The Return of the God of War [The Protector]

Chapter 2916 - 2919

Titans, God of War, they are all dumbfounded!

Who moved the hand?

Who the hell is it?

The four super bows and arrows directly penetrate the four god-level powerhouses!

Not to mention that the army of the Kingdom of God is at a loss and does not know what the situation is.

Even they don't know what's going on...

After all, they have all come into contact with giant crossbows.

With the strength of the coalition forces, where can anyone urge this super crossbow to shoot directly at the strongest level of the Kingdom of God!

Full of four!

It also caused the greatest trauma to the army of the Kingdom of God!

Not even the strongest monarch among the coalition forces, let alone the others.

It's absolutely impossible!

Who is this person?

Wrong!

The person who uses bow and arrow is Levi Garrison!

He came to save his daughter!

The main priest is coming out soon.

But he still didn't come out completely. It would not be great if he rashly used his skills.

In case the main divine secretary knows that he is too strong, he deliberately hides his privates, leaving some people behind.

This is the hidden danger.

All he wants is to catch it all!

All the powerhouses of the Lord God Division should appear!

therefore.

He would hide behind and shoot with a super crossbow.

Don't expose yourself for the first time!

Although he also wants to rush to kill the Quartet!

But there is no way, I can only endure it temporarily.

Although it is exactly the same crossbow, it depends on who uses it.

Levi Garrison at this level will maximize the use of the super crossbow, and can also bless his own strength in.

He is pulling the bowstring of the giant crossbow to its fullest state!

With more strength, I am afraid that the bowstring will burst.

Therefore, I easily shot and killed four strong men, the strongest in the kingdom of God except for the main divine division...

Unfortunately, there are too few bows and arrows.

Otherwise, Levi Garrison will shoot Mr. X on the spot!

Looking at Mr. X, he got angry!

This hatred can be traced back to Richard's dominance alliance.

Lucifer is Richard's immediate boss, and Mr. X is Lucifer's boss.

...

After Levi Garrison took the shot, the scene was immediately chaotic.

The coalition forces are also in chaos here.

Who is looking for the giant crossbow everywhere?

The army of the Kingdom of God is even more chaotic.

There are corpses and blood everywhere.

The sound of ghost crying wolf howling spread all over...

"They are here! They are here..."

"withdraw....."

"Quickly retreat!"

...

Mr. X turned pale and shouted subconsciously.

These four arrows directly knocked Mr. X into autism, so there was no idea to continue fighting.

Directly gave the order to retreat.

In his opinion, this is a matter for the chief priest.

He can't handle it!

If he goes on, he will probably die here.

This is the fear of death!

What god?

Are you still afraid of death?

Isn't it that you can't control your own destiny?

God's majesty disappeared at this moment.

Everyone's embarrassed appearance was deeply imprinted in everyone's eyes.

Is this still a god?

Isn't this a person?

It's exactly the same!

Will be afraid of death!

Can't control their own life and death!

The so-called Kingdom of God seemed to be directly disintegrated at this moment.

Ran!

The army of the Kingdom of God ran at the fastest speed.

It didn't even care about the injured, and all of them ran away.

After all, even the lead Mr. X ran away desperately.

Where can the rest be?

There was another bloody reality before his eyes, and of course he had to run away.

shocked!

Simply dumbfounded to the extreme!

Everyone in the coalition did not expect that the army of the Kingdom of God had fled directly.

Although these four arrows have caused a huge loss, don't they have to go straight away, right?

Still so embarrassed?

In the Titan Wars, they guessed, whether the army of the Kingdom of God would feel that there are many more such super bows.

Chapter 2917

That's why it ran so fast?

But how do they know that this is not the root of the fear of the army of the Kingdom of God.

"What shall we do now?"

Someone asked.

“Of course it is pressing up! They ran away and proved that they were afraid of us!”

The Titan War God immediately ordered.

At the same time, he was looking for the person who just used the giant crossbow.”We saw it! But I can’t see it clearly! There are about seven or eight people, one of whom used a giant crossbow and all the super bows and arrows at once!”

“But we were so frightened that we couldn’t see clearly, and when we looked again, the people were gone!”

...

According to witnesses at the time, it was the same as the ghost incident.

Suddenly, several powerful beings descended from the sky, and they disappeared after they shot and killed the powerhouse of the kingdom of God.

Bizarre!

Incredible!

Is it righteous from heaven?

Titan War God also asked the person in charge of each party, everyone was confused.

They all thought it belonged to Daxia.

As a result, when I asked everyone from Daxia, they were also confused.

Where is this person from?

Incredible!

Except for a very small number of people, most people don’t even know.

This is Levi Garrison’s arrival!

Underworld gods showed long-lost smiles on their faces.

Almost sacrificed just now.

The savior is finally here!

This is probably the person who Levi Garrison killed!

Since he has to do it, it means that he has a solution.

This is a great thing!

Although they were entangled with the Titans, they couldn't find it.

But the army of the Kingdom of God has retired.

The goal was achieved.

Especially Levilia let out a long sigh of relief, and he was almost captured alive.

"We continue to press on! They must be afraid to retreat! Not a tactic!"

"I also received information, the Galactic Guardian Alliance is also pressing up! At this time we are the best to press up!"

The Titan God of War specially came to discuss with the strong like Levilia.

"Okay, let's press it up!"

Levilia took the initiative to lead the team and directly chased him up.

The army of the Kingdom of God retreated very quickly, and soon reached the tenth line of defense.

But at this time, I encountered the advance team of the Guardian of the Galaxy Alliance.

The two sides played against each other directly.

And the real core of the Galaxy Guardian Alliance, after knowing the situation ahead, immediately speeded up and came to support.

The coalition forces came back from behind.

The kingdom of God is facing the enemy...

Even if the Kingdom of God confronted the advance troops of the Galaxy Guardian Alliance, it was only harassed a few times.

The Kingdom of God just took a detour, avoided it as much as possible, and didn't love war at all.

For fear of being entangled.

They are now retreating as much as possible!

There is no momentum at all.

Mr. X has no feelings to fight anymore.

The four arrows just knocked his heart out, and all he had to do now was to retreat and then retreat.

Even if it encounters a small group of resistance, it will immediately detour.

Don't fight at all.

But the more they were like this, the advance team of the Galactic Guardian League entangled them tightly.

It is difficult for them to get away.

Don't wait a while.

The rear coalition forces followed again.

Be entangled again.

The army of the Kingdom of God can only fight and retreat.

However, after tens of minutes.

The new force of the Galactic Guardian Alliance has caught up.

This time, the army of the Kingdom of God couldn't run away.

Can only be thrown into battle.

Fight with enemies before and after.

In particular, the main force of the Warhawk Nation of the Galaxy Guard Alliance is the most terrifying, and all kinds of advanced weapons have been pulled out.

The forbearance of the past few years has caused the world to ignore the War Eagle Nation.

But it is still a super mountain.

When these weapons are all taken out.

The world is shocked!

In terms of weapon technology, the Galactic Guardian Alliance is the first!

Daxia and Zhan Xiong are incomparable.

Especially after three aerospace aircraft carriers similar to the Shen Guoxing Chen appeared in the rear.

Everyone is going crazy! ! !

However, the aerospace aircraft carrier has not been put into use all at once.

And it can be seen that these three aerospace aircraft carriers seem to be used for transportation and not attack.

Everyone is guessing what the three aerospace aircraft carriers contain...

Chapter 2918

The Guardians of the Galaxy Alliance is here to kill.

The army of the Kingdom of God was killed directly at a loss.

“Request the Lord Shinji to come out of the mountain for support!!!”

“Quick, quick! The kingdom of God has encountered the most violent attack!”

Mr. X can only send out a distress signal.

“The main divine division is dispatched...” After Mr. X asked for help, the chief priest gave a message—they have come.

This gives Mr. X a hint.

Then you can command the army of the Kingdom of God to start a counterattack.

As for the coalition and the Galaxy Guardian Alliance to fight first?

He decisively chose the Galactic Guardian Alliance...

Don't look at the coalition forces now that they are all old acquaintances he has just fought against.

But those people behind, who knows where?

Suddenly, a sudden emergence, giving you a fatal blow.

Just hiding in the back, he could shoot and kill four strong men with similar strengths.

If it came out directly, it would be fine...

Therefore, for the army of the Kingdom of God, the threat of coalition forces at this moment is the greatest.

No one will follow suit.

After all, I want to live!

Fear of the coalition forces, dare not touch.

Then you can only pick soft persimmons.

The army of the Kingdom of God immediately targeted the Galactic Guardian Alliance.

Leave a small number of strong men and weapons to deal with the coalition forces.

Most of the forces directly face the Guardians of the Galaxy Alliance!

The war between the two sides is about to start.

Just now because of the illusion of escape created by the army of the Kingdom of God, the Guardian Alliance of the Galaxy was pressed too tightly and too close.

It also gave them the illusion that the kingdom of God is very weak.

But the Kingdom of God suddenly came and hit the Galactic Guardian Alliance by surprise.

Numerous casualties...

For the first time, they experienced the power of the kingdom of God.

After all, I have been watching a movie before.

Now face it personally.

It feels completely different.

However, the Galactic Guardian Alliance is a new force, and any weapon is advanced, beyond imagination, and can be comparable to the kingdom of God.

And the kingdom of God has never met before, nor is it in their plan.

For example, they control most of the weapons of the coalition forces.

Specialize in how to defend or target.

But now most of the weapons of the Galactic Guardian Alliance have never been seen before.

Therefore, it can only be head-on.

Although the army of the Kingdom of God killed them by surprise at first.

But soon the Galactic Guardian Alliance reacted and directly began to fight back.

Attack with their new weapons.

The army of the Kingdom of God has suffered a lot...

And everyone can see that the overall strength of the Galactic Guardian Alliance is stronger than the coalition forces.

The Sky Shield of the Eagle Nation and other institutions also participated.

They used a variety of new equipment, such as the "Kisshen No. 1" that locked Levi Garrison at the time.

The sudden attack on the army of the Kingdom of God caused considerable losses to the army of the Kingdom of God.

The Guardian of the Galaxy Alliance stepped up its attack on the army of the Kingdom of God.

Put your posture on the sea and attack in an all-round way!

All kinds of powerhouses and all kinds of weapons were taken out.

At the beginning, the army of the Kingdom of God was able to parry, using their weapons to blast.

But gradually there is no advantage.

And the duel between the two powerhouses gradually showed a one-sided situation.

“Huh? What’s the situation?”

“It seems that they have studied our weapons and equipment. Our weapons can’t harm them, but their weapons against us are wave after wave...”

“Yes, not only that, but they seem to know our ability and talents! They are completely targeted to us! We have killed and injured too many people!”

...

Soon, the army of the Kingdom of God discovered the problem.

It seems that the Eagle Nation knows everything about them.

The design of weapons and the talents of the strong or the execution of tactics and plans.

Everything is set up for them in advance.

Look like this!

The Eagle Nation is too familiar with them.

Know everything about them.

Especially the weapons and talents they are proud of.

They were all targeted.

The longer the time, the more obvious this feeling.

The deaths and injuries of the army of the Kingdom of God have also become more and more severe.

...

In less than an hour, a quarter of the forces of the Kingdom of God casualties! Now this loss is greater than the damage of the four super bows just now!

Don't talk about rolling!

The Guardian of the Galaxy Alliance was able to compete with the army of the Kingdom of God five or five times!

Shock!

This is too shocking!

They probably can understand why the main gods still fears the war Eagle Nation.

This is the reason!

And compared to other power countries, the Warhawk Nation is too familiar with them.

And there have been technical exchanges and so on three years ago.

At that time, the Lab of the Gods provided a lot of technology to the Eagle Nation.

Now think about it is to expose the hole cards to others!

Maybe people researched the latter based on which technology at the time, that is, the current technology of the Kingdom of God.

Everything is too clear.

Know everything before you can target it!

Next, the Galaxy Guardian Alliance took out a new weapon and started bombarding!

This weapon is taken out.

The army of the Kingdom of God was injured again.

They were surprised to find that this weapon turned out to be a bit more advanced than that of the Kingdom of God.

shocked!

This is unimaginable for everyone in the Kingdom of God!

There are even more advanced weapons than them...

You know, the Lab of the Gods controls the most powerful technology in the world!

There are even more people than they think!

This is unacceptable and unimaginable!

Coupled with the collapse of the current war, the mentality of the army of the Kingdom of God is about to collapse.

“Kill! Kill directly from here!”

But at this time the army of the Kingdom of God was also thrown out.

“Do you want to use the secret artifact now?”

Someone is already asking.

“No need! The secret artifact is not used to deal with them!”

Chief Smith said coldly.

“Don’t worry, none of them can escape, and neither can the chief priest!”

Smith, don’t say anything meaningful.

This group of senior leaders is very calm and doesn’t feel any sense of crisis at all.

Just looking at the direction in which the army of the Kingdom of God is fleeing, smiling.

It seems that everything is under their control.

This made the Black Hawk agent more and more curious.

What exactly does the Eagle Nation have to rely on?

Looking at the posture, can you play the kingdom of God between your hands?

What is behind the Eagle Nation?

This made Agent Black Hawk very anxious.

“Rumble...”

Just when Mr. X led the crowd to kill a bloody road, thinking that he could escape.

Suddenly, the sea in front of him rushed into mountain-like waves.

Then a super large vortex appeared in the sea, scaring them all.

Terrible energy is surging.

This is for them.

Have to guard against...

"Wow..."

In the next moment, something appeared in the whirlpool!"His! Hiss! Hiss..."

Along with something appeared in the whirlpool.

The voices of the kingdom of God are endless.

Because a behemoth appeared from the whirlpool.

The shape is exactly the same as the Leviathan built by the Dark Doctor...

It's just three times bigger!
