

## Chapter 1546

At that moment, Lenny was confronting Jane in the small room that Jane was being held in. That old d\*mned thing was wearing nothing but a pair of shorts, and he was looking at Jane with a smug expression. "Little pregnant woman, let's see where you can run off to today.

Although you're pregnant, you are very attractive. Your skin is as fair and soft as cotton, and you have an elegant temper. You're so beautiful that I suspect you are the real movie star instead. You're much prettier than the sl\*tty Ninth. I like just the kind of woman like you. As long as you serve me well, I will let you give birth to your child, and I might even let you take Ninth's place."

The Ninth that Lenny was talking about was Cindy. He has plenty of lovers, and Cindy was the ninth one.

The pregnant Jane, who had a pale face, had already been locked in there for three days and three nights. When Jane was first locked in there, she wanted to just end it all by ending her life. However,

end it all by ending her life. However, every time Cindy came to deliver food to her, she would let Jane watch a video that was just recorded. "Your mother-in-law is eating now. If you don't eat or don't obey me, then she loses her life immediately. Of course, you can just not care whether she lives or dies. After all, she is already more than seventy years old, and she is not your biological mother either, right?"

When Jane heard Cindy mentioning her mother-in-law, Jane would be in tears.

"I'll eat. I'll certainly eat. I'm begging you to please take care of her." Jane sincerely pleaded to Cindy without any dignity.

"As long as you eat, I will then take care of her." Cindy smiled smugly.

After she had taken a few bites, Jane then raised her head and asked Cindy, "My...my husband's body, is somebody collecting it?"

Cindy was first stunned. "Your husband?" She then laughed. "Oh, you mean that drug dealer?"

mean that drug dealer?"

"He is not a drug dealer!" Jane cried. "It was all of you! All of you joined hands to have my husband killed. You had everything planned since the beginning to have our whole family killed, right?"

Cindy imitated Lily's tone. Then, she shrugged with a smile. "Wow, you're not a stupid pregnant lady?"

"Was it Alex?" Jane asked in despair again.

"Of course!" Cindy replied.

There was a pause before she smiled viciously and looked at Jane. "B\*tch, I originally thought you were a high-end human bed warmer, but you turned out to just be so-so! Who do you think you are? You dared to go against Mrs Poole? You have never thought of it, right? Master Poole loved his wife very much. For his wife, Master Poole had exhausted all the ways to back you up against the wall and have you killed! I can't say that about your situation at this moment. It's actually would be very easy for Master

actually would be so easy for Master Alex to force you to a dead end, but he wanted to torture you alive until his wife is contended. Can you understand this? B\*tch?"

Tears flowed down Jane's cheeks. "Why? Why haven't I thought of it earlier on? Why would I trust that Alex would spare my family of three, why?"

Jane then suddenly smiled miserably. "Why do all the powerful men have so many ways to torture a person? First, he flattered me. After that, he forced me to a dead end, but he also won't allow me to die?"

Jane threw her head back and roared miserably. "How can you bully others like this!"

Cindy pinched Jane's chin. "Bully you? Jane, you were the one who had treated yourself as a human. Why didn't you think about it? How was it possible for Master Alex to treat such a woman like you as human?"

"You're just a cougar who seemed easy to others! Master Alex even made me

yourself as a human. Why didn't you think about it? How was it possible for Master Alex to treat such a woman like you as human?

“You're just a cougar who seemed easy to others! Master Alex even made me apologize to you back then. You're not worthy of it! Now, let me tell you clearly! It was Master Alex who had given me the orders asking me to be here and serve you well!”

## Chapter 1547

Jane raised her head and looked at Cindy with despair. Cindy's face, on the other hand, was filled with a sinister smile.

"Let me die! Just let me die with my mother-in-law, alright?" Jane asked.

"No!" Cindy rejected her straightforwardly. "It's Master Alex's intention to keep you alive!"

Jane sighed miserably. "Fine. I will think of a way to end my own life! I will not eat or drink. I will go on a hunger strike. As long as you dare to get near me, I would bite off my own tongue. I'll end my own life by slicing my wrist! I absolutely would not stay alive! You can dream on!"

Cindy suddenly let out a peal of manic laughter. "Pregnant woman, you have forgotten that you still have a mother-in-law. What do you think was my purpose for driving in front while taking your elderly mother-in-law with me? Did I bring her back to take her as my own mother? Of course, it was to lure you!"

mother? Of course, it was to lure you! Otherwise, why would you drive behind and chase after me? Could it be that you weren't trying to catch up to her and you weren't trying to get her back?"

"I...where have you gotten her to?"

Cindy raised her eyebrows and said very condescendingly, "In the future, I will record a video of your mother-in-law eating for you every day. If you eat properly and stay alive, then she will stay alive as well. Otherwise, she will die. However, before she dies, I will let her enjoy herself..."

"No...don't. Don't treat her like that, don't!" Jane knelt and pleaded with Cindy in tears.

Jane had already been defeated by life. She had been completely beaten down. She could kneel before anyone she met at that moment. As long as she could save her mother-in-law's life and not let her suffer anymore. She was Jane's only family in the world.

Jane was originally supposed to be beaten

Jane was originally supposed to be beaten to death by Lily three months ago. If Jane had been killed by Lily at that time, then at least Noah and his mother could still be alive and well. However, Noah and his mother had met Jane and they saved her. After that, a fatal disaster was brought onto them. At that moment, only Noah's mother was left. If Jane were to let her die, then she would not be able to explain herself to Noah after she went to hell in the future.

"As long as you keep her alive and not let her suffer, I'll do anything you make me do." Jane was already completely in Cindy's control.

"Very well!"

In the past three days, Cindy had kept Jane locked up in the small room of the mansion that she was at. Cindy had been negotiating the price with Huron. It was only natural that Cindy wanted to ask for the highest price possible for Jane. Also, she had agreed with Huron to let him torture Jane severely.

In the meantime, Cindy had been waiting

In the meantime, Cindy had been waiting for Alex during the past three days as well. At that moment, she finally had gotten news from Alex. Master Alex would be going to that city soon. She must certainly let Alex see her masterpiece, and she would definitely make Alex satisfied.

Jane was thinking about that to herself happily. However, Cindy never would have thought that even when Jane was already in such a wretched state, had lost her dignity, and could not even compare to b\*tch, her own old man would still take a fancy on Jane? The old man actually wanted to let that pregnant lady take over Cindy's place? ①

Truly d\*mned!

“B\*tch, you actually dared to seduce my man!” Cindy rushed forward, and then she raised her hand to slap Jane.

## Chapter 1548

Lenny turned around and saw Cindy. He looked furious. "B\*tch! Get the hell out of here! I'm here to do this pregnant woman. I don't need you to interfere! Get out of here immediately!"

Cindy was so furious that she shouted, "Lenny Powell!"

"Call me Master!" Lenny turned around and strangled Cindy without hesitation. "You're just a b\*tch that I have kept. Do you think you're worthy to call me by my name? You had secretly kept such a beauty hidden in private, and you did not let me enjoy her first?"

Cindy truly wanted to kill Lenny with a headbutt. However, she did not dare to go head-to-head with Lenny on his territory. Fortunately, Master Alex was arriving the following day. As long as Master Alex had come over, then he could certainly get rid of this b\*stard, Lenny!

Cindy held her breath and forced a smile at Lenny with her face flushed. "Master, Master, put me down. Listen to me first."

Master, put me down. Listen to me first.”

Only then did Lenny release Cindy. “  
Speak! If you don’t give me a reason  
today, then I will send you to those few  
clients of mine and let them do you to  
death!”

Cindy smiled awkwardly. However, her  
heart was filled with incomparable  
resentment! It was not the first or second  
time Lenny had sent her to his clients!  
She had long wanted to leave this old d\*  
mned man, but she has not saved enough  
money yet. The old d\*mned man had  
recently become more and more stingy. H  
e had only given her half a million dollars  
that year. What was half a million dollars  
enough for? It was not even enough for  
beauty treatments! Never mind that he  
had only given her half a million dollars,  
but she had to accompany that old man’s  
clients from time to time. He truly treated  
Cindy as a wh\*re.

Cindy must have that old d\*mn thing  
killed! To do so, she had to rely on Alex’s  
power. If she needed the help of Alex’s  
power, then she must flatter Alex. The

power, then she must flatter Alex. The best way to flatter Alex at that moment was to torture Jane until Alex was satisfied. Besides, torturing Jane was also something that Cindy was glad to do!

Cindy let out a few coughs after being choked by Lenny. After she had recovered, she said, "Lenny, my master, didn't we have an agreement? Huron needs a pregnant woman. We will give this cheap woman to Huron, and not only will he give us a sum of money, but he will also give you a lot of business. Besides, we also can't fight with Huron and we had already told him we have a pregnant woman to be given to him. If you were to get your hands on this pregnant woman beforehand, then how can we answer to Huron?"

Cindy said it in a very gentle manner, but she was feeling extremely hateful in her heart. In fact, it would not matter much for Lenny to do this pregnant woman! It just could not be Jane Sheen! Not only that, but what did Lenny say? Did he want to let Jane, the pregnant woman, take over Cindy's position?

to let Jane, the pregnant woman, take  
over Cindy's position?

D\*mned!

Cindy was a movie star and a woman who had never given birth before. Could it be that she was not as good as this pregnant b\*tch? Just for this reason, Cindy could not let Lenny have his way with Jane! Cindy was jealous!

However, she never would have thought that Lenny would say condescendingly, "You sl\*t! Since when have I told you that I'm afraid of Huron? Don't tell me that you're taking this pregnant woman to please Huron, but your true goal was to leave me and be with Huron? Do you think I'm afraid of Huron? Do you think Huron truly is the most powerful person at this border on this White Ocean City territory, and I could only be the second in power?"

## Chapter 1549

“B\*tch! How dare you view your man like that?”

“Master, what are you saying? I’m doing this for your own good. Master...” Cindy said.

“Get the hell away! If you don’t get lost, then I will kill you!” Lenny had had his heart set on getting his hands on Jane that day. He then kicked Cindy aside.

At that moment, Cindy was exasperated! She had originally been envious of Jane for once having Alex’s love and protection. She had thought that Jane was in her control, and she could even trade Jane off for her own bright future! However, at that moment, that d\*mned pregnant woman was actually going snatch away her current man. She was already pregnant, but she was still capable of seducing others!

In a fit of anger, Cindy had forgotten the promise she made to Alex.

“B\*tch, I’m going to kill you...” Cindy rushed towards Jane, but she was

rushed towards Jane, but she was intercepted by Lenny halfway through. Although Lenny was already almost seventy years old, he had trained in combat when he was young. He looked like he was playing when he hit Cindy. He then kicked Cindy hard again. Lenny then lifted Cindy in one fell swoop.

He cursed. "You d\*mned b\*tch! Don't think that I don't know why you got together with me! What kind of bullsh\*t star do you think you are? You've just been banned and had nowhere else to go. Therefore, you came to this barren land and got together with me! I know it without you telling me how many men you've been involved with before me! It's not like I've never been with a woman before! With that measurement of yours and the extent that it has loosened, I just treated you like a worn-out sack!"

"You..." Cindy trembled.

"Get lost! I don't want you anymore from now on. In the future, your place and this mansion of yours will be given to his little pregnant woman! You're a bottomless

pregnant woman! You're a bottomless ungrateful wretch. You had such a good treasure hidden in your hands, but you didn't think of letting your man enjoy it. You actually wanted to give it to that son of a b\*tch, Huron! Do you think I'm afraid of Huron? Bullsh\*t! Get out of here!"

The old man just suddenly turned against Cindy like that. Indeed, he also already had seen enough of b\*tches like Cindy. The women around him were all after his money, and they were all incredibly debauched. However, this little pregnant woman had a kind of indescribable appeal. She just looked different from those women of his at first glance. She looked like a good woman from a good family. She had a shy and timid expression, but she was also unyielding. She had tears on her face, which made her seem miserable, pitiful, and beautiful. That slightly showing baby bump in particular also had an indescribable charm. It has been so many years, and it was truly difficult for Lenny to have met a woman he liked. Without knowing the reason, he had just taken a fancy to this pregnant woman that day. Since there

pregnant woman that day. Since there was already someone to take over Ninth, then what was the purpose of him keeping that rotten person around? Was it because he had too much money to spend?

In a fit of anger, Lenny carried Cindy out the door and threw her out like trash. “Get further away! My clients are disgusted just by looking at you!”

After saying that, he then turned around and closed the door. Cindy did not blame herself for being with the wrong man after being driven out, she just cursed Jane at the top of her lungs, “Jane, you b\*tch! You vixen, you actually seduced my man, I curse that you die a horrible death! I curse that you will be tortured to death tonight by that old d\*mned thing, Lenny Powell...”

The sound of her cursing did not make Lenny look back. He was just very focused on walking towards the small room. That night, he could have a taste of something new. He walked into the small room while rubbing his hands together. When he saw

that the room was empty, Lenny was

rubbing his hands together. When he saw that the room was empty, Lenny was stunned.

He muttered to himself in disbelief, “Where is that person? Where could a pregnant woman go?”

Cindy was still cursing outside the door at this moment. “Jane Sheen! You d\*mned b\*tch! Watch how I’ll deal with your mother-in-law! I will definitely slice her up a thousand times and will let her die a slow and agonizing death!”

“No...don’t. Don’t hurt her.” Jane’s extremely cold voice could be heard coming from behind Cindy.

This kind of events will not be posted on the current date

OK

## Chapter 1550

Cindy absolutely could not believe it. This woman escaped? However, it was also not that strange for her to run out as her limbs were not cuffed.

Cindy's voice was filled with hate. "Pregnant woman, you're quite sensible! Since you've run out, then come with me!"

"Where is my mother-in-law?" The reason why Jane took advantage of the time when Cindy and Lenny were arguing with each other to run out was to ask about her mother-in-law's whereabouts.

"Of course she is in the hotel! Don't worry, I certainly would not do anything to her because I want to use her as the bargaining chip to blackmail you. If she is gone, then you probably would have died a long time ago. Why else could you possibly submit yourself and accept anything in front of me?" Cindy said bluntly.

"Good! I'll go with you." Jane's tone carried a sense of delayed numbness. It was as if she was a dead person walking. "

carried a sense of delayed numbness. It was as if she was a dead person walking. "I'll do whatever you ask to do, and my only request is to keep my mother-in-law alive."

"Don't worry! Get in the car with me!"  
Cindy ordered Jane.

It was fortunate that Cindy had not driven her car into the yard that day. Otherwise, she would not even have a car to drive at that moment. Jane mechanically got into Cindy's car.

Just as Cindy was about to drive off, Lenny came chasing after them from the mansion. "Stop! Stop right there, you b\*tch! Where is that pregnant woman? Where are you taking that pregnant woman to?"

"Ninth, you b\*tch! Are you taking that pregnant woman to Huron's now? Listen to me, woman! I am not afraid of Huron! If he dared to fight for a woman with me, then watch how I'll deal with him! Also, don't let me catch you! Once I have caught you, I'll make your life a living hell!"

hell!”

Cindy just drove towards the outside like she had gone insane, and she just sped straight to Huron's residence. Although Lenny had been cursing and saying that he was not afraid of Huron, Huron's power over the underworld in White Ocean City's territory was indeed much greater than Lenny's. Huron's residence alone was many times more luxurious than Lenny's small mansion. When they arrived at Huron's mansion, Cindy took out her phone and called Huron.

On the other end, Huron answered the call very quickly. “Little beauty...”

Cindy was happy after hearing him say that, and she smiled frivolously. “Mr Hall, I have brought the item over.”

“That was fast!” Huron immediately sat up straight.

Cindy immediately asked in a flattering manner, “Mr Hall, are you going to personally come out and check the item or would you like me to send it right to you? After all, I am fine with anything.

you? After all, I am fine with anything. It's just the price..."

Hearing Cindy and another man treating her as an item and negotiating the price for her, Jane acted as if she had not heard it at all. She was completely dazed. She truly was an item at the moment. An item that could be sold and bought by others.

Was she sad? No, she was not. Jane had no feeling at all. At this point, she was already beyond numbed. The only person that she still cared about in this world was her mother-in-law. If her mother-in-law was not alive, then Jane also would not want to live anymore. She should have died a long time ago! Just like what her biological parents had said, she should not have come to this world in the first place.

The thing that she should not have done the most was fall in love with Alex.

Alex had treated her the best in her difficult life. He had never once hit her, had never imprisoned her, had always given her freedom, and let her live a glamorous life that lasted for seven years.

had never imprisoned her, had always given her freedom, and let her live a glamorous life that lasted for seven years. Although Alex had done all that, he also was the man who had hurt Jane the most. After all, he was the prince of Kidon City, so he actually had plenty of ways to toy with her. It turned out that everything, him giving her money, telling her he had spared her, and saying that he would let her live her life with her true love were all fancy ways of toying with her.

Did that make it more exciting?
