

# The Best Son in Law Chapter 331 - 340

## Chapter 331

“You’re okay!”

Only then did Haoden Ye think of Lin Qi and hurried forward to check on her.

When his hand just touched the girl, Lin Xiang’s mind jumped and he felt a softness in his body.

The calm and practiced girl on the screen was now panicking.

It was a good thing Haoden Ye didn’t notice and checked that Lin Qi was fine, so he got up to check on the bucket.

There were no snails in the bucket, and certainly no snail girls.

“Weird, why do we have a bucket of water here!”Haoden Ye curiously looked at the water inside.

Lin Xiang’s pretty face grew hot, but this was the bath water she had just taken.

It wasn’t naked for anyone to see, but it was always an unconscious association for her.

Suddenly, Haoden Ye reached out his hand and touched a bit of water to his nose and sniffed it.

Lin Yao felt goose bumps rise all over his body and had an uncomfortable feeling.

However, Haoden Ye didn't seem to smell anything and actually stuck out his tongue, wanting to taste the taste.

"Mother's bath water!" Lin Xiang jumped and subconsciously pushed Haoden Ye.

The water in his hand spilled, and Haoden Ye was shocked.

"What's wrong?" When she turned her head to look at Lin Xiang curiously, she saw that her pretty face was blushing and she couldn't breathe properly.

"You... you're not afraid that the water is poisonous either!" Lin Xiang lowered his head and didn't dare to look at Haoden Ye, his mouth unhappy.

"Ah, I forgot when you said that!"

Haoden Ye suddenly came to a realization and cast a grateful look at Lin Xiang, whirling around and pinching his chin, "If I'm not mistaken, this should be used by that woman as an antidote to poison!"

"What woman! Did you say the snail girl? Is she pretty?"

Lin Xiang's lips curved up in a smile, but his tone was pretending to be normal.

"Of course she's beautiful, simply gorgeous, she's definitely number two among the women I've seen in my life!" Haoden Ye looked impressed.

The thought of that kiss made him feel a little different.

"Second in line?" Lin Xiang's pretty face got all cheeky and she said, "Oh? That first in line must be as beautiful as heaven!"

“Well!” Haoden Ye thought of Maya and nodded gently, whirling around to think of her angry appearance, and quickly shook his head again, “She’s a tigress, the fierce kind!”

Lin Yao heard who he was talking about and puffed out a laugh.

Naturally, Haoden Ye also knew that she had heard it, and saw her laughing.

“This poison is very strange, similar to Chinese medicine, but not quite!”

After laughing, Haoden Ye looked at the water in the bucket and squeezed his chin, “I’ve seen this poison before, but it’s just the same type, the toxicity and principle are different, it seems someone is watching us, tomorrow you’ll move inside the building, there’s a basement there, it’s safe!”

“I went to the building, what about here?” Lin Xiang frowned.

“This... “Haoden Ye also hesitated.

He’s a poorly known pharmacy, all propped up by his regular customers.

Some of them recognized the place as a place to buy drugs once, while others were his friends and two second-hand dealers who often came in large quantities.

These days, people are not recognized store, store if closed, the old customers to see no one to come later is difficult to say.

After thinking about it, Haoden Ye couldn’t think of a good solution, so he said, “Why don’t we close the door for the day tomorrow, and I’ll think of something, you go to the construction site first.”

Lin Xiang nodded his head and agreed, the two of them packed up and Haoden Ye drove home.

On the way, Haoden Ye kept thinking about the pharmacy in his head.

After this batch of medicine arrives, Lin cheng should soon be well enough to manage the third stage of treatment on her own.

If she leaves, she'll have to find someone to watch her store.

Thinking about it, Haoden Ye got distracted, and when he reached an intersection, a Ferrari suddenly rushed out across the road.

Haoden Ye snapped back to his senses and reacted hastily.

Good thing he reacted quickly and hit the brakes in time to turn the steering wheel, and the car managed to cut in and skim past the opposite car!

There was a screeching sound of brakes and the car stopped quickly.

Although Haoden Ye was distracted, but the street lights are still used to watching, his own walk was green, the opposite side of the distinctly red light on he just barged in.

Rao Haoden Ye was also very angry when he ran into such a lifeless one.

He stopped the car in a hurry and got out of it.

The person on the other side also got out of the car, seeing the visitor Haoden Ye was slightly stunned.

This man is...handsome as hell!

I have to say that the owner of the car across the street has to get a thumbs up in both temperament and looks.

Seemingly satisfied with Haoden Ye's surprise, the man's lips hooked up and revealed a charming smile.

I guess there's going to be a woman next to this one, and it's possible that she'll just pass out.

"Mr. Yap is it, nice to meet you!" The man smiled elegantly and walked to Haoden Ye's side.

Haoden Ye only came back to his senses and frowned unhappily, "You know me?"

After looking left and right at the intersection, he spoke in an even angrier tone, "You're blocking me here specifically, you know it's dangerous to drive like that?"

"Oh, Mr. Yeh don't be angry, I was also in a hurry to reach you and I didn't know your contact information, and I had researched beforehand, there is less traffic here, so it's absolutely safe!"

"Because of who I am, showing up here would be a lot of unnecessary trouble! So out of the blue!" The man smiled apologetically.

His smile goes straight to the heart and makes you feel his apologies from deep within you.

Haoden Ye's mental fire was also lessened, and after thinking carefully about the man's words, he was mentally surprised again.

“Your identity?” Haoden Ye mentally muttered up, exactly what kind of identity is still inconvenient to contact yourself directly, could it be someone from the country?

As Haoden Ye was thinking, the man pointed to his car and said, “Is it convenient to sit inside my car?”

After thinking for a bit, Haoden Ye nodded, then followed the man to the car.

The car was more luxurious and spacious, and Haoden Ye and the man sat across from each other.

“Hello, my name is Zhao Chengyu, you should have heard of me!” Once seated, the man smiled politely.

Cho Seung-yuk? Haoden Ye searched the name carefully in his mind, and suddenly, he remembered something.

“Ah! Off the top of my head, you’re the actor who starred in “Tomahawk!”

That film is still three or four years ago, when Zhang Chengyu had just debuted, with a battle axe red-hot north and south, I heard that the box office that year more than 3 billion, but he became famous after he went to Hollywood, the country rarely heard of his name in the past two years.

Haoden Ye didn’t have the money to see that film back then, and only later watched a gun version of it, and admired Zhao Chengyu’s acting.

However, so much time had passed, Zhao Chengyu had only been popular in China for a few months before leaving the country, and Haoden Ye had almost forgotten about this person.

## **Chapter 332**

Now that I think about it, he's really not in the right position to be here.

There are still many fans of Zhao Chengyu in China, and if they knew he was coming, the set would probably be blocked.

"What do you want from me, Mr. Chiu?" Haoden Ye's tone was respectful.

"By the way, it's hard to talk about this!"

Zhao Chengyu had an apologetic look on his face, "I'll just be straight with you, the girl I've always liked is now with you!"

Haoden Ye was shaken and couldn't believe his ears a bit.

Zhao Chengyu actually likes Maya!

When did the two of them have contact?

Did Zhao Chengyu come to find himself this time for Maya?

Haoden Ye's fist slowly clenched, an angry look on his face, "Mr. Zhao, what do you mean!"

"Oh, Mr. Yeh, don't be angry, we can try to settle this matter peacefully!"

Zhao Chengyu smiled very politely and said, "I know you must like her too, after all, she is a very good girl!"

A peaceful solution? You like my wife. What's the peace in that?

"I'm sorry, there's no need to talk about this, I'm not leaving Maya!" Haoden Ye spoke resolutely.

Zhao Chengyu heard a slight frown of the heart, “Maya? Is that Yumi’s alias? Yes, it’s normal for her to hide her identity and take another name, this one surnamed Ye, he’s still talking to me under the pseudonym of Yu Mo even after I’ve said that!”

Mentally sneering, Zhao Chengyu still maintained her demeanor as she smiled, “I heard that you saved the life of Zyden Holander Simen, Simen gave you one billion, she is also my life, as long as you leave her, I will also give you one billion!”

A billion!

Such a sum of money, for an ordinary man, would be a godsend!

Even if Haoden Ye had a billion now, the money must be worth a lot to him!

Haoden Ye’s heart was also incomparably horrified when he heard that someone was willing to spend a billion for Maya Shen!

At this time his mind was not angry, but rather respectful of this Mr. Zhao Chengyu.

The fact that he’s willing to talk a billion dollars for Maya shows that he must love Maya very much too.

With such intense love, what reason did Haoden Ye have to rush to anger?

Seeing Haoden Ye’s change in appearance, Zhao Chengyu thought he was moved and mentally sneered in disdain.

“In the end, he still doesn’t have much insight, and one billion is enough to get rid of him, even a trash like Lin Feng knows that being able to climb into marriage with the Lin family’s eldest daughter is worth hundreds of times more than one billion!”

Seeing Haoden Ye gradually becoming respectful, Zhao Chengyu planned to add another handful of firewood.

“As long as you promise me to leave her, I can also be a free spokesperson for your pharmacy, you may not know my fame abroad, as long as I promote your pharmacy, the value of your pharmacy in the future is hundreds of millions of dollars double!”

How could Haoden Ye not agree to such eye-popping conditions?

However, when Haoden Ye heard these conditions, he calmed down instead.

“Mr. Zhao, you’re famous and rich, and I, Haoden Ye, can’t compare to you in any way!” Haoden Ye lowered his head, word for word.

Hearing this, Zhao Chengyu was mentally relieved and slowly turned on the tape recorder in his pocket.

However, Haoden Ye’s words suddenly turned.

“But I’m a man! A Chinese man can’t give his woman away for money and profit! You can give me so much money for her, why shouldn’t I give up so much money for her?”

Haoden Ye’s tone was generous and powerful, with a feeling that could not be doubted.

The blade in Zhao Chengyu’s eyes flickered and slowly narrowed.

With the recorder in her hand turned off, Zhao Chengyu looked at Haoden Ye.

“Mr. Yeh, with all due respect, don’t you think you’re not good enough for her, given your status?”

Lin Yumo was the heir to the Lin family, and the Lin family could not marry her off to an ordinary person no matter if it was for the benefit of the family or for Lin Yumo's personal future.

If Haoden Ye was self-conscious, he would be indignant with Maya Shen.

Haoden Ye heard this but was furious!

He'd had so many people tell him that in his life that even he'd doubted himself.

However, when fortunes change, he realizes that being rich and powerful isn't everything.

Sun Yuxuan has money, but what is the love he gives Sun Qian?

Long O has money, so can he really be nice to Maya Shen?

"Mr. Zhao, you're wrong to say that, even though I'm not as famous or as rich as you are!"

"But my love for Maya is real, I don't think that money and status determine a person's future, and I don't think that being rich and powerful necessarily makes a woman happy!"

Haoden Ye spoke resoundingly, his eyes very determined.

Zhao Chengyu's eyes slowly narrowed at the words.

He didn't think that an ordinary person like Haoden Ye was more oily than he thought.

“Oh, it seems like you really love Yu Mo!” Zhao Chengyu’s face was one of emotion, nodding lightly.

“Rain ink?” Haoden Ye was startled and frowned, “What rain ink!”

“You didn’t know, did you, that her name is actually Rain Ink, very nice right?”

Zhao Chengyu sighed with melancholy eyes, then said to Haoden Ye, “I’ve understood what you mean, go away!”

“Wait, Mr. Cho, are you sure it’s me you’re looking for?”

Haoden Ye and Maya Shen grew up together, basically wearing crotchless pants together, when did Maya Shen have another name?

Zhao Chengyu, however, didn’t want to say more to him, Lin Yumo was with Haoden Ye under the alias of Lin Xiang, and he had found out about it very clearly.

He thought Haoden Ye was surprised that the Lin Xiang beside him was the famous Lin Yu Mo!

“Of course it’s you, Haoden Ye, Divine Doctor Ye, Zyden Holander’s savior!”

Zhao Chengyu showed a look of approval to Haoden Ye, “Not only are you a brilliant doctor, I also admire you as a person, although we are rivals, it doesn’t affect us being friends!”

Haoden Ye was baffled by what he heard, and Zhao Chengyu waved his hand again, showing a very sad look, “Alright, I’m in a bit of a bad mood right now, so get off!”

Haoden Ye still wanted to ask, but Zhao Chengyu had already waved his hand at him, a few impatient looks on his face.

The two black-clothed men sitting in front of them also looked over with cold eyes, looking like they wanted Haoden Ye to get off quickly.

Getting down from the limousine, Haoden Ye dumbly watched the limousine go away, scratching his head and said to himself, "This person is insane! Rain ink? That name is so familiar!"

Shrugging his shoulders, Haoden Ye headed to his car.

"Young Master, this man doesn't seem to like money!" As the car drove, a man in black in front turned his head to Zhao Chengyu.

The deep emotion just now had completely faded from Zhao Chengyu's face, and had turned gloomy and cold!

"It's okay, this one has an honest personality, I've already given him a good impression just fine!"

Zhang Chengyu was very satisfied with the performance he had just given, and the corner of his mouth showed a disdainful sneer, "People are something best controlled, especially honest people!"

## **Chapter 333**

Unable to figure out what was going on with this Zhao Chengyu, Haoden Ye drove back home.

Just after arriving at the door, I saw Maya Shen's car drive up.

Usually she came home late, but today she came home surprisingly early.

Haoden Ye was psychologically hung over all day, afraid that Li Daniu's trick was useless.

Soon, the car opened and Maya Shen got out of the car, her pretty face flushed, unable to tell if she was angry or happy.

"Haoden Ye!" As soon as Maya Shen got off the car, she quickly walked to Haoden Ye and punched him hard on the chest, "What the hell are you doing today! It's causing me to lose face in the company!"

The words were very angry, but the strength of the hand was not great.

Haoden Ye would be a pure fool if he couldn't see his wife's state of mind at this point.

Women, well, it's normal to be happy when you're angry and angry when you're happy.

Grabbing Maya Shen's hand in one hand, Haoden Ye smiled a silly smile and scratched his head, "I don't know if it's useful or not, I'm just afraid you'll be angry!"

"Huh? Fearing I'm angry and you're embarrassing me, how am I supposed to manage the company now that everyone in the company knows?" Maya Shen struggled, her hand was firmly held by Haoden Ye, and she couldn't let go.

Seeing the beauty shy, Haoden Ye was momentarily emotional and hugged Maya Shen, whispering in her ear, "Maya, I love you, and I will never do anything wrong in this life!"

He was emotional when he said it, and his hand was unconsciously strong.

Maya Shen almost couldn't breathe as he hugged her, but feeling the deep affection in Haoden Ye's voice, Maya Shen finally stopped struggling.

Releasing Maya Shen, the two of them looked at each other deeply and finally kissed together.

“Haha, Headmaster Zhang is really over-praised, that son-in-law of mine likes to study these things, and it’s no use for me to keep advising him!”

In the car, Robert Shen’s face was red and glowing, and across from him sat President Zhang of Fosun University.

“Oh, Professor Shen is too modest, I didn’t believe in this Feng Shui stuff before, it was Mr. Ye who made me start studying my ancient Chinese culture, and now I’m a big fan of Feng Shui!”

Principal Zhang laughed and was admirably Confucian.

Seeing Principal Zhang’s erudite appearance, Robert Shen mentally sighed, if it wasn’t for Haoden Ye, how would he have the opportunity to have someone as prestigious as Principal Zhang drive him home?

But opening his mouth, Robert Shen did not dare to praise Haoden Ye in the slightest: “I dislike this brat’s low-key personality the most, capable of not liking publicity, and now even Maya has learned badly from him, being a vice president and not talking to his family!”

Principal Zhang laughed at the news and quickly said, “Although Mr. Ye is young, he is mature and steady, virtuous and seasoned...”

Halfway through his speech, two figures suddenly appeared in front of him.

Haoden Ye, who was mature, steady, and sophisticated as he spoke, was hugging and kissing a beautiful girl in broad daylight.

Principal Zhang’s cheeks twitched and he looked embarrassed.

Robert Shen also saw this scene, and his old face blushed!

The sound of the car alerted Haoden Ye and Maya Shen, and the two of them parted and turned their heads to look over at the same time, and saw Principal Zhang and Robert Shen getting off the car together.

Principal Zhang's face was a gentle smile, as if he had seen nothing just now, while Robert Shen's face turned red and looked like he hated the iron.

When Maya Shen saw the scene, her face felt like it was on fire as she turned around and ran home.

Haoden Ye was also very embarrassed psychologically, but it was good that he was experienced in awkward scenes, and his face was not red and he smiled and went over to greet him.

“Headmaster Zhang, what are you doing here!”

Haoden Ye's smile was very polite and courteous.

Robert Shen looked a little better, although the situation was awkward, but his son-in-law responded very appropriately.

Principal Zhang laughed, his cheerful voice overshadowing the embarrassment just now, and hurriedly said, “Our school's Feng Shui building has been constructed, and this isn't the time to send Professor Shen back today, so I'm going to talk to you about being a guest professor!”

Haoden Ye just remembered that he had promised Principal Zhang to be a professor.

Thinking of the word professor, Haoden Ye's cheeks got a little hot, he didn't think he was that knowledgeable.

“You can just make a phone call about this, why are you here in person!” Haoden Ye hurriedly said.

“Oh, I’d also like to stop by and see Professor Shen to see if he’s interested in teaching at our school!” Principal Zhang chuckled.

Robert Shen’s face heated up when he heard this, and although he knew it was dragging his son-in-law’s blessing, he still felt very honored.

That’s a university to Japan, and it’s many times better than your own university in Dan.

Haoden Ye was delighted to hear this and quickly expressed his gratitude to Principal Zhang.

The two men agreed on a time to go to Fosun University to set up a pulpit, and President Zhang left.

“Huh? Principal Zhang rewarded you with a trip, you’re too... even if you’re affectionate today, you can’t go home and then...”

As soon as Principal Zhang left, Robert Shen turned his face towards Haoden Ye.

Haoden Ye looked embarrassed and was busy compensating, “Dad, I’m really sorry, I was so excited just now that I forgot that this was home!”

Seeing his son-in-law admit his mistake so quickly, Robert Shen also put away his anger.

After all, he was in a good mood today, and besides, he was happy that his daughter and son-in-law had reconciled.

At night, when Haoden Ye and Maya Shen rested, they were naturally more intimate.

When we fought yesterday, Haoden Ye felt very sad, but today Haoden Ye instead felt that yesterday's fight didn't seem to be a bad thing.

At least Maya Shen is now able to accept many intimate acts, though the last hurdle is still unbreakable.

"Ya, do you have a nickname, Rainmo or something!"

Thinking of Zhao Chengyu, Haoden Ye asked Maya Shen who was holding in his arms.

"Rainmaker? What a familiar name, we grew up together, I don't have a nickname!"

Maya Shen also seemed to find the name Yu Mo familiar.

Asking for clarification on this matter, Haoden Ye mentally muttered again.

Who exactly is the rain ink that Zhao Chengyu is talking about?

The person he was talking about was clearly himself, but he didn't know anyone named Yu Mo!

"Aren't all rich people a bit sick!" Haoden Ye shrugged his shoulders and didn't think much of it.

"You've got a big problem,"

The Empire State KTV private room inside, Zhao Chengyu holding a willow waist thin eyebrows girl, a hand on the girl chest clothes inside.

Across from him was Lin Feng who was holding a beautiful girl.

The girl was probably not very old, she looked like she was fifteen or sixteen, and she was wearing high school clothes.

“Hehe, I’m making Zhao laugh, I like young ones!” Lin Feng held the girl up and down.

The girl didn’t seem to like his rude gesture, but feeling the weight of the wad of bills in her hand, she had to hold back.

“A lot of people don’t believe in the Chinese medicine of picking yin and tonifying yang, but I’m partial to this path, and this is the second one I’ve played with this month, and they’re all first-hand!”

Lin Feng sniffed the girl’s greenish scent and looked proud of himself.

With a flash of disgust in her eyes, Zhao Chengyu looked away from him.

He didn’t hate people who studied medicine, but he hated the fact that he was crazy about Chinese medicine to the extent that Lin Feng was.

“Did you find out everything you were told to find out?” With a glow in her eyes, Zhao Chengyu.

“Well, it’s all checked out and I’ve put out the word that I’m sure Jiao Yuchun will get the news soon!” Lin Feng smiled heedlessly.

Zhao Chengyu’s eyes slowly narrowed as the cold light in his eyes flickered.

## **Chapter 334**

“Haoden Ye, come over here right now, I’ve found the medicine you said!”

Early in the morning, Haoden Ye received a call from Jiao Yuchun.

Haoden Ye was naturally overjoyed and had to forcefully leave the beautiful woman he was holding in his arms.

“Hey, it was close!”

Haoden Ye recalled the two people’s closeness last night and mentally sighed.

Just a short time ago, he had the luxury of wanting to sleep with his own wife in his arms.

But now, the occasional act of intimacy is something the two men are used to.

After hurriedly eating breakfast, Haoden Ye arrived at the Spiritual Medicine Hall.

“I’ve already bought those herbs you mentioned, but they’re not in my possession yet!”

Upon meeting, Jiao Yuchun told Haoden Ye.

It turned out that the Spiritual Medicine Hall’s herbal library was divided into several by regions, especially for precious herbs, and each region did not easily give herbs to the others.

Unless it was a highly respected figure like Professor Hua who sought the medicine, and even then, he would have to get the herbs himself.

The Spiritual Medicine Hall also had internal trading of herbs, and usually held herb auction meetings.

“As you know, the medicinal herbs business has been too tight lately, and the medicinal want is even more money can’t buy it, I also just got the news yesterday, these herbs are being auctioned in our Dan City today!”

“Yes, please!” Haoden Ye’s heart rejoiced at Jiao Yuchun’s words.

The herbs would be fine as long as they were sold, but as for the money to buy them, you could borrow from Zyden first.

Haoden Ye first dialed Zyden’s number to borrow money from him, and Zyden was very happy and immediately called Haoden Ye 20 million.

These herbs were seven or eight million at most, and twenty million was Haoden Ye’s fear that because of the auction, the price of the herbs would be inflated.

After taking the money, the two men went to Dan Stadium.

A number of cars were already parked in front of the gym, and doctors in white coats from all grades headed inside.

“Doctor Jiao, it’s really you, I’m also a Dao enthusiast, and I’ve recently been researching an ancient text containing a study on pills!”

“I’m also working on a pill, but I’ve been refining it a few times without success!”

“I’ve studied your pain pills carefully and found that after the temperature is adjusted upwards, the refining effect is very good ah...”

As soon as Jiao Yuchun appeared, he was immediately surrounded by a large group of doctors.

However, Haoden Ye, who truly knew how to refine pills, was actually pushed away from Jiao Yuchun by them.

Facing these people, Jiao Yuchun also smiled bitterly.

He was just beginning to understand about alchemy, and his level of alchemy was not even as good as Lin Xiang.

At least cheerful Lin has Haoden Ye's personal advice!

Haoden Ye was mentally amused when he saw Jiao Yuchun's busy hands and feet.

"I'm going in first, so come see me when you're done!" After gesturing with Jiao Yuchun, Haoden Ye walked inside.

The gymnasium was already full of people, all doctors in white coats, a few of whom Haoden Ye even knew.

Casually finding a seat, Haoden Ye waited for the auction to begin.

"This brother, it looks like you're very young, you actually like Chinese medicine too, I wonder where you're high up!"

There were two people next to Haoden Ye's position, and he was passionately discussing alchemy when he arrived.

The one who was near Haoden Ye noticed someone coming next to him and turned his head to greet him warmly.

"I run my own clinic!" Haoden Ye also responded with a smile.

As soon as the man heard that Haoden Ye was running a clinic, his eyes quickly flashed with contempt.

“Oh, I see, my name is Anren, and I work as an attending physician at Yuzhou Spiritual Medicine Hall!”

An Ren’s look had a few smugnesses, while carrying a contempt for Haoden Ye’s work.

Haoden Ye smiled politely, as if he didn’t feel his contempt.

“Who are you talking to?”The doctor next to An Ren saw him talking to Haoden Ye and was curious.

“A man who runs a clinic!And nice to come too!”Anren laughed scornfully, in a very small voice.

He thought Haoden Ye couldn’t hear him, but Haoden Ye actually heard him clearly.

Soon, Jiao Yuchun finally walked in with a wretched face, surrounded by a number of doctors.

Sweeping his eyes across the stadium, Jiao Yuchun found Haoden Ye and waved to this side, wanting to let Haoden Ye over.

A few doctors around didn’t know he was waving at Haoden Ye, and they all looked surprised.

“Look, Dr. Jiao is waving over here, do we have a friend of his sitting over here?”Anren’s face was surprised.

A few of the surrounding doctors also looked left and right, seemingly trying to find Jiao Yuchun's friends.

"Oh, Dr. Jiao is the one who greeted me, we're usually on good terms!"

At this time, the doctor sitting in front of Haoden Ye smiled.

Upon hearing this, several of the surrounding doctors looked envious of him, and that man also pretended to wave at Jiao Yuchun.

Haoden Ye felt amused at that one word, but didn't break it down, and even waved his hand to Jiao Yuchun, indicating that he could just sit here by himself.

"Hmph, you wave even when people wave, like you know Dr. Jiao!"

"That's right, pretend what?"

Someone behind Haoden Ye sneered, and An Ren also noticed Haoden Ye's actions and smiled with disdain.

"What's the face that follows, you know Dr. Jiao even though you're a clinic owner?"

When a loud noise sounded, the noisy stadium quieted down.

Soon, up on the podium came a row of beautifully shaped girls in red dresses, each holding a plate with a variety of herbs inside.

Following them up was a lab coat.

Haoden Ye was far away from the podium, yet he could quickly determine the types of these herbs and immediately found the ones he needed.

As he was watching, Haoden Ye felt two gazes looking at him coldly.

When I turned my head, I noticed that there was a person sitting in a row of VIP seats below the podium, and it was Lin Feng.

“He didn’t even leave Dan City!” Haoden Ye was surprised, and an ominous premonition arose abruptly.

Soon, the host loudly announced the start of the auction and all the doctors hit their stride.

The first drug to be auctioned was a fifty year old red snow lotus, and the presenter had just said the name and the bidding began on stage.

“Five million!”

“Six million!”

The bidding grew stronger and faster with each passing moment.

The host didn’t bother to describe the medicinal properties, but everyone knew anyway.

Haoden Ye stared at Red Snow Lotus, his brows furrowed as he saw that Lin Feng was staring at him closely, apparently as long as he shouted the price, Lin Feng would follow up!

“Ten million!”

When the price shouted to eight million, Lin Feng suddenly shouted loudly and stood up from his chair.

Hearing this voice, the surrounding doctors all turned pale.

“I’ll go, you’re the one who runs a clinic and spends so much money on drugs!”

“This person isn’t sick, although Red Snow Lotus is older and a little better, but the medicinal value of this herb is just a little, it’s a loss to spend so much money!”

## **Chapter 335**

“At this high price, there should be no competition, the fool!”

The people around them scoffed, and An Ren sat next to Haoden Ye, too embarrassed to speak loudly, but also whispered to the doctor next to him.

In the midst of the crowd’s surprise, another voice sounded, “Twelve million!”

The voice rang out, shocking the room.

Because the one shouting the price was Lin Feng!

Several people around Haoden Ye stared, no one dared to squeak!

Haoden Ye and the others didn’t know, but Lin Feng and the others were clear.

The Lin family’s Chinese medicine genius, a master of thousands of favorites in one!

He was willing to say over ten million dollars to buy this medicine, obviously there was more to this medicine than that.

“Thirteen million!”

It wasn't Lin Feng or Haoden Ye who was shouting.

Perhaps the family was rich and had seen Lin Feng shouting his price, this person felt that the red snow lotus had a special value.

“Fourteen million!”

Haoden Ye didn't hesitate to shout out the price again, shocking everyone here with another mental jump.

And then Jiao Yuchun also turned her head to look at Haoden Ye, her face surprised.

There was no Red Snow Lotus in the herbs that Haoden Ye asked for!

But he didn't know Haoden Ye's purpose, so naturally he wouldn't stop it.

“Fifteen million!”

Lin Feng followed Haoden Ye's shouted price with a sneer in the corner of his mouth, it was as if he was saying, “Sparring with me for money, do you have the ability to do that?”

In the stadium, many doctors also saw that the two men were competing, and they all also Haoden Ye showed a disdainful smile.

“Can you spell money with the Foresters?”

“Not at your own risk, Lin Shao is famous for being rich, there are countless expensive herbs in people's homes, and you can take away the herbs he wants from him?”

Even the few people around Haoden Ye were rude enough to start mocking Haoden Ye.

“Twenty million!”

When Haoden Ye shouted out the price, the host on stage was about to faint.

God forbid, this drug will only sell for 2 million at most!

The girl who was holding the red snow lotus had her hands shaking, afraid that the medicine would fall on the ground and people wouldn't want it.

Haoden Ye's words were still painless, as if money was paper in his hands!

Twenty million dollars for a Red Sheridan and some of the psychologically challenged doctors in the stadium are on the verge of vomiting blood!

Haoden Ye dared to spend 20 million on this herb, so naturally he could sell it for 20 million or more in value.

He thought of a fire-removing drug that could cure some of the persistent ailments of the elderly.

Lots of rich and older people who need it, even if they can't sell it, can sell it to Zyden!

Simen Holander is not getting any younger, he should be having health problems too!

When he heard the price of twenty million, Lin Feng's face hardened, but soon, he gritted his teeth and said, “Twenty-one million!”

After shouting out the price, he looked at Haoden Ye coldly!

The people in the stadium all took a breath and stared at Haoden Ye, waiting for him to shout out a higher price.

However, Haoden Ye didn't make a sound and returned to his seat with a smug smile on his lips.

In an instant, everyone understood what he was doing, their eyes were strange and they looked over at Lin Feng.

At that moment, Lin Feng's face was rigid, his originally white face reddened, as if he wanted to curse!

This competition with Haoden Ye was to buy one of the herbs that Haoden Ye needed.

When Haoden Ye competed on top of the Red Snow Lotus, he was puzzled but still shouted along with the price.

20 million for a Red Snow Lotus. It hurts him to think about it!

Even if he was a member of the Lin family, the money he had was limited.

However, for the sake of the Lin family's face, he couldn't get angry yet, so he could only sit down and smirk proudly at Haoden Ye, indicating that he had won.

A few auctioned herbs later, Haoden Ye didn't shout the price, and the price did more than sell for three million.

Every time the host gave out the names of the herbs, he kept a close eye on Haoden Ye.

Two million red snow lotuses could make Haoden Ye shout for twenty million, wasn't he still the lucky star of tonight's auction?

Unfortunately, several herbs in a row, and Haoden Ye didn't shout the price.

"The herb being auctioned below is called Black Deer Antler, taken from above the thirty-year-old Sika Deer, with a reserve price of one and a half million!"

As soon as the host finished quoting the price, Haoden Ye shouted, "Two million!"

This time Lin Feng had learned wisely, he wouldn't shout the price without the herbs Haoden Ye had specified!

"Two and a half million!"

"Three million!"

"Three million one hundred thousand!"

"Four million!"

This black deer antler, the starting bid was one and a half million, yet Haoden Ye's rate of increase was not one hundred thousand one hundred thousand, but half a million five hundred thousand.

At first, the two people competing with him were mouthing off to fight, but then they were shocked by Haoden Ye's boldness and didn't even dare to fight!

"Four hundred deal!"

The host dropped the hammer and the black deer antler went to Haoden Ye.

Lin Feng turned his head and looked at Haoden Ye with a disdainful sneer, and said in his heart, "Silly, I won't follow the camera this time, let's see how many times you can shout!"

Haoden Ye got up and walked up to the podium in full view of the crowd.

"Hey, this douchebag is probably going to suffer!"

"Haha, just counted out Lin Shao, now Lin Shao won't follow the price, take a loss, four million for a black deer antler, he even dares to think!"

Amidst the mocking voices, Haoden Ye walked to the edge of the podium.

"Brother Ye, you've lost this time, four million for a black deer antler, you don't play like that!"

Jiao Yuchun pulled at Haoden Ye and laughed bitterly for hours.

Haoden Ye smiled slightly and said, "You'll find out later!"

But then Haoden Ye walked up to the podium and received the deer antler from a beautiful woman.

He didn't go down immediately, however, but returned the plate to the beauty and cupped the deer antler in his hand.

"What a profligate waste! How dare you use your hands to get herbs!"

"Has this man learned Chinese medicine ah, herbs are not to be held by hand, sweat and soak herbs, especially this kind of herbs that are more absorbent!"

An angry voice rang out from the stage, feeling like Haoden Ye was insulting TCM by taking the stage.

The host couldn't watch anymore either and frowned, "This gentleman, you'd better not...ah!"

He was only halfway through, but then he saw Haoden Ye suddenly grip the deer antler with both hands and break it off from this!

You know, deer antler is the most taboo herb to break off, who knows if you're not taking a bad graft with a substandard one?

Maintaining integrity is one of the roles of herbs.

The host was about to break into a rant when his eyes saw something and his face changed instantly!

"Quick! Give the shot to Deer Antler now!" The host suddenly shouted.

The cameraman focused his camera on the antler and everyone's face changed when they saw the image on the screen.

Inside that black deer antler was a blood red!

"No! It's not black deer antler, it's red deer antler!"

"My God, how did he see that, you know, out of a thousand black deer antlers, not even one of them is red!"

When Lin Feng below saw this scene, his mouth fell open.

Red deer antler, hard to find, worth, \$14 million!

## **Chapter 336**

One by one, the people in the audience repented their guts, and none of them dared to call Haoden Ye stupid anymore.

However, at this point in every heart, there was more surprise.

How did Haoden Ye know that it wasn't a black deer antler, but a red deer antler?

"This red deer antler, the host help estimate the price, I'm going to sell it here!"

Amidst the admiring gazes of the crowd, Haoden Ye smiled at the host.

The host was still in amazement, if Haoden Ye didn't speak, he would have forgotten that he was hosting the auction.

"Ah! This red deer antler, we can auction it now!"

"Twenty-one million!"

As soon as the host finished speaking, the people below had already started shouting their prices.

Nothing else, this herb is hard to come by!

"Twenty-two million!"

The prices kept skyrocketing upward, and at first they were still shouted by some rich people, but then they started to be shouted by a particular hospital, or by a group of people.

In the end, the red deer antler was sold for thirty million dollars.

On the auction site, everyone was looking at Haoden Ye with envious faces.

Four million for something that sold for 30 million!

And Lin Feng's intestines were regretting at this point, secretly making a note to bid with Haoden Ye for the next herbs.

Back in their seats, the few people around them looked at Haoden Ye with no more of the contempt they had earlier.

"Dr. Ye you're amazing, I never thought you could tell that there's still material inside this black deer antler, come to our hospital and guide us sometime!"

"Oh, but it's just because I was exposed to deer antlers as a child!" Haoden Ye casually found an excuse to stall.

The next medicinal herb, Haoden Ye still didn't shout the price, but everyone's eyes kept staring at him, as if they wanted to see something on his face.

Finally, another not-so-expensive medicinal herb arrived, and when the host just popped out the herb, Haoden Ye's eyes just glazed over.

Everyone was energized, and Lin Feng was also energized.

It was the host's face also showed joy, although he couldn't earn any money, but it was good to see Haoden Ye witness the miracle.

"The starting bid for this three-hundred-year-old lingzhi is half a million!"

As soon as the host finished speaking, Haoden Ye raised his hand.

And right after he raised his hand, Lin Feng also raised his hand.

The auction gradually began to heat up as two people shouted prices, starting with just half a million dollars, which wasn't enough to move everyone's emotions.

Someone kept shouting for a million dollars, and the atmosphere in the audience eventually warmed up.

“A million and a half!”

“Two million!”

Half a million dollars for herbs was two million dollars too high in just a few minutes.

At this price, some people began to doubt whether Haoden Ye was right or not, after all, hundreds of thousands of prices they could still afford, but millions of words will have to be considered.

There were fewer people shouting prices at this time, but the atmosphere offstage was growing more and more passionate.

“Five million!”

When the price shouted three million, Haoden Ye suddenly stood up and spoke loudly.

Hearing him shout the price, Lin Feng also immediately stood up and said loudly, “Six million!”

Before the auction has not been millions and millions of dollars of markups, and now the face hosts have no chance to open their mouths, and it's completely a competition between two people.

The atmosphere in the audience boiled down to a few points, and every million added to it was followed by a cheer.

The little girl on the stage who was carrying the herbs was already trembling with petite trembling, and she was really afraid that her hands would be unsteady and she would drop the herbs on the ground.

“Eight million!” Lin Feng’s forehead was cold and sweaty at this point, it was too late for him to retreat when things reached this point.

“Nine million!” Haoden Ye didn’t hesitate to shout out the price.

Lin Feng’s body began to tremble and his hands began to shake in shock.

He had already lost tens of millions of dollars today, and if this medicinal herb was counted again, he wouldn’t have the money to fight with Haoden Ye.

Even with Zhao Chengyu’s help again, he couldn’t take much money.

Seeing that Lin Feng didn’t speak, voices of discussion rang out under the stage.

“Why isn’t Lin talking, is he out of money?”

“Haha, so Lin Shao is silvery too, I thought he was so rich!”

“By the way, no one in the Lin family takes him Lin Feng seriously, so I guess he’s broke!”

Voices were rising and falling, some of them had reached Lin Feng’s ears.

At higher positions, sometimes it’s not that you want to fight for it, it’s that someone keeps pushing you!

“Ten million!” Gritting his teeth with force, Lin Feng shouted out a new price.

Now, the audience was quiet, and the host held the microphone excitedly, his eyes falling on Haoden Ye.

“Ten million at a time!”

“Ten million two times...”

Under everyone’s gaze commentary, Haoden Ye didn’t even move his buttocks and yawned lazily.

Lin Feng only felt a chill down his spine, he was trapped!

Ten million three times!

The host gazed at Lin Feng and beamed with joy, “Congratulations Dr. Lin, ten million dollars for this three hundred year...cough cough!”

At this point, the host suddenly giggled.

Half a million dollars for something that sold for ten million, but he couldn’t even think about it.

Gritting his teeth, Lin Feng took the medicine and now had the heart to cry!

The people below laughed out loud as they watched Lin Feng get off the stage.

“Next, a twenty year old rosewood, which, as you know, costs...”

The host began to introduce the next herb, Rosewood, which no one even needed.

Because it's barely called a medicine, it has very little medical value.

And it's not just low, it's very dangerous to use this stuff.

The slightest overdose is poison!

"This rosewood, the starting bid is two hundred thousand!"

The presenter quoted the price, but no one asked for it.

Lin Feng's eyes condensed when he heard the name of Rosewood, according to the information he had asked about, Jiao Yuchun was looking for this Rosewood that grew in the southern borderlands in the past two days.

As to why he had to grow in the southern borderlands, he didn't know, only that Haoden Ye needed it.

"Five million!"

Gritting his teeth, Lin Feng stood up and shouted out a price.

He knew that Haoden Ye must also want this medicine, so he started off with a five million dollar auction.

It was already starting to get cold, but everyone was shocked to hear Lin Feng's words.

"Is Lin Shao crazy? Five million for a rosewood!"

"True to his reputation, Lin Shao is just a big spender, we just thought he was broke!"

The people who questioned Lin Feng just now all changed their minds.

Lin Feng slowly turned his head to look over at Haoden Ye, a smirk on his lips.

He's out of money now, and only hopes that Zhao Chengyu will take over the money to buy this rosewood!

Haoden Ye looked at the rosewood and smiled bitterly in his heart, he thought he had consumed Lin Feng out of temper, he never thought he would really compete with himself on this medicine.

It is an insult to a poor man who also dares to compete with himself in terms of money.

## **Chapter 337**

Hearing Lin Feng's offer, the host almost didn't fall down laughing.

He had seen that Lin Feng was intent on competing with Haoden Ye!

I wonder what price Haoden Ye can shout out?

However, Haoden Ye didn't include a price or even look up, he just looked down at his phone, as if he was texting.

Many people present were somewhat disappointed, having thought that there was a good show, picking up on Haoden Ye not responding to the fight.

"This man is too much of a wimp!"

"You're good at it, how dare you spar with someone else, Lin?"

Many voices of discussion rang out under the stage, eyes betting on Haoden Ye.

When Lin Feng saw Haoden Ye's indifferent appearance, his brows furrowed.

"Could it be that he doesn't want the herbs?"

As he was muttering, Jiao Yuchun's phone rang beside him, and he picked it up and took a look at it, a smirk on his lips.

Slowly, Jiao Yuchun stood up and said loudly, "Doctors, I actually need this rosewood more, I recently developed a pill that can make the body produce body lifting aromas, and I'm about to use this rosewood!"

Everyone turned pale when they heard his words.

Jiao Yuchun had even developed a new medicinal herb, and it was still using this rosewood.

For a moment, everyone listened intently.

Even the on-stage host, who forgot to quote the price.

Especially those girls, their eyes lit up once they heard Jiao Yuchun's words.

"Of course, the effects of this pill will only last about a year, but this one Rosewood is capable of refining nearly three hundred of these pills if refined!"

Three hundred pills wasn't much, but it was very good to make one's body spontaneously produce the scent of rosewood.

For a while, I don't know how many people were jealous of this kind of pills.

"Ahem, but if we compete today, I'm only afraid I won't be able to compete with this Dr. Lin, so I'd like to help shout out the price while we do it, and we'll all pool our money!"

“If it’s based on the final price and what each of you contributed, the pills I refined will be given to each of you separately!”

Jiao Yuchun was afraid of being interrupted, so he finished all his words in one breath.

He, however, didn’t think to interrupt Lin Feng at all, because he, like everyone else, was really calmed down by Jiao Yuchun’s words!

It can produce a year’s worth of natural body odor, perhaps nothing to the average person.

But for rich people, it’s the equivalent of superpowers, especially for rich women.

Spending thousands of dollars to make yourself smell good for a year without any perfume, that’s like a dream!

As for the efficacy of the medicine, of course no one would doubt it, Jiao Yuchun had such a big sign right there, he dared to say anything?

“I’ll give you six million dollars for all these medicines!”

Immediately someone shouted!

Lin Feng’s teeth were clenched, he didn’t have that much money to spar with the whole crowd!

However, he would be very happy to inflate the price a bit and make all these people lose.

“Seven million!” Lin Feng coldly snorted to.

“I’ll add two million, eight million!”

“I’ll add three million, nine million!”

Lin Feng had just shouted out a price, and without him having to raise it, the people below had started shouting out prices themselves.

Anyone would want to get two of these pills for themselves and resell them for enough money!

Seeing the excitement all over the arena, Lin Feng clenched his fist fiercely!

“Hmph, you have a total of three herbs, I’m not going to fight you on this one!” Slowly sitting down, Lin Feng revealed a cold smile.

The people shouting from the stage raised the price again and again, and eventually the sandalwood was sold for twelve million dollars.

Seeing this price, Jiao Yuchun also smiled bitterly.

You know, he’s the one who made the promise, and if the medicine doesn’t work, he won’t have to be a man anymore!

He turned his head to look away and told Haoden Ye with his eyes, “Next time can you not put me on this kind of thing!”

Haoden Ye smiled bitterly when he saw that the price was inflated, so much.

Counting the money he borrowed from Zyden, he now has over forty million in his hand, within these two herbs, sandalwood he’s not worried, what about the others?

When this side of Haoden Ye was worried, Lin Feng looked over to the distance.

There sat a man who had always been very low-key, Zhao Chengyu.

As soon as a sneer flashed across his lips, Zhao Chengyu trailed off.

Small family, just a few tens of millions, and you're scared into this.

"The next medicinal herb is rare, it's a single purple pearl from the East Sea, the current market price is two million, now please bid!"

The host finally announced the next medicinal herbs, and Haoden Ye's eyes gathered.

This time, he had to really fight it out.

"Ten million!"

In the opening, Haoden Ye shouted out five times the price.

The host almost didn't vomit blood on the spot, he hadn't encountered such a situation since he hosted the auction.

"Thirty million!"

While the crowd was stunned by Haoden Ye's shouted price, Lin Feng also shouted out the price.

A few of the young girls on the stage blushed and almost didn't jump to embrace the dirt.

Is this an auction? This is Red.Naked.A naked display of wealth!

For ordinary people, it's good to be able to afford a few million, but ten million, that's an extravagant fortune that some people can never hope for in their entire lives!

“Thirty million!”

Haoden Ye's sale was also unquestionable and crisp.

Everyone's eyes were focused on Lin Feng, hoping that he would shout a higher price.

However, it was not expected that Lin Feng would not be able to eat at this time.

Thirty million! Even for him, that's a lot of money to spend.

“Zhao Chengyu will help me!”

After swallowing heavily, Lin Feng slowly stood up.

Before he could open his mouth, a voice suddenly shouted, “Forty million!”

Everyone was stunned and turned their heads to look over, but they saw Jiao Yuchun holding up a sign, his lips trembling.

No one had been paying attention to him, and only when the herbs were just there was the crowd's attention on him.

Of course, no one knew that Jiao Yuchun's heart was about to explode now as well.

He couldn't take the torture anymore, and he couldn't take a \$10 million increase at a time.

Lin Feng was also dumbfounded when he heard the price of 40 million, he turned his head and looked at Zhao Chengyu from afar.

At this time, Zhao Chengyu was also dumbfounded, forty million dollars was not a lot for him.

“Fifty million!” Zhao Chengyu nodded lightly to Lin Feng, who got his signal to increase the price quickly.

Fifty million, that’s as much as he can sell!

Fifty million?

Haoden Ye saw the price and frowned.

He really doesn’t have that much money right now, so what if he shoots it and doesn’t have the money to pay later?

Although he was able to get such a large amount of money in a short period of time, it didn’t mean that Haoden Ye was going to borrow it again.

In his mind, he will only spend as much money as he can earn.

Except, of course, helping others.

## **Chapter 338**

After thinking about it, Haoden Ye still shook his head.

This herb was very important to Lin Yao but not worth the money Haoden Ye would have spent on it!

“Fifty million three times, deal!”

The host had cold sweat on his forehead and his legs had begun to weaken.

This is the fourth overpriced product sold today, dozens of times higher than originally expected!

“It’s a huge profit, it’s a huge profit!”

According to the commission, he can take at least eight million this time, more than he dared to host earn in his life ah!

Looking at the medicinal herbs being taken away by Lin Feng, Haoden Ye frowned.

Lin Feng looked proud to be on stage, picking up the herbs and heading down, smiling proudly as he swept his gaze over Haoden Ye.

Stealing a woman from Zhao, that’s what happens.

Haoden Ye’s side was in deep contemplation, missing a medicinal herb, meaning the second stage of treatment was basically wasted.

Of course, there was also a possibility of success, which was to use the other two herbs to refine himself into a special physique, similar to Sun Yuxuan’s kind of physique, which might still be useful.

Haoden Ye contemplated for a long time, but in the end, he didn’t think of a way out, so it seemed that he would have to continue searching for herbs.

The auction continued, and Haoden Ye focused his attention, waiting for the next herb.

Finally, the third herb appeared.

This herb is also the last of its kind, called Enlightenment Tear, which is a special kind of jade.

“This herb has a residual effect on the skin, of course, the effect is not very good, but this herb is durable and the reserve price is five million!”

After the host finished speaking, everyone else stopped looking and stared specifically at Haoden Ye.

This kid today real his lucky stars ah, he came, what herbs prices have gone up.

“Ten million!”

However, it wasn't Haoden Ye who shouted the price, but Jiao Yuchun.

His heart had been beating very fast since just now.

The high price difference had already caused him a nervous breakdown, and he couldn't afford to do it again.

This shouted price had the hosts stumped.

But his eyes were still on Haoden Ye, hoping that he would shout out a higher price,so much so that he forgot about the countdown.

The people on the stage also forgot about any countdown and were all concentrating on Haoden Ye and Lin Feng.

Lin Feng began to laugh bitterly when he heard Jiao Yuchun directly quote a price of forty million.

How could this contest not be a test for him?

Gulping, Lin Feng stood up and subconsciously looked over at Zhao Chengyu.

At this price, Zhao Chengyu couldn't take it anymore.

He'd achieved his goal today, there was no need to shout anymore!

Lin Feng could only sit back in disappointment as he saw this, another time to make a fool of himself had arrived.

The sudden lull was a bit overwhelming for the host.

Offstage, however, Jiao Yuchun couldn't hold on any longer and shouted, "Countdown!"

The host reacts and quickly starts the countdown.

There was no suspense at all in this auction, and Jiao Yuchun got the herbs.

But the hosts are already very pleased with the income, which is already very substantial today.

Feeling a cold sweat, Anren, who was next to Haoden Ye, stood up and prepared to exit the stage.

Glancing over at Haoden Ye, he was about to extend his hand to shake, when he suddenly remembered something.

Like this kid didn't get one thing tonight!

He jacked up the prices, and it's all gone to someone else!

"I'll be damned, we're giving this guy the runaround!"

With a pat on the head, An Ren was like a wise man who had discovered a major conspiracy, saying in his heart, "This brat must have a backstage, maybe he just discussed with the Spiritual Medicine Hall to deliberately raise the price, as for that red deer antler, he should have known about the situation."

At the thought of this, An Ren's face went cold and spoke indifferently to Haoden Ye, "Please this gentleman get out of the way, I'm going out!"

The people around him were all wondering about his attitude, when they were all very fearful of Haoden Ye.

Anren felt the surprised gazes of the crowd and had a smug look on his face.

"Bunch of idiots, only someone as smart as me could have found out the secret!"

The crowd exited one after another, and Haoden Ye also got up and walked to Jiao Yuchun.

Just after reaching Jiao Yuchun, I saw that Jiao Yuchun had taken the purple pearl out and deliberately played with it in his hand.

"Hey!Some people just don't measure themselves, and they even want to compete with us Lin Clan for things, without weighing their own weight!"

Lin Feng looked smug, his gaze cold as he looked at Haoden Ye.

Jiao Yuchun had gone through some life and death torture, this time his chest was holding a lot of energy, his face changed when he heard this, and he glared at Lin Feng, "Surnamed Lin, what do you mean!"

"What?Dr. Jiao wants to mess with me too?"

Lin Feng's eyes narrowed slightly, a great deal of intake of light.

Everyone around them saw the fight over here and looked like they were watching.

The host and a couple of young girls on stage were supposed to be off the stage, and when they heard the noise over here, they all looked like they were looking at gossip.

The gods were fighting, and they were most happy with this next little man.

If it was before, Jiao Yuchun wouldn't have dared to talk to Lin Feng like that, but he was so emotional now that he had forgotten Lin Feng's position.

"What's wrong? Is Dan City your home? Is Warsaw owned by your family? That's my temper. I can't stand to see you messing with me."

Jiao Yuchun stalked his neck and glared at Lin Feng.

Lin Feng was furious, he had taken a beating from Haoden Ye and that was because Haoden Ye had Zyden covering him, this Jiao Yuchun also dared to go against him.

Furious, he suddenly thought of today's plan, so he had to hold his anger and smiled mockingly at the corners of his mouth, "Oh, I'm not even bothering to fix a lesser like you!"

Jiao Yuchun sneered, Lin Feng's gaze turned to Haoden Ye, "Surnamed Ye, I, Lin Feng, am not an unfeeling person, after all, we have had a fight, it's not a fight, you want this purple pearl easy, just kneel down to me here, this purple pearl is for you!"

Everyone present frowned at this, Lin Feng's request was too expensive.

However, many people still couldn't help but hesitate, knowing that this purple pearl could be sold for millions at the very least, it wouldn't be a loss to kneel down for a few million.

To be honest, Haoden Ye hesitated when he heard this.

According to his personality, it would be good not to hit Lin Feng at this point, yet thinking about Lin Xiang's condition...

This illness couldn't be delayed any longer, and if it was to save lives, it wouldn't hurt to have him kneel down to Lin Feng!

While Haoden Ye was hesitating, a voice slavishly snorted, "Outrageous, surnamed Lin you're great, aren't you?"

The voice is strong and invigorating to listen to.

Everyone looked over in the direction of the sound, but a ridiculously handsome man walked out of the crowd!

Raising his hands and feet, he is a star, and even with such eyes, he still maintains a perfect demeanor.

## **Chapter 339**

"So handsome!"

When this man appeared, the girls on stage screamed.

It was offstage, and many men couldn't help but look envious at the sight of it.

"Mr. Choo!" Haoden Ye's face was surprised when he saw Zhao Chengyu coming.

“Dr. Yeh!” Zhao Chengyu was polite and smiled at Haoden Ye.

“Isn’t he... isn’t he just Zhao Chengyu!”

“Oh my god, Zhao Chengyu has even come to Warsaw? How come there’s no domestic coverage?”

For a moment, the entire stadium was boiling.

After all, it’s not every day that you see an international star like Zhao Chengyu.

The girls went even more crazy one by one, screaming and shouting Zhao Chengyu’s name.

Eyeing the crowd, Zhao Chengyu revealed a charming smile.

Seeing his graceful appearance, Haoden Ye and Jiao Yuchun looked at each other and couldn’t help but both start to feel inferior.

In terms of being handsome, Haoden Ye was clearly no match for Jiao Yuchun, who was inferior to Lin Feng, and this Zhao Chengyu, who was directly a few streets behind Lin Feng!

“Hello everyone, it’s a pleasure to meet you all here, I personally prefer Chinese medicine, so I’m here in disguise today, I hope I don’t cause any inconvenience!”

Zhao Chengyu smiled politely at the crowd, eliciting a chorus of admiration.

However, soon, Zhao Chengyu’s words changed and pointed at Lin Feng, “But this Doctor Lin’s character is really too much for me to compliment, I’m a

member of the Zhao family and have some connections with the Lin family, and I'm most uncomfortable with this kind of person!"

A good-looking man, whether his word counts or not, is believed in the first place.

At one point, everyone clapped.

"Mr. Zhao, you've really misunderstood, this Dr. Lin and I were just joking!"

Lin Feng had been revealing a fearful look since Zhao Chengyu appeared, and at this time, he was even more obsequious, obviously afraid of Zhao Chengyu.

Behaving this way, the part-time job is vastly different from the one he just had.

"Hmph, seeing Mr. Zhao coming and wimping out, what a loser!"

"And the Lin family, he's got no temper when people come to Mr. Zhao, right!"

Cold and sarcastic voices rang out, and Lin Feng's face was ugly when he heard them.

"Hmph, I'll buy your purple pearl for how much it costs!"

Zhao Chengyu snorted coldly and said righteously, "In the hands of someone like you, it shouldn't be used out!"

"If Mr. Zhao wants it, he can just give it to you, it's only a matter of tens of millions, how can I not give you this face?"

As soon as Lin Feng heard this, he quickly handed the pearls to Zhao Chengyu with both hands.

Seeing this, the crowd became even more fearful of Zhao Chengyu, to be able to make the Lin Clan fear this much, this Zhao Chengyu was really something!

“Hmph, is my Zhao family greedy for small bargains? You bought this drug for forty million, I’ll give you eighty million!”

Zhao Chengyu snorted and took the medicine from Lin Feng’s hand, turning it over to Haoden Ye, “Mr. Ye, I believe in your character, so I’ll give you this medicine!”

Seeing Zhao Chengyu’s actions, whoever was present didn’t give a thumbs up.

Which of the rich people nowadays are as generous and selfless as Zhao Chengyu?

Lin Feng’s performance just now, everyone naturally thought of him as a bad guy, and the fact that Zhao Chengyu was so righteous in helping Haoden Ye made everyone think a little higher of him.

Even Haoden Ye couldn’t help but have a look of gratitude on his face.

Jiao Yuchun glanced proudly at Lin Feng and turned to smile at Zhao Chengyu, “Thank you Mr. Zhao, this medicine money is considered to be what our Spiritual Medicine Hall and Mr. Ye owe you together!”

“Haha!” Zhao Chengyu smiled cheerfully and waved his hand, “Tens of millions of dollars is nothing big!!, Zhao Chengyu, make friends and never look at money!”

This speech made Lin Feng and Jiao Yuchun applaud him.

“That’s good to hear from Mr. Zhao, from now on, Jiao Yuchun’s friend!” Jiao Yuchun nodded excitedly.

“Oh, thank you Dr. Jiao!” Zhao Chengyu smiled slightly and threw his gaze at Haoden Ye.

Obviously, he was waiting for Haoden Ye’s statement.

As he turned his head, so did the others.

Countless pairs of eyes looked at Haoden Ye, as if they were waiting for Haoden Ye to say the same thing.

However, as if he was demented, Haoden Ye ignored Zhao Chengyu at all, instead staring at Jiao Yuchun.

Just as Jiao Yuchun uttered the words just now, a cloud of purple-black gas lingered above his head.

Among the colors Haoden Ye could see by looking at his Qi, different colors had different meanings, and the purple and black on Jiao Yuchun’s forehead was something he had never seen before.

But he could also see that this color was doom.

“Haoden Ye, what are you waiting for, Mr. Zhao is so righteous and you still don’t consider him a friend?” Jiao Yuchun saw Haoden Ye staring at him and didn’t have a good mood.

“Huh?” Haoden Ye snapped back to his senses and his eyes fell on Zhao Chengyu.

There wasn't anything wrong with this person overall, but why did Jiao Yuchun's forehead produce purple and black gas?

Muttering in his heart, Haoden Ye became cautious and quickly smiled, "Thank you, Mr. Zhao!" Finish picking up the purple pearl.

Hearing his words, everyone present shook their heads inwardly.

"How can this man be like this, how nice people are to him Mr. Zhao, and he won't even give him face!"

"What character! Mr. Chiu is so kind to the donkey!"

Many people quietly muttered, all of them despising Haoden Ye!

Even Jiao Yuchun's face became ugly, giving Haoden Ye a hard look.

"Oh, everyone has their own aspirations, maybe Mr. Ye doesn't like a gentry like me!" Zhao Chengyu smiled cheerfully without any anger at all, and everyone who looked at him couldn't help but be in awe.

"The herbs have arrived, so we'll leave it at that!"

Faced with Zhao Chengyu's broad-mindedness, Haoden Ye, always neither cold nor hot, said something to Jiao Yuchun and dragged him out.

The crowd shook their heads as they watched the two of them leave.

And Zhao Chengyu's eyes narrowed as he watched Haoden Ye's back as he left.

"I'm underestimating this kid, but I'm not even touched!"

Zhao Chengyu had an intriguing smile on his lips, “Hmph, I, Zhao Chengyu, have made a move, and there is no one I can’t take down yet, sooner or later I’ll let you know what it’s like to be sold and still count his money!”

Haoden Ye pulled Jiao Yuchun away from the gym, Jiao Yuchun forcefully shook off Haoden Ye’s hand and looked unhappy, “Brother Ye, Mr. Zhao is so kind and righteous to us, why don’t you give him any face at all!”

Haoden Ye rolled a big white eye at him, “Do I think I understand this?But... there’s one thing I don’t understand right now, and until I do, we’ll try to have as little contact with this Mr. Zhao as possible!”

He didn’t know if his prediction was right or not, it was obvious that Jiao Yuchun’s bad luck had something to do with Zhang Chengyu, but it didn’t mean that Zhang Chengyu was the bad guy.

## **Chapter 340**

“What is it?” Jiao Yuchun looked unhappy.

Zhao Chengyu but spent eighty million to help two people this favor, Haoden Ye did not even have a word of thanks, it is too hard to say.

Haoden Ye didn’t want to say it, but now that he was upset, he had to frown, “When you just said the words about putting Zhao Chengyu, I saw blackness on your forehead!”

Jiao Yuchun was startled at first, but he didn’t react at first, and he kept remembering that Haoden Ye could read faces, and that’s when his face changed.

“What’s going on!You said I had bad luck!” Jiao Yuchun looked ugly.

After the excitement of today, how could he not be nervous to hear that now?

Nodding lightly, Haoden Ye said, "Good, don't be nervous yet, I'll help you out!"

Jiao Yuchun looked a little more relaxed at the news, but was still apprehensive.

Suddenly he thought of something and slapped his thigh, "Does the fact that I've made that Zhao Chengyu my friend mean that I'm going to be unlucky, does that mean that he's not a good person?"

As he said this, Haoden Ye noticed that the breath on his forehead flickered slightly, visibly fading.

"So that's it!" Haoden Ye came to a sudden realization!

A look at qi looks at one's future qi, and as one's thoughts change, and the qi of others changes, the qi of those around him changes.

For example, the Shen family, because of Haoden Ye, the qi on their original foreheads was changing.

Usually unless something big happened, Haoden Ye couldn't see it, but when Jiao Yuchun changed his mind, the qi on his forehead started to fade, which meant that he might be able to transit.

"Good!" Haoden Ye nodded affirmatively and looked at Jiao Yuchun's forehead, "This Zhao Chengyu must not be a good person!"

Jiao Yuchun frowned at the news, carefully recalling every aspect of his meeting with Zhao Chengyu, as if he hoped to find something suspicious about the man.

Yet after thinking about it, he had always thought the man was a good person.

There was even a moment when he wondered if Haoden Ye didn't want to present someone with this favor, so he said it on purpose.

But Haoden Ye had just rejected Zhao Chengyu's befriending in front of so many people, it was already looked down upon, so why say that to yourself?

"This Zhao Chengyu would be too scary if he really came looking for trouble!"

Jiao Yuchun thought about what had just happened and mentally panted, whirling around to Haoden Ye and wondering, "How exactly did you guys meet?"

Haoden Ye said what happened yesterday, which was why he said, "I don't even know the Rain Mo he's talking about!"

Jiao Yuchun was also muddled, and his eyelids rolled over, "Didn't you make it clear to him and ask who the hell is Yu Mo? But..." here, he thought for a moment, "I do know one called Rainmo!"

Haoden Ye was energized by this, or maybe Zhao Chengyu was mistaken, the person he actually wanted to find was Jiao Yuchun.

"Come on, which one of the Rainmakers do you know?" Haoden Ye quickly asked.

"Lin Yumo, two years ago when I was just starting out, I accompanied my master to the Lin family, when this Lin Yumo was sick, the one who treated him was the Hua Lin Sage Ye Yiqing, my master asked me to go and meet everyone!"

"But I was young and didn't really look at Ye Yiqing at all, I just went to see Lin Yumo... Now that I think about it, I was too young back then!"

Jiao Yuchun said raising his head and sighing!

Hualin Sage Ye Yiqing, a legendary figure in Chinese medicine and one of the founders of Spiritual Medicine Hall.

Unfortunately, this man got involved in a fight and was implicated and went into seclusion, and now no one but the head of the Lin family could invite him out of the mountain.

“Lin Yumo?” Haoden Ye thought for a moment, and then remembered, “It’s just that big star! What are you talking about her for!”

Haoden Ye rolled his eyes, how could he know Lin Yumo.

That was the heir to the Lin family, a future Lin family queen level figure.

With a dry laugh, Jiao Yuchun came back to his senses.

“I was just thinking, that Lin Yumo is really pretty, and she’s a pair with Zhao Chengyu! But you reminded me of this today, and I also feel that this matter is not simple!”

There was a pause and a conspiratorial look on his face.

“Maybe you offended Lin Feng, and Lin Feng deliberately sold Zhao Chengyu a false message, and then... Ahem!”

Haoden Ye really admired this person’s associative ability, yet the more he thought about it, the more he felt that he was right.

“Lin Feng told Zhao Chengyu that I had a relationship with Lin Yu Mo, and then Zhao Chengyu came to plot against me?”

Haoden Ye thought for a moment and nodded heavily, “That’s definitely the case!”

“Alright, you take the herbs, I’ll go back first, don’t forget the promised body fragrance pills, I’ll try to live as deep as possible in the next two days, and try not to be counted by Zhao Chengyu, you be careful too!”

Jiao Yuchun said, and hurried to his car.

Haoden Ye kept looking at his forehead, and when he finished his last sentence, the purple and black Qi on his forehead was still there, but it had lessened quite a bit.

Mentally muttering, Haoden Ye also walked towards his car.

Getting into the car, Haoden Ye started the car and suddenly felt a strange sensation behind him.

Haoden Ye subconsciously turned his head and was shocked.

There was a man sitting behind him, staring at him for an instant.

“Miyu!When did you...when did you enter the city!”

Haoden Ye looked at Mi Yu stunned and whirled around, “How did you get into my car!”

At the news, Miyu had a smug look on his face and he smiled, “I went into town last night to make the keys to your car!”

“Ah!”Haoden Ye stared and quickly turned red in the face, “You... you went to my house last night... to my room?”

Miyu saw his exaggerated look and gradually began to look embarrassed, touching his nose.

“Don’t worry, I waited for you to fall asleep before I entered the door, and to a bodyguard like us who are very secretive about the actions of those we protect...ahem, if you don’t want to see me, I can disappear right in front of your eyes!”

Haoden Ye’s face turned even redder, ringing the events of last night, he had the mind to kill Miyu with his hands!

“You... I only let you be my bodyguard because I’m dealing with the Mi’s, so don’t take it seriously!”

The one in front of him was the male who fought him that day, he wouldn’t dare to command others.

“Do you think I’m in the way?Don’t worry, I won’t bother you!”

Mi Yu pretended not to hear Haoden Ye’s words and quickly cupped his fists, saying loudly to the back of the car, “Mi delusional Mi Shush, don’t get too close to Mr. Ye!”

That’s when the trunk of the Maybach opened and out jumped two men!

Haoden Ye looked stunned, really can’t imagine how these two people stuffed themselves into the trunk, in which is not boring?

“You guys... “Haoden Ye felt a little wordless and couldn’t say anything with his mouth open.

“Don’t worry, we’ll be gone in no time!”Miyu opened the car door and went down without waiting for Haoden Ye to speak.

“That was close, if I let him drive me away, the Mickey will never let me go!”Getting out of the car, Miyu patted his chest and looked sobbing.
