The Return of the God of War [The Protector]

Chapter 2940 - 2941

Human beings will be extinct, and all buildings will be wiped out.

Even the mountains, terrain, sea, and big rivers have been changed, either disappeared or reorganized.

In short, as long as this spiritual vein erupts.

Enough to destroy the world!

Humankind, the traces of civilization are wiped out on the spot!

It is even an exaggeration to say that this world will fall apart!

The world is ruined!

The lightest result is the extermination of human beings and erasing the traces of civilization!

Another point is that if the Atlantis project does not terminate, continue to send people to run it.

Even if you don't dig further, don't touch the spiritual veins.

But it also suffers from the radiation of the special substances in the spirit veins, and people will die over time.

So here has become a forbidden zone for life!

Stay away from strangers!

Evacuate all!

The magnificent project is simply abandoned!

Regardless of the price paid before!

Daxia closed this place directly!

The radiation of the spiritual veins is really there!

How many people who participated in the Atlantis project had physical problems.

This makes Daxia more and more determined to seal this “life forbidden zone”!

Cao Zhiguo looked at the file and broke out in a cold sweat.

Although this is the archive fifteen years ago, you may think it is not applicable now.

What they could not solve fifteen years ago can now be easily solved.

But when Cao Zhiguo finished reading the specific data on the file, he took a deep breath.

This spirit vein is really too exaggerated.

According to conservative calculations at the time, if the energy in the spirit veins is converted into explosive power, it is really impossible to control now, it can only be destroyed...

Lu Xiong looked at Cao Zhiguo’s expression and couldn’t help saying: “I felt terrible when I first knew it! So I never told anyone about this secret!”

“I just don’t want people to know all this, so as to generate curiosity to touch it!”

Xiao Liejun also said: “This matter is not even known to the Baolong clan of Tiance Mansion. Otherwise, if these ancient warriors go on an expedition and look for the so-called spiritual energy, wouldn’t it be a big deal?”

“Yeah! Resolutely not let people know! If it weren’t for this national disaster to deal with Leviathan, no one would know this secret.”

“This time Leviathan has all been wiped out, so we can rest assured! Finally, don’t worry!”

Everyone said one after another.

Cao Zhiguo suddenly realized: “It turns out that you are so afraid of Leviathan, but it is only one aspect. More importantly, you are afraid that Leviathan might touch the spiritual veins below!”

Understood!

Everything is understood!

Previously, the situation was urgently out of consideration.

But now it’s different.

They must be worried.

No wonder the four leaders were so calm after hearing that Leviathan was eliminated, but they were still very happy.

“Yes! Leviathan is certainly not as harmful as the spiritual veins below! We must be worried about this!”

“So we have to discuss how to deal with Leviathan at the first time, and don’t hesitate to send someone to see it!”

The four nodded.

Cao Zhiguo understood why he was so anxious.

“Now it seems that Leviathan was killed by the radiation from the spiritual veins below!”

Cao Zhiguo said.

“Definitely! Leviathan has a complex structure and incorporates too many substances and elements. It has a high probability of reacting to the energy in the spiritual veins. The radiation received is more serious. So it causes the body to split in an instant, which is what you call an instant. kill!”

Xia Liejun explained everything completely. After knowing this reason, Cao Zhiguo also let out a long sigh of relief.

“Hope our future generations can master it! Let the spirit veins be a boost, not a disaster!”

Cao Zhiguo sighed.

In the age of their survival, this will surely become a secret to be kept firmly!

Resolutely not let know...

“The king is coming side by side...”

At this time, someone from outside came to report.

Lu Xiong also hurriedly put away the files and sealed them up.

“Okay, let him in!”

Soon Levi Garrison came to the meeting room.

“What’s the situation? You are all here side by side!”

Everyone was very surprised.

Chapter 2941

Levi Garrison smiled: “The remnants of the Gods Lab have already been found. I have nothing to do, so I can only come back and have a look!”

Levi Garrison glanced around the crowd and found that the five faces were a bit wrong.

He smiled and asked: "I'm asking something, I see someone is still thinking about the Atlantis plan!"

"what???"

Whatever you are afraid of, this is what you hear.

Several people were terrified.

"I want to ask the reason for the termination of the Atlantis plan. It should be that simple? The project should be stopped because of something dug outside, or something that stopped it?"

Levi Garrison asked casually.

He doesn't have to know.

But just such a simple question scared a few people.

Isn't this a coincidence?

Levi Garrison also came to ask.

Everyone looked at each other.

In the end, Xiao Liejun explained: "In fact, the reason is very simple. According to the purpose of the project, it is necessary to go deeper. However, the technology at that time could not be carried out at all and we had to give up. The current technology may work, but the mining value is not high, and it is more difficult. , That place is a great test in all aspects..."

Xiao Liejun casually weaved a reason to prevaricate the past.

It just so happened that Levi Garrison just asked casually.

He didn't know much about it.

If it is more true, he is afraid that he will go to the base planned by Atlantis immediately.

However, it was they who had concealed this matter, and it would soon cause great trouble.

After Levi Garrison left.

Everyone breathed a sigh of relief.

They are not afraid of Levi Garrison's leak.

I'm afraid that if he is too curious to explore the secrets, it will be troublesome.

"Fortunately he didn't ask Leviathan questions..."

Cao Zhiguo patted his chest.

"But didn't he say that Leviathan shouldn't care about it? I think he knows something about the Atlantis plan, so I can't tell him the truth!"

Xiao Liejun said.

This is the important reason for his weaving reason.

...

At this moment, the Tiandeng Bureau is collecting statistics on doctors in all hospitals in the War Eagle Nation and surrounding areas. Including retired ones!

Statistical analysis is even carried out along with everything related to medicine.

This is actually very difficult!

Even if you know the general direction.

The area is locked.
