

The Return of the God of War [The Protector]

Chapter 2431 - 2440

Chapter 2431

For example, this relic was artificially forged.

Then when it was first opened, if you check it carefully, there will be more clues.

There are even people who forge ruins in the dark, so there are more discoveries.

Maybe he will go straight to Huanglong!

Find the man behind the scenes in one fell swoop!

Levi Garrison immediately arranged for the people of the Great Xia League to search for it.

At this time, many people knew about the news from the ruins.

For example, Kunlun Industry, as well as the major forces of Erudiana, have to go there.

Even if the Kirin (Qilin) heard them, they would go for a break.

The crowd quickly assembled in Jiangbei, ready to set off to snatch the remains.

Even Xuanyuan Qingya was interested and prepared to go with Azure Dragon (Qinglong) and the others.

“No need to go, this is a fake ruin at all! Going is a waste of time!” When

everyone was about to go, Levi Garrison stopped them.

According to Levi Garrison's recent summary with the Bible Organization.

Eighty to ninety percent of this ruin is fake!

"Huh? Fake?"

Everyone was stunned.

Looked at him incredible.

"Because several of the ruins were fake before! Anyway, I can't explain it to you for a while!"

"Anyway, you believe me, the ruins must be fake! If you go, you will be fooled!"

Levi Garrison seriously Looking at everyone.

Everyone on Zoey didn't believe Levi Garrison anymore, but Xuanyuan Qingya suddenly stopped them.

"Okay, then we will believe him once! My father said he was extraordinary, but I want to see if what he said is true this time?"

Xuanyuan Qingya really wanted to see if there was anything extraordinary about Levi Garrison.

This happens to be an opportunity.

"Brother, what do you think?"

Xuanyuan Qingya looked at Marshal Tiance.

"Okay, just one ruin! Let's just listen to Levi Garrison, and everyone will not go! See if this ruin is fake!"

Tiance Marshal said too forcefully.

After a word, no one intends to fight for the relic.

All the major forces retreated, and Kirin (Qilin) and the others did not go.

Everyone bet on whether what Levi Garrison said was true.

“Damn, you finally believe me!”

Levi Garrison ordered his men to check the ruins again.

Resolutely not let go of any one person and one detail.

Soon it will be the day when the ruins are excavated.

What makes all parties strange is that the major forces and super powers of Erudiaa did not participate.

The foreign superpowers who came to snatch it all laughed.

I thought I was here to join in the fun, but I couldn't get it.

This is just great.

You can really have it.

Soon after, news came that the magical power of King Kong in the ruins was stolen by the East Island powerhouse.

The other treasures in it were also divided up.

After careful investigation, the result came out-this ruin is real.

It was really unearthed.

It was completely different from what Levi Garrison thought.

“Master, there are still some real ruins in all parts of the world! However, artificially forged ruins account for most of them!”

said the evil god.

“However, a group of mysterious people appeared in this relic battle! The energy fluctuations on their bodies are completely different from those of others! But they left too fast, and the people I sent out did not keep up!”

said Underworld God .

Ye monarchs surprise “would not also want to say that behind these sites, or at least know what ruins”

“Yes, almost, I was the next check!”

“But I heard that the door does not break the magic really Is super powerful! The one who is expected to get will soon kill the Quartet!”

Underworld God sighed.

“Hey!”

Levi Garrison let out a long sigh.

Unexpected.

Unexpectedly, this ruin turned out to be real!

Not fake!

But the good news is that I finally heard some clues.

“Bang!” But the

next moment, Levi Garrison’s door was blasted open with a kick.

Xuanyuan Qingya and others rushed in. Yelling at him...

Chapter 2432

Levi Garrison, didn't you say that this ruin is fake? Why is it real????"

"Yes! Fake? You explain to us..."

...

Everyone stared at Levi Garrison and accused.

This incident was indeed beyond Levi Garrison's expectations.

In the past, this relic is absolutely fake!

If you go to waste time, don't talk about it, but will be used as pawns by others.

But I didn't expect it to be true!

"I expect something went wrong with this matter..."

Levi Garrison said.

"Hahaha..."

Xuanyuan Qingya and they all smiled. "Father said you have something extraordinary? Where is the extraordinary? I believed you once. What happened? You lied to us like this? I am also stupid! You said that the ruins are fake, and there is no basis at all, so I believe it? I also asked my brother and others to believe in

you once."

...

Xuanyuan Qingya became angry.

"Does Levi Garrison know the consequences of doing this? You lied that most of Erudiaa's forces did not go! Even me and Kunlun Industry did not go! It is tantamount to handing over the ruins to others! Directly let the foreign forces divide it up! " "

this is a big summer exhumed the remains of ah, to be carved up various foreign powers! I do not know how many people want to joke we? I will even become a shame and Kunlun industry! ” “

you make magic masterpiece also allow people to be taken away, the whole Blame you! I don't know how much Erudiaa's loss will be!”

“Secondly, do you know what the concept of King Kong's magical power being robbed by foreign powerhouses? They will in turn deal with Erudiaa's people! Erudiaa will be overwhelmed by the time, no I know how many people will die under the magical power of King Kong's incorruptibility...”

“And all this is to blame Levi Garrison! Blame him for passing false news to us, telling us that the relics are fake! That's why the King Kong is not bad and the power is taken away by foreign forces! In the end, Levi Garrison is Erudiaa's sinner! Sin! Unforgivable!!!”

...The

marshal Tiance and others who followed have accused Levi Garrison.

Put all the charges on Levi Garrison's head!

Azure Dragon (Qinglong) couldn't stand it, and couldn't help but ask, “The marshal isn't...it's not that serious?”

“It's not that serious yet? Tell you the truth! Once the King Kong is not bad and the magical skill is practiced! It will challenge everyone on the list of gods. ! It can even be said that even the attacks of the Dark God and my father can't break through the incorruptible body of King Kong...”

Tiance Marshal explained.

“Hiss!”

Everyone gasped.

It turns out that King Kong is not bad and the magical power is so powerful?

“Well, once the magic power of King Kong is not bad, the physique will become the body of King Kong! Immortal! It can resist any attack in the world! Even the sword and the sword can't break open!

I haven't heard of any way yet. It can break through the undamaged magic power of King Kong! This is not comparable to the variants of the living dead in Maya Industry!

In addition, once you enter the non-destructive body of King Kong, your attack power will be maximized, and no defense can stop King Kong. Bad magic attack power!”

Commoner Killing God explained in more detail next to him.

“Therefore, if you get the perfection of the magical power of King Kong is not bad! It is possible to challenge the dark god and the god of heaven!” After

this explanation.

Everyone knew what was lost.

It's terrible that King Kong is not bad!

As soon as you get it, you can challenge the ceiling of battle power!

This is even more powerful than the heavenly sword and earth sword...

Day policy Marshal sighed, “also blame me! King Kong is not bad magic too much! I also think it's impossible to be tapped at will, so just listen to the leaves monarchs words! Think it is a fake!”

“Young Marshal this matter How can I blame you? Levi Garrison deceived everyone! I deceived everyone! Even the marshal deceived, and the marshal ordered not to participate in the relic battle!” “Yeah, everything is to blame Levi Garrison! He bears all the consequences!”

Chapter 2433

Major Tiance's men accused Levi Garrison one after another.

"Yes, but for him, it does not break the magic is the big summer! Add at least one God of the top three large strong summer!"

"Is Ye monarchs, King Kong is not bad not only lost the magic, it also In the hands of our enemies! Soon the enemy will use it to kill us!"

"Levi Garrison will soon become a sinner! Erudiaa will suffer because of you!"

...

Everyone looked at Levi Garrison, really I'm going to hate it to death.

Why is everything going horizontally?

The key is still wrong.

Especially plums dye them.

When everyone had to go to the ruins, Levi Garrison had to stop it.

Then the lie...

does it make any sense?

Will you be a clown?

"This is indeed a mistake in my prediction, I'm sorry to everyone! But if there is any problem, I will be responsible for it!"

Levi Garrison said.

"We also don't want to hear you explain Levi Garrison! Tell me what should I do now?"

Xuanyuan Qingya asked.

Others are also aggressive. "Yes, what do you want to do?"

"What should I do? Isn't it just that King Kong is not bad for magical skills? If you dare to make trouble in Erudiaa, I will kill it!"

Levi Garrison looked calm.

What King Kong is not bad for magic?

It's all f*cking blowing!

Can you stop me from punching?

I will give you the truly supreme magical technique, and I won't practice it!

I think it's useless!

On the contrary, he is so obsessed with these various things!

A group of guys who have never seen the world!

"Don't blame your brother, although my brother made a mistake in this wave of judgments. The consequences will not be serious! Once Erudiaa is threatened, my brother will definitely kill him!"

Mia said next to him.

"Hehe, does he kill King Kong to destroy the great master of magic? Wishful thinking! He is the thousandth on the god list! Not the first on the god list! It's impossible to be the first on the god list!"

Tiance young marshal roared.

"Okay, brother, something has happened! It's useless to say more! It has something to do with us! We must actively prepare! If that person practiced the King Kong not bad magical skills, he will definitely come to Erudiaa to show off his power!"

Xuanyuan Qingya said .

Marshal Tiance and the others nodded, "Well, that's right! I want to send more people to observe, if there is a change, everyone will act together!"

Everyone left.

Zoey and Azure Dragon (Qinglong) gave Levi Garrison a desperate look.

It was because of his eloquent words that forced Erudiaa to face such a big threat, and even lost her peerless magic.

...

Xuanyuan Qingya didn't leave.

She has her own plan.

Her first inspection of Levi Garrison has failed.

If it fails again, she will be able to deal with her father.

At that time, in front of the facts, my father wouldn't say anything.

"Sometimes I don't know where your self-confidence comes from. My father's invincible world is not as confident as you!"

Xuanyuan Qingya sneered.

"That's because he was scared by me! How can I be confident!"

Levi Garrison said lightly.

Mia was afraid of the conflict between the two, and quickly pulled Levi Garrison away.

"Okay, sister, you can practice hard too! Wait for you to practice for a while! It is estimated that you can also punch through the incorruptible body of the King Kong!"

Levi Garrison touched his sister's head.

Mia believed in this.

Now she specializes in the basic exercises taught by Levi Garrison.

Xuanyuan Qingya saw that she and Huoyun Cthulhu were practicing, and she sneered, "Two fools!"

...

Levi Garrison was not busy.

Continue to analyze with Underworld God and them.

"I seem to know something. Didn't you say that there were mysterious people in the ruins? And the biggest thing about the ruins this time is the magical power of King Kong... then it might be..."

Levi Garrison suddenly flashed an idea in his mind. .

"What?" The Underworld God and the others asked.

Chapter 2434

"It has something to do with the mutant living dead! The executives of Maya Industry said that the experimental plan for the mutant living dead was a plan left by a horror doctor in the laboratory of the gods. Originally, this experiment was to be used on large biological beasts!

"The goal of this plan is to create an immortal physique! The mutant living dead has done very well! But it is not perfect!"

Hearing Levi Garrison's analysis, the evil gods immediately reacted.

"Therefore, they came to this ruin to check the vajra indestructible power! If the vajra power is used in the experiment, the plan of immortality will be perfect! To find this magical power is to strengthen it!"

"Yes! Wait for me to follow. Maya Industry inquires..."

Levi Garrison asked the Maya Industry executives again as a dark god.

The answer is that the magical power of King Kong is not bad cannot be used on mutant living dead.

But if the plan of the laboratory of the gods is not necessarily.

Which doctor who designed the experiment is super scary, maybe it can be used.

clue!

Another clue!

The group of people whose energy fluctuations were found to be obviously different by the Underworld God is likely to belong to the Lab of the Gods.

“Continue to check! I believe that sooner or later I will have enough clues!”

Levi Garrison ordered.

The next period of time was rather unremarkable.

Everyone is practicing crazy.

Xuanyuan Qingya has also been by Levi Garrison's side.

Under her observation, Levi Garrison didn't have anything extraordinary.

As for Mia and Huoyun Cthulhu who practiced the basic exercises hard, they really haven't made any progress at all.

Especially the Huoyun Cthulhu, the aura on his body is getting weaker and weaker...

it feels like it won't be long before he will die.

But where does she know.

The Huoyun Cthulhu was just getting started like this, similar to Levi Garrison who was in the dark cage at the beginning.

This means that he has taken another step towards success.

But starting today, there are constant news.

Those strong men who got the rest in the ruins have digested the exercises and medicines they got after this time of cultivation.

The strength is advancing by leaps and bounds.

Gradually emerging around the world!

The quasi-sacred list rankings and the rankings of the gods list have undergone tremendous changes!

Levi Garrison, who was in a stable ranking, suddenly fell to the seventeenth position on the Quasi-God Ranking!

This also means that someone replaced him to enter the god list, and many people suddenly rushed in front of him.

The fact is that a total of thirteen people rushed into the list of gods.

Instead of the thirteen people in the gods list, they fell to the quasi gods list.

Among them, several people surpassed some of the people who fell off the god list, so Levi Garrison ranked seventeenth on the quasi god list!

Shocked!

It was shocking!

Everyone understands that this is just a change brought about by the exercises and the treasures of heaven and earth in the ruins.

Thirteen people were pushed into the gods list in an instant, and I don't know how many people were allowed to climb all the way on the quasi gods list! ! !

The most terrifying thing is that Hirai Musashi, who has grabbed the magical power of King Kong is not bad, is challenging the powerhouse in the East Continent!

His ranking soared all the way, and he kept improving!

Now he has reached the fifty-fiftieth on the list of gods.

His ranking continues to rise...

He challenged the strongest players in Dongdao, Star Country, and neighboring countries.

Let him reach the top 30 of the gods list in one fell swoop...

At this time everyone was shocked.

Especially everywhere in Erudiaa, I dared to know the terrible aspect of King Kong's magical power.

In a short period of time, people can be pushed from a few thousand on the quasi god list to the top 30 on the god list.

But everyone knows that Hirai Musashi's true strength is not only in the top 30 of the gods...

but he is slowly challenging...

the longer he is, the more adept his King Kong is not bad, and the ranking will follow.
Soaring!

His true strength is comparable to that of the gods! And Hirai Musashi's next goal is Erudiaa...

Chapter 2435

Panic!

Erudias panicked after learning the news!

Things may be more terrible than they expected!

Progress is too fast!

It was easy to practice if King Kong didn't destroy magical skills, but there was too much room for improvement.

But what everyone didn't expect was that it was Hirai Musashi's master-Takitani Kuroki who was even more terrified!

The king of the new era of Dongdao!

The sixteenth existence on the God List!

In fact, the magic power of King Kong is not bad is obtained by him.

Now his apprentices rely on King Kong's incorruptible magic power to kill the Quartet, steadily rushing into the top 30 of the gods list.

So what about him as a master?

This is the one who can really challenge the first place in the gods list and the gods of Tiance!

The bad news one after another shocked the world!

Soon news came out that Takitani Kuroki will enter the summer with his apprentices and challenge the great powers.

Especially the strong of the gods!

Erudias's god list powerhouses, Kirin (Qilin), Tiger (Bai Hu), Xiao Feng, they are all after thirty.

Zoey, the twenty-seventh place before thirty!

Ye Lingtian God List twenty-fifth!

The twenty-third, twenty-two, twenty-one, and nineteenth of the god list are all strong in Erudiaa!

Among the top ten forces in Great Xia, the ancient Lingnan tribe is the 17th on the list of the Lingnan Kings!

The sixteenth of the Thunder God list of the top ten forces of the ancient Northwest Lei Clan!

Qingcheng Yijian's Taoist Sword is the fourteenth on the list of Li Taoist doctors!

Thirteenth on the God List!

God list twelfth!

Xuanyuan Qingya ranked tenth!

Ye Wudao is eighth on the list of gods!

Tiance young marshal is sixth on the list of gods!

Buddhism diamond dragon monk god list fourth!

... I

have to say that the strongest people in Erudiaa are like clouds.

The top 30 seats in the god list occupy a lot of them.

But these people are the targets of the two masters and apprentices of Takiya Kuroki!

"Levi Garrison's retribution is coming! Now people have practiced the magical power of King Kong not bad! Come to Erudiaa!"

“King Kong is not bad magical power, that is my Erudiaa method, now people use Erudiaa method to kill Erudiaa! The people of Xia, come to challenge Erudiaa’s strong, and finally insult Erudiaa!”

“It’s all to blame! If it weren’t for you! Erudiaa will rise up a super strong, even comparable to the dark god, directly Ranked first on the list of gods!”

“Does Levi Garrison know what kind of opportunity you let Erudiaa miss?”

...

The “disaster” that everyone predicted is coming.

Everyone came to accuse Levi Garrison.

I really have to blame him, this can’t happen without him.

It can also produce a peerless powerhouse.

Xuanyuan Qingya looked at Levi Garrison and sneered, “This is what makes you extraordinary? Is it going to cause trouble? Will it usher in disaster?”

Disappointed!

Many people are disappointed in him.

It was because of what he said that it became the situation in front of us!

Now there are overwhelming voices mocking Erudiaa...

Let the things left by the ancestors be left to outsiders, and let outsiders beat yourself back...

Shame!

The source of shame is Levi Garrison!

“Don’t worry! The challenge is nothing, just let him challenge! If they have any threats, I will kill them at any time!”

“Whether it was before, now, or in the future. I am Erudiaa’s patron saint! Hmm!”

Levi Garrison looked cold.

Didn’t pay attention to these so-called enemies at all.

“Punch!” After

hearing this, everyone laughed out loud.

Erudiaa’s patron saint?

Hahaha!

This joke is too big!

The patron saint of Erudiaa, what kind of concept is that!

Can help Erudiaa solve all dangers and obstacles!

No fear of everything!

Even with the invincible existence of God Commander Tiance, he dare not say a word about Erudiaa’s patron saint.

The real patron saint of Great Xia is Tiance Mansion and Baolong clan!

Levi Garrison said that he can be alone?

Isn’t that ridiculous?

“Levi Garrison, let’s go busy first. If it really becomes a disaster in the end, we will be the first to take your sacrificial saber!”

...

Everyone is going to prepare. But what is curious is that the god commander Tiance ordered the Baolong clan of Tiance Mansion not to participate in this matter.

Chapter 2436

This makes everyone very curious.

It seems that in these two events, Tiance Superintendent was standing with Levi Garrison.

Xuanyuan Qingya didn't understand, what did his father like about Levi Garrison?

Is there really something extraordinary about his?

But this time is also a good opportunity!

In the end, she would push Levi Garrison out and let him fight against Takiya Kuroki.

See if he is bragging?

Do you have the ability to get rid of the enemy!

If it is true, then it shows that he is extraordinary.

If it's fake, then he'll die.

Xuanyuan Qingya has made a decision!

Test Levi Garrison through this time!

...

Soon, the two masters and apprentices of Takiya Kuroki entered the summer.

The two began to challenge!

Hirai Musashi began to challenge the powerhouse after the 30th in the God List!

Azure Dragon (Qinglong), Kirin (Qilin), they are all in the list... the challenged Kirin (Qilin) naturally agreed, and they would never back down.

Soon a piece of news came.

Azure Dragon (Qinglong) loses!

Phoenix (Suzaku) loses!

...

Kirin loses!

Poisonous God defeated!

Sword Evil God defeated!

...

Zhou Ke defeated!

Xiao Feng is defeated!

...

Hirai Musashi relied on the magical power of King Kong not to be bad, and swept the big summer gods.

None of the powerhouses in the god list related to Levi Garrison fell.

The Asura War God of the Great Xia League, Fan Shengnan, and the Seven Kills Broken Army were all defeated...

and the rest of the gods who Levi Garrison didn't know were all defeated!

This time, the master and apprentice of Takiya Kuroki is here to defeat all the powerhouses in Erudiaa!

They are like a rainbow!

Hirai Musashi challenges first!

Swept all the powerhouses after the 30th in the god list with the momentum of destruction!

None of them are left!

Without exception, all are defeated!

In the face of King Kong's not bad magic, all the strong have nothing to do.

I can't beat it at all... the

whole world is shocked!

Erudias has fallen into the biggest dilemma since the new era...

has also been challenged by the strong before.

Where can you be so embarrassed?

Now he was beaten to the point where he couldn't breathe!

Next, Takiya Kuroki began to challenge the top 30 powerhouses in the god list!

Zoey is the first to bear the brunt!

Zoey has made rapid progress recently, from 34 to 27!

She was the first to be challenged!

But when encountering a stronger King Kong not bad magical skill, there is no power to fight back at all!

This is more perverted than the mutant living dead!

The mutant living dead is a terrible defense, unable to be defeated or penetrated.

But Takitani Kuroki is a defensive and offensive one.

All are equally strong!

Encounter can only be desperate!

Plum dyed!

The second one is Ye Lingtian!

Ye Lingtian was also knocked down and could not fight back!

defeat!

Twenty-third defeat!

Twenty-two defeats!

Twenty-one defeat!

Nineteen defeats!

The 17th strongest of the ancient Lingnan tribe is defeated!

The sixteenth thunder day defeated!

Fourteenth defeat!

Twelfth defeat!

Eleventh defeat!

Ye Wudao, who is eighth on the god list, was also challenged!

In the end, Ye Wudao was defeated!

The sixth major Tiance marshal in the gods list played with all his strength, but he fully studied with the major powers of the Tiance Mansion for a whole night, how to target the King Kong not bad magical skills.

He persisted longer than everyone else.

But in the end it was defeated!

After his tricks were displayed, he still failed to break

the indestructible body of the King Kong... Finally, the King Kong Dragon Monk, the fourth in the god list, was also found!

The immortal golden body cultivated by the dragon monk is similar to the magical power of the impervious vajra to a large extent...

Although the immortal golden body of the dragon monk

has the same degree of defense as that of the impervious vajray... Degree of attack power.

Therefore, in the end, the King Kong Dragon Monk, who was fourth on the god list, also failed...

Erudiala was shocked!

The world is shocked!

Even strong men like Tiance Marshal and King Kong Dragon Monk were defeated.

Who else can stop him?

Erudiala became a joke directly!

shame!

The shame brought to everyone this time is huge!

After all, this is Erudiala's magical skill!

“By the way, there is only Xuanyuan Qingya who is the tenth in the gods list, go and challenge her!”

Takigani Kuroki stared at the little princess of Tiance Mansion. But Xuanyuan Qingya was with Levi Garrison at the moment.

Chapter 2437

Those who have been defeated are all gathered in Levi Garrison’s villa at the moment.

They blamed Levi Garrison.

“Levi Garrison sees it now? The consequences have already occurred!”

“Erudiaa has become a joke, and everyone is shamed! It has become a shame!”

“All the masters of Erudiaa have been swept away without exception! No one can now. Stop him! These days are the most humiliating and darkest moments in Erudiaa!”

...

Even Marshal Tiance and others also rushed to “Do you recognize Levi Garrison? Is this your fault?”

“If it wasn’t for you to stop him? Tell us that it’s fake. Will the magical power of King Kong not be bad fall into the hands of others? Now people use the magical power of King Kong not bad to sweep Erudiaa and insult Erudiaa! Trample our dignity! Trample Erudiaa’s martial arts!”

“But originally the magical skill of King Kong is not bad is Erudiaa, obviously we can get it!”

“Now it has become a magical skill for others to kill our own compatriots!”

...

Everyone stared at Levi Garrison and accused.

All their negative emotions, such as their anger, unwillingness, and shame after failure, were vented on him.

Yes.

This matter has something to do with Levi Garrison.

He made a mistake in his judgment.

But you can't blame him all!

If they themselves are strong enough, this kind of thing will happen?

To put it bluntly, isn't he incompetent?

Now it's incompetent barking!

Also looking for Levi Garrison to come and let out his anger.

Levi Garrison smiled.

It's not bad that Erudiaa, a group of Tianjiao elites, suffer.

Lest one by one thinks he is the best in the world.

Every day he clamored about his ranking in the gods list, this one is in the top fifty, this one is in the top thirty...

all of them have remained madly unchanged.

This is all right, let the family do it.

Are all of them honest?

What kind of sacred list? When encountering King Kong, it is not bad for magical powers, and all of them are defeated?

How about the practice of bragging about the new era all day long?

Now King Kong is not bad, but the magical power is ancient.

Everyone was so abused by the ancient exercises.

So Levi Garrison felt it was a good thing to be swept away.

At least it can hone them.

Frustrate everyone's spirit!

But it is indeed a shame for the young marshal Tiance and Ye Wudao!

It made people so abused that there was no way to fight back.

Young Master Tiance was defeated, but Tiance Mansion couldn't make a move, so he broke his teeth and swallowed it in his stomach.

But Ye Wudao couldn't bear the shame.

The soldiers have already been moved to the ancient Garrison Clan...

Others can only be trampled on their dignity and shame, but there is no way to return.

"You have to take the main responsibility for Levi Garrison this time!!! You die a hundred times is not enough to calm the anger!"

everyone scolded.

"Then what if I kill all their masters and apprentices?"

Levi Garrison asked with a smile.

"All killed?"

Everyone laughed.

Now that Takitani Kuroki masters and apprentices are so powerful, the losers here know better than anyone!!!

The dark god and the god commander of the gods, who are the number one on the gods list, are not at the level, and no one can help them to get their masters and apprentices!

Even the second and third on the god list will not work!

They can't stop them from mentoring!

Levi Garrison said to kill them all?

It's ridiculous!

"It's not good! Takiya Kuroki is going to challenge the little princess of Tensakufu! He is coming here!" At

this time, someone heard the news.

"What? Takiya Kuroki is here?"

"Quickly, quickly, run!"

"Quickly! Don't see him again!"

It was the losers who heard that these two were coming, and they immediately felt like they were coming. The mouse ran around in fright like a cat.

They couldn't stay in this place for a moment.

They don't have the courage to face Takiya Kuroki again!

They have been deeply frustrated!

Can't raise his head anymore.

Scared!

I'm really afraid of Takiya Kuroki!

Scared of being beaten. It's already engraved in the soul...

Chapter 2438

The same goes for the marshal of Tiance.

I was so scared to be beaten by Takiya Kuroki.

This is also the first real failure in his life.

The various techniques of Tiance Mansion were used, and all the secrets that were not passed on were used.

But in the face of King Kong is not bad magical power, it is still unable to break through.

What kind of despair is that?

He was completely afraid of being beaten by Takitani Kuroki.

As soon as I heard the name, I shuddered and sweated.

“Sister, don’t worry, Takitani Kuroki is just talking with you, and won’t kill you!” After

leaving a word, the Marshal Tiance ran away.

Others were more serious than Tiance Marshal, their faces were pale and bloodless, they were all wet with cold sweat, and they were limping when they walked.

Just hearing the name, I was scared to death, and my soul was frightened.

In the blink of an eye, all the people who came to condemn Levi Garrison ran away.

They really don’t have the courage to face Takiya Kuroki anymore!

Goodbye, it is estimated that they will be depressed for a lifetime.

Scared away!

Just hearing Takiya Kuroki's name made everyone scared away.

Levi Garrison really wanted to say something—this is it?

“Hey, don't go. I'll show you how I beat their masters and apprentices? Don't go...”

Levi Garrison also wanted to hold a few acquaintances to see.

It's just that each one is like a runaway horse, and everyone can't hold it.

“You go to die alone, we are afraid of Takiya Kuroki...”

Everyone ran away.

In a blink of an eye, only Xuanyuan Qingya and Levi Garrison were left in the field.

Mia and Huoyun Cthulhu were also there, but they didn't hear anything outside the window, and they were practicing in retreat.

“Afraid of this? I really

laughed !” Levi Garrison was happy. He touched his chin and said, “I have to find a reason to kill this master and apprentice later! What is the reason? Come to Erudiaa to make trouble? It seems to be a pure challenge, and there is no murder or charity? These reasons seem to be insufficient. ... By the way, there is

...”

Levi Garrison had already thought of how to find excuses to deal with the two of Takiya Kuroki later.

“Why don't you talk?”

Xuanyuan Qingya has been very quiet today, and Levi Garrison didn't hear her much.

Turning her head to see, Xuanyuan Qingya's face was pale, and her body was trembling violently, as if she had suffered a serious illness.

She is also scared!

The performance of so many people just now, especially her brother's demeanor.

She was deeply stimulated.

What a proud man, Marshal Tiance!

Never defeated.

Except for his father, no one is in sight.

afraid?

There was no such word in the dictionary before!

But now facing Takitani Kuroki like this...It

can scare him like this, which shows how terrifying Takitani Kuroki is.

So Xuanyuan Qingya also began to be afraid.

She is the last one to be challenged.

It is equivalent to Erudiaa's last line of defense.

If she loses, then the powerhouses of the gods who represent the entire Erudiaa will be completely swept over again.

She was carrying too much weight, plus everyone was frightened like this.

This made Xuanyuan Qingya so scared to collapse.

The whole person must be dead.

Levi Garrison "...".

Feel sorry!

No one has come yet, so scared?

What about the pretentiousness of the previous one?

Isn't it amazing?

Isn't your father invincible?

Why are you so scared one by one?

And the reason why your father told Tiance Mansion to ignore this matter was that he knew he would do it sooner or later.

He is not a threat at all!

So I can rest assured.

A bunch of idiots don't know anything.

"It's not you who are being challenged. Of course

you are not afraid!" "You don't even know what kind of existence you are facing!"

Xuanyuan Qingya saw it

soon after.

Both Levi Garrison and Xuanyuan Qingya felt the movement.

"Boom!"

A terrible coercion struck.

It was as if a star fell, and Jiangbei would be destroyed. Xuanyuan Qingya's body trembled more and more severely.

Chapter 2439

She seemed to be so weak that she could not stand firmly, and the cold sweat penetrated her whole body.

Be timid before fighting!

Xuanyuan Qingya had already lost thoroughly.

Not to mention fighting against Takitani Kuroki, even fighting against Hirai Musashi will undoubtedly lose.

“This...Is this the oppressive feeling that King Kong is not bad for the divine art?”

Xuanyuan Qingya was already trembling, terrified to the extreme.

That’s right.

Takiya Kuroki and his apprentice Hirai Musashi are here.

So that there is no one around Levi Garrison’s villa.

No one even watched the battle secretly.

The magical power of King Kong is not bad has brought too much deterrence to everyone.

Everyone is scared.

And everyone knows the result.

Xuanyuan Qingya will undoubtedly lose!

There is no gold content in the first battle, it is the same whether you look at it.

Everyone was terrified of their ridicule of Erudiaa next.

The powerhouses on the Erudiaa God List have been swept over again...

and soon the God List will begin to be updated again...

Not surprisingly, Takitani Kuroki will come to the second place on the God List.

He is already the second strength of the gods.

Next, it is estimated that he will challenge the first place in the gods list!

The future is hard to say!

But now it's the second place in the real gods list.

“Boom!”

With a sound, two people equipped by the Toshima samurai arrived.

“Xuanyuan Qingya, the little princess of Tiance Mansion, tenth in the gods list! Higashishima Takiya Kuroki is here to challenge!”

Takiya Kuroki put on a challenging posture.

Levi Garrison was about to speak, but was angrily pushed aside by Xuanyuan Qingya.

“I...I accept the challenge!”

Even though he was afraid, even though he knew that he was invincible, Xuanyuan Qingya still got on.

Under the influence of fear, Xuanyuan Qingya only played half of her strength in this battle.

Was easily defeated by Takiya Kuroki.

Looking at Xuanyuan Qingya who was lying on the ground and vomiting blood, Takitani Kuroki sneered, “Impossible! Rubbish! All rubbish!”

“You are still the little princess of Tence Mansion ! You have Erudiaa’s orthodox magic! Rubbish? Rubbish!”

Hirai Musashi also laughed, "Is there no one in Erudiaa? Really no one! All the strong on the god list have been swept away by our masters and apprentices, and there is no one that can beat! A bunch of rubbish!

"From now on, when you see Higashishima warriors, you have to call grandpa obediently, and then kowtow to detour! Otherwise, I will fight once!"

Takiya Kuroki also nodded, "Well, I declare that from now on, Erudiaa will be stepped on by me. All the opponents on the god list were defeated by me!"

"Of course, the Baolong clan of Tiance Mansion cannot make a move. If they make a move, they will be shameless! If you compare, we are better than the gods! This is recognized by the world! "

Hirai Musashi also added.

"I just want to use Erudiaa's magical powers to beat them down and beat them to fear and fear! When they hear my name, Takiya Kuroki, they

feel frightened and piss out of fear!" "I want my name Takiya. Heimu has become the nightmare of the entire Erudiaa! It has become a taboo that they are afraid to mention! As long as I come to Erudiaa in the future, I will be closed from house to door, and there is no one on the street, and the children dare not cry... "

Takiya Kuroki said domineeringly.

"Master, you have done it! In fact, the young master Tiance was here just now! But as soon as they heard that you were coming, they were so frightened that they all ran away! Immediately after the news spreads, you will become Erudiaa's forbidden master. Devil!"

Hirai Musashi brags beside him.

Xuanyuan Qingya who fell on the ground shed tears of humiliation.

At this moment, all her dignity was trampled on, and she

would lose face in seeing people in the future.

Even less dare to see Takitani Kuroki.

“Leave, Erudias is too vulnerable to a single blow, there is not a single one to fight!”

Takiya Kuroki and his apprentice turned to leave.

“Wait!”

“When you are in your kitchen, come as you want, leave as you want?” Levi Garrison’s voice suddenly sounded.

Chapter 2440

Hearing the sound, Takitani Kuroki and Helai Musashi stunned.

Anyone else? ? ?

They didn’t notice Levi Garrison’s existence from beginning to end...

only Xuanyuan Qingya was in their eyes.

Even the retreat Huoyun Cthulhu and Mia didn’t even notice.

The breath on them is too weak and weak, no different from ordinary people.

Since they are ordinary people, they are just like reptiles and ants on the ground.

I definitely won’t go take another look.

Therefore, from the beginning, the teacher and apprentice Takitani Kuroki didn’t regard Levi Garrison as a person at all, and simply ignored it as if it were air.

Such people do not even have the qualifications to make them ridicule!

That’s the case with the smallest person-people don’t even have the qualifications to look at you.

But hearing the sound at this time made the two of them very surprised.

“Huh? There are still people?”

Hirai Musashi asked suspiciously.

Takitani Kuroki also began to observe Levi Garrison’s arrival.

Xuanyuan Qingya lying on the ground also looked at Levi Garrison in surprise.

At this time, he stood up, didn’t he look for death?

It could have been safe and sound.

Stupid waste!

“Master, I remember! He is Levi Garrison! In the past, I drove in and out of Dongdao, so that my Dongdao warriors couldn’t lift their heads and suffered humiliation!”

“But when the new era comes, he is completely rubbish! Now! It seems to be ranked seventeenth on the quasi god list!”

Hirai Musashi looked at Levi Garrison and said his identity.

As the first-class enemy of the East Island countries, Levi Garrison is unforgettable by many people!

It can even be said that it is engraved on the genealogy!

Future generations must kill this person!

“It’s him! They all call him the king of the past! But the quasi god list is just like the ants! I am not qualified to kill me!”

Takiya Kuroki didn’t put Levi Garrison in his eyes at all.

“Hey, what do you mean?”

Hirai Musashi looked at Levi Garrison and asked.

"This place is my home! Did you come and go with my consent? You still wounded someone at my home and just left?"

Levi Garrison asked coldly.

Hirai Musashi's eyes lit up.

He heard that Levi Garrison was questioning.

"What are you doing?"

"According to my rules, you have to leave something..."

Levi Garrison said.

"What's left?"

Takitani Kuroki was also interested, wondering what this ant was going to do.

"Leave your dog's life!!!" The

words came out.

Except for Levi Garrison, all three people present were all stunned.

Want to save Takiya Kuroki's life? ? ?

How dare you? ? ?

What's in your head?

Xuanyuan Qingya is going crazy!

idiot!

Complete idiot!

What has become of Takitani Kuroki's strength, swept Erudaaa's god list, and became Erudaaa's nightmare.

Is Levi Garrison going to provoke?

Isn't this going to die?

Father always said that he was extraordinary, Xuanyuan Qingya didn't notice it at all.

There are many stupid things.

The behavior now is super stupid!

"Hahaha... want our lives?" It is

estimated that neither Takiya Kuroki nor Levi Garrison would be able to say this.

Can't help being surprised.

"Well, trespass into my residence! Just die! This is my rule!"

Levi Garrison thought about this reason for a long time!

"Which one will die first?"

Levi Garrison stared at the two.

"Looking for death!!!"

Hirai Musashi rushed forward without saying a word.

To kill the powerhouse of the gods, he didn't even want to use the magical power of King Kong not bad.

After all, it's just ants!

Hirai Musashi used the identity of a Samurai Higashishima, fast as lightning, and his body is as ghostly as a demon.

To kill Levi Garrison with one blow!

It's just that Levi Garrison's mouth is smiling.

At the moment when Hirai Musashi's thrust came, he blasted out with a punch.

"Kacha!"

"Bang!"

Hirai Musashi's body exploded in front of Takiya Kuroki and Xuanyuan Qingya, spraying blood mist.

Nobody!

Hirai Musashi was gone on the spot!
