The Return of the God of War [The Protector]

Chapter 2957

The brain of God hesitated.

Doctor Dark smiled: "Accept us, you are not afraid of becoming a public enemy? We are the remnants of the laboratory of the gods, the public enemy of the world! Accepting us will be targeted by the whole world! Will you bear it?"

"Now anyway, no one knows that I took you away, and then I will place you secretly. Anyway, you don't need to show up! Don't care about this issue!"

Levi Garrison answered with a smile.

"That's true! We ourselves are in the research center all year round! There is no need for publicity!"

The two nodded.

"Don't worry about this issue, I will take you to a place next!"

Levi Garrison leads the way.

Two people followed.

Shortly after.

The three came to the base of Yanlongwei in Beijing.

"Introduce you two people, Doctor Dark and Brain of God!"

Levi Garrison felt that this matter still had to be told to Yan Longwei.

Therefore, the two of them were brought to the Yanlongwei base.

“They were found by the King of Words Side by Side?”

Cao Zhiguo was surprised.

They are also paying attention to the situation, knowing that the major forces are fighting for the dark doctor.

Even the War Bear Nation sent the Star of Siberia to find the Dark Doctor.

I didn't expect to be boarded by Levi Garrison.

They had no doubt about Levi Garrison's strength in finding someone.

If you let him find it, there will be no one who can't find it.

“Next, the Sky Shield Bureau and the major forces will continue to look for it, as long as you know this. These two have already followed me!”

Levi Garrison smiled.

After setting up the two Doctors of Darkness, Levi Garrison began to ask: “The Lab of the Gods was destroyed, you should be thinking about how to retaliate?”

The Dark Doctor smiled and said, “Of course! In this case, who is going to steal a life, and is not capable of revenge!”

Levi Garrison had no doubt about this.

They have this ability!

Even the dark doctor can directly assassinate it.

“But how do you retaliate?”

Levi Garrison looked at the two curiously and asked.

Since he found these two people.

It seems that they didn't make any big moves.

How to get revenge on this made him very curious.

God's brain subconsciously said: "Actually we..."

Just as he was about to say it, he was interrupted by the Dark Doctor: "You found it before you had time to retaliate!"

"You also understand that it must be a huge project to retaliate to the Warhawk Nation! It will never be that simple! This is only ten days, what can you do?"

Although Levi Garrison saw a hint.

The Dark Doctor must have deliberately concealed it, not willing to say it.

But he did not find any abnormalities at the scene.

According to their thoughts, if they want to retaliate, there will definitely be a huge wave.

But the two were empty-handed.
