

The Return of the God of War [The Protector]

Chapter 2511 - 2520

Chapter 2511

"You...when did you come?"

Ye Zhantian asked tremblingly.

He was so nervous and afraid that he didn't even notice Ye Longtian.

This was impossible before!

If Ye Longtian were the enemy to assassinate him, he would definitely succeed. Ye Longtian sighed, "Brother, actually, I have already noticed that you are abnormal! Killing the knife broke your explanation, right? You have a logical error! You know the material of the killing knife better than anyone else? It is indestructible. ! Even you

can't interrupt it.

I guess, your killing knife was interrupted by someone, right?"

Although Ye Longtian felt that this might be almost zero.

But it is still possible!

He asked subconsciously.

Unexpectedly, Ye Zhantian nodded, "Yes, that's right! I didn't break the killing knife myself! I didn't break it by myself! It was interrupted by others!"

"Ah?"

“Really?”

Ye Long The sky was shocked and scared.

Was it really interrupted by someone else?

“He has an Excalibur that is a hundred times stronger than mine, and can easily cut it off! This is not the key! It is his strength! He can easily defeat me! It feels useless at all. The power of one defeated me!”

“The reason he was looking for me was to try the sword...”

...

Ye Zhantian told Levi Garrison all about the fact that Levi Garrison asked him to try the sword.

Ye Longtian was shocked...

this, this... will

Ye Zhantian lose?

He really couldn't think of anyone else from the ancient Garrison Clan who could deal with him?

There is such a person in the world who can easily defeat Ye Zhantian.

“Do you know who defeated me?”

Ye Zhantian asked.

“Sho... shouldn't it be Levi Garrison?” For some

reason, Ye Longtian came up with this name in his mind.

“Yes! It's him!”

Ye Longtian understood after hearing this.

Everything is understood.

Ye Zhantian understood a series of abnormal actions...

In fact, he didn't really want to kill Ye Wudao and the others.

He is protecting the Ye people!

If it hadn't been for him to protect like this, I'm afraid the Ye people would have finished it today.

Even the ancient Garrison Clan will be implicated.

Wise move!

Now think about what Ye Zhantian has done absolutely!

"I really didn't expect the secular Garrison Clan to have such an existence against the

sky! Even the ancient Garrison Clan is an absolute leader! I can't think of who can be his opponent..." Ye Longtian gasped.

Ye Zhantian nodded, "It's terrible because it's unfathomable! Even I can't detect where his limit is... Hey, I'm such a waste... I haven't defeated, but this defeat is so complete!

"Actually, brother, you don't need to be depressed! Think about it this way, Levi Garrison is the blood of Garrison Clan! In fact, you have lost to your descendants, and you are not an outsider..."

Ye Longtian comforted.

Hearing this, Ye Zhantian's eyes lit up, "Yes! He has to call me ancestor according to generation!"

He felt a lot more cheerful.

“But he is so powerful, why doesn’t everyone know? Ye Wudao, fools like that, still want to use him with a knife?”

Ye Longtian thought for a while and said, “It should be that he has any plans. I don’t want to reveal his strength for the time being! Then we must keep secrets for him and not destroy his affairs!”

“Well, this is certain!”

“Since I am Garrison Clan has such a powerful younger generation, if he comes to the Garrison Clan, wouldn’t my Garrison Clan directly oppress the Tiance Mansion Baolong Clan!”

Ye Zhantian nodded fiercely, “That’s for sure! He wants to join the Garrison Clan. Ancient Clan! My Garrison Clan has swept the world invincible!”

“The Garrison Clan has such a bloodline, we should immediately tell the Garrison Clan! Let the whole clan have a meeting, and then take out the highest etiquette of the Garrison Clan to take people back!” Ye Longtian’s proposal, Ye Zhantian agreed, “This kind of offspring should please come back at all costs!”

Chapter 2512

After knowing Levi Garrison’s true strength.

Ye Longtian desperately wanted Levi Garrison to return to the Garrison Clan.

But it is not force, but the highest etiquette.

It is necessary to use the best thick conditions to attract Levi Garrison back.

Soon Ye Longtian told several elders who came to his colleagues about this matter.

After they knew it, they were shocked.

They have the same thoughts as Ye Zhantian.

Please go back Levi Garrison.

Restore him as a child of the Garrison Clan!

“That way! You two quickly tell the patriarch from the Hui clan... Let all who have the right to speak come here!”

“We, immediately go to discuss with Levi Garrison! See if he has any conditions...”

Ye Longtian arranged Rear.

The two elders rushed back to the ancient Garrison Clan as quickly as possible.

“I will

heal people first! Otherwise, they will die...” Ye Zhantian and Ye Wudao and Ye Lingtian later healed their injuries.

The two of them were the most injured... and

both were dying.

Ye Zhantian also tried their best to heal them.

Take out all the best medicine.

Soon after, the two were out of danger.

Ye Wudao even got sane and woke up.

“Uncle Uncle I won’t blame you! You taught me, of course you have your reason!”

“Uncle Uncle waits for my recovery, I will sanction Levi Garrison! A little Levi Garrison is not worth your shot! I didn’t realize it. A little...”

Ye Wudao said.

He thought that Ye Zhantian beat him because of his overkill.

Take the god of death to punish Levi Garrison...

“Boom!!!”

Hearing Levi Garrison’s name.

The expressions of the two changed immediately.

Where are you stiff, do not speak...

“Master, what’s wrong with you, Uncle? Did I say the wrong thing?”

Ye Wudao asked suspiciously.

Ye Lingtian, who woke up next to him, also agreed, “Yes! That’s right! Levi Garrison’s small character, no matter where the two ancestors get the shot, let’s deal with it!” It

became more stiff.

The faces of two people!

“Bang!”

“Bang!” In the

next second, Ye Wudao and Ye Lingtian knocked Ye Wudao and Ye Lingtian unconscious with one punch.

“Shut up, isn’t it good to be in a coma? You just talk a lot of nonsense!” The

two were furious.

After treating the two, they set off again for Jiangbei.

At this time, news of the patriarch and elder group of the ancient Garrison Clan had arrived.

Ask the two to negotiate first!

They came here afterwards... The

patriarch and the great elder issued an order-no matter what Levi Garrison asked for, they must agree!

This time, Levi Garrison must return to the Garrison Clan!

For example, you can kill Ye Lingtian and Ye Wudao...

any condition can be met!

All can be discussed!

After receiving the order from the patriarch, the two became more confident in this negotiation.

When the two came to Jiangbei.

Frightened the guards outside.

In the villa.

Levi Garrison and the others are still together.

"It's not good! The big event is not good!"

"Our spies just came to news! Said that the killing god Ye Zhantian is returning to Jiangbei! He is currently coming here!!!"

This word came out.

There was dead silence in the villa.

Silent.

Everyone thought that the Garrison Clan might come again.

But I didn't expect the speed to be so fast... At

this time everyone looked at Levi Garrison, "Didn't you say that Ye Zhantian was afraid that you would not dare to come? Why did you come so soon? Your lie is self-defeating!"

Zoey went on It was a sneer, "Levi Garrison is not embarrassed? Isn't he slapped? People are not afraid of you! They are here again!"

"Before everyone cooperated with you in acting to satisfy your vanity! Don't be addicted! Others are not used to you!"

Levi Garrison also A little confused.

It stands to reason that Ye Zhantian didn't dare to come.

Why does this kid dare to come.

Even Xuanyuan Qingya was extremely puzzled.

Ye Zhan is really not afraid?

Dare to come?

"What to do?"

"It seems too late to run, people seem to have arrived!" Zoey sneered, "People are afraid of Levi Garrison, let's see if Levi Garrison can scare away..."

Chapter 2513

Levi Garrison really wanted to know why this kid came...

If he came to make trouble, Levi Garrison would not keep his hands.

It's okay to talk about other things...

but if you make trouble, forgive him for not having the guts!

“Garrison Clan Ye Zhantian, Ye Longtian is here to visit!!!” A

voice was already heard from the person outside.

Hearing these words, Levi Garrison had already roughly understood Ye Zhantian’s intentions.

This is the meaning of visiting, not looking for something.

But when Zoey heard these words, they changed their tastes-in the eyes of everyone, they were arrogant and domineering.

After all, let the killer come to visit, they can’t even think about it, how can they be qualified.

“Come in!”

Levi Garrison responded.

Everyone glanced at Levi Garrison.

Are you so brave?

Are you not afraid of death at all?

After getting a response.

Ye Zhantian and Ye Longtian entered.

Zoey and the others were serious about it, like an enemy...

staring at the two.

“The rest of you leave first!”

Ye Zhantian said after taking a look at Zoey.

With a hint of order.

But he glanced at Levi Garrison subconsciously.

Seeing that he looked normal.

He let out a long sigh of relief.

“Huh?”

Everyone was taken aback, but no one moved.

Why do they allow Levi Garrison to be here alone...

no!

Never leave!

Everyone regards death as home!

“Hehe, we need to ask him something... If we really do, do you have any relationship with whether you are there or not?”

Ye Longtian looked at everyone with a sneer.

Ye Zhantian also said coldly, “Hurry up! Do you have to force me to ask you to leave?”

Zoey and the others hesitated as soon as these words came out.

Looking at each other, a thought flashed in his mind...

If the killing god wants to do it, it is indeed the same whether they are there or not.

All are cannon fodder!

The gap is too big.

If they are here to kill Levi Garrison, why bother talking nonsense with them and just do it directly.

The reason for this is probably because there is something to ask Levi Garrison.

It's probably their Garrison Clan's own business.

In any case, Levi Garrison's body is flowing with Garrison Clan blood.

This is undeniable.

"Well, let's go out first! Call us directly if something happens!"

Zoey could only withdraw from the villa with everyone.

Leave the place.

"Miss Xuanyuan..."

Zoey was about to call out Xuanyuan Qingya.

"No, she can stay!"

Ye Zhantian said immediately.

After everyone left, Ye Zhantian could no longer pretend.

"Whhhhhh..."

gasping for breath.

The two bowed and bent over at ninety degrees, facing Levi Garrison's respectful

saying, "Grandmaster is here, please be respected by us!" They put aside their identities, and only talked about their strength!

"Let's talk about it, what's the matter? Do you want me to return to the Garrison Clan? To be precise, it is the Garrison Clan ancient clan!"

Levi Garrison said.

"This..."

Ye Zhantian glanced at each other.

The eyes are full of shock.

Does he know?

“This... is indeed... Grandmaster. It was a misunderstanding before! We listened to the nonsense of some juniors!” “We investigated the course of the matter. Ye Chen was wrong first, and tried to kill Grandmaster and repeatedly. His mother! He is more than guilty! The Garrison Clan in Beijing has committed all kinds of evil deeds! Enough to exterminate them! Grandmaster, you are already too kind!

Everything is done by themselves and cannot live!”

Ye Zhantian said.

Levi Garrison and Xuanyuan Qingya both laughed.

This era is the law of the weak eating the strong!

If Levi Garrison is not strong, will all this happen?

will not!

I don't know Levi's strength, all of them are his faults, all his crimes, and he will be cut out!

But after knowing Levi Garrison's strength, he confessed his crime instead!

In this era, there is no right or wrong. Only strong and weak...

Chapter 2514

“We already knew it was wrong! Do we need to annihilate the Jingcheng Garrison Clan? As long as you have a word from the Grand Master, we will do it right away! Erase the Jingcheng Garrison Clan!”

Ye Longtian said.

Levi Garrison's smile grew stronger.

He kept saying that the blood of compatriots in the clan should never be touched.

Now, in order to please myself, I don't hesitate to destroy the family...

ridiculous!

Extremely ridiculous!

"Maybe Grandmaster, if you want them to confess, I will immediately let everyone from the Garrison Clan in Beijing come! Kneel in front of you and your mother to confess!"

Ye Zhantian asked again.

Now they are cautiously pleased Levi Garrison.

You can basically agree to whatever you want.

"Don't be haggling... you just want me to return to the Garrison Clan?"

Levi Garrison sneered. "Yes, yes, yes! We...not only us! We have notified the patriarchs and elders of the ancient Garrison Clan and all high-level leaders! They all want you to return to the Garrison Clan! Now the patriarch is coming with everyone On the way! The patriarch

will personally invite you to return to the Garrison Clan!"

"The patriarch said to show our sincerity! Please join the ancient Garrison Clan at all costs!"

"Yes, Grandmaster, you can mention any conditions, and we must meet them!"

... ..The

two immediately said.

"The conditions must be mentioned... I'm just afraid that you are not qualified to agree..."

Levi Garrison said.

“Ah? A condition?”

“As long as you always put it forward, I’ll definitely agree to it! You hurry up...” the two couldn’t wait to say.

As long as Levi Garrison joins the Garrison Clan, the Garrison Clan will take off.

Ignoring all the ancient tribes, ignoring the Tiance Mansion and Baolong clan...

They are so eager...

If they persuade Levi Garrison to join, they will have infinite merit in the family!

“The conditions are very simple! If you let me join, I will be in charge of the Garrison Clan! I will control the Garrison Clan and all the Garrison Clan in the world!”

Levi Garrison said.

The language is not surprising and endless.

When these words came out, Ye Zhantian and Ye Longtian’s eyes almost flew out.

In charge of the Garrison Clan?

Isn’t that to become the patriarch of the Garrison Clan?

What a lion!

Ye Zhantian’s arrogance is arrogant, and he didn’t put anyone in his eyes.

But the patriarch never thought about...

“Is this condition a bit too much, right? We never thought you would mention this condition...this...” The

two were dumbfounded.

“Didn’t you just say that you can do everything? Now? Can’t do it?”

Levi Garrison sneered.

“I won’t change the conditions! If you don’t agree to it, there will be no way!”

“Before Tiance, the superintendent took the initiative to give me the position of the superintendent in order to allow me to join the Tiance Mansion, and I refused!”

“Now I come. When the Garrison Clan is at the helm, it gives you enough face...”

Levi Garrison said indifferently.

In this regard, Ye Zhantian had no doubts.

They have checked it out.

Next to Levi Garrison was the daughter of Tiance Shenshuai.

The superintendent Tiance might really let him be the helm of Tiance Mansion.

“Guru, not that we do not agree, we are not the key-day policy of the government in power, and this thing we have to look for the patriarch to discuss them!”

“Yes, and so after consultation, we give you a satisfactory answer!”

Did this thing Unable to agree.

I can only go to other people in the Garrison Clan.

“Then get out! If you can’t agree to this condition, don’t come to me!”

Levi Garrison drove the two away.

The two left dingy.

Zoey and the others came in hurriedly, and she asked anxiously, "What's wrong? What are they looking for alone?"

"Yes, boss, did they treat you like that?"

Everyone asked with concern.

"Boss, tell me, what is going on?"

Everyone urged.

Levi Garrison said, "They came to beg me to join the Garrison Clan!"

"Ah?"

Everyone looked incredulous... Ye Zhantian came to ask Levi Garrison to join the Garrison Clan?

Chapter 2515

impossible!

What's the identity of Levi Garrison?

Ye Zhantian personally invite!

It's absolutely impossible!

"What's the matter? Don't be kidding..."

Zoey naturally didn't believe it.

"That's right! They're here to invite the Hui Garrison Clan in

King's Landing !" Xuanyuan Qingya suddenly said.

"Huh?" At

this time, everyone was stunned.

No one believed what Levi Garrison said.

But when Xuanyuan Qingya said that, everyone believed it.

Think about it again, why Ye Zhantian wants to spread them out...

it must be something within the Garrison Clan!

And don't you want outsiders to see the picture they invite Levi Garrison?

As for Xuanyuan Qingya's presence, the reason is her identity-Tiance Mansion.

I got it!

Zoey looked at each other with everyone... he

immediately thought of the reason.

The reason why the ancient Garrison Clan allowed Levi Garrison to return may have something to do with Levilia...

Although Ye Zhantian said he was not afraid of the Tiance Mansion and the Baolong clan... but

everyone understands that I still dare not stand up against the ancient Garrison Clan. Just!

You should know that there are actually several Baolong clan, not one clan.

The combined strength is not comparable to the Garrison Clan...

they still dare not move.

Don't even dare to snatch Levilia out of Tiance Mansion!

They want to be fair and honest, and reasonably and legally to get the ruler.

First of all, you have to deal with the relationship with Levi Garrison.

As long as Levi Garrison joins the ancient Garrison Clan, it is equivalent to officially acknowledging the identity of Levilia.

In this way, the ancient Garrison Clan can

bring the monarch back and cultivate by himself... It is actually because of Levilia that Levi Garrison joined... After

knowing this, no one is asking more...

“You still agree! This is good for you and Levilia! As for the question of where Levilia is going to be, you can ask the Garrison Clan to discuss with Tiance Mansion! You have to get rid of the relationship...”

Zoey persuaded.

She didn't want Levi Garrison and Levilia to have an accident.

The Garrison Clan is too strong.

Joining them is also a good thing...

“Look, I'll join if they can promise me...”

Levi Garrison said lightly.

“You dare to mention the conditions! Be careful not to die...”

Zoey said.

She looked at Xuanyuan Qingya again, “With Ms. Xuanyuan participating, it must be a tripartite talk! I can rest assured... you can figure it out... I won't interfere...” on the

other side.

Brother Ye Zhantian returned to the Garrison Clan in the capital.

I just met everyone from the ancient Garrison Clan...

there were hundreds of people in front of me!

They are all high-ranking members of the ancient Garrison Clan...

even a few old ancestors who have been in seclusion from the world have come...

These are the existence of Ye Zhantian and they have to call grandfather, which shows that the seniority is high.

Hearing that the descendants of the Garrison Clan had such an existence, everyone couldn't sit still and all ran to greet them.

An old man headed by him is domineering and majestic.

The patriarch of the ancient Garrison family-Ye Qingtian!

The unique existence among the Garrison Clan!

He was the one who put Ye Zhantian in the dark cage at the beginning!

People who can suppress Ye Zhantian!

The elder Ye Fengtian, the second elder Ye Qingtian, and the third elder Ye Wangtian... the

four patron saints of the

ancient

Garrison Clan ... the gatekeeper of the ancient Garrison Clan ... Basically all the high-level Garrison Clan came...

Compared with these people, Ye Longtian's identity is considered backward.

Their names are all in the sky!

It means that they are gods second only to the sky...

"Huh? Why are you back? Did something happen?"

Ye Qingtian couldn't help asking when seeing everyone.

"Nothing happened! Levi Garrison put forward the conditions, but we can't meet them..."

Ye Zhantian said helplessly.

Everyone smiled curiously, "There are conditions you can't meet. I want to know what are the conditions?"

"Levi Garrison wants to take charge of the ancient Garrison Clan and all the Garrison Clan in the world! I want to take your place!"

Ye Zhantian looked at Ye. Qingtian said. As soon as these words came out, there was silence...

Chapter 2516

The reaction of this group of people was even more intense than that of Ye Zhantian and the two of them just now!

One face changed wildly!

"Presumptuous! Is the position of the patriarch of the Garrison Clan that his junior covets?"

"Yes! That's right! It's the blood of the Garrison Clan who is still living outside! The blood is mixed and muddy! Want to be in charge of the Garrison Clan? Dream, right?"

"No one of the ancient Garrison Clan dared to covet the Garrison Clan so much, right? Is he looking for death?"

...

Levi Garrison's condition angered many Garrison Clan people.

The patriarch Ye Qingtian's face also changed, and he could see that he carried a trace of anger.

"Push your nose and face?"

Ye Fengtian asked.

Ye Zhantian said, "I think it can actually be agreed! As long as he joins the ancient Garrison Clan, he will sweep everything!"

"After all, he is too strong! With his joining, the Garrison Clan can be raised to a higher level!"

Ye Longtian He echoed, "Yes! He is too strong! I think this condition can be agreed!" The words came out.

Everyone is even more angry.

After all, they are not the parties.

I didn't understand Levi Garrison's true strength, everything was heard.

What's more, they are a big family, with unique pride and dignity!

I think I'm only weaker than the sky!

Now it is a shame for the ancient Garrison Clan to give up the position of the clan leader to a junior with impure blood!

In any case it is impossible!

It is impossible to ask a junior to join the family at such a high price.

It's a shame to spread it out!

Garrison Clan will never look up!

So when Ye Zhantian said this, everyone was angry.

“Ye Zhantian what are you doing? How could you give up the position of Patriarch to a little boy? You are sick!”

“What happened to you after Ye Zhantian came out this time? The whole person has changed! I see fear in your face! Is this still you?”

...

Ye Fengtian said several people.

“Hehe, you haven’t seen his strength! When you see it, you are more embarrassed than me! I guess the entire ancient Garrison Clan can’t stop it!”

Ye Zhantian sneered .

Everyone shook their heads, “I don’t believe it! We don’t believe it! How could it be so powerful!”

Ye Qingtian nodded, “Well, I don’t believe it either! If the clubhouse leaves clan one-on-one, we might all lose! But we need all of us. If people add up, he can win? Impossible!”

“Yes! Not to mention the entire Garrison Clan, we are present with nearly a hundred people teaming up and anyone can win?”

Everyone said.

“This Levi came to us to treat people with courtesy, he made such an excessive request! Why not? Let’s join hands to capture him back to the ancient Garrison Clan. If you don’t agree, you have to agree!”

Ye Wangtian said.

“Okay, I agree!”

Ye Qingtian promised to come down, "Lift first and then soldier! If he doesn't eat etiquette, we will force him to surrender! Big deal, let's go together!" With

this idea, everyone went to Jiangbei aggressively.

They wouldn't believe that Ye Zhantian said that Levi Garrison could be a man against Garrison family...

impossible thing!

"Okay, I want to see how you suppressed him!"

Ye Zhantian was happy.

This group of people didn't believe in themselves.

So just right!

I just took you to...

Ye Longtian didn't say anything.

He knows that persuasion is not good...

no one in this group listens.

One by one, arrogantly dying...

Ye Zhantian led the team and everyone followed.

All arrogantly excited.

Thinking of the way to abuse Levi Garrison...

"Here is someone..."

Levi Garrison felt that he was coming, so he summoned Zoey and them and told them to leave first.

Knowing that it was the Garrison Clan's matter, Zoey didn't say anything.

Leaving with everyone.

soon.

In Jiangbei Villa.

Only Levi Garrison had a few people.

Levi Garrison was sitting there.

Shen Jie hovered in front of him, sending out a series of metallic colors.

Slight energy fluctuations come out. He is waiting for the arrival of the Garrison Clan...

Chapter 2517

The divine calamity at this moment is meek like a child in front of Levi Garrison!

If it weren't for the actual situation, even Xuanyuan Qingya would think it was a very docile weapon!

But actually ruining the world...

Soon, Xuanyuan Qingya already felt the oppression.

People from the ancient Garrison Clan are here.

"Buzzing..."

Shen Jie felt the oppressive breath, and suddenly trembled with excitement.

"Levi Garrison! The ancestors of the ancient Garrison Clan are here! You junior, don't you come out on your knees to greet you?"

A stern shout came.

All the Ye people waited outside the villa for Levi 's arrival to greet them.

It's just that Levi Garrison closed his eyes to rest his mind, and didn't pay any attention.

Ye Zhantian sneered and said, "If you want to invite him, you have to go there yourself...wait for him to come out to pick you up! Impossible!"

"If he is smart, he should know what the situation is now! He will definitely come out and kneel to meet our ancestors. Yes!"

"Yes, I believe Levi Garrison is a smart person! He will make the right choice!"

Ye Qingtian said.

They call themselves their ancestors.

Waiting for Levi Garrison to handle it and kneel to greet him.

If they enter directly, it would be a shame for them!

So everyone is standing there and waiting!

"You wait, we are going in first."

Ye Zhantian and the two entered first.

"Boss! Trash! Was scared like this by a junior?"

Everyone scolded.

Ye Zhantian, who felt that he hadn't put anyone in his eyes, was embarrassed by Garrison Clan!

After Ye Zhantian entered.

I saw the sword of "Divine Tribulation" at first sight!

“Boom!!!”

A terrifying breath came across.

“I...”

Ye Zhantian was inexplicably afraid of Divine Tribulation. He

knelt down directly...

and he felt that the divine calamity was even more majestic and terrifying than before!

If Ye Longtian faced Divine Tribulation for the first time, under the terrible pressure, it seemed that an invisible big hand would crush him to the ground.

Ye Longtian also knelt to the ground...

terrible!

He finally knows what kind of peerless artifact the brother is putting in front of...

this, this...

completely invincible!

Ye Qingtian and others outside were still waiting.

five minutes!

No one came out.

For ten minutes, no one came out.

They were already anxious, looking at each other, doubts flashed in their eyes.

“Don’t worry, I believe that smart people make smart judgments!”

Ye Qingtian felt calm.

twenty minutes.

Someone could not help but rushed in.

But Ye Qingtian said, "It's okay, wait a while! Levi Garrison, this is your last chance to redeem yourself! I gave the opportunity, and it depends on whether you can grasp it..."

"Well, just give this kid one last chance! I hope he can wake up and quickly come out and kneel to meet us!"

Everyone in the Garrison Clan is still dreaming, waiting for Levi Garrison to greet us.

But half an hour passed quickly, and no one came out.

Now, everyone can't wait any longer.

One by one, his complexion turned red, and he was extremely angry.

This is a humiliation they have never experienced before, and there are people who don't give them face.

Still a junior of the Garrison Clan!

Isn't this looking for death?

"Levi Garrison's opportunity has already been given to you! This is what you asked for! We will never spare you!"

"Go, rush in! I want to see Levi Garrison's few jins..."

In Ye Qingtian Under the leadership of Garrison Clan, the senior officials of the Garrison Clan entered the villa in unison.

One enters the villa.

Everyone saw Ye Zhantian who were kneeling on the ground.

They are getting more and more angry!

“Shame! You are the shame of the Garrison Clan!”

“Ye Zhantian, you actually kneel down to a junior! You are really the biggest shame of the Garrison family! Are you ashamed?”

Ye Fengtian and the others shouted.

They were full of anger, and their blood surged and exploded with anger. At this time, Levi Garrison smiled, “Don’t worry, you will kneel as well!”

Chapter 2518

The words came out.

Everyone was taken aback.

In any case, they never thought that Ye Zhantian would kneel down for Levi Garrison!

Like a dog!

“Ye Zhantian, your behavior is to add humiliation to the Garrison Clan! You don’t deserve to be in the Garrison Clan!”

Ye Qingtian, the chief of the Garrison Clan, said coldly.

After they finished training Ye Zhantian, they all looked at Levi Garrison.

“Are you Levi Garrison?”

Ye Qingtian asked.

“Well, it’s me!”

“Bold young man! The ancestors who saw you dared to sit? Hurry up and kneel down! Otherwise, the highest clan rule of the Garrison Clan will take care of you! Let you die!”

“Yes! You didn’t come out to meet the ancestors.” We have violated the clan rules! Now kneeling and confessing, we might let it go!”

... the

elders of the elders scolded one after another.

In their opinion, Levi Garrison violated serious family rules.

It is already a heinous crime...

“Also! Let me introduce you! This is Ye Qingtian, the lord of the Garrison Clan! You must knock for ninety-nine bangs! To get his approval!”

Everyone began to introduce Ye Qing again. The identity of the day!

“I don’t like the tone of your speech, just kneel and talk to me!”

Levi Garrison frowned and said calmly.

“Let’s kneel??”

These old guys seemed to hear the biggest joke in the world.

I was stunned!

How is it possible to let them kneel in front of a junior?

It’s absolutely impossible!

Levi Garrison stopped talking!

“Ding!”

A flick of your finger on the divine calamity!

“Boom!!!” In an

instant, a breath of death erupted, like Shura's rebirth in hell.

The world changed color at this moment.

"Buzzing..."

Shen Jie trembled, making a terrible sound.

Suddenly lifted off!

"Boom!"

"Boom!"

... the

sword of Shen Jie was activated abruptly!

The terrible energy burst out inside...

swept across the army!

Destroy all bodies!

The majestic breath was overwhelmingly suppressed.

Everyone present seemed to be carrying a Tarzan on their backs...

Everyone's complexion changed drastically, they were extremely red, and even cold sweats!

This breath was pressured, and everyone could only use their best efforts to resist...

"Puff!"

Finally someone couldn't help but bend their waist under abrupt pressure and fell directly to the ground.

"Puff!"

“Puff!”

.....If

there is the first one, there will be a second one.

The senior members of the Garrison Clan couldn't bear the overwhelming pressure, one by one they knelt to the ground.

The rest of the people used their greatest strength to resist, but their expressions were painful to the extreme.

They felt that the breath was being compressed a little bit, and they wanted to crush all the internal organs, veins and blood vessels in their bodies...

“Puff!”

“Puff!”

...

Still going on.

Kneeling down one by one, both knees fell into the ground.

...

Thirty!

...

Fifty!

...

Eighty!

... In the

end, there were only a dozen people left, the strongest dozen.

They are still resisting.

“Puff!”

... But

Shen Jie’s breath coercion is too strong, and it continues to increase.

...

Seven or eight people are kneeling to the ground again!

Only Ye Qingtian were left!

They are still going on!

Still desperately resisting!

“Puff!”

“Puff!”

...

At the end of the resistance, they vomited blood, and many parts of their bodies were crushed and crushed!

Some people suffered extremely serious internal injuries!

The organs in his body were crushed...

“Puff!”

Ye Wangtian fell to his knees.

“Puff!”

Ye Fengtian fell to his knees.

“Puff!”

Ye Qingtian fell to his knees!

“Ah!!!”

Ye Qingtian displayed all his strength to resist!

It actually made the divine calamity tremble!

But then, Shen Jie became more and more excited, and even stronger power broke out in the sword!

“Puff!!!!”

Ye Qingtian didn't bear it after all, and fell on

her knees... His knees smashed the ground directly... Seeing hundreds of people kneeling on the ground, Levi Garrison smiled and said, “It looks more comfortable! “

Chapter 2519

Shocked!

It was shocking!

Even though Ye Zhantian knew that all the masters of the Garrison Clan added up to be no match for Levi Garrison!

But who would have thought it would be so miserable?

Don't say it was a fight with Levi Garrison.

No one can stop the coercion of this sword!

What's more, the breath and energy of this sword have not been fully released...

maybe it is one percent, or even less than one thousandth...

this sword will overwhelm everything!

Not even this sword can survive.

Let alone move his master!

Not qualified at all!

How strong is Levi Garrison?

unimaginable!

He could control this sword anyway...

"Kacha!"

"Kacha!"

...

Under the pressure of this sword, everyone could clearly hear the sound of bone cracking.

Especially the organs in Ye Qingtian's body were greatly shattered...At

this moment, it was not Mount Tai that everyone was carrying.

It's the collapsed sky...

Everyone has really reached a critical point. If there is more pressure, everyone's body will probably explode!!!

Everyone's face is full of horror, and their eyes are full of unbelievable!!!

powerful!

too strong!

Levi Garrison is the strongest person they have ever seen!

none of them! !!

They finally understood everything Ye Zhantian said...

It's all true!

Even more exaggerated than Ye Zhantian said!

They don't even talk about dealing with Levi Garrison, even his sword can't deal with it!

No wonder Ye Zhantian, who is known as the killing god, is so proud and so arrogant that no one takes it seriously!

I was scared like that...

everything is for a reason!

After seeing Levi Garrison, they understood everything!

Understand why Ye Zhantian wants to let Levi Garrison return to the Garrison Clan at all costs!

He even gave him the position of patriarch... to be

honest!

This time is completely honest!

This group of ancestors of the Garrison Clan, one by one, like children who did wrong, kneeled in front of Levi Garrison obediently.

"Now? Is it awesome? Are you still arrogant?"

Levi Garrison asked.

silence!

Everyone was silent.

They even lowered their heads, not daring to look at Levi Garrison!

“What do you want to say? Is he deaf or dumb?”

Levi Garrison suddenly raised his tone and shouted.

“No...no...”

everyone said in horror.

“Well, I like this tone! Keep it up!”

Levi Garrison nodded in satisfaction.

It’s

okay to negotiate with him, but you have to kneel and talk... “Let’s go, are you considering the conditions I said?”

Levi Garrison asked.

“Conditions? What conditions?”

Most people did not react.

Ye Zhantian immediately reminded, “If you want this one to return to the Garrison Clan! You must hand over the power of the Garrison Clan to him!!!”

Ye Zhantian reminded everyone immediately.

Ye Qingtian’s complexion changed drastically, and it was as uncomfortable as eating a fly.

The Garrison Clan has never been threatened by anyone, and such a thing has never happened.

The ancient Garrison Clan has always been aloof, no one accepts except for the sky above him!

In particular, it is even more impossible to hand over the position of the patriarch of the ancient Garrison Clan!

This is a shame to the ancient Garrison Clan!

But what should we do about this situation now?

Ye Qingtian deserves to be the patriarch. He immediately returned to normal. He couldn't help saying, "Jun's Landing! We haven't considered this matter! After all, it's a matter of great importance and we need to negotiate and decide! It's not something that someone can decide!"

Ye Fengtian and the others immediately. He echoed "Yes! We need everyone's agreement! It can be finalized!"

"When we go back, we will discuss clearly, and give you another answer!"

...

Levi Garrison looked at them with a smile.

But the next moment, Levi Garrison's complexion changed suddenly, and he roared, "I didn't discuss it clearly! What are you doing here? If you can't make up a perfect reason, don't even want to leave!!!" Levi Garrison suddenly became angry and smashed everyone. Scared.

Chapter 2520

Everyone was sweating profusely and almost suffocated.

They didn't come to discuss with Levi Garrison at all, they wanted to use force to take down Levi Garrison.

"I...we...we are here to discuss!"

"I think! As long as you return to the ancient Garrison Clan! It is the best choice to hand the ancient Garrison Clan over to you!!!"

Ye Qingtian Suddenly the conversation turned around.

Ye Fengtian also agreed, "Yes! The patriarch must be the strongest. You are so young, and you probably have a lot of potential! You are in charge of the Garrison Clan, not only sweeping everything now, but also in the future!"

Ye Qingtian "Well, I agree. Levi is the master of the ancient Garrison Clan!"

Ye Wangtian "I have no objection!"

"We agree too!"

Ye Zhantian and Ye Longtian also immediately agreed.

"I agree too!"

"Me too!"

"Me too!"

...

Everyone here agreed one by one!

In any case, they dare not say a "no" at this time!

Besides, Levi Garrison is so strong, who would dare to oppose Garrison Clan in charge?

Not to mention being strong, but so young.

It must be better than Ye Qingtian to be the master of the house!

"Since you have agreed to this condition! Then I will reluctantly agree! From now on, I will be the master of the Garrison Clan! The Garrison Clan and all the Garrison Clan must listen to me!"

Levi Garrison said.

“Meet the Patriarch!!!”

“Meet the Patriarch!!!”

...

Everyone kowtows at Levi Garrison, no one dares to say anything else...

“You may not know the personality of my Levi Garrison, who asked me to join, and in the end I became the helm! For example, the Bible Organization! I have been wooing me since before. Now, I am the God of Darkness...

and Maya Industry. Cooperate with me and want to control me and kill me. Now Maya Industry is mine too!”

Levi Garrison sneered.

“Hiss!”

Everyone gasped.

The ancient Garrison Clan knew about the Bible Organization and Mayan Industry, and they were two forces that were a little afraid of them except for the Chotian Ce Mansion.

Levi Garrison’s meaning is very simple, let them understand that you are not the first to be like this!

“Where are the tokens of the Patriarch of the Ancient Clan of the Garrison family? Give me all the most confidential things, including exercises and ancient prescriptions...”

Since he wants to be in charge, Levi Garrison needs to be the most comprehensive!

At the same time, Levi Garrison took the divine calamity back.

The pressure on everyone is instantly relieved!

Everyone stood up one after another.

Ye Qingtian stepped forward and handed a palm-sized jade seal to Levi Garrison.

“Master, which is the ancient tribe of Tianyin Yip! It can come up with the disposal of anyone Yip ancient tribe and leaves the family! There it will be able to recognize the identity of your home Lord!”

“At the same time, each step down before any master of the house, will put Half of his own power is poured into it! The Sky Seal can also be used as an artifact! The power is unprecedented! No one can match!”

Ye Qingtian explained.

Levi Garrison grabbed the Heavenly Seal, and he smiled, “Unparalleled in the past? No one can rival?” To

put it bluntly , the Heavenly Seal is similar to the crystals of “God” power gathered in his hand.

But by comparison, even in front of one-fifth power crystals, this Tianyin couldn't even be compared with the younger brother.

It's too weak...

and half the power of each Patriarch...

He can easily squeeze it and explode...The

Heaven Seal is here, and it will not become the Garrison Clan's biggest hole card artifact.

It was a status symbol...

Ye Qingtian and others told Levi Garrison all the things about the Garrison Clan.

They also handed in these exercises...

Although they don't know what Levi Garrison is going to do...

but they know that with Levi Garrison's strength, they will definitely be inferior to these exercises... In

about an hour, Levi Garrison has a good grasp of the Garrison family. The situation of the ancients.

The ancient Garrison Clan is very strong!

In the future, it will definitely be a great help for Levi Garrison!

"The Patriarch, what should we do next?" Ye Qingtian asked.
