite body slowly tilted back and leaned on the soft cushion.

Fighting with Haoden Ye made her feel very bad.

Actually, she was angry, not so much at Haoden Ye, but at herself.

She hadn't been able to get past her own hurdle, unable to fulfill the obligations of a wife, so seeing Haoden Ye with another girl made her psychology feel odd.

The last time she saw Sun Qian, she hadn't realized that she had fallen completely in love with Haoden Ye, and the feelings were still warming up as time went on.

The sight of Willow Fiddler this time made her start to have a crisis in her heart.

The assistant to the president of the Holander's Group is much higher than her, the junior president of Sheng Wen International.

And Willow Fiddler is pretty and sexy enough to seduce men, and she's definitely better at it than she is.

Especially when she thought that Haoden Ye could totally have sex with any of them, she felt an unprecedented sense of crisis.

And the way she vented this sense of crisis was actually by getting angry at Haoden Ye.

"Maya Shen, why are you so stupid, do you have to push him towards another woman?"

Maya Shen casually grabbed than, her hand unconsciously hard.

The office pen snapped down the middle with a click.

"Why don't you apologize to him today?"

Maya Shen bit her lips and looked hesitant.

“Shen...Shen, come and see, someone has sent you flowers!”

At this time, the little assistant came running in with a smile on her face.

Maya Shen was slightly stunned and stood up from her chair in a hurry.

“Flowers?” She’s been courted by many, and flowers have been sent before, but there’s no need for the little assistant to get so excited!

“Fluffy, what’s all the excitement about! Where are the flowers?” Maya Shen glared at her, not in a good mood.

“The flowers are downstairs!” The little assistant pointed to the window.

Maya Shen was slightly stunned and turned around to look down.

Just one look and her pretty face flushed.

The entire underside of the building had been covered with flaming roses and a few words displayed in flowers.

“Saya, I was wrong!”

With the entire company building watching from the windows, it wasn’t hard to guess who this Maya was.

“Haoden Ye!” Maya Shen’s pretty face reddened, her face couldn’t tell if she was angry or happy: “You... you look like this, I still have the face to see people!”

Chapter 326

After delivering the pills, Haoden Ye headed over to the pharmacy.

“Looks like it’s time to remind cheerleaders that it’s no good doing business this way!”

On the way, Haoden Ye thought about wording, how he should be tactful, but sternly train his junior staff.

The car had just reached the vicinity of the drugstore when a raucous noise started up.

The entrance to the pharmacy was now surrounded by a large police force.

Police officers in light-colored uniforms had the entire pharmacy flooded with people.

There’s traffic police, there’s civil police, there’s city police....

And these cops, they’re all women!

Pedestrians saw the scene and ran away in fear.

It’s just that a few stores in the neighborhood have closed, too, and there are good people lying on the windows watching with a palpable sense of urgency.

The cops were orderly and just blocked the door and weren’t noisy.

“I’ve already told you all that our boss is out on business and is not in the store today!”

In the crowd, Lin cheng’s voice rang out.

“Don’t you bullshit me, but I came all the way from Yucheng, and I have to go back to work right away, so give me a pretty word, when exactly is your boss coming back!”

“That’s right, but I came from the capital and did a four-hour drive, and the traffic there is still waiting for me to direct it!”

The policewomen listened to cheerful Lin’s words and protested.

Haoden Ye stopped the car, stunned at the situation here, really couldn’t figure out what a whole bunch of female police officers were looking for themselves.

“What’s the noise, you’re the police, and you still obey social order, the medicine you said, we don’t sell it in pharmacies, get out of here!”

Lin Xiang took a feather duster in anger and started to drive the crowd away.

“Little sister, how dare you attack the police!”

“Ouch, I messed up my hair!”

The policewomen are making screaming noises!

Haoden Ye didn’t know what was going on, but he was also aware that Lin Xiang would definitely offend people by driving the police away like that!

“Little cheerleader, stop it, these are the people’s police, you don’t want to do anything!”

From a long distance away, Haoden Ye shouted, then ran over towards the pharmacy.

The policewomen cast their eyes over at the sound of his voice, their eyes glowing wolfishly.

However, they didn’t seem to be sure of Haoden Ye’s identity, so they didn’t dare to act rashly.

“NO! That’s our boss, you want drugs, go to him!”

Lin Xiang was reprimanded by Haoden Ye, her small mouth pursed up and pointed at Haoden Ye loudly.

It was like a flat thunderstorm that made the policewomen explode.

“Dr. Yeh, you’ve finally come!”

“I’ve been waiting here all afternoon yesterday and I finally saw you today!”

“I’m a classmate of Zhou Xiaojun’s, we graduated from the same school and we’re still in the same class!”

“Who isn’t Zhou Xiaojun’s classmate, I was even in the same dormitory as her when I was in the police academy!”

In barely a minute, Haoden Ye was surrounded by a large group of female police officers.

“Zhou Xiaojun? Classmates?”

Haoden Ye’s mind connected the two words together, and his mind jumped violently.

Zhou Xiaojun had told her classmates about the Returning Spring Dan, so the policewomen from the ten villages they had once shared the same school with came....

Haoden Ye had finally seen the horror of women pursuing beauty, and he had been completely overwhelmed by a group of policewomen!

“Comrades of the police, please calm down... This comrade, don’t pull my clothes... This comrade, why are you searching my pockets, I have nothing in my pockets.....you guys calm down, you’re cops!”

Haoden Ye cried out in pain, but the policewomen had no intention of calming down.

“Hee hee, what’s shy!We’re policewomen, and we can still eat you?”

“Don’t worry, we’re law enforcement officers, we won’t knowingly break the law, Dr. Yeh, I see you’re very young, I don’t think you’re dating a girlfriend.”

“Don’t tell me, his skin is even whiter than mine for a grown man, he must have taken that kind of medicine, Doctor Ye, I’m a good friend of Zhou Xiaojun, you must buy me one!”

One by one, the girls in police uniforms didn’t even look like police officers at this point, but actually made a move on Haoden Ye.

“You guys...you guys calm down!”

Haoden Ye was a little hoarse and his hands started pushing the crowd harder.

“Ah!You rascal, why are you touching me here... You took advantage of me, you’re responsible for me, give me one of that medicine!”

“Well, it’s just a touch of boobs, he just touched my ass, he’s responsible for me too!”

Seeing a girl going crazy, Haoden Ye only had a bitter smile in his heart, and suddenly had a brain emergency, and quickly said, “My medicine is in the pharmacy, you guys let me through first!”

The girls got excited, which slowly made way for Haoden Ye.

Haoden Ye finally wore a long breath.

Not to mention, it tasted good.

With the girls around, it was surprising that even the air had become a little more fragrant.

He hurriedly ran inside the pharmacy, where Lin Xiang was holding his chin and gloating over him.

Haoden Ye didn't have time to clean up this girl right now, he just gave her a hard stare and quickly found a vantage point, which beckoned the policewomen to quiet down.

"Fellow police officers, I really don't have that medicine you're talking about!"

As soon as Haoden Ye opened his mouth, the excited girls' pretty faces changed, and one of their eyes looked like they wanted to kill.

"I'll be honest with you, this medicine is very troublesome to refine and very expensive, the cost of one alone is three to four million, Zhou Xiaojun's medicine is the materials that Zyden Holander Simen bought, she thought it was just a free gift!"

Haoden Ye was afraid of being robbed of words by the girl, and he didn't even breathe well.

"I've got the money, it's only three or four million!"

One of the girls pushed her way out of the crowd as soon as he finished speaking.

Haoden Ye raised his eyes and saw that this girl actually looked very marked, at least prettier than Zhou Xiaojun before he used the drug.

“You won’t have to, pretty girl!” Haoden Ye hurriedly said.

“Cut the crap, there’s five million in this card, take it and give me the medicine!”

“And mine, I have five hundred and twenty thousand in this card, is that enough, it’s my entire dowry!”

“You want money, right, I have three suites in Kyoto, just buy any one of them, give me one!”

A few girls followed suit and squeezed to the front of the crowd, and those who had no money also eyed Haoden Ye, expecting to have some luck.

Looking at a bank card in front of him, Haoden Ye was stunned.

He was used to being poor and thought that a profession like policing was low paid, but didn’t realize that many rich people became policemen purely as a hobby.

For example, Zhou Xiaojun, who is the daughter of a female boss of Dan City’s underground world, becomes a uncivilized traffic police officer.

And while Dan City’s housing prices are not as good as Kyoto’s, they’re not far behind.

Because of the proximity to the country, the house prices here are much higher than other places, a 100 square meter house Haoden Ye six or seven million.

Chapter 327

What's more, these policewomen are also from Kyoto, and there are quite a few real estate properties in their homes, as many as a dozen or so, and as few as two or three.

“Is it so awful for a woman's quest for beauty to sell her house and buy drugs?”

Seeing a girl's eager eyes, Haoden Ye's mind couldn't help but wince.

He quickly pushed aside a line of cards and said to the policewomen, “Guys, I don't think it's a wise move to sell your house to buy a drug, houses are passed down from generation to generation, but beauty is only temporary!”

“What do you mean, why didn't you sell at the agreed price!”

“That's right, you're opening a business, aren't you? We're women, and marrying a good man is more affordable than saving up for a house!”

“What do you know, do you know how hard it is for a policewoman with my looks to find a reliable man?”

“You don't want to sell, I'm telling you, we're all cops, I don't believe I'll arrest you!”

“Yes, sisters, if he doesn't sell, we'll arrest him now!”

A group of policewomen listened and became furious, the group of females porridge, and their words were sharp.

Haoden Ye was once again dumbfounded, and had a chance to mentally calculate a few bank cards.

The last time the pills were refined it cost a total of four million, but it was two that were refined.

Without the Divine Farmer Tripod, the medicine would take at least a week to refine, and it would be very costly, and the most a four million dollar medicine could be made was one, and it might not be successful.

With the Shen Nong Tripod, he could refine two of them, which was equivalent to two million for one pill.

If he really does business with these policewomen, he'll make at least \$20 million!

The money would not repay what he owed the company, but it would be enough to buy more and better quality herbs.

Haoden Ye was about to agree right away, but the moment he took the card, his eyes skimmed over the girls who had no money.

Most of them were average looking, and a few of them were good looking, they should be police officers in their police force.

These girls, like the male cops, were at the front of the charge.

Because of their work, it's hard to find a suitable man to marry, and who wants to marry a girl who works in such a dangerous job and can't care about her life once she's working.

Thinking of this, Haoden Ye didn't accept the card, but said loudly to the girls, "Officers, that rejuvenation pill you're talking about is very troublesome to refine, and it may not be successful every time!"

As soon as he opened his mouth, a policewoman's murderous stare arrived.

Haoden Ye didn't pause in his tone at all, and immediately said, "But I have another medicine here, a whitening agent, very cheap, if used for a long period of time, the effect isn't as good as the Rejuvenation Pill, but it will be very helpful to you!"

Hearing this, the rich girls were disappointed, but the poor girls were happy.

Roughly calculating the cost, Haoden Ye said again in a loud voice, "The cost of this pill is at seven..."

He was just about to name the cost seven hundred when he suddenly glanced at the girls with an expectant look.

It's true that the cost is no more than that, but if he says the drug is only 700, will the girls believe it's effective?

Rejuvenating Elixir is expensive because it not only whitens the skin, making it more youthful, but also detoxifies it from the inside out and even stimulates bone regeneration, making it seem like a rebirth.

The only effect of this herb is a whitening, which is a far cry from rejuvenating pills.

But for the average person, all they can see in terms of healing is whitening.

If the rejuvenation pills cost millions, and this medicine is only seven hundred, I guess these girls think they're liars!

"Ahem, the cost of this medicine is seventy thousand, but I see that you are all policewomen, it's kind of my loss to do this business, a pill is only ten thousand, what do you think?" Haoden Ye spoke loudly.

He made ten times the price for a pill ten thousand, but it was enough to make the girls believe in themselves.

Once they buy them back and see the results, they can lower the price themselves!

10,000 yuan, which one can not accept, they are now a month's salary is enough, the girls listened one by one excited.

Of course, those who had no chance to buy medicine because they had no money were naturally very happy in their hearts and couldn't stop thanking Haoden Ye.

"Please line up the officers and come to me one by one for diagnosis, I need to configure different herbs for each individual!" Haoden Ye waved at the policewomen.

The policewoman was even more delighted to hear that, after all, every situation is different, some people just simply want a little white, and some people want to make the skin a little smoother.

The policewomen filmed the pair, and one by one, they entered the door to check on them for Haoden Ye.

"Mr. Yeh, here's my number, if there's anything else you want to ask, you can call me!"

"Doctor Ye, I've already got a room and I'm staying in Dan City tonight, if you're free sometime, go diagnose me alone, okay?"

Some policewomen naturally left after being diagnosed, but some couldn't help but flirt with Haoden Ye, and the language was hot even more.

Where did Haoden Ye endure this scene, started okay, giving the female police officers flirtation with the face.

Lin Xiang looked on and did he let out a small laugh.

“Now the women!”

Haoden Ye mentally sighed and started to remember those girls on TV who knew how to be shy.

In fact, in terms of looks, Haoden Ye was considered handsome, and he was honest and down-to-earth, not daring to talk back even if he was teased twice.

All these girls encounter in life are rogue criminals, treacherous and cunning ones, black-hearted and thick-skinned ones, and the psychology of meeting such a gentle, honest man is quite like it.

When Haoden Ye’s side was diagnosed, a car was parked in front of the pharmacy, and the two people in the car looked surprised at the scene in front of the pharmacy, which was blocked by a bunch of female police officers.

“Is that what you call a doorstep?”

Zhao Chengyu looked at the policewomen dumbly and turned her head to look at Lin Feng woodenly.

Lin Feng was also startled, he had come several times, which time was there not a single ghost in front of Haoden Ye’s pharmacy?

“Well...I don’t know what’s going on, it wasn’t like this the other day!”Lin Feng smiled bitterly at Zhao Chengyu.

Eyelids rolled over, Zhao Chengyu didn’t even bother to look at him, his eyes fell on Lin Xiang, “So, this Haoden Ye is a doctor, and Yu Mo came here, obviously to cure him!”

“Well, I’ve asked around, this man is a good doctor, he once saved Zyden Holander’s life!”Lin Feng hurriedly said.

“Oh?”The sharp light inside Zhao Chengyu’s eyes flashed.

Although he heard that Haoden Ye had saved Zyden’s life, Zhao Chengyu still didn’t put Haoden Ye in his eyes.

It’s just a doctor, right?Even if it was a miracle doctor, his Zhao family could have as much as they wanted!

Chapter 328

Furthermore, even if Haoden Ye’s medical skills were invincible, so what?

In the end, he was just a doctor, and under the absolute power of his Zhao family, what was a doctor?

Zhao Chengyu stared at Haoden Ye, who was diagnosing the policewomen, with a contemptuous smirk on his lips.

Soon, his gaze fell back on Lin Xiang, his eyes showing a touch of affection.

However, he soon noticed that Lin Xiang, who was recording the situation of each policewoman at this time, suddenly raised her head and smiled slightly at Haoden Ye.

In that smile, a brightness he had never seen before shone, as if one of her eyes had lit up as well.

Zhao Chengyu’s eyes narrowed, his gaze avoiding sharpening.

And at this moment, Lin Xiang seemed to have noticed something and suddenly turned his head to look over here.

Zhao Chengyu quickly withdrew his gaze, his entire body leaning against the seat, his face cold and gloomy.

“What’s wrong with you, Cho?”

Lin Feng was unsure and looked at him with a puzzled face.

“Nothing!”

Zhao Chengyu faintly felt that Lin Yumo’s feelings for Haoden Ye didn’t seem so simple.

She hadn’t had such a clear, bright smile on her face for a long time, at least not since adulthood.

“What’s going on, would I, Zhao Chengyu, be threatened by a small doctor?” Zhao Chengyu frowned.

All he was worried about from the beginning was just Zyden, Haoden Ye was nothing but a fart in his eyes.

“Zhao, have you figured out how to deal with this kid yet?”

Lin Feng swallowed his saliva and asked cautiously.

“Well?” Zhao Chengyu snapped back to consciousness.

He hadn’t even taken Haoden Ye seriously before, and now he hadn’t really thought of a way to deal with him.

“We’ll talk about this later, I need to make some specific arrangements, so hold off on your side!”

Zhao Chengyu's handsome face showed a pensive look.

"Isn't Brother Zhao going to sleep immediately to clean up this brat and snatch back Miss Yu Mo from Zyden Holander?"

Lin Feng frowned and looked at him in confusion.

Lin Feng was now a little anxious, however, he was anxious to see Zyden and Haoden Ye eat from Zhao Chengyu's hands, it was best for the two sides to fight.

"You don't know shit! There's no strategy at all to make a rash move, what if Rainmaker also wants to interfere?"

Zhao Chengyu looked at Lin Feng like an idiot, "Are all the descendants cultivated by your Lin family so brainless?"

Lin Feng stiffened, not daring to talk back at all!

"Come on, let's go back to the hotel, I need to investigate things a little more specifically, and I need to test this kid!" Zhao Chengyu said and closed his eyes as if he was going to sleep.

The car started slowly and Zhao Chengyu left, but the intersection revealed another person's figure.

"I guessed right, it really is this kid!" With his hands behind his back, Ma Rulai looked at the busy Haoden Ye with a smirk on his lips.

When his eyes fell on Lin Xiang, the horse's eyes narrowed and his smile became even colder, "Interesting, even more interesting!"

Of course, Haoden Ye didn't know that he was already being watched by two people in this short while.

After diagnosing all the policewomen, Haoden Ye sent them away one by one.

"What are you laughing at, don't you think you're a very incompetent clerk?" Haoden Ye stared at Lin cheerfully who was having a funny look at him.

"Hehehe, the boss is having good luck with his peach blossoms today, so many girls are throwing themselves at you, and they're all policewomen, you must be stealing joy from your heart right now!" Lin Xiang laughed even more recklessly at Haoden Ye's words.

With a bitter smile, Haoden Ye muffled a snort as an expression of his anger, then said, "I came early in the morning, and your place is closed, do you have anything to do this morning?"

Lin Xiang rolled his eyes since, and didn't have the good fortune to say, "You're gone for a day or two and won't come, I'm watching the store, do you know what time these girls left last night?"

Haoden Ye remembered the madness of these girls and immediately realized that he had misunderstood Lin Xiang.

Whirling around, he thought of his fight with Maya Shen last night, and his face was a little lonely.

Lin Xiang saw that he was unhappy and said, "What's wrong? You don't look too happy about it!"

"Hey, nothing, had a fight with Maya!" Haoden Ye was in desperate need of someone to confide in, and it was clear that Lin Xiang fit the bill.

The girl was usually quiet and seemed to be very knowledgeable about the world.

“Huh?Oh!”Lin Xiang’s eyes shone and then said, “It’s just a fight, what couple doesn’t fight!”

Shrugging his shoulders, Haoden Ye smiled bitterly and said, “My wife and I never fight!This is the first and the biggest time she’s ever ignored me all night!”

Seeing Haoden Ye’s aggrieved look, Lin Yao couldn’t help but giggle again: “You’ve been married to your wife for a few years, why are you still like in love!If you’re worried about her leaving you, have a baby!”

Haoden Ye was stunned to hear that she was also more proficient than himself in this area.

“Have a baby?”Haoden Ye cupped his chin and chanted.

He did have two pairs of medicine in his hand, specifically to prepare his own and Maya Shen’s body.

If you want to have a baby, you are completely guaranteed a hundred percent control, even for men and women.

Of course, Haoden Ye wouldn’t deliberately try to control whether he had a boy or a girl, and everything was left to fate, but if you wanted your marriage to be solid, you really should consider it.

However, thinking that he and Maya Shen hadn’t even taken a crucial step, Haoden Ye’s face fell once again.

“You keep an eye on the store, I’m going to the Spiritual Medicine Hall to purchase a batch of herbs, I’m going to start alchemy this afternoon according

to each girl's condition, I might be busy until late!" Haoden Ye said something to Lin Qi and went out.

When she watched her back as he left, a smile spread across her pretty face.

Unconsciously, it had been a long time with this man, and she had gradually dropped all her scruples from her original cautiousness.

You could say that she witnessed the man go from cowardly mediocrity to maturity until he became a man of action.

"Are you a doctor at this pharmacy, this lady?"

When Lin Xiang was in a daze, a figure approached him.

"Ah, you're here to buy medicine, our store manager just left, I'll call him back for you!"

Lin Lin came back to his senses abruptly and raised his head to see a middle-aged man facing Confucianism laughing at him.

"Oh, no need, I'm just buying one of the more recent Jade Dew Pills, I've heard people say that you guys sell them here!"

The middle-aged man laughed at Lin cheerfully.

"Well, wait a minute, I'll get it for you!" Lin Xiang turned around and walked over to the medicine rack.

The middle-aged man's eyes glowed, a smirk flashed across his lips, and he stepped forward to follow.

Chapter 329

His pace was so light that ordinary people couldn't even notice it.

Lin Xiang walked over to the medicine stand, reached for the jade dew pill, and was about to turn around when he suddenly had a warning sign!

In fact, according to her alertness, she should have been aware of the middle-aged man as soon as he came over.

However all she was thinking about at this time was Haoden Ye, but she was sloppy and careless.

However, after all, she had followed Lin since she was a child, and her skills were no slouch.

Twisting, turning, and lunging out with one hand, the show fist slammed into the chest of the man behind it.

As soon as he turned around, Lin cheerfully saw the middle-aged man holding a needle between his two fingers, about to stab down the back of his head.

The needles were so tiny that the person stabbed would only feel the bite of something, whereas if the shot was quick enough, they would barely feel anything!

It was a pity that the target of his shot was himself, as a different person would probably have been stabbed by him.

The middle-aged man's face was also filled with a look of surprise as he saw her fist hit him, and he didn't even react for a moment.

However, he didn't need to react too much as he had a poison needle in his hand, and with a shake of his wrist, the needle was aimed in the direction of Lin Qi's fist.

The two men were already very close, and even if Lin Xiang retracted his fist now, it would be too late.

Although the middle-aged man was surprised in his heart, the corner of his mouth still showed a smirk of success.

But at this time, the change happened again, but I saw Lin Xiang's toes point to the ground and his body suddenly turned in place.

The speed was so fast that it caught people off guard.

It was as if there was a spring in the ground that spun her whole body around.

A slender thigh sweeps across the midriff!

With a muffled poof, the middle-aged man's entire body was swept out with such force that he flew far away and crashed heavily into the counter.

"Forest Family Arashi Dance!"

"Jiangbei Ma's Purple Flowing Sand!"

They both made surprised noises, looking at each other with startled eyes.

"So you're a member of the Lin family, and no wonder, the Lin family loves to place family members in various places, I just don't know what position you have in the Lin family, little sister!"

A trace of blood spilled out of the corner of Ma Rulan's mouth and he hurriedly wiped it off, his eyes cold as he looked at Lin Cheng.

In the meantime, Lin Xiang looked at Ma Rulan's eyes with a mixture of puzzlement and caution.

“The Jiangbei Ma family has always been a money-less, profit-less family, so why are you guys staring at Haoden Ye!”

Instead of answering the horse’s rhetorical question, Lin Xiang asked a rhetorical question.

“Oh, I never thought that my Ma family has always done things in a low-key manner, but the means of doing things were so clearly found out by Lin, since I’m here this time, naturally someone will pay to have him killed!”

With a cold smile, the horse is as cold as it can be.

Eyes narrowed, and a cold glint flashed in Lin Xiang’s eyes, “I’m sorry, I have to save his life to save mine!”

“Then there’s no talking about it!”

Ma Rulai smiled gloomily and slowly stood up straight, wiping away the blood on the side of his mouth, “I didn’t know your background just now, and you succeeded in sneaking in, but it’s not hard for me to take your life now!”

“That’ll require you to try your hand!”

“Dr. Yeh, you’ve been busy lately, and today is the second time you’ve come to my place!”

At the entrance of the Spiritual Medicine Hall, Jiao Yuchun held her arms and watched Haoden Ye move herbs to the car with a smile of envy on her face.

He had been to Haoden Ye’s pharmacy this morning, wanting to consult on some medical issues.

As a result, when I went there, I saw a whole bunch of policewomen surrounding the pharmacy, including, naturally, good-looking ones.

Thinking about Haoden Ye being surrounded by such a bunch of girls, Jiao Yuchun's mind couldn't help but be sour.

Naturally, with his credentials and good looks and personality, there are plenty of female fans.

However, the rules of the Spiritual Medicine Hall were very strict, especially in his master's territory of Dan City, where he had always followed the rules.

"Don't you dare laugh at me, I've been so busy lately, with things going on everywhere! Please, those herbs of yours, you need to find them for me quickly, I need to use them in the next two days!"

Haoden Ye rolled his eyelids since, looking at the side of the dry looking unhelpful Jiao Yuchun no good.

"Those herbs you mentioned are indeed very hard to find, recently alchemy has been booming and many unknown formulas have popped up, although our people at the Spiritual Medicine Hall have started to dispel the rumors, the herbal medicine business has inevitably been boosted!"

This matter was very clear to Haoden Ye, because of the last Spiritual Medicine Hall competition, Pillology was suddenly flourishing in Warsaw.

A lot of unscrupulous people just started going around proclaiming that they had some kind of panacea to cheat people out of their money, and Professor Hua and a bunch of old doctors from the Spiritual Medicine Church had started to dispel the rumors.

Yet even so, there are still many people who believe in those scams.

Of course, even without these people, the Chinese herb business was inevitably boosted, and now that all the major manufacturers were short of medicine, so was the Spiritual Medicine Hall.

And as the herbal market as a whole becomes more prosperous, many cherished herbs become even more difficult to buy.

Not because these herbs are used sparingly, but because of a particular market phenomenon: hoarding!

The more precious the herbs are, the more useful they are, of course, and many herbal traders hoard them, waiting for them to rise in value.

Most of the herbs in the Spiritual Medicine Hall now are grown by themselves, and precious herbs naturally rely on people going to places where people are rarely seen to pick them, so the collection is much slower.

“So...”

Haoden Ye thought about the gradual rise in the price of herbs now chanting for a while.

“What other herbs do you have here that don’t sell well, make me a list and I’ll see if I can use them to get a few formulas and make some more money as a way to subsidize the cost of your medicine!”

Jiao Yuchun’s eyes lit up at this and he laughed out loud, “Haha, I knew it, you’re a treasure trove, everything will shine in your hands!!’m going to tally up a few herbs that really can’t be sold!”

Haoden Ye smiled bitterly at the words.

After packing up the herbs, Jiao Yuchun also made a list, and Haoden Ye took it and drove back.

The herbs he asked for were for Lin cheng to refine his medicine, and now the second stage of treatment was about to begin.

After this treatment, Lin should be able to maintain a stable condition, and the third stage of treatment will be to build up her strength and slowly manage her body according to her condition.

At the entrance of the pharmacy, Haoden Ye stopped the car and shouted inside, "Little cheerful, come over and help move the herbs!"

However, there was no movement at all inside.

Haoden Ye mentally strange, busy walking into the pharmacy.

Once inside, the counter glass shatters and a few drops of blood fall on the floor!

Haoden Ye's face changed abruptly as he swept his gaze inside the pharmacy, but he saw that two medicine racks had fallen down, and it was obvious that someone else had vandalized them.

"Little cheer!" Haoden Ye was in a hurry and quickly stepped inside the pharmacy.

However, just after taking two steps, Haoden Ye's body shook!

"No, I'm poisoned!" As a healer, Haoden Ye instantly sensed that something was wrong.

Chapter 330

This poison permeates the air, and once it gets into the nose picking, it begins to permeate the heart.

“What a fierce poison!” Haoden Ye was surprised, feeling his body’s strength draining away a little, and hurried to the medicine prescription.

Since he knew that he was poisoned, Haoden Ye naturally knew the method to detoxify the poison.

Of course, if he stayed here and didn’t move now, he would be dying at most once, and the koi fish would definitely come out to protect his life in the nick of time.

However, this meant that Haoden Ye had to consume an orange bubble, which was also a big expense for Haoden Ye.

Working his way to the door of the prescription, Haoden Ye was about to open the door.

However, the moment the door opened, Haoden Ye’s entire body was stunned.

But then I saw a figure inside the prescription, and it was walking out!

A gorgeous face, with dainty eyebrows, almond eyes, lips and cheeks.

It’s a breathtaking beauty that once you look at it, you can’t take your eyes off of it.

At this time, this beautiful woman was even petite without wearing a piece of clothing, and her snow-white skin looked especially holy and beautiful in the dim light.

The almost perfect figure, as if sculpted by the hands of a heavenly craftsman, could not find a flaw at all.

Even though the poisoning was getting deeper and deeper now, Haoden Ye couldn't help but stay still.

The gorgeous girl in front of him also stayed, and the two stood face to face like two statues.

Haoden Ye's eyes grew blurry, his strength was drained away a little bit, and his body fell to the ground.

Suddenly feeling his body touching something soft, Haoden Ye tried to open his eyes, and all before him was the girl's snow white skin.

"Thanks to you, you're still a doctor, but you can be poisoned too!"

A coquettish voice came from his ears, like a heavenly fairy, which made Haoden Ye's body even softer.

"Oh no, the antidote I just ingested...you bastard, do I owe you from my last life?"

The voice suddenly became angry and slightly shy.

Haoden Ye was now feeling a bit fuzzy and confused, "You... who are you!Why at my drugstore!"

He had just uttered a sentence when his mouth was suddenly blocked, and Haoden Ye only felt a cool thing enter his mouth and a soft feeling on his lips.

I don't know if it was instinctive or not, but Haoden Ye actually opened his mouth and held in the other.

The other party immediately began to resist and backed off him, however Haoden Ye was now completely confused and was doing things entirely by instinct.

Only after a long time did the girl push Haoden Ye away, her face already pretty red and her breath unsteady.

“You son of a bitch!” The girl raised her slap to give Haoden Ye a slap, but she saw that Haoden Ye’s eyes were lost and his head was bobbing, as if he was still searching for the lips that had just kissed him.

“Bastard!” The girl cursed again, but didn’t hit Haoden Ye, but dragged Haoden Ye into the prescription and hurriedly put on the clothes scattered on the floor.

“I don’t know if he’ll remember my face later, but anyway, he’s been poisoned by the Purple Flowing Sand and is no longer conscious, so I should be able to tell him a couple of random lies and he’ll believe it!”

A hand touched her lips and the girl’s pretty face flamed red.

Lin Yumo, the heiress of the Lin family, an international movie star, the girl who is loved by thousands.

The beautiful girl, who was like the moon in the sky, was now staying with Haoden Ye inside this stale prescription.

The clothes were put on one by one, but it was even harder than when they had just been taken off.

She had just been poisoned in the midst of her battle with Ma Rulai.

Once the purple quicksand enters the body, even in trace amounts, it rapidly affects the human nervous system.

The effect is so subtle that it can cause a person to become dizzy, but even the most advanced equipment cannot check for problems.

And this poison has a very big characteristic, that once a person is poisoned, if someone gets his blood, they will follow suit!

The antidote is naturally similar, and as long as one person takes the antidote, another person who is poisoned also drinks the blood of that person and is also detoxified.

Another feature of this poison is that once someone is poisoned, the exhaled gas is also poisonous and remains where he is.

Lin Yumo had been fed by the various herbs of the Lin family since she was a child, and poison wasn't a big deal to her.

However, she was very careful with the poison of the Purple Flowing Sand, so once she was poisoned, she immediately began to use the method passed down by Figmen Lin to cure the poison.

The process of detoxification involves the whole person soaking in a bucket of water and then using to eat a few special herbs.

Ma Rulai wanted to poison Lin Yumo by poisoning him and then make Haoden Ye follow suit, but he didn't expect that the person he would do it would be Lin Yumo, the heir to the Lin family.

In the next battle, although Ma Rulai managed to poison Lin Yumo, he was also injured.

Arashi Dance is mainly a defensive skill, not very offensive.

And for someone of Lin Yumo's status, learning the Arashi Dance was entirely an escape in a time of crisis, so Ma Rulai's injuries were not serious.

But he knew that once Lin Yumo was poisoned, if he stayed, he would be poisoned as well.

With her clothes on and disguise already in place, Lin Yumo looked at Haoden Ye on the ground, her eyes as brilliant as stars.

Soon, a fierce cough sounded and Haoden Ye opened his eyes.

Lin Yu Mo, now Lin Xiang, quickly stood up from the ground and made a surprised face, "Boss, why are you lying on the ground!"

"What's happening!"

Haoden Ye was horrified, his mind slowly recovered, and his eyes swept around.

"I don't know, there was a weird guy at the pharmacy earlier and then I passed out!"

Lin Yao made an innocent face.

"Weirdo?" In Haoden Ye's head, the scene from earlier gradually came to mind.

Suddenly I thought of that girl!

"There was a girl just now, did you see her?" Thinking of that girl beautiful, Haoden Ye's mind still trembled.

He had seen Lin Yumo on TV, but the person on the screen gave him a completely different feeling when he was in reality.

"Girl, what girl?"

Seeing that look of surprise and fascination on Haoden Ye's face, Lin Xiang mentally smiled lightly.

Beautiful girls usually don't realize how pretty they are, and after being a normal girl for so long she forgets how pretty she is!

"It's that...ah!" Haoden Ye's mind was electrified, and once again would think of that girl's situation.

She wasn't wearing any clothes!

If she is the weirdo that cheerful Lin said she was, then why is she not wearing any clothes?

And the one who antidotes the poison for the two people is definitely the girl, Haoden Ye can know the power of this poison.

As his eyes swept over that bucket, Haoden Ye was once again stunned.

The bucket was not put there by itself, and with Lin cheng's strength, he could not move it.

"It can't be the snail girl!" Haoden Ye scratched his head and chanted in a low voice.

"Well?" Lin Xiang, who was secretly smiling, was stunned and his mouth immediately deflated unconsciously.

"Fuck you, snail girl, snail you big-headed bastard!"
