

Let Me be Your Ex Chapter 61- 70

Chapter 61

I thought she had said clearly enough, but Shang Rui smiled and said, “If you make a mistake, you will count me, and you will take the credit. Just take it for experience, after all, I still believe in Miss Lu.”

President Henry also smiled and encouraged: “Mr Shang has said so, Xiao Lu, you can agree, this is a good exercise opportunity.”

Miriam laughed stiffly and spit in her heart cruelly. She didn't want this opportunity. In a few months, she would be able to hide her pregnancy and dare not continue working. How dare she accept this kind of big project? But now that both of them have said so, she has no room for rejection at all.

Shang Rui and President Henry didn't know that she was pregnant, but Bryan knew that he frowned slightly and looked at Shang Rui with a smile but said, “Shang Rui, I really admire your courage. Take a few hundred million to accompany one. If the little manager plays, he won't be afraid of losing his money? No matter how strong he is, he can only be a newcomer with only three years of work experience. Even if it is President Henry, he must be cautious when he is in charge. Your trust is somewhat partial.”

Several people present did not expect that he would suddenly interject, and all looked at him.

Shang Rui raised his eyebrows, curled his lips, and smiled faintly, “I heard that Long Teng also cooperated with Yingxin. It was also Miss Lu who responded indirectly, Mr. Shao is not partial?”

Bryan ate the dishes on his own, and said casually, “Perhaps Henry always encourages newcomers. If it were me, I would not use it.”

Miriam, “...”

Is this man helping her or hurting her on purpose?

Shang Rui laughed, “It may be that Mr. Shao doesn’t know much about Miss Lu. Since he is just a newcomer who has been working for three years and can understand the industry so thoroughly, Miss Lu should have worked very hard, so I should give this opportunity a lot. time.”

He said, looking at Miriam, “Miss Lu doesn’t have to be too pressured. There are also people on my side who will coordinate with you. If you have any questions, you can always find them.”

Bryan’s dark eyes flashed with coldness, and he did not speak again, nor looked at Miriam.

But at this moment in his heart he was almost certain that Shang Rui was definitely not that simple to Miriam.

Miriam pursed her lips and lowered her eyes, knowing in her heart that for this, she had no right to refuse.

Two seconds later, she raised her small face, raised a smile, and nodded, “Well, since Mr. Shang trusts me so much, I will try my best to do my best so that you and Henry Zong won’t lose.”

“Okay, come, I respect you.” Shang Rui smiled at President Henry, then raised his glass to look at her.

Miriam looked at the wine glass in front of him, hesitated for a second, and planned to put it down after a sip.

I touched a glass with Shang Rui, and when I was about to drink, I heard a voice from the opposite side, “Isn’t Manager Lu going to the hospital to visit his mother for a while? Is it possible that I still want to drink and drive?”

Miriam was startled, looked at Bryan, and gave him a secret glance.

Even if he wants to help her, he doesn’t need to tear down the stage like this, right?

In an instant, she could only bite the bullet and smile at Shang Rui: “Sorry, Mr. Shang, I will have to drive to the hospital soon. I won’t be able to drink with you this time. Otherwise, you and Mr. Henry still have Mr. Shao, I will pour the wine for you.”

Shang Rui shook his head and smiled helplessly, “Look at my memory, I almost forgot, President Henry, President Shao, should we drink it?”

President Henry held up the cup very politely, “This is natural. I am here to accompany the two of you today. The amount of alcohol is not good, so don’t laugh.”

Bryan glanced at Miriam, picked up the cup in front of him, curved the corners of his lips, and turned to the two of them, “Zong Shang.”

The three were drinking.

Miriam ate something symbolically, then stood up and took the wine bottle from the waiter on the side, refilled the three people one by one, walked to Bryan, took a look at him, and then filled the glass, obviously Much more than the other two.

The man glanced sideways at her and said nothing.

Upon seeing this, Shang Rui smiled and joked: “It seems that Mr. Shao didn’t listen to Mrs. Lu just now. But, to be honest, I feel upset for Ms. Lu, Mr. Shao must finish drinking.”

Bryan’s expression is calm and his eyes are indifferent, which makes people look at the inexplicable laziness of watching the fire from the shore.

He looked at Shang Rui, pulled the corners of his lips, held up the cup, and said meaningfully, “It seems that Mr. Shang is a drunkard today, not drinking.”

This remark is also a bit destabilizing.

President Henry was stunned. He glanced at Miriam and hurriedly finished the game.”Hehe... President Shang is definitely not here for a drink today. My small company will have to work a lot in the future. You can always come to City Two for development. It has helped us a lot, this cup is my respect.”

President Henry is not stupid. He was a dozen years older than the two. Although he was scary, he lived in the mall for so many years. He has seen any big winds and waves. The President Shang in front of him can be regarded as a figure covering the sky in Kyoto. I’ve seen it, but today, people with a discerning eye can see the excessive diligence of Miriam.

He could see it, let alone Bryan.

But as a boss, it’s hard to get involved in other people’s private affairs. It seems that he needs to go back and explore Miriam privately.

Shang Rui heard the words and looked at Bryan, put the cup down, his thin lips bend upwards, “Shao can always sit here, shouldn’t it be for drinking bars?”

The man’s eyes flickered and he didn’t speak.

Indeed, if Miriam were not here, he would have found an excuse to leave.

But from Shang Rui's words, it seemed that he already knew his thoughts, which made Bryan suddenly more vigilant.

Miriam lowered her head, pretending that she didn't understand what they meant.

But she really didn't understand. Although she could feel that there was something in the words of the two of them tempting each other, she really couldn't guess what they wanted to do.

However, she didn't want to control so much, she just wanted to get out quickly.

I don't know how long it took, after Miriam handed the third empty wine bottle to the waiter, the few finally stopped drinking, but it seemed that they didn't intend to end it immediately.

The three of them can see some drunkenness on their faces, but after all, they are all veterans in the shopping mall, and they can't see the gaffe.

This meal made Miriam very uncomfortable to eat. She pretended to raise her hand to check the time, and then touched President Henry and whispered: "Mr Henry, I am a little worried about my mother, can I go to the hospital first? Take a look?"

President Henry hasn't responded yet, Shang Rui smiled, handsome and calm, a little charming, "Miss Lu, go back soon and say hello to my aunt for me. If I have a chance, I will visit the hospital."

When his words fell, President Henry nodded, "Go, wait for the secretary to come and take me back."

Chapter 62

Miriam stood up and nodded gratefully at the two of them, “Thank you Henry Zong, Shang Zong, then I will go back first.”

Ignoring Bryan directly, after she finished speaking, she hurried out.

She breathed in the cool air outside, and she was completely relieved. She lowered her head and pressed her eyebrows, very tired.

In the past three years in the workplace, it was the first time that she encountered such a difficult situation. She had her own thoughts, and she was completely confused.

After staying for a few seconds, she shook her head and put aside her troubles. She found the car and went directly to the hospital.

After resting at home for one night, the next day, President Henry did not look for her again, and Miriam could finally stay in the hospital with peace of mind.

Early in the morning, Xiang Dongnan also rushed, Miriam was startled when he saw someone, “Why are you here today, aren’t you busy?”

“Not busy.” The man smiled softly, put the breakfast on the bedside, and then nodded to Mother Lu, “Auntie, I’ll take her there first.”

Mother Lu waved her hand, “Go, I’ll watch Tian Tian here for you.”

Miriam looked at the two men blankly, before asking for a word, she was pulled southeastward and walked out.

“Brother, you?”

In the corridor, walking to the southeast, smiled and said: “Auntie told me that you were planning to come for a pregnancy test today. I didn’t expect an accident yesterday and her legs were inconvenient. I happened to be fine. Let’s go with you.”

Pregnancy, pregnancy test?

Miriam blinked in confusion, suddenly gritted her teeth in her heart.

When is she going to have a pregnancy test today?

Mom, I didn’t take you to sell girls like this.

She smiled stiffly, “I almost forgot, but it’s okay if I don’t check this time, I can come back next week.”

Let him accompany him, he must be misunderstood by the doctor.

“Since you are all here, why have to wait for next week? Let’s go, I have registered for you on the Internet in advance, go now, and I won’t waste too much time.”

“...”

Miriam couldn’t refute the arrangement so thoughtful.

I looked at him awkwardly for a few seconds and nodded, “Well, it may take a while, brother, if you have anything, you can tell me.”

“Ok.”

The two went to the obstetrics and gynecology department side by side.

During the whole inspection, Xiang Dongnan did not evade, listened to the doctor's explanation more carefully than she, and naturally was mistaken for the child's father. She tried to explain several times but was interrupted, and finally looked at it embarrassingly. the man.

"The mother of the child should pay attention. Don't be too tired every day, just exercise properly. Also, you must not touch alcohol and tobacco..."

The doctor patiently ordered, but his gaze was always towards the southeast, and it was obvious that he was speaking to him.

Miriam could only stand awkwardly and looked down at the pregnancy checklist.

After a while, there was a sudden movement behind him. The doctor was facing the door, seeing the person coming, and kindly asked, "Mr., this is the obstetrics and gynecology department, who do you call?"

Miriam and Xiang Southeast turned around together.

"I'm looking for her."

The man walked in slowly under Miriam's wide-eyed eyes, then raised his arm, naturally wrapped her shoulders, looked at the doctor, and asked in an indifferent tone, "How about the child?" "

Miriam, "..."

Doctors, "....."

Ten minutes later, on the roof of the building, Miriam looked at the man angrily, "Bryan, who made you come to the hospital? Do you know what you were doing?"

Nima, she has never been so embarrassed when she grows up so much. She probably will never forget the look in the doctor's eyes when she left.

And Xiang Dongnan was also present, letting her face others in the future.

The man downplayed, "You didn't tell me yesterday to check today, so I was late."

" ... "

The blue veins on Miriam's forehead jumped.

If she tells him, he plans to accompany her to check today?

This man was shameless, and he did not violate peace at all.

She sneered, "No need, brother is more considerate and gentler than you, do you think I need you?"

The man suddenly approached, looked at her seriously, put his hands in his pockets, his expression was almost indifferent, "Going southeast is for you, and I am for the children. Since it is my child, I will not allow them to be hurt at all. What do you want? Toss with him as you please, but I will always pay attention to these two children."

" ... "

Miriam's eyes widened for a moment and looked at him incredulously.

Bryan seemed to see her thoughts and said lightly: "I won't snatch them from you, besides, legally I have no right to snatch them from you, but since it is my child, I will not let it go."

Miriam didn't know if it was angry or couldn't refute it. She moved her lips for a long while before gritting her teeth and squeezing out a word, "It's good if you know. In a practical sense, you are just providing a seed. We are now divorced. Even if you admit that you are your biological father, you are not qualified to snatch custody from me."

He recognized her and was reluctant to kill them, so he planned to pester her in another way?

She suddenly didn't understand, since he didn't love him, why was he always so entangled?

Just not reconciled to two children calling someone else's father?

Chapter 63

"I won't make these meaningless disputes. No matter who the child is with, as long as they can grow up healthy, I won't care so much." Bryan looked at her expressionlessly, and there was nothing in his deep eyes.

Miriam was startled suddenly.

She didn't expect him to look so openly, or he just said it nicely and secretly calculating something.

"I am the mother of my children, so naturally I won't let them suffer any harm. Since you don't care, you don't need to run to have a look. After they are born, I will not be so narrow that you are not allowed to see them."

Bryan tilted her head, her thin lips pursed and smiled, with a sneer in her tone, "Even your mother can't take care of you, do you still think you can take care of yourself? Bring your own daughters to the southeast, you count on Can he be by your side at all times? Miriam, I doubt now if you can give birth to them."

“ ... ”

Miriam was blocked and speechless, her pretty face turned red, and she stared at him fiercely.

What is the ability to be born?

“I will be better if you don't hang around in front of me.”

The man smiled slightly, “Really? Climbing up and down every day, traveling with drinks, do you think they are stuck to you? How many pregnant women are like you?”

Miriam's eyes darkened suddenly, and she bit her lip, “You don't need to worry about it.”

If it's not a divorce, if it's not her dad's imprisonment, if it's not that she is in urgent need of money, if it doesn't have everything happening right now...she also hopes that she can lie at home like an ordinary pregnant woman and have a good baby.

But she couldn't say these things. After all, the marriage was asked to divorce, and pregnancy was also an accident. Dad was also responsible for his imprisonment. It didn't seem to have much to do with him. Now that the marriage is divorced, it makes no sense to say this.

After all, Miriam didn't want to continue arguing with him, so Miriam turned and left.

Bryan quickly grabbed her arm and found that what he said was a bit awkward. He calmed down a bit and said warmly: “Since I am my child, I will not let it go. I will not look at you until the child is born healthy. Toss yourself.”

“ ... ”

Miriam was startled, her heart seemed to be stabbed.

Knowing that he was right for the child, but the loss still came out inexplicably.

After all, he would not like her after all.

Throwing away his hand fiercely, she left without answering a word.

“up to you.”

Bryan looked at her back as she walked away quickly, his tight expression gradually relaxed, as if he was relieved, his eyes were complicated and helpless.

It seems that it can only take time.

Miriam returned from the rooftop, Xiang Dongnan was still waiting below. Seeing her back, she asked worriedly, “Is it all right?”

“Where did Mr. Xiang start? The child belongs to me, so how could something happen to her?” Bryan came out from behind her, standing at the door with a tall and slender figure with a cold smile on his face.

Miriam looked back at him angrily, “Why are you still not leaving?”

“It’s not me who should go? It seems inconvenient for Mr. Xiang to hold a child and take care of the elderly here.” The man’s tone was very flat, but anyone could hear the meaning.

Xiang Southeast held Tian Tian’s eyes and the light dimmed, with a small smile on his face, “Mr. Shao, it is my responsibility to take care of my aunt and Miriam. A lot of trouble.”

Mother Lu was lying on the bed, and from the conversation between the two, it was immediately understood that Bryan should have known the identity of the child. They were very guilty of hiding from him. Now Mother Lu didn't know who to help.

After thinking about it, she smirked, "Um...Xiao Xiang, Xiao Shao, if you are busy, go back, just have Miriam here, I'm fine, and there are so many nurses here. Not too many people will guard it."

Miriam immediately gave her mother a thumbs up when he heard the words. Sure enough, Jiang was still old and spicy. There was no way to deal with anyone in such an embarrassing situation. It would be better to drive them all away.

Bryan used her child to pinch her, and she was the one who got involved in the southeast. Both sides are not easy to solve. She is already big head.

She also learned from Lu mother, smiling and politely said: "Mr. Shao, I have also checked. There is nothing serious about the body, and the child is fine. You can go back without worry."

Turning his eyes, he looked to the southeast again, his tone of voice was obviously milder, "Brother, thank you for your busy schedule for a long time, my mother's side, I can just keep it, you can go back and work."

Chapter 64

Probably not wanting her to be too embarrassed, he nodded his head thoughtfully to Southeast, "Well, if you have anything to do, call me again."

Afterwards, he greeted Mother Lu on the bed, "Auntie, I will come to see you another day."

"Okay, well, go ahead." Mother Lu waved her hand with a smile.

To go southeast, I naturally did not forget to pull Bryan, and said in a polite tone: “Mr. Shao, I don’t think we two can help much here, so let Miriam and Auntie take a good rest. I invite you to go out for a drink. How about a cup of tea?”

Bryan glanced at Miriam, then looked at him and nodded blankly, “Please.”

Miriam, “...”

What are these two doing? Wouldn’t you go downstairs to make an appointment?

It should not be so naive.

Miriam opened her mouth, he wanted to say nothing, but in the end she didn’t say anything, touched Tiantian’s head, and closed the door.

After lying on the door and listening for a few seconds, she noticed that the person was leaving, and immediately turned her head to look at Mother Lu on the bed with a questioning face.

The other party suddenly coughed with a guilty conscience, raised the cup on the table and lowered his head to drink water to avoid her eyes.

Miriam narrowed her eyes and called out coldly, “Mom, don’t you have anything to tell me?”

Mother Lu took a sip of tea, put down the cup, pulled up the quilt, and smiled dryly: “Miriam, mother is sleepy and wants to sleep, or go home first.”

“Mom!” Miriam’s voice was visibly deepened, her brows frowned, her expression a little dissatisfied, “What did you say to Brother Xiang when I was away yesterday? Also, how can there be any pregnancy tests?”

If she hadn't said more about this, how could Xiang Dongnan come again today, and the two of them wouldn't bump into each other. It would be embarrassing to let her not say it, making her more embarrassed?

"This, I..." Mother Lu was very guilty, blinked a few eyes, looked at her, pretended to be innocent, and muttered quietly, "I, I didn't say anything, then, didn't the kid want to chase you? Can't you help him?"

Who knows that Bryan is also here today.

Thinking of this, she suddenly remembered something, and then turned serious, looked at her sharply, and asked, "I haven't asked you yet, when did you get involved with Xiao Shao again? Didn't you all break up long ago? Why does he come to find you? Does he want a child?"

At this point, Mother Lu's attitude became extremely determined, "Miriam, let me tell you, he doesn't even think about the child. You gave it to him. You are not allowed to give it to him. If you can't take care of it, mom will give it. You raise it."

"..."

Miriam was speechless for a second, complaining in her heart, do you care? You still rely on me to raise your legs. How can you raise a child?

She sighed, her breath weakened, and calmly said: "Mom, you think too much, he didn't ask me to have a baby, we two are not what you think... Forget it, anyway, these things about me, you Don't interfere if you don't understand, okay?"

She was really dying of worry, and she couldn't figure it out.

Mother Lu also knew that things were not going well this time, so she curled her lips sullenly, her face was a little lost on her smooth and white face, and sighed for a long while, “Okay, okay, I don’t care, just casually you.”

Miriam tilted her head and looked at her suspiciously.

She didn’t believe what she said, but since she had made a promise, she couldn’t say anything.

Mother Lu slowly lowered the backrest, lay flat, pressed the quilt under her armpit, Yu Guang glanced at her, pretending to be careless: “Miriam, but Mom also wants to remind you, although Xiao Shao didn’t say anything. , But since he already knows that the child belongs to him, his mother will surely know soon, because of his mother’s careful virtue, she will definitely not throw this child to you cheaply.”

Which mother-in-law doesn’t want to hold her grandson? Don’t say they were born with the original match, they are illegitimate children, and their rich people are happy and willing. These are two fat grandchildren in vain.

Miriam was startled, she couldn’t help but walked to the bedside, coldly, “This child was born after my divorce, what does it have to do with their family? What qualifications does she have to fight with me? His mother doesn’t even understand this. Right?”

That’s how it was said, but after Mother Lu reminded her, she suddenly became a little bit unsure.

Mother Lu curled her lips, “Do you expect an old woman to reason with you? She is just such a son. I don’t know how long I’ve been thinking about her grandson, otherwise she would give her son a woman when you get divorced. She doesn’t intend for this. Is it obvious?”

She sees a lot of this kind of things. The wife who used to be the first judge of City Two often organizes afternoon tea with some ladies in the circle. There are too many talks about this kind of things.

Miriam squinted her eyes and thought, her expression slightly complicated.

Shao's mother told her what was on the surface and behind the back. She understood this matter early in the morning, but she didn't say anything, because she didn't live in the same place, so she didn't have to think about the law every day to make her mother happy. Now that she is divorced, it's nothing more. got engaged.

She knew that Shao's mother despised herself now, and she probably already regarded Sophia as her prospective daughter-in-law. If she knew the existence of these two children in her stomach, would she just let it go?

She suddenly shook her head with a firm face, "No, I won't give it to her? Anyway, these two children are mine, and I won't regress."

Lu Mu pursed her lips and looked sad when she watched her silently.

If she does not get married, with her current conditions, her father is in jail, and the family still has an old man who cannot work, who has no ability to raise her. What if the Shao family refuses to forgive her?

Mother Lu didn't dare to say these words for the time being, she was already very hard now, and she didn't want to watch her take it all alone.

Xiang Dongnan and Bryan stood in front of the hospital after leaving the ward.

"President Shao, coffee or wine?"

Bryan turned his eyes and looked at the calm man in front of him, with a deep flash on his face, "Coffee."

“Yes, drinking in the morning is bad for your health.”

Xiang Southeast smiled, looked around, and saw a cafe not far away, “Mr. Shao, please.”

Tian Tian in her arms lay on her chest biting her fingers and looked at Bryan timidly. His big dark eyes were crystal clear.

Bryan also glanced at her, then stepped forward and asked casually, “What happened to Ling Qianjin?”

Xiang Dongnan was taken aback for a moment. He didn’t expect that he would notice Tian Tian’s body, gently touched the child’s forehead, smiled faintly, “Autism.”

Bryan walked slowly, his eyes swept around at random, dressed in a suit, calm and steady, just when Xiang Southeast thought he was just asking casually, he suddenly heard him say: “I have a friend who knows an expert in this field. I can recommend Mr. Xiang if he needs it.”

Xiang Dongnan’s expression changed, turning his eyes to look at him seriously, and smiled slightly, “I have taken Mr. Shao’s heart, but I have read a lot of experts at home and abroad in the past few years, and the effect is not very good, so I just planned to take her back to China for a period of time, now I can only take it slowly.”

Chapter 65

Bryan didn’t force it, but just licked his lips and smiled faintly at the front, “Mr. Xiang is really a rare good man at home.”

“President Shao praised it. I just yearn for this kind of simple life. I don’t pursue many other things.”

Bryan didn't speak any more.

A few minutes later, the two pushed the door and entered the cafe to find a seat.

Xiang Southeast put the child on the chair, ordered some snacks and placed it in front of her, then ordered two more cups of coffee, adjusted his emotions, and faced Bryan and said, "Mr. Shao does not intend to let Miriam go?"

Bryan leaned back on the chair, looking lazily on Tian Tian, who was seriously eating dessert on the opposite side, "This is between me and her. It shouldn't have much to do with Mr. Xiang."

But he was thinking in his heart, Miriam likes this kind of family man? Can take children, cook and take care of the elderly?

He didn't know how to do other things except that he had never brought a child. The woman divorced him and planned to live the same way. Doesn't it feel boring?

What does she want?

love?

She may not love to the southeast.

life?

He didn't think there was anything wrong in his previous life, that would make her accommodate her, never quarrel with her, she didn't want to do housework, and he rarely let her do it. Isn't that enough?

“But I am a lawyer, and Mr. Shao never thought about the trouble you are causing Miriam now?” Xiang Dongnan frowned slightly, his eyes sharpened.

Bryan’s expression was slightly startled, “What?”

“Your mother.”

The two words made Bryan’s heart sink, and he understood what was happening in a moment.

“I know how to deal with this matter myself, and I won’t tell other people before I can deal with it.”

“Handle it?” Xiang Dongnan grinned, touching Tian Tian’s head every time in his palm, “Miriam’s current conditions are not capable of raising at all, what will Shao plan to do? She will not remarry with you, so, In addition to providing support, you are taking judicial procedures to take away your child’s custody rights. Your mother will definitely not agree to the former, and I think your mother will be more impatient than you for the latter.”

“ ... ”

Bryan fell silent suddenly.

After a while, he looked at him calmly and said in a low voice: “Mr. Xiang, what do you want me to do?”

His mother is really difficult to deal with, he understands her temperament, once she knows the existence of the child, she will never give up.

Stirring the coffee gently to the southeast, her tone was flat, “Compared with money, she will definitely choose the former. Shao can always act as if she doesn’t know what to do as before. Stay away from her. After the baby is born, she should not Will refuse your visit.”

This is also Miriam's current plan.

Bryan laughed without thinking about it, but his eyes seemed to be covered with ice, very cold, "Mr. Xiang intends to take the order to the end? I am not interested in consulting any laws. The child belongs to me, so I will only have A dad. Each has its own dad, so you should spend more time on her. You can consider the suggestion I said before. That expert is really good."

Pointing at Tiantian with his chin, he stood up, and said coldly and politely: "Thank you for the hospitality, I will leave if I have something to do."

The light towards the southeast dimmed for an instant, and there was a strange color surging in the bottom of his eyes.

He did not speak, quietly watching him leave.

He understands. The meaning of Bryan's words is already very clear, whether it is Miriam or a child, he will not let go.

After a long while, he lowered his head to the southeast and looked at Tian Tian tenderly, "Tian Tian, do you like Aunt Miriam?"

The little girl was taken aback, tilted her head to look at him, then grinned, her pink face was smiling, and she nodded.

After that, he continued to lower his head and concentrate on eating.

To the southeast, she rubbed her forehead lightly with her fingertips, her thin lips curled slightly, and her eyes showed a touch of complexity.

...

There is no need to go to work. Miriam talked to Mother Lu in the ward in the morning. After lunch, she took out her notebook and sat in the ward to work for a while. After Mother Lu fell asleep, she stretched out and went to the garden downstairs.

Tired of walking, sitting on the bench to rest, and feeling a little thirsty, she looked around and found a stall selling hot drinks.

I got up and walked over, scanned the menu, and said to the waiter: "Thank you for a cup of milk tea."

Suddenly a voice came in immediately following her words, "Sorry, no need."

Before Miriam could react, her wrists tightened and she was dragged away.

She fixed her eyes on the back of the man's head, angrily, "Bryan, why did you run over again? You have to worry about drinking a cup of milk tea when I am thirsty?"

The man said quietly as he walked: "Drinking that kind of thing is not good for your health. I will buy you what you want."

"..."

Miriam's expression was slightly strange.

Then, gritted his teeth and threw away his hand irritably, "Enough, Bryan, I can give birth to this child even if you don't ask about it. You don't have to force yourself here. Why should you go? Don't be in front of me. Is it okay to swing?"

"No." Bryan looked down at her condescendingly, with good-looking eyebrows with a strong sense of oppression, "I understand all your bad habits. I don't want them to enter the ICU at birth, so during this time I will Look at you well."

“However, I also assure you that I will not tell others about pregnancy.”

“ ... ”

Miriam was blocked and speechless for a moment.

This bastard!

What are her bad habits? Isn't it just smoking and drinking? But she basically doesn't touch those things after pregnancy. Does she know how to take care of her own child?

Seeing her deflated, with an ugly expression, the man's thin lips bend, and in a good mood, he raised his hand and rubbed her hair, and said warmly, “Okay, aren't you thirsty? I'll take you to buy something to drink. ,Ok?”

Because I don't go to work, I'm dressed casually, my face is upright, my hair is messy, a bit less powerful as a working woman, and more tender and weak than a little woman, especially the fair and small face because of pregnancy. These joys made Bryan more comfortable looking.

The tenderness in this voice made Miriam's eyes trance for a while, then raised her beautiful eyes to stare at him, and said fiercely, “Then you are not leaving? Do you want to die of thirst?”

Bryan, “ ... ”

“Okay, let's go.”

Taking her hand naturally, the man walked in front, and the handsome face that turned to slowly showed a trace of warmth.

Chapter 66

Miriam stared at the back of his head, gritted her teeth a little depressed.

She didn't know why she suddenly felt relieved just now, knowing that he was only doing this for the child, but seeing him caring about herself, she just couldn't bear to refuse.

It was really cheap, with no promise, Miriam scolded herself in her heart.

Bryan took her to buy a cup of hot milk. After paying the bill, he lowered his head and asked, "In addition to drinking, what else do you want to eat?"

"Not hungry." Miriam still didn't give him a good face.

"Then are you planning to sit down and rest, or continue to hang out?"

In fact, he almost followed her all the way, afraid that she would be annoying, so he couldn't help showing up just now.

Miriam glanced at him, "I'll go back, you can go too."

With milk in her hand, she turned around and left.

Bryan stopped her and said of course: "Your mother hurt her leg. You will be idle when you go back. I will take you on a walk and go back to dinner."

"..."

Miriam stared at him weirdly for two seconds and sneered, "You really will make a decision for me, who said I will go back and idle? You think you are all just like you, wandering around like stray dogs."

Bryan, "..."

Stray dogs?

This Nizi's mouth is getting more and more poisonous?

As the daughter of a judge, she knew she could say before, but she never spoke so harshly as she does now. She hates him so much?

"I'm going back to Jincheng tomorrow. There will be time. If you dislike it, it won't be long." He smiled faintly, held her hand again, and walked forward without giving her a chance to refute.

Miriam was stunned by his smile just now, and when he reacted, he had already followed him away, her ears became hot instantly, she cast her eyes down and said dully, "Are you walking the dog? Can you let go of my hand? Don't think that using children to make excuses can take advantage of me in vain."

"..."

Bryan was a little helpless, but didn't want to be driven, so he could only let go of his soft little hand, but the next moment, a fast car passed her side instantly.

"Be careful!" The man's face changed, and he pulled her into his arms with a reflex.

Miriam was dumbfounded. He hadn't realized what was going on. Her body was wrapped in warmth, and the tip of his nose was full of breath from him, which made people feel at ease.

But the reason was pulled back in an instant, she coldly pressed her face and pushed him away, "Let go of me! I really can't let go of you for a moment."

Bryan was not wrinkled, and his handsome face was a little strained, “I should say this to you. I have never seen you so confused before. Can you have more eyes when you walk?”

“You and I.....”

Miriam was speechless, and he was stunned by the training. He was inexplicably stunned, but he couldn't find a rebuttal, and his face suddenly became red and blue.

She had never seen him so long-winded before.

On the road after that, it became natural for the man to hold her hand, no matter how she tried to struggle to escape, she immediately became honest after she touched his faint glance.

It's not that she persuades her, but that he can find words to her no matter what she says, and nine out of ten sentences are inseparable from the child. It also shows that he is doing this for the child only, so she should not think too much, then she What else can she say, she is completely poor and can only give up struggling.

Following him absent-mindedly, the two of them walked to the nearby commercial street without knowing it.

Fearing that she would meet an acquaintance, she didn't want to continue walking in, frowned and said, “What are you taking me here for?”

“shopping.”

Miriam wrinkled her brows, and immediately broke with her other hand. He shook his hand and said, “I want to buy things by myself. I have never seen you such a bigot before. I don't want to go shopping anymore. I want to go back.”

Bryan squeezed her hand and increased his strength. He looked back and looked down at her, with an indescribable tone, "I will naturally send you back after buying things. Since I have already come, why are you in a hurry? Just treat it as accompanying the customer. Do you need to be so nervous?"

"Who, who is nervous?" Miriam stammered at his dark eyes, and said angrily, "Besides, is it necessary to hold hands with customers?"

When walking around the commercial street holding hands, a three-year-old will think that it is either a couple or a husband and wife. Is it possible to expect to be regarded as a brother and sister? If she met an acquaintance, how would she explain it?

"Then you want me to hold you?"

"..."

"Hold you?"

"..."

Bryan looked at her calmly and even looked at her solemnly, "You know, there are too many people here, I can't leave a pregnant woman to go by myself, there is no demeanor."

"..."

Demeanor your sister!

Miriam yelled inwardly, her pretty face gloomy.

The shamelessness of this man refreshed her three views again.

Inhale, calm down!

After calming down for three seconds, she gritted her teeth and cursed,
“Bryan, count you cruel!”

Bastard!

The man squeezed her hand, touched her head, and smiled indifferently,
“Don’t be angry, be careful of hurting the child.”

“ ... ”

Randomly found a shopping mall.

Bryan led her straight to the clothing area.

Miriam coldly ignored him and did not speak, but his mind seemed to be out of state, and he didn’t know what he was thinking.

Stopped at a women’s clothing store, the saleswoman immediately smiled and stepped forward, “Mr and Mrs. Do you want to buy clothes?”

“Well, let’s see for ourselves, don’t have to entertain.” The man glanced around, his tone indifferent.

“Oh yes, then call me if you have any need.”

After the salesperson left, Bryan walked around and picked out a few pieces of clothes, making gestures on the woman.

Miriam blinked, and finally realized something was wrong, and grabbed his arm, “Who wants you to buy me clothes? Bryan, is your brain sick?”

Street hooligans are not as bad as him, are they? I have to buy clothes for her after they are divorced.

The man pushed her hand away, there was no change on the handsome face, his eyes still fell on the clothes, his lips pouted and he said calmly, “Your belly is becoming fast now, don’t tighten your belly so tightly for work. It has an impact on the development of children.”

Miriam flashed her eyes and bit her lip, “You don’t need to buy it, I will pay attention.”

The clothes she wears now are all loose, but she can’t wear that large size every day, which will cause suspicion. Besides, she must wear a suit on some important occasions.

“The size you bought is not suitable, the style is too ugly, and it is very different from your previous style. There will still be doubts. Besides, I didn’t say I want to buy it for you. I just pick it for you and pay for it.”

“...”

Miriam suddenly wanted to hit someone.

Does he know how expensive the brands are here?

She used to be a frequent visitor here, but now she doesn’t even dare to look at it. He even said that for granted.

Chapter 67

“Of course, if you don’t have money with you, I can also help you pay.” The man fancy a set of clothes and stuffed her into her arms, without lifting his eyelids, “Go change it, and I’ll look at it for you.”

Miriam stood still, watching his eyes gradually cool, as if a certain emotion was brewing.

Bryan picked up a set of clothes and looked at him, faintly said: "If you still want to continue to work, be obedient, shouldn't Henry always need a pregnant woman as a left-handed man?"

Miriam's eyes dimmed for an instant, her breath sank.

Threaten her!

But what he said is correct. Although the company has paid maternity leave, it is only a basic salary, without bonuses and project commissions. Given her family's current situation, it will not last long.

Besides, the workplace is often so fierce nowadays, she finally got to the position of manager, she left, and someone was waiting for her at any time.

She must not lose her job now, or she will have more troubles after the baby is born. After all, she remembers what her mother said in the hospital.

"Bryan, if you let me lose my job, I will definitely take the child to kill you."

Even so, she still held her clothes and went to the changing room obediently.

Bryan glanced at her, did not speak, and continued to choose clothes.

"All these sets are wrapped."

"Okay, please wait a moment." The saleswoman looked at the handsome and expensive man in front of her, blushed, and turned to get the packaging bag.

After getting dressed, Miriam came out and took a picture in the mirror. She had to admit that you get what you pay for. This is much more comfortable to wear than the cheap goods she bought, and looks stylish and tasteful.

Before there was an accident at home, she still pursued these things. With her own salary, she did not visit the famous brands less. Of course, it also contained a bit of a woman's desire to please herself, but after thinking about it, he might not have noticed it.

She curled her lips in a self-deprecating manner. Through the mirror, she saw several boxes packed by the saleswoman, her face changed, and she turned and walked over, "This is all mine?"

Bryan looked at her and gave an understatement.

"I still have a lot of clothes in my house and I don't need to buy so much. This set is enough." The salesperson looked at it, she didn't want to be ashamed, and she didn't dare to be too angry.

"I've come here, naturally I have to buy more, I don't have so much time in the future." The man naturally took the wallet from her hand, found a credit card and handed it over.

Miriam was stunned, reaching out to grab the card, "I have time myself."

Does he have time to have anything to do with her? With so many sets of clothes, her credit card is probably going to be maxed out.

Bryan has very long arms and is tall. He easily dodges the card and handed the card to the salesperson."You still rarely come to this place by yourself. If you need anything, order from the Internet and let someone deliver it."

Miriam's face was embarrassed. Before she opened her mouth, she heard the salesperson envy and said: "Madam, your husband is not only handsome but also so considerate. You are so happy."

"You misunderstood, he is my brother." Swiping her card still called thoughtful? This girl is fooled by his pretty face, right?

brother?

The female salesperson was so embarrassed by her words that she laughed and swiped her card.

Bryan's complexion also turned a bit bad for a moment, but he didn't be too obvious. After all, his brother always listened more comfortably than his ex-husband.

After paying the bill, Miriam felt the purse and walked out painfully while the female salesperson gave it away.

One month's salary is gone.

The clothes were sent to the residence without mentioning, Bryan didn't seem to see her small expression, and he was pulling her to the shoe store again.

When Miriam saw this, she squeezed her wallet, and immediately stepped back, "Bryan, are you endless? You want to buy clothes and shoes. I don't need these things. Can you stop for a while?"

Co-authoring is not to spend his money not to feel bad, right?

The man glanced at her smooth white ankles, frowned and said solemnly, "It's getting cold soon, don't wear such short socks."

“ ... ”

Miriam knew that he couldn't listen, so anxiously, she caught a glimpse of the children's clothing area downstairs and pulled him over, "Don't you really want to buy clothes? Let's take a look at children's clothing."

Anyway, you have to buy it, and you can keep it at home. It would be a waste to buy a pile of clothes for her with so much money. Now turn the man's attention away.

Bryan tightened his eyebrows, glanced at her, and did not refuse, because he was afraid that she would not be willing.

In the children's clothing area, the two are like a normal couple, picking and choosing, it seems.

But most of them were Miriam walking in the front to choose. Bryan pushed the car and followed closely to take a look. His expression was gentle and he couldn't see much emotion, but he didn't look impatient at all.

Infected by the childlike world in front of him, Miriam seemed to have really become a mother, gradually showing a gentle smile on her face, completely forgetting that there was still an ex-husband behind her who made her sad.

Bryan lowered his head and stared at her profile, as if touched by something in his heart, the stiff facial features gradually softened.

The child, and her...he had never considered these before. On the one hand, she was too busy at work. On the other hand, she was so behaved that she seemed to have no sense of existence in front of him. Nobody.

"Bryan, look at this..." Miriam looked at a stuffed toy, turned her head and smiled at him happily, but she just met the look in his eyes staring at him, and the tenderness that was too late to take back was completely seen by her.

There was a sudden tremor in her heart, and she froze.

He had never looked at her with that kind of eyes, for a moment it seemed like an illusion.

Bryan's eyes burned, and in her daze, she suddenly leaned over and kissed her lips accurately.

With a click, this scene was clearly captured by a distant mobile phone.

A group of three young women, fashionable and sexy, the woman in the middle looked at the pictures taken, and then looked into the distance, her face was blue, and the jealousy in her eyes almost came out.

"Xiaoxue, he, haven't they already divorced? How to pay it back?"

Standing in the middle was Sophia, who accompanied the two sisters to go shopping in the afternoon. She was so happy that she would meet Bryan, but before she went up to say hello, she saw Miriam again.

That bitch, who is still pestering him, is divorced, and is so shameless.

"What else? A shameless woman who wants to seduce a man when she sees it!" Sophia cursed with her teeth.

"But...it's not right, they are visiting the children's clothing area?" Another sister Hua pointed to the sign with a look of confusion.

Sophia snorted coldly, "That's why she is a bitch. While making other children a little stepmother, she ran to seduce her ex-husband. This woman is really cheap."

“Other people’s child?” The little sister touched her chin, squinted her eyes for a long time, and said suspiciously: “I think she is wearing such loose clothes and flat shoes. I thought she was pregnant.”

Women already know women very well, let alone these gossip women who are used to the methods of concealing pregnancy by female stars. Seeing Miriam like this, one can tell what is true at a glance.

A word awakened Sophia, her face suddenly changed, and she suddenly turned her head and stared at the little sister, “What did you say? She is pregnant?”

The two sisters were taken aback by her reaction, and blinked carefully and said: “I, I guessed.”

Sophia looked at the two of them, her eyes suddenly turned terrifying, and she curled her lips with a weird smile, “You can tell if you are pregnant or not.”

If she is really pregnant, no matter who it is, she will not make her feel better, let alone Bryan.

Chapter 68

Miriam dilated her pupils silently, dull and motionless.

She felt the man’s hot and damp tongue stick into the mouth, and she was shocked and stretched out her hand to push him.

Bryan was also too focused and didn’t pay attention. She staggered a step backwards by her, risking to stand firm.

“I, I’ll go over there and take a look.” Miriam didn’t care about him in a panic, turned around and fled, her ears were hot and spread to her face very quickly, for fear of being seen by him.

Bryan was also a little dazed, frowning and wondering where the impulse had come from just now. After another look, he had already ran away.

It's okay to make a kiss in the public. If it's a normal boy or girl friend, Miriam certainly thinks it's nothing, but what is the matter with Bryan now?

What does this man mean if he does anything to her? Is he still not out of his previous habits?

Miriam's heart was suddenly disturbed, and she lost the mood of wandering.

She glanced at the man not far away through the shelf, her eyes were extremely complicated.

She pursed her thin lips, as if his scent still remained on them, Miriam blushed, and her heart throbbed again.

Absent-mindedly weaving through the merchandise shelves, somebody did not know what happened, a shelf behind Miriam swayed a few times and suddenly fell down.

"Be careful!"

I don't know who screamed, Miriam was startled, and looked around blankly. She still didn't understand, the light and shadow in front of her flickered, she was hugged and pulled aside, and the shelf behind her slammed down. Land, the goods were scattered in a pile.

The waiter immediately ran up in a panic and asked, "Sir, madam, did you hurt you?"

The loud noise really frightened Miriam. She slowly raised her head and glanced at Bryan with a dumbfounded look. Then she glanced at the things on the ground, and asked in a vaguely worried: "Did it hit you?"

She was hugged by him just now before she understood what was going on.

Bryan straightened her, frowned, shook her head, and lifted the messy hair on her face, "I'm okay, did you scare you?"

Miriam moved in her heart, silently stepped away from his arms and shook her head.

The waiter breathed a sigh of relief, "I'm really embarrassed, I'm surprised you, we will immediately clean up."

Bryan glanced at the mess on the ground, his tone was a bit heavy, "What's the matter?"

"It may be that the goods are piled too high and unstable. I am really embarrassed. We will definitely adjust." The waiter apologized repeatedly.

Miriam waved her hand, "Go ahead, we're all right."

Afterwards, she looked at Bryan, "Is it almost the same thing you want to buy? Let's go back."

The man thought she was startled just now, and nodded, "Okay, let's go back."

Immediately, put the shopping cart down, took her cold little hand, and walked towards the elevator.

Miriam looked down at the hands that were holding together, her expression swayed, her mouth opened still nothing.

Forget it, let him go, he won't listen anyway.

Just after the two left, three figures slowly walked out behind a shelf in the children's clothing area.

It was Sophia and two best friends.

“Damn it! I didn't hit her.”

“Xiaoxue, is your manager Shao really divorced? How come they look at the relationship so well?” A sister looked at the direction Miriam was leaving, very confused.

“Yes, yes, you saw it at the moment just now, but Mr. Shao's anxious appearance is not fake at all.”

Sophia's face was ugly at first, and she was fueled by her two girlfriends, and she suddenly gritted her teeth with anger, and screamed, “What kind of relationship? They were divorced a long time ago. Where did the relationship come from? There must be something tricky in it.”

Even Bryan, whom she has known for so many years, would never be the way he was just now. How could he have such a flustered look? Miriam is nothing but a woman who was stuffed by her dad. Chen doesn't love her at all. .

There must be something happening in this that she didn't know.

The two girlfriends looked at each other, not knowing what to say.

After Sophia finished speaking, she was about to leave.

“Huh? Xiaoxue, are you leaving now?”

“You go shopping by yourself, I'll go back first.” She said and left without looking back.

The two sisters were stunned, looked at each other, and sneered, “If you are in a bad mood, you don’t need to lose your temper at us? It’s not the two of us who rob her of the man.”

“You said, was the woman really pregnant just now?”

“It doesn’t matter to her, it’s none of our business anyway, let’s go, let’s go shopping.”

Chapter 69

After coming out of the mall, Miriam was about to go back to the hospital. After walking a few steps, she couldn’t help but frowned when she saw the people behind her. She was annoyed by the confusion just now, and her tone became a bit bad. Why are you still following me?”

“I’ll take you back.” Bryan looked at her and didn’t feel anything wrong.

“I know the way by myself, don’t need you to send it, you go back.”

The man frowned slowly. He didn’t understand why she suddenly changed her attitude, but he didn’t ask aloud, just nodded obediently, “Well, I will go back as soon as you enter the hospital.”

“ ... ”

Miriam’s irritable mood soared to the extreme for a moment, and she couldn’t bear it, and said angrily: “Bryan, can you stop following me? This kid is not yours alone. I will pay attention and be careful. You don’t need to do this. Follow along all the time.”

Bryan’s expression sank, “You are just as careful as before? If I’m not here, do you know what the consequences are now?”

Miriam was choked.

I did not pay attention just now, but there were so many accidents.

Besides, it was not because he suddenly treated her...otherwise how could she not notice?

She lowered her head angrily, her pretty face was still not very beautiful, and then she put on an indifferent expression, "I feel bad when I see you. If you still want me to have a good meal in the evening, start from in front of me now. disappear."

" ... "

The man's handsome face turned black.

This woman has also learned to make trouble unreasonably.

He gritted his teeth a little, "You hate me so?"

Miriam tilted her head to look at him, smiling brightly, "What do you mean? So...for the sake of the child, you still don't want to affect my appetite."

" ... "

In the end, Bryan still didn't treat her coldly, and walked away from her alone.

The bright smile on Miriam's face slowly disappeared as he watched the man completely disappear from the crowd. She looked down at her abdomen, her eyes filled with unbearable sadness.

Child, child... No matter how good he is doing now, it's only for the child.

After standing there for a minute, she turned and left, but she didn't notice at all, and a figure followed not far away.

Miriam returned to the ward, Mother Lu looked at her strangely, "What did you do? Why did you come back now?"

"It's just a walk around for a while." She smiled faintly, still thinking about Bryan.

Mother Lu looked at her for a second, then suddenly frowned, "What's the matter with you? Are you feeling unwell?"

After all, it is her own daughter, as long as she has a slight expression, she can detect the abnormality.

Miriam was stunned for a moment, as if regaining consciousness, she smiled indifferently and shook her head, "What can I do? Are you hungry? I'll go out and buy you some food later."

"What to eat? Don't toss when you come back. Just wait for the little nurse to bring some food back from the hospital cafeteria. You can rest for a while."

Miriam sat on the chair, bowed her head and curled her lips, "Oh."

She felt that her mother was a little bit fascinating, as if she could see everything. It seemed that she had to be more careful in the future.

After walking outside for a long time, Miriam also felt a little tired. He sat with his head tilted for a while and fell asleep in a daze. When Mother Lu saw this, she did not dare to disturb her, but asked the little nurse to help her cover it. Got a dress.

After all, it is a high-end private hospital that burns money. The ward is not only single-person, but also luxuriously decorated with good sound insulation.

Miriam slept comfortably for a long time. When she woke up, the lights in the room were all on.

Rubbing her sleepy eyes, she yawned, sat up and asked casually, “Mom, what time is it?”

Because I just woke up, my voice was hoarse.

“It’s seven o’clock.” It was not Mother Lu’s voice that answered, but a low and nice man’s voice.

Miriam was shocked and immediately looked up.

Facing the ceiling light, it was a little dazzling. She watched for a few seconds before she could see clearly, her face changed and changed, “Bryan, why are you again?”

Why is he so persistent.

It was him before going to bed, it was him in the dream, and it was him when he woke up.

The man was standing. His height of a few meters and eighteen meters almost covered all the lights above her, but it also blurred the expression on his face, so that people could only hear a gentle voice, “I didn’t tell you before Do I want to go back to Jincheng tonight? I’ll leave later and come to the hospital to see my aunt.”

“Then have you seen it? Just leave after you have seen it.”

Miriam finished speaking in angrily, lifted the quilt and was about to get out of bed. After a pause, she suddenly remembered that she was sitting in a chair? Why did you get to the bed?

I looked up and found out that this was not Mother Lu's ward at all, and she was lying on the bed, and the man was standing in front of the bed.

"I, why am I here?" She glared at the man and pointed at herself, squatting inexplicably.

Bryan bent over and took her shoes to the bed, and said lightly: "It will be uncomfortable to sleep on a chair for a long time, so I will take you over."

"Then, what about my mother?" Her mother just watched him carry her over without making a sound?

Is it her mother?

"Auntie is next door." Bryan didn't know what she was entangled in her heart. Seeing that she was still thinking about something, he simply squatted down and put her shoes on her feet.

The warm touch on her feet made her heart tremble. Looking down at the man's broad shoulders and back, her ears became hot, she hurriedly pushed him away, and squatted: "I, I will come by myself."

Putting on her shoes quickly, almost afraid to face him, she quickly walked out of the ward and returned to the next door.

She still couldn't believe it, her mother just ignored it? Did she forget that they were divorced?

In the ward next door, Mother Lu was lowering her head and eating bite by bite. The door of the room was suddenly pushed open. She choked with surprise and coughed very quickly.

"Mom." Miriam's face changed slightly, and she stepped forward, gave her the water glass, and patted her back lightly.

Mother Lu returned to her level after drinking, and smiled at her, “Are you awake? I think it’s too early, you go home, you have to go to work tomorrow morning, you don’t have to stay tonight.”

Miriam approached her, pretending to lower her head to tidy up her clothes, and gritted her teeth in a low voice, “Mom, don’t change the subject for me.”

Lu Mu saw Bryan who came in behind, nodded with a smile, and then responded in a low voice, “I came to see you specially, I was afraid that you were hungry and even bought some food. I was so embarrassed to make a face. He saw you there. When I fell asleep on the chair, I hugged you. There was nothing wrong with it. What can I say?”

“ ... ”

Miriam’s eyebrows twitched.

Can you see if he treats her next door?

Probably guessing what she was thinking, Mother Lu murmured, “If he wanted to do something wrong with you, he would have to wait until after the divorce? People may just love the child, so don’t be careful.”

“ ... ”

Miriam really wanted to vomit blood.

Is she careful? She would be happy even if the mother is expensive by the child?

Chapter 70

The man washed himself white after a meal.

Withdrawing her hand, she rolled her eyelids and said coolly: “You eat, I will clean up and go back.”

Mother Lu ignored her, and then looked at Bryan with a smile, “Xiao Shao, my legs are not convenient. Could you please send her to the car?”

Before the man could respond, Miriam interrupted her, “Mom, I am not a child, and I know how to go home.”

Seeing that she seemed really angry, Mother Lu closed her mouth angrily.

Bryan’s expression did not change. He looked at Miriam and smiled lightly, “Don’t worry, Auntie, I will let someone send her home.”

If he didn’t want to catch a plane, he would definitely send her off by himself.

Miriam didn’t want to argue with him in the ward, just glanced at him, took the bag and said to Mother Lu: “Then you have a good rest. If you have anything to do, call me or call the nurse, I will go back first.”

“Hmm, let’s go.”

“...”

Miriam was out of the ward at Mother Lu’s urging, and the man followed like a stalker.

Until the entrance of the hospital, Miriam turned to face him, but was preempted by the man before he spoke.

“I will take care of Mr. Shang’s affairs. I’m not sure when he will leave City Two. Don’t contact him anymore.”

Miriam twisted her eyebrows slightly, and sneered, “Who is President Shang? Even President Henry has to be afraid of three points. Do you think I can decide if I am a little manager?”

Bryan approached her with a serious expression, “He has his own purpose in running towards you. You can push as long as you can. I don’t think Henry will be embarrassed by you. You won’t be able to work for a few months, so why bother?”

“If you can push, you can push, what you said is easy. If I could push, I would not have agreed to President Henry to take over Long Teng’s business. Dealing with you people has never been a worry. I can mix up to today. Do you think you picked it up casually?” Miriam looked at him with mockery on her pretty face.

Bryan frowned, standing in front of her with a straight body, inexplicably handsome and beautiful, “I and Yingxin are pure cooperation, but Shang Rui is not necessarily, why do you compare me with him? I didn’t think about anything. I want to hurt you too.”

Miriam was startled, bit her lip lightly, and then raised her head and sneered, “Heh... Bryan, what you say is really slipping away now, in my eyes, do you think you are different from him? It’s all Yingxin His customers are all businessmen with stinky eyes and calculations, and there are good people and bad people. And, how do I know that you are not deliberately speaking bad things about others and sowing discord? Is this kind of commercial method very new?”

“...”

The man looked at her, his handsome face sank silently, the short hair on the forehead fell down, and the stiff nose made the facial features a lot deeper. There was a deep indifference when he didn’t speak, but it was not the coldness in the bones, but just mature. A lot.

Miriam panicked.

He won't be angry anymore.

After swallowing, she glanced at both sides with a guilty expression in her eyes, and said, "If it's okay, I will go back."

Bryan looked at her deeply, did not say much about Shang Rui, just said: "My driver will be here soon, let him take you back."

"No, I can stop a taxi myself." His driver must have taken him to the airport.

"Miriam..." Bryan was about to refute, but was interrupted by the vibration of Miriam's mobile phone.

Miriam glanced at him, took out his mobile phone, pressed to connect, "Hey, brother."

Hearing the senior brother, the man's dark eyes instantly narrowed, and his breath quietly turned cold.

He really can choke time.

"Uh no need, I will go back soon."

"..."

"It's really not necessary. Don't toss if you have to take care of Tian Tian. I'm already waiting for the bus."

"..."

"Well, yes, thank you brother, you also have to rest early."

Miriam smiled and finished the last sentence and hung up.

“Stay away from him in the future.”

“ ... ”

Miriam’s cold voice was startled, thinking that she had heard something wrong, she looked back at him, extremely inexplicable, and laughed and sarcastically, “Ex-husband, you are getting wider and wider, right? You have to intervene with whom I associate now. If you were so worried before the divorce, I would definitely not divorce you.”
