Let Me be Your Ex Chapter 221- 230

Chapter 221

“It’s great.” Miriam caressed Fu Tiantian’s soft face affectionately, her delighted expression beyond words.

The little girl seemed to be infected by her, her red face was even more brilliant, and she held her hand.

“Brother, let’s go to my house first, I let my mother cook dinner, you should all be hungry.” Miriam smiled.

“okay.”

The three of them walked outside, Miriam was about to stop a taxi when a black car suddenly stopped in front of them.

Immediately afterwards, the driver walked down and walked to the two of them respectfully and said, “Miss Lu, Mr. Xiang, President Shao sent me to pick you up.”

Miriam’s face changed slightly.

Bryan?

Why is he so boring.

Thinking of what he said before, he said he regards his seniors as rivals in love. Regardless of true or false, the atmosphere of the two people meeting is always a little weird.

Miriam hesitated, but refused aloud, “No trouble, we can stop the car ourselves.”

The driver frowned, a little embarrassed, “Miss Lu...”

“Miriam, get in the car, since it is Mr. Shao’s kindness, I can’t refuse, and I can save a lot of taxi fare.” Xiang Dongnan smiled slightly.

The driver’s eyes lit up and he took the initiative to open the door.

Miriam had nothing to say, gritted her teeth and bent down and got into the car.

She regrets now that she shouldn’t have answered the phone in front of the man last night, otherwise he wouldn’t know that she was coming to the airport today.

The look of this little family really embarrassed her in front of her brother.

Closing the car door, Miriam smiled awkwardly towards the southeast, “Brother, sorry, I didn’t expect him to send someone.”

Xiang Dongnan looked at her bewildered expression and smiled meaninglessly, “No need to apologize, Mr. Shao probably wouldn’t have seen you toss like this and love your body. I knew you were such a person, and I didn’t I will agree with you to take a trip.”

Miriam pulled her lips and blurted out unconsciously: “I’m fine. I’m just idle at home, and it’s not bad to go out for a walk.”

Xiang Southeast's expression suddenly condensed, "Idle at home?"

With a heartbeat, Miriam suddenly realized that she had missed her mouth. She closed her mouth and quickly explained, "Uh...I mean..."

"Have you resigned?" Before Xiang Nan waited for her to explain, he stared at her and asked lightly.

She has never been relying on anyone, but work. Resignation means that her mentality has changed. What can make her suddenly change?

During the week he left, a lot of things seemed to have happened.

With a move to the southeast eyebrows, melancholy crossed his eyes.

Miriam shook her head without even thinking about it, her tone a little heavy, "I didn't resign, but...something happened. I'll talk to you again when I go back."

"Yeah." The man respected her and didn't ask any more.

After the car drove for a while, Miriam remembered something. He tilted his head and looked at the driver in front of him and said, "Do you know where I live?"

The driver was taken aback, a little dazed, and said, "Mr. Shao asked me to take you to the hotel. He said he ordered dinner for Mr. Xiang to pick up the dust."

Miriam, "..."

After a few seconds of silence, she still said in harmony and kindness: “I will call him back. You should send us back to where we live, Jinglinwan community, thank you.”

driver,”.....”

The driver also struggled for a few seconds and looked at her through the rearview mirror, “I’m sorry, Miss Lu, Mr. Shao told me that I must take you there, or you should go to dinner first, and I’ll take you back when I look back.”

Miriam bit her lip, her expression sinking, if she hadn’t been there, she would definitely want to curse.

After that, she took out her mobile phone and was about to make a call on the man, but was blocked by an arm that suddenly stretched out.

Xiang Dongnan smiled, “President Shao is so hard-working, so don’t refuse. I just want to thank him in person. I won’t see him today, and I will invite him another day.”

“You don’t need to pay attention to him.” Miriam frowned, her face a little bit bad.

Bryan came to this trick because he grasped the mentality that Xiang Dongdong would not refuse.

She just came over to pick up the plane today. If the two of them didn’t get divorced, she thought it was her husband who was going to catch the rape in bed.

When did he become so naive?

A trace of irritation appeared in Miriam’s heart.

Xiang Southeast looked at her deeply, smiling without saying a word.

The car quickly arrived at the hotel, Miriam got out of the car, her brows kept frowning.

Xiang Dongnan hugged the child and got out of the car. He probably saw her troubles. He reached out and patted her on the shoulder, and said warmly: "You call my aunt and let her not prepare so many dinners, eh? I went in first."

Miriam looked at him, but nodded, "Yes."

After the phone call, Miriam walked into the hotel, but had not found the private room, but ran into Bryan first.

To be precise, it was not a bump, but the man seemed to be sure that she would take that road, standing in the corridor waiting for her, with handsome eyes and a quiet look like the whole body was plated with light, which made people palpitation.

Miriam didn't feel like a nymphomaniac, walked over, chilled a pretty face, and looked up at him, "Who told you to send someone to the airport? What dinner are you ordering now, what are you doing?"

"Can't you see it? Invite him to eat and catch him the wind." The man waited for her to walk in front of him and took the person into his arms, speaking softly and plainly.

"Shit! It's not your turn to please, don't think I don't know your broken thoughts, a villain's heart." Miriam cursed bitterly.

The man raised his fingers and stroked her cheeks. He couldn't see the irritation, and he whispered: "How generous do you expect me to be with my

love rival. Besides, I'll find a doctor for him and invite him to dinner. Isn't it generous? "

Miriam was speechless, just looking at him with incredibly suspicious eyes.

Is he really so kind to find a doctor for him?

The man bowed his head and kissed her on the cheek, took two steps back before she became angry, took her hand and walked in, "Go, don't let him wait too long."

"You let go of my hand...I will go." She was still not used to pulling him in front of outsiders.

"Anyone who can fall on foot, don't hold you, I'm not relieved." The man replied quietly, and the small hand holding her tightly tightened.

"..." Miriam's face was embarrassed. He even dared to mention the rain. If he hadn't called her suddenly, could she slip?

In the private room, looking to the southeast when the two came back holding hands, they didn't seem surprised at all. Tian Tian stood up on the chair with one hand and smiled faintly, "Mr. Shao."

"Sit down, no outsiders, you are welcome."

Bryan smiled lightly, and set Miriam to sit down before he took the seat.

He looked at the cute little girl aside, "Mr. Xiang should have gained a lot from this trip."

“Thank you too much.” Xiang Dongnan looked serious, thanking him from the bottom of my heart.

Chapter 222

“Thank you, Mr. Shao.” Xiang Southeast looked at him seriously.

No matter what his thoughts are, he is indeed his biggest wish.

He chuckled his lips and smiled, “Even if I invite this tonight, Mr. Shao, don’t be polite with me.”

Bryan smiled faintly on her face, “You can make an appointment another day, and Miriam and I will celebrate for you tonight.”

Miriam’s expression changed, and she looked at him extremely quickly, her eyes showing danger.

What is he doing?

Come here to swear sovereignty? How would he face her brother in the future like this?

Bryan naturally felt her glaring, lowered his eyes and smiled, “This event is worth celebrating. Are you not happy for him?”

Xiang Dongnan smiled briskly, “It’s time to celebrate. If I get drunk for a while, I hope Shao can always find someone to take me home.”

Miriam turned her eyes to look over, her expression showing a trace of embarrassment and apology.

Bryan's Yu Guang just caught a glimpse, and his eyes deepened. To be honest, he didn't like Miriam's always sorry look towards Southeast. These always reminded him that if he hadn't been entangled in the rogue recently, she probably Because of this kind of psychology, I have come to the southeast.

This feeling is like a thorn stuck in my heart, not very painful, but always there.

He gently curled his lips, "Mr. Xiang doesn't have to worry about it. It's not necessary to get drunk, just feel free to do it."

After all, he waved his hand to let the waiter beside him serve.

Soon, one after another dishes came up.

Miriam suffocated his anger, unable to get angry, and twisted his hand under the table against the muscles of his waist.

The man was just startled, his expression could not change, he turned his eyes to look at her slightly, his dark eyes were stained with a smile.

The waiter left one after another. Bryan felt the little woman's increasing hand strength, and felt helpless. If he continued, the piece would turn blue if it was not red.

With a smile in her eyes, under the table, her big palm gently covered her small hand, gently wrapped and kneaded.

Miriam's face was hot, she pulled her hand back suddenly, bit her lip and stared at him slightly.

Xiang Southeast, who was sitting opposite, didn't seem to see the small movements of the two in secret, and was lowering his head to play with the beautiful napkins stacked on the plate with the little girl.

Miriam had a fire in her heart. She didn't want to take care of the man. She pulled the chair next to her and sat between the two, then smiled and hooked her finger at Tian Tian, "Tian Tian, come here, Auntie feed you."

He touched the little girl's head to the southeast, and gently confessed, "Go, but don't hit the auntie."

Tian Tian nodded, climbed off the chair, ran to her side, smiled sheepishly, and climbed onto the chair next to Miriam.

A series of cute actions turned Miriam into cuteness, and the unhappiness in her heart was wiped out. The chairs were pulled together and the child was in her arms. She said lightly: "You two drink, don't worry about us, I'm hungry, I Eat first."

Bryan looked at her, didn't say anything, raised the cup to the southeast, "Don't force it, just feel free."

Xiang Dongnan smiled politely, and touched him with a toast, "This cup, I thank Mr. Shao for finding such a good doctor for me."

He raised his head and finished drinking in one sigh, put down the cup, and the waiter next to him quickly resumed it.

Lifting it for the second time, he smiled unchanged and said: "This cup, I thank Mr. Shao for coming to pick me up during his busy schedule."

During the third cup, Miriam, who had been watching her frowning, couldn't help but stop him, pretending to be a joke: "Brother, although this wine is

delicious, you don't need to drink it as water. Just relax. , Turned around and got drunk, but no one took care of Tian Tian.”

After that, she glared at Bryan while taking advantage of the time to make him restrain.

This guy is too much.

Xiang Dongnan smiled warmly at her, “It's not easy to have a drink with Mr. Shao, and three cups are not enough to get drunk.”

“Manager Shao, cheers!”

Bryan raised his eyebrows, touched them lightly, and said quietly: “This cup is mine.”

He didn't explain, he just glanced at Miriam and drank muffledly.

Xiang Southeast's eyes flashed, and he put the cup down, then turned to look at Miriam, “Did you have something wrong with the company? Why did you suddenly resign? Do you need my help?”

“It's nothing big, it's just a temporary suspension.” Miriam lowered her head to feed Tian Tian, and smiled casually, “I'm working on it. If I can't solve it, I will ask you for help. After all, you still understand legal matters better than me.”

Nodding to the southeast, “Also.”

Bryan put down the empty cup, his face was calm, and his voice seemed to be smiling, “He is so busy and has to take care of the children, so don't bother him with such trivial things. Isn't your dad at home? He should compare legal matters. proficient.”

“ ... ”

Miriam looked at him with sparks in her eyes, and she bit out, “Yes, don’t you say that I almost forgot that my dad was a judge.”

Bastard! Always tear down her desk.

Must make the atmosphere so embarrassing.

“After pregnancy, your memory is not one or two points. When you go out, you still need someone to watch.” The man smiled low and looked at her with a gentle look in his eyes and a serious tone.

The opposite person glanced at the two of them southeast, their expressions did not change, and their eyes were deeply silent.

“Not necessary for the time being.” Miriam curled her lips and fed the baby unhurriedly.

A meal is not long or short, but it is quiet. Although Miriam is embarrassed, she can’t help it. She can only say sorry to her brother.

After the meal, because they drank alcohol, the two handsome faces were stained a little red, and they were both drunk, but they could still be heard from the speech, and they were not too drunk.

It was getting dark, and Bryan asked Lin Shui to drive the father and daughter Xiang Dongnan home.

At the beginning of the Hua Deng, people came and went on the road, but the temperature was a bit cold, and the night breeze came with some coldness of early winter.

The two stood at the entrance of the hotel. Bryan took off the long windbreaker outside and wrapped it around her, whispering: "I'll stop the car."

Miriam suddenly turned to look at him, expressionless, "Bryan, you are a bit too much tonight. Brother, he didn't do anything, why are you humiliating him so much?"

Yes, it is humiliation, knowing that she will not favor anyone, but still swearing sovereignty before him.

The man looked down at her, his thin lips pursed in an unpleasant arc, and his voice was cold, "You are afraid that he is sad and you don't want to say too straight, but he has been a lawyer for so many years, not as glassy as you think, I just I want him to see clearly, but he always thinks about it."

"You." Miriam was anxious.

The man rubbed her hair and smiled lazily, "I know you are soft-hearted, but I should have more experience in rejecting suitors."

"..."

Miriam's face turned black, and he slapped his hand away, sneered, "You have more experience than me. It's not just rejection, there should be a lot of tricks."

Bryan was taken in a rare stun, and he didn't seem to expect that she would suddenly turn her face, but after another thought, she guessed why she was angry, and her mood was immediately relieved.

The corners of his lips bend, he hurriedly chased her, clasped her wrist and pulled the person into his arms, hugging tightly, and said softly: "I want to take a taxi to the side of the road, what are you going to do?"

Miriam pushed him, twisted her eyebrows, and said with a grimace: "Who said I'm going to take a taxi? I'm going to take the bus. You should go back by yourself."

She didn't want to take the bus right after eating, but she was not in the mood to hang out with him. Of course, taking the bus was the best way, and at this point, there were not many people on the bus.

"Okay, then I'll be with you." The man nodded without hesitation, his tone was still gentle, and he walked towards the platform with his arms around her.

Miriam frowned, showing a trace of impatience on her face, "Bryan!"

"Miriam, no matter how you go back, you know that I can't leave you behind." Compared with her, the man seems to be extremely patient, and it seems that no matter how angry she is, she will always look as warm as water.

Indeed, in any respect, he could not leave her behind.

Miriam stopped talking, looked at him quietly for a second, and continued to walk forward.

The nearest bus station is more than eight o'clock in the evening, not early or late, and there are many people waiting for the bus.

Bryan always kept her in his arms, neither speaking nor letting go.

The shuttle bus came, and Miriam took out a coin from her arms. Before the wallet was confiscated, she listened to the warm breath of the man spraying in her ears, "I didn't bring a coin, you can throw one for me."

"..."

Miriam twitched the corner of her mouth, still silent, but still took a few more coins from her bag.

It's not that she didn't bring the coins, but Bryan was afraid that she would run away when she let go.

It was only a dollar, and Miriam certainly wouldn't look at it. After putting a coin in the car, he realized that all the seats were just full, so there were two of them.

It's somewhat awkward to stand in the middle.

Suddenly a girl stood up and said with a blushing face: "Handsome man, sit here, I will get off a few stops."

Miriam glanced at the man, as if she was saying, let's go sit down. She stretched out her hand to grab the handle, but she was hugged by the man before she caught it. She clasped her waist tightly, and whispered against her. Hold me tight."

Bryan held the handle with one hand and looked back at the girl and said lightly, "Thank you, but no need."

There was more than one girl, and the other girls were eager to try, but after seeing him put the woman beside him in his arms, they were all lost again.

Afraid of being laughed at, Miriam just wanted to raise her head, the car braked and shook, she ran into the man's arms again, subconsciously hugged his waist, her body pressed tightly, her mouth and nose were all his. The breath is reassuring.

"Hold tight." A smile appeared in Bryan's eyes, one hand clasped her waist, and seemed to enjoy being held by her.

The crowded bus seems good too.

Miriam felt annoyed when she noticed something, and twisted the muscles around his waist accurately.

This time it was really hard. The man took a silent breath, lowered his head against her ear, lifted his lips and bit it, hoarse: "It seems that you are planning to go back and give me medicine later."

Miriam's nerves, which were sensitive and irritating to ears, were stung, her body trembled slightly, and she quickly let go of her hand.

She gritted her teeth muffledly: "So many people are watching, can you restrain me a little?"

What a shame.

The man kissed her on the ear, and smiled, "You can't stand, I have to hold it naturally. Should they close their eyes if they don't look?"

The people in the car just watched the two of them embracing each other, Miriam's small body was almost completely embraced by him. It was not indecent, but it was too sweet. The girls who looked at Miriam Jealous.

Miriam blushed, afraid of seeing other people's eyes, so she buried her face in his chest.

Hypocritical, who said she could not stand.

Although he was satisfied, he couldn't let her stand all the way because of this. After two stops, someone got off the car, and two places were left behind. Bryan led her to the back and sat down.

Lian Ren took the jacket into his arms, and he rubbed her forehead with his chin, and calmly said, "Are you still angry?"

Miriam was tired, closed her eyes and was resting. Suddenly heard what he said, she was silent for two seconds and sneered slightly, "You never discuss things with me, and whether I am angry?"

Bryan said in a moody voice, "You also know that you have nothing to think about him, and now you still want to be angry with me for him?"

Miriam didn't speak for a while, closed her eyes and leaned her head on his shoulder. For a long while, her low and vague voice was a little vague, "You were right before, brother helped me too many times, I don't want to look at him sad."

That kind of guilt is heavy.

Bryan said coolly, "He is an adult and he was divorced. You don't need to say it directly to understand this kind of thing. If he was sad, he should have been sad."

Miriam has nothing to say, is she still expecting to hear the appreciation of her love rival from him?

This stingy man will probably never be possible.

Staggering and fascinated, I don't know how long it took before the car stopped at the nearest platform outside the community.

Miriam yawned and got out of the car, too sleepy.

Bryan looked distressed, "I'll take you back, hurry up and go to sleep."

"It's all in the community, you can go back, I can just walk by myself."

"Are you sure you won't fall asleep in the elevator?" Bryan sneered slightly, put one hand around her waist, and suddenly bent over and hugged the person.

Miriam instinctively held his neck upstairs, squinted softly and said, "I am sleepy, but how can it be so exaggerated as you said?"

The man looked at her weak appearance and couldn't help kissing her face, "Well, indeed, if this is the case, I will just hold you there."

I was so cute when I fell asleep.

Miriam felt ashamed and reached out and patted him on the shoulder, "Where there is so much nonsense, take me up quickly, I'm so sleepy."

He got on the elevator and walked all the way to the door of the apartment. Miriam said before he rang the doorbell, "Let me down."

If her mother were to see such a scene, would she faint with fright?

Bryan also had no ink marks, so she gently put her down and said, "Go to bed early."

"Well, you go back."

The man wanted to say something and was interrupted by the vibration of the phone on his body. He took out the phone and glanced at him. He reached out and raised her chin and kissed her lips, "Well, then I'm going back."

The phone was still vibrating. After speaking, he pressed to connect, put the phone to his ear, and turned away.

Chapter 224

"Say." The voice was much colder than Miriam was just now, and she casually pressed the elevator button.

Lin Shui solemnly said: "Ms. Fu just asked me for evidence that Han Yang swallowed the private money, and said that she would sort out the company's accounts."

Bryan's mouth curled slightly, with a slight sneer: "Since she wants it, then you give her the best."

The last three words were obviously aggravated, and Lin Shui immediately understood what he meant after following Bryan for so long.

“I see, President Shao, do you have to do anything else?” Lin Shui continued to ask.

“Be optimistic about the actions of everyone in the Fu family, especially those over there.” His eyes darkened, and he hung up.

There are too many deceitful things in the shopping malls. I haven't seen such tricks. However, the people behind Miriam's unemployment cannot be ignored. Obviously, it was directed at her.

Thinking of this, my heart softened again. Turning on the phone, Miriam's face took up the entire screen.

When this photo was taken, her whole body was buried in the quilt, only her small and exquisite cheeks were exposed, her mouth was open, and she slept like a doll.

If she hadn't deliberately avoided herself every day, she wouldn't be able to secretly take pictures as a screensaver. When she missed her, she could only take a look to relieve depression and take her home as soon as possible.

After a meal of Daoguangjiaying that day, Xiang Dongnan never looked for Miriam again. When she remembered that she hadn't seen Tian Tian for a long time, several days passed.

“I recently enrolled her for a painting class, and she seems to like it. Maybe there is no time to pass.” Xiang Dongnan was still gentle and gentle as always, and he said tactfully when he refused.

But Miriam was still very happy after hearing it, and said joyfully, “Really? Can she communicate with the children?”

Xiang Dongnan gave a low laugh: “How can it be so fast, but it’s not so repulsive, but it’s good to be able to do this, take it slow.”

Miriam also encouraged: “Well, Tian Tian is so brave, she will definitely...”

Suddenly, there was a “crack” from the phone, and then he yelled “Tian Tian” to the southeast, and his voice changed completely.

Miriam ‘cocked’ in her heart, and there was no echo on the other side.

Miriam quickly stood up from the sofa and yelled to Mother Lu twice.

“What’s wrong? What’s wrong?” Mother Lu came out of the kitchen in a panic.

“It’s not me, Mom, Tian Tian seems to have something wrong, I have to go and see!” He had already begun to change shoes while talking.

Mother Lu quickly wiped her hands and said, “Then I’ll go with you, I can’t worry about you!”

Bryan stood outside the door calmly and calmly. This has been the case for the past few days. It is estimated that Miriam appeared on time when he got up.

Seeing Miriam put on her shoes, she still looked anxious, reached out her hand to support her, and asked in a deep voice, "What happened?"

"Something happened to Tian Tian, I'll go see it now."

Bryan was silent, and said quickly: "I will send you there, don't worry."

"You still have to go to work. I'll go and see it myself, maybe it's nothing big." Miriam blinked, trying to calm down as much as possible, saying that she can.

Bryan didn't listen at all, and took the bag from her directly, holding her wrist, and then bid farewell to Lu Mu.

After going out, Miriam insisted: "You don't need to accompany me, you will arrive in a short drive."

But Bryan's hand was obviously tighter than usual, and he closed his mouth and didn't speak. He was obviously angry.

She looked down and thought, remembering the last time he was jealous, and raised her head softly and said, "I wouldn't go if it wasn't for Tian Tian."

Bryan paused obviously, and frowned, "How bad am I in your eyes?"

Miriam opened her mouth in surprise, she kindly explained to him that she didn't appreciate it? The grasped hand made a profit, and his eyebrows were slightly frowned, and his tone immediately became unwell.

“I really don’t understand this. I should ask your confidante.”

Bryan’s brows deepened, and Miriam lowered her head stubbornly. The original white ears were coated with a layer of pink because of her anger, which made her a little cute.

Bryan’s expression softened, and now he really couldn’t get angry with her.

Fingers couldn’t help rubbing against her ears, and gently said, “You are inconvenient now. I want to accompany you. There is no other meaning.”

Miriam is a person who eats soft but not hard, so he immediately loses his breath.

On the way, I called Xiang Dongnan again, and learned that Tian Tian was rolling down the stairs, and now he has been taken to the hospital. The injury is still unclear.

After waiting for the red light for a minute, Bryan stretched out his hand and stroked Fu Miriam’s brows, and comforted: “Children are often stronger than we thought. When I was a child, I fought with people and jumped directly from the second floor, but it hurt a little. nothing.”

Miriam was surprised: “You were so bold when you were a kid?”

The corners of Bryan’s mouth moved slightly, but something flashed by in his eyes, like a ray of darkness.

“At that time, I was myself, I could only run if I couldn’t fight.”

Miriam wanted to ask why he was alone and why he was fighting, but the street light was green, and he was afraid of disturbing his driving, so he dared not ask again.

But this was the first time in four years that I heard him talk about his childhood.

When he arrived at the hospital, the doctor was giving Tian Tian a physical examination, sitting southeast in the examination room with his head hanging down.

“Southeast.” Miriam called.

Looking up to the southeast, he narrowed his mouth when he saw Miriam, his eyes turned to Bryan, smiled, and only nodded faintly.

“What happened at the time? Was it because I called and you didn’t come to take care of Tian Tian in a hurry?” Miriam couldn’t help but complain to herself, Bryan held her shoulders to keep her from thinking.

Xiang Dongnan shook her head: “No, she was sleeping originally. After waking up, she ran around and fell down the stairs. The doctor just checked and said that there was no serious injury.”

Miriam let go, and sat down with Bryan and waited.

The whole corridor was very quiet. Bryan never let go of Miriam’s hand, but his eyes flowed, all he thought.

Soon the physical examination report came out. There was a slight concussion and a little trauma. I was hospitalized for one day.

Only then did Miriam really relax, and comforted: “Just take a break from a minor concussion. The child recovers quickly. Don’t worry too much.”

Xiang Dongnan was also a lot more relaxed than before, and he returned to his warm smile: “Well, I’m fine, but I would trouble you to make a special trip. It’s okay now. Mr. Shao has always been busy. Go back first.”

Miriam hesitated, and Bryan had already spoken: “There happens to be a friend of mine here. I will ask him to help find a professional child care worker. You can’t do it alone.”

Looking at him southeast, the two officially looked at each other for the first time today, but they didn’t mean anything deeply.

Before Miriam realized it was strange, the game between the two men had ended. He got up with his jacket to the southeast, nodded to Bryan, and said calmly: “Then thank you Mr. Shao, I will go to see Tian Tian first. keep in touch.”

He motioned to Miriam again, turned and left.

Miriam forgot his back and sighed.

Bryan suddenly squeezed her chin, turned her head to her, raised her eyebrows and said, “What? Are you reluctant? Or do you think he is pitiful?”

Miriam didn’t expect that a sigh would make him jealous, she couldn’t help but knocked off the hand on her chin and rolled her eyes.

“If it weren’t for you, how could I become a vinegar jar? Also, if I didn’t find a caregiver just now, would you be here to guard it yourself?”

Miriam was stunned for a moment, and opened her eyes wide and smart: “How do you know?”

Bryan let out a cold hum, and closed his eyes: “You don’t think about our children?”

With a ‘pouch,’ Miriam couldn’t help but smile. She was close at hand, her eyes bent into a crescent moon, and she laughed and said, “It’s only five months now, where can’t you walk? You are too nervous.”

When Bryan saw her smiling like a flower, he was stunned, and he couldn’t really hear what she said. The next second he grabbed his lips and leaned into the depths, soft and sweet, sinking into it.

Miriam was taken aback, but there have been too many situations like this recently. After a few seconds, he adjusted to his strength and cooperated to continue.

Miriam couldn’t help but blush when he realized that the two were kissing in the hospital.

Bryan was in a good mood, and Qingjun’s facial features were also dyed with soft light.

Miriam tidied her hair, coughed twice, and sat down solemnly, her face ruddy, Bryan couldn’t help kissing again.

“You have to go to work later, right?” Miriam asked suddenly, turning her eyes.

Looking at her, Bryan knew that she had stayed at home too much these days, she was bored, and the corners of her mouth were raised, with some charm in her smile: “Why, want to be with me?”

Miriam immediately shook her head: “I want to work hard about what it looks like with you.”

Bryan’s face was sullen, and his stomach was getting bigger every day, and she absolutely can’t do normal work. I don’t mind letting her sit in her office as a veritable secretary, and she can see it all the time.

But how could she make him wish, seldom smile at him, like a little fox.

“Go and speak for me at Mr. Henry, let me go back. I can’t worry about the few men I brought,” he also considered Bryan very cleverly.”I know you are not at ease, but I promise to only command, no Work!”

Both index and middle fingers stood up and swear.

Bryan held her outstretched hand and spit out two words: “No.”

Miriam felt a trace of anger in her heart.

Of course, this man is not bored enjoying the colorful world outside every day, but he can only guard the one-third of the acre, and it is hard to see anyone.

“The child is with me, I know it in my heart. I originally planned to resign in six or seven months. Besides, it is not good for my body and mind to be at home every day,” Miriam said patiently.

Bryan straightened out the broken hair on her forehead, and said thoughtfully: “If you feel bored, I will find someone to accompany you.”

Miriam feels powerless, why can't it make sense? Can work be the same as play?

"If you don't help me, I will find a way by myself." Finally, he said stiffly.

Bryan felt that it would be difficult for her to find a job with a big belly, so it would be good to just let her go and kill some time and energy, so he didn't say much.

But at night, Mu Ming turned on the phone.

"Sister Miriam, are the two little babies okay recently? Are they being served deliciously?" Mu Ming asked half a greeting and half jokingly.

Miriam lay depressed on the sofa, and the TV was showing prenatal education videos, almost becoming half a paralyzed patient.

Weakly replied: "Why don't we change? You come to enjoy it?"

Mu Ming quickly refused: "Can't bear it! I'm not that lucky."

"Then don't talk cold words here," Miriam said bitterly, then asked again, "How is the company now? Has Manager Zheng bullied you again?"

Mu Ming sighed and was a little depressed: "Don't mention it, your position is still vacant. I don't know what Mr. Henry plans, but the surname Zheng has been thinking about it, knowing that he can't eat our side, so I strongly recommend her. The confidant came over to take up the post, and now President Henry has not made a decision, but it will be sooner or later that this continues."

Miriam was silent, she was also anxious, but she couldn't reach out, didn't she? President Henry has lost such a big person and will never invite himself back.

The bad guy Bryan said it was for his own good, but he didn't know what he wanted...

"Sister Miriam..." Mu Ming hesitated to say something.

Miriam wrinkled beautifully, "Why do you hesitate to talk to me?"

"That's... I want to ask if you can come to work recently. Let's go to Mr. Henry to intercede. The position of manager is definitely gone, but he said that you have made a lot of contributions to the company for so long. If you want to come back and do something, it will be easier. It's still okay..." Mu Ming quickly added, "Of course, the premise is that your body allows it."

Miriam couldn't believe it: "Mr Henry really said that?"

Mu Ming scratched his hair, "hehe" smiled twice: "It's useless to say what I said, how can Henry always arrange work for you without speaking?"

Miriam jumped up and thanked Mr. Henry and his family from beginning to end. When she hung up, she complained that she had no suitable clothes.

Mu Ming said helplessly: "Sister Miriam...you haven't even asked what job you want to do..."

Miriam was taken aback, "huh haha" and said that he had forgotten, and quickly asked what to prepare.

The working environment is average. Just sit still and wait for others to report. It's easy and safe. It's a coincidence that the original staff positions were vacated, as Mu Ming said.

Miriam felt that it didn't matter, as long as it didn't affect the baby, she would really come back for labor after another month or two. She didn't want to be depressed by then.

"Don't worry, Sister Miriam, the warehouse is not far from us. I will come to see you whenever I have time." Mu Ming promised, patted his chest.

The two chatted for a while before hanging up.

Mu Ming looked at the phone restored to the main screen, the smile at the corner of his mouth gradually disappeared, leaving only coldness. The three-dimensional features were hidden in the dark, and he could not imagine that this was the sunny boy on the phone just now.

Tea splasher recommends: the new store opens, and the sales are at a loss: Taobao search store (Tangjia Bee Farm) 1 free shipping to try farm wild honey.

Miriam hesitated to tell Bryan about this, but thinking of his resolute rejection of herself in the morning, he would probably only stop it. Don't say a word to Henry Zong and let yourself go.

Miriam arrived at the company early the next morning, and Mu Ming took her to the warehouse after greeted by personnel.

Miriam still attracted a lot of attention behind her pastoral name. After all, her stomach was already obvious, and her walking was slow, especially those women who couldn't help but gossip, and their brain made up for the bad marriage of young girls. The tragic scene of insisting on coming to work with a big belly.

“This is Warehouse No. 2, and it stores some small electrical appliances such as Bluetooth speakers. You can sit in this pavilion and direct the counting.” Mu Ming pointed to a small white semi-enclosed pavilion in front of him.

Inside, the desks, leather chairs, and refrigerators were all available. The people who came and went around were porters or orderers. They were clean and tidy. Miriam looked very satisfied.

After she settled down, Mu Ming went back to the office and spent more than an hour curiously observing the surrounding environment. This was the first time she had contact with the people at the bottom. Seeing them sweating, she felt a little distressed.

Chapter 226

Miriam looked at it for a while, and the people who came and went were probably familiar with each other, and even smiled at each other when they met. I'm afraid no one would dislike this friendly and temperamental beauty.

The cell phone was placed in front of him, and when he left in the morning, he still wondered if Bryan knew if he would come over with a black face, but it was almost noon, and there was not a single text message, and he felt a little empty in his heart.

Suddenly the glass window of the small pavilion was knocked twice, and Miriam suddenly raised her head and looked at a dark-skinned woman, who smiled as simple.

“You can go to dinner,” the woman reminded, a little cramped as she spoke.

Miriam grinned, learning her smile, but the effect did not seem to be very good. The woman covered her mouth and bent her eyes and walked away. Only then did she discover that she was still holding a seven or eight year old boy in her hand because of her size. Not high, just blocked by the pavilion.

Stretched, took out the phone and looked at it again. There was still nothing, and the eyelashes trembled.

It doesn't matter, they are president-level figures, how can they spend time on themselves every day? Shrugging self mockingly, preparing to leave.

As he looked up, a wall of black people was blocking the door, and he was slightly surprised, but then the familiar smell rushed over his face. Bryan's face was particularly dark and his lips were tightly closed. This was a sign of his anger.

Miriam blinked her eyes and did the simple smile she learned just now again.

“It's ugly.” Bryan finally squeezed out two words stingily when his face was sour.

Miriam narrowed her mouth.

“Go home.” Bryan turned his head blankly.

Miriam immediately reached out and grabbed his arm and stuck it on.

The two of them didn't communicate during the first half of the journey. Miriam glanced at his profile from time to time, with a full upper forehead, a nose that was as tall as a mountain, and s3xy lips. Such a man was the focus no matter where he was.

After taking a few glances, Bryan gritted his teeth and glanced at her diagonally: “Are you planning to go on?”

Miriam didn't even think about it: “Why not go?”

“The environment is not good, there are so many people, it's not good for you and your baby.”

Bryan didn't hesitate at all when he said it. In his eyes, the facilities there are rudimentary, the work is boring, and the mermaid and dragons are mixed, and what he has to say can give a lot of reasons.

Miriam didn't make a sound for a while, calmly watching the road ahead.

It took a long time to calmly say: “Bryan,” she rarely calls him by his full name like that. Every time she calls it, it means that her decision cannot be changed, like the divorce.

“Either you stay with me at home every day and stay at home for a moment, or just leave me alone,” he exhaled and said solemnly, “I am a pregnant woman, not a prisoner.”

Bryan was silent, suddenly slowed down, and stopped by the roadside, staring at her with dark eyes.

“Then I will let Henry always arrange for you to the original position.” This is his concession.

Miriam turned her head and looked out the window, and said lightly: “No, I made a mistake, and I won't be convinced when I go back. My current position is pretty good, and I can read a book easily.”

Bryan frowned, just about to say something was interrupted by the ringtone of the incoming call.

Miriam watched him take out the phone unconsciously, and Sophia's name flickered on the screen.

Because of his unhappiness, his voice was tense: "What's the matter?"

The other side said something specifically and didn't hear it, but Bryan just nodded, shaking his resolute jaw up and down, making Miriam dazzled, and couldn't help but look out the window irritably.

After a few minutes, I finally hung up and touched her head: "I will send you home first. There is still something to do with the company. I will talk about work when I come back."

Miriam couldn't help but squeezed her hand, and closed her eyes: "No need to talk, I must go."

Bryan's eyes were a bit sharp: "What about the child? Do you think it doesn't matter?"

"I didn't say that."

"Then what do you mean?"

Miriam felt a little helpless, if he could think about it from his own perspective...

After a long time, he moved his gaze back, lowered his posture, a little pleading and a little coquettish: "What I said is true. The job in the original post was a bit heavy. I might not have to deal with it, but now it is just right."

Bryan wanted to say something, but looking at her aggrieved expression, she finally couldn't help but sigh lightly and could only give up.

Even so, Bryan also had a care in his heart. After returning home, he called Lin Shui and arranged a few people in warehouse 2.

His people do not allow accidents.

Miriam shouldn't stay too arbitrary in Warehouse No. 2. Mu Ming will come to her every day to chat, adjust the atmosphere, and quickly get along with the warehouse workers. This is the most ordinary and simple happiness she has never experienced.

"Xiao Miriam, did the ten of my last night account for me?!" Old Liu yelled loudly as he entered the door.

"Take it! Uncle Liu!" Miriam checked the book again.

Old Liu took off his hat and complained: "What the hell is this weather! It's so hot! Hairy boy! Get me a bottle of beer in the fridge!"

Mao Haier was the child led by the woman that day. Because of the long hairs, the adults teased him as Mao Haier. His mother is called Sister Ming, who came to work in the countryside.

He was wearing a white shirt that was about to turn black, and his two small legs rushed from the warehouse to the freezer on the other side. When he turned back with the beer, he passed the small pavilion and was stopped by Miriam and took out a bag from his bag. Handed him wet wipes and two chocolates.

"Wipe off the sweat."

If you get the treasure, hold two chocolates in your pocket, and rush to Sister Ming's side to give her the chocolates after the wine is delivered.

"I'll explain to you, sister, you are so lucky! When Mao Haier grows up in the future, he will definitely be a filial son!" The person next to him looked envious and jealous.

Sister Ming nodded and smiled.

When resting, a few people sat on the ground chatting gossip.

"Just now I saw a woman on the way back, with that temperament, with a long face, and..." Lao Liu sighed.

"Yeah, what does she do? Let's feast our eyes too!"

Old Liu squinted at the man: "It's just you? They drive a super sports car and wear animal fur. I heard that they are employees of Longteng, and they seem to have been the secretary of the president! It's amazing! It must be to talk to our President Henry Business!"

Miriam smiled and listened quietly to them. At this time, she raised her eyes and listened to their description. Sophia must be right. What was she doing here, Bryan asked her to come?

"Oh! I haven't figured out my own shit, so don't talk about other people's gossip!" Master Peng stood up from the ground and slapped Mao Haier: "Go! Let's eat!"

The workers left one after another, and she was the only one left. The food in the cafeteria was not suitable for pregnant women. Bryan came to pick her up at noon every day.

Today, when he came in, there was fine sweat on his forehead. Miriam took out a wet wipe and wiped it on him. He deliberately lowered his head and smiled and pecked at her face.

“How is today?”

Miriam raised her eyebrows, “What could be wrong?” Turning around and taking the bag, she asked, “What are you eating today?”

“Aren’t you going to eat ice cream yesterday?” Bryan raised his eyebrows.

Miriam widened her eyes and asked, “Really?”

“Fake.” Bryan looked at her like an idiot. He hadn’t seen her so cheating before.

The two of them ran into Sophia as soon as they left the warehouse. Miriam looked at her eight-inch high-heeled shoes gleaming in the sun under the big sun, and couldn’t help but cover her eyes.

“Bryan! Why are you here?!” She laughed all over.

Immediately after seeing the work clothes that Miriam was wearing, she opened her mouth in surprise, but Miriam was too lazy to act with her.

“Since I met, I’m just going to have dinner, why don’t we go together?” Sophia glanced at Miriam’s belly seemingly inadvertently.

Just about to refuse, when President Henry suddenly got out of her car, Miriam was really taken aback.

Sophia cried out ‘Mr Henry’ stickyly.

President Henry hurried over to greet Bryan first, without mentioning anything about Miriam, tacitly.

“Since it’s a coincidence, if President Shao doesn’t dislike it, we will eat together?” President Henry was eager to get in touch with Bryan, how could he miss this opportunity.

Miriam didn’t want to be a villain, but he couldn’t bear to have lunch with Sophia. If he didn’t keep everything, he would have indigestion, so he couldn’t make fun of his body, right?

At that moment, the body shook, and Bryan quickly helped her in his arms, then smiled apologetically to Mr. Henry, and the two left.

Chapter 227

Bryan contained a bowl of soup and put it at Miriam’s hand.

However, due to the hot weather, she basically didn’t have much appetite. Miriam only forced herself to take a few mouthfuls and then let it go, still thinking about the scene just now.

Still couldn’t help asking: “Why is Sophia with Henry always?”

Bryan held a metal spoon with slender fingers, elegantly and calmly, with a smile at the corner of his mouth, and said lightly: “I want to know too.”

Miriam looked at him suspiciously, and obviously just didn’t want to say it.

She narrowed her mouth and said, “Don’t say it.”

“What do you want to eat tonight? I’ll book first.”

Miriam leaned on her waist to get up: “Kristy has made an appointment with me for several days, and I will lose this friend if I let her dove.”

Bryan was already standing next to her, holding hands to lend her strength, and when she stood firm, she lowered her head and whispered in her ear: “It’s still more ecstasy in the spring night, the rest are clouds, what do you think?”

Miriam thought he could say something serious, so he turned his ears to listen carefully. Unexpectedly, the man was not at all correct, and his ears instantly turned red, wanting to be angry and preventing the waiter next to him from daring to attack.

Secretly hammered him on the body, but it looked more like flirting to others, Bryan kissed her forehead again, and then loosened it slightly.

“I will let Yan Ke pick you up after get off work.” Bryan said as he sent Miriam to the warehouse door.

Miriam couldn’t help laughing: “You have been too cautious recently.”

The man’s thin lips opened slightly, with some arcs, half joking and half earnestly said: “It depends on whom.”

She couldn’t help blushing again, and tweeted in her heart that the man’s ability to talk love was getting better and better.

...

In order to be sympathetic to pregnant women, Kristy was afraid that something would happen to Miriam’s big belly, so she simply set the event directly at the beauty center, next to a restaurant. If she was hungry, she could go straight to the fight.

As soon as they met, Kristy looked around Miriam, and nodded with her chin.

“It’s been a long time since I saw it. Auntie is really professional. I have to share the exclusive secret recipe when I get pregnant...” She squinted and smiled sly.

Miriam didn’t say anything. She couldn’t say that it was Bryan’s contribution more. Whether she was cooking at home or going out to eat, she could find what suits her best.

“Okay, let’s go in. A pregnant woman is standing here with me under the sun. People who don’t know thought I was a black-hearted woman.” Kristy helped her to go in.

Miriam suddenly remembered something and asked her to wait a while before walking towards the side of the road.

“You go back first. I can take a taxi home at night.” Miriam smiled gently at the open window.

Yan Ke was taken aback for a moment, and then he was solemnly solemn: “President Shao has ordered you to wait until the end and take you home personally.”

Miriam wrinkled beautifully.

Yan Ke grinned sympathetically: “It doesn’t matter. It’s the same for Mr. Shao in normal times. You don’t have to bear the burden. This is my job.”

Miriam could only give up seeing him say so.

As soon as they lay down on the massage chair, Miriam’s cell phone rang, it was Bryan.

Kristy didn't let Miriam smile unconsciously when she saw the caller, and couldn't help but tease.

"I said your divorce was purposeful? Let him realize the importance of you?"

Miriam glanced at her and answered the phone by herself.

"Don't run around after it's over, I'll pick you up when I have time." Bryan said while flipping through the documents, scanning the densely packed text.

"Okay, if you don't have a meal, you can come together." Miriam said, it happened that the next door was Japanese food, and he liked it.

Kristy watched her hung up the phone, her mouth pursed and she wanted to make a joke, but she raised her eyes to see a beautiful woman with a beautiful temperament, and her attention was instantly attracted.

Miriam saw her eyes straightened, and followed her gaze. It turned out to be a familiar face, Rania.

"This woman has a strong momentum... What kind of man do you think she is worthy of growing up?" Kristy actually admired her idiot.

I saw Rania wearing a black dress, fair skin, tall body, and every move was sufficiently eye-catching. She was talking with her mobile phone, but she didn't look good.

"Well, I'll wait for you here..." After vaguely heard two conversations, she saw the manager greeted her with a smile. It seemed that she was an old customer who was led directly into the independent private room for nursing care, Miriam thought. No need to say hello, he stretched his leg to let the masseur continue, and then took Kristy's words.

“He is the wife of Shang Rui, the CEO of Fengrui Group,” but when I thought about the person Shang Rui, I couldn’t help feeling that Rania was worthless, “but...”

Kristy looked gossip in an instant, Fengrui is the most famous listed group in Kyoto, and the boss Shang Rui is also a ruthless character.

Miriam stared at the ceiling, suddenly feeling a little desolate.

“She is in love with people who don’t love her, so she should not be happy.”

Kristy couldn’t help frowning: “She doesn’t like such a beautiful wife? Is she blind or is she a big pig’s hoof?”

Can’t help being amused by her description, Kristy is the only one who can equate Shang Rui and Big Zhu’s hoof. q

But Shang Rui’s person is indeed too complicated, it’s okay to stay far away when you meet him.

Miriam went to sleep after massaging, and finally woke up from hunger. The two of them packed up and hurried to eat.

Before entering, Miriam saw Rania standing at the front desk through the glass of the Japanese food store. She was inexplicably familiar with the figure with her back facing her, but it was definitely not Shang Rui.

The two men looked very familiar.

After entering the door, Rania went in with the man. Miriam couldn’t help but walk two steps quickly. He wanted to see what he looked like. He couldn’t keep up. But because the door was on the side, Miriam stayed at his original position the moment they entered. Ground.

It is Pastoral Name.

Is he dazzled, why is he here, or with Rania?

Kristy touched Miriam's arm and looked puzzled: "Who do you look at? It looks like she has caught the rape."

Miriam blinked hard, maybe he was hungry...

In any case, you can't associate Mu Ming and Rania together, shook his head and said: "It's okay, I read it wrong, let's go eat first, I'm starving."

Bryan couldn't come for the time being, so she texted her to eat first.

Miriam never let go of the door during the whole meal, and they could be sure again when they came out.

Before the meal was over, a few men in formal attire suddenly appeared at the entrance of the restaurant, which immediately caused a commotion.

The one who took the lead found the boss and said coldly: "Now that the restaurant is cleared, we will double the compensation for the loss."

The boss hesitated, feeling that he might not be able to provoke him, and it would be no harm to him, so he quickly negotiated with the customer for compensation.

Miriam stood up, her expression changing.

The people in that private room have not yet come out.

At this time, Bryan called.

Miriam answered, “Are you here? I just finished eating.”

Bryan heard the noise over there and said in a deep voice, “I’ll be there soon, don’t move, I will let Yan Ke pass.”

“What happened?” Miriam was alert.

Bryan sneered: “Shang Rui’s family affairs, you don’t care, protect yourself.”

Miriam didn’t know that the phone had hung up.

Frowning, the few people who watched the door stared at the checkout customer, wanting to find someone else.

As she got closer and closer to the door, Kristy was also a little uneasy, holding her hand anxiously and said: “There will be no terrorists here, right?”

Chapter 228

Miriam didn’t want her to be afraid, and joked with her arm slung: “Don’t worry, it was a terrorist attack. We are trying to lie down now.”

Zhou Shanshan shivered after thinking about that scene.

Yan Ke was blocked outside, and he didn’t listen to explanations to those people. Miriam signaled him not to worry, that he was all right through the crowd.

“Go and look behind!” the leader suddenly shouted.

A few people at the door suddenly pushed away the people around and rushed in. The sudden rush of people made Miriam breathless, and her feet

were a little floating. Kristy was trying her best to protect her, but even she herself was about to lose her feet.

Feeling suffocated, great fear surged in my heart, my hands desperately protected my stomach, and the moment I fell down I thought that this time was over...

...

“Miriam! Miriam!” Bryan’s eager voice approached. Miriam felt relieved all over, and it took a while before she opened her eyes.

Bryan hugged her, her forehead hair was a little messy, and her eyes were full of panic, and she suddenly saw her in his heart.

Carefully touched her forehead, kissed her again, and asked softly, “I feel better?”

Miriam bends the corner of her mouth, just about to answer, but she sees the crowd of people around her, her head is a little confused, and then she struggles to get up, but Zhao Bryan is restricted from moving.

“Don’t move!” The voice was a little dumb, lower than usual, but he couldn’t resist.

“I, I’m fine...” Her face gradually became flushed, awkwardly, “So many people are here, you let me get up first.”

Bryan raised his head and glanced, with a dark shadow under his eyes, and said, “What are you afraid of? I see who dares to move you.”

Miriam bit her lip.

“President Shao, long time no see.” A penetrating voice came from the crowd.

Shang Rui walked in in a black suit. He was slender and handsome, with a smile on the corners of his mouth, but to Miriam, that smile seemed too gloomy, it was better not to smile.

Miriam took advantage of the gap where Bryan turned his head and got out of his arms, and he quickly held on.

“Just gave me such a meeting ceremony?” Bryan Qingjun’s face grew colder, and the whole body seemed to cool down suddenly, as if a strong wind was condensing.

Shang Rui didn’t feel it at all, and his smile became brighter:
“Misunderstanding, I didn’t expect...” He paused, then turned to look at Miriam, “Miss Lu will be here and hurt you by mistake. I’m sorry.”

“Then I can’t guarantee that I won’t accidentally hurt your wife.” Bryan said calmly, but as soon as the voice fell, Yan Ke’s figure quickly moved in one direction, and Song Rui was controlled in the blink of an eye.

Miriam was shocked. He didn’t expect Yan Ke to stretch out his hand so much, tilting his head to look at the man next to him. It was for his own safety that Yan Ke often followed him, and he couldn’t help feeling warm.

Shang Rui suddenly turned his head, his eyes were extremely threatening, and gritted his teeth and said, “You dare.”

Bryan laughed hum, and said calmly, “I dare you to know the best.”

After speaking, he refused to give more eyes, pulled Miriam’s hand and walked out, looking at the whole restaurant like air.

This time it really touched his bottom line.

Miriam was a little bit resistant. There was nothing wrong with her. She didn't have to fight for her so aggressively. According to Shang Rui's character, she would definitely not watch her wife be taken away.

Bryan turned his head to look at her and raised his brow slightly, "Still uncomfortable?"

Rania is innocent. Besides, she helped herself, so how could she be angry with her.

Miriam glanced at Rania, suggesting that he let him go.

But I didn't expect that Bryan not only pretended not to see it, but also wanted to say: "Go to the hospital first, otherwise I won't worry."

What is the answer to the horse's mouth?

Miriam suddenly choked with anger, and wanted to save him face and let him take the initiative to let go, even pretending to be stupid!

"You..." Miriam couldn't help but say aloud.

Rania interrupted her, her voice was cold, her expression faint, she had no fear of being taken hostage, her perfectly curved lips lightly opened, "Miss Lu, let me go with you."

Miriam's open mouth was too late to close, and she met Rania's eyes blankly.

Bryan felt that she was too cute, and couldn't help but squeeze her cheeks, put her arms around her shoulders, and carried her out: "Don't worry about it."

Shang Rui looked at Rania as if to breathe fire and shouted, “Don’t go too far!”

Rania smiled extremely thinly, without a trace of emotion in her beautiful eyes: “The divorce agreement should have been delivered to your desk now. From then on, you are you and I am me.”

Miriam walked to the door and looked back, but Bryan straightened her head from the back of her head.

“Don’t look, curiosity killed the cat. Haven’t heard of it?” Bryan smiled very shallowly, but reached his eyes, Miriam looked shocked, and couldn’t help but peck at the corner of her mouth.

It was only afterwards that Miriam learned from him that Shang Rui had gone to catch the rape that night, but not only did he not find the man, Rania also divorced him.

Bryan was in a very good mood when he said that he was revenge from Shang Rui, but it was not enough, because the moment he arrived at the restaurant, he tasted the fear of losing Miriam, and never wanted to experience it again in his life.

However, Miriam never forgets the figure she saw that night, and she always finds something strange when she sees Mu Ming when she goes to work.

...

CEO’s office.

Bryan opened the stack of documents handed over by Lin Shui and flipped through them one by one, his eyes rising with a sigh.

Lin Shui said carefully: “The Fu family has recently done a lot of actions behind their backs, which are directly and indirectly related to Han Yang’s case. The information given to Miss Fu seems to have worked. I am afraid that Han Yang is holding their handle. , So they have to work hard to rescue.”

His hand suddenly stopped on a certain page, and his thin lips closed slightly.

Lin Shui waited for his order.

“Yingxin don’t move for now. These are not like Mr. Henry’s actions. Look at who the person behind it is, and give the Fu family some trouble, so that they can take care of themselves.”

“Okay.” Lin Shui took the file and turned around and was stopped again.

“Don’t let Miriam know about this.”

The fountain pen in Bryan’s hand shone brightly, just like those deep eyes, not afraid of the depths of the night, because there was a shining star waiting.

...

In the evening, Miriam was really surprised when she received a call from Shao’s mother and asked her to go to Shao’s house on the weekend, saying that she had prepared some children’s clothes.

Bryan knew her mother’s character well. She just didn’t like Miriam as a daughter-in-law, but she was looking forward to holding her grandson. Maybe this was a turning point for her to accept Miriam.

Because Lu’s mother went to burn incense with her friends, Miriam was taken home by Bryan the day before she went to Shao’s mother’s house, but Miriam very much suspected that this was a trick by him and Lu’s mother. To the bed.

Miriam was kissed, and her loose skirt was lifted to her chest, but she didn't dare to push and push too much, so he took advantage of it half of the time.

"I'll be careful." Bryan's dumb voice felt extreme, and the wind was blowing in Miriam's ears.

Miriam was provoked by him to flush the ground with red ears, her small face buried in the quilt with a "hmm" cry.

The skirt was completely removed, and the belly was more obvious. The man stroked, kissed twice, and then continued to move up, the movements were very gentle. Although Miriam could not move, he also experienced extraordinary joy.

After being teased by him to the top, Miriam couldn't help but exhort, Bryan laughed low, but didn't go in, Miriam couldn't help pinching him on the back.

He is such a bastard!

The next second the man was gentle, his empty body and mind were fully filled.

Bryan moved very slowly, and he was careful about Miriam's reaction, seeing her squinting and flushing before he could continue.

After it was over, Miriam was hugged and took a bath, and Bryan's desire and dissatisfaction made her want to laugh.

The man's face was dark and he warned in a low voice, "What are you laughing at? I will let you taste the fruits of regret in a few months."

Miriam looked arrogant: "I don't want that much, now I am very satisfied to see you like this."

Chapter 229

Bryan held her without moving for a long time. Miriam was pressed by his arm. Although it was not heavy, he was uncomfortable and couldn't help but move.

“Let's make up.”

Bryan buried her head in her shoulders and said something abruptly.

Miriam paused, then lay down again, staring at the ceiling in a daze.

Make up, now they look pretty good, don't have to face the past, no one else bothers.

But, did those no longer exist, or did they choose to ignore, Miriam dare not ask herself, can she really forget those three years?

Besides, until now, he hadn't heard what he wanted to hear.

Miriam cleared her throat and pushed the person on her body.

“I'm thirsty and want to drink water.”

This is a silent rejection.

Bryan stood up and poured water with a cold face.

She still didn't believe him.

After that day, there seemed to be another layer of yarn between the two of them. As usual, Bryan came to report every day, sending Miriam to work, but tacitly did not mention living together, let alone remarrying.

The two arrived at Shao's home early on the weekend, and Miriam also took special care to prepare a gift. She paused when she heard a burst of laughter before entering the door.

Mother Shao seldom smiled when she saw her: "Come in, it's not good for the child to stand too tired."

Sophia's family were all sitting in the garden. When they looked at her, they sneered or ridiculed. Miriam felt that she was the last person to show up.

Bryan's eyes kept following the people around her. Seeing her face gradually paler and more reluctant to smile, she glanced at Mother Shao and said quietly, "Mom, Miriam is better to rest now. You have invited so many outsiders. Come, arguing is not good for the children, you guys get together today, we say goodbye."

Shao's mother was furious: "Stop!"

Bryan turned a deaf ear and led Miriam away.

Sophia hurriedly got up to catch up with Miriam, innocent and pitiful: "Miss Lu, I didn't mean it. I thought there were a lot of people, but I didn't expect to disturb you, or... For the sake of face, you stay a little longer, aunt she has indeed spent a lot of preparation."

What this said, if she left now, would she not give Shao mother face? It was obviously Bryan who took her away, and now all the blame is on her.

Mother Shao rarely put down her body: “Stay a little longer, I have something to tell you, it’s not that easy to have a baby.”

Bryan did not frown, but said to her lazily: “Go away.”

Sophia felt humiliated no matter how thick-skinned she was, but there was really no other way but forbearance.

Miriam still chose to stay. Maybe she really wanted Shao’s approval from the bottom of her heart. She hadn’t done it in the past four years. She wondered if it would be different if she had a child.

After sitting down for a few minutes, I felt the atmosphere was a little weird. The Fu family was very attentive to Bryan, and by the way, they were also very kind to her.

“Bryan, knowing that Miss Lu is pregnant, I and Sophia’s mother specially prepared a small gift, which is to be congratulated in advance.”

Miriam glanced at it, and the good words of the Eight Great Masters were lost.

Bryan didn’t even bother to give alms to that priceless thing, so he opened the book to shade Miriam.

With a frivolous smile: “Where is Uncle Fu, the child hasn’t been born yet. What gift to give, I’m afraid Uncle’s energy is wrong.”

Mr. Fu’s face was red and green, and the atmosphere was not embarrassing or awkward.

Mother Shao came out to make a round and reached out and took the words: “It’s all a family, you are welcome. I like this word very much, and I accepted it for them.”

Miriam bowed her head and said nothing, Bryan looked at her dissatisfiedly:
“Do you like it?”

Miriam was a little confused by the sudden question: “What?”

“Do you like that word?” The man asked patiently again.

Miriam didn't know how to answer, could you say that she would like it more if it was changed into money?

“Okay.”

“The child's mother said it was okay, but she didn't like it that much. Mom, don't take it either.” Bryan smiled sarcastically.

Shao's mother was very angry, and she held up her arms and shouted sternly:
“Your Uncle Fu just wants you to help his company. As for this embarrassment? Now you have to help if you don't help!”

Bryan stared at Father Fu playfully. It took a long time to take a sip of water from the cup and faintly said: “Don't even talk about looking for my mother, I will not let go. As for the reason, you know better than me.”

It is destined to be an unhappy gathering. Although Miriam is mentally prepared, she will inevitably be sad.

Bryan fastened her seat belt, kissed her on her red lips, and comforted her softly: “It's been four years, so I should get used to my mother.”

Yes, four years.

If I give myself another chance, I will kill the feelings for him as I discussed it, and I won't be stumbling even today.

...

On the way back, passing by Wushan Square, Miriam remembered passing by the Lego store yesterday when picking up gifts for Shao's mother and bought one for Tian Tian, and put it in the car. Miriam asked Bryan to park and deliver the things by herself.

Bryan turned his eyes, and then said: "You are walking too slowly, let him come out to take it or I will send it over."

Miriam was short of breath, so he was so embarrassed to have someone come to pick it up as a gift.

When it comes to southeast, it smells like vinegar. What's wrong with this?

Miriam was too lazy to argue with him: "Then you send it over, I'll call him."

"You can send text messages, you don't have to talk." Bryan suggested without changing his face.

Miriam gritted her teeth, endured it, and edited a short and sharp text message in front of him.

There are gifts for Tian Tian, and they will come to your home now.

After Bryan finished reading, he shook off the phone, grabbed Miriam's mouth and drove straight in, holding the back of her head to kiss her emotions, Miriam was a little dizzy when she stopped feeling still.

“Really, this is a reward.”

“ ... ”

Staring at the phone to the southeast for half a minute, her expression was complicated. This was the first time that Tian Tian took the initiative to contact after she was injured. The last time she could not stay with Tian Tian...

He tightened his hands and woke Tian Tian who had just fallen asleep.

“Tian Tian, Aunt Lu is coming, do you want her to accompany you for a while?” He took her hand to the southeast, as gentle as ever.

The child nodded without hesitation, Miriam was the most favorite person besides her father.

Toward the southeast, he took the child to the bathroom, pushed her into the shower, turned on the cold water, and poured her head down.

The child subconsciously wanted to escape, but he ran into his father’s eyes and shrank back, his pure eyes were stained with fear.

When the bell rang, Xiang Southeast put the trembling Tian Tian on the sofa, and was taken aback for a moment when he opened the door.

Bryan stood at the door, staring at each other, and the eyes of the two were dimmed, and neither of them spoke. It was a contest.

Suddenly, he laughed, contemptuous, and unworthy.

“Where is Tian Tian?” He then sneered, “I guess it’s good, she should be sick and needs someone to take care of her. According to your assumptions, if it were Miriam, she would definitely not leave...”

Toward the southeast, the pupil shrank and looked at the man in front of him calmly: “What do you mean? I didn’t understand.”

Bryan turned around: “If you don’t understand, forget it, just one sentence, don’t make Miriam’s idea again, otherwise...you can imagine the result.”

Xiang Dongnan stood at the door, pinching blood out of his fingers.

He guessed that he was a powerful character, and a smile suddenly appeared at the corner of Southeastern’s mouth. So what, he would not give up, no matter what method he used.

“Give it to him?” Miriam didn’t expect him to come back so quickly.

Bryan said indifferently: “Could it be possible that you left it halfway?”

Miriam curled her lips and muttered in a low voice, “Then who knows...”

Bryan’s eyes twitched, this woman really doesn’t know what it is...

Bryan almost fell the phone when he was awakened by the ringing of the phone that night. Miriam intercepted and took a look at a string of unfamiliar numbers.

After answering the call, it was said that the police notified the family members of the detention at the Dongcheng District Police Station and asked them to go through the procedures as soon as possible.

The news reflected in Miriam's head for a while, and suddenly there was a sudden excitement, and the sleepiness was completely gone.

Bryan was so scared by her and woke up.

"They said I have family members detained." Miriam's voice trembled a little.

Chapter 230

Miriam has a deep fear of the word 'detention'. Lu's father was exhausted during the accident, and she would never forget it in her life.

Seeing her expression, Bryan felt an inexplicable pain in his heart. He stretched out his long hand, wrapped her in his arms, patted her behind his back, and said softly, "Don't be afraid, there is me."

The two packed up and rushed to the police station, where Lin Shui was already waiting.

Seeing Bryan, he immediately explained: "Mr. Shao, the detainee is not the Lu family, but a young man," and then turned his attention to Miriam, "Miss Lu should know."

Why didn't the Lu family call her?

Bryan was silent, and helped Miriam as he walked and asked, "What did you commit?"

"Fighting, fighting, it's not a big deal, but it's a bit of a background."

The man raised an eyebrow.

Lin Shui immediately replied: "Miller's cousin Gu Yan."

Miriam was really taken aback when she saw Mu Ming, and couldn't guess it would be him anyway.

Mu Ming's face was painted with color, and it was already half of the night to toss, his eyes were flushing, and he looked at Miriam like a poor puppy, evasive and afraid to look directly.

Talk to the police for a few words and find out the cause of the incident.

Mu Ming went to the bar with a few colleagues after work. Gu Yan was also there. When he met the little girl who was with Mu Ming, she was so beautiful. Gu Yan got used to being a playboy, so he went up and flirted, but was even worse when she was rejected. , Mu Ming couldn't stand it and fought him.

"You are really brave. The only solution to the problem is your fist?" Miriam couldn't help but blame him.

Mu Ming raised his head to refute, but he met Bryan's cold vision, and immediately lowered his head again, muttering, "I'm sorry."

Miriam didn't have the heart to continue saying that this child probably had to call out his number because he had no parents, and glanced at Bryan.

The man didn't seem to be very happy. He woke up in the middle of the night just for this kid... but in the end he nodded, otherwise Miriam would be willing.

Gu Yan was wrong first. Bryan arranged for him, even if he had a background, he would have nowhere to do it. If Miller is here, I am afraid that he will be punched twice when he goes up, and he will be beaten and scolded for losing the Gu family.

After half an hour, Mu Ming followed him and came out of the police station, frustrated like an eggplant beaten by frost.

“Get in the car, we will take you home.” Miriam leaned back and talked to him.

Mu Ming looked at the luxury car a few steps away, his fists clenched, and his voice was tight and cold: “No, I’ll take a taxi and go home.”

Miriam frowned, thinking that he might be in a bad mood, and patiently said, “Where are you going to take a taxi early in the morning? Be obedient, get in the car quickly and go to work tomorrow.”

Still standing still, the car in front of him seemed to sneer at him, and for a moment he wanted to rush over and smashed the car.

Bryan’s patience is limited. Originally, Miriam’s running around in the middle of the night for a man’s third watch had made him extremely uncomfortable. He didn’t even know what was good or bad.

Shen Sheng told Lin Shui: “Send him back, and if he refuses again, you don’t have to worry about it.”

After that, I tightened Miriam’s clothes to protect her in the car.

Miriam sighed and gave Lin Shui her peace of mind, and before leaving, she told him to remember to apply medicine to the wound.

Mu Ming stared at the luxury car away, his eyes were stubborn, and at the same time a layer of shame appeared on him. None of this should have happened to him... Lin Shui glanced at him, and there was no waves in front of him and said: “Come up in three minutes. Otherwise I will leave.”

Mu Ming's eyes were dark and intertwined, flashing and flashing, and followed his footsteps into the car.

He leaned back in the back seat, looked around the car, and looked at everything in front of him mockingly.

"Is this the car that Mr. Shao usually uses?" The corners of his mouth were slightly raised and his eyes were cold.

Lin Shui looked at him in the rearview mirror and replied for a long while: "No, it's my personal."

He is just a secretary. He really has the power and money to use such a good car. He can't help but sneer when he thinks of this, Miriam's face flashes in front of him.

He still has her.

...

Miriam couldn't help yawning all the time while sitting in the co-pilot. She stared at the neon lights outside the window, and said in a daze, "Mubaming is also a poor child. Without his parents, no one will care if something happens."

Bryan endured all night. She had never been so caring about her affairs. She actually had an overwhelming love for a little white face. Who wouldn't tell her pastoral name, she had to let her a pregnant woman go fishing for him in the middle of the night, using her toes to think and know the purpose. Not simple.

"There are too many people in the world without fathers and mothers, can you still be saved?" There was a hint of displeasure in his tone.

Miriam was sighing, not only did he have no sympathy, but he satirized her like this, even though he was very tired, he couldn't help but raise his voice.

"Your heart is made of iron?" raised his eyebrows and said stubbornly, "There are many people without fathers and mothers, but I only met Mu Ming. Since I am so predestined, I will help him."

Predestined... She actually felt destined to other men!

Does this woman not consider his feelings at all! Believe it or not, tomorrow he will let the one named Mu Ming disappear! I can't see how she can help!

"You don't think you have any fate with me, so you don't have to consider my feelings?!" Bryan's voice was like a layer of ice, and he couldn't help but increase the force of the accelerator under his feet, and his whole body was hostile.

Miriam felt inexplicable, her throat was blocked, and she couldn't help but vomit it out: "Even if you have fate, you are evil fate. You didn't want to see me, I didn't forget!"

The man is angry, why is this woman so obsessed with the past?

"We are now talking about the surname of Mu, don't let me see him looking for you again in the future." He saw the news before and didn't do anything because he thought Miriam didn't care about Mu's name, but it doesn't seem to be the case now.

Miriam was even more furious when he heard the threat in his tone: "Bryan, you are unreasonable! Why do you restrict me from interacting with others? Who are you?!"

The man stopped the car quickly. Miriam fell forward because of inertia, and was about to hit the front. He was pulled in time, and her lips that hadn't been put on powder were invaded by him.

Bryan drove straight in and took possession of it. Miriam was extremely angry, fisting and fighting, but he was firmly fixed in the corner, deceiving her to the ground, between his lips and teeth, a world of its own.

The warm hands hovered around her body, and when she touched the sensitive area, she couldn't help "sobbing" twice, and her face was stained with pink.

This k!ss lasted for a long time. From the initial resistance to the end, Miriam had to soften, allowing him to cheer, even feeling teased.

When Bryan let go of her, her lips were already red and swollen, and Miriam glared at him with anger and a little lu\$t.

But after the k!ss, the man seemed to have forgotten that the two were quarreling just now, and he stroked her mouth with his thumb with a smile.

"Who is yours? I'll know when I go back." The magnetic voice was s3xy.

Miriam gritted her teeth: "Asshole! I want to go home!"

Bryan k!ssed the corner of her mouth, sat upright, and smiled lazily: "Well, don't worry, go home immediately."

With a charming look at the corners of her eyes, Miriam knew what he was thinking without using her brain. Men are all lower-body animals!

"Not back to your house!"

The man squinted at her: “Are you sure you want to interrupt your mother’s rest at this point?”

Miriam was so angry that he was too lazy to say a word to him.

She suddenly thought of something and looked down at her bulging belly. There was a question in her heart for a long time, but she didn’t dare to ask every time.

Since he learned that he had a child, he has changed himself, especially recently, he has been obedient to himself in every way, even if he quarreled, it was just like before, if he was just for the child...

Miriam had a grudge in her heart, and when she got home, she talked coldly and didn’t want to talk more, and went straight into the room to lie on the bed.

In a few minutes, Bryan hugged her from behind, with lip prints on the back of her neck, Miriam rubbed against him to stop him, but those big hands hovered around her even more unscrupulously.

He knew her sensitive points best, and soon he was teased like a puddle of spring water and wiped out by him.
