

The One and The Only Chapter 451 - 460

Tang Hai has a good heart. He was born in a wealthy family, and is a princess in the uppermost position on weekdays.

Her private life is also chaotic, and she has many male models and Xiao Xianrou.

She even threatened that there is no very good man, she would rather not marry.

Anyway, she is rich and powerful, and there are countless small dogs for her fun.

At this time, she heard that her father was going to arrange marriage events for her, and she was anxious: "Dad, didn't I say that I didn't meet a super good man. Wouldn't I consider marrying?"

Tang Beidou said with a smile, "If The other party is the dragon among individuals, what about a super good man?"

Tang Hai opened his eyes wide and said, "Is there really a perfect man in the world? My ideal object, he must first be young and handsome, with outstanding temperament."

Tang Beidou smiled and said: "This A man, he is about twenty-seven years old, and he is said to be handsome and unparalleled."

Tang Haixin added, "In addition, my ideal object, he must have supreme power, have boundless wealth, and be indifferent. I don't want the silk."

Tang Beidou laughed and said, "This man, he is incomparable for money and wealth!"

Tang Hai was heartbroken and couldn't bear to ask: "Dad, who is the perfect man you said? "

Tang Beidou said astonishingly: "He is the God of War of China, the young marshal of the North."

Young marshal!

Tang Haixin's eyes suddenly burst into brilliance, her pretty face flushed as if she had been drinking, and her breathing became rapid.

How many women's dream husbands, the young man in the north!

When Tang Beidou saw his daughter look like this, he knew that her daughter was tempted.

He smiled and said, "How about it, girl, do you have any opinion on this marriage?"

Tang Hai was delighted in his heart, but he said: "Dad, of course I am willing, but I don't know if the young commander in the north is willing to do so, maybe there are women in the family."

Tang Beidou shook his head and said, "You are at this level Don't worry, it is said that the young marshal joined the army in his youth, and he is not too old now, and I have never heard of him being married. I have concluded that he must not have married yet."

Tang Tianji was a little worried: "But the young marshal will be attracted to the younger sister?"

Tang Beidou laughed and said, "My daughters are very good in appearance and body, and

I am considered a wealthy family." "I am participating in the Navy Festival this time and plan to donate 1 billion to General Liu Zhenping. There is only one purpose, and that is to ask him to be a matchmaker. Match my daughter to the young marshal."

Tang Beidou said, "If the young marshal agrees to this marriage, I am willing to give him half of the family property as a wedding gift."

Tang Tianji and Tang Haixin both revealed their words. Surprised expression!

All the companies and industries in the Tang family are worth more than 200 billion yuan.

Tang Beidou took out half as a wedding gift, which was equivalent to giving out 100 billion yuan to the young marshal. This was definitely a big deal.

I believe that even the Northern Marshals may not have rejected the double temptation of beauty and money.

Tang Hai said excitedly, "Thank you Dad, Dad, you are so kind to me."

Tang Beidou said with a smile, "No thanks, you will be the marshal of the marshal at that time, so don't forget to support the relatives of our Tang family."

Tang Hai's face flushed with excitement, and he repeatedly said that he would definitely not.

She had imagined that it was time for her to become a young marshal.

...

Yash Nics's family came out of the hotel after breakfast.

At the entrance of the hotel, there are five eye-catching red flag cars parked.

Among the five Hongqi cars, Dianchu and Bahuwei sat respectively.

None of them wore military uniforms, they all wore black suits.

Song Pingting's family looked at several Hongqi cars in astonishment, and questioned Yash Nics suspiciously.

Yash Nics smiled and said, "Aren't we going to participate in the navy festival, I called a few cars over, and everyone gets in." The

Song Pingting family got in the car in a daze and followed Yash Nics's orders.

Yash Nics did not sit with his family. He chose to sit in the front red flag sedan, which was driven by Dian Chu.

Five Hongqi sedans drove toward the naval base in a hurry.

Passersby were all looking at him, exclaiming whether it was the head of the team?

On the road, while Dian Chu smooth driving, while Ning looked straight ahead of the report said: "Young Marshal, one thing needs to report to you."

I sat in the back seat of Ning, a light: "say! "

Code Chu said: "At this naval ceremony, Tang Beidou, as the most famous squire in the province, was also invited to attend the ceremony."

Yash Nics smiled and said, "He came well, and I am going to settle the ledger with him."

Chapter 452

old man Song Qingsong smiled and said: "It's all the good boyfriends that Feifei made, so that our family can come in and watch the ceremony."

"Yash Nics's trash, actually said that he can make Song Pingting's family. Coming in to watch the ceremony is really ridiculous." The

Song family began to praise Song Feifei one after another.

Saying that Song Feifei's boyfriend is really good, and at the same time mocking Song Pingting's husband is a boastful trash.

Just when the Song family laughed at Yash Nics and bragged, thinking that the Yash Nics family could not come in to observe the ceremony.

Suddenly, there was a commotion at the scene.

Then, the Song family, as well as countless people on the scene, looked at the fleet that appeared in shock.

Although there are only five cars in this fleet, all of them are Hongqi cars!

Everyone is guessing who is here?

Could it be the Marshal of the North?

Thinking about it this way, everyone on the scene became excited and looked at the Hongqi Motorcade closely.

Soon, the Hongqi motorcade stopped at the entrance.

Maintaining order at the scene, and at the same time, the soldiers of the troops who are responsible for verifying the identity, stepped forward to verify the identity of the people in the Hongqi motorcade.

After the identity verification was completed, I saw a few Hongqi cars and a family coming down.

It is Yash Nics, Song Pingting, Song Qingqing, Song Zhongbin, Ma Xiaoli and Tong Ke!

Everyone at the scene looked at Yash Nics's family, they were all stunned, and each one whispered: "A very ordinary family, then it should not be the North Marshal." In

everyone's minds, the North Marshal must be very majestic, or wear less. Handsome military uniform, or wearing a black tunic.

I definitely don't wear everyday clothes, and I don't even have a happy family.

This kind of preconceived thought made everyone at the scene believe that it was definitely not the young marshal.

Song Qingsong and the others were dumbfounded when they saw Yash Nics's family.

Then they saw Yash Nics's family walk in through the entrance of a large number of soldiers.

The heavily armed soldiers at the scene also snapped a uniform slap to salute the Yash Nics family!

The people at the scene were a little shocked. There were so many guests here, even if the Jiangnan king Tang Beidou led his family, he would not have such an honor!

Everyone began to speculate about the origin of Yash Nics!

Song Pingting's family followed Yash Nics and walked into the viewing area.

Song Pingting and the others thought they would be kicked out, but they didn't expect that they actually managed to get in.

Even the soldiers of several hundred meters at the scene gave them a salute and welcome, which is really shameful.

Song Pingting's family flushed with excitement, but wondered how Yash Nics did it?

As soon as Yash Nics's family walked into the Guanli area, they saw Song Qingsong's family among the crowd.

Yash Nics said, "

Hey , isn't this grandfather's family?" Song Zhongbin saw his father's family, subconsciously straightened his chest, and greeted confidently, "Dad, eldest brother, third brother, hello everyone!"

Ma Xiaoli also deliberately said: "Hehe, our family Yash Nics did what we said, and we really let our family come in to participate in the naval ceremony. Didn't you disappoint?"

Song Qingsong's family looked very ugly!

They laughed at Yash Nics for bragging and determined that Yash Nics's family was not qualified to participate in the naval ceremony. They did not expect that Yash Nics's family would actually come.

Moreover, they came in a red flag car, and the soldiers on the scene saluted together, which was more prestigious than their family.

The Song family members were slapped in their faces, and their faces were fierce.

Song Feifei looked at Song Pingting enviously. She wondered why Song Pingting, who had been bullied by her since childhood, was looking for such a good man?

However, she was not reconciled to admit defeat. At this time, she sneered and said,

"I'm coming, what's so good about?" "This is just the ordinary viewing area. If you have the ability, you can go to the VIP viewing area. That's the real skill. "

Chapter 453

Song Qingsong's family immediately ran on Yash Nics's family after hearing this.

"Yeah, it's nothing to be able to enter the viewing area, as long as you have money. You Ningda Group must have donated a large amount of money to be eligible to come here, right?"

"That is, the qualifications to spend money to buy, what is there to show off? of? " "

you have the ability to go home ceremony VIP area, there is not money to be able to go in. people can enter the VIP area, are extraordinary personalities, you and your family have the ability to go in? " "

no ability to VIP District, don't show off in front of us. Get away, get out of your eyes!"

Song Pingting and the others were ridiculed by Song Qingsong's family, very embarrassed.

At this moment, a navy lieutenant came with a team of soldiers.

I saw the major came to Yash Nics, saluted, and then smiled meekly and politely: "Mr. Yash, hello, I am Lieutenant Commander Qin Chang who is in charge of receiving VIPs. Your family is distinguished. Please move to the VIP area. "

What?

Song Pingting's family looked at each other, each with a flattered expression, their family was able to go to the VIP area!

Song Qingsong's family also changed drastically!

The shocked eyes of Song Zhongxiong and Song Zhongping were about to fall to the ground.

Song Feifei opened her shocked mouth, unable to close it for a long time. Looking at Song Pingting's gaze, she was suddenly full of envy, jealousy and hatred.

Song Qingsong felt her blood pressure soaring, almost spitting blood.

Yash Nics looked at the ugly family of Song Qingsong, snorted, and then smiled and said to Song Pingting: "My wife, since we can go to the VIP area to observe the ceremony, let's go to the VIP area."

"Oh, good. it is good!"

Song Pingting's nervous and excited speech was a bit uncomfortable, and she held hands with Yash Nics, and followed Major Qin to the VIP area with her family.

Song Zhongbin and Ma Xiaoli were equally excited and excited, and both of them thought triumphantly: Long face, son-in-law is really long face this time, do they dare to look down on people in the future?

Yash Nics's family left with the envy and jealousy eyes of Song Qingsong's family and went to the VIP viewing area.

There are only 1,000 places in the VIP viewing area.

And there are seats on site, so everyone can sit and watch the ceremony.

On the coffee table next to the chair, there is also a bottle of water and a telescope.

The telescope can allow VIPs to wait and see the heroic posture of the destroyer on the sea riding the wind and waves.

There are already many people in the VIP area, and their identities are not simple.

However, they are very approachable at this time, and they greet everyone around them politely and politely.

As everyone knows, the status of people who can enter the VIP table is not ordinary, and everyone has to be humble and polite.

Yash Nics looked around, but did not see Tang Beidou and his party.

It turned out that the Tang Beidou family had just been told that their family could board the Type 055 destroyer while they waited. With General Liu Zhenping, and a group of important leaders of the Jiangnan Military Region, they could directly witness the sacred moment of service of the Type 055 destroyer on the warship.

Tang Beidou used to hold the position of Jiangnan Provincial Respect, but he has long since abdicated, and now he is just a commoner.

But he was able to board the warship together with General Liu and other important military officers to participate in this naval gala.

This is simply the supreme honor!

However, Tang Beidou was proud that he believed that his pledge to donate one billion yuan played a role.

General Liu asked his family to board the warship, probably to introduce his family to the North Marshal, and to promote the marriage between his daughter and the North Marshal.

Tang Beidou thought that he had the opportunity to become the young marshal's father-in-law, and he was really excited.

He hurriedly took his family and his men to make preparations, so as not to wait to see the young marshal on the warship, who would be rude because of lack of preparation, and that would be troublesome.

As soon as Tang Beidou and his entourage left the VIP area, Yash Nics's family arrived.

Therefore, the two parties were not able to meet.

Chapter 454

At this moment, Tang Beidou and his family are resting in a rest room in the naval base, waiting for the naval ceremony at 12 o'clock, and waiting for the wonderful moment to meet with the North Marshal.

Tang Beidou's cigar smoking hand trembled slightly with excitement.

Tang Tianji was full of excitement and couldn't wait to pace back and forth in the room.

He proudly said: "It's a great honor for our family to be able to board the warship. General Liu took the opportunity to introduce the younger sister to the young marshal. After that, I may be the young marshal's brother-in-law, haha!"

Tang Haixin took it. With a small mirror, I am trying to touch up my makeup.

Although she didn't say anything, her excited and hopeful eyes betrayed her.

Everyone can see that she really wants to be the marshal of the marshal, and she is determined to win this time.

At this moment, the butler Tang San knocked on the door and came in and reported: "Master, news from Lu Cangtian from Dongjiangkou Lion Island."

Tang Beidou heard the words and said solemnly, "Say!"

Tang Sancai said, "Yash Nics." Seemingly unwilling to wait for death, his capable subordinate, Dong Tianbao, has gathered a group of subordinates and has rushed from Mannity."

"Yash Nics sent a war post to our Tang family, and he will tell us Tang Tang at 12 noon today in Lion Island. The family made a decision."

Tang Beidou was a little surprised when he heard the words: "Yash Nics learned that I had summoned 30,000 disciples. Not only did he not surrender and die, but he also summoned his men to fight against Lion Island with me?"

Tang Sancai: "Right! "

Don Compass frowned and asked: "That Ning, the total number of men called "

Tang Sancai said: "According to reliable sources, Dong Tian Ning men brought three hundred men. "

three hundred?

Tang Beidou looked at each other with Tang Tianji and Tang Haixin, and then they couldn't help laughing together.

Yash Nics was just a mere three hundred people, and even dared to fight against the 30,000 disciples of the Tang family. Does this know that he is inevitable, so he wants to die a little more heroic?

Tang Beidou sneered: "Since Yash Nics wants to die a bit miserable, then I will fulfill him. Our Tang family's 30,000 disciples will wait for Yash Nics and the others to fight at 12 noon today."

Tang Tianji couldn't help saying, "If it was Yash Nics. He flinched and didn't dare to come?"

Tang Beidou coldly snorted: "Can he escape? If he dares not to come, then I will kill all his relatives and friends."

"Anyway, we are going to climb to the north. The young marshal is a great backer, so you don't have to worry about anything."

Yash Nics's family are in the VIP viewing area at this time, waiting for the upcoming naval ceremony.

Song Pingting's family is still in a dream at this time, since they are happy, they feel a little unreal.

Song Pingting turned to look at her husband, squinted her phoenix eyes, and asked, "Yash Nics, what's going on, don't you plan to explain to us?"

Yash Nics hugged her daughter and said to Song Pingting's family with a smile. "You may be wondering how we can come in to watch the ceremony, right?"

"Very simple, I am a northern warrior who has made meritorious service, so I was specially approved to participate in this festival."

Song Pingting's family suddenly realized when they heard this.

Because being able to participate in this naval gala, not necessarily all powerful people, but many ordinary heroes.

For example, some are outstanding teachers, some are provincial model workers, and some are provincial outstanding youths.

There were also glorious veterans who came to watch the ceremony. Just now Song Pingting saw several veterans who wore many medals.

It's just that she didn't expect that Yash Nics, a veteran, could even be invited to participate in this grand ceremony.

Yash Nics smiled and said: "This time the Navy Festival, representatives from all walks of life will invite some. They also invited a group of representatives of veterans to attend the ceremony. I am one of them."

Song Pingting's family believes it is true, after all, Yash Nics's explanation is reasonable.

Only Tong Ke laughed and said nothing.

Chapter 455

The daughter Song Qingqing, who was held in Yash Nics's arms, was more concerned about when her father could take her aboard the warship.

At this moment, she was looking at the mighty and domineering warships on the sea in the distance of the military port, especially the huge and most mighty Type 055 destroyer.

She asked eagerly: "Dad, you said you took me aboard the warship, can we go up now?"

Song Pingting hurriedly coaxed: "Qingqing, Dad was kidding you, the warship is not us I can go up."

Yash Nics hugged her daughter: "Okay, Dad will walk with you on the warship."

Yash Nics turned around and asked Song Pingting's family: "Wife, do you want to go up and visit together?"

Song Pingting's family They thought that Yash Nics was coaxing the children. Song Zhongbin and Ma Xiaoli didn't say anything, while Song Pingting rolled his eyes and said, "You go with Qingqing and walk around, we won't go."

Yash Nics shrugged, "Well then. I will take Qingqing to visit the warship to realize her little dream."

Song Pingting and her parents thought that Yash Nics's so-called visit was probably to come closer, look at it from a distance, and coax the child, so They are not mixed.

Tong Ke rolled her eyes twice, followed Yash Nics and Song Qingqing, shouting, "Oh, it's so boring to sit here and wait for the ceremony to begin. I will go with my brother-in-law for a walk."

Song Pingting told Yash Nics several Said: "Playing, coaxing the children to coaxing the children, remember that when the naval ceremony officially begins, you have to come back to watch the ceremony."

Yash Nics: "Okay, I see."

Yash Nics held his daughter and brought Tong Ke. , Leave the VIP area.

He walked straight towards the depths of the military port.

Inside the military port, there were soldiers standing guard in full gear. These soldiers didn't know Yash Nics, and when they saw Yash Nics walking around, they were about to drive Yash Nics back.

But at this moment, Lieutenant Commander Qin Chang appeared immediately.

Qin Chang shouted to the soldiers at the scene: "Don't be rude!"

After saying that, he turned his head and smiled and said: "Mr. Yash, where do you go first, I will show you the way."

Yash Nics said with a smile: "I

My daughter wants to visit the warship, don't you know it's convenient?" Qin Chang nodded again and again: "Convenient, convenient, General Liu is about to send me to invite you to board the warship, and wait for a speech to all officers and soldiers."

Yash Nics nodded slightly . , Asked: "Tang Beidou was also invited on the warship, right?"

Qin Chang said respectfully: "Yes, General Liu has already invited Tang Beidou on the warship according to Mr. Yash's wishes."

Yash Nics seems to be. Smiling and not smiling: "Very good!"

Yash Nics held her daughter, took Tong Ke, and accompanied by Qin Chang and others, boarded the Jiangnan destroyer.

When the naval soldiers lined up on the ship saw Yash Nics, they acted neatly and slapped Yash Nics in salute.

The daughter in Yash Nics's arms flushed with excitement.

She learned how the pupils on TV saw the soldier uncle saluting, raised her little hand, saluting the surrounding naval soldier uncles in a decent manner, and said crisply: "Hello, uncles!"

Tong Ke beside Yash Nics, too Excited and thought triumphantly in his heart: This is my brother-in-law, that's amazing.

Yash Nics's face was calm, nodding slightly to the soldiers around him.

At this time, Liu Zhenping, a majestic and imposing military uniform, appeared with a large group of subordinates.

Liu Zhenping saw Yash Nics wearing ordinary clothes, holding his daughter, and his family members. He was a bit stunned: "Ah, Chen Shaoshuai, why did you come here with such a casual dress?"

Yash Nics smiled and said, "Haha, this is General Liu. At home, I'm here to watch the ceremony, so I can't overwhelm you!"

Yash Nics is the commander of the north, and Liu Zhenping's commander of the south of the Yangtze River.

Today is the naval ceremony of the Jiangnan Military Region. Yash Nics did not want to steal Liu Zhenping's limelight, and secondly, he did not want to make a high profile.

That's why I came here wearing ordinary clothes, and Yash Nics didn't plan to show up in front of reporters and the media later.

Liu Zhenping smiled and shook his head: "You and I are both serving for the country, where is the host and guest? But I think you don't want to show people in high profile!"

Chapter 456

Song Qingqing in

Yash Nics 's arms looked at Liu Zhenping with wide eyes, and asked curiously: "Dad, who is he? He looks so mighty!" Yash Nics smiled and rebuked, "I have to Li, call uncle general!"

Liu Zhenping said, "Just call me uncle."

Song Qingqing cried out uncle obediently, Liu Zhenping opened his eyebrows and smiled, took out a jade pendant with a safety buckle that he wore with him, and gave it to Song Qingqing as a face-to-face gift.

Then, Liu Zhenping led many subordinates and accompanied Yash Nics to visit the destroyer Jiangnan.

This Jiangnan is the latest type of destroyer 055, and its combat effectiveness is among the highest among all warships in the world.

During the visit, not only Song Qingqing cheered with excitement, but also Tong Ke opened his eyes.

Yash Nics said with satisfaction: "Brother Liu, you will have more confidence by adding this weapon to defend the waters of the country."

Liu Zhenping said with a smile, "Of course, our second aircraft carrier is about to go to sea. The Chinese Dragon has already Wake up, foreign enemies don't want to bully us anymore."

"In the northern gate, you have Chen Warshen sitting in town; this Jiangnan Haimen, with me Liu Zhenping, don't want to be arrogant!"

Liu Zhenping just finished speaking, and Major Qin Chang hurried. He rushed in and said respectfully: "General, the ceremony is about to begin. Please go over and speak with the marshal."

Liu Zhenping nodded: "Okay!" After

he finished speaking, he turned his head and looked at Yash Nics: "Marshal, please, please. "

Yash Nics handed her daughter to Tong Ke, and asked Tong Ke to take her daughter off the boat and go back to the VIP table to observe the ceremony.

Then, he followed Liu Zhenping and his party to leave.

At this time, on all ships in the military port, naval soldiers lined up on the deck.

In the naval base, 100,000 soldiers were divided into 100,000 square formations, and under the leadership of their respective officers, they stood neatly under the scorching sun.

A little further away is the VIP viewing area, with nearly a thousand representatives from all walks of life sitting.

Farther away, there are ordinary people watching the ceremony. There are tens of thousands of lucky people watching and watching the ceremony.

On the farther beach, hundreds of thousands of people gathered densely, these were people who came here especially but couldn't enter the viewing area.

They can only watch from afar, silently paying attention.

The most honored is Tang Beidou's family, he and his housekeeper Tang Sancai, son Tang Tianji, and daughter Tang Haixin.

At this time, he had boarded the destroyer Jiangnan, stood with a large group of military officers, and waited excitedly for the appearance of General Liu and the marshal.

Soon, Liu Zhenping appeared.

He smiled and walked to the microphone, and began to speak to the group of military officers in front of him, the 100,000 soldiers on the shore, and many people in the viewing area.

"Dear fellow officers and soldiers, ladies and gentlemen, I am very happy to be able to witness this sacred moment of the official service of the Jiangnan destroyer..."

Liu Zhenping has a straightforward character and a resolute and vigorous work style.

His speech was very concise, only a short ten minutes, but it attracted all the officers and soldiers, as well as the people in the viewing area in the distance, to clap and applaud.

Liu Zhenping raised his hand, motioned everyone to stop applauding, and smiled and said: "Today there is another important person

coming to our base to witness this great moment with us." "He is the imperial court pillar, the Chinese God of War, and the North Marshal. Please give a warm welcome to the marshal's remarks."

Just after Liu Zhenping's voice fell, the audience in the viewing area applauded one after another, very excited.

The 100,000 soldiers in the base, as well as the naval soldiers on the ships, couldn't help but shouted in unison: "God of War, God of War, God of War..."

Chapter 457

Jiangnan Bureau destroyer, a group of military officers, as well as Tang Beidou's family, were all excited and eagerly waiting, waiting for the legendary young marshal to appear.

Tang Beidou was so nervous that his palms were sweating.

But at this moment, Tang San, the housekeeper next to him, leaned in and said in a low voice, "Master, it's already 12 o'clock."

"Probably on the Lion Island side, Yash Nics also appeared with his subordinates and talked to our Tang family with thirty thousand dollars The disciples are fighting to the death, do you have any special instructions to explain to Lu Cangtian?"

Tang Beidou was waiting for the young marshal to appear, he said impatiently: "The young marshal is coming out, why are you screaming? ? you commanded the land of heaven, a group of people to kill all Ning is that one does not leave, "

Tang Sancai nodded: " Yes, I'll send a message notification Lu heaven. "

after a dozen surface, the long-awaited North The young marshal of the environment finally appeared in front of everyone long overdue.

Yash Nics was strongly demanded by Liu Zhenping. At this moment, he had changed his clothes, changed into a military uniform, and was wearing a marshal's military uniform.

The epaulette is a sword and a gold star!

Extraordinarily powerful and domineering!

boom!

When the audience saw Yash Nics, they were completely excited.

Just as the enthusiastic believers saw the god in their hearts, madly shouting the title of God of War.

This scene is much crazier than when Liu Zhenping spoke just now.

However, the audience in the viewing area is too far away, even with a telescope, you can only see Yash Nics's figure clearly.

As for Yash Nics's appearance, only fuzzy outlines can be seen.

Therefore, Song Pingting's family and Song Qingsong's family were just cheering with the people around them at this time.

But no one knew that the god of war they cheered was actually Yash Nics.

However, there are a few guys who are lucky enough to board the ship. At this time, they don't need a telescope to see Yash Nics's heroic posture up close.

That is the Tang Beidou family!

Tang Beidou, Tang Tianji, and Tang Sancai had never seen Yash Nics, but Tang Haixin had met, and Yash Nics slapped him.

The moment she saw Yash Nics, she blew her scalp numb with shock, her face was pale, and she almost knelt on the ground in fright.

She trembled: "God, it's him, he turned out to be the young marshal, we are over..."

Tang Beidou asked in surprise, "Girl, do you know the young marshal?"

Tang Hai's face was gray and trembling. Said: "Know, you also know him. He is the enemy of our Tang family, the murderer who killed the second brother, we want to kill Yash Nics soon afterwards!"

Yash Nics!

Boom!

Tang Beidou's several words were stupid if they were struck by lightning.

"Yash Nics is a marshal!"

Tang Tianji knelt directly on the ground, body like chaff and sweat like pulp.

Tang San's legs trembled directly, and a stream of water flowed down his trousers, surprisingly urinating unexpectedly.

Tang Beidou's deity also felt that his blood pressure was suddenly high, the sky was spinning around, his temples jumped suddenly, and he almost vomited a mouthful of old blood.

Yash Nics gave Tang Beidou a cold look. Then, in the desperate gaze of the Tang family, he walked to the microphone and said in a deep voice: "Hello everyone, I am the commander of the North, and I am very lucky to witness the formality of the Jiangnan destroyer. Serve."

"The people are able to stay peacefully for years because there are soldiers walking forward with heavy loads. As a soldier, I am very proud."

"Here I also encourage all the soldiers and soldiers in Jiangnan to stay true to their original intentions and move forward. Destroy all enemies!"

Yash Nics glanced at Tang Beidou deliberately or unintentionally when he said to eliminate all enemies.

Tang Beidou trembled all over, he knew that their Tang family was going to fall into hell.

Chapter 458

Lion Island is the intersection of Dongjiang and the sea.

Today, Lion Island gathers countless Tang family disciples, and there are black and crushing heads everywhere, giving people an aura of black clouds crushing the city and wanting to destroy the city.

Lu Cangtian, at this time, was surrounded by tens of thousands of Tang family disciples, star-shaped like a moon.

Like a majestic general on the battlefield!

He looked at all the men in black suits around him, and each of these men was murderous.

Some people are wiping swords, some are wiping pistols, and some even carry the old-fashioned AK47 assault rifle in their hands.

The person next to Lu Cangtian is one of the Four Tingzhu Zhuku Chan.

Zhu's family was crushed by Yash Nics and collapsed. Zhu Kuchan can be said to hate Yash Nics.

This time I heard that Jiangnan King summoned tens of thousands of disciples to destroy Yash Nics in the Dongjiang River. He also came. As Lu Cangtian's deputy, he wanted to witness Yash Nics's tragic death with his own eyes.

At this time, Zhu Kuchan played with a string of bergamot beads in his hand and said with a smile: "Mr. Lu, it is already 12 o'clock. I don't know if Yash Nics will show up as agreed and fight us to the death?"

Lu Cang Tian squinted himself, and said with his head up: "Hehe, I lead the 30,000 disciples of Lord Tang here. It is said that Dong Tianbao, Yash Nics's subordinate, only summoned 300 people."

"If they are open, we will each extend one. With the fingertips, they can all be wiped out."

Zhu Kuchan said with some worry: "I'm afraid that they won't come. After all, they will definitely die if they come."

Lu Cangtian laughed and said, "Master Tang has already let go. That's right, if Yash Nics and Dong Tianbao come to fight on time, then they will all be killed."

"If they don't come, many people will die by then. Not only Yash Nics and Dong Tianbao will have to die, but their relatives. Friends will be buried together, and Zhong Hai will flow in blood at that time."

I wish bitter Zen also heard laughed: "Ha ha, I also heard that Tang Ye want to put his beloved daughter, married to the Northern Territory Marshal."

"Tang Xiao Ye already backed by towering trees this lesson, if If you become the father-in-law of the young marshal of the North, then the Tang family will jump from a second-rate family to a first-class family." The

Xiao family!

Lu Cangtian's eyes instinctively showed awe!

The king of flowing water in the south of the Yangtze River, the Xiao family of iron.

The Xiao family is a century-old giant in the south of the Yangtze River. Talented people have emerged in large numbers. Throughout the ages, there have been people who have held important positions in the north.

Tang Beidou was promoted by the Xiao family before he became the respect of Jiangnan Province.

Later, due to some problems, Tang Beidou was forced to retire early and was removed from the position of respect in Jiangnan Province.

But because Tang Beidou has been the provincial governor in Jiangnan for more than ten years, and the Xiao family is behind him, he can be king in Jiangnan.

There are even rumors that the Jiangnan king Tang Beidou is just the spokesperson of the Xiao family in the south.

Lu Cangtian longed and said: "Tang Ye has the Xiao family as a big backer. If he becomes a young marshal father-in-law, the Tang family will be like a tiger, and then we disciples will be able to eat along with them."

Zhu Jiuling smiled bitterly: "I. When I get old, several of my sons are dead. Although there are stepsons, I have already seen the glory and wealth. I just want to see Yash Nics die with my own eyes!"

Lu Cangtian's eyes burst into strong when he mentioned the pain of losing his son . Killing intent, said fiercely: "I wish you peace of mind, Yash Nics should be here right away, and you can see how I cut him out."

At this moment, someone rushed to report: "Master Lu, The enemy is here!"

Lu Cangtian immediately squinted his eyes, "Is Yash Nics here?"

"No, it's Dong Tianbao!"

"How many people did Dong Tianbao bring to death?"

"Not many, it seems that there are only three hundred More people!"

Lu Cangtian smiled grinningly when he heard the words: "Hehe, Yash Nics, this short-lived ghost, actually flinched and only sent Dong Tianbao this idiot to die?"

"Finally, let's kill Dong Tianbao and his three hundred men today, and use their blood. Give us revenge and sacrifice the flag."

Dong Tianbao coldly snorted, "My young master immediately Soon, he asked me to send you a word."

"If you lay down your weapons and kneel down to beg for mercy now, he can consider forgiving you once."

"If you still don't understand, then you just wait for it to be reduced to ashes!"

Zhu Kuchan sneered: "This is called You won't cry if you don't see the coffin!"

Lu Cangtian stopped smiling, looked at Dong Tianbao again, and said sensibly, "With your three or two kittens, I want the 30,000 disciples of the Tang family behind me to beg for mercy. You are the same as Yash Nics. , I don't know whether to live or die!"

Lu Cangtian said, he shouted: "Tang family disciple, Yash Nics said let us kneel and beg for mercy, do you agree?"

"No! No! No! No!"

Tens of thousands of people. Qi roared, and the sound was like a wave storm, and it was overwhelmed for a while, which was particularly frightening.

Lu Cangtian showed complacency and said loudly: "Brothers, Lord Tang has ordered, what should we do with the enemy?"

"Kill! Kill! Kill!"

Tens of thousands of people roared again, murderously soaring, and the world changed color.

Dong Tianbao was okay, Shi Qing and the three hundred men behind him were so scared that their faces were pale, and they were shaking all over.

When Lu Cangtian saw Dong Tianbao's men, he was trembling with fright.

He sneered and said with a sneer: "Dong Tianbao, I give you the last chance. If you are willing to kneel down and beg for mercy, I can consider letting you die a little easier."

Dong Tianbao coldly snorted: "It seems, our young master. Give you the last chance, you don't want it."

Lu Cangtian laughed wildly: "I dare to mention your young master Yash Nics. If he dares to appear in front of me now, I will be the first to kill him."

"Unfortunately, Yash Nicsdang . I only sent you idiots to die."

Lu Cangtian finished speaking, squinting his eyes and commanded: "Brothers, you have the sword and gun in your hand, kill with me. First slaughter this group of idiots, then turn around and kill Yash Nics."

Lu Cangtian gave an order, and the 30,000 disciples of the Tang family, holding knives and guns in their hands, immediately rushed to Dong Tianbao's gang with murderous aura like a black wave.

Thirty thousand people charged, and it is estimated that in the blink of an eye, three hundred people like Dong Tianbao could be crushed into flesh.

Shi Qing and the others all shuddered, and said with a trembling: "Brother Bao, Master, didn't you say that the young master will come? Didn't you say that the young master won't let us die, where is he?"

Dong Tianbao At this point, Lu Cangtian had led his 30,000 men to kill, only thirty meters away from them.

He also started to become anxious now, and shouted in his heart: Young marshal, where are you, if you don't show up again, in ten seconds, all of us will be dead!

And at this time!

In the distant sky, a new precision-guided rocket suddenly roared through the air and landed on the lion boulder on Lion Island.

Boom!

With a loud noise, the lion boulder several stories high was directly razed to the ground.

The explosion of the air wave rushed the Tang family's army into an unsteady position, and many people were overturned by the air wave.

The loud sound of the explosion made everyone on the scene cover their ears and paused in pain.

This small missile directly blew up everyone in the audience.

Finally, Lu Cangtian and the others eased their anger, and looked at the lion boulder that was several stories high on Lion Island in horror. It was blown up.

There was also a large explosion pit with a diameter of more than ten meters on the ground. The soil in the pit was scorched and smoke was still coming out.

Where did the missile come from?

Just when everyone at the scene was terrified, someone suddenly shouted: "Look, what's on the surface of the sea?"

On the deck of the ship, Yash Nics was standing with his hand in his hand, and the sea breeze blew his marshal's shirt and hunted.

Not far away, Tang Beidou, Tang Tianji, Tang Haixin, and Tang San were just a few, kneeling weakly on the deck, their faces gray.

Yash Nics just ordered the destroyer to launch a rocket of the smallest size to blow up the lion boulder on Lion Island, as a demonstration of shock.

If Yash Nics is really true, then the destroyer will be fully fired, and the 30,000 disciples of the Tang family will be wiped out in a few seconds.

At this time, Dian Chu handed a walkie talkie to Yash Nics.

Yash Nics took the intercom, looked at the approaching Lion Island, and said indifferently: "I am Yash Nics, I am here to challenge."

Dong Tianbao and his men were extremely excited when they heard Yash Nics's voice. They got up and cheered: "Mr. Yash is here, Mr. Yash is here, my God, Mr. Yash dispatched a warship, it's too awesome."

destroyer Jiangnan, like a giant sea beast, came from the sea with murderous aura.

Around it, more warships appeared.

This is a troop from the sea!

A group of armed off-road vehicles followed behind the tank.

Zhu Kuchan, this old man, this is direct blood pressure. Soaring to the extreme, he spouted a mouthful of old blood, then fell back and fell into a coma.

The rest of the Tang family disciples were even worse, one by one was so frightened that they threw away their weapons and cried for mercy.

Standing on the deck of the Jiangnan destroyer, Yash Nics looked at Lion Island indifferently. Those Tang family disciples who knelt down and begged for mercy, squinted and said coldly: "Lu Cangtian, you didn't mean to kill me or destroy me. The whole family? Come to fight!"

Come to fight, how do you fight this?

Lu Cangtian knelt on the ground, his body shivering like chaff, sweating like syrup, and his desire to die was gone.

Seeing that Yash Nics had fully controlled the situation, the disciples of the Tang family were arrested one after another.

He

turned his head and looked at the Tang Beidou family who were kneeling in a row on the deck, and said, "Jiangnan King, your subordinates are useless!" Tang Beidou knelt on the ground, banging his head, banging his head. Bleeding, begging: "Marshal, I don't know Taishan, I should never offend you, please be merciful and spare us once."
