

# The Return of the God of War [The Protector]

## Chapter 2771 - 2780

### Chapter 2771

Fortunately, he arranged for the intelligence team to go to the front line in advance.

Know the situation earlier and deploy earlier.

“Quickly evacuate people and retreat! Hurry up! I’ll be there soon!”

Under the organization of specialized personnel, the effect is still good.

The crowd can be evacuated in time.

Reduce losses as much as possible.

At least it can help a little bit.

...

After Yanlongwei’s chaos.

Several leaders and high-level officials all came.

“What happened? What happened?”

From a distance, they saw the entire Yanlong Guardian in chaos and chaos.

Xiao Liejun hurriedly shouted.

Everyone immediately came to the master control room.

When they saw the messages sent from the front lines, everyone felt like a bolt from the blue.

“boom!!!”

Everyone was shocked in a cold sweat!

The bodies of Xiao Liejun and the others were even trembling vigorously.

“This, this...”

They didn’t expect this to happen!

Soon after Cao Zhiguo finished coaxing.

Did the situation really happen?

“Doesn’t that mean that everything Old Cao said before is correct!”

“The sudden failure of the monitoring station is a problem! The space anomaly is also a problem!”

“In addition, what the Bible Organization said is right!”

...

At this time everyone gradually reacted.

It turns out that everything Cao Zhiguo insisted just now was right!

“Old Cao took someone to the front early! Hey!”

...

Lu Xiong slapped the table fiercely: “The word side by side is right!!! You guys don’t listen!!!”

He questioned everyone: “See it now, right? Is he right???”

Senseless!

Silly!

crazy!

Numb!

Like being struck by lightning!

Xiao Liejun, Jiang Ye, Hong Qingcang and others stood there, like walking dead!

“Rumble...”

Their minds have been buzzing.

At this moment, it was really a bolt from the blue.

Everyone was bombarded to the point of being exhausted!

The anomaly Cao Zhiguo discovered is correct!

The evil gods and their repeated insistence are all right!

## Chapter 2772

The word side by side king predicted right at the beginning!

There is no slight deviation!

The defensive wall he advocated is even more correct!

If everyone had listened to him at the beginning, a three-hundred-meter-long defensive wall has long been built on the coastline of Daxia!

Keep all these giant creatures out! ! !

Where can they log in so easily?

Impossible!

If it doesn't help!

They created hundreds of islands, enough to evacuate most people.

Furthermore, if the defensive line is still there, it is not as good as the national defense wall, which can be completely resisted for the time being!

Not as passive as it is now.

Everything is their problem!

...

People are so insistent, but they have to rely on what they see in their eyes and refuse one after another.

Lu Xiong's temper came up: "Let me just say it! Believe in the king! He made a mistake that time? You are to blame for this thing! You bear all the responsibilities!"

"Now that there is a problem, isn't it more serious? It used to be a problem of excessive losses, but now? It is a problem of the survival of Daxia!"

"I want to ask, which one can bear the responsibility??"

Facing Lu Xiong's questioning, everyone bowed their heads, not daring to say anything.

Even Xiao Liejun told them to shut their mouths obediently.

I didn't say a word.

"If they insisted on it, maybe..."

Suddenly someone whispered.

Lu Xiong glared at him fiercely: "What? Persevere? Did you give a chance? Don't say a word side by side! Did you give a chance to Lao Cao and I? We have been insisting, how about you? Vote!"

But the truth is often in the hands of a few people!

Besides, if we have suffered a huge loss, we can recover slowly. If we have to wait until this situation exists, is there nothing we can do? "

"Fuck!"

Xiao Liejun slapped himself several times.

"It's all my fault! Everything is my fault! I am the sinner of Daxia!"

Others also regretted it.

Very regretful.

The regretful intestines are going to be green.

"Perhaps the word side by side king is not a retreat at all, he was run away by you!"

Lu Xiong shouted.

Hong Qingcang and Jiang Ye were crying with regret.

"I'm wrong!"

"It was my fault!"

"I regret it! I apologize to the king side by side! I apologize to everyone!"

...

"Okay! Stop shouting! Now all we have to do is to support as soon as possible! Hurry up and deploy defense and counterattack!"

“Quickly, quickly, give me action!”

“If Daxia really has a problem, let me see who of you still has the face to live??”

## Chapter 2773

This time.

Yanlongwei initiated the highest level of emergency response.

All the soldiers mobilized are mobilized.

At this time, don't hide it anymore.

All weapons and trump cards were taken out.

Several giants similar to Kunlun Industry have also assisted.

Take out everything you can take out!

Xiao Liejun directly led the death squad, mecha legion, and a large number of masters to the front line.

Xiao Liejun's team was considered a quick reaction team, contacting the front line as quickly as possible, thus stifling the situation.

Jiang Ye led the reserve team and a large number of people raised by the collection to the front line, sending teams one by one to where needed to deploy defensive positions.

Jiang Ye's team is the strongest and the largest.

Whether he can prevent it depends on whether he can use all the weapons and deploy them.

Xiao Liejun's team is all about giving him time.

As for Hong Qingcang, he activated all the dark sentry teams in Daxia. On the one hand, he provided support and assistance to the front line, and on the other hand, he was collecting intelligence to find out the enemy's situation. Another aspect is to prevent the enemy from sneaking attacks from within.

Finally, it was Lu Xiong's task to evacuate the masses to the greatest extent possible and protect them from persecution.

Although the island was built halfway, it stopped.

But they continue to build the Bible Organization.

There are at least twenty or thirty.

Look for another safe place.

It should be dealt with for a while.

Not to mention that all people were successfully evacuated.

But at least it can hide a little, and the rest must be in the inland city.

In fact, it is still very dangerous.

It also depends on the previous combat situation.

The more difficult Lu Xiong felt, the more Levi Garrison's predictions sounded.

What if there was a defensive city wall?

How many if there are hundreds of islands?

How much loss will that reduce?

How many will survive without being injured?

But now that everything is useless.

Everything is in vain!

Can only do as much as possible.

Reduce as much as possible...

In addition to the safety island mission, Lu Xiong is also responsible for liaising with the Tiance Mansion and the Baolong clan.

And other major forces.

Contact as much as possible.

For example, the Bible Organization, Maya Industry...

and many more!

All can be contacted!

Lu Xiong quickly passed the message to Tiance Mansion, Baolong Clan, and Kunlun Academy.

Next, he contacted the evil god of the Bible organization and others.

But found that they could not be contacted at all.

The group lost contact.

I can't get in touch anyhow!

"Where are they!"

Lu Xiong was so anxious that he sweated coldly.

If there is no such powerful help, then Daxia will undoubtedly lose!

Their support is very necessary!

# Chapter 2774

But at this moment, it's not just that he can't contact the Underworld God.

No one else can be found.

...

"It's not good, it's not good!"

"All the people of the Bible Organization and Maya Industry are gone!"

"What are the gods of Forbidden Land No. 76 doing? Why did they suddenly disappear? What are they doing? Did we make a wrong prediction?"

...

At this time, spies in the Lab of the Gods suddenly discovered that the group of people from the Bible Organization had disappeared.

Suddenly no longer under their surveillance.

It was originally on the way to Daxia.

Suddenly disappeared.

This scared many people in the Lab of the Gods.

If it is not planned, it will be troublesome.

Everything that God's brain does is useless.

After all, the early Leviathan offense is not important at all.

The later stage is the highlight.

If Maya Industry and the Bible Organization were not involved, then something big would happen.

For a while, Lucifer and the Great Clown panicked.

This is an extremely bad message!

“Check it out! Check where they went!”

Everyone is anxious.

Immediately send someone to investigate.

I must find out!

“Nothing! It’s a good thing that they disappeared at this time!”

Mr. X pretends to be a mysterious way.

The others were stunned and smelled incredible: “Huh? Good thing? How is it possible?”

“Now Daxia is in dire straits...all busy dealing with Leviathan! If these guys from Forbidden Land No. 76 suddenly appear from somewhere, thunder strikes. How much does Daxia lose?”

“For example, this place is the central capital of Daxia?”

As soon as Mr. X said so.

Everyone was shocked in a cold sweat.

“If the God of Forbidden Area No. 76 next attacks Daxia Capital, then the possibility of Daxia’s collapse is too great!”

“Maybe when the No. 76 forbidden area was started, the guards of Daxia Capital were already slack, and all the top powerhouses in the city were dispatched to the front line. By then, the capital will be unguarded!”

"If Forbidden Land No. 76 breaks through the capital and the Yanlong Guard, Daxia will lose half!"

Everyone said one after another.

Lucifer's face was full of horror: "Wonderful! This trick is really amazing! Even we don't know where they disappeared, and Daxia will never know where they are!"

"So what are you worried about? Daxia should be worried! It's a good thing that they disappear! When they reappear, it will be Daxia's end!"

Mr. X is already looking forward to it.

...

The news of Daxia's death spread to Tiance Mansion and Baolong clan.

It also caused chaos.

At the same time, Tianji Pavilion already knew the general information, and gave the Tiance Mansion how to deal with this giant creature.

Almost all Tiance Mansion was dispatched.

## Chapter 2775

The Baolong clan also mobilized half of their forces.

The Baolong clan didn't dare to dispatch all of them.

Although it is called the Baolong clan, there are actually several branches of the Baolong clan, each of which holds the ultimate secret of Daxia.

This secret is scattered, let each vein guard a little.

Together is the ultimate secret.

This is the historical mission of the Baolong clan!

As important as protecting Daxia!

So they have to guard this secret.

Cannot send all the power.

Even in their opinion, this matter is not as important as protecting the ultimate secret!

Sending half of it is already very impressive.

Even they sent all the geniuses planned by the genius, including Valkyrie, Gemini, Fu Jianing and others.

However, the power of Tiance Mansion and Baolong clan not only reacted quickly, but also went directly to the front line to support them.

The next important force must be arranged by the commander-in-chief.

Only in this way can the greatest value come out!

So this group of people went straight to Kunlun College.

They are looking for the gods of Tiance.

Let Tiance superintendent preside over the overall situation.

Kunlun College information is blocked!

When I learned that such a big thing had happened.

Everyone was taken aback.

"I declare that from now on! All students will also go to the battlefield! Show your talents! I will use what you have learned in the past few months! Use this actual combat to test you!"

As a guide, Ye Qingtian gathered everyone together.

Tell them all of the decision to go to the battlefield.

This is simply a great opportunity for everyone!

Let them show their skills.

All of them are not only afraid of fear, but screaming with excitement!

This is not only true for ordinary students!

Even the group of spies in the laboratory of the gods is something to be excited about.

They can continue to make contributions!

Hidden in this powerful team, report the trends and the number of people allocated anytime and anywhere.

...

Ye Qingtian also specifically instructed: "Of course, except for the students under the king's family side by side! They will stay in the academy! Don't disturb him! The rest! One of them counts one! All follow me!"

After listening, everyone laughed.

"Let's see! The waste instructor brings a group of waste students! It is not useful at the critical moment!"

"I'm really laughing at me! What's the use of practicing that? It won't be useful when Daxia really needs you!"

"It's useless if you let them go, it's all cannon fodder!"

...

After knowing that this group of people would not go, a round of mocking and cursing voices appeared everywhere.

Zoey Lopez felt more guilty in their hearts.

Levi Garrison really delayed this group of people.

When it comes in handy, it doesn't have the ability to go.

Simply sad.

## Chapter 2776

And where did Levi Garrison go?

How can people not be found!

"By the way! How is Tiance handsome? What about people? Why is he missing? Find him quickly!"

The large forces of Tiance Mansion were assembled.

It turned out that Tiance was missing.

"It won't work if he isn't there! He wants to preside over the overall situation, only he can completely control anyone!"

"If you change to another person, you won't be convinced!"

Everyone began to look for the gods of Tiance.

the other side.

The former great apprentice of God of Darkness brought Tiance to the grave.

The big apprentice was crying and coaxing.

Tiance Shenshuai was a little overwhelmed.

“Okay, after watching your mother, I should go back too!”

Tiance Shenshuai turned and left.

It’s just that the big apprentice hugged his leg tightly: “Seeing this, can you go back safe and sound? Don’t you want revenge? Do you still want to cooperate with my murderer’s enemy?”

...

The former great apprentice of the dark god is noisy and noisy.

He abruptly dragged the Tiance superintendent.

After a group of people in the Cebu received the news of the accident that day.

The first time to find Tiance superintendent, let him preside over the overall situation.

But Tiance God and handsome man disappeared.

Like Levi Garrison before, I don’t know where he went.

Finding a circle is totally unpopular.

“Contact! Hurry up and find a way to contact him!”

“Quickly, quickly! No matter what method is used to quickly find the handsome guy!!!”

...

Anxious.

Everyone is anxious.

Crazy looking for the gods of Tiance.

In the end, several great generals of Tiance Mansion still contacted the great commander of Tiance.

This is the special communication method within Tiance Mansion, which is different from modern technology.

It seems to be an ancient secret technique.

Members of Tiance Mansion can communicate secretly and pass messages and so on.

With this secret technique, he finally got in touch with the god commander Tiance.

Tiance Shenshuai was still wondering.

After all, this kind of magic cannot be used when it is not a last resort!

Used now.

It is estimated that something will happen.

Tiance Shenshuai asked suspiciously: "What's the matter? What's the matter?"

## Chapter 2777

"The great thing is not good! Something has happened! The prophecy of the king's side by side has come true! Daxia is under unprecedented attack..."

"Where are you? Please come back quickly to support the overall situation!"

"Daxia is messed up, messed up everywhere!"

"Hurry up, a little later, something serious will really happen! Besides, you are still extremely powerful!"

...

The voices of Ye Zhantian people next to him came: "Great! Mr. Ye is gone! Can't even disappear with you! Come on! Daxia needs you!"

"This time the giant creature is too terrifying! It can't be killed at all! You are coming!"

"I believe they have plans for the next step! You can't do it!"

...

Hear the anxious tone of the other side.

Tiance Shenshuai realized that something was wrong, and even these few were so weak, then I believe the situation is really serious.

After hanging up.

Tiance, the superintendent is about to leave.

But the big disciple of the Dark God stopped him: "Where are you going?"

"Something happened to Daxia! I'm leaving!"

Tiance Shenshuai didn't explain much at all.

About to leave.

"No! I think you just want to make an excuse to leave! She tore it all, can't you accompany her any more?"

The big apprentice stubbornly stopped in front of Tiance Shenshuai.

Looking at him, Tiance Shenshuai suddenly trembled and understood something.

"You... shouldn't you know in advance, right?"

"You brought me here on purpose? Right!"

...

Tiance Shenshuai suddenly understood everything.

Levi Garrison also reminded him before retreating.

To prevent this kid...

Levi Garrison should have known that this kid was a spy in the laboratory of the gods.

Because he is his own flesh and blood, although he has been on guard, he can't fail to see him, right?

This time he even offered to see his mother as an excuse, and he couldn't refuse it at all.

Unexpectedly, this was a conspiracy at all.

Just to lead him out of Daxia.

## Chapter 2778

He was unable to reinforce in time when he was killed in Daxia.

What a conspiracy.

"Yes! Wrong! It's a conspiracy against you! My purpose is to lead you out of Daxia!"

"You are with my mother-killing enemy! How can I endure it? You can't avenge my mother! Then I can only rely on the hands of other people!"

The big apprentice suddenly looked up to the sky and laughed.

Tiance Shenshuai's face changed, and he was a little distressed.

"Didn't I tell you earlier to give up hope of revenge? You can't imagine his strength! No one can take revenge!"

Tiance Shenshuai shouted.

That's Levi Garrison!

"Do not!!!"

"The Lab of the Gods can! They can avenge me!"

The big apprentice shouted.

"Okay, don't coax, I'm back to Daxia!"

Tiance Shenshuai stopped talking nonsense with him, turned and left.

"Don't bother in vain! You won't be able to return to Daxia!!! They won't let you go back!  
Haha..."

The big apprentice suddenly laughed.

"what?"

Tiance's handsome face changed drastically.

Yes!

Since it led him out of Daxia.

It is absolutely impossible to let him go back.

"Tiance Mastermind stay here!"

At this time, another voice suddenly sounded.

Tiance Shenshuai turned around and saw that there were two more people behind him.

And his own flesh and blood has been controlled.

"If you don't want to die with your own bones, Tiance, the superintendent, just stay here obediently, then don't go!"

“Of course, if you don’t regard him as a son, you can leave at any time!”

The weapons of the two are already on the neck of the big apprentice.

As long as they exert a little force, the great disciple of the Dark God will die immediately.

The former big apprentice of God of Darkness looked at Tiance Shenshuai with a successful smile.

He seemed very happy to see the embarrassed look of Tiance Shenshuai.

It is an exciting thing to choose between Daxia and her own flesh and blood!

Now he wants to see how he chooses the Tiance Mastermind?

“You despicable!!!”

Tiance Shenshuai gritted his teeth.

He didn’t expect this situation to happen at all.

## Chapter 2779

“Choose Daxia! It doesn’t matter if I die! What is the difference between my humble life and the wild dog on the side of the road! You should save Daxia’s thousands of lives! There is no need to consume it with me!”

...

not only.

The big apprentice of the Dark God began to use words to stimulate the gods of the sky.

Tiance Shenshuai’s complexion flushed, and his heart was clearly struggling.

He definitely wanted to return to Daxia quickly and save Daxia from the fire and water.

But here is the flesh and blood, I have been owed all the time.

It's really hard to choose.

...

The big apprentice of the Dark God has been irritating, and he wants to see the struggling look of the gods of the sky.

The stimulation is getting stronger and stronger.

At this time, the two who captured him couldn't stand it anymore.

What if he really irritates Tiance Shenshuai when he leaves?

This brain damage is still in this constant stimulation!

"Puff!"

They couldn't stand it anymore and gave him a knife directly!

Splashing blood!

"Shut up! Don't fucking talk anymore!"

The sudden knife caught the Dark God apprentice directly stunned.

The opposite Tiance Shenshuai was even more dumbfounded.

Although this knife didn't pierce the vital part.

Can illustrate a problem-they dare to do it!

"Tiance is a handsome man, if you go one step further! I will kill him directly!"

The man said.

At this time, the great disciple of the Dark God stopped talking.

Tiance Shenshuai was also stunned, and he didn't dare to walk around.

He is tethered to death.

He just wanted to leave, thinking that the few people in front of him were acting.

Can be seen after real hands-on.

Only then did I understand that it was not acting.

If they leave by themselves, they will really kill...

Frozen for a while.

He was completely controlled.

This is Mr. X's strategy.

Using the psychology of the two, easily locked the strongest master, unable to support.

...

"Tiance Shenshuai is temporarily under control! He shouldn't be able to come back before Daxia is destroyed!"

At this time, the message has reached the laboratory of the gods.

"That's great!!!"

## Chapter 2780

"The great fighting power is reduced, and the Great Summer Crisis is coming!"

"It's time to activate our dead men scattered all over Daxia!"

Give an order.

There are dead men appearing everywhere in Daxia.

“Then what about us? When will we act?”

Lucifer the Clown and the others have long been itchy.

“Don’t worry! Wait for the God of Forbidden Land No. 76 to come out! Let’s make plans!”

“Remember, our opponents are either Daxia and No. 76 forbidden area after losing both! Or it is Daxia’s two types of existence! Before that, we won’t need us to make a move!”

“Even if your hands are itchy, there is no way!”

Mr. X exhorted.

The Hell Witch couldn’t help asking: “Mr. X has been listening to you about Daxia’s two types of existence? Are these two types of existence? Really so powerful? It makes the chief priest so jealous...”

Mr. X smiled and said: “Actually, the presence or absence of these two categories is another matter! They live in legends! I just listen to rumors! I don’t know exactly what they are!

It’s just that the main gods have never come forward, just because they are afraid of these two types of existence! Even if it is a legend! But in case it really exists! This battle is to see if we can force them out, right? If there is none, it will be even better! “

Everyone was fascinated.

I also secretly hope that there will not be, but the legend is the best.

“Okay, let me tell you about the two types of existence in the legend of Daxia...”

...

While the core of the Lab of the Gods was waiting.

Daxia is even more messy...

Next, a large number of dead men appeared everywhere in Daxia, and they began to launch various attacks and destruction.

At the same time, the team that went to the front line to support was also attacked and harassed by a large number of dead soldiers.

Make it difficult for them to move fast...

Signals for help and support were sent everywhere.

One team after another sent a signal.

Said that they were attacked by the enemy and were unable to move forward.

In particular, the obstacles suffered by the large forces led by Jiang Ye were most obvious.

“Lao Hong! These questions are up to you! Use the secret whistle and secret team to wipe out all the harassing enemies! Otherwise, my large forces will not be able to go to the front line to support!”

Jiang Ye spoke with Hong Qingcang in person.

This is his task!

It must be done!

“Okay, I’ll do it as soon as possible!”

Hong Qingcang could not guarantee either.

Mainly chaos!

Everything is messed up!

The defense lines outside were breached, and the bases were lost.

The key is now even the city bases inside Daxia are all messed up.

You can't care about it from end to end!

What's more terrifying is that the other party seems to know all their deployments and conduct targeted attacks or sabotage.

It seems that based on the previous information, these giant creatures also seem to know their firepower configuration, including those weapons stored in bases and various secrets.

They will attack important places accordingly!

They already understood that the previous wave of giant creatures' attacks were smoke bombs.

All the arrangements of Daxia have been tested out.

It means that all secret weapons and secret bases are transparent to them...

This is a very unfavorable situation!

Bad news!

one by one!
