

# In a Love Nest with the Aloof CEO Chapter 321

Smirking, Kai asked, "Tobias, is she your new girlfriend?"

Turning her attention to Tobias to await his answer, the lady's eyes were filled with anticipation.

"No, you can ask your aunt who she is." When Tobias plainly replied, Kai could clearly hear the lady's heart shatter.

Every week, Tobias would come home to a plethora of dishes prepared by Claudia. However, most of them were lightly seasoned. When Kai came over, he preferred to have his food heavily seasoned especially grilled meat. Therefore, he would always gobble up a large portion of blood sausages prepared just for him.

It was actually one of Skylar's favorite food. When they were filming, Kai would remember her going around town looking for a place that sold blood sausages. She told him that having blood sausages together with spaghetti simply tasted heavenly.

Before they were seated for lunch, Kai found out that the lady with Tobias was called Cynthia Crane. She was the daughter of the CEO of Crane Cultures, and Claudia had arranged for her to be matchmade with Tobias.

Despite Skylar's harrowing experience last night, Tobias is still attending a matchmaking session here.

Feeling indignant on behalf of Skylar, Kai felt that she was being extremely foolish. In fact, he wanted to tell her what Tobias was doing then.

During lunch, Cynthia kept serving Tobias food. Whatever she gave him, he didn't touch them at all.

Grinning widely, Claudia commented how attentive and caring Cynthia was. She came from a good family and was highly educated.

Given how generous Claudia was with her praise, Cynthia lowered her head bashfully. With a gentle tone, she replied, "Thank you for your compliments. But I still have a long way to go before I can match the achievements of my parents. Since I was young, my mom has always taught me to be respectful of my in-laws. Furthermore, she reminded me to always be a good wife by being attentive to my husband."

Seeing the drama unfolding before him, Kai couldn't contain his anger. He then discreetly filmed the scene and sent it over to Skylar.

Kai: Your other half is going through a matchmaking session.

Meanwhile, Skylar was in the midst of shooting for Fendi's spring outerwear collection. She had spent the whole morning posing and finally had some time to have a drink. It was then that she received Kai's text message. What could he be sending me?

After she saw the video, she felt as if her heart was being torn apart. She repeatedly convinced herself to not take it seriously. After all, this was bound to happen sooner or later, and there was nothing she could do about it.

Suddenly, her gaze dimmed.

Just the same morning, she was delighted to have received Tobias' call. He told her that he missed her and would be coming over at night to make love to her.

Despite knowing that the last sentence was what he truly cared about, Skylar still relished the fact that he missed her.

It had been a harrowing day, especially after the surprise Kai had sent her.

While she calmly watched the video, she was oblivious to the fact that Kate was looking over her shoulder.

"Don't let it affect your mood at work. You should have expected this to happen anyway. Men are attracted to younger women because of the sense of novelty and the lust for their bodies. You should be smart and learn not to care."

Skylar was given a fright when she suddenly heard the voice behind her and quickly deleted the video by reflex. After she calmed down, Skylar replied, "He told me he won't get married."

Kate poisoned her thoughts. "You can also take it as him not wanting to marry you. Anyway, don't dwell on it too much. Just take advantage of the time you have with him to pave your path for the future. He can give you more than you can ever imagine. Therefore, just endure it and don't make a fuss."

At that moment, Skylar could feel tears welling up in her eyes. Can he never give me what I truly want?

## In a Love Nest with the Aloof CEO Chapter 322

Tobias and Skylar had tried many positions in bed.

His favorite was burying himself in her arms, biting her as he grabbed her by the hips. That way, he could go deeper and the intense intimacy gave him a sense of domination.

However, Tobias noticed that she was out of sorts today. It seemed as if she was trying hard to suppress her own emotions. Even when they climaxed, she had a listless expression that bordered upon impatience. Suddenly, their momentum was broken when she asked when would he be done.

Pulling her into his embrace and resting his head on her shoulders, Tobias gently bit her. "What are you thinking about? Did I somehow hurt you?"

Skylar laughed awkwardly. "Given how rough you were, how could it not feel uncomfortable?"

Tobias resented her snarky attitude. "Just tell me what's on your mind? Are you blaming me for not seeing you over the last few days? I remember telling you that I was away on business and just got back yesterday."

Leaving his embrace coldly, Skylar put on the bathrobe that was left on the floor. The slender silhouette of her body was alluring as ever. "I know. But when will you ever come and see me because you truly miss me, and not just for the sex? I was under the impression

that you had just gotten off the plane and rushed here because you needed to satisfy your desires.”

“No. It’s disappointing to think that you have such an impression of me. I’m here because I want to see you, even if it is just for a glance.” Despite his casual tone, Tobias meant every word he said.

Disappointing? Tobias doesn’t have a heart. How can he feel disappointed?

Skylar went downstairs to cook some pasta. Making love with Tobias was a vigorous exercise as he always wanted to try many different positions.

She was feeling disheartened over the situation. After all, Tobias had brought a potential marriage partner home to have dinner with his family.

As for her, she had never even set foot in the Ford residence before. How ironic was it that just a phone call from him could delight her easily?

The fact that she could tolerate it meant that it no longer bothered her as much. Therefore, it wasn’t worth her time fretting over.

Didn’t Tobias say that it didn’t matter which of us chose to leave? And that no one is indispensable?

Meanwhile, Tobias was only wearing his boxers while coming down the stairs. As the dim yellow light illuminated his body, the tattoo on his back caused him to ooze with masculinity.

Until then, Skylar didn’t know what the mysterious words on his tattoo meant. After all, it wasn’t a surprise that businessmen tended to be superstitious.

The moment Tobias came down, he caught the scent of something delicious. Skylar must be having spaghetti again.

When he approached to take a look, he only saw one plate, and it was filled with chili flakes. It looked extremely spicy to him.

As Skylar buried her head in the food, she ignored Tobias’ approach.

When Tobias came out from the kitchen with a fork in hand, he tried some of the spaghetti and found them too spicy for his liking.

After he had taken a bite, Skylar picked up the plate and dumped everything into the garbage bin.

She was venting her frustration despite knowing that it was both a childish and tasteless gesture.

Infuriated by Skylar's unexplained tantrum, Tobias asked angrily, "What's wrong with you? Why are you acting so weird today? Did I do something to offend you? Why don't you just say what's on your mind? Have I spoilt you to the extent that you have become more brazen?"
