Mistaking a Magnate for a Male Escort

chapter 867

"This time, Ms. Lindberg barged into the situation without knowing what was going on. Ms. Nacht has never expected that she would provoke her. Luckily, Ms. Lindberg came with her gang. Otherwise, the few of us would not be sufficient to save the kids. However..."

Marino's frown deepened as he watched as the jeep zoomed away. "Since they've already brought the two boys away, I'm afraid that they won't return..."

"Mr. Marino, what happened? Where's Robbie and Jamie?"

Ellie rolled the car windows down, poked her head out and asked anxiously.

"Get in quickly!" Marino yelled quickly, afraid that someone would discover her.

At that moment, the windows of the jeep rolled down. When Charlotte spotted Ellie in the car, she instructed, "Go back!"

"Ms. Lindberg, Zara's leading the team personally. There are so many people with her, so I'm afraid that we can't defeat them. Let's not jump into a dangerous situation. We should leave first instead!"

Lupine urged anxiously, "We've already saved the two boys. Next time, we..."

"I told you to go back!" growled Charlotte angrily.

"Okay." Lupine fell silent, not daring to utter a single word.

Morgan glanced at the rearview mirror and instantly made a U-turn.

The other two jeeps followed behind. Charlotte ordered, "Call for more backup!"

"Yes." Lupine immediately informed the rest.

Meanwhile, Marino's car was forced to a stop by Zara's fleet of cars. There were thirty black modified cars in front and behind them, surrounding them completely.

Marino had worked for Zachary for many years, but this was the first time he faced such a serious situation. However, he was well-trained, so he did not panic. Instead, he instructed the other six bodyguards, "Protect Ellie at all costs! Kyle, follow me out!"

"Huh? Only me?"

Kyle was so scared that his face turned pale and his voice trembled.

As he had always been working for Henry, things were peaceful and nothing major ever happened.

Hence, he was terrified now.

"You're working for Henry, so Ms. Nacht will naturally be warier of you."

Marino was very calm. When he was alighting the car, he sent an S.O.S signal, which would be received by Bruce and Ben quickly.

“Oh.”

Kyle got out of the car, still scared.

Marino followed him down without holding any weapons.

The convertible top of the car opposite them opened slowly.

Zara was wearing a black suit, looking cold and arrogant. Sitting beside the driver’s seat, she raised her eyebrows and remarked, “Since we’re from the same family, I don’t want to resort to violence. Hand us the three kids and get lost.”

“Haven’t you received the message, Ms. Nacht?” Marino retorted curtly, “Your subordinate, Shirley, has already been captured by the Lindberg family. They took the kids away too.”

“What?”

Zara narrowed her eyes hostilely. It was evident that she was still oblivious to the fact that Shirley had been defeated by Charlotte.

“Ms. Nacht...”

At that moment, a miserable cry sounded from afar.

Zara spun around to look.

Blood was dripping from the wounds all over Shirley's body. She stumbled over and wailed, "Ms. Nacht, save me! She's back! She's back to take revenge!"

"Who is she?" Zara frowned.

"She... She..." Shirley trembled as a look of utter terror crossed her eyes.

"Charlotte Windt whom we have killed. She's back!"

"Are you talking about Charlotte Lindberg?"

Zara had already heard from Sharon that Charlotte Windt had returned as Charlotte Lindberg.

Previously, she had dispatched some men to investigate the truth of that matter, but Zachary intercepted them.

Hence, she did not know if the information was true or not. However, she was certain now.

At that moment, the loud screech of cars interrupted Zara's thoughts. When she turned around, she saw three jeeps driving over.

A ferocious eagle perched on the hood, its eyes filled with murderous intent. Blood dripped from its wings, sharp beak and claws.

"Argh!" When Shirley saw the eagle, she fell onto the ground in terror and relayed Charlotte's message, "S-She said that she'll be coming after you to settle the scores soon. She says that you should sleep and eat well for these few days while you're still alive!"

Mistaking a Magnate for a Male Escort

chapter 868

"In that case..." Zara narrowed her eyes and asked coldly, "She already knows who's behind the attack at T Nation?"

"Y-Yes, she does..." stuttered Shirley.

"Very well." Zara turned around and stared at her with a vicious gaze.

"Please spare me, Ms. Nacht!"

Bang!

Before she could finish her sentence, Zara sent a bullet flying through her brain.

Everyone was taken aback.

Marino widened his eyes in surprise and stared at Zara in disbelief. Even though Shirley was her closest assistant, she still showed no mercy...

"People who betray me will end up like her!" bellowed Zara angrily.

"We will never betray you, Ms. Nacht," chorused her subordinates who were standing behind her.

At that moment, the jeeps arrived and stopped in the same row as the Rolls-Royce cars. It was obvious that they were determined to protect the children inside the cars.

Zara wiped her hands with some wet wipes before getting out of the car, exuding an arrogant aura. There was a cunning smirk playing on her lips.

At the same time, the jeeps stopped. Charlotte got out of the car with Lupine and the rest.

The rivals had finally met. The atmosphere was suffocating like the quietness before a tempestuous storm.

Charlotte narrowed her eyes menacingly as she stared at Zara.

Memories surged through her brain. Those scenes of being bullied flashed across her mind, like snapshots in a movie. All of them were now crystal-clear...

"Nice to meet you, Ms. Lindberg!" Zara raised her head and smiled widely. "I've just met Mr. Lindberg a few days ago"

"The Lindberg family will never acquaint ourselves with despicable people," Charlotte immediately interrupted her and raised her eyebrows coldly, "Furthermore, we share an extremely deep grudge!"

"That b*tch's just spouting nonsense." Zara pointed at Shirley and explained, "When you got into an accident two years ago, I was in M Nation without even leaving the place. It has nothing to do with me. If you don't believe me, you can ask Zachary. He's been investigating it..."

"You don't need to explain yourself, Ms. Nacht," Charlotte smirked mockingly before she continued, "Since I don't have any evidence yet, I won't take any actions against you. But if I find out the truth one day, I will make everyone who had harmed me pay the price!"

"That's true..." With her tough mindset, Zara did not panic at all. Instead, she agreed indignantly, "Anyone who dares to harm someone from the Lindberg Corporation is seeking death!"

"Cut the crap." Charlotte could not be bothered to keep up the act with her. "Leave with your men right now!"

She was acting extremely arrogant right now because she knew clearly that Zara would not dare to make enemies with the Lindberg family.

Zara had already spent most of her efforts battling Zachary. If she offended the Lindberg Corporation now, she would be doomed.

Zara's grudge with Charlotte had to be resolved one day. However, before she secured the position as the heir of the Nacht group, she did not dare to do anything reckless.

Even if the rage was unbearable, she had no choice but to tolerate it...

"You're going overboard, Ms. Lindberg."

It was not easy to deal with a cunning woman like Zara. Raising her eyebrows, she said coldly, "I didn't say anything when you harmed my subordinates, but I'm teaching the Nacht family's subordinates a lesson now. Isn't it inappropriate for you to interfere?"

"I don't care what you're going to do with those men. However, the three kids are mine. No one is allowed to touch them!"

Charlotte made a gesture with her hand.

Immediately, Lupine and Morgan walked to the Rolls-Royce and were about to open the car door.

"What are you doing?" The Nacth family's bodyguards quickly aimed their guns at them.

"Let them take Ellie away!" Marino yelled anxiously.

Although Zara did not dare to go against the Lindberg family, it did not mean that she would not touch the Nacht family.

Furthermore, as Zara had also brought so many people with her, Charlotte could not resort to sheer force.

In this dire situation, Marino could not worry about anyone else including himself, he just wanted to ensure the children's safety.
