

# Let Me be Your Ex Chapter 171- 180

## Chapter 171

“Just you will say good things for him.” Shao mother glanced at the man with her eyes sideways.

Although she said that, she was no longer tough, and finally showed a smile on her face. She gently patted Sophia’s cheek and said, “Okay, I won’t drink anymore.”

Sophia’s pretty face instantly burst into joy, and a very well-behaved smile burst out, “Then I will be with you, and I won’t drink.”

Bryan glanced at the two of them, and there was no expression or a word.

The man in front of the house was pinched secretly by his wife, and he smiled and said, “Bryan, what have you been up to lately? I heard your mother say that every time you go back to City Two, you are too busy to see people.”

Bryan faintly said, “The company has too much business, I didn’t pay attention to visiting the old man, sorry.”

Mother Fu grinned hurriedly: “It’s okay, it’s okay...Be busy. In the past few years, Long Teng has been getting better and better as you manage the development. Your dad will also feel relieved in the Spirit of Heaven.”

Sophia twisted her eyebrows slightly and motioned to her mother with her eyes, “Mom, what are you talking about, hurry up and let someone serve the food, let’s have dinner.”

Mother Fu was taken aback and nodded, “Yes, right, everyone is here, eat first before talking.”

She smiled, turned her head and gestured to the waiter on the side, and then kicked her husband with her foot under the table to signal him to speak.

Father Fu, who was originally a reckless and honest person, didn't know how to do in a shopping mall. He didn't have a sleek tongue. He was forced by his wife and daughter, so he could only swallow his saliva, put on the elder's pretence, and smiled lightly: “Bryan, Before, Xiaoxue was ignorant and annoyed you. Uncle is here today to make you wrong, so don't take it to heart. I have already scolded her severely.”

Bryan's brows were cold, and he smiled slightly, “Uncle Fu thinks too much, as long as it doesn't harm Longteng's interests, I won't take it to heart.”

Sophia lowered her eyes, her heart loosened slightly.

A shrewd look in Mrs. Fu's eyes, she deliberately pretended to be ignorant and asked: “Then, then you are not angry with Xiaoxue?”

Sophia also fixed her gaze on the man's face for a moment, and her heart began to become tense again.

Bryan's dark eyes swept around, his expression was always indifferent, his thin lips opened, and a thin smile, “Why does Aunt Fu think I'm going to be angry? I have too many things, I can't take everything to heart. , Maybe sometimes I even ignore my medication.”

The man's aura is too strong. Sitting there, even if he doesn't speak, he doesn't dare to approach him, let alone speak around the corner.

Except for a few women, Father Fu didn't understand the deep meaning at all, and he smiled very gratefully, “Yes, yes, you have known each other since

childhood, and it's not the first time you quarreled, so how can you take it to heart.”

Mother Fu's smile stiffened, and she turned her head and stared at Father Fu secretly.

What an idiot!

Can't take everything to heart, which means that he didn't care about her Xiaoxue at all. He was like a stranger. He was only angry at the time when he provoked him, and he would forget it with this person afterwards.

Sophia naturally heard it right away, she couldn't help but bit her lips tightly, holding her emotions in her heart.

Mother Shao understands her son very well. She looked down at the nails she just made, and casually interjected, “Since you are not angry, then you can let Xiaoxue come back to you as a secretary. She is an old man who has worked for so many years. , How can you let her become a small executive again? Isn't this overkill?”

## Chapter 172

Jiang Guoran was still old and spicy, and Shao's mother grasped the point in a sentence, which was obviously biased towards the Fu family.

Both Fu Mu and Sophia's eyes lit up, and they looked closely at Bryan.

The man's clear and bright eyes are calm, without any emotions, and without any hesitation in answering, “Being my secretary is too busy and tired. It's okay for a man. She is a girl. At this age, you should find a boyfriend to have a good relationship. And there will always be a lot of tongue around me, which is not good for her reputation.”

After a pause, he raised his eyes and looked at Mother Fu, his lips curled up like a smile, “Aunt Fu, I am doing this for her, and she is not short of money. This job is easier and she can have more time to make friends.”

“This...” Fu Mu choked directly.

In a paragraph, they directly cut off the thoughts they hadn't said yet, and clearly told everyone that he was not interested in Sophia.

Fu's mother looked embarrassed, she opened her mouth and didn't know what to say, she turned her eyes slightly to look at her daughter, Sophia's pale face that could not be blocked by makeup made her feel even more heavy.

She moved her heart and exchanged glances with Shao mother, who comforted her and owed her chin.

Sophia bit her lip, looked at him sadly, and couldn't help but open her mouth, “Brother Chen, I...”

Mother Shao suddenly turned her eyes and glanced at her, motioned to her not to speak, and then sternly said: “You all know that you are thinking of lifelong events for your employees, why don't you miss yourself? Look at them, you are younger than you. How old are the children.”

Those of them naturally refer to the two cousins of the Fu family opposite.

But because they were too lazy and idle, they couldn't control their family and let them get married early. The reputation of the province was lost and no daughter wanted to marry in.

The two people who were named hurriedly put down their phones, raised their heads and agreed with a smirk, “Yes, Mr. Shao, you have achieved success in this career. It is time to think about getting married and having children. Otherwise, who will come after such a big business? Help you manage?”

Mother Fu's expression changed, and she stared at her with cold eyes.

I didn't say anything yet, so I directly involved the management company. The fool could hear what they were thinking in Xiao. Why did she bring a bunch of fools over?

She was stupid, but fortunately, her daughter followed her.

She hurriedly interrupted with a smile, "Achen, let the past happen. There are so many good girls in this world. With your condition, you will only find better ones."

Remind him to put down the previous marriage and look at him.

Bryan sat there quietly, not knowing what he was thinking of, her ink-colored eyes flashed softly, and her deep voice was dyed with a faint smile, "Aunt Fu said, it's good or not, it's natural to see at a glance."

Mother Shao's eyes were deep, she squinted over, and said coolly: "You'd better understand what is a lesson from the past, don't remember so long, and fall twice in the same place."

Bryan, "..."

The man felt that the old lady was going to fight him to the end, and he felt helpless, but he did not continue to demolish her stage.

The waiter brought the dishes one after another.

Father Fu asked his nephew to get up to pour Bryan's wine, stood up, raised the cup and said, "Bryan, this cup was made by my uncle for Xiaoxue. I didn't teach it well. You must drink it, otherwise I must think that You're angry." Bryan also stood up, with a little coldness in his introverted and calm temperament. He raised a glass with a slight smile and touched him, "Uncle Fu is polite, you

don't understand my temperament. , Never compete with anyone for no reason. Knowing the wrong and correcting it is naturally good.”

After all, I looked up calmly and drank the wine in the glass.

Sophia looked at him tightly and frowned her eyebrows slightly. From the moment she walked in, she worried that he would be angry, sullen or make them unable to get off the stage, but his attitude at this time completely made her unexpected and calm. Lazy and unhurried, this is exactly the way she used to socialize with him in the past.

The disguise that makes people unable to see through any thoughts.

Sophia didn't know whether he should be lucky or sad.

Her eyes darkened, she suddenly picked up a wine bottle and poured herself a glass, stood up, smiled lightly, “Brother Chen, it's not my dad's fault, it's my waywardness, I should apologize.”

Saying that everyone was too late to stop, she raised her head and poured a full glass of wine. The white and slender swan neck drew a beautiful arc, and a few drops of bright red liquid slipped down the corners of her mouth, adding a touch of depraved charm.

In a flash, the wine was empty.

Mother Fu was startled, and walked over in distress, and wiped her mouth, “How can you drink so much at once? You know it is wrong, but if you mean it, Achen won't mind. Why are you so stupid? Pour the whole cup down.”

Bryan just glanced indifferently, without any extra expressions.

Mother Shao glared at him dissatisfiedly, “Don't comfort me? How can you bully a girl like this?”

Bryan's eyes were cold, and he laughed softly, "Aunt Fu, don't worry, she has worked by my side for so many years, just a glass of wine."

Sophia's face froze.

How is this different from just saying she pretends to be affectionate?

She awkwardly pushed Mother Fu's caring hand, and twitched her lips. "Mom, don't think of me as a child. I usually drink alcohol for social gatherings. Now it's just a glass, so leave it alone."

Mother Fu's expression slowly pulled down, a little dissatisfied, she glanced at the man, and said in a weird manner: "You are a girl and want to work, and your father's company has no place for you. You have to go outside to endure hardship. Money, toss yourself like that for a bit of work, you are not afraid of your mother and I feel bad?"

Anyone can hear the meaning of this.

Sophia's heart jumped, she subconsciously glanced at the man's expression, frowned at her mother, and explained, "What are you talking about? I'm not the kind of squeamish girl. I come out to work for experience, and drinking is certainly one of them. , I am willing, it has nothing to do with the job and other people, just my dad's company, everyone treats me as a small boss, there is no truth in it, so I don't want to go."

Mother Shao smiled appreciatively, "Yes, yes, I agree with Xiaoxue's ideas, sensible and assertive, if anyone marries her, it must be a big deal."

Upon hearing this, Bryan glanced at his mother calmly.

Miriam is much more stable than her. Even before Lu's father's accident, she didn't see Miriam more satisfied. After all, his mother was not a shrewd and capable daughter-in-law from the beginning to the end.

When Mother Fu heard this, her dignified face returned to joy, and she was a little bit complacent, “She is a bit like me, not obedient, and does everything according to her own ideas, although not very good. It’s not satisfactory.”

As he said, he leaned over and put an order for Mother Shao, “Sister-in-law, eat more.”

## Chapter 173

“Achen, you eat too.” She seemed to feel that her arms were not long enough, and she deliberately touched the floating snow figure, “Don’t eat by yourself. Give Achen some dishes that he loves.”

“No, I ate it. You can eat it yourself. I can drink some wine with Uncle Fu and the others.” Bryan didn’t move his chopsticks at all, but poured himself half a glass of wine again.

“Eat...” Sophia was taken aback.

Mother Shao also looked inquisitively, and narrowed her eyes slightly, “Have you eaten? Why did you eat so early tonight?”

When she called, she didn’t have a long time off work, why did she eat so soon?

still is?

“Well, eat with my friends.” Bryan said uninterestedly, and touched the glass to the cousin of the Fu family who came to toast with a toast, with a faint expression.

“What is Mr. Shao’s friend? We will also introduce our brothers to each other someday.” The Fu brothers said with a smile.

Their usual circles are clever and rough people. Although they have some money, they are far from the real rich. It is impossible to get into the real circle of social elites. If their family can follow The Shao family picked up the k!ss, so wouldn't they have more opportunities to meet some rich people in the future?

Sophia looked at her two elder brothers in disgust, did not speak, turned her eyes to Bryan, thought he would implicitly refuse, but unexpectedly the man smiled and readily agreed.

“Yes, I have a friend who likes to make friends very much. He is a real estate crocodile. He can eat well, but he likes to play. I can introduce you to me later.”

Sophia was startled, but her expression changed. This was even more humiliating than just refusal.

This friend in his mouth is obviously Gu Ershao Miller, that guy is a typical gnawing old clan, and even more than her two prodigal brothers, the real rich and wealthy, one shot is hundreds of thousands, in the circle of friends Everyone has it.

Without knowing it, the two brothers of the Fu family immediately got up and filled him with wine.”Haha... Mr. Shao is really too big. I don't think Xiaoxue needs to find a boyfriend anymore. You are not just a girl. Friends? How about you two trying?”

Suddenly, the dinner table fell silent.

The atmosphere was pushed to the climax of the whole meal.

Everyone had different thoughts and different expressions. Of course, Sophia was the most nervous. Her whole heart hung up at once, staring at the man's expression without turning.

Mother Shao coughed, and laughed out first, “I think so too. I like Xiaoxue very much when I look at it. Achen, your uncle and aunt are here too, just so you can talk about your plan.”

Dad Fu also took the opportunity to match up, “Yes, Bryan, you and Xiaoxue have known each other for more than ten years. Anyway, you are looking for one. Rather than finding a stranger, it’s better to have a close friend.”

Bryan held the cup slowly and put it on the table slowly, his eyes darkened, his expression did not look any strange, he looked around the crowd, and raised his lips slightly, his speech was calm and not impolite, “Uncle Fu, if you are I really feel sorry for my daughter, why would she be willing to push her to a second-married man? Or to put it another way, she is so good, young and beautiful, there is no need to find a second-married man like me, if it is my sister , Even if I don’t break her leg, I will break that man’s leg.”

Everyone’s complexion changed.

The two elders of the Fu family were so angry that they almost didn’t come back, staring at him speechlessly.

Sophia couldn’t bear it anymore, bit her lower lip, and said loudly, “I don’t dislike you, Brother Chen, whether you are married second or third, we can get married right away if you want.”

Bryan listened indifferently to her eager confession, but raised her eyebrows, “Don’t you ask what your parents mean anymore?”

“They respect my choice.” She replied anxiously.

The second elder of the Fu family opened his mouth, but in the end he said nothing.

Regardless of whether it was the second or third marriage, as long as they married into the Shao family, even if they divorced in the future, the property would be enough for her to live for the rest of her life, and they didn't need to worry about anything else.

Bryan was silent for a second, then turned to look at Mother Shao, "You also respect my choice?"

Mother Shao was choked and speechless for an instant, pursed her lips, turned her face away, and replied with a strong attitude, "I only like Xiaoxue now, and I still don't like the others."

Bryan looked down, was silent for two seconds, and laughed shortly. The faint laughter was mixed with seemingly nonsense mockery, "Ms. Fu decided to marry me, and she will give my two children a little stepmother. ?"

"Wait!" Shao Mu's face changed, she looked at him suddenly, and asked in shock, "Two, two?"

Her eyes were deep and deep.

Is that woman pregnant with twins?

Twins...

She stretched out two fingers unconsciously, and the excitement in her heart rushed out very quickly.

Whether it's his or not, if these two really belong to their family, wouldn't she be able to hold her grandson in a few months?

Looking at Mother Shao, Sophia suddenly felt uneasy. She frowned and gritted her teeth and said, "Brother Chen, how are you sure that these two children belong to you?"

“Boy, boy?” Several people in the Fu family were circled.

Didn't you just get divorced? Where did the kid come from?

The man smiled, “Is it my child? I don't need someone to tell me.”

This is an official showdown in front of them. Miriam's child is his child.

Mother Shao quickly calmed down from her joy, “I will identify who owns the child, but it is different from whether you are married or not. I just like Xiaoxue and don't think about anything else.”

“Well, I didn't say it's the same thing, but before the baby was born, I didn't think about other things, Mom, what do you think?”

“You!” Mother Shao choked again.

Although her heart is about to boil with anger, her son understands that he has already expressed his attitude. If he continues to be tough, it will only embarrass the family.

The reason why he said so patiently was just to save her face.

After taking a breath, she straightened her face and said coldly: “Okay, then I will give you a period of time. After that, you have to give me an explanation for Xiaoxue.”

“Auntie...” Sophia's anxious eyes were red, but she wanted to grit her teeth with hatred in her heart.

How could she not understand the meaning of Shao's mother's words, and she was still facing her son, deliberately procrastinating to save the family's face.

Mother Shao caressed her forehead distressedly, and moaned her lowly, “It’s okay, there is auntie who will be your decision.”

...

As soon as Miriam had finished eating with Kristy, Yan Ke arrived. The two wanted to go to the nearby shopping mall for a while, but they didn’t go there.

Miriam directly took Yan Ke’s car back home.

## Chapter 174

After washing, Miriam lay on the bed in her pajamas and read the story book with Tian Tian for a while.

After watching the little girl breathe evenly into a deep sleep, she carefully lifted the quilt and got out of bed quietly.

After going to the bathroom, she took her mobile phone and walked to the living room, seeing that the door of the old man on the opposite side was closed, she gently walked to the balcony outside the living room.

Turning on the phone, she hesitated to enter the number and dialed out.

It rang for a long time before connecting, and a very hoarse man’s voice came out, “Um... Miriam...”

Miriam instantly noticed that his voice was not right, “Bryan...what’s wrong with you?”

Didn’t he go to see his mother, did he?

She suddenly sank in her heart and asked anxiously: “What’s wrong with your mother? Where are you now?”

“Um... I, I just came back... at Jinglinwan’s house.”

Although the man’s voice was hoarse and low, he didn’t have much strength, and he felt floating.

Jinglin Bay?

Isn’t that not far from her?

Miriam raised her head and looked at the residential area under the night. The lights were scattered all around, and the air underneath was a bit cool.

Did something really happen?

The suspicion in her heart also made her more and more worried. Miriam didn’t ask much, hung up the call, turned back to the bedroom and put on a coat, then quietly opened the door with the backup key and went out, and then closed the door quietly. The whole process did not sound. A little noise.

Out of the apartment building, she went straight to her previous residence by the street lamp.

Fortunately, not far away, passing through several apartment buildings, she wrapped her coat tightly, and a small figure got into the elevator.

She was worried all the way, but when she got out of the elevator and stood at the door, she suddenly hesitated again, and the impulse in her heart was suddenly taken over by reason.

What is she doing back now?

After divorce, she never returned to this place.

Cotton slippers, white cotton pajamas, a long black coat, white ankles and half of his feet are almost bare, and long hair that has not been combed is scattered on the shoulders.

She lowered her head and glanced at what she looked like at this time, as if a demon stood there for a while without moving, and wireless complex emotions poured out of her heart.

But the tone of the man just now reappeared in his mind, this time the body was a step faster than the mind and knocked on the door.

When she woke up, there was a tremor in her head, her fists clenched more tightly, and she no longer had any scruples, and knocked again.

I waited anxiously and nervously for a while before there was a movement.

The door opened for a moment.

Four eyes face each other.

The man's pupils shrank extremely quickly. Before Miriam could react, he suddenly stretched out his hand and pulled her in, turning around and pressing down on the wall before kissing.

“Well.....”

Miriam's eyes widened, her mind went blank.

liqueur?

The strong smell of alcohol from the man's body poured into her mouth and nose, and her consciousness was in a trance.

Isn't he f&cking sick? Where did he drink so much wine?

While enduring his surging k!sses, she pondered the questions in her heart.

The deeper the k!ss, the more lingering the k!ss, the man's brute force almost cut her body like a loss of reason, and couldn't struggle at all.

The headlights in the living room were not turned on and the light was a bit dim. She curled her eyebrows and made a whimper from her throat.

Miriam's heart was nervous and a little bit scared.

The man was unmoved at all, even suddenly hugging her while k!ssing and moving like a bed in the bedroom, staggered, but still close and unwilling to separate.

When Miriam was k!ssed so badly, she didn't know that she got the nerve, and suddenly stopped struggling, letting him go crazy.

For a moment, she wanted to obey the desire in her heart and touched the soft mattress on her back. She subconsciously raised her hand to circle his neck and began to actively respond.

Just when the gun was wiping off the fire, a horrifying mobile phone rang. It was on Miriam's body, and the vibration was exciting and a little flustered.

Sanity pulled back three points, she let out a muffled groan from her throat, stretched out her hand and started to push him, "Um... Shao, Shao... Chen!"

Bastard!

Where does he have so much strength?

How much alcohol did he drink?

She has to make things clear before she says.

When the man's hand began to pull at her clothes, Miriam's heart almost jumped out of her throat, and she hurriedly grabbed his big palm.

"Don't, don't... put... Shao..."

"..."

Ten minutes later, in the bright and spacious living room, the man sitting on the sofa, tilted his head and put an ice pack on his forehead, with a black handsome face, and gloomy eyes staring at the woman walking in the room.

Miriam peeled the freshly boiled egg, wrapped it and walked over, her expression has returned to calm, but when she looked at him, she was slightly guilty, "use this."

I couldn't push him away just now, but in a hurry, she went straight to her feet, and she kicked away, but he hit the bedside table.

Although it was embarrassing, it was her fault, and a handsome face was knocked out of red and swollen.

The man dropped the ice bag, glanced at her, and said lightly, "You come."

"..."

The corner of Miriam's mouth twitched, and she walked around and sat beside him, gently putting the egg on his forehead and whistling, muttering

dissatisfiedly in her mouth: “I’m not all to blame you, you are not drunk, you said it earlier. Like a cow with great strength, I can’t break it, I can only kick it.”

Fortunately, her mother’s cell phone saved her, otherwise she must be stunned by the man now and irretrievably.

Having said that, Bryan was also a little bit unreasonable. His dark eyes looked at her scorchingly, without speaking.

He drank some alcohol, but he was not yet drunk. He wanted to call her when he got home from the hotel, but he didn’t expect that she would call her on his own initiative. So, the moment he opened the door and saw her, his heart There was an impulse.

Miriam avoided her eyes with throbbing heart, and said in a flustered manner: “You, don’t look at me like that. You haven’t told me why you drink so much alcohol. Didn’t you go to see your mother?”

“The eggs are on the eyes.” The man said with a slight smile.

Miriam was taken aback, looked down at the egg that was almost running under his eyes, and awkwardly put it back to the wound and concentrated on rubbing it.

The man opened his lips and explained lightly, “My mother is not sick, she deliberately told me to go to the hotel.”

Miriam paused in her hand and raised her eyebrows, “She knew you were with me at the time?”

“do not know.”

“Oh.”

The man turned his head to look at her, the loose shirt, unbuttoned a few buttons on his chest, revealing a small piece of chest, showing a bit lazy and sexy.

Raising his hand to pinch her chin, let her look at him, the man smiled lightly, “You don’t ask why she lied to me to go to the hotel? Who did you meet? Why should I drink?”

Miriam curled her lips, and casually slapped her long hair that was about to become a chicken coop, “This is your private matter and it doesn’t matter to me, why should I worry about eating carrots.”

Bryan’s pupils shrank slightly, his arms suddenly stretched out, and he took her shoulders and circled people into his arms.

Miriam was caught off guard. The egg in her hand flew out and rolled to the ground. She subconsciously got up and was about to pick it up, but was pushed back aggressively.

## Chapter 175

“What are you doing?”

Probably the previous matter hadn’t disappeared from her mind, and Miriam felt a little uncomfortable when she approached him.

The man put his hands around her body, the usual calm and calm appearance disappeared. Perhaps after drinking, he hugged her a bit sticky like a coquettish cat, showing some drunken laziness.

Miriam’s heart seemed to be filled with something, a little warm, and she sat there obediently.

“It’s a family dinner for the Fu family.”

There was a muffled voice from the man buried in her neck, which made people unable to hear any emotions.

But Miriam's expression changed very quickly when he heard the Fu family, but quickly recovered, she smiled and joked: "Sophia must be there for the Fu family's family dinner, plus your mother, the two of you are on the nails. Up."

It's not hard to guess what his mother is doing tonight, it seems that I can't wait to want the Fu family's daughter-in-law.

The man didn't look up, he hugged her tightly a little tired, and almost half of his body was pressed on her shoulders, "Uncle Fu and my dad have been friends for more than ten years. I can't help but give his face, my mother's face is my I can't fail to protect it."

Miriam flashed her eyes and said nothing.

After a moment of silence, a low voice rang from the room, "Miriam, if I agree, what will you do?"

In the empty apartment, after she left for so many days, she finally recovered some warmth.

Miriam raised her lips slightly and mocked: "Of course, congratulations, Miss Fu is young and beautiful, she has a good figure, and has never been married, and you two are in the right position. How can you look better than the daughter of a sacked official? "

The man's arm tightened suddenly.

Miriam took a moment of pain, twisted her eyebrows, and said nothing.

The man said: "I didn't agree."

The mockery on Miriam's face froze, she reached out and patted him on the back, and said coldly, "What are you trying to say? If it's okay, I will go back."

He didn't agree, was it for her?

Miriam didn't dare to think like this, but couldn't help but substitute herself.

She was thinking wildly, she pushed him away a little irritably, "Okay, I think you are fine, in the middle of the night, I will go back."

After drinking some wine, even the IQ has been returned to children? Is it possible for her to coax it?

Before she got up, the man hugged her waist again, closed his eyes, and whispered in a low voice, "Miriam, I have already expressed my attitude with them, and I have also admitted to my mother that these two children belong to me."

"..."

Miriam was a little surprised, then raised her eyebrows and smiled, "Will your mother believe that the child belongs to you?"

"I don't need her to believe it, nor anyone else." Bryan's voice was dumb, and he couldn't say some things, but I still hope she can understand.

Miriam was quiet. She lowered her head and looked at him quietly. She couldn't help but stretched out her hand to stroke his short hair. Five fingers interspersed, ripples in her heart, and a low smile, "Are you really in love with me?"

The man let go of his hand holding her, and turned to pinch her chin. His dark and hot eyes seemed to be infected with some kind of bewitching tonight. He stared into her eyes without turning, "Is it late now?" "

“ ... ”

A wave of turbulent ripples arose in her heart again, Miriam's breathing speeded up silently, but she still looked at him silently, curled her lips, her facial features were delicate and bright, “If I'm late, do you plan to give up?”

As soon as the voice fell, the man had kissed her with his chin.

But when she let go, she squeezed her fleshy face again, and a smile appeared on her thin lips. “I thought about it tonight and felt that the parents are still good, which is conducive to the growth of the child.”

Miriam, “...” Why didn't she find that this man was so sultry after drinking?

What if Sophia is here tonight?

Are you already in bed now?

There was a flash of light in her eyes, and she looked at him low, with a smile, “Now you have seen your parents and elders, will Miss Fu return to her original job tomorrow?”

Bryan's expression sank, as she watched her eyes slowly covered with a layer of chill, “In your eyes, am I such a person with unclear public and private?”

“Huh huh.” Miriam pressed her lips and nodded unceremoniously, “This is not the first time that you have done a fake public benefit.”

Bryan pursed her thin lips and asked calmly, “You are not curious about what mistake she made and I want to drive her away?”

“You are the boss, who do you want to drive away, who would dare to keep it? But that woman is indeed not a good girl, let your mother be careful, if you

really want to find a wife for you, I advise you to replace it.” She said and laughed suddenly, as if she was talking about an insignificant matter.

She was sincerely considering him, after all, they broke up peacefully and didn't have any lawsuits.

Sophia is really not suitable for him.

The man looked at a look of indifferent anger, his chest was stuffy, and his face was dark. He restrained his anger and said with a low voice: “I said she wants to climb my bed, don't you care?”

“ ... ”

Miriam blinked, her eyes were a little weird, but she soon understood the meaning of his words.

It seemed that Sophia made some small movements that made him angry.

“She... won't really put you to sleep?” She asked deliberately.

Bryan, “ ... ”

He really had the urge to strangle her.

He tightened his lips a little irritably, then suddenly stood up and walked from the sofa to the bathroom, his slender back showing some hostility.

Miriam was stunned, looking at him absent-minded.

Thinking of her own experience last night, what would make him angry and even drive people away regardless of the Fu family's face, what else? Medicine? Or chaos after drinking...

It was the first time she saw her after being so drunk, perhaps because she hadn't seen it many times before.

If it is medicine... is there any possibility of failure? If you can't go to the hospital, you can only...

Thinking of those pictures, Miriam's pretty face suddenly turned pale, and then her expression gradually became hard to look.

Bryan was just a little irritable. He was just going to take a shower. He didn't expect that after a few minutes he came out, Miriam's figure was no longer there, and his handsome face was instantly black as the bottom of the pot.

...

Miriam returned home with great thoughts, the light in the living room had gone out, and the room was completely dark.

She didn't turn on the light either, she touched her face in a daze and went back to her room. She lay back under the quilt for a while, not knowing what she was thinking.

After a while, she turned her head to look at Tian Tian, and then turned off the light.

Early the next morning, Bryan went straight to Lu's house after packing.

But Mother Lu told him that Miriam took Tian Tian to the company early in the morning.

The man rushed for a moment, in a bad mood, and his deep and handsome facial features were obviously cold.

This state has been brought into the company, and Sophia, who has regained confidence after last night, also hit the wall again.

## Chapter 176

“Brother Chen, have you eaten breakfast? This is what I did when I got up in the morning.” The woman stood at the door of the president’s room with a heat preservation box in her hands, with a docile and well-behaved appearance with some expectation.

The man took out the key to open the door, and simply staggered her into the room, “I have eaten, you can eat it yourself.”

Sophia squeezed her five fingers, even though she was unwilling, she still didn’t show any signs.

Holding the lunch box, she turned her head and looked deeply at the man in the room who had already sat down to work. She whispered her lips and said uneasily: “Brother Chen, are you angry about what happened last night?”

The man turned on the computer, put on a neat suit, and sat there, against the dark background behind him, with a sense of extravagance and coldness.

Just looking at her without raising her eyes, the expression of the abstinence department was calm and cold, “It’s nothing to do with you, go back to work.”

There was a strange flash in Sophia’s eyes, her red lips were pursed, and she suddenly walked to the desk in low heels and said, “You suddenly resigned Director Han, why?”

Suddenly resigning a senior management, naturally, he must give a reasonable statement to the company’s senior management as the president.

She knew it was not surprising, because all Longteng employees should have received this email early in the morning.

The man didn't move his brows. He tapped his fingers on the keyboard and said in an understatement, "Can't you understand the content of the email?"

Sophia's face was a little embarrassed, she lowered her eyebrows, and asked, "It said that he abused his power and illegally leaked company secrets for personal gain... Isn't this reason too sudden? You don't look it up anymore? How did he say that he is also an old minister, You just drove him like this, aren't you afraid that other dedicated people will chill?"

As an employee of Longteng, everyone has the right to raise questions to anyone. This is also a humanized system of the company. Therefore, Sophia asked with confidence, and Bryan did not look impatiently, his face was expressionless, but his tone of voice Even more understatement.

"How can you be sure that it is sudden?"

Sophia's face changed slightly.

Not suddenly?

That is, he had secretly checked it a long time ago?

There was a panic of fear in her heart. Those things about her and Han Yang...he wouldn't find out anything, right?

She only knew that Han Yang went to the police station yesterday and there was no more news. She sent someone to see and was told that she had no visitation rights for the time being. She was still wondering at the time that it was just an attempted rape, which is not a serious crime. Why not visit?

A cold current from her heart surged, and Sophia's expression became paler silently.

Bryan didn't seem to see it. He picked up the internal landline and dialed and said: "About this matter, there will be detailed documents to be released later, so go back first."

Sophia seemed to recover from the tension, and nodded in a flustered manner, "Oh...well, I'll go back first."

Out of the office, her face completely lost blood, and she stood at the door in a panic for a few seconds, and then walked quickly towards the observation deck.

In the blue sky and white day, the morning breeze was blowing on the woman's curly hair. Sophia's expression did not see any comfort, but was flustered and faintly anxious. She blinked anxiously and looked at the distance, waiting for the phone to be connected in her ear.

Anxiously waiting to answer, she immediately whispered: "Dad, something has happened, Han Yang, don't let people go fishing for the time being, and don't visit him, it's best to leave it alone."

"..." The woman took a deep breath, closed her eyes, and whispered hoarsely after listening to what was said over there, "Well...he had discovered something long ago, even I don't know, now things are completely beyond my expectation. I don't know what to do, but I can take a step forward and I'll find a way to get people to contact him inside... as long as he doesn't say anything, it's okay."

She originally planned to detain Han Yang for a few days, and when she came out, she went to her dad to find a job at random. Unexpectedly, they were all put together by Bryan.

He really didn't say a word, still deep and terrifying.

Sophia's heart was very complicated at this time, that man really made people love and fearful.

When the person on the cell phone finished speaking, she nodded, "Well, I know, okay, I won't say much, please pay attention to your side, I will hang up first."

At this time in the office, Bryan ordered his assistant to receive a call from Yan Ke.

"Hey."

Using the remote control to open the curtains, he slowly got up, walked to the window, inserted one hand into the pocket of his pants, and looked at the blurred figure in the opposite office from a distance, his eyes gradually trance.

"President Shao, the last time Miss Lu had an accident in Lincheng, I found some information. The car was scrapped and the license plate number was changed. At the time of the incident, the driver was not the same person, but deliberately pretended to be The same, open it to divert our sight."

"Is the man found?" The man's voice was as low and light as ever.

"Only found one, an ordinary taxi driver. He said that it was a customer he had pulled halfway. He didn't know anything. He just gave him money and followed his instructions. I don't know the others. He should be the one who hit the car."

Bryan looked into the distance, his eyes slowly narrowed, and his expression was deep and difficult to distinguish. "Check the surveillance according to the route the taxi driver ran. Even if you are back, you must find out."

"Well, good." Yan Ke replied lightly.

The man was about to hang up, and Yan Ke suddenly added: “Mr. Mu, who you asked me to check, this person is a bit strange... His traces only appeared frequently in Lincheng six months ago and disappeared for several years. At the place where Miss Lu went to, neighbors said that he moved in half a year ago, as if he had just returned from abroad.”

Bryan listened quietly, the depth of his eyes deepened. After a few seconds of silence, he said quietly, “He went to Yingxin directly when he came back?”

According to that kid’s age, he should have just graduated from abroad, and he was mostly looking for a job when he came back.

“This is not certain for the time being. I asked a friend to check the flight information. In the past year, there is no international flight to and from Lincheng. There is no one with the surname Mu, but Mizuki Mu. I guess he changed his name after returning.”

Bryan’s indifferent expression suddenly showed a cold smile, “This is interesting. Changing the name also changed the ancestor’s surname. Is there anyone else in his family?”

“There are no other people who interact with him for the time being.”

The man’s eyes became deeper and deeper, and he was silent for a while, “Just keep staring at it, it’s hard work.”

“Yeah.” Yan Ke didn’t have any extra words, so he hung up after speaking.

Bryan slowly put down the phone and looked at the opposite, with an unpredictable expression on his handsome face.

...

At noon, Miriam finished her work, checked the time, got up and stretched out her stiff body, walked to the side and touched Tiantian's head, and gently asked, "Are you hungry?"

The little girl smiled and showed her the jigsaw puzzle she had put together in her hand. She grinned and showed her small teeth, her small expression was very cute.

## Chapter 177

Miriam's eyes lit up, "This is what you did for a long time? It's great, come and k!ss me."

Without waiting for the little girl to move, she lowered her head and smiled and k!ssed her on the forehead, and then led her up, "Auntie will take you to dinner."

Someone happened to knock on the door.

"Please come in."

Mu Ming's handsome face stretched out, and when he saw them, he laughed and said, "Sister Miriam, are you going to eat?"

"I'm going." Miriam put on the little girl's coat and got up to look at him.

Mu Ming opened the door and walked in, "Need my help?"

Before Miriam could say anything, he had already walked up to Tian Tian. He was about 1.8 meters tall and was two heads taller than Tian Tian. He also forced a smile that he thought was very gentle, and said with a whimper. :  
"Little baby, let Uncle take you to eat, okay?"

Tian Tian looked at him without responding. Comparing with his expression, it could be described as indifference.

Mu Ming twitched his eyes in embarrassment, and continued to laugh and coax, "I am the uncle sitting outside. We have seen many times... Uncle won't hurt you."

Miriam was so sick of his goosebumps that she couldn't help but patted him, "Okay, I'm almost scared by your wretched look, don't talk about her."

"..."

Mu Ming pursed his lips and looked at her sadly, her fair and handsome appearance had the temperament of an idol star.

She said funny: "Let's go, let's go together, I'm almost starving to death."

In order to avoid the man in the morning, she just ate some casually under the company. Now she is really hungry.

The food intake of pregnant women is becoming more and more obvious. She can eat more than a man now. It is melancholy to think about it.

Mu Ming glanced at Tian Tian with a depressed expression, then stood up and followed them out.

Other staff of the department also followed them out one after another.

As soon as a group of people walked out, they heard someone shouting outside, "Which is Lu, Miriam?"

Everyone was taken aback.

Miriam was also in a daze. When he looked over, he saw a man in work clothes walking over with a large bag, “Hello, I’m looking for Miss Miriam?”

At the time of the meal, everyone rushed out, stopping to watch when passing by.

Miriam was speechless by everyone, and could only bite the bullet and step forward, “I am.”

“Oh, Miss Lu, this is the takeaway you ordered.”

The man passed the two large lunch boxes in his hand.

Miriam was dumbfounded, her expression was extremely daunting, “Takeaway? I...”

When did she order takeaway?

Seeing that she hadn’t picked it up, Mu Ming stepped forward to pick it up, and reacted very quickly, “You won’t be so busy that you have forgotten to order the takeaway?”

Miriam was taken aback, reacted instantly, and laughed, “Uh, I forgot...”

At the same time, someone around him exclaimed: “Sister Miriam, you...with Tian Tian, can you eat so much?”

“...”

You don’t have to think about who did it. Miriam really wanted to get the man over for a fight. Although she has increased her appetite now, she definitely can’t eat that much, but if you give them something, Well, this is obviously not

enough. It's the peak time for ordering meals. She just reorders temporarily, and she won't be able to deliver it for a while.

She stared at the two big bags in Mu Ming's hand, twitched the corners of her lips stiffly, and was thinking about answering quickly in her mind, when she heard a sound that was neither salty nor indifferent.

"It turned out to be Yunhan Tower's food."

Miriam lifted her eyes and saw Zheng Yun walking slowly, her eyes fixed on the bag in Mu Ming's hand.

Zheng Yun retracted his gaze and looked at her with a smile but a smile, "Yunhan Building does not order food online, unless it is ordered by their distinguished guests. Moreover, their lunch boxes and packaging are different. I think...it should be. What kind of friend ordered Manager Lu? This is not something ordinary people can afford."

Miriam's face changed.

The LOGO of the lunch box is displayed there, and she can't deny that it's not Yunhan Tower. Even if no one else has been, the name of the restaurant is a very high-end Chinese restaurant. She just said that she ordered it herself. To deny is a guilty conscience, but if she insists, she is a manager, it would be too extravagant to have a meal, maybe even the subordinates of her department will have to talk about it later.

"We ordered it."

Miriam hadn't thought about how to answer, a girl behind her suddenly stood up and said to Zheng Yun: "These are all booked by our department, and I haven't told the manager that she has been taking care of the children while not delaying. At work, I thought I passed out without eating well, so I planned to order something for her quietly."

As she said, she turned her eyes and blinked at her colleagues, then looked at Zheng Yun again and smiled, “Mr. Zheng, is it wrong for us to do this?”

Mu Ming raised the bag with both hands and smiled wickedly.”Manager Zheng probably hasn’t encountered this situation before. It seems that next time I should talk to my marketing department buddies to let them know that their managers are also very good. hard.”

Zheng Yun’s cold expression became a bit gloomy, and he scanned the group of people in front of him, and sneered coolly, “If you have time to spend your time and give up on your boss, it is better to think more about work.”

Cold eyes shot at Miriam, she then mocked, “Manager Lu is really capable, this small department is about to become you, I guess they won’t listen to Mr. Henry’s words, it’s like my department, it’s actually a bit disobedient. Do it against me.”

Everyone’s expressions changed, and suddenly they all silenced.

They are not fools. Talking at this time will only make it more difficult for their managers.

Miriam lay warm in her heart and was moved by the group of children. She was silent for a while. She glanced back and swept her lips, her voice was calm and calm, “Manager Zheng, if you want a horse to run, you have to give it to the horse. Children eat grass, and they can only work hard if they are kind to them. If you were so stern like you every day, people like me should have been scared away.”

“If you really think I have the ability, you can find a time next time, and I will teach Manager Zheng a good experience.”

Zheng Yun, “...”

After the woman left with a shit-eating expression, Miriam waved his hand to let everyone enter the house.

Closing the glass door, the girl who spoke just now patted her chest in fear, and said in shock: “I was really scared to death just now, god, that woman is really scary.”

Others smiled and praised, “It’s amazing, you are so quick to respond, I haven’t reacted yet.”

Mu Ming also admired and nodded, “Miss Sister, you just won a tough battle.”

The girl was embarrassed for her very good personality. Then, she looked at Miriam, “Sister Miriam, I actually thought that this meal might have been brought by Mr. Shao just now. I’m afraid you will be embarrassed. I didn’t think much about it... but I didn’t expect Manager Zheng to have such a rhetoric. If it gets to Mr. Henry’s ears, will it cause trouble to...?”

Miriam looked at their words and said, her heart was touched, but she also felt guilty.

Her pregnancy will eventually be exposed. They are helping her now, and they will know that they have been deceived from now on. I wonder if she will be blamed.

Her mood sank, she smiled and said gratefully: “I really thank you just now. I will pay attention to Mr. Henry. Don’t worry.”

## Chapter 178

As she said, remembering something, she waved her hand to Mu Ming, and said, “Let’s put it here. Let’s eat together. It may not be enough. Let’s go to the cafeteria and play a little bit. Tian Tian and I will definitely not be able to eat so much.”

Mu Ming immediately shook his head and frowned, “Well, you are really too tired recently and need nutrition. We can go to the cafeteria to eat.”

Only two of them could understand the deep meaning of the words, but Miriam still couldn't laugh or cry: “Nourishment is not supported. I can't eat so much when I die. It's a waste to look back.”

She waved to the other people again, urging: “Hurry up, go to dinner, I am waiting for you here, you are almost starving to death.”

A girl raised her eyebrows and joked, “That's not okay. If we let Mr. Shao know, would we not be able to eat?”

Miriam, “...”

She helped her forehead speechlessly, a little embarrassed, and a little helpless, “Then...I will call him now and let me know?”

If it weren't for so many people here, she really wanted to make a phone call and scold her, and deliberately mess with her, right?

“Hehe... okay!”

Everyone immediately looked at her with a gossip expression.

“...”

As a result, a group of people solved the two big stuffed meals in the department.

After the meal, enter the lunch break.

Miriam put Tian Tian to sleep on the sofa in the office, yawned, went back to sit in the office chair, and called Bryan.

“Hey.” She whispered, her eyes still looking across the window to the other side, although she couldn’t see clearly.

“Done? Doesn’t suit your appetite?” The man’s voice was gentle and pleasant.

Miriam raised her eyebrows, curled her lips and uttered two words, “Not enough.”

Didn’t he order food at the meal because her mother said she had a bad appetite?

Feeling that what she had guessed was almost the same, she curled her little mouth to express contempt, and she became more and more provocative.

Bryan also understood her meaning instantly, and laughed in a low voice, “Okay, then order more tomorrow, or else, go to the hotel at noon. Your subordinates should all want to see me.”

“ ... ”

The blue veins on Miriam’s forehead jumped.

Squeezing the phone, she gritted her teeth slightly, “Bryan, do you have to make everyone known? Do you know that it will cause me a lot of trouble?”

The man’s tone has not changed, “I only care about your physical condition now. Also, if you have time to take care of other people’s children, don’t you think about your own condition? It’s been more than four months. You are not afraid, I want to I always worry about it, even the slightest accident, I don’t want it to appear.”

Miriam opened her mouth, but she couldn't speak, her mind was serious.

She always knew what she was competing with him, but she didn't want to compromise easily.

She closed her eyes and pressed her temples lightly, her voice softened a little, "I will go downstairs to eat by myself in the future. You don't have to bother to order it for me, and also order Yunhan Tower. You are afraid that others will not know the takeaway is. Did you order it?"

Just their President Henry did not dare to eat Yunhan Tower every day.

I thought he would admit his mistake or explain, which one, he just gave a faint sigh, understatement, "I will pay attention next time."

"..."

Pay attention to the fart, nothing in his words is true, she doesn't believe it. Lifting her eyes, she caught a glimpse of Tian Tian who was asleep. She moved her eyes and asked: "By the way, the expert friend you mentioned earlier, if it is convenient, can you give me his contact information now?"

The man faintly said, "I didn't tell you, you tell him first, if he agrees, let him come to me."

Miriam frowned, "Is there a difference?"

The man's tone was very weak, "You don't have to say, I think you take care of her and take care of it quite happy."

Miriam, "..."

Why does it sound sour?

Rolling her eyelids, she said without any warmth: "I'm dead."

"Ok."

Miriam cut the call and dialed southeast without hesitation.

After persuading for a while, the man agreed. Although he didn't know what he would talk to Bryan later, he went to Lujia to pick up Tiantian the next morning.

In the apartment, Miriam looked at the child returning to him with some dismay, "Sorry, brother, I haven't seen much effect these days."

Although reluctant to give up, but also for the sake of the child, he is willing to try again, she naturally looks forward to it.

The man is probably going out, dressed in a very formal, simple suit, warm and handsome, with a warm smile as always, "I should apologize for giving you so much trouble these days, it was not done overnight, we Don't be too impatient."

"Yeah." Miriam nodded, then looked at him and asked, "Then you are going to go now?"

"Well, I have already made an appointment with the doctor." The man bent over to pick up the child and smiled faintly."However, the doctor is abroad and I have to take a few days off. I may not be able to contact you for the time being."

"Foreign?" Miriam was a little surprised.

Is that friend Bryan abroad? He never mentioned it to her.

Xiang Dongnan nodded, stroked his daughter's head, and smiled gently, "No matter what, I have to try this time. Even if I don't trust the doctor, I will show Mr. Shao some face and take a trip."

Miriam's expression changed slightly, and she quickly smiled brightly, pinching Tian Tian's soft face, and saying in a low voice: "You don't need to care about him too much, concentrate on treating your child."

Xiang Dongnan's calm gaze fell on her slap-sized face, her eyes dimmed a bit, a little lost, and some indescribable emotions were mixed.

He was suddenly jealous of the man.

He clearly understands that his feelings for her, from the calm and liking at the beginning, to the enthusiasm and impulsivity, have been fundamentally different, and they have long been beyond his control, but they have become just him, she Perhaps it hasn't been shaken from beginning to end.

But he didn't say anything, he just looked at her quietly.

Miriam is not sensitive, but she can still feel his gaze. Since the last time she confessed, she has relaxed, but she doesn't know how he is. She can always feel this when she stays with him. Kind of attention all the time.

She is very heavy and feels guilty. She owes him a lot and always wants to help, but apart from Tian Tian, he probably has no problems that he can't solve.

Bryan, who came up from an unknown time, caught a glimpse of this scene from the open door. He only felt that it was quite an eyesore. He lightly stabbed his heart and made a lukewarm voice, "Mr. Xiang didn't catch the plane?"

Miriam was taken aback, subconsciously stepped back and looked at him, “Why are you here?”

Without looking at her, Bryan walked into the house with long legs and said in a low voice, “I have something to explain to Mr. Xiang. You go and clean it up. I will send you to the company later.”

“...”

Miriam instinctively wanted to open her mouth to refuse, but she still held back the words when she talked. It was enough if the two of them were arguing, and the embarrassing thing was fine.

Glancing at him, she turned back to the bedroom.

## Chapter 179

Xiang Dongnan looked back from Miriam and looked at the man, smiling slightly, “What else does Mr. Shao want to explain?”

Bryan handed him the piece of paper in his hand, “I have found a place to live there, and someone will pick you up when I get off the plane. This is a phone call.”

Xiang Dongnan laughed out loud, and slapped his big palm on the child in his arms, “I take my heart to Mr. Shao’s kindness. I still have the money to stay in the hotel. You have already waived the doctor’s consultation fee. I owe you a lot of favor. After returning to China, I will definitely come to visit.”

The man glanced at the direction of the bedroom, the posture of his hand out did not change, and he smiled slightly, “You understand that I am not trying to help you. I will do this whether you accept it or not.”

His eyes flashed towards the southeast, and the smile on his lips suddenly deepened. He shook his head and took it. "President Shao is really hardworking. If I don't stand in this position, I definitely hope you can succeed."

Bryan smiled quietly.

Miriam packed up and walked southeastward, she frowned a little displeased, "Why didn't you call me when he left?"

The man glanced at her indifferently, turned around and walked out, "Didn't you get tired of it just now? It's not that you won't come back."

"..."

Miriam stared at his back, why is it crooked? Will you use words?

Go to Father Lu's room and talk to Mother Lu, and she also goes out.

Downstairs, she stared at the car that was not low-key in front of her, frowned, and suddenly asked the man, "When will you return to Jincheng?"

Is he busy? It has been a few days since I came back, and there is no sign of going back.

"Tomorrow." The man opened the passenger car door and looked at her blankly.

"..." Miriam choked and had nothing to say.

Okay, this time.

She gritted her teeth, went around the front of the car and got into the car.

But this time, until she was near the company, the man ignored her and didn't even say a word on the way.

Miriam somehow felt that he was angry, but couldn't figure out why he was angry. Her expression was a bit wrong when she entered the door just now.

Of course, she wouldn't take the initiative to provoke him at this time, but a man's car was about to drive between the two buildings. Her expression changed drastically and she said loudly, "Stop, stop, hurry. Stop, I will get off here."

The man's expressionless face turned in a gloomy direction, but he still stepped on the brake.

There is no other feeling, only a heavy suffocation.

Miriam also obviously felt a slight change in the atmosphere in the car, took a careful look at him, and said nonchalantly, "Um...I got off the car, thank you for sending me over."

Unfastening the seat belt, she was about to push the door when she got up, and suddenly a force appeared from her waist to pull her back.

It's not light or heavy, and it won't fall, but it still surprises the woman.

Before she could react, the back of her head was grabbed, and her mouth was immediately blocked by a wave of warmth.

Miriam, "..."

It can't be counted as a kiss, it's neither gentle nor rough, but it's sure he is biting her.

There is a feeling of venting anger.

Sure enough, he was still angry, but for no reason.

In the small space, Miriam ran into herself and didn't struggle. She frowned and shook her head in dissatisfaction until she felt the slightest pain.

Bryan still let go of her, no anger could be seen on her handsome face, as if nothing happened just now, but there was not much warmth.

He just glanced at her torn, red and swollen lips, and when she arranged her clothes, he uttered in a low voice, "Get out of the car."

"..."

I was so angry that I wanted to smoke him. , But too late to be embarrassed, Miriam pushed the door and got out of the car. The sound of closing the door heavily indicated her anger at this time.

Bastard!

The swollen lips were hit by someone from the company. Miriam smiled awkwardly and didn't explain. She rushed to the bathroom to put on makeup, but because of the swelling, she also used lipstick on the obvious bulge. Can't cover up.

Retouching back and forth in the mirror, I hated the man in my heart.

In the end, she could only press her lips and walk towards the office with a straight face. As a result, people passing by saw her look bad and didn't dare to step forward to say hello.

Passing by the elevator, the elevator door just opened, and the person who came out bumped into her and smiled suddenly, “Yo, Manager Lu, what a coincidence, did you meet Mr. Shao again on the road today?”

Miriam’s heart sank slightly, Zheng Yun!

The front and rear feet came in, if she bumped into something, it was indeed possible.

But she may also be just a test.

Miriam just smiled at her, nodded, and left without answering at all.

She hasn’t forgotten the wound on her lips. She can’t be seen by anyone, otherwise the fake can be said to be true, and the real can be made into a novel.

Zheng Yun was dumbfounded for a few seconds, then watched her pass in front of him, without stopping, as he reacted, a strong sense of humiliation flooded his body, and his pretty face was directly green with anger.

Bitch!

Who does she think she is!

...

After Bryan left, Yan Ke sent her to work for several days. He kept the car far away and didn’t talk to her, making Miriam want to find fault and drive him away. Can only give up.

“Sister Miriam, there is a lady looking for you outside.” Xiao Zhang knocked on the door and came in.

lady?

Miriam raised her head from behind the pile of documents and frowned. After guessing something, her eyes changed slightly and she nodded in response, "I see. Go ahead."

After speaking, closing the documents in her hand, she got up and went out.

It seems that I have to meet this time.

In the company's service hall, she saw the lady sitting on a chair from a distance. She was graceful and luxurious. Although her appearance was old, her makeup was meticulous, and her hairstyle was neat and tidy.

Probably seeing her identity is not simple, the front desk did not dare to neglect, even the water was passed to her, but when she saw Miriam coming, she waved her hand and refused, stood up and walked a few steps forward, and her eyes looked like scanning. The instrument swept Miriam from top to bottom several times, and finally landed on her lower abdomen, which was covered by her coat.

"Madam." Miriam's expression was faint, but there was no rude attitude.

After all, she was someone who had seen various scenes. Mother Shao hid her expression well and smiled at her faintly, "Is there time? I booked a seat in the cafe downstairs and want to talk to you."

Miriam curled her lips, "I said you don't have time, will you leave?"

"Yes, but I will come tomorrow." Mother Shao raised her eyebrows and said without a tone.

Miriam pursed her lower lip, did not say much, and stepped out, "Let's go."

Shao mother stared at her fast-moving long legs, frowned her eyebrows, her eyes flashed with dissatisfaction, and after a quick step to catch up, she whispered, “Do you know that you are a pregnant woman now? Be careful, slowly, what if you fall?”

In case it is really her grandson, she must be heartbroken to death.

## Chapter 180

“Is it fast?” Her normal speed is like this. If it suddenly crawls like a tortoise, it will be a fool if others can’t see the tricky.

The high efficiency and high speed that she has honed in a few years can not be changed in a moment. She also changed her flat shoes only after her heart.

Mother Shao was choked, she got stuck in her throat, frowned and stopped talking, her face was very ugly.

Taking the elevator downstairs, the two went to the cafe next to them.

Miriam waited for her to sit down, then she pulled the opposite chair and sat down, with her hands folded on the table, with a faint expression, “What do you want to talk about? I don’t have much time, and there is still a lot of work to do.”

Shao’s mother suddenly became a little angry.

Even if she is not a mother-in-law now, as an elder, is she so rude?

Sure enough, it was the uncultivated girl.

But she is here to ask about business, and she is still not in the mood to compete with her, even if she is dissatisfied, she does not show it.

A trace of disgust flashed in her eyes, and she whispered: "You are a wise man, knowing the purpose of my coming to you."

"Hello, what do you want to drink..."

The waiter came up, and before she finished speaking, she was waved back by Shao's mother, but she still stared at Miriam. She was in an anxious mood and didn't want to be interrupted.

Miriam turned to look at the waiter, and smiled politely, "A cup of latte with sugar, a cup of white water, thank you."

"Okay, you two wait a minute."

Miriam turned her gaze to look at the woman without rushing, and gently curled her lips, "Why didn't you come to me when he was in City Two?"

Mother Shao twisted her eyebrows, obviously a little impatient, "I don't want to say more about other things, Miriam, I only care about whether the child in your stomach is Achen's or not. He is like his dad, with a sense of responsibility. Man, he is lacking in women's affairs. He is fooled by you, but I am not that foolish, boy, is it his?"

Miriam seemed to have paid no attention to what she said, and said to herself, "He probably told you not to come to me. Are you afraid of him getting angry? He probably told you that this child belongs to him, you don't believe me. , What can you prove by running over?"

Shao's mother sneered, "I'm his mother, can he break off relationship with me if he is angry? But you, I will never allow two unidentified children whose surname is Shao, I ran over, just want you to go with me The hospital will do

an examination. If I confirm the identity of the child, I can meet all your requirements except for remarriage.”

“ ... ”

Meet all her requirements?

Miriam suddenly wanted to laugh. Why is this rich man like an idol drama? Although she didn't doubt her promise at all.

She pulled her lips and smiled, her attitude is always polite, “Examination is now impossible. I don't have time to go to the hospital. As for the identity of the child, if you believe your son, then they are named Shao. If you don't believe me, I There is nothing to say, and I don't need anything from you.”

“you!”

She simply refused, making Shao Mu's face very ugly, and anger began to flow up, gritting her teeth, and speaking even more awkwardly, “Miriam, don't know what's good or bad, while pestering Achen, you are here again. I pretend to be high-minded, do you treat me as a decoration?”

Why didn't she find this woman so hypocritical before?

The waiter brought the coffee up, Miriam looked at the water in the cup in front of him and licked his lips, the smile on her face gradually became cooler, “Mrs. Shao, do I want to emphasize that I did not pester your son? After the divorce, he was the one who wanted to be his father. You can't control him, just start from me, right?”

“Also, our family has nothing to do with the Shao family now. If you want to harass me too, sorry, then I can only call the police.”

“You...you, you!” Mother Shao was startled by her warning, her eyes widened, and she was speechless when she pointed at her.

Call the police?

She dare to call the police?

Miriam knew that she had asthma, and didn't want to say too much, so she stopped when she clicked, and then stood up, exhaled, pursed her lips and smiled, “Mrs. Shao, the company doesn't know about my pregnancy, and I hope you stay quiet. If I lose my job because of this, your son will really support me.”

“Okay, I have already said what I should say, there is still something to be busy, please, goodbye.”

After that, she nodded, her expression was calm, and she walked out.

Mother Shao sat there, panting for breath, her expression gloomy, her fingers tightly pinching the jade bracelet on her wrist.

This damn girl.

She really didn't expect that she would run into a wall. This girl didn't give her any face. It seems that all those well-behaved and filial appearances were pretending to be.

This recognition also made Shao mother more certain that the child in her stomach was not Bryan's.

Leaving the cafe, Miriam slowly loosened her tight fingers, and walked towards the company without any change on her pretty white face, but she could still feel her breathe out when she looked closely.

If Shao's mother really asked someone to take her to the hospital for an examination just now, she really didn't know what to do, and there might be a trouble that everyone in the company knew.

But before she took a few steps, she saw a familiar figure dangling in front of her eyes, startled, and subconsciously shouted, "Mr. Yan."

The man didn't seem to plan to meet her, but he didn't expect her to speak out, so he stopped, walked over, nodded, "Miss Lu."

"What are you doing here?"

Yan Ke looked up at the café in the distance, and the meaning was self-evident.

Miriam understood immediately, he didn't think that Shao's mother would do anything to her, did he leave without worry when she saw her okay?

Pursing her lower lip, she whispered: "I'm fine, don't tell him about this."

I haven't seen such a competent bodyguard in these years. How much does the man pay him?

Yan Ke hesitated, "I..."

Miriam immediately threatened, "If you still want to stay by my side and get your salary, just listen to me, otherwise I will drive Bryan away tomorrow."

Yan Ke glanced at her, "President Shao has hired me for a year and the expenses have been paid in one lump sum."

"..."

Miriam looked at him coldly, feeling the pain of an egg, and then left without saying a word.

...

A few more days later, Bryan was unable to return to City Two because he was going abroad for a temporary business trip, so he called Miriam specifically.

Although the woman pretended not to take it to heart, she was a little bit disappointed when she saw everyone accompanied by her husband when she signed up for the pregnant women training class on the weekend.

Kristy was curious to help her browse through all the courses, laughing and teasing, "You finally feel a little conscious of a pregnant mother. You should have come to this training class long ago."

Miriam rolled her eyes and curled her lips uninterestedly, "How can I have time."
