The Return of the God of War [The Protector]

Chapter 2838 - 2839

Chapter 2838

In terms of strength, these four might not be inferior to the evolved Ye Zhantian and the others.

Especially in the sea, it seems that their combat effectiveness has been infinitely magnified.

It should be above Ye Zhantian and the others.

Super powerful!

This can only be from the Lab of the Gods!

Is this someone coming to kill himself? ? ?

Levi Garrison looked shocked!

He had never thought about someone coming to kill him...

I think there is no reason.

After all, in everyone's impression, he is like a weak chicken.

...

Until this moment.

Levi Garrison understood.

It should be that he became the commander-in-chief and began to line up troops. This is a threat to the laboratory of the gods.

That's why I have to kill myself.

In addition, Levi Garrison could not find any reason.

Variant No. 3 and King Kong No. 4 sensed the danger, and they had to act immediately.

Levi Garrison waved his hand.

He wants to see who it is first?

It's not too late to do it again.

...

About ten minutes later.

Sudden changes occurred in this sea area.

A huge whirlpool began to appear under the ship that Levi Garrison was riding in, rolling the ship up.

The whole sea seemed to boil.

The vortex suddenly rose up from the sea and lifted Levi Garrison's ship into the air.

It is hundreds of meters high.

It's really scary.

If everyone else is supposed to be scared to death.

"Boom!"

Accompanied by a loud bang.

The vortex disappeared, the big wave disappeared.

The ship that Levi Garrison was on descended directly, exploding a big hole on the sea...

When the ship stabilized, four figures appeared on the deck.

Lucifer, the clown the great them.

"It's been a long time since my old friend!"

Lucifer laughed out loud.

The others also smiled excitedly, looking at Levi Garrison as if looking at a lamb waiting to be slaughtered.

Of course it's nice to meet old friends.

Levi Garrison was also happy: "I thought it was you! What a coincidence!"

Although he found four people early.

But they are all speeding in the sea.

Enveloped by the sea monster's super power to control the sea.

The other three really couldn't tell who it was.

See real people now.

Levi Garrison was also very excited.

Unexpectedly, there are still a few old friends (enemies)!

What a coincidence!

"Ha ha ha ha....."

Levi Garrison laughed suddenly.

I didn't think it was fun.

At this moment, I suddenly felt interested in everything.

If anyone else saw this scene.

I thought that both sides are too good to be friends...From the first meeting, both sides were laughing.

"I heard that after you died with me, you were saved?"

Levi Garrison asked.

Lucifer looked arrogant: "To be exact, it is the resurrection! Not you mortals can understand! We are gods! Understand?"

"Yes! The us you met before Levi Garrison were half-human and half-gods at best! Now we are gods!!!"

The clown emperor also said.

Their strength today has reached a terrible situation.

In other words, the blood of their race is becoming more and more pure, almost comparable to their ancestors.

From the beginning of their birth, these races have the power to destroy the world and possess various talents.

In the later period, it gradually degenerates, the blood is getting weaker and weaker, and the various talents are getting weaker and weaker.

But now hell witches and sea monsters are gradually returning to their ancestors with the help of the laboratory of the gods.

Their bloodline gradually moved closer to the first ancestors, so their strength became stronger and stronger.

Now it's fast to be on the same level as the original ancestors.

Therefore, they dare to call themselves gods.

It is also the reason why the Lab of the Gods was renamed the Kingdom of God.

Because the people of the kingdom of God are all gods!

now.

The four of Lucifer were condescending and looked at Levi Garrison as if they were looking at an ant.

If it hadn't been for Levi Garrison to be the commander-in-chief.

They would never come to kill him.

Will lower the status!

Chapter 2839

Where are the little ordinary people qualified to let the gods kill them?

impossible!

"God? Hahaha... I have never seen such a weak god!"

"You guys are really shameless too! Where do you call yourself a god when you lick your face!"

Levi Garrison smiled directly.

Why are people professing gods everywhere?

With a little bit of power, you feel lawless, above this world, and claiming to be a god?

Who recognized it?

So are the guys in Forbidden Area No. 76!

So is the Lab of the Gods now!

It's hilarious!

"Levi Garrison, do you know that you are blasphemy?"

"God is inviolable and blasphemy for human beings!"

"Soon our kingdom of God will level the whole world! Everyone is crawling on the ground, enshrining us as gods!"

"We will kill you personally. It will be the most glorious thing in your life! You can die in the hands of God!"

...

Levi Garrison's words seemed to hit their weakness.

One by one began to get excited.

He started roaring at Levi Garrison.

"Ha ha ha ha....."

Levi Garrison smiled happily.

This group of people seems to have that phantasy.

One by one thinks of themselves as gods all day long, where are they showing off.

Seeing where Levi Garrison was smiling.

The Great Clown felt they were insulted.

One by one became more and more angry.

He was so angry that he had a red face and a thick neck.

“Levi Garrison gives you a chance! Suicide yourself! Don’t force us to do it!”

Lucifer threw a knife to Levi Garrison.

Because in their fancy, Levi Garrison, an ordinary person, is not worthy of letting them take the initiative.

Only by letting Levi Garrison commit suicide can they reveal their godly identity.

“Just you? You want me to commit suicide, are you worthy?”

Levi Garrison said coldly.

The variants No. 3 and King Kong No. 4 next to them have already felt Levi Garrison’s powerful anger.

I’m going to do it right away...

Levi Garrison stopped them: “If it’s the other ants, come and do it! But I’ll do it myself for the few ants in front of me! I will draw a successful conclusion to a few years ago!”

Seeing Levi Garrison so arrogant.

The clown emperor was stunned.

He wants to fight by himself?

sure?

Ordinary humans want to fight with gods?

Are you crazy?

They couldn't know Levi Garrison's strength any more.

Is this looking for death?

"boom!"

Levi Garrison's eyes suddenly locked on Lucifer: "Last time I let someone save you! But this time I won't give you any chance!"

At this moment, Lucifer felt the overwhelming coercion...

One can only struggle with pain!

Incompetent barking!

Levi Garrison loosened his hands slightly, and the two of them were able to talk.

"How dare you Levi Garrison?"

"Do you know the fate of your shot against God?"

...

The two shouted frantically.

"Not only will I shoot you, I will kill you!"

Levi Garrison sneered.

"Kill the gods? Do you dare to kill the gods? Do you have the courage? Do you have the strength?"

The two were in a hurry.

Feeling that Levi Garrison now kills them again, it is against the law!

Ordinary humans kill gods?

How can this be?
