

The Return of the God of War [The Protector]

Chapter 2551 - 2560

Chapter 2551

In this way, the attention is shifted to other people, but Chen Kong is the lowest-key.

Levi Garrison is most likely to notice.

But Levi Garrison is now busy finding a way to save Kirin (Qilin) and the others, where he can take care of the others.

Besides, it wasn't the whereabouts of the Gods' Laboratory appeared, and he didn't bother to take care of it.

Besides, he really didn't want to know the changes in the god list.

No matter how you change it, it will be earth-shaking.

The first three are his three identities!

This will not change!

No matter how strong, can there be a forbidden area of No. 76?

Can a punch be solved?

It really doesn't work!

Two punches!

Levi Garrison, the only one who could find the problem, didn't bother to take care of it.

So Chen Kong was given enough time to develop.

The dark web may know, but they are neutral and will not take the initiative to report Chen Kong's strength.

And now the major rankings are changing due to challenges, not real strength to determine the ranking.

To put it bluntly, the dark web just counted all the strong at the beginning.

But today's ranking changes are all made by the major institutions themselves.

The fundamental challenge situation and so on are all re-ranked...

Ten days have passed.

Chen Kong has come to the challenge of ninety-nine steps, only one step away from the god list.

Fifteen days have passed.

Chen Kong officially entered the end of the god list.

Now, no matter how low-key he is, he still has to attract a small part of the attention.

But it has not attracted the attention of the whole world.

There is still a certain amount of time, he can still develop and continue to improve.

In addition, the people sent by the Lab of the Gods are diverting attention.

Chen Kong can continue.

It is estimated that when he truly enters the top 100 of the gods, he will attract attention from all parties.

But this is not Chen Kong's goal.

What he hopes to draw full attention to is the top ten of the gods...

Then he needs to absorb more people's skills...

he needs the Gods Lab to suck him!

It's not human skill, even all kinds of energies are fine!

...

Chen Kong is working hard here.

Kirin (Qilin) and the others are also working madly, and they are about to come to an end.

At this time, half a month has passed since Azure Dragon (Qinglong)'s experimental data analysis... The result is out!

"Boom!!!!"

Looking at the result in front of him , Azure Dragon (Qinglong) was really struck by lightning!

The face is incredible!

real!

It turned out to be true!

What the boss said is true!

After the most meticulous data analysis-the hundreds of exercises in the new era he searched for are actually just one! ! !

It's just that the evolution is more complicated, causing thousands of illusions.

In fact, it is one kind!

But usually it is not visible at all.

Even if you cultivate yourself, you can't see it.

Only by experimenting with data like this, and comparing each practice method, can it be analyzed.

What the boss said turned out to be right!

He was wrong!

We all blamed him!

The boss was right from the beginning!

The solution was given to us, but no one verified it.

It's been so long if I make a mistake...

Chapter 2552

"But Team Leader Azure Dragon (Qinglong), as for the end of these exercises, we will encounter backlash and destruction. We can't test it at the moment! This result should be false, right?"

"Yes, the same method is There is no problem! But the end of the exercise is destruction, it should be fake!"

...

several experimenters couldn't help but say.

"Not necessarily! Continue experimenting! After decomposing these 100 exercises, simulate and practice to the most extreme state and then observe and analyze..."

Azure Dragon (Qinglong) ordered and continued the experiment.

This time it is more complicated.

It will take about half a month.

However, Azure Dragon (Qinglong) had heard from Levi Garrison before that they might not have much time left, and they would be training to the end within a month.

Then you have to speed up and analyze the data before they reach the end of their cultivation.

Otherwise it's really troublesome.

If what Levi Garrison said was false, that would be great.

But if it is true, this group of people will perish.

He needs to shorten the time.

In his opinion, Levi Garrison was injured and had given up.

It's all up to him now.

He ran to say it was useless now, and said it was useless.

They have to throw real evidence on their faces, and this group of people will believe it.

Otherwise, they would never stop practicing.

Azure Dragon (Qinglong) and the team continued to experiment without stopping.

Fortunately, today, Marshal Ce is also in retreat, otherwise it will be a lot of trouble.

In the next half month, Azure Dragon (Qinglong) will be compressed in about ten days.

These ten days.

Chen Kong's strength increased wildly.

Although he ranks in the top five hundred of the gods.

But his true strength is already in the top 100.

In ten days, he has risen by a full five hundred rankings, which is about to arouse the attention of all parties.

Even if the Gods Lab deliberately concealed it, how to attract attention and put smoke bombs.

The name Chen Kong has been remembered.

Many people are beginning to investigate Chen Kong's specific identity and how he became stronger and progressed so quickly...

Soon the Dafa of Absorbing Gong will resound all over the world!

It's probably less than three days since Chen Kong resounded throughout the world.

Within these three days, Chen Kong had to reach the peak state.

Only in this way can we protect ourselves.

In order to achieve the strength that the Gods Lab wants...the

last moment.

Fight!!!

There is only that way.

Next, Chen Kong started crazy behavior.

Chapter 2553

He actually had four hundred people in a fight at the same time.

With the exception of the top 100 on the God List, Chen Kong invited all those ranked higher than himself.

When the four hundred people on the god list appeared, they were all dumbfounded.

Isn't it a one-on-one challenge?

Why are there so many people?

"Is he crazy?"

"Does he have to challenge four hundred people alone?"

"This is the top five hundred strong people on the list of gods!"

...

Everyone is going crazy.

I don't know what Chen Kong is going to do.

But it's not just four hundred of them.

More and more people appeared.

There are quasi gods, and some are not.

Soon tens of thousands of people appeared here...

It turned out that Chen Kongyue fought the 400 people in the top 500 of the gods, and deliberately designed to find tens of thousands of strong people. He wants to suck enough at once!

That's right!

With three days left, he must be exposed.

The next step must be a lot of difficulties, so at this point, Chen Kong wants to raise his strength to the most extreme state.

Suck!

Suck as much as you can!

No need to cover up this time, it sucks to the extreme in one go!

That's why he arranged such an appointment!

As for the other tens of thousands of people, it was arranged by the Lab of the Gods.

The number is still increasing.

In total, more than one hundred thousand people were required to let Chen Kong suck alone.

Not only that, the Lab of the Gods also arranged a lot of energy cores.

It contains super terrifying energy, which is specially used by the Gods Laboratory.

You can think about how powerful it is.

They just swore to the death to create a super strong.

So it is at all costs!

Seeing Chen Kong's appearance, the four-hundred-hundred strongman naturally looked disdainful.

A person who has just entered the five hundredth, challenge so many at once?

What is it not to seek death?

Any one of them can deal with it!

Chen Kong didn't talk nonsense, and did it directly.

When a fight, everyone panicked.

His own power will be sucked away out of thin air...

there is no power to parry at all.

It is the same whether it is more than 400 in the god list or more than 100 in the god list.

In front of Chen Kong, he could only watch his own

gong power being sucked away... "This is... This is Daxia's assimilation of the magical skills of King Kong and King Kong!"

"It turned out to be the Dafa of Absorbing Gong! My God! Quick retreat! Quick retreat!"

..... The

strong people of the gods know what this is, and immediately retreat.

Many of them are strong in Daxia or Dongdao.

I know how strong the Dafa of Absorbing Gong is.

I didn't want to fight anymore, I just wanted to retreat.

"The eighth level of Suction Dafa!!!"

How could Chen Kong leave without permission?

Chapter 2554

He immediately activated the highest level he has achieved so far-the eighth level!

You know, no one has ever practiced Dafa to this level!

That is, the Lab of the Gods solved all the problems before Chen Kong got to this level.

The eighth layer is to absorb everything!

Anything can be sucked...

without fear of everything!

Suck whatever you want.

The most important thing is to be able to integrate!

.....

“Boom!”

..... As

soon as the eighth layer of power absorption Dafa was performed, the world changed color.

A terrible suction envelops the four hundred gods and the one hundred thousand strong behind...

everyone is sucked by the terrifying suction!

It's like a small bug falling on a spider web, which can no longer break free, and can only be eaten away a little bit.

This is the eighth level of absorption, which can be absorbed by 100,000 people at the same time.

If the seventh floor won't work!

“From now on, let me dominate the world on your behalf!”

Chen Kong was like a panic, his face full of madness, roaring loudly.

This is the terrible thing about Suction Dafa!

It can suck infinitely, theoretically it is invincible!

As long as you can absorb it, you can suck infinitely...

This is the most terrifying!

“Ah!!!”

Chen Kong yelled, and began to frantically absorb the skills of others.

“Ah!!!”

“Ah!!!”

.....The

other people looked hideous, their veins violent.

The body quickly dwindled, until it turned into a withered bone...

was sucked dry!

one!

two!

...

Ten thousand!

...

Fifty thousand!

...

One hundred thousand!

...

Soon there were only four hundred strong players standing in the field, and behind them were large corpses.

It's all absorbed!

They are stronger and last longer.

But it's useless.

Sooner or later it will be absorbed.

...

"Forgive us! Forgive me, I would like

to serve you as the Lord!" Someone began to subdue.

But Chen Kong was already on his head, enjoying the impact of power.

"Impossible!"

...

In the screams, Chen Kong absorbed all the four hundred gods! ! !

"Boom!!!"

He burst out with an aura that seemed to be able to tear apart this planet... "I'm invincible!"

Chapter 2555

Chen Kong yelled frantically, a terrifying aura raging.

Everything around was smoothed, the foundation was collapsing, the mountains and rivers were collapsing, the sky was overturned...

He absorbed the strongest force ever!

Terrible to the extreme!

Feeling the terrible energy in his body, Chen Kong really felt that he could tear everything apart.

That's really invincible! ! !

He looked at the energy nuclei sent in front of him again, and absorbed all the energy nuclei in one breath.

The power in Chen Kong's body became stronger now.

At least twice as strong...

He immediately used the method taught in the Lab of the Gods to quickly absorb the fusion power!

Because of too much absorption.

Therefore, it takes time to absorb and integrate.

The problem that could be solved in tens of seconds before, this time spent several hours.

After absorbing and fusing all the absorbed energy, Chen Kong's eyes were brilliant.

Thunder and lightning rumbling in the sky.

Chen Kong's body is the breath of dying!

Invincible!

Completely invincible!

The world has never seen such a strong man!

As soon as his breath was released, everyone would worship.

That is a kind of coercion like a falling sky!

satisfy!

So satisfied!

It was also a solid foundation for this period of time, so that this time it was too successful.

Far beyond Chen Kong's expectations!

He is already unimaginable!

It is much better than the results predicted by the Gods Lab!

Originally thought it was so crazy.

It is necessary to absorb some of the skills of the top 100 in the gods list to be able to deal with the top three of the gods list and help them get rid of the thorns in the eyes and the thorns in the flesh.

But now, Chen Kong is enough now.

His current strength is definitely above the gods!

The top three on the god list are definitely not his opponents!

And then, Chen Kong didn't need to hide it.

He can continue to improve his strength unscrupulously, and he can suck whoever wants to suck!

Kill whoever is upset...

This is the confidence of a powerful force!

He doesn't have to worry about it, he is invincible anyway.

You can move whoever you want...

The name Chen Kong is known to everyone in the world overnight! ! !

He turned out to be the successor of Suction Dafa!

Absorb the skills of the four hundred gods and one hundred thousand people overnight!

Be famous overnight!

The person who makes the strongest on the god list and quasi god list disappear the most!

Basically let the god list and the quasi god list redefine...

he killed almost half of the people!

It's really a battle to become a god!

Everyone quickly searched for the powerhouses Chen Kong had challenged before, only to find that all of them had been sucked up to death.

It turns out that the strong man who really turned out to be born is Chen Kong!

The others are all scumbags, scumbags!

Chen Kong is invincible to the extreme!

It was shocking!

The whole world is scared!

Chapter 2556

It is impossible to imagine the power of the four hundred masters of the god list in one breath...

the existence that has made the most change in the god list!

Who is not surprised?

One by one, Chen Kong is taboo!

Hide as far as you can!

It's not just the underdogs!

Even the strong people in the gods list are afraid...

especially those in the top 100 of the gods list, the most feared.

They were afraid that Chen Kong would make trouble for them next...

all of them avoided.

Even Ye Qingtian and his ilk secretly sighed badly.

They naturally know what the Dafa of Absorbing Gong is...

Now he can absorb the gong power of so many people in one breath, basically reaching the highest state of Dafa of Absorbing Gong.

It is equivalent to the ninth level of the highest realm of King Kong's non-destructive magic.

Who can stop this?

All major forces are amazed!

The key was never discovered before, and Chen Kong suddenly rose up.

When everyone found out, he had grown to this point.

"I don't know what Chen Kong is going to do next?" Chen Kong's sudden birth made the whole world panic.

His ranking on the God List also came directly to the fourth position!

According to everything he shows now.

The gods of Tiance, Ye Qingtian, and Ye Zhantian are definitely not opponents.

Only the top three of the most mysterious gods might be the enemy...

but because the true situation is unknown.

Therefore, first raise Chen Kong's ranking to fourth...

As a result, everyone becomes more and more afraid.

This is the official ranking, and the rest of the god list powerhouses know that they are not Chen Kong opponents.

For fear of being sucked away, all of them closed up.

As far

as they can hide... Because in this long time, they heard Chen Kong destroy one power after another.

He was still sucking...

When Wen Lei and the others knew that the person who challenged that day was Chen Kong, they almost sat down on the ground...

Wen Lei remembered that her words were very rude...

Oh my god!

It turned out to be the top existence!

I also know that he was anxious to attract people back then!

It just so happened that Zoey Lopez and they all closed up.

Are these guys too lucky?

If I had met him early, I would have died early.

No one will stay!

...The

panic!

Really the whole world is immersed in this panic atmosphere!

Chen Kong was like a big devil, it was terrible.

See who sucks who!

No one can stop it!

However, Tiance and Ye Qingtian have a relaxed look...

Even though they know that they are invincible, there is one person who will not be afraid of Chen Kong!

They still do their own thing...

don't take Chen Kong to heart.

But others don't know.

They place their hopes on something illusory—that is, someone gets the magical power of the King Kong not bad, and they have practiced to the highest ninth level.

Chapter 2557

As a matter of fact, the magical power of King Kong is not bad and the Dafa of Absorbing Gong is made by one person.

These two exercises are not a relationship of mutual restraint.

But it is the existence of checks and balances.

It won't make a certain practice invincible in the world, and it can't be solved.

Therefore, if the King Kong does not destroy the magical skills to the extreme, you can absorb the Dafa in one battle.

This is also the reason why the Gods Lab sent people to search for the magical power of King Kong...

because they knew that if they were sent out to absorb the successors of Dafa, the only possible threat was that the King Kong would not damage the magical power.

So they wanted to take back the magical power of King Kong in advance.

But it failed.

But I heard that the King Kong is not bad magical power in the hands of the marshal Tiance, for him to practice.

They know that Vajra is not bad for the cultivation of divine art, which is as harsh as the Dafa of Absorbing Gong.

If some problems are not resolved.

Wandering at the sixth floor at most, unable to break through to the seventh floor.

Let alone the eighth and ninth floors.

And even if you are too talented to solve all problems, your cultivation is still very slow.

It is estimated that it will take ten and several decades to reach the ninth level.

And if the Dafa of Absorbing Work solves those problems, it will be very fast, as long as you keep sucking.

They expected three months, and the result was reached within one month.

Therefore, the Lab of the Gods directly excluded the magical power of King Kong's incorruptibility.

No one has reached the realm of fighting against Dafa in such a short period of time...

not a threat!

Dafa is invincible!

Everyone does not understand this truth, but this is the last hope.

Without King Kong's non-destructive magic, Chen Kong could not be stopped at all!

But after inquiring Tiance Mansion, I learned that Major Tiance had just reached the sixth floor, and he was still unstable... It is

estimated that the body of King Kong was not bad, but Chen Kong was sucked up.

fear!

The unknown is the most feared!

Chen Kong was born in such a sudden, no one knew what he was going to do...

this was the most feared!

Everyone is waiting...

waiting for the arrival of a disaster... But in Kunlun Industry, after the Azure Dragon (Qinglong) team has been fighting day and night, the experimental data that simulates every exercise to the end is coming out...

It turns out!

Levi Garrison was right from the beginning!

Thousands of exercises are actually a kind of thing, and if each exercise is practiced to the extreme, it will be backlashed and eventually destroyed.

Sure enough, the end is destruction!

After knowing the result.

“Puff!”

Azure Dragon (Qinglong) sat down on the ground and gasped.

correct!

What the boss said was right!

Think about it!

That’s the boss, how could it hurt them?

The boss has always been doing his best to them!

But why don’t people like yourself believe it?

Seeing some results right now, I feel that the boss is wrong.

They have already given a verification method!

Why not verify it yourself?

Have to procrastinate again and again?

“Papa...”

Azure Dragon (Qinglong) backhanded himself twice in the face!

remorse!

In fact, he decides whether to verify or not.

As a result, he chose everyone's suggestion instead of verifying it.

This has caused something to happen now...

Chapter 2558

before they always said-you can always trust that man!

But after the advent of the new era, everyone is in control of a powerful force, no matter what everyone says.

In fact, he was disdainful of Levi Garrison in his heart.

So what he said and what he did, everyone actually didn't approve of it.

Until now.

Azure Dragon (Qinglong) just wanted to sigh—the boss is the boss, and things are like gods!

no!

They estimate that they will soon reach the end of the exercise.

I can't let them happen!

You have to stop them quickly!

Azure Dragon (Qinglong) ignored the exhaustion for a month, swallowed a tube of medicine, and

headed straight to the north of the river.

At this moment, near the major retreats in Jiangbei, the breath is gushing and majestic!

This will herald the birth of a lot of powers of the rank of gods...

especially the birth of Chen Kong in these two days, resulting in the fall of nearly half of the powers of the gods.

If the retreat is over, they will be able to come to the list of gods.

The people around have already felt the breath of a group of strong gods...

It is rare to

see so many strong gods at once... It can be seen how hard Zoey Lopez and Kirin (Qilin) are, striving to maximize their strength in the shortest time...

Of course, there are not a few people like them all over the world. After being stimulated by the new god list, they practice madly and assiduously one by one.

At this time, Azure Dragon (Qinglong) quickly came to Jiangbei and found Wen Lei who was in charge of protecting the law. They immediately said, "Hurry up and let everyone in the retreat stop! Hurry up! Something is going to happen!" After

coming to Jiangbei, Azure Dragon (Qinglong) has already felt a strong breath. .

This must be the rhythm of the accident.

They are almost at the end of their training...

If they stop it at this time, there is still a glimmer of life, and everyone will die in half a day! ! !

"Is it true

that what he said is true?" Wen Lei couldn't help asking what he realized.

"Yes! The boss is right! Quick! Let's stop them! It's too late to be slow!"

With the efforts of Azure Dragon (Qinglong) and Wen Lei, some of the people who were in retreat were awakened.

But Kirin (Qilin) and Tiger (Bai Hu) are already in a state of madness, and their eyes seem to be red.

But a larger part of the people did not leave the customs at all and continued to practice.

They have come to the most critical juncture.

No matter what big things happen outside, they won't come out.

It can be said that they have fallen into a state of extremes, just as enchanted.

Can't wake up at all!

The only people who woke up were Azure Dragon (Qinglong) forcibly awakening them.

"Kirin, stop! What the boss said is right! All the exercises are the same! And if all the exercises you have practiced to the end, you will encounter backlash and eventually perish!"

"I spent a month's work. Time to do the experiment, now all the results come out! What the boss said is right!" "This is the result of the experiment I made! We wronged the boss! He was right from the beginning! We wronged him..."

The blue dragon sounded like thunder, resounding across the sky.

Fall into everyone's ears.

He wants everyone to know that it is wrong!

Apologize to Levi Garrison!

Also give up the practice at hand!

But the result was not what he thought...

Everyone was shocked or annoyed...All

the people present were silent.

Chapter 2559

“This matter... I’ll talk about it later...”

Kirin (Qilin) said lightly, turning to leave.

“Why are you going to Kirin (Qilin)?”

Azure Dragon (Qinglong) shouted quickly.

“Of course it’s cultivation! I just missed it! I’ll talk to you when I’m done!”

Kirin (Qilin) said without looking back.

“I’m going back too...”

Tiger (Bai Hu) also turned and left.

“I’m going back too...”

Even Zoey Lopez and the others turned and left.

It seemed that the important news that Azure Dragon (Qinglong) just said had no effect on them at all.

It can even be said that their left ear goes in and the right ear goes out.

I didn’t take it seriously.

Azure Dragon (Qinglong) was anxious, and immediately ran forward, stopping everyone, “You can’t go back! Not only that, but also shout out everyone else!”

“Why?”

Everyone looked at him puzzled.

“I just said! What the boss said is right! If you practice your respective exercises to the end, you will suffer backlash, and all will die!”

"You don't believe what the boss said! You should believe what I said. Right? This is the result of the experiment! See it for yourself!"

Azure Dragon (Qinglong) confidently threw out the experiment report.

He believed that everyone would give up after seeing the results of the experiment!

After all, facts are the most convincing!

"Boom!!!" But what

no one thought was that Xiao Feng blasted out his palm, directly blasting the experiment report into shards!

"This..."

Azure Dragon (Qinglong) was dumbfounded!

Don't even look at it?

Broken directly?

They don't even have the courage to take a look?

This scene seems familiar...

Levi Garrison tried hard to persuade them and let them do an experiment.

But everyone was indifferent and didn't even have the courage to do experiments to verify it.

It's exactly the same as it is now.

"Azure Dragon (Qinglong), you are for us, everyone understands! But now we are seeing everyone succeed in breaking through and entering the gods' list! So you are imbalanced in your heart, saying something fundamentally impossible to confuse us, let us stop!"

"I tell you, At this moment, no one can stop me, whoever stops me, who I kill!!!"

Xiao Feng is as crazy as he is.

The eyes were full of killing intent.

“What about you?”

Azure Dragon (Qinglong) looked at the others again.

Everyone didn't speak.

Can all choose to stand with Xiao Feng!

Now they are in a state of madness. To put it bluntly, they don't recognize them.

Who blocks and kills who!

Anyone's stopping, in their view, is destroying and not wanting them to become stronger!

No one can do it!

They have reached the final moment!

I can't stop Heavenly King Lao Tzu coming!

Express attitude, everyone has to turn around and leave.

But how could Azure Dragon (Qinglong) watch them go to death...

Azure Dragon (Qinglong) hurriedly went up to stop it.

The next moment, Kirin (Qilin) and the others started.

Forcibly suppress the Azure Dragon (Qinglong), and overwhelm the Azure Dragon (Qinglong) to the ground.

Immediately, everyone directly locked Azure Dragon (Qinglong) and the others.

Don't let them come out to stop.

Chapter 2560

Seeing everyone leaving behind, Azure Dragon (Qinglong) slapped madly.

But it was useless at all.

I can't get rid of the shackles at all!

And time is passing fast!

Even if he regained his freedom, he couldn't stop it.

His strength is far from enough...

At this moment, no matter what results he produces, no one will believe it.

Now they only believe in everything they see.

They will believe it only if they see themselves being taken back by their own eyes.

There is no other way.

Azure Dragon (Qinglong) is angry.

If you do experimental verification a few days earlier, you might be able to stop it.

It's a pity... I

blame myself!

Everyone is going to perish now... Azure Dragon (Qinglong) was so anxious that he was crying...

At last Azure Dragon (Qinglong) fainted.

He can't stop it.

No one understood the grief in his heart.

th.

This is the state of Azure Dragon (Qinglong) at this moment.

Time passed by every minute and every second.

Soon half a day passed.

Everyone can already feel that the powerful aura is about to explode, reaching its peak state.

...

Xiao Feng is cultivating in the deep forest not far from the villa.

His breath was violent and domineering, rushing straight into the sky.

He seems to see a ray of light from the darkness, as long as he catches this ray of light, he can completely tear the darkness...

this is to be able to practice the exercise to the end...

"Boom!"

Caught!

Grab the ray of light!

He pulled hard, and the light quickly tore the darkness apart.

There was light in front of him...but the

next second, the light incarnate swallowed the sky and swallowed him.

"Puff!!!"

Xiao Feng sprayed out a mouthful of blood.

At this moment, he finally understood.

What Levi Garrison and Azure Dragon (Qinglong) said were right!

When their exercises are practiced to the extreme, they will be backlashed, and they will die!

I'm wrong!

But at this time it is too late to regret!

Xiao Feng felt his consciousness gradually disperse, his body was light and fluttering, and his soul seemed to be getting out of it a little bit.

destroy!

Is this destruction?

At the same time, Kirin (Qilin), Tiger (Bai Hu), Zoey Lopez, and the Evil Sword also reached this state.

Practicing their respective exercises to the most extreme state...

As a result, they all suffered backlash...

Then, one by one, the others practiced the exercises to the most extreme state.

All suffered a backlash...

This should also be the first group of people in the world who used the new era exercises to reach the end of their practice.

Others may use the same technique as them, but they are not as hardworking and talented.

Can train to the end in such a short time...

"Puff!"

fell down.

Falling down one by one.

At the last minute, everyone knew they were wrong.

Everyone's last sentence is the same.

"Boss, I owe you an apology!"

...
