Chapter 2869 - 2871

Chapter 2869

The people in charge at the end of the video began to choose a new coach.

There are six candidates in total.

Still vote the same.

In the end, the Titan War God of War Bear Kingdom was selected as the coach!

He is also the best candidate to put aside Levi Garrison.

The most important thing is that he can play super!

The strength of a body can be called against the sky!

Only has the title of Titan God of War!

Soon the tall, two-meter-long Titan War God brought his troops to here.

The lieutenants began to salute.

The Titan God of War looked at Levi Garrison and said, "Don't be angry with the word "Daxia" side by side! Next, you will be a member of my think tank! You will be the first military division! I will ask you about many things, or discuss with you. !"

Levi Garrison smiled: "Then I suggest that you give up the eleventh line of defense, give up the seven nations behind you, and retreat quickly!"

When the Titan God of War heard this, he laughed directly, and said with an annoyed voice: "It looks like you are not aware of your mistakes and why you have been replaced!"

After that, the Titan War God no longer paid attention to Levi Garrison.

Instead, he said to the lieutenants: "Tell me to order-all parties of the coalition forces will gather all combat power, all weapons, all equipment, and all hole cards to the eleventh line of defense at the fastest speed!"

"We are running out of time left, hurry up! Everything must be deployed before the army of the Kingdom of God is aggressively attacking!"

"My determination is to fight the kingdom of God on the eleventh line of defense! We have no retreat at all! We can only fight head-on!!!"

After listening to the order of the Titan War God.

The lieutenants were all excited.

"Commander!"

"Commander!" "Fight to the death!"

"Fight to the death!"

...

Everyone raised their fists high and shouted.

These lieutenants are brave and fierce warriors!

They are not afraid of death at all!

I hope to die on the battlefield!

One by one are the howling war wolves...

Levi Garrison's blind retreat made them go crazy.

Feeling that Levi Garrison was too conservative and playing too humiliating, so the complaints against Levi Garrison grew.

The Titan War God belongs to the kind of bold and direct action.

A few words mobilized everyone.

One by one was convinced by the Titan God of War.

They were all overwhelmed by his charm.

This is the commander they want!

Although there is no direct solution at this moment.

But he can fight to the death!

The Kingdom of God is indeed powerful!

But the coalition forces are so strong!

Who is afraid of whom?

"We will execute it immediately!"

The lieutenants actively prepared one by one.

Before leaving, they all took a deep look at Levi Garrison.

I don't know what the intention is.

Perhaps with a hint of sarcasm: look at others, then look at you!

When the lieutenants told the soldiers about the battle to the death.

The soldiers also exploded.

One by one enthusiasm!

Following Levi Garrison, they were going crazy!

Now you can really do it with a real sword.

Everyone is chanting the title of Titan War God!

All of them are crazy.

Order it.

All parties in the coalition began to send the most elite fighters, weapons and so on.

Daxia is no exception.

I sent all the best and the strongest.

Many weapons were taken out without reservation.

After all, at the moment the coalition was established, everyone agreed with each other and no longer hid them.

For a time, everything in dozens of countries was transporting to the eleventh line of defense.

The posture is also terrible.

Titan War God still has two tricks, thick and thin.

While analyzing the opponent's lineup, while arranging their own firepower and so on.

He also asked Levi Garrison to pay some attention, such as how to play a local battle, how to defend...

Chapter 2870

until now.

Levi Garrison also has no idea.

Can only assist the Titan God of War.

He deployed battle plans one by one, and also inserted the configuration of the Bible organization Maya Industry and so on.

Doing so is to increase the odds a little and reduce the casualties a little.

Shortly after.

Levi Garrison, together with the think tank and Titan God of War, deployed the battle plan.

As soon as the corresponding soldiers or weapons of the coalition came, they were all placed in the positions prepared in advance.

After Levi Garrison finished all this, he left.

Although there is no commander position.

But he still has to act.

Although it is not convenient to be the commander-in-chief.

The first step he needs to do is to quickly return to Daxia and ask Yanlongwei Tiance Mansion about Daxia's two legendary existences.

Confirm authenticity.

...

Not long after Levi Garrison left.

“What? The First Army Division is gone?”

The Titan War God quickly learned this message.

“I think he is afraid of death, right? No matter if he continues to stay on the front line!”

“Well, it’s possible! Otherwise, why would he keep retreating when he was the commander-in-chief?”

“Yes! I found out early, every time he ran the fastest! So far, Levi Garrison has never met the Gods Lab head-on!”

...

Everyone said one after another.

He thought that Levi Garrison was afraid of death and didn’t dare to stay on the front line.

The Titan War God sneered: “It doesn’t matter! But he does have a set of combat! The four sets of tactics arranged for us! It is amazing! He is relying on his tactics, and now that the tactics are there, it doesn’t matter if he is there! Anyway! He is not a conductor!”

“Yes, with you in control, we will definitely win!”

The speed of the coalition forces is very fast, and the cards of all parties have come one after another.

And was arranged in the corresponding position by the Titan War God.

Just waiting for the arrival of the army of the Kingdom of God, it’s a fight to the death! In the beginning, everyone heard how powerful the kingdom of God is.

If this battle fails.

Then the whole world will fall.

Everyone actually has a shadow on the kingdom of God.

After all, too strong, too strong.

Levi Garrison and the others have no way at all.

Those who came to support were afraid of the kingdom of God.

But after coming here.

Everyone found that the coalition forces were too strong.

When dozens of countries took out all their hole cards, it was a shocking thing.

There are too many soldiers, weapons and so on.

Especially this time, all parties have spared no effort.

Take out everything that should be taken!

All aspects are estimated to be more than a hundred times the opposite!

Maybe my quality is not as good as yours, but I can make it in quantity!

Seeing the eleventh line of defense strengthened dozens of positions, everyone felt very relieved and safe.

All of a sudden the fear of the kingdom of God was all over.

All fear comes from lack of firepower.

The current situation is that the firepower is too sufficient.

Sufficiently scary.

The Titans were stunned.

I have never fought such a battle of wealth in my eight lifetimes!

With these, he is not afraid of anything.

He was still wondering – with such a powerful coalition force, what on earth was Levi Garrison afraid of? Why didn't he put his posture on the ground?

I don't know if the strength of the coalition forces is gathered, this gathering is shocking.

All parties are scared.

I didn't even think it would be so powerful.

Soon the Gods Lab received the message.

Also taken aback by the coalition forces.

"These forces are usually hidden and tucked away, and they are all taken out at a moment of crisis! Now the opposing coalition is unprecedentedly strong!"

"Especially the position of Levi Garrison's coach has been changed, and he has been replaced by the Titan God of War of the Bear Kingdom!"

...

Seeing that the strength of the coalition forces is so terrible, all the gods' laboratory was shocked.

This is much stronger than they expected.

"Haha, good thing! Really good thing!"

Mr. X laughed suddenly.

"It's a great thing that Levi Garrison's commander has been replaced! Don't look at Levi Garrison's retreat all the time, but his small share of harassment has caused us a lot of damage!"

The key is that we didn't even see him, so we lost a lot! And I know there are many conspiracies waiting behind him! Even if we could win in the end, Levi Garrison would definitely suffer a lot. The casualties are not small! "

His eyes lit up: "We are afraid that the coalition forces will not fight us! We most hope that they will gather all their strength to fight us! But it has not happened! But at the critical moment, Levi Garrison's commander was replaced!"

"God helps me too! Lovesky is born warlike! He will definitely fight us at all costs! It's great!"

the commander-in-chief, everyone started to laugh.

What they fear is that the coalition forces dare not fight them.

it's good now.

"Our strength is almost gathered, right?"

Mr. X asked.

"Well, it's all here!"

"Okay, waiting for my order to attack! I want to report to the chief priest and ask for their decision!"

...

Both parties are ready.

A big battle is on the horizon.

This battle is the battle of the century!

Rare in the world!

Except for a small number of forces in the Warhawk Nation, they are basically all involved.

the other side.

Levi Garrison quickly came to Daxia and gathered the four heads of Yanlongwei and the marshals of Tiance Mansion.

“One word side by side, shouldn’t you be a military division on the front line? Fighting is about to start everywhere! Why are you still in the mood to run here?”

Everyone asked curiously.

“I don’t need me anymore, I will do my own thing!”

Levi Garrison said.

Everyone looked at him puzzled.

Levi Garrison hurriedly said, “I gathered you all to ask a question...” “Huh? What’s the problem?”

“Say it! I’m all curious!”

Everyone looked at Levi Garrison with curiosity on their faces.

“I heard that Daxia has two types of legendary existence? They are above all else! Super powerful! Powerful enough to make the Lab of the Gods always jealous!”

Levi Garrison looked at the crowd and said, “So do you know the existence of these two types of legends?”

“this.....”

When it comes to this, the leaders of Yanlongwei are all blank.

Obviously they don't know.

After all, these leaders who came from the modern era are still different from those in the ancient times.

If you don't deliberately go through some archives.

The existence of these two types of legends will definitely not be known.

However, a dignified look flashed across the faces of the Tiance Shenshuai people.

“I should have heard a little about these two types of existence! But not many! Only in legends!”

“It seems to be the pre-Qin qi practitioners, who practice qi training to the ultimate omnipotence! Just like the gods! But they are all legends, and they don't know much!”

But overall, it should be a legend! Not really! Otherwise, it's impossible not to leave any clues for so long! “

Tiance Shenshuai murmured to himself.

Levi Garrison still believed in such legends.

Otherwise, how would your master explain it?

He should be one level stronger in the world, right?

Is he even one of these two types of existence?

There is no such possibility!

There are still!
