

# The Return of the God of War [The Protector]

## Chapter 2451 - 2460

### Chapter 2451

“Huh?”

Levi Garrison clearly said the correct answer.

But this group obviously didn't believe it.

“Boy, do you dare to play with us? Do you want to die?”

“Give you another chance, say it! Otherwise, I will kill you!”

everyone threatened.

Levi Garrison said helplessly, “You don't believe me, I really killed people!”

“Damn, kill Levi Garrison directly! I can't

stand it anymore!” A strong man on the list can't stand it anymore.

He immediately drew out the samurai sword and slashed directly at Levi Garrison's head.

It's not just him.

It should be every East Islander who hates Levi Garrison.

I can't wait to kill it right away!

Anyway, kill Levi Garrison, and Xuanyuan Qingya can ask!

This person hurt the killer, but the others did not stop it.

“Kacha!!!”

But when this person slashed Levi Garrison’s body, the knife suddenly broke!

“Clang...”

At the same time, a metal-specific voice came out.

Everyone took a look.

I don’t know when it will start, Levi Garrison’s body has turned golden!

Invulnerable!!!

Seven apertures of different shades emerged!

“What? Isn’t King Kong ruining magical skills?”

The heir of Demon Dao Cunzheng recognized it at first sight.

The other five people were also stunned.

“King Kong is not bad magic????”

Dumbfounded!

Completely stupid!

In any case, I can’t figure out why Levi Garrison’s knowledge of King Kong is not bad for his magic?

Can’t figure it out!

Their brains are about to explode for a while, and they can’t think of a reason.

Why does the person in front of you know that King Kong is not bad for magical power?

It's impossible anyway!

I can't figure out the explosion of my head!

Why?

I didn't wait for everyone to think.

Levi Garrison started to do it.

"Boom!"

"Clang!" A

punch directly blasted the head of the person who had just killed him with the knife.

Blood splattered!

"Go! Together!" The

other four people reacted.

Immediately drew a knife to kill Levi Garrison.

Although the four of them are all top 100 strong men in the gods list, they are no different from ordinary people against Levi Garrison, who is on the seventh floor of the King Kong non-destructive magic arts.

"Clang clang!"

... The

sharp weapon slashed on the body, only making a metallic sound.

But there is no substantial harm!

The seventh layer of King Kong is not bad!

There is no way to break it!

Even the true descendants of Demon Blade Village can't do it!

Not to mention other people!

"Boom!"

"Boom!"

...

facing the four of them, Levi Garrison didn't leave a hand at all.

Blast their heads directly.

The remaining members of the Demon Blade Village were scared and silly.

Wherever I am in the mood to ask, I will run away immediately.

"Huh? Since you are here, you still want to

leave?" Levi Garrison would not give him any chance.

Since the people from the Demon Blade Village have tried their best, they can't defeat the magical powers of King Kong, only death!

"This King Kong is not bad magical power is pretty easy to use... In this case, I don't need to punch anymore! No one is my opponent for the King Kong is not bad magical power, let alone forcing my real fist!"

Levi Garrison smiled. laugh.

He felt the joy of King Kong's not bad magic!

In the end, a few pools of blood were left in the yard.

Levi Garrison glanced at Xuanyuan Qingya, "Did you wipe the yard?"

“Okay!”

Fortunately, Xuanyuan Qingya prepared the mop in the morning, and soon the yard was wiped clean.

As if no one had been here.

Soon dark online but came the six eastern island of the mysterious disappearance of God's master list news .....

a time of major institutions re-updated list of God.

After all, six people disappeared and died.

Then there will be a new quasi god list powerhouse to enter the god list.

Levi Garrison also moved from the 17th to the 11th position on the quasi god list.

Dong Dao was terrified.

First, Takitani Kuroki was killed.

Now the six masters of the gods list disappeared in Erudiaa for no reason.

Erudiaa became a forbidden place.

After hearing the news, Marshal Tiance and others immediately came to Levi Garrison's villa.

They are here to check the situation...

“

Where is the person?” Everyone asked.

## Chapter 2452

“Who is it?”

Xuanyuan Qingya pretended not to know.

“The strongest of the six major gods of the East Island has mysteriously disappeared, and they must have come to Erudiaa! And I inferred that I have come to you!”

said the Tiance Marshal.

“But there really isn’t anyone here... You look for it, where are there traces of people who have been here?”

Xuanyuan Qingya said.

Everyone looked around, and there was indeed no trace.

This matter can only be dismissed.

“It may be that my master took the shot, he certainly does not allow these foreign nations to provoke!” Tiance Master said

.

“Forget it, let me tell you good news? After the transformation, Kunlun Industrial’s special battle suit has been successfully tested! It is ready to use!”

Tiance Shaoshuai changed his words .

“But, I can’t use it anymore. I have already practiced the magical power of the King Kong incorruptibility to the fourth level. Although it is a bit imperfect, I can barely perform it! I am already invulnerable!”

Tiance Young Master directly in front of everyone. , Exercising the magical power of King Kong is not bad.

This surprised everyone.

They looked at him with envy and jealousy.

“That’s it? You dare to show it ashamed? To tell the truth, you almost look at Takitani Kuroki! It is estimated that you are not at home!”

Levi Garrison’s voice suddenly sounded.

Everyone was taken aback.

Even Marshal Tiance looked at Levi Garrison incredulously.

This tone is normal only when his master said it!

How could it be Levi Garrison?

He was about to refute Levi Garrison, when his sister’s voice rang, “Brother, you are really far away! Takiya Kuroki has reached the seventh floor in a short time! In the same time, it is estimated that you will be on the fifth floor.” Good practice!”

“This...”

Tiance Marshal could only give up.

Seeing the apprentice Master Tiance, Levi Garrison suddenly heard something.

“By the way, where are the arrogances of Erudiaa? What is the Valkyrie Zhongqiu, what is the descendant of the Sword Fairy Gemini, etc.? They seem to have never appeared in the new era... Is something wrong?”

Levi Garrison asked. .

Levi Garrison had considered them when he wanted to choose King Kong not to be bad for the descendants of the magic arts.

After all, these are the arrogances he personally brought.

Once saved the face of the Erudiaa martial arts world!

The World War I shocked the world!

But there seems to be no news.

This group of Tianjiao, logically speaking, will be more like a fish in the water in the new era.

But none of them are on the list of gods.

Seeing the young master Tiance now, I suddenly remembered.

“You mean them! Erudiala’s hundred geniuses! They are Erudiala’s future hope just like Levilia! Therefore, after the new era entered, they were taken away by the old seniors of the Baolong clan. It will be carried out. An absolutely sealed plan!

Different training instructions can be customized according to each person’s difference! Carefully guided by the strong men of the Baolong clan! This is to ensure the future of Erudiala! What they learn is also the most orthodox Baolong clan exercises. Once they come out, it may be better than the presence of the poor! “

Tiance Marshal thought about the next” think, now the plan is dying! has been two years! “

” so! I said how these bastard I can’t see it anymore. Anyway, I’m still their teacher...”

Levi Garrison smiled.

Hearing the whereabouts of these students, Levi Garrison was still in a good mood.

At least they have not been harmed by today’s fast-track methods.

What they practice is orthodox exercises.

Even the methods that I taught them to guide them are still being used!

Day policy Marshal smiled “Now that would have said here, that I say so, right?”

“After the group who Tianjiao training program, I am afraid that you do need it!”

“Ah?”

Everyone is For a moment.

I don't know what Tiance Marshal is going to say...

Everyone looked at him in doubt.

Marshal Tiance looked at Levi Garrison again, "Yes, I still need you..."

## Chapter 2453

"Ah? What about me?"

Levi Garrison was also puzzled.

"In order for this group of Tianjiao to adapt to the new era better and faster, and to know what level of their own strength is! You need to test them one by one..."

Tiance Master explained.

"For example?"

Zoey asked.

"We will set the quasi god list and the strong in each position of the god list! Let them challenge one by one! Until the final defeat, so that they can understand everything in the new era, and they can also know that their strength is in the god list or the god list. list the first few rows .....

" understand! is to get us to give these Tianjiao practiced hand! us as levels get them to break! let them know a few two kilograms! "

for example, I list one hundredth of God, they beat I am, then the strength must be within the top 100 of the gods list! Failure means that it is not the 100th level of the gods list!"

Tiance young commander nodded: "Well, that's right! Generally set to about 10,000 on the quasi god list. The powerhouse of the quasi god list is five thousand, and the quasi god list is in the top 100..."

“Actually, the challenge of the quasi god list can not be set at all...It is not a big problem for these hundred tianjiao to break into the god list casually. ...Just let them see the approximate strength of the quasi-shenzhen list, and have a general understanding of this!”

“However, the top fifty of the quasi-shenzhen list is more important. This belongs to the reserve army that enters the list! Let ‘s roughly check whether they have it. The qualifications to enter the God List!”

“Think twice, everyone thinks it is better for Levi Garrison to be stuck in this position to challenge! He is the eleventh in the God List, and the most suitable candidate!”

Levi Garrison was dumbfounded: “Ah. Are you sure?”

Let him be this?

Aren't anti-aircraft guns hitting mosquitoes?

The challenge of the top fifty powerhouses in the quasi god list is the easiest one for the Tianjiao.

After choosing Levi Garrison, it will be the most difficult!

It is even more difficult than the top ten on the god list, and even more difficult than the first on the god list!

It's a lot more difficult!

That's why Levi Garrison asked uncertainly. Choosing him was equivalent to blocking everyone's way from the beginning.

“OK! You will be the first level of their real challenge! That's it!”

Tiance Master said.

“Secondly, there are a few of the Li and Zhao

family at the end of the god list. You just represent the threshold of the god list! As the second level!” “The fifth hundredth of the god list, Zhou Ke and others, come to pass!”

“The god list 300 The fourth level!”

“The fifth level of the 100th in the God List !”

...

“After entering the top 100 in the God List, you will be carefully divided! Kirin ( Qilin ), Xiao Feng, you will all accept the challenge!

According to my estimation, these hundred tianjiao There will be 30 to 50 people who will enter the top 100 of the gods list. Therefore, the first 100 must be carefully divided.

Every strong player in the field must play! Even I will play at that time!” It’s all arranged.

Just waiting for this group of Tianjiao to come out to challenge.

Levi Garrison doesn’t matter anyway!

At that time, all a hundred students will be knocked down directly.

Keep them out of the list of gods.

Doesn’t that mean that none of them are qualified to enter the gods list.

Anyway, Levi Garrison doesn’t care!

Who let them choose themselves to challenge?

But it’s not bad to temper these little guys.

At first he thought that these little guys were all harmed by the Gods Lab.

A few days later.

The top-secret plan of the first phase of the Baolong clan is over.

This group of Tianjiao have left the customs.

Mainly this time to test their strength!

After the inspection, they will continue the top-secret plan again.

“It’s been almost three years! I don’t know what happened outside?”

“But I heard that many strong people have been born now, ranked by gods and quasi gods!”

“Listen to several masters saying that most of us People should be in the top three hundred on the list of gods, and nearly one-third are in the top 100 on the list of gods!”

“I am really looking forward to it!”

... After

more than a hundred Tianjiao came out, they looked forward to them.

## Chapter 2454

“Now I feel that I am a hundred times stronger than three years ago...”

“Isn’t it time to meet Buddha and kill Buddha?”

All of them sighed like this.

“It’s better to keep a low profile. I heard that earth-shaking changes have taken place in the past three years! The strong outside may be like a cloud! We are no match at all!”

accompanied by a nice voice.

Two fairy-like figures appeared.

Fu Jia and Ning are still there!

They are also super strong now, ranking in the top ten among more than a hundred people.

“Well, the two sisters are right! Let’s keep a low profile, maybe we will fail when we challenge us at the beginning?”

Another female voice came.

Many arrogances are silent and even fearful.

Valkyrie Zhongqiu!

The most dare not to mess with women!

“Well, low-key! Forbearance! Forgot what the master taught you? What are you crazy?”

Two more people walked side by side.

The strongest Gemini!

It comes from the ancient Shu school.

The two of them used to be the strongest, and now they are still the strongest among more than a hundred people.

“Understand!” The

others nodded.

In front of these two.

They dare not make any mistakes.

Under the leadership of more than a hundred people, they came to an underground secret base in Tiance Mansion.

Here is a huge enclosed space.

Major Tiance has already brought Levi Garrison and others here to wait.

There are also some strong quasi gods.

Seeing Levi Garrison, more than a hundred people immediately surrounded him.

“Teacher...Teacher, where did you disappear?”

Everyone asked eagerly.

Gemini, the Valkyrie Zhong Qiu and the others also surrounded them.

Ning still and Fu Jia looked at Levi Garrison with complicated expressions.

They have different feelings for Levi Garrison.

“Not bad! They have grown up! Very good!”

Levi Garrison took a look and knew how strong everyone was.

Very strong!

Better than he thought!

Especially they do not rely on speed to succeed, which is even more rare!

Each of them has a very good foundation and practiced the orthodox exercises. The future can be expected!

“Levi Garrison is so popular?”

Seeing this scene, the marshal Tiance said disdainfully.

“This is the personality charm of the boss! You can't be envious! Everyone respects him! No matter strong or weak!” the

others said.

Gemini and the others don't know much about the outside world, so they couldn't help asking: “Teacher, you are also one of our challenges today?”

“Yes, yes!”

“The teacher should be the last level?”

This It is everyone’s unanimous idea.

In the past, Levi Garrison was the king and the strongest!

Now he must be too!

Then he is the most difficult last level!

Everyone would like to know where Levi Garrison is on the gods list now?

Not the first, at least the top three!

“No! No! Your teacher is not the last level, on the contrary, he is the first level! That is, the easiest level!”

Tiance Master sneered.

“Huh? The first level? No?”

Hearing this result, everyone was dumbfounded.

Looking at Levi Garrison incredulously.

“Teacher, is this true? Are you the first level?”

Everyone stared at Levi Garrison.

I would never believe it!

What happened in these three years.

How could Levi Garrison be the first level?

“Teacher, what is your ranking on the god list?”

asked the Valkyrie Zhong Qiu.

“God’s list? Sorry! Your teacher has not entered the God’s list! He is now ranked eleventh in the God’s list! He is considered to be the better in the reserve team of the Gods list! So he is the first level to test whether you have a god The qualifications of the ranking!”

## Tiance Chapter 2455

“No... can't it?”

Zhong Qiu looked incredulous.

She couldn't imagine that Levi Garrison couldn't even enter the list of a thousand people.

The same is true for others.

What kind of list, even their teachers can't enter.

This is impossible!

No one believes it.

Marshal Tiance was very angry.

Why are these people still not believing it, and still defending Levi Garrison so much?

What kind of ecstasy soup did Levi Garrison pour them?

Why do they have such a high status in their hearts?

“You listen up! Now before God did not list one thousand Ye monarchs! He is a quasi-tenth standings God!”

“Do not believe, you look up the list!”

Day policy Marshal choice but to put God standings And the quasi god list for everyone to see.

After reading the list, everyone was shocked.

"The teacher's wife, brothers and apprentices are all gods, and the teacher is on the quasi gods. What happened?" The

strongest twin star said the doubts in everyone's mind.

Marshal Tiance explained: "That's because your teacher was locked up..."

After listening to the explanation, everyone understood.

The dividends of the new era, the teacher has not caught up at all.

He can only be on the list of gods now only if he catches up desperately.

But after thinking about it, everyone is still very excited.

After all, I have to challenge the teacher of the year.

If you win, you will feel a sense of accomplishment.

At the same time, I also want the teacher to report on the results of their training...

"Next, I will show the powers of the major rankings of the Quasi-God Rankings, and let you know the general strength of the Quasi-God rankings..."

Tiance Major General arranged the major powers of the Quasi-God rankings and began to demonstrate.

This link has not been challenged.

Just let everyone know the basics.

Seeing the demonstration of the strongest of the quasi gods, the strongest Gemini, more than a hundred princes, all laughed.

At first they will be nervous, expecting that the god list will be strong enough to explode, and they may not be able to enter.

It now appears that there is no problem at all.

The quasi god list is too weak for them.

It seems that there is no problem for everyone to enter the god list.

All of them were happy.

“Now that you know the general strength of the quasi god list, it is nothing to you?”

“So, next, you will challenge from the first level! That is, your teacher Levi Garrison!”

“Look at it .” Do you have the strength to enter the list of gods!”

“Challenge one by one, until you click!”

...

“Levi Garrison is here! It’s up to you to test the students!”

Tiance Marshal said with a smile.

He had imagined the scene of Levi Garrison being abused by his students later.

A hundred students are better than him!

Just think about the picture and it’s exciting!

Didn’t Levi Garrison want to be strong?

Then it will give him the biggest blow!

Let his only fig leaf torn.

The students who were taught by themselves were defeated one by one.

That shame!

It will be unbearable!

Although Xiao Feng Zhouke and his apprentices are better than him, they are all talking about it, and they have never had the experience of fighting against each other.

If you really fight against each other to defeat, that will bring Levi Garrison's greatest shame!

Especially for a face-saving person like him!

Young Master Tiance just couldn't understand Levi Garrison's arrogance.

This time he was designed to challenge, and there are also reasons for this.

"Well, I'm coming!"

Levi Garrison stood up.

"Okay, you guys are ready! Next challenge one by one! Let's start!"

Tiance Marshal flashed again.

Give up the battlefield to everyone.

But one hundred Tianjiao, no one will do it.

After all, Levi Garrison is their teacher.

I really can't do it.

Especially knowing that Levi Garrison's current strength stayed three years ago, weaker than any of them.

Everyone dared not make a move anymore.

"This..."

Everyone hesitated.

"Shoot! Come, use all your strength to hit me!"

Levi Garrison urged.

Marshal said.

“What? Didn’t you make it to the god list?”

Everyone looked incredible.

Before, Levi Garrison was the ceiling of combat power.

Can’t even enter the god list of a thousand people now?

Is this too shocking?

“His time has passed! Your teacher is now slightly stronger than the weak!”

## Chapter 2456

Still no one!

No one wants to be the first!

“Shoot! Listen to my orders!”

Levi Garrison shouted.

“Zhong Qiu, you come first!!!”

Levi Garrison designated one person.

After hearing this, the Valkyrie Zhong Qiu immediately stood up.

“Okay, teacher! I won’t keep any hands! Be careful!!!”

Zhong Qiu said.

Immediately kill Levi Garrison.

“Desperate legs!!!”

“Rumble...”

Zhong Qiu attacked, sweeping out his whip leg.

Between the legs, there was a crackling sound like thunder and lightning.

The terrifying aura seemed to destroy the entire base.

Raising hands and feet is an aura of destruction.

This is a shocking move by a senior of the Baolong clan.

Between one leg, the world is ruined.

“This...”

Everyone’s complexion changed drastically when this trick came out.

So strong!

Zhong Qiu is enough to bring enough pressure to the people like Tiance Marshal!

She is at least one of the top 100 in the gods list!

“Not good!”

Everyone’s complexion changed drastically.

When Zhong Qiu went down this leg, Levi Garrison was injured if he died.

This trick is definitely not something he can bear!

Zoey and they all started to panic.

Some people even closed their eyes.

Dare to watch the next miserable scene.

“Don’t worry, if Levi Garrison is injured! I will treat him with the best medicine from Kunlun Industry! Make sure that he is cured!”

The words of the Tiance Marshal made everyone a little more relieved.

“Boom...”

Zhong Qiufeng’s leg slammed, lightning and flint bombarding Levi Garrison’s body.

Suddenly there was a movement of the sky breaking and the earth cracking.

If it weren’t for the special design of the base, I’m afraid it would collapse in an instant.

At this moment, most people closed their eyes.

I don’t want to watch this scene.

But when everyone opened their eyes, they just saw Zhong Qiu being bounced out...

“Da Da Da Da Da...”

Zhong Qiu withdrew at least a few dozen steps before stabilizing his figure.

Her eyes were full of weirdness.

Didn’t you say that the teacher is a quasi god?

Why not only block one’s fierce blow, but even flick oneself?

impossible!

Hundreds of Tianjiao were stunned!

Could it be that the teacher’s master is still there?

This is a good thing for everyone!

“What’s the matter? Why did Levi Garrison block this blow? How could this be possible?”

Everyone couldn’t understand that Levi Garrison could block this blow.

I really can’t figure it out!

Young Marshal Tiance suddenly said, “I know, I know.”

He walked up to Levi Garrison and said, “Are you wearing a special clothing made by Kunlun Industry?”

This word came out.

Zoey and they immediately understood what was going on.

It turned out to be the function of a special battle suit.

In the simulation experiment, the special battle suit can block even the second attack on the gods list.

No matter how strong Zhong Qiu is, he hasn’t reached that level yet.

Everything is understood.

Levi Garrison said helplessly, “Well, I

’m wearing it!” Kunlun Industrial’s special battle suit, which he wears as a vest, also has functions such as automatic cleaning, which is not too cool.

If the marshal Tiance knew that the special battle suit was worn by Levi Garrison as a vest.

I’m afraid I’m going to die alive.

“I’ll explain to you that Levi Garrison is wearing a special uniform of Kunlun Industry...” The

Tiance Marshal introduced the special uniform to the hundred Tianjiao.

Everyone gasped again and again.

I sigh that the development of the outside world in the past two or three years even has this kind of battle clothes.

“Levi Garrison, for the sake of truth, should you take it off? Don’t worry, I will treat you with the best equipment and medicine once you get injured!”

“You still have to go all out, but you have to end it!” Tiance

Marshal said Both parties urged.

Levi Garrison helplessly took off the special battle clothes.

The point is that Zhong Qiu was shocked and flew out just now, it has nothing to do with the special uniform, it is himself.

It’s the same whether you wear a special battle suit or not.

Anyway, with the hundred rascals in front of him, Levi Garrison made up his mind to teach a lesson... He wants to show his true strength and tell the little guys that he has to continue practicing!

## Chapter 2457

Hundreds of Tianjiao looked at the stubborn teacher in front of them, and felt a little pitiful.

With the special suit just now, he can ignore everything and accept their challenges one by one.

But now the special battle clothes are taken off.

Levi Garrison’s only hole card was gone.

Then, they will be able to fight them with real strength.

But where is the opponent?

Zhong Qiu alone was enough to cause him serious injury.

Even if you click to the end, you have to get a little bit injured.

With so many people taking turns to challenge again, it would be difficult for Levi Garrison to leave here alive.

But he was still stubbornly accepting the students' challenges.

The tall body looks lonely, making people feel distressed.

"Teacher, be careful, I won't keep my hands!"

Zhong Qiu said, staring at Levi Garrison.

"Come on, it doesn't matter!"

Levi Garrison was ready to take the move.

At the very moment when Zoey suddenly yelled, "Wait! Wait a minute..." As

soon as Zoey said this, everyone looked at her.

I don't know what she meant.

"Marshal, gather your people, I have something to discuss with you!"

Zoey said.

In the end, except for a hundred Tianjiao and Levi Garrison in the field.

The others gathered together.

"What's the matter?"

Marshal Tiance asked dissatisfiedly.

“Marshal, I want to ask all of you one thing...”

Zoey said.

Everyone’s face changed.

What does it mean?

Everyone looked at Zoey in confusion.

“The next challenge my husband will undoubtedly lose! Anyone can see that the strength of those 100 Tianjiao is definitely at the forefront of the gods! It is definitely not my husband’s opponent!”

Zoey explained.

“Well, yes, so what?”

asked the marshal Tiance.

“But the people he lost were all his students! One hundred, defeat him one by one! What a shame to him! My husband is so strong! This kind of thing happened to him. It’s more uncomfortable than letting him die!”

“If the scene where he was defeated was seen by so many of us familiar with him, it would be another blow to him! I’m afraid he can’t bear it, and will do something extreme. Come on!”

“So I ask you not to watch the game! Let my husband and his students secretly compete? Anyway, we all know that my husband will definitely lose!”

Zoey said his request.

“Yes! Don’t let the boss suffer double humiliation! No one can bear this! Must support!”

“Yes, we can’t watch the battle!”

...

Azure Dragon (Qinglong) and the others supported one after another.

Marshal Tiance thought for a while, and a smile appeared on the corner of his mouth.

“Well, I agreed, not watching the battle! Close this base completely and let their teacher learn from each other on their own, right?” The

Tiance Marshal only wanted to embarrass Levi Garrison.

He didn’t even think about driving him to death.

It was easy to kill him, but there were too many people related to Levi Garrison.

It’s hard to control them.

Even this hundred arrogance is not easy to control!

If Levi Garrison has something to do, too much is involved.

He can only agree.

After everyone came back, Major Tiance said, “Next, you will close the challenge yourself! Send a signal after the challenge! We won’t watch the battle!”

Zhong Qiu, Gemini and they quickly understood the intention of Major Tiance.

Avoid double blows to their master.

“Yes, we agree!”

Everyone nodded.

“Boom...”

Soon, a shield appeared around the base, completely sealing off the base.

Nowhere was left.

They are waiting outside.

“Everyone, get ready, it’s estimated that the battle will be over soon! Next time I will challenge you! Finally, I will go!”

Young Master Tiance’s eyes were shining, “It just so happens that I use King Kong not bad magic power to practice. Practice them!” “The command given above is to practice them at all costs!”

## Chapter 2458

Looking at the students in the base.

Levi Garrison was amused.

Now, he doesn’t need to hide it.

It’s time to play tricks...

“Teacher, then I’m here?”

Zhong Qiu couldn’t help reminding.

“Hold on!”

“Huh?”

Everyone looked at Levi Garrison in confusion.

“To save time, let’s go together!”

Levi Garrison said.

“Ah? This...”

Everyone was stunned.

Go together?

Is the teacher so crazy?

But this is in line with Levi Garrison's style, but his strength can't keep up.

"Teacher, I'm here, hi!" The

Valkyrie Zhong Qiu immediately started.

A heavy kick slashed towards Levi Garrison.

A little better than the one just now!

Levi Garrison watched Zhong Qiu's kick, and he said, "It's too slow, too slow..."

"Boom!"

He avoided this kick easily.

"Kacha..."

Zhong Qiu stepped on the ground fiercely with a frustrated foot.

"The strength is OK!"

Levi Garrison glanced at it.

The next moment, he braved golden light all over his body.

It bursts into light and emits a crisp metallic sound.

The six apertures were blinking.

King Kong is not bad for magic!!

Sixth floor!

According to Levi Garrison's estimation, no one in the room could break the seventh floor!

The sixth floor is impossible!

After all, Takitani Kuroki defeated all the powers of the gods list by virtue of the sixth layer of King Kong's incorruptible power.

No matter how strong they are, they are at the level of Young Master Tiance.

This... what is this?

Everyone was dumbfounded to see this scene.

"Let me test how many cattles you bastards are?"

Levi Garrison directly killed the Valkyrie Zhong Qiu after using the Vajra Invincible Power.

"Clang!"

"Clang!"

...

Zhong Qiu realized Levi Garrison's power and used his best, but every move hit Levi Garrison with a metallic sound.

But it can't cause any harm to him.

But as long as Levi Garrison attacked, Zhong Qiu was beaten out immediately.

Later, he killed Xiang Ning still and Fu Jia.

Although the two are strong, they are invincible.

...

Another one!

again!

...

Next, one hundred Tianjiao were taught by Levi Garrison one by one.

Finally, only the strongest Gemini was left!

The two are the strongest!

It is indeed different from the previous Tianjiao.

They can stay under the sixth layer of the King Kong Undamaged Divine Art for longer, and even have a faint tendency to break the sixth layer.

Especially when the two of them join forces, they tend to break even more.

But after all, it was almost!

“Bang!”

“Bang!”

Finally, Levi Garrison flew the two of them out.

So far, a hundred people have been educated by Levi Garrison.

Everyone’s eyes were filled with inevitable shock, and they looked at Levi Garrison incredulously.

how come?

how come?

Shock!

Isn’t it said that Levi Garrison is a quasi god?

It's not even a gods.

As a result, they slammed all of them, even the Gemini and the Valkyrie were invincible.

what happened?

"I know! The teacher's strength has been there, but the group of people don't know, the outside world doesn't know. I thought the teacher stayed three years ago!"

"The strength of the boss is at least the top five of the gods! He is this. We are always close to breaking the golden body together!"

Gemini said.

"You are right, but not completely right!"

Levi Garrison said.

"You all come together!"

Levi Garrison said.

A hundred people attacked Levi Garrison at the same time.

"Buzzing..."

Seven apertures flickered!

King Kong is not bad for the seventh layer of magical arts!

More than a hundred people teamed up and could barely deal with the seventh layer of King Kong is not bad magic!

"Boom!!!" A

breath of silence.

Levi Garrison displayed the eighth layer of King Kong is not bad magic.

“Slap!”

“Slap!”

.....

Hundreds of Tianjiao were all shaken out.

“This...this this...”

Everyone looked at Levi Garrison incredulously.

This is too powerful, right? ? ? The world is invincible!

## Chapter 2459

At this moment, everyone felt that Levi Garrison was stronger than the masters they had secretly trained in the Baolong clan.

Even a lot stronger!

Just tell us this is the quasi god list?

Still the first level?

simplest?

Are you kidding us?

The first level gives us the most difficult intensity?

However, this is not the limit!

Levi Garrison’s breath is still soaring!

Still climbing rapidly!

“Buzzing...”

King Kong is not bad for the ninth layer of magical skills!

Nine phantoms appear!

Especially a round of scorching sun hung high behind Levi Garrison.

The indestructible body of King Kong that cannot be broken at all!

An aura that made heaven and earth tremble and surrender overwhelmed the audience!

Everyone feels that their bodies are going to be crushed!

This is definitely better than the masters of their Baolong clan, and much stronger!

The group of people outside also didn't understand the teacher's true strength.

The teacher deceived the world again!

As soon as the ninth layer of King Kong is not bad, the heaven and the earth surrender, and the universe bows its head!

scared!

Everyone was scared!

Too f\*cking strong!

No one does not tremble!

This is definitely the strongest person they have ever seen, not one of them.

“Teacher, what's the matter with their ranking of you?”

Zhong Qiu asked.

“Because I haven’t appeared in the past three years, they thought I was eliminated by the times! If everyone didn’t know where you went, they would think that you were eliminated. Your strength stayed at three years ago! You don’t know that you are still strong!”

Ye King’s Landing explained.

Everyone nodded in relief.

Mainly everyone is not in this era, and doesn’t know what you have done...

“Teacher, is your strength so strong? Unbelievable!”

said the strongest Gemini.

Levi Garrison shook his head, “No! This is a technique I got two days ago! Just practice it, and I will reach the highest level! I am actually much better than this, right?” The

words are not surprising and endless.

Levi Garrison said this.

This group of apprentices are really going to vomit blood.

Is a single exercise that you practiced at random is heinously strong?

If he doesn’t know how strong his true strength is?

unimaginable!

Everyone was shocked in a cold sweat.

The people outside are really idiots!

The teacher was also arranged for the first level.

It’s ridiculous!

“Actually, my strength comes from the basic exercises that I have taught you! You should practice it from time to time. It is true that this exercise is slow to produce results! But it is still good to stick to it!”

“For you, I don’t Worry, what you are practicing is the orthodox technique of the Baolong clan, no problem! Come on!”

Levi Garrison said.

Everyone was immersed in the shock.

No one thought that the reason why Levi Garrison was so powerful was that all of them had the basic techniques to practice.

I didn’t expect it!

This basic exercise is stronger than the magical power of King Kong not being bad?

Levi Garrison smiled, “Everyone still pay attention! King Kong is not bad for me, just use the novel toys, just brush it! My main practice is this basic exercise!”

“Understood!”

Everyone nodded.

“I actually tested it for you just now...”

“But if you want to practice with them, you can do it! Try their strength!”

Levi Garrison said.

Obviously it is a challenge for a hundred people.

But Levi Garrison ended the battle in the shortest time.

“Okay,

let’s go out!” Hearing Levi Garrison’s words, everyone signaled.

When the marshals outside Tiance received the signal, they were all very surprised.

“It’s over so soon?”

“This group of Tianjiao is really fast! The abuse of Levi Garrison is fast enough!”

“It’s ten times faster than I expected ! I didn’t expect it to be solved in a few minutes!”

Everyone laughed.

“Rumble...” The

door was opened along with it.

Everyone saw hundreds of Tianjiao and Levi Garrison.

“Huh? Why is Levi Garrison okay?” Everyone was surprised.

## Chapter 2460

In everyone’s imagination, Levi Garrison should be dying.

But the fact is that Levi Garrison has nothing to do.

“You really don’t hurt your teacher at all...”

someone said.

Zoey secretly breathed a sigh of relief when he saw that Levi Garrison was okay.

If Levi Garrison is seriously injured.

Then hit him.

But now I saw Levi Garrison’s face serious.

She also understood that Levi Garrison must be extremely sad when he was defeated by a hundred students in turn.

Don't even want to say anything!

"May I go now?"

Levi Garrison said.

"Yes! Come on, the special suit is for you!" The

Marshal Tiance gave the special suit to Levi Garrison.

Levi Garrison accepted it.

A good vest.

Why not?

Seeing Levi Garrison's back, everyone sighed.

I felt the sadness in Levi Garrison's heart.

Was defeated by the students!

It's actually a cruel thing!

Gemini, the Valkyrie and they all looked at Levi Garrison's back.

Complex look!

They were wondering how powerful Levi Garrison is?

It's so strong?

That strong King Kong is not bad, the ninth layer of magical skills is like a toy to him?

This, this...

But their expression fell in the eyes of other people.

It was as though sorry for Levi Garrison.

“Come on! Your challenge continues!”

“I should have known what the qualifications for entering the gods list are...” The

Tiance Marshal directly ordered the challenge to continue.

There is no opportunity for everyone to speak.

“Why don’t they ask who is defeated?”

Fu Jia wondered.

“Yes, why don’t they ask who is defeated...”

Hundred Tianjiao was very puzzled.

But in the eyes of Tiance Shao, Levi Garrison is bound to lose.

There is no need for any negotiation at all!

No need to ask!

The challenge continues in this way.

The second hurdle is the challenge of the threshold of the god list.

Levi Garrison’s father-in-law and some members of Li Zhao’s family belong to this level.

The fierce challenge begins.

Soon after, Hundred Tianjiao all passed this level.

Next is the third level led by Levi Garrison’s apprentice Zhou Ke and others, the fifth hundredth in the god list.

It took some time this time.

But Hundred Tianjiao still passed with difficulty.

Explain that all of them are in the top five hundred of the gods.

continue.

The top three hundred on the god list!

All members passed.

...

Chase all the way.

Finally reached the hundredth on the list of gods.

This level stopped forty-eight people.

Fifty-two people entered the top 100 on the list of gods.

This surprised and delighted the Baolong clan and Tiance Mansion.

The focus of the next plan is there.

It is to let the forty-eight people who were blocked from the top 100 enter the top 100 level of the gods list.

Just continue to strengthen the others.

The challenge continues.

Tiger (Bai Hu), Xuanwu and they played one by one.

There are losers and there are victorious ones.

Kirin ( Qilin ), Sword Evil God, Xiao Feng and others will soon appear on the stage.

They stopped many people.

Zoey also stopped many people when he appeared.

Xuanyuan Qingya also stopped many people.

In the end, only eight people passed the challenge to the level of Young Master Tiance.

“Has it been difficult?”

Tiance Marshal asked.

“No, easy, too easy...”

everyone replied in unison.

Ever since the hardest Levi Garrison, passing any level is easy.

too easy.

Even those who are blocked by Tianjiao think so.

It’s much easier than playing King’s Landing.

King’s Landing was completely crushed.

Now the two sides are playing inextricably.

Even if you lose, it’s just a bit of a loss.

It’s not too easy.

This answer was obviously beyond the Tiance Marshal’s expectation.

“It’s difficult, it seems you are very easy!”

“Then I will personally give you strength!”

"I will show you that King Kong is not bad for magic..."

The marshal of Tiance immediately performed the fifth layer of the magical power of King Kong is not bad.

"Puff!" At

this time, all the hundred Tianjiao in the audience laughed out loud.

The marshal of Tiance was stunned. What are you laughing at?
