

Let Me be Your Ex Chapter 91- 100

Chapter 91

On the contrary, he owed her a lot. Without these two children, she might have entered a new life, and she wouldn't have to be so tired and so hard.

Is it better for children?

Miriam's heart became cold a little bit, her fingers in the quilt tightly gripped the sheet, and she stared at him for a few seconds, tilted her head and looked out the window, and hummed coldly, "Of course I don't owe you. Not to avoid you, but you are indeed like a snake and scorpion, entangled and refused to let go. I think you really should ask your mother to find you a woman to give birth to a child, otherwise you will never get out of this circle, you will only spin around in place ."

Bryan's handsome face slowly tightened, and a slender chill flashed in his eyes, "You don't have to worry about whether you want to have a baby with another woman, but I will always be in this circle until these two are born in your stomach. Turn around, no matter how annoying you are, you must endure it."

"You!" Miriam was choked to death.

Knowing that she was not feeling well, the man did not quarrel with her. He tucked the quilt with a cold expression, squeezed her cheek with his fingertips, and said warmly: "Let's rest. I'll talk to the doctor."

" ... "

After the man left, Miriam stared at the ceiling with open eyes for a long time, and then fell asleep again.

...

In the afternoon, Mu Ming and Xiao Zhang came to the hospital together. At this time, Miriam was in a stalemate with Bryan because of leaving the hospital.

She felt that after a day's rest, there was nothing serious about it. Except that she was a little weak, she had no problem with walking. She was not seriously ill, and pregnant women could not take medicine. She stayed lying down, so it's better to go back. Lie down at home and make room for the hospital.

Besides, she is still on a business trip. She originally planned to return to City Two tomorrow morning on the flight ticket. Even if she asks for leave, she will have to rest at home, and if she has a fever, she will be hospitalized. How can she explain to her boss?

But the man didn't listen to her at all, and after a few cold words, he went out alone.

"Sister Miriam, if you want to stay one more day, I and Mu Ming will go back first?" Xiao Zhang looked at her with a bad expression and suggested.

Mu Ming sat on the chair next to the bed, nodded, and then smiled ambiguously, "I think Mr. Shao is there, and there is nothing wrong with the two of us."

Miriam immediately killed him with a cold eye, "You treat everyone as free as you? I don't have a broken leg, so why can't I take a plane back? Besides, the consumption here is almost twice that of City Two, so you can reimburse me?"

“ ... ”

Mu Ming was blocked and speechless, and because of Xiao Zhang's presence, he couldn't mention her pregnancy.

At this moment, Bryan opened the door from the outside and threw the phone in her arms expressionlessly, “Your Henry's call.”

Miriam, “ ... ”

The woman no longer knew what expression to use to him, and there were two pairs of eyes staring beside her.

Clenching her teeth secretly, she squeezed out a smirk, picked up the phone and put it to her ear, “Henry Zong.”

“Hey, Xiao Lu, I heard Mr. Shao say that you are sick over there, are you better now?”

Miriam said as calmly as possible, “It's all right, and I can return to the company tomorrow.”

“Uh, no hurry...you stay two more days. Mr. Shao told me that his company has some problems and he wants you to help. This is a good opportunity. On behalf of Yingxin, go and study and come back to report. Right?”

“ ... ”

Miriam listened to him talking over there babbledly, even though she endured, her face was getting worse and worse, “Mr Henry...”

Before saying anything, Mr. Henry quickly interrupted her, “Oh yes, let Mu Ming and Xiao Zhang come back first. Just like that, I’m having a meeting here... Hang up first, bye.”

“season.....”

All the words suddenly got stuck in her throat, Miriam squeezed the phone, and then took a deep breath, her eyes turned black with anger.

Mr. Henry’s performance was obviously because he saw something tricky, for fear that she would ask and hung up the phone in a hurry.

“Sister Miriam, what did President Henry say?” Xiao Zhang didn’t see anything yet, but asked curiously.

Mu Ming smiled, “It is estimated that some new task has been assigned to let Sister Miriam go back here later. Let’s go first.”

Chapter 92

The blue veins on Miriam’s forehead felt like breaking.

He took a look at Mu Ming and told him to shut up, and then tried his best to pretend to be calm and confess to Xiao Zhang, “Henry always has something to deal with in Jincheng. You should go back with Mu Ming tomorrow morning. You are on business these days. The materials and work arrangements for the next few days. I will sort them out and send them to you at night. You can watch the department’s affairs and call me if you have any questions.”

Xiao Zhang looked straight and nodded immediately, “No problem, Sister Miriam, don’t worry, I will arrange it.”

Miriam nodded with a slight smile.

She still recognizes Xiao Zhang's ability. Although she is not as flexible and smart as Mu Ming, she is honest and responsible. Unless he can't solve the things she asks for, there will be no other problems.

Mu Ming leaned forward and grinned at her, "Sister Miriam, how should I arrange?"

"You?" Miriam raised her eyebrows, pretending to ponder for a while, then blinked her eyes and gave him a very kind smile, "I'm not here, the department will definitely be busy. I know you are so smart. Others are highly efficient, so take out the trash, mop the floor, and order coffee and snacks for colleagues...I will leave it to you. The task is heavy, and you must do well."

The smile on Mu Mingjun's face suddenly crossed, watching her with a bitter look, she couldn't cry without tears, "...Yes, Sister Miriam, I must do it well, but you don't want to live here until next year, my The year-end assessment is still waiting for you to score."

The corner of Miriam's mouth twitched, "..."

"Don't worry, it won't be next year." I never forget to tease her, this child is getting less and less cute.

Bryan watched the three of them talk, but did not interrupt, standing quietly with his hands in his pants pockets, a little more calm and casual.

Mu Ming suddenly looked at him, raised his eyebrows and curled his lips and said, "Mr. Shao, our manager Lu is here alone. You have to take care of her."

Immediately afterwards, a slap fell heavily on his shoulder, Miriam looked at him with a smile, "Sister, I am very well, and I don't need someone to take care of it."

Bryan glanced at Miriam's excessively white face, pursed his lips and responded to Mu Ming, "With your instructions, I will not neglect Manager Lu. I think she needs a rest, let's go out and talk."

Miriam, "..."

...

With Bryan present, Mu Ming and Xiao Zhang did not stay long before packing up their things and leaving.

The anger that Miriam had endured for a long time was finally able to vent. He threw off the quilt and got out of the bed and walked to the man in front of the man. Without waiting for him to explain, he grabbed his clothes and pulled down, and asked with a cold face, "Who asked you to give President Henry? Calling? Why do you decide for me, do you know how much trouble you caused me?"

Bastard!

The neckline of the white shirt of the man's shirt was torn open, and the first button broke apart. It can be imagined how hard the woman used, but it also shows that her anger at this time has soared to the extreme.

How could Miriam not be angry? President Henry's incident really touched her bottom line. Yingxin won Long Teng for so long before winning it. President Henry also lost face for this incident many times, every time in Long Teng. The representative also bowed down in front of him, and also took her to meet the man in person. Every time she pretended not to know her, and now she was like this. If he was asked to guess something, how much suspicion would she have in the future, she could still be in the company Stay? .

Moreover, even if Henry always thought about the old feelings and wouldn't say anything, then what happened to the relationship with Long Teng after that, the first time she looked for her.

Bryan lowered his eyes and glanced at his clothes, and then fell on the woman's angry face. There was nothing in her deep eyes. She didn't seem to be surprised by her reaction. He slowly explained, "I just told him that I was drinking I met someone from your company on the table and said that you are ill and I will send you to the hospital... As for my company's asking you for help, I didn't lie, there is indeed a problem."

Miriam was startled and looked at him suspiciously for a few seconds, still angrily, "You only said this? No other shit?"

The man frowned slightly, "What do you think I would say?"

Miriam tightened her lips and her breathing was a little disordered.

But suddenly she used her hand again, and sneered coldly, "Who let you decide to stay in Jincheng for me? Do you think that if you keep me here, I will stay in the hospital obediently, unless you look at me all the time."

Bryan lowered his head and glanced at his neckline that was about to be torn apart completely, his eyes deepened, and he said calmly: "Your health is not completely well, you need to rest for a long time, but this is not the main reason. You are now returning to City Two. It's not just a fever that is waiting for you."

"..."

Miriam's expression changed, the strength in her hand suddenly loosened, and she narrowed her eyes, "What do you mean?"

"My mother went to your company to find you, do you know?"

Miriam's eyes flashed and did not deny, she said coldly: "Then I can hide here? I won't return to City Two for the rest of my life? You are not afraid that your mother will become angry and poke me into the company for pregnancy."

Now she wants to go back even more.

Bryan said helplessly: "Just your body, how can you toss with her when you go back? You are here slowly, and I will go back with you two days later to deal with it. My mother doesn't need you to come forward."

Miriam looked at him and calmed down slowly. Only then did he notice the clothes on his body that had been pulled and deformed by him. With a trembling of his fingers, she unconsciously let go, her eyes flashed awkwardly, and she coughed away, coughing: "What do you want to do? Your mother knew that I was pregnant, so she wanted to find out whether the child was yours or someone else's. If she admits that the child is born, the first thing she does is to fight for custody with me. It's not yours, she just scolded you, and then kept you away from a dirty woman like me."

After a pause, she tilted her head and looked at him seriously, with a cold smile, "I will never agree to the former, then you should choose the latter. It's a big deal to scold you, such an adult, she doesn't Will hit you."

Bryan frowned, dissatisfied with her lightly mocking tone, "You don't believe me?"

Miriam sniffed and pursed her lips and smiled, "Isn't you not believing you, but are there other better options besides these? Or...you believe your mother will not fight with me for children."

She knows the temper of Mother Shao very well.

Chapter 93

Bryan looked at her and did not answer. Suddenly, Yun Danfeng smiled lightly, bowed his head to organize his clothes, “You have said, I am such a big person, if you can’t handle this matter well, how can you give your daughter and Son be father?”

“ ... ”

Miriam suddenly felt that he had been playing the piano for a long time. The man didn’t even listen, and obviously he didn’t intend to tell her what he was going to do.

She really didn’t want to experience this kind of sudden occurrence without mental preparation.

“What are you...”

“Miriam.” The man suddenly raised his head lowered, his face darkened a lot, his eyes were a bit serious, “Do you know if I follow your choice, what will happen?”

Miriam’s eyes flashed, and she was silent for two seconds, and said coldly, “I only want children.”

What are the consequences? Isn’t it just that she has to bear the name of marital infidelity if she has no job, she cares about these things, but compared with two children, it is nothing at all.

Bryan’s pupils shrank violently for a moment, and the whole person’s breath suddenly became cold. There was a thick emotion in the bottom of his eyes. Looking at her, the apple jelly knots rolled, and there was still nothing to say.

...

As long as it was a conversation about a child, it was always unpleasant in the end, and this time it was the same. After the conversation, the man turned around and went out, but he never came back.

Miriam could probably guess what he was angry about, but she didn't feel that what she said was wrong. She has no one to rely on now, and naturally she can only rely on herself for everything.

They are already divorced, and the first person she doesn't want to rely on is him.

After staying in the ward at night, I didn't see Bryan come back. Miriam was certain that he had left the hospital, thinking about whether to leave the hospital to go back to the hotel while he was away, but in the end, she still didn't leave. She was very upset, so she simply turned out her notebook. start working.

In fact, Bryan did not go far, but he was too irritable and ran out to smoke a cigarette. He had barely touched such things before, but recently he seems to be addicted to cigarettes. When he is upset, he will get used to touching two cigarettes.

After staying for a while, I planned to return to the ward waiting for the smell of smoke to dissipate, but Miller's phone call happened by accident. Hearing this, he first laughed mercilessly, and then again. Biandian drove over and drove over to the nearest small bar.

"Next time you take me, can't you go to other places besides the bar?"
Listening to the noise in his ear, Bryan's mood became even more irritable, and his face was also very bad.

Miller drank a sip of wine, and said with a smirk: "This kind of place is full of idiots and complaints. It's the best place to use alcohol to dissipate your

sorrows. Of course, it also contrasts with your depraved appearance at this time.”

Bryan glanced at him, got up and walked outside without saying anything. He didn't forget what happened last time.

“Hey, hey...”

Miller was stunned for a moment, put down his cup, chased him out of the bar, and shouted, “Or I will take you to another place.”

“roll!”

Bryan threw out a word, and walked in the night without turning his head. His slender figure made a fractal feeling of loneliness. As he walked, he took out his phone and looked at it again.

After being out for so long, she didn't even make a phone call.

Still angry?

Miller caught up with him, glanced at his expression, and sneered suddenly, “It's so promising. If she doesn't fight, you just fight.”

Bryan didn't bother to pay attention to him, received his phone, looked at the bustling night market ahead, suddenly remembered something, and said, “You know Shang Rui?”

“Shang Rui?”

Miller was startled, squinted for a moment, and said, “Somewhat familiar.”

“President of Fengrui Group.”

Miller's eyes flashed slightly, "It's him, I remember. I followed my father and met him at a reception once, but he was not very impressed by him when I visited the beautiful women."

"..."

Bryan glanced at him contemptuously, and said quietly: "He has recently set his sights on City Two and made a lot of noise. I don't know what he is planning."

Chapter 94

"As long as it doesn't hinder you, what do you care about him?" Miller frowned.

Bryan walked ahead, his eyes were cold, and his tone didn't have any ups and downs."He suddenly expanded his territory to City Two. Among so many companies, Yingxin was the first one to find, which makes people have to doubt."

Of course, the most important thing is that Shang Rui pays too much attention to Miriam, and even makes him suspect that Shang Rui found Yingxin because of Miriam.

Miller smacked his lips."Didn't he start with the Internet? Although your wife's company is not very strong, it should be considered a leader among the companies engaged in the Internet in City Two. If his vision is much worse than that of yours, he should sit there. Not where it is today."

After a tone of voice, he suddenly laughed and looked at him playfully, "You don't think... he went to City Two to find Yingxin because of you? Even if he fell in love with you, he must be a woman. guy?"

Bryan glanced at him coldly, squinted his eyes and said solemnly: “I opened a branch over there with my front foot, and his back foot followed up. The movement is so fast, do you think it was planned in a day?”

Miller sneered, “You opened a branch to chase women. What did he do in the past? Even if it’s because of Longteng, this kind of business competition is not the first time I have seen you. Why are you so suspicious.”

“...”

Bryan stopped talking, pressed the lighter and lit a cigarette and slowly smoked it. The dark and unpredictable expression on his face was covered by the blue and white smoke.

Shang Rui stared at Miriam, is he suspicious too?

...

In the hospital, after Miriam arranged all the work, she closed her laptop, turned on her phone and looked at the time, her lips gradually pursed.

Did he really leave her here?

Did he think she was angry when he was angry?

Forget it, it’s better to go, she will be discharged from the hospital tomorrow morning.

Biting her lower lip, she threw the phone aside, pulled on the quilt and lay down.

It was quiet at night, and even worse in the hospital. Although the lights were bright, the white decoration underlined it was more deserted and cool, and could not feel any warmth at all.

I don't know how long it took, Miriam, who was asleep with her head covered, heard the sound of the door lock clicking in a daze. She felt completely awake as if she was suddenly stimulated, but she did not move.

The hand in the quilt was clenched tightly, listening to the movement outside with his breath.

The footsteps gradually approached, but they seemed to be deliberately softened, and she felt it clearly when she walked to the bed.

Is he back?

Out of anger?

Just as she was speculating in her heart, her eyes suddenly lit up.

The man lowered the quilt on her head, revealing only a small face. His movements were gentle, his fingers accidentally rubbed her face, and the warm touch made Miriam feel depressed all night inexplicably relieved.

However, she frowned suddenly, pretending to be waking up, slowly opened her eyes, looked at the handsome face above, and muttered in surprise, "Did you smoke?"

Although the taste is very shallow, as a former smoker, she can still smell it with a touch of tobacco.

She was surprised that he had never touched something like this before. Where did he go?

Bryan didn't expect that she would wake up suddenly. The hand that wanted to touch that little face froze in the air for a second and then took it back quietly, and said warmly, "Sorry, I will wash it later."

Miriam frowned, "When did you start smoking?"

The man was taken aback and smiled casually, "I am a man and not a child. It is not normal to smoke."

"Is it normal? Then why do I have to control me when I smoked you?"

"I won't get myself to the hospital because of smoking or drinking like you."

"..." Miriam choked.

Fearing that she would get angry again, Bryan rubbed the hair on her forehead with a gentle voice, "Go to sleep, I won't bother you."

Miriam stared at him for a long while, but still asked the doubts that lay in her heart, "Why are you back again?"

With doctors and nurses there, she wouldn't have anything to do. Why did he come back after running out for so long?

The man tilted his head and chuckled, "Leave a pregnant woman here. The police will probably find my office tomorrow."

Miriam looked straight at him, expressionless.

Bryan's eyes flashed, and he sat down by her bed, looking at her with a smile, "Well, I've been in the hospital all the time, why don't I go back here?"

Miriam was startled, her eyes became complicated, “Have you always... been in the hospital?”

“Well, Miller came just now, and I said below that the conversation was delayed for a while, sorry, I worried you.”

“ ... ”

Miriam blushed and said, “Who, who is worried, don’t put gold on your face.”

The man’s tone was very calm, his expression was serious, “Well... you are not worried, but you have tossed and turned and haven’t fallen asleep until now.”

“ ... ”

Miriam didn’t know if it was annoyance or something, her face darkened, and she smiled sarcastically, “It’s really getting more and more shameless. I have been busy working all night, and my mother didn’t have time to think about it. Would you miss you?”

Immediately afterwards, she frowned in disgust, “My body is so stinky, get out, I want to sleep.”

The man’s eyebrows twitched slightly, and he stood up again, nodded and said faintly: “Okay, you go to bed early and go to the company with me tomorrow.”

“ ... ”

Miriam was taken aback for a moment, but her tone suddenly changed, “Bryan, you can wait for me, when did I promise to go to the company with you tomorrow?”

The man looked at her in surprise and innocent, “Didn’t you agree to President Henry?”

Miriam was anxious, “It was you who calculated me.”

“But if you don’t go, how do you report to President Henry when you go back?”

“you.....”

Miriam choked and looked at him, feeling that the smile on Jun Jun’s face looked like a demon.

He, how could he become like this?

Where did the indifferent and reticent Bryan go? Or she didn’t really understand him from start to finish.

Bryan looked at her angry red face, her eyes wished to eat him, and her delicate and delicate facial features made her look pretty.

The more I watched, my eyes darkened and scorched, the apple knot rolled, his voice became dumb, and he said in a low voice: “If you don’t want President Henry to guess something, your best way is to go to Longteng to check it out. Sleep, tomorrow morning I will take you there.”

“Shao...”

Miriam wanted to say something, but when the man suddenly leaned down, her handsome face was enlarged in front of her, her head was blank in shock.

“Miriam, say so much, don’t you want to let me go?” The scorching breath accompanied the man’s dark and scorching eyes, stained with a thick

ambiguity, the hoarse voice seemed to be squeezed out of the throat, low Mellow, “Although the bed is a bit smaller, you should still be able to sleep tightly, you...”

“Think, think beautifully!” Miriam’s heartbeat has long been chaotic, and she squats out in a hurry, tilting her head to avoid his eyes, and cursing helplessly: “Get out!”

Bryan’s eyes darkened, and suddenly he stretched out his hand to break her face, lowered his head and blocked the small mouth.

“Um...” Miriam’s eyes widened for a moment.

Chapter 95

Because she was very difficult to resist lying down, she struggled a few times to no avail, and the man kissed deeper, sucking and fighting repeatedly, as if with a deep emotion.

Miriam was annoyed and bit it hard.

The man frowned and let go of her subconsciously.

Miriam pushed him up, exhaled, and sarcastically said, “Bryan, bullying a patient, you are a real man.”

The man stood up straight, licked his astringent lips, and smiled, “Am I a real man? I thought you should have had a deep understanding in the past three years.”

“ ... ”

I felt that I was really bullying her a little bit. I was afraid that she could not sleep well, so Bryan no longer wasted time, “Go to bed earlier.”

After the man left, the tossing all night finally stopped.

Miriam pretended to be dead in the quilt, lay down for a while with her eyes closed and fell asleep.

The next morning, Mu Ming and Xiao Zhang returned to City Two. After Miriam was discharged from the hospital, he was taken back to the hotel by the man.

Bryan originally wanted her to rest for a while before going to Longteng in the afternoon, but at this time, Miriam didn't think he was upset, and was shocked that everything was the opposite of him, and finally changed it to the morning.

Because she knew she couldn't escape, she changed her clothes and followed the man all the way to Longteng.

...

Located under the Longteng Building in the center of the Science and Technology Park, Miriam got out of the man's car. She was dressed in formal clothes. His makeup was light and his figure was not very slender, but he was very well-proportioned. At least his belly was covered.

It's a mess, but Miriam is still sensible, and Yingxin's facade must be protected.

Bryan was dressed in a dark suit and ironed neatly, showing a bit of abstinence and dignity in his calmness. His handsome face had no expression, but all the attention from the corner of his eyes was on the woman beside him.

Walking into the building, the security guard and the front desk immediately greeted respectfully, “Mr. Shao.”

“Ok.”

The man hummed softly and looked at Miriam, “The elevator is over there.”

There was not much emotion in the tone, but the gentleness made the people on both sides raise their heads and glance at them at the same time, and finally focused on Miriam.

The dress is modest, obviously not like a group female leader, but who else can make their president polite?

Miriam was naturally sensitive and noticed the surroundings in an instant, glanced at the man, and suddenly smiled politely, “Please, Mr. Shao.”

The sound is not high or low, and the whole audience can hear it.

Bryan just looked at her and said nothing, as if returning to his usual coldness, he stepped towards the elevator.

As soon as the elevator door was closed, the three young ladies at the front desk immediately started to discuss in a low voice, “Have you noticed that Mr. Shao’s expression was so gentle when he was speaking? Who is that young lady?”

In fact, there is not much tenderness, but compared with usual, it shows a difference.

One of them frowned and recalled, “How do I feel as if I have met her, has she been here before?”

“Which company should be the representative? But it shouldn’t be easy for Mr. Shao to receive him personally.”

“Ah! I remembered!” Another person suddenly whispered, and the movement was too loud, attracting the attention of the security guard at the door. She immediately resumed her work posture, and then whispered with her lips, “It seems to be Lu from an Internet company. The manager, I’ve been here once before, and Secretary Fu received him.”

“Just the manager of a small company.” The other two couldn’t believe it.

However, when it comes to Secretary Fu, some people sigh with emotion: “Did you say that Secretary Fu made any mistakes before being transferred to the branch by President Shao?”

“Who knows, Secretary Fu has been with the president for several years, and something must have happened when he was suddenly transferred.”

If it weren’t for Mr. Shao who usually looks too cold, they would all suspect that Secretary Fu and Mr. Shao have any ambiguity. After all, the beautiful body and the good family background are also very strong, which fits the rumored character setting.

Miriam followed Bryan all the way to the top floor by elevator, and then went directly to the president’s office.

This is the first time she really stepped into it. The last time she came, she went back at the door. It was more style than she expected. However, after three years of marriage, she was the only one who didn’t know that her husband was running such a big company. Is it one?

The scarlet lips were silently aroused, and there was a trace of mockery.

When Bryan looked back, he caught the eyebrows bulging, “What’s the matter?”

Miriam converged for a moment and shook her head, “Nothing.”

Chapter 96

“If you feel uncomfortable, remember to tell me.” The man looked at her seriously.

Miriam hadn’t spoken yet, and the staff passing by all hurriedly said hello, “Mr. Shao.”

Bryan ignored it and walked straight forward.

In the president’s office, I heard that his secretary to the company has been waiting here for a long time.

“President Shao, you are finally back, yesterday you...”

The secretary asked anxiously. When she caught a glimpse of Miriam behind him, she was taken aback, then shut her mouth and stepped aside consciously.

Miriam also looked at him, secretary?

What new hire did Sophia hire after he left?

Why are you willing to change to a man?

Bryan took off his suit jacket and put it on a chair, walked to the side in two steps, poured a cup of hot water, placed it on the coffee table in front of

Miriam, and casually ordered: “Lin Shui, bring the materials I asked you to prepare.”

“Uh, oh... here.”

The assistant who was standing by and still stunned hurriedly handed him the documents in his arms while still in shock...

When I asked him to prepare materials on the phone before, he didn't say that there would be guests visiting? Moreover, it is not in today's itinerary.

What's more, he couldn't be contacted after a day of phone calls yesterday. If he hadn't called back this morning, he would have to call the police. I was really curious about why his president went missing yesterday.

Also... Did he just pour this glass of water for the lady in front of him?

“Thank you.” Miriam nodded at him, took the file and looked through it a few times. With a serious expression, she said quietly while reading it for a while, “It's not too difficult, I can try to help you solve it.”

Just after saying a word, the phone on her body rang suddenly. She was taken aback and hurriedly took it out, “Sorry.”

Seeing that it was Mother Lu calling, she immediately got up and walked outside, “Sorry Mr. Shao, I will answer the call.”

With outsiders present, the appearance is still to be done.

Although she understands, this also makes Bryan feel a little uncomfortable, “It's okay.”

Miriam didn't go far, just closed the door and stood at the door whispered, "Mom, didn't I tell you that I have to stay in City Two for two more days? Why are you calling again?"

"Miriam... something happened to your dad. The warden called in the morning... and said that your dad passed out inside." Mother Lu's choked voice came intermittently, his tone full of panic and anxiety.

"What are you talking about!" Miriam's face suddenly changed, and her voice suddenly sank.

Bryan inside the house heard the movement, his expression changed slightly, and he strode over to open the door, completely ignoring Lin Shui who was still there, "What's the matter?"

Miriam's face seemed to turn pale suddenly, she squeezed her phone and tried her best to endure her emotions, but her eyes still showed signs of redness.

"I want to go back!"

She didn't understand how this suddenly became like this after only two months of entering it?

Bryan's heart felt tight, and it was probably because something urgent had really happened to make her gaffe.

Stepping forward and squeezing her shoulders lightly, he slowed his voice, "Don't worry, I will go back with you."

Lin Shui behind him suddenly grew his mouth, and then closed it very quickly.

No need to guess now, it seems that the president was with this woman yesterday.

Miriam suddenly woke up, her expression instantly reduced, pushed his arm away, took a step back, bit her lip, and said very quickly: “Sorry, I can’t solve your company’s problem. An emergency happened suddenly. Hurry back and say goodbye.”

She has no intention of caring so much anymore, and now she is full of her mother’s anxiety at home.

After speaking, regardless of their reactions, she turned and hurried away.

The worry in Bryan’s heart suddenly became thick, and looking at her back, there was no hesitation, and he was about to follow.

Upon seeing this, Lin Shui quickly reminded him, “President Shao, you have two very important meetings today.”

“If you can push, you can push it. If you can’t push, I will postpone it for a few days. If there is any problem, I will explain.” After finishing speaking cleanly, he strode away without turning his head.

Lin Shui, “...”

Explain, how to explain?

Stop chasing women for work?

But he didn’t dare to say anything, and hurriedly replied, “I know Mr. Shao.”

When Bryan caught up with her, Miriam was still on the phone while waiting for the elevator, and did not notice him.

“Mom, don’t worry, I’ll rush back now. I’ll let Senior Brother come over and take a look.”

“ ... ”

After comforting Mother Lu, Miriam hung up the call, then bowed her head to dial the number to the southeast, and a voice suddenly came in her ear.

“If you owe him another favor, the guilt in your heart will be even more insoluble.”

Miriam was taken aback and almost threw the phone out. She turned her head and frowned and looked at him, and said, “Bryan, I really don’t have time to toss with you now. My mother is very anxious. I have to go back.”

“Come to the southeast, I don’t think you are in a hurry.” Bryan glanced at her, then took out his phone and opened the address book.

“Brother is a lawyer, and he is in City Two. Only he can go to my mother as soon as possible. Bryan, can you not bother me at this time?”

What guilt, she just wants to find someone to help.

The elevator door just opened, Miriam was really in no mood to argue with him, and walked in quickly.

The man followed closely, his eyes deep and calm, and his methodical voice faintly said: “He can help you, do you think I can’t find someone? If he could help your dad, he would deal with it long ago, let alone he Do you find it convenient to walk around with a child?”

After all, he seemed to have found someone, moved his finger and dialed the number.

After a few seconds, it was connected, and Bryan spoke to the phone, “Yue Lu, if I have time, I would like to ask you to help.”

“...”

“Yup.”

“...”

“Okay, thank you for your hard work. I’ll talk more about it when I get there.”

Miriam’s expression suddenly changed, and she stared at him motionlessly.

Bryan turned off the phone and looked down at her slightly, his tone unchanged, “He said he had just received the news, and he was rushing over.”

Then, he stretched out his hand and gently stroked the top of her head, and said in a low voice, “Don’t worry, nothing will happen.”

“Who is he?” Miriam opened her mouth.

In fact, what she wanted to ask how did Lawyer Yue know about it.

Bryan saw her eyes darkened slightly, “He is a friend of mine, City Two’s lawyer. I entrusted your dad’s case to him.”

But before she even started, she threw a divorce agreement to him, and her father’s sentence came down.

Regarding her father’s matter, she didn’t mention it in front of him, nor did she ask him for help. Even if he wanted to help, she could only ask someone to check it secretly.

Chapter 97

Miriam was silent, her eyebrows lowered, her mood very depressed and heavy.

She didn't expect that he had made preparations for her father's affairs a long time ago. He called at that time, but he was so busy that he never saw anyone, and she always thought he hadn't cared about it.

When the elevator reached the first floor, Miriam raised her hand to support her eyebrows and walked out and said lowly, "Thank you."

With no one around, she said seriously: "If Lawyer Yue can help, this time I owe you a favor, but you don't have to go back with me."

He has been with her in the hospital for the past two days, and he was busy all night long before, but now how could the company be all right? She didn't ignore the secretary's anxious look just now.

Putting aside the past, she is not an unreasonable person. She will be grateful for his help. No matter what her mind is, she has owed him a lot of favor in the past two days, and she will not be able to pay back too much.

Bryan knew that he was embarrassed now, but he was still very uncomfortable with her rejection, and his eyes became as deep as an ancient well and cold as a cold pool of autumn water."Miriam, I said, you don't owe me. I should help you resolve the divorce. As for my return, I will have to do it tomorrow if I don't do it today. My mother will also deal with the child's affairs. I don't have so much time to go back and forth."

Thinking of Shao's mother, Miriam's eyes became cold a lot.

She was definitely not in the mood to take care of that over the past few days. He went back to check his mother and Sophia, and she would save a lot of trouble.

Looking down and thinking for a few seconds, she didn't say much, and walked out.

Passing the lobby, the security guard and the front desk looked at the two people who had just come up and came down together. They were taken aback and shouted blankly, "Shao, Mr. Shao."

Both of them walked out quickly, no one paid any attention.

The three people at the front desk exploded again, and some even took a photo with their mobile phone.

"Well, when the president came to the company, he followed others and left? He didn't even bring Secretary Lin."

"It seems to be very anxious... You said, is President Shao chasing the woman in front of you?"

As soon as this was said, the other two front desks immediately shook.

Chasing women?

"Then, it won't be the CEO's girlfriend?" It's not surprising that they are really surprised. They are standing here eight hours a day. Everyone who comes and goes can remember it clearly. When did such a scene happen? .

"It may also be a wife." Someone immediately agreed.

"It may also be... a lover." When did their serious, noble and abstinent president have been so intimate with a woman.

" ... "

...

After hurried back to the hotel to pack up his things, Miriam rushed to the airport, and of course Bryan who followed him.

The woman was not in the mood to speak, and ignored him all the way.

Just when I was about to board the plane, I took out my mobile phone and hesitated to call Southeast.

The numbers were all dialed out, and a slender looking hand suddenly inserted in and pressed her to hang up. Before she was about to get angry, she whispered in a low voice: "Your mother, I have asked Lawyer Yue to see it. You are now letting Mr. Xiang go over. I won't be embarrassed if the two collide, but how do you explain to him?"

"..."

Miriam was so speechless that she stared at him for a long while, "How do you know that I am looking for him to see my mother?"

Bryan looked up at the flight on the big screen and said of course: "Whether you are worried about your mom or your dad, since I have been seen by me, don't worry about it anymore. Let Mr. Xiang go over, except for the embarrassment. It's useless."

"Let's go, time is up, we have to go through security check."

Pushing her box with one hand, the man naturally took her hand with the other hand and walked inward with his long legs.

Chapter 98

What Bryan said is not unreasonable. Miriam was also a little afraid of seeing her embarrassment on both sides of her head back, but she was still a little worried about her mother. However, the man did not give her too much time to struggle. He hurriedly passed the security check and threw the person into the plane. The person wakes up, even the seat belt is fastened.

“Bryan, you!”

“Don’t make trouble, you must have a lot of things to do when you go back. There is not much time to rest. Take advantage of this time to rest for a while.” The man covered her with the coat without authorization.

After returning, he certainly couldn’t follow her at all times like now, even if he wanted to help, he still had to take care of her face in front of others.

Miriam was stunned by his sudden movement for a few seconds, but he didn’t react as much as before. He leaned back on the chair, looked out the window again, and closed her eyes.

She is really in no mood to continue arguing with him about those repetitive topics.

Bryan stared at her quietly for a moment before looking away.

I don’t know how long it took, Miriam suddenly opened her eyes, tilted her head, looked at the man next to her, and asked in an unclear mood, “You left without explaining anything, so there is no need to deal with so many things in the company?”

Before the divorce, according to the agreement, he only went home once a week, not to mention meeting, even if he called, she rarely answered in time. At that time, she was always very disappointed and felt that he didn’t care about himself and did not respect the marriage, but later learned His identity,

and seeing his working environment today, she just wondered inexplicably, maybe he is really busy, and not as absolutely unkind as she imagined.

Moreover, every time he goes home, he rarely answers the phone. Even if he doesn't talk much, he never talks about work. Thinking about it now, he doesn't always treat her as nonexistent, perhaps because she has never changed her position. Thought about it.

Bryan lifted his face from the magazine and smiled at her, "I will let Lin Shui arrange it. Important things will be dealt with when I come back."

That smile was really handsome and charming. Miriam was in a daze, abandoning her eyes, licked her lips, and said, "Actually...you don't need to be like this. You also said that after the divorce, none of us owed anyone. You don't even have a common property in marriage. You really don't need to spend so much energy to help me deal with these messy things. As long as you stop contacting me, your mother will naturally not cause anything to happen."

This is the man she has loved for a long time. She does not regret the agreement to get married at the beginning, nor does she want to regret the divorce, but when the warmth gradually arose and she understood each other's joys, sorrows, sorrows and joys, she found that she had fallen deeper than before. Up.

Bryan's eyes turned dark, but his tone did not change, "Who said there is nothing in common... Although it appeared a bit late, it didn't interfere."

"..."

Miriam pressed her lower abdomen tightly, frowning, "Could you please be more serious."

"I'm not serious enough?" The man raised his eyebrows.

Miriam moved in her heart and looked directly into his eyes, “You don’t want children for the four years you signed the agreement, why now...”

Why do you care about these two children so much?

Maybe she couldn’t ask before, but now she seemed confident, after all, she was holding the divorce certificate in her hand.

Bryan looked at each other for a long time before closing the magazine in his hand and placing it on his lap. He narrowed his eyes and looked out the window, and stated lightly, “At that time, my dad was sick and the company was in crisis. I just took over. I’m not sure how much time and ability I have to save the situation, so I can only devote myself to work, so when I was forced to get married, I added this to the agreement.”

“You are also in the struggle period. Since there is no time, why bother to give birth to a child and let him suffer? This is my first thought, but I also admit that I didn’t think about having a baby with you.”

All his thoughts are on work. For this strange woman who is forced to marry, how much time can he think of her?

The first time I heard him talk about so much of his own affairs, Miriam was surprised, touched and understood, but the last sentence was undoubtedly the most heartbreaking.

He thought she was forced to marry like him, so the two immediately signed the agreement, but he didn’t know how much she had put in to get married with him, and begged her father for a long time. Similarly, he didn’t know. She actually forced this marriage, and she was reluctant to sign that agreement.

But speaking of it, it doesn’t make sense to say it now, maybe he will blame her, otherwise it won’t cause the current tragedy.

Depressing the irritation in her heart, she curled her lips and hummed, “You think I want to have a baby with you.”

I thought he would come back again, but the man suddenly lowered his voice and said: “I know you don’t want to, so the pain you are suffering now is my debt to you. The child has my share. I will help you. Those things that have been treated as equals, you don’t have to feel guilty.”

“ ... ”

Miriam choked, he knew clearly.

However, she originally decided to stay with the child without authorization. If he really didn’t want it in the first place, she deserves to suffer now.

But Bryan didn’t finish speaking. He glanced at her, and then made another serious statement, “So, if you have anything to do, you can go to me directly. Mr. Xiang, you should not bother you. Those vain favors, unless you treat yourself Send it over, otherwise it won’t be clear.”

“ ... ”

Miriam narrowed her eyes and stared at him sharply, “This sentence is your focus.”

Of course, she agrees with this truth.

From the brother, she had planned to make it clear this time when she returned from Jincheng.

The man leaned back, lazily curling his lips, “Since the discovery is the key point, I seem to be right. You don’t seem to like him much, and he is not the kind of attachment you think. After a dilemma, why jump into another dilemma, he is not the kind of fit you want.”

Miriam was a little annoyed, and laughed at herself: “Is it clear to me that I don’t have a good vision, and I always meet people with bad eyes, but the brother is definitely not a bad person.”

Then she mocked him again, “Also, you have a set of words. If you told me that earlier, I would definitely not agree to marry you three years ago.”

After speaking, she irritably put her coat on her face and said dully: “I’m sleeping, don’t bother me anymore.”

It was his clothes, still keeping his breath, as if being held in his arms, making people nostalgic.

...

Chapter 99

It was already afternoon when the plane landed in City Two. Miriam got off the plane and was impatient to wait for the driver with him, so she stopped a taxi and hurried home.

The man couldn’t stop it, and in the end he could only wait for the driver to come.

Sitting in the car, turning on the phone, Shao’s mother’s missed call popped out.

He changed hands or dialed back, “Hey, Mom.”

“Where are you now?” Mother Shao’s voice was gloomy, with a strong anger.

“What’s wrong with you?” Bryan frowned.

“What’s wrong with me? I ask you, did Miriam go to your company to find you?”

The man’s face suddenly sank, “Who told you?”

Except for the nanny, she was the only one at home. She couldn’t do anything except go out to dance with a group of old ladies. How could she suddenly learn that Miriam was pregnant and that she had gone to Longteng.

Suddenly his eyes narrowed, and the eyebrows were covered by dark birds. He said solemnly, “Sophia told you?”

He really shouldn’t have left that woman behind.

“You don’t care who told me, did you know that the video of you chasing the woman out was circulated all over Longteng?” Shao’s mother was anxious, and she was very iron and steel.”The marriage is divorced, how can she treat you? Entangled? I have to go to that woman to make it clear, and don’t need a face!”

“Mom!” Bryan’s voice suddenly fell cold, and he said clearly and forcefully: “It has nothing to do with her. Don’t mess around. You will be embarrassed by the time. Where do you put your face?”

“She’s shameless at her young age. What kind of face do I need? She has been involved with you again and again, and now she goes to your company to toss, which is okay? I heard that you didn’t go to the company yesterday. Because of that woman?”

“Also, is the child in her belly yours?”

Listening to her mother’s words, Bryan’s face became more and more ugly, and she couldn’t help but interrupt her in a deep voice, “I just returned to City Two now. I will explain these things to you when I get home.”

When the words fell, I cut the call.

There was almost no pause, he logged on to the company's internal forum again, and the first thing he was pushed to was the scene of him leaving the company with Miriam quickly, like a view taken from a lobby surveillance camera.

Sent anonymously.

The following comments are mostly anonymous, after all, few people have the guts to comment publicly on the boss.

He just clicked on it and looked at it. Before it finished, Lin Shui's phone came in.

Classmate Xiaolin said tremblingly: "Mr. Shao, the things on the forum are my negligence. I will ask someone to check who posted it and delete it."

Bryan was quiet for a few seconds, and said in a cold tone, "Just find out who sent it. Don't worry about the others, and don't delete it."

"Ah? Don't... delete it?" Lin Shui was stunned.

Although he had witnessed the truth with his own eyes, the comments made by others turned into another story and his reputation was not good.

Mr. Shao has always strictly enforced the company's system requirements, so why did he tolerate it this time?

"Just do as I said." Bryan didn't explain much.

"Oh... OK."

...

After receiving a call from Lu's mother halfway, Miriam turned around and went to the prison where her father was held.

I saw Mother Lu in the lobby of the administration building. There was another strange man, a middle-aged man in his forties, wearing a suit. The man saw her first to say hello, "Miss Lu, my surname is Yue."

"You are Lawyer Yue?" Miriam stretched out her hand and shook it back.

"Yes, Mr. Shao asked me to come."

Miriam smiled stiffly, bowed to him, and said gratefully: "Thanks for your hard work."

"Yes, it's better to sit down and talk."

Miriam nodded, hugged her mother and went to the lounge.

Chapter 100

"Lawyer Yue, what's the matter with my father?" Miriam couldn't wait to ask after sitting down.

Attorney Yue smiled faintly, glanced at Mother Lu, and said: "I have just learned some details from Mrs. Lu. Your father is seriously ill. I will help you apply for treatment outside prison as much as possible."

Mother Lu immediately thanked him, "Thank you...Lawyer Yue."

Miriam has been in a calm state, frowned, and asked, "If I can't apply, is there any other solution?"

Her father was already quite young, and coupled with the psychological torture he suffered during this period, no one was comforted, and he did not eat or drink. That's why he suddenly fell ill with a stroke. The doctor said it was dangerous.

"This..." The man thought for a while, raised his eyes to look at her, and said solemnly: "He is also considered a serious prisoner, and he has not yet obtained good performance after being taken into custody. It is difficult to approve special care, and, This depends on how well he recovers when he wakes up. If he can't take care of himself, he can be parole for medical treatment."

Miriam pursed her lips and was silent for a moment.

Of course she hoped that he would be fine when he wakes up.

Although he took the blame, it was still her father, and she couldn't help watching him suffer.

Miriam got to know him more about the situation. Attorney Yue promised her that she would help her as much as possible. She thanked her again and again before taking Lu Mu to the ward.

I haven't seen him for more than a month, and Father Lu looks thin and thin. The face she last saw is almost like a different person, with white hair, more wrinkles, old and desolate.

Miriam's eyes were red at the first sight, but she was scrupulous about Mother Lu's mood, and she resisted composure.

Mother Lu was already crying, crawling on the side of the bed and watching him closely.

Miriam was heartbroken, covering her mouth and turning her face away. Seeing the doctor walk in, sniffed, she hurriedly walked over and asked in a low voice, "Doctor, how is my dad?"

"The situation is not optimistic, but we have to wait for him to wake up before seeing it." The doctor said solemnly.

"Can you fully recover from the operation?" Her face was heavy and her voice hoarse.

She doesn't ask for him to be in good health, as long as he can eat, drink and walk. After several years of staying inside, she will have no problem raising him. If she is lying in bed now, even if she can take care of him every day, she is not willing see.

"The degree of recovery from surgery is still not small, so don't worry." The doctor looked at me and sighed.

"Really?" Miriam's eyes shone slightly.

The doctor nodded, "However, it depends on how the judicial process goes. You can prepare first."

"Oh, good, thank you doctor." Miriam's voice trembling with joy, turned to look at the old man in the hospital bed, a glimmer of hope arose in her eyes.

After the doctor left, Miriam stayed with Lu Mu in the ward. In the quiet room, the atmosphere was depressed and heavy.

Mother Lu was tired of crying, holding Lu's father's hand and fell asleep beside the bed. Miriam lightly covered her with her clothes, and then went out to answer the phone.

“Miriam, where are you now? I just heard about my uncle when I came back from a business trip. I’ll pass now.”

It was the voice from Southeast, with worry in his tone.

Miriam leaned against the wall with a heavy expression on her white face. After two seconds of silence, her voice was soft and calm and said, “I’m already at the hospital, and my mother is here. People have not woke up yet. You just went on a business trip I’m very tired when I come back. Don’t worry about me. Don’t run again.”

Xiang Dongnan said in a deep voice: “Then how? I’m not tired, and your father is ill. The program must also be changed. I can also help you solve some problems in the past. Your body is inconvenient. Falling down is even more troublesome.”

“Brother, it’s okay. I have already asked the lawyer to solve the problem. There is no result. I will just wait for my dad to wake up. There is nothing else. You should wait for it when you come. You should take a good rest at home and take care of Tian Tian. , I might really have trouble with you later.”

In the silent corridor, Miriam’s voice was soft and calm, and her tone was slow and clear.

She said very tactfully, but she knew clearly that she was rejecting.

On the one hand, no matter who helped her dad, she owed favors. She had asked him if he borrowed five million, the money can be paid back, but the favors are really bad.

On the other hand, she feels that what Bryan said is right. She has already gone out of a dilemma. Why should she step into another dilemma? That kind of marriage without feelings can’t last long with just the word suitable.

Now that you understand it, it's better to be decisive.

I don't know if I felt the deep meaning of her words or something, the phone on the side of the phone was quiet for a few seconds before making a gentle voice, "Well, my phone will always be on. You must contact me at any time if you have anything. Uncle will also tell me when he wakes up, I will first check for you about the judicial process, and then I will look for you later."

Miriam's heart was relaxed, and she smiled, "Okay, thank you brother, then you can rest, I'll hang up first."

"OK, all right."

Miriam turned off the phone, raised her head and let out a long beard.

She was really afraid that he would become obsessed just now, otherwise she would really not be able to refuse, but fortunately he didn't ask where to find a lawyer.

She pressed her eyebrows tiredly, and she stayed outside for a while before returning to the ward.

In the evening, Father Lu finally woke up, but the situation was very bad. He was confused and couldn't speak. Mother Lu almost cried and fainted while holding Miriam.

Miriam also resisted the blow and comforted, "Mom, didn't the doctor say that there is a better chance of recovery from surgery? Don't worry, I will immediately contact the best hospital. As long as Lawyer Yue can get it done, we will go out for surgery."

Mother Lu cried with grief and sadness, choked with regret, and said, "Both, blame me, if I could persuade him more, he wouldn't do so much trouble, blame me..."

Miriam's face changed, and she persuaded with a thick nasal voice: "Mom, this has nothing to do with you, it's all past, can you stop thinking about it?"

"Blame me..." She didn't seem to hear it, and she muttered as she watched the oxygen masked person on the bed.

Miriam frowned, her heartache could only hug her tightly, choked lowly, "Don't blame you..."

One wave is not settled, another wave rises, life is far more difficult than she thought, but these are the people she loves most, and she must face it with a strong spirit.

Feeling depressed, there was a soft knock on the door suddenly.

Miriam was startled, wiped tears with her sleeve, let go of Mother Lu and walked over to open the door.

"Miss Lu, someone is looking for you outside."

"Find me?"

After the prison guard spoke uprightly, he turned and left.

Miriam felt strange in her heart, and stepped up to follow.

Outside the iron gate, she frowned slightly when she saw the visitor, "You are?"

A man in his twenties, a handsome handsome man, a suit and a little temperament.

The man held out his hand respectfully, “Miss Lu, hello, my name is Yan Ke, and Mr. Shao asked me to come.”

When Miriam heard this, her stretched out hand suddenly paused, “Mr. Shao? What did he... let you do it?”

Bryan, hasn't he already hired a lawyer for her?
