

The Return of the God of War [The Protector]

Chapter 2601 - 2610

Chapter 2601

After Zoey Lopez, Kirin (Qilin) and the others got this information, they went crazy one by one!

It turned out that Xuanyuan Qingya and Levilia asked them to wait for this message!

Surprised and happy!

In fact, this is what Levi Garrison had thought about long ago!

One, continue to reserve strength for yourself!

Although he controls many forces now, it can be said that he is a mob.

If you encounter a super strong, all will be cannon fodder!

There is no real super power!

At present, only the ancient Garrison clan and the Underworld God can be used.

The same goes for Maya Industries!

The power is huge, but there is a lack of real powerhouses.

He needs to nurture the super strong!

Come to expand the depth of your power to deal with the future situation!

Secondly, it happened that Zoey Lopez and the others had no exercises to practice, so I found a good place for them.

This was Levi Garrison's thoughts before.

I wanted to prepare slowly and then announce the message.

After all, it takes a lot of time.

But now when Levi Garrison knew about the relationship between Chen Kong and the Lab of the Gods, he couldn't wait.

Now that the Lab of the Gods is very curious about the identity of the three dark gods, and even wants to kill them.

Therefore, Levi Garrison hurriedly asked Tiance Mansion to release the message.

On the one hand, it leads to the laboratory of the gods, revealing more clues.

On the other hand is to speed up the speed of cultivating super strong...

The existence of the Lab of the Gods has now been confirmed, they are behind the scenes, and they are super powerful!

It can be seen from Chen Kong that they have the ability to surpass all beings!

Therefore, Levi Garrison needs to speed up preparations!

Not only set up Kunlun College, but also let the Bible Organization speed up the use of the forbidden land resources on No. 76!

This is the only advantage...

Zoey Lopez and they gathered for the first time.

This is a great opportunity for them!

“What about the selection criteria? Not everyone can go?”

Azure Dragon (Qinglong) raised a question.

Everyone looked at Levi Garrison subconsciously.

Everyone present is qualified, but Levi Garrison is not necessarily...

Chapter 2602

Everyone hopes that everyone will join Kunlun College together!

Especially this time everyone saw that the God List was very stimulating to Levi Garrison.

For the sake of fame, they all embarked on a crazy path.

At this time, Levi Garrison needs this opportunity more than anyone else!

“I don’t know at the moment...”

“There is no specific selection criteria! But at least it has to be a quasi-sacred list or a gods list, right?”

“I heard that this opportunity, after the top 500 in the gods list, will all have the willingness...Who wouldn’t want to have access to the strongest opportunity?”

Everyone said one after another.

“It doesn’t matter! Sign up first! Then let Miss Xuanyuan Qingya and Levilia plead! Maybe everyone is in...”

Zoey Lopez said.

In her opinion, as long as Levi Garrison is thrown in, as long as the master takes it with him.

Everything will settle down.

Everyone quickly participated in the registration!

As for the selection criteria, there is still no one.

Just to say that the list of selected candidates will be announced at Kunlun College in two days.

In these two days, Kunlun College was actually quickly completed near Kunlun Mountain in the north...

According to the previous words, you may prepare slowly.

At this time, Levi Garrison's announcement was too abrupt.

Everyone is not ready.

It can only take two days to hurry up!

As for why there are no selection criteria?

That's because Kunlun College, to put it bluntly, that is, Levi Garrison and the others have to personally choose it.

First, choose the right one!

Second, the people who are selected are their own people, or those who can be cultivated into their own people. Can't breed a group of white-eyed wolves? People learn your skills, and in turn beat you and kill you.

The third and most important point-

According to Levi Garrison's prediction, the Lab of the Gods must be involved.

Of course, they will not come directly by themselves, they will definitely send some chess pieces to join Kunlun Academy.

Then investigate the dark god, the master of Yizhi, and the master of the ancient Garrison clan.

This is an opportunity for them.

It is also an opportunity for Levi Garrison.

As long as you keep an eye on these chess pieces, you don't have to worry about not finding the Lab of the Gods.

Not setting standards is to give the Gods Lab a chance.

Chapter 2603

Together in Levi Garrison's control.

One day passed.

Hundreds of thousands of people enrolled in Kunlun College...

The number is still rising...

This is all self-knowing!

I feel like I can do it with my own strength!

If you add those who are self-aware, there are millions of people, tens of millions of people are also possible.

After all, the names of the three dark gods are too big.

There is also such protection as the ancient Garrison clan of Tiance Mansion, everyone will be crazy!

When Levi Garrison got the list, he was happy.

There are too many people, right?

It is too difficult to filter one by one.

But otherwise, the Lab of the Gods will not be hooked.

Levi Garrison arranged for people to screen overnight, and he was also looking at famous orders and using the intelligence system to analyze them one by one.

Zoey Lopez felt very strange when they saw Levi Garrison doing this.

“You...what are you doing?”

Everyone did not understand.

Levi Garrison’s behavior is weird.

What is he doing with the application list of Kunlun College?

“Knowing yourself and the enemy, the so-called never end in a hundred battles!”

Levi Garrison replied.

Everyone: “...”.

What is the use of Levi Garrison in studying his opponents here?

Strong is strong!

If you are weak, you won’t be selected!

“Go to Kunlun College with us the day after tomorrow, you should see you on the list too!”

“We have signed up for you! I don’t know what the selection criteria of Kunlun College are, what if you are there?”

Zoey Lopez said.

“what?”

Levi Garrison was stunned.

They really consider it for others.

Levi Garrison ignored them and continued to check the list.

Live alone...

No one is left behind.

According to his screening criteria, Levi Garrison will go to special mark.

Further in-depth research...

Somewhere in the capital.

Mr. X gathered with everyone.

“Our people have already been inserted, don’t worry, they can’t find out!”

“And it’s easy to pass the selection! All of us have potential! As long as these people enter Kunlun Academy! I will find clues sooner or later...”

“After all, the three of Dark Gods are going to come forward to lead the apprentice! As long as they show up, we will know who it is...”

Lucifer et al.

Mr. X was more cautious and calmly said: “But I’m thinking about one thing. Chen Kong just died, and Tiance Mansion has hurriedly established Kunlun College. Is there any necessary connection?”

Chapter 2604

Lucifer thought for a while and said: “I guess it was Chen Kong’s appearance that made them feel threatened. If the Dark God does not plan to kill, there may be no way to deal with it! Therefore, they must unite to deal with Chen Kong’s appearance. ...”

"It seems to be the establishment of Kunlun College, but in fact they are united with each other?"

"Think about it too! The top ten of the gods are basically united. This is a terrible force!"

"If this continues, they are bound to be the greatest threat to us! They must be eliminated!"

"Pass my order! Whoever finds out the specific information of these three first! Reward Sun God One!!!"

Mr. X gritted his teeth.

Upon hearing Sun God No. 1, Lucifer and the others showed eager eyes.

This thing has a fatal temptation to them.

Let alone other people.

"Understood! Immediately convey it!"

...

Levi Garrison studied all night and selected a group of people who had no problems! ! !

Everyone's point of view is to choose the person with the problem.

Levi Garrison is the opposite!

Pick people who have problems!

But Levi Garrison was right!

Since it was a person sent by the Lab of the Gods, there must be no problem at all.

Can find out and count them as losing.

Therefore, Levi Garrison thought in the opposite direction and screened out those who did not have any problems.

Nothing can be found!

The more innocent the better!

It's best if you can't find anything!

In fact, there are not many people after such screening.

Levi Garrison could determine the approximate range.

After discussing with the Underworld God and the others, the Kunlun Academy's selection list was finally determined.

Kunlun College has hundreds of teachers in total, each of whom can teach up to 100 people in theory.

So there are only less than five thousand people on the list.

After getting the list, Tiance Mansion immediately announced what was set on the list.

Will be announced at Kunlun College tomorrow!

This message came out.

The whole world is alarmed.

Chapter 2605

Zoey Lopez and the others hurriedly took Levi Garrison to the Kunlun Academy in the Kunlun Mountains in the north when they were excited.

The same is true for others.

Especially those who feel that they have a high probability of being selected...

Go to Kunlun College non-stop.

Soon Kunlun College was surrounded by people.

All are waiting for the announcement of the famous single!!

The next day.

Finally the highly anticipated moment has arrived!

The selection list of Kunlun College was announced-

It is not selected by strength!

It is selected based on potential...

“Kirin, White Tiger, Xiao Feng, Sword Evil God... under Ye Zhantian!”

“Azure Dragon (Qinglong), Xuanwu, Zhou Ke, Commoner Killing God...Tiance Shenshuai!”

“Zoey Lopez, Phoenix (Suzaku)...Twelve god generals of Tiance, Dragon God generals!”

...

Knowing that he was selected for this sect.

Zoey Lopez was very excited.

Dragon God will be the only woman in the top ten on the god list, and the sister of Levilia and Nv Master!

Everyone in their presence has a good place to go.

Even Li and Zhao’s family were selected.

After all, Levi Garrison didn’t want them to make trouble.

Simply send them here and let people manage them better.

Everyone’s whereabouts are resolved, and the rest is Levi Garrison.

Can't wait for a while.

But the next moment when Levi Garrison's name appeared, the whole audience exploded...

Chapter 2606

Zoey Lopez and the others have been waiting hard for Levi Garrison to be selected as apprentices by a certain boss.

Even more than she expected.

Levi Garrison has acted a little crazy recently.

She wanted Levi Garrison to settle down...

If there is a good master, that would be great.

But the list was announced little by little, and her heart became colder and colder.

Everyone around her was selected.

Even Li Songkui was chosen.

Levi Garrison is still not mentioned.

She was in a hurry...

Don't be the last one!

If the selection criteria were not based on strength, Levi Garrison would have a good chance.

He has great potential!

At least 80% bigger than the people present.

Compared to potential, there are really few who can compare to him...

Other people, Azure Dragon (Qinglong), have the same idea.

All are waiting for Levi Garrison!!!

I have been waiting for an hour.

The list was almost finished, and no Levi Garrison's name appeared.

Who is not in a hurry?

They were so nervous that their palms were sweating!

"Okay, the last group of people next!"

"A total of eighty-seven people!!!"

When this voice came out.

The audience was a little excited.

So far, a tutor has accepted the most disciples once.

"Begin to announce the list-Jiao Tianyu, Ning Jinye, Chen Qizheng, Yin Zhengping...
Eighty-seven Zheng Wenbo!"

The list of eighty-seven people has been read.

"boom!!!"

Zoey Lopez they directly desperate.

There is no name Levi Garrison at all!

This is the last batch!

Levi Garrison missed the big opportunity...

Nothing!

Now they and Levi Garrison are completely in two worlds!

The gap between Levi Garrison and them is getting bigger and bigger...

Just as everyone was sentimental, Kunlun College continued to announce: "These 87 people will be selected under the word "Daxia" under the king's family!!!"

The language is not surprising and endless.

Chapter 2607

Everyone was dumbfounded when he said this.

Daxia is the king of the word side by side?

Familiar and strange!

Isn't that Levi Garrison?

What? ? ?

The last mentor turned out to be Levi Garrison!

Are you mistaken?

Everyone is dumbfounded!

There was an incredible look in the eyes!

Zoey Lopez and the others were stunned.

The 87 selected Jiao Tianyu were directly petrified, as if they were struck by lightning!

Kunlun College is supreme in everyone's mind!

It is the place of sacred yearning!

I thought that after being selected, he could reach the pinnacle of life!

who knows.....

The instructor turned out to be Levi Garrison!

Levi Garrison who doesn't know...

Shocked the world a few days ago!

If it was a few days earlier, everyone would be happy.

At that time, Levi Garrison was recognized as the number one in the gods list, and he was selected as a student. Who was not excited?

But now everyone is not happy at all...

Because Levi Garrison's true strength was announced...

He can't even enter the quasi god list.

What qualifications does he have?

Many of Jiao Tianyu and others are quasi-shenbian existences.

Even Yin Tianzheng is a godsend.

Let someone who is much weaker than them guide them, who can bear it?

Senseless!

Exploded!

The whole audience is going crazy!

When will Levi Garrison become a mentor?

Unbelievable!

He is totally unqualified!

The name of the word side by side king is a bluff!

It is of high status!

But that is the past!

There is no use at all now!

...

There was loud noise in the court.

Chapter 2608

Part of it was sorrowful and shocked, and part of it was questioning...

Zoey Lopez and the others had never expected that they would hear Levi Garrison's name in this way.

His name is actually in the mentor! ! !

There is no way to believe it.

This was announced by Kunlun College!

"boom!!!"

Everyone suddenly thought about where Levi Garrison took the Kunlun College application list to study carefully these past two days.

Thinking about it now, he is selecting students!

Explained!

Everything is understood!

"I'm not convinced! Why is Levi Garrison a mentor?"

A voice of opposition sounded.

"Yes! Why is Levi Garrison a mentor? Give us a satisfactory answer!"

With the first, there is the second.

Everyone questioned one after another!

Regarding everyone's questions, they even agreed with Zoey Lopez!

I thought that Levi Garrison would be struggling to be a student, and Kunlun Academy had no chance with him.

But who ever thought that Levi Garrison turned out to be a mentor!

Eighty-seven students with the largest number were selected!

It's so unexpected!

Zoey Lopez, they are all surprised and broken!

Incredible? ? ?

A person who can't even make the quasi god list, why should he become a mentor?

You must know that the mentors just announced are all in the top 100 on the list of gods!

There are also some terrifying magic masters!

Unheard of by everyone!

But as long as you check, you will know how terrifying they are!

Some are not even on the list of gods!

In terms of strength, they are not as good as the students present.

Because they are big bosses who research magical medicine or magical tools!

No one is unconvinced!

But why is Levi Garrison?

Dissatisfied!

Everyone is dissatisfied!

...

Among the crowd, the noise is getting louder and louder.

“Kunlun College, please give us an explanation!”

“Why can Levi Garrison be a mentor? Why? Please tell me the reason!”

Everyone shouted.

In fact, the most embarrassed person is Jiao Tianyu and other 87 people!

Fortunately, I came to register and wanted to join Kunlun College.

Chapter 2609

After finally joining, the tutor is Levi Garrison...

Right now, many people just want to leave.

But.....

This is again the only opportunity to join Kunlun College...

Give up, it may be completely absent.

If you join, even if the instructor is Levi Garrison, there are other opportunities!

Tangled ah!

Too tangled!

Just as everyone asked Kunlun College, Azure Dragon (Qinglong) said: "Calm down, everyone! Only said that my boss is a mentor!

But I don't know what he is directing... There are people who have instructed the development of potions and refining artifacts... Maybe my family's boss teaches theory... For example, war command... In today's world, he says it's second, who dares? Say first..."

After Azure Dragon (Qinglong) said this, the whole audience was quiet.

Yes!

Levi Garrison may be guiding the war command...

It doesn't have to be martial arts!

"what???"

Jiao Tianyu and others were surprised.

They are here to improve their strength, let them learn how to command war?

Funny?

They hurriedly asked: "Do we have a chance to learn other things after joining Kunlun College?"

In order to join Kunlun Academy, they temporarily endured it.

As long as you can learn later!

The Kunlun Academy official stepped up and explained: "Tell everyone-the king will not guide the war command! He teaches martial arts!"

As soon as this word came out, the whole audience would explode.

Levi Garrison teaches martial arts? ? ?

Not teach others?

What qualifications does he have?

"Give us an explanation...Why does he teach martial arts! Has he entered the gods list?"

Everyone refused to agree.

"You didn't hear it wrong! The word side by side king is instructing martial arts! His guidance is very simple—instructing the students the most basic exercises! That is, the same word side by side king has been invincible in the past! This basic exercise is slow! But the tall buildings rise on the ground! The foundation is very important!

What's more, if he insists on this basic technique, as long as he keeps on practicing without distraction, he will eventually achieve supreme accomplishment!

Because this basic exercise pursues the ultimate speed and strength! When these two are investigated to a certain level, absolutely ignore all the bells and whistles! "

"This is the decision of Kunlun College! All interpretation rights belong to us! Whoever has objections can withdraw at any time! We don't need people to join!"

Chapter 2610

After the official explanation, the audience was in an uproar.

"this....."

Kunlun College enforces regulations, who dares to oppose?

I dare not speak anymore!

Despite being dissatisfied with Levi Garrison!

“I probably understand! Kunlun College wants the present and the future...not to mention absolute control over the future! At least it will keep a card for the future!”

“That’s right! How fast the times change! The past can’t be abandoned! In case Levi Garrison’s set is used in the future!”

...

Everyone is analyzing.

Trying to figure out the intention of Kunlun Academy!

After finally discussing this result, everyone agreed that this was the case.

Kunlun College must be exposed to the most advanced things, and it must not leave the foundation and the past behind.

No need to invest too much anyway!

Just Levi Garrison and 87 people!

“Okay, that’s it! If you don’t want to join, you can mention it now!”

The matter of selection is finalized.

Jiao Tianyu and other eighty-seven people stood together with a look of entanglement.

I want to quit directly, but I am not willing to enter Kunlun College!

“Brother Jiao, congratulations! Enter the most promising group of Kunlun Academy!”

“Hahaha... for sure! The group with the most potential in the future! But right now, you have practiced his techniques...all of you can't enter the quasi god list!”

“Isn't it... even his brothers and apprentices don't want to learn it! What Azure Dragon (Qinglong) used to be similar to others. After changing back to his practice, now he can't enter the quasi god list!”

“I can't believe it... but I came to Kunlun Academy as a mentor! It's a big laugh!”

...

Zoey Lopez felt embarrassed by listening to the broken words next to him.

But this is the case.

None of them would practice Levi Garrison's basic exercises.

There is really no effect at all!

Azure Dragon (Qinglong) is the best example!

Even Huoyun Cthulhu and Zhou Nanyan had no effect at all.

Especially the aura on Huoyun Cthulhu's body is getting weaker and weaker...

Eighty-seven people are going to be “scoured” now.
