

# The Return of the God of War [The Protector]

## Chapter 2361 - 2365

Levi Garrison smiled: "I'm fine after a few blows!"

Today's Levi Garrison has a terrifying combat power, destroying the world with one punch.

However, to withstand the power of this attack, his body was also indestructible.

While practicing the ultimate speed and ultimate strength, he creates the strongest physique invisibly.

At least Levi Garrison believed that at present, there should be nothing that could hurt him.

Even the previous divine weapon, Heavenly Sword and Earthly Sword, could not penetrate his body.

Not to mention other things.

Let these guys hit a few punches, what's wrong?

The mutant living dead came and attacked Levi Garrison one after another.

Levi Garrison resisted appropriately a few times.

Then suffered a crit from the mutant living dead.

The terrible attacks all fell on Levi Garrison's body, trying to tear him apart.

"I said you are still okay? I can't hold it anymore!"

Levi Garrison urged.

For Levi Garrison, the attack of the mutant living dead didn't cause any substantial harm.

Can't even talk about tickles!

But he couldn't hold it back.

I wanted to tear up this group of monsters a long time ago.

It was exactly what Levi Garrison expected.

Maya Industry cannot monitor every corner of the virgin forest.

They can only make a fuss about the mutant living dead and the strong who participate in the challenge.

Now, as long as he kills the mutant monster, Maya Industry must know right away.

"Wait! We are trying!"

Underworld God and the others said.

It is still difficult to interfere with the devices on these variants of the living dead.

After all, Levi Garrison's true strength cannot be exposed!

"Bang bang bang..." The

mutant living dead gathered more and more, and they couldn't attack for a long time. Seeing that Levi Garrison was okay, all of them were angry.

Attacks are becoming more frequent and brutal!

Levi Garrison was really angry.

Give a face?

Anxious, Lao Tzu in this virgin forest tore all of you to pieces one by one!

"Okay!"

Levi Garrison's tone was already extremely angry.

The Underworld God and the others haven't returned the news yet, and there is sparse movement around.

They are here with plum dyeing.

Azure Dragon (Qinglong) and others, Sword Evil God and others, Xiao Feng and others also rushed from all directions for the first time.

They just arrived, and the first sight was that mutant monsters were besieging Levi Garrison. Dozens of monsters gathered together to rip and eat Levi Garrison.

"Boom!"

Everyone's brain buzzed, and Levi Garrison was in extreme danger as expected.

If everyone comes back later.

I'm afraid that even Levi Garrison's complete body will not be seen.

Just fought against this group of mutant monsters, they all know how powerful they are.

So many besieged Levi Garrison together.

Where can he survive?

Anxious!

Everyone is in a hurry!

"Levi !!!"

"Master!!!"

"Boss!!!"

...

Zoey everyone rushed forward immediately.

“Boom!”

“Boom!”

“Boom!”

.....

Everyone showed their best, forcibly, all the living dead who besieged Levi Garrison's mutants were blown away.

Rescue Levi Garrison!

Levi Garrison was about to cry.

The idiots of the evil gods are too inefficient.

Hurry up, Zoey and the others ran to save themselves.

Let them mistakenly think that they are being bullied by the mutant living dead, let them mistakenly think that they saved themselves.

Seeing Levi Garrison's ragged clothes, Zoey cried.

Fortunately, they responded promptly and rescued quickly!

Otherwise, Levi Garrison will definitely die!

They were negligent.

Did not give Levi Garrison enough protection!

“Evacuate! Take the boss to evacuate here first!”

Azure Dragon (Qinglong) ordered.

Fortunately, the primeval forest area is large enough.

Soon everyone fled to safety.

Everyone cheer for each other.

“We saved Master (the boss) again!”

Everyone looked very excited.

Levi Garrison shook his head speechlessly.

## Chapter 2362

This is even more inexplicable.

After all, let them see with their own eyes that they were almost torn apart by the mutant living dead.

He must have been bullied because he thought he was inadequate.

They are all to blame for the evil gods!

If it was resolved earlier, I would shoot all these things to death. How could there be such a thing?

Levi Garrison looked upset.

If the evil gods were in front of him, Levi Garrison would have to kick them.

Levi Garrison’s annoyed look fell in the eyes of everyone, changing his meaning.

It made everyone think that this was the reality that Levi Garrison deeply realized that his current strength was very weak and inadequate. He had no choice but to resign himself to the dangerous and desperate situation.

After all, the former king slaughtered the Quartet, he has always been the savior!

But now that he is in danger, there is no way to solve it.

In the end, it was rescued by someone!

People can only wake up in this kind of adversity!

Only then can you abandon the past and cultivate the present.

Although Levi was in danger just now.

But Zoey achieved their goals.

Let Levi Garrison truly feel the life and death, he will wake up!

Cruel facts are always more convincing than preaching!

"We are all responsible for this matter! We didn't do a good job of guaranteeing it! It almost put you in danger..."

Zoey blamed himself .

But with a smile on her face, she turned her words, "Levi , do you understand the difference between the past and the present?"

Levi Garrison nodded, "There is indeed a gap! Give me a few like this before, and it will destroy the world. !"

Levi Garrison meant that there was no such experiment before.

There are a few before, enough to kill everything.

But in everyone's ears, it meant that Levi Garrison had already admitted the gap between the past and the present.

He began to slowly accept and this era.

Aware of my shortcomings, I have to give up everything before.

Zoey smiled, "So, after you go back, you will have to practice modern techniques! Realizing the gap, you have to work hard!"

Xiao Feng smiled, "Yes! Master! Look at the undead monsters just now! , You can't solve it at all! We're okay, we can barely handle it! It's not nice to say that the master was saved by the apprentice! You improve as soon as possible!"

They are explaining a fact!

When encountering a powerhouse of this level, Levi Garrison was completely unsuccessful, and could only be beaten and abused.

But they can solve the problem and highlight the heavy siege.

This is the obvious gap!

If Levi Garrison wants face, he will practice hard when he goes back to improve his strength as much as possible.

Instead of being saved by apprentice brothers like this!

No one can save face!

This is still a great realization, it is impossible.

What disciples' exercises, what brothers' exercises...

These are not ashamed.

It is the most embarrassing to be solved by the apprentices again and again!

Seeing Levi Garrison, Zoey smiled with satisfaction.

I feel that the plan has been completed.

Levi Garrison had already awakened.

“Since our goal is achieved! Then, Levi can’t act alone anymore!”

Zoey said.

“Ah? Sister-in-law, what should we do? We can’t everyone around the boss alone, right?”

Kirin ( Qilin ) asked.

This time everyone has two goals in the primeval forest.

One has been reached.

Next, everyone wants to experience it.

It is impossible to turn around Levi Garrison alone...

After all, this opportunity is too rare!

Zoey smiled, “I thought about it before I came here!”

“How to say?” “Let’s take turns! All of us are in groups, three people! Each group will spend about half a day with King’s Landing! One group! Take turns! Except for a group to protect King’s Landing, everyone else can freely exercise and experience! Wait until your group time to

meet!”

Others said, “Understood!” “No, I want to act alone!”

## Chapter 2363

At this time, Levi Garrison’s voice suddenly sounded.

Everyone looked at him puzzled.

Having just experienced the desperate situation of life and death, he has to act alone.

Is it sick?

Or is it not enough?

He hasn't realized that he is weak yet?

But how is it possible!

Levi Garrison was bullied like that just now.

He would be torn apart by those monsters... How could

Levi Garrison act with everyone? He had other things.

"No! The previous action alone requires you to experience life and death, understand your weaknesses and recognize your current strength! You don't need it now, it's too dangerous for you to go alone!"

"Listen to my arrangements! From now on, everyone will be in groups. Me, Phoenix (Suzaku) and the evil god of poison are a threesome! Let's start!"

"Others experience freely! After six hours, everyone will signal to join together!"

"Okay, let's go !"

Finally.

The trio of Zoey Phoenix (Suzaku) Poison Cthulhu first protected Levi Garrison.

The others are also divided into groups.

They are a group of one super strong and two strong!

Everyone dispersed.

Levi Garrison was helpless.

Follow Zoey in a group of three.

Sure enough, without going out a few steps, there were mutant living dead appear on the face.

Zoey smiled upon seeing this: "Look, if you act alone! You may be in danger of your life right after you leave! Follow us is the way to live!"

"Yes, boss, you have to follow us! Here There is danger everywhere!"

Phoenix (Suzaku) said.

The evil god of poison also said: "Cthulhu, these guys are too evil! My poison is useless to them! Still have to be careful!"

Levi Garrison smiled: "What's so scary about this, I killed this thing. There must be more than ten thousand!"

"You..."

Everyone looked at Levi Garrison strangely.

It is not a question of doubt or doubt.

It's an impossible question!

This variant of undead monsters should be the first time in the world, right?

No one has seen it before!

I have never heard of such existence!

Where will Levi Garrison meet?

Three years ago?

If he had seen these undead monsters early, he would have died early!

He was trapped for another three years.

Where do you encounter these monsters and kill tens of thousands of them?

How is it possible?

They haven't tried this kind of monster.

One by one powerful is dying!

They can't kill one anyway!

Can only fly them...

kill tens of thousands...

unimaginable!

Unless...

unless it must be the kind of existence that knocks off the Heaven Sword with two fingers!

Otherwise, it is impossible!

Levi Garrison's bragging skills are really amazing!

Dare to blow this kind of thing!

Killing one is bragging!

After all, Xiao Feng Kirin ( Qilin ), who was at the forefront of the gods' list, couldn't do it.

Killing tens of thousands is a blow to the sky!

The three looked at him weirdly.

"It's okay, your boss told a joke, adjusting the tension!"

Zoey smiled.

“Yes, such a tense atmosphere, relaxed and relaxed!”

Phoenix (Suzaku) smiled.

Upon hearing this, Levi Garrison was upset.

“Since you don’t believe it, then I will kill a few for you!”

Levi Garrison said coldly.

“This...”

Wen Yan.

Zoey’s complexion changed drastically.

They really thought Levi Garrison was joking.

Unexpectedly, he came for real...All

three of them were dumbfounded.

Don’t know what to do for a while?

I don’t know what to say.

Can only watch...

Levi Garrison stepped forward.

Several variants of living dead thousands of meters away, rushed like crazy.

“Sister-in-law, look...”

Phoenix (Suzaku) is asking if she wants to make a move, or what to do...

“Look first!”

Zoey wanted to see what medicine Levi Garrison sold in the gourd.

What if he could really kill these monsters?

Not necessarily...

Zoey chose to stand still and watched Levi Garrison act.

## Chapter 2364

Seeing a group of monsters rushing, Levi Garrison smiled.

A bunch of scum!

“Have you got it done? I should be able to kill now, right?”

Levi Garrison asked the Underworld God and the others through the communicator.

“Still not working! Give us a little more time! Maya Industry is too powerful!” The depressed voice of the evil god came.

Levi Garrison was really angry.

Compared with the Phoenix (Suzaku) and the Western Heavenly Kings.

This Underworld God is just a waste.

Can't handle it for so long?

Haggling!

Levi Garrison is going to scold his mother!

The Underworld God couldn't handle it, and Levi Garrison couldn't make a move.

It was directly exposed to Maya Industry.

So it can't be shot yet.

Levi Garrison wanted to curse the street, several variants of the living dead already rushed over.

Their desire for blood is terrible!

Seeing that the distance between the two sides is less than ten meters.

The three of Zoey also became nervous, their hearts almost hanging in their throats.

The three of them are nervous and ready to rescue them at any time!

But at the same time, there is a trace of expectation-what if Levi Garrison violently slays these monsters?

Under this kind of ambivalence, they stared at Levi Garrison.

Five meters!

At this moment, Levi Garrison suddenly turned around: "Run!!!"

"Puff!" The

three of Zoey almost spurted blood.

Waited for a long time, and looked forward to it for a long time.

The result is running?

But Levi Garrison ran away.

They can only run!

Disappointed?

Not really!

In the beginning, I had almost no expectations for this matter, so I was not disappointed!

“Let me just say it! How could he have the power to kill this undead monster! Just kidding, to adjust the atmosphere for everyone!”

Zoey smiled helplessly.

“The boss must see that we are all there, so I tried a sense of danger!”

Phoenix (Suzaku) said.

“Well, indeed, at least we are a guarantee!”

Everyone ran and chatted.

Levi Garrison was silent all the time.

What a shame!

What a shame!

It's all to blame for the evil god!

This kid has lost himself twice!

The purpose of Zoey's grouping was to protect Levi Garrison in a trio, so they encountered these mutants and tried to avoid them as much as possible.

Only when they are alone, they will face head-on with these mutant living dead!

Levi Garrison was thinking about how to break away from these people and start acting alone.

Now Maya Industry's intentions are still unclear...

Lee Chengmin and the others have no definite news outside.

Dodging all the way, soon six hours passed.

It's time for plums to dye these three groups.

It's time to switch to the next group.

The second group is the Kirin ( Qilin ) with the evil spirits and the apprentice Zhou Ke before Levi Garrison!

"Be careful... try to dodge, don't touch..."

Zoey was passing on some experience to them.

"Understood!" The

three Kirin ( Qilin ) nodded.

Levi Garrison was still thinking about how to get rid of these people.

At present, there is really no good way.

Can't get rid of.

"Okay, let's start. Boss, let's go!"

Kirin ( Qilin ) said.

...At

this time, the experience in the virgin forest was cruelly going on.

It can be said that there are countless casualties.

And on the aircraft carrier somewhere in the sea.

Maya Industries is observing all developments.

"Isn't Levi Garrison dead yet?"

A senior member of Maya Industry suddenly found the trace of Levi Garrison and asked in surprise.

“No...no... Levi Garrison has a large number of strong gods guarding him! No matter how he can't die!”

a subordinate said.

“Really? That being the case! Next, we will dismantle all the strong men who guard Levi Garrison! I don't believe that Levi Garrison can't be killed!”

“Tell my order! Send ten thousand variants of the living dead! Send Levi Garrison over! The powerhouses around him are all taken apart one by one!”

...

This is what Levi Garrison never expected.

Maya Industry actually “helped” him...

## Chapter 2365

What do you want?

Levi Garrison never expected it!

But the original intention of Maya Industry was to let him die!

Maya Industry did not attack Levi Garrison before, it was because Levi Garrison was hit by the elemental effect.

After being cured by the new deep-sea substance, now they have a chance, they naturally want to kill Levi Garrison.

now.

The Kirin ( Qilin ) trio and Levi Garrison avoided together.

Seeing that the three of them were covered in blood, Levi Garrison asked, "Are they all injured?"

"Well, a little injury! Not enough!"

Kirin ( Qilin ) didn't care.

"If we blindly avoid it, in this virgin forest, the strong of the gods will still have a great advantage! Almost 100% can avoid this undead monster!

But we are here to experience and improve! Head-to-head with them, thinking about how to defeat them instead of running away! It's normal to get some injuries!" The

evil god and apprentice Zhou Ke also said.

The evil spirits, who are known for their physical skills, have actually practiced offensive methods in this era.

Perhaps in his opinion, it is more useful.

Levi Garrison nodded.

This is indeed the truth.

It's not the metal fortress of the Sanxing Group, it's just such a big place, and it will be surrounded over time.

But this virgin forest is too big and too big.

Even if you throw in millions of variants of the living dead in it, you can't make waves.

Not up to the level of intensiveness.

If you want to escape, the strong man at the top of the gods list is easy to do.

Not to mention now, it is estimated that the number of variants that Maya Industry has invested in will be more than one hundred thousand living dead.

Not even yet.

It's easy to run away!

But many strong people come from experience and must be positive and strong, and they will definitely not escape.

So far, he is still wondering what exactly is the purpose of Maya Industry?

What are they going to do?

"By the way, let me take a look!"

Levi Garrison suddenly thought of something and began to check the wounds of Kirin ( Qilin ) and others.

After checking one side, he breathed a sigh of relief.

It doesn't seem to be what he thought...

At first, Levi Garrison thought of a possibility-

Maya Industry used these variants of the living dead to injure all the strong men who came to challenge.

The wound is a special element that invades them, so that everyone is equivalent to death.

Then Maya Industry itself controls the solution to this element.

In this way, most of the strong people who are equivalent to the quasi-shenban are under their control.

They use the antidote to control these people for their use.

Therefore, Levi Garrison quickly checked whether their wounds were invaded by this special element.

The result is not!

It is estimated that it will be more difficult to do this...

the offense of the mutant living dead is limited, and once the mutant living dead uses this special element, it will be quickly discovered.

If the whole world knows it, then Maya Industry will become the world's public enemy.

Will be opposed by the whole world.

This is not a good thing for Maya Industries.

So they can't risk it!

Then Levi Garrison was wrong.

This is not the purpose of Maya Industry.

So what will it be? ? ?

Levi Garrison's head is big.

"Boss, what are you thinking about? Do you have a solution to this undead monster?"

Kirin ( Qilin ) thought Levi Garrison was thinking about it.

Levi Garrison said without looking up: "Yes! What is this, I don't know how many I have killed!"

Kirin ( Qilin ): "...".

Demon God: "...".

...

They shouldn't ask.

Levi Garrison can only brag.

"Exactly... what is it?"

Levi Garrison touched his nose.

"Rumble..."

But at this moment, the earth trembled suddenly.

It's like a galloping army.

From a distance, they saw a huge movement in the woods ahead, and a large number of mutant living dead attacked...
