

Nothing to Give but My Heart Chapter 1151 – 1160

Chapter 1151

Wash, bath???

After the kiss ended, Jessica felt that it was hard not to be crooked when she heard the word, and her blank brain was a touch of color.

Seeing the little girl looking at him in astonishment, his eyes filled with weird expressions, Victor Han knew that she might want to be crooked, so he could only explain quietly.

“Take a shower and calm down.”

“Oh, oh...” Jessica nodded dumbly, and then walked towards the bathroom.

The bathroom was visible in the front, so Jessica walked in by herself and closed the door automatically.

After keeping everything out, Jessica looked into the mirror.

She blushed in the mirror. Because she had just kissed, her lips were also red. She looked at the mirror quietly for a long time, and then slowly stretched out her hand and touched her lips with her fingertips.

Is it her illusion?

Did Victor Han kiss her just now? Moreover, it's not the kind of pros who just touch the water, it's completely...

In contrast to her previous sneak attacks, this kind of kisses can completely match her ten sneak attacks.

Is it fake? Either she is dreaming, or she is dreaming!

Jessica suddenly stretched out her hand and pinched her cheek forcefully. As a result, her complexion suddenly changed in pain, and she exhaled in pain, but soon thought of something, she reached out her hand to cover her mouth, and her eyes widened in amazement.

Victor Han will hear her shouting so close, right?

Jessica swallowed the pain back into her stomach, then turned on the shower, standing underneath with hot water.

“All the nasty thoughts before have disappeared. I have to say that Victor Han really kissed just right, and now she is full of eyes full of that kiss.”

Jessica stretched out her hand to cover her cheek.

“I don’t know how long it took to wash, and there was a knock on the door outside.”

Jessica became nervous, turned off the shower, and stood there without daring to make a sound.

“I hang my clothes at the door and go out, you remember to take them.”

Then there was the sound of plastic bags, and then Victor Han’s footsteps went away, Jessica heard the bedroom door being taken.

She hesitated for a moment, then walked up barefoot and quietly opened the door a gap, and reached for the bag.

Inside the bag was a thick black shirt, and Jessica blushed after only a glance.

There is no other man here, this one belongs to him, right? He actually put his shirt on for her? Jessica bit her lower lip lightly, feeling a little nervous.

How to do? Does she want to wear it?

But if she wears his shirt, isn't it too much?

However, the reality cannot tolerate Jessica's hesitation, because her clothes have been soiled by the mud, and they were wetted by water after coming in.

Maybe she shouldn't have come in for a bath.

How is it now?

After procrastinating for a long time, Jessica dried her body and put on the black shirt.

Victor Han is tall and Jessica is petite. After the shirt is on, her two white knees are covered tightly, and the color is dark, so she can't see anything at all.

Looking in the mirror for a while, Jessica was finally relieved.

She took a deep breath, then opened the bathroom door and went out.

The room was quiet, only her own breathing, she walked through the room barefoot, leaving a row of white water footprints.

"Finished Wash?"

A cold male voice came from the door, startled Jessica, and then subconsciously stretched her hand around him.

This movement made Victor Han a little embarrassed. He pursed his thin lips and looked away unnaturally. "There is a coat on the sofa, put it on."

The current Jessica is a puppet with a string, and the person with the string is Victor Han. Basically, she does what he says.

So after listening to Victor Han's words, Jessica went to the sofa and put on her coat.

The jacket is a spring style, especially thin and light style. After wearing it, it relieves Jessica from a lot of embarrassment.

Seeing her put on her coat, Victor Han walked in with a pair of slippers and bent over and put them at her feet, with a low voice: "There are no extra shoes, wear mine first."

Hearing, Jessica bowed her head, and placed in front of her a pair of light gray indoor male slippers. The men's number was much larger than the women's. After Jessica's feet were put in, a lot of space was left.

"I wore yours, what about you?"

Jessica glanced at him, he didn't wear shoes.

Strange, is there only one pair of shoes in this room?

It was probably Victor Han who saw her thoughts and answered her concerns in a light voice.

"There are few here, so there is only one pair."

After speaking, Victor Han reached out and pinched her thin arm, “Come here and get the medicine.”

She was pulled by Victor Han and walked to the sofa to sit down, then watched him open the medicine box, took out the wound medicine from it, and wiped the wound on her face first.

He wiped it carefully, and because they were close together, the breath of the two of them was entangled from time to time. Jessica could only control herself as much as possible to avoid spraying her breath on the other’s face.

After wiping her face, Victor Han looked at her and asked.

“Where did you get hurt?”

Jessica froze in place, on her body? Does he want to wipe it on his own body? Actually... She didn’t seem to have suffered any injuries at all, because Victor Han appeared in time, so she only got a slap in the face and was torn off her clothes. Apart from these, she didn’t suffer any other substantial injuries.

“When I took a shower just now, my back was a bit spicy, and I don’t know if it was because of rubbing the wall.”

However, that was the back after all, she couldn’t tell Victor Han.

Can’t take off his shirt and let him wipe his back, right?

Victor Han looked at the little girl’s reddish cheeks for a while, thought of something, and asked in a deep voice, “Inconvenience?”

Jessica nodded blankly, and then shook her head quickly, “No, it’s not inconvenient, I...I am not injured.”

Hearing, Victor Han frowned. When he passed by, he saw the little girl pressed against the rough wall. The little girl's skin was tender, so it was impossible for him to be uninjured.

However, the difference between men and women is really inconvenient.

Victor Han handed the medicine to her: "Can I rub it by myself? This medicine is good for wound healing and can reduce inflammation and pain. If it can be rubbed as much as possible, I will help you if it doesn't work."

"...No need, I can do it myself."

It was impossible for him to help, Jessica could only take the medicine quickly, then got up and went to the bathroom by herself.

When applying the medicine, Jessica discovered that the wound was on the back. It was indeed very difficult to rub the medicine, but it could not be applied evenly, and the strength was not well controlled, and the wound would be scratched accidentally.

But she insisted on finishing the medicine.

After applying the medicine, Jessica felt that her wound seemed to have worsened.

She got dressed and went out and returned the medicine bottle to Victor Han.

"Done?"

Jessica nodded awkwardly.

"Ok..."

After the wound was treated, the two were speechless. After calming down, Jessica felt the atmosphere was embarrassing, but Victor Han handed her mobile phone over.

“It’s getting late, call my aunt and tell me it’s safe.”

Jessica woke up like a dream and nodded: “Okay.”

Chapter 1152

Since Jessica and Li Sihan went out, Janis has been very worried, and then regretted that she was too ineffective as a mother.

She had obviously discussed with Jessica once, and she felt that Li Sihan was so normal that there was a problem, why did she let Jessica go out with him.

With the passage of time, Janis’s anxiety became more and more serious. She didn’t want to open the store, so she wanted to go out to find her daughter.

Seeing her fidgeting, Zhou’s father said something to her.

“What’s the matter with you? You have been anxious since your daughter left. What’s wrong?”

Janis was anxious, and sat down in front of Zhou’s father after hearing this.

“Do you think that Li Sihan has a problem?”

Father Zhou: “Well, what do you doubt that they are doing? What’s the problem? Didn’t you get along well with Yan Yan?”

“It’s suspicious because there is no problem at all? Think about it, when Aunt Zhang introduced someone to others, when did she introduce a good one? Either this kind of thing or that kind of thing happened. Speaking of this time I didn’t want to agree. Anyway, we weren’t in a hurry to find someone for our daughter, right? But the child Yan Yan didn’t know what to think, so he agreed to a blind date.”

Father Zhou: “What else can I think? Isn’t she just wanting to get married? She doesn’t want to get married, why would she agree to a blind date?”

Janis: “...”

The thought of a straight man can drive a madman.

“It’s fine for young boys who can’t figure out this kind of thing. You say you’ve lived for most of your life, why an old man’s mind is straight? Can you turn a little bit? Yan Yan is your daughter, you treat her Is that so perfunctory?”

Father Zhou, who was inexplicably surprised: “...”

What did he say wrong? If she didn’t want to get married, what did she promise to do on a blind date? If you don’t want to get married, just refuse a blind date.

Janis didn’t want to explain to him anymore, and took her mobile phone: “No, I have to call her to ask about the situation.”

“I said, when my daughter grows up, she has her own ideas, so don’t make trouble, so that she won’t bother us as parents in her heart.”

“I don’t want to add chaos, I’m just worried about my daughter’s safety, I’m afraid Li Sihan will do something unfavorable to Jessica, don’t you understand?”

Hearing this, Zhou's father finally heard something from the beginning, but it was so?

"Wait, you mean, Li Sihan will be bad for Jessica? What do you mean? Why is it bad for Yan Yan?"

"Did you not look at the expression on Yan Yan's face when she went out? I think she just wanted to make a decision to speak to Li Sihan tonight, even though Li Sihan looked like a gentleman and good quality person on the surface, but this year there are too many beasts wearing masks, and I also think about Yan Yan's safety."

While talking, the phone has been dialed out.

However, for a long time, no one answered the phone.

Janis frowned her eyebrows: "What's the matter? Why don't you answer the phone?"

So Janis called again, but no one answered.

Father Zhou became nervous: "This, won't something really happen, right?"

Janis's face was solemn, and she continued to fight forever, but no one answered.

"Quickly, call the police!" Father Zhou got up to go out, but Janis pulled him back. "Which police did you call? I don't know what the situation is now. They shouldn't go too far. The shop is closed, go to several restaurants nearby."

"Row."

Due to special circumstances, the husband and wife closed the shop ahead of time and asked the employees to leave work ahead of time. When they were about to leave together, Janis's mobile phone finally rang.

"Did Yan Yan call?"

"Yes!" Janis was so excited to answer the phone: "Yan Yan, what's the matter with you? Is there anything wrong? Where is the person? Mom calls you for a long time and you don't answer."

Jessica actually expected such a moment when she saw a lot of missed calls on her mobile phone. She heard Janis asked all the questions before she spoke slowly.

"Mom, I'm fine..."

Hearing her daughter's voice was normal, Janis and Zhou's father finally let go of their hearts hanging in the air.

"It's fine, you can scare us to death. What's the situation now? Where are you?"

Where is the person?

Jessica looked around for a while, then bit her lower lip: "I'm at...a friend's house."

"Friend's house?"

"Ok."

"Which friend's house?"

“Dad, Mom, I won’t go back tonight, I will go back tomorrow.”

Father Zhou and Janis looked at each other, and both saw danger in each other’s eyes. Her daughter sounded normal, but she said that she was at a friend’s house and would not come back at night, so she would come back tomorrow.

No matter she you hear it, she feels wrong.

Janis wants to tell her daughter, if you are kidnapped, please blink.

But now they are on the phone, this kind of communication is completely inappropriate.

So Janis thought about it, and could only ask: “Daughter, didn’t you promise mom that you want to go back to my hometown with me tomorrow? Why come back suddenly so late, so mom is worried, what if I miss the train tomorrow???”

Jessica was a little confused.

“Mom, when did I say I would go back to my hometown with you? And... where do we have a hometown?”

Janis: “...”

This stupid boy! How is she now?

“Stupid boy, you forgot. You said that when we slept together last night, who said there is no hometown? Where is your grandma? She is too old for her legs and feet. She fell again two days ago. We have to go back and have a look. .”

Jessica became confused as she listened.

She and Janis have not slept together a long time ago and have no hometown.

And most importantly, grandma passed away a few years ago.

Why did my mother suddenly say such a strange thing today?

After thinking for a while, Jessica suddenly recalled, and finally realized what Janis meant.

She was a little helpless and could only explain in a low voice: “Mom, don’t worry, I’m really fine, and you don’t want to say those weird things anymore. I have not been kidnapped or threatened. Li Sihan is... nothing Good guy, but he should be in the hospital by now.”

“What? What really happened?”

“Yeah.” Jessica nodded and took a deep breath, the smell of Victor Han’s clothes in his breath.

This clear breath made her frightened heart slowly stabilized, and she explained in a soft voice: “But now I will not be clear on the phone at one and a half, so I will tell you when I go back on tomorrow.”

“...What do you kid think? You won’t go home if something goes wrong? How do you sleep at night? Where are you now? No, you have to come back. Hurry up and tell us the address. Your dad and I will pick you up. “

Jessica: “...”

“Parents, really don’t need it. I... I’m at Uncle Levi’s house...”

Chapter 1153

“Uncle Levi’s house?”

Janis is still thinking, who is Levi’s uncle...

She is a transparent person, combined with the latest information, and her daughter’s awkward tone when speaking, it seems that she can guess a little.

However, it is not certain.

So Janis said: “Then you tonight?”

“Mom... don’t ask any more, I’m in a mess now, I’ll talk to you again tomorrow, OK?”

The daughter is her treasure. When Yan Yan spoke to her in a grieved tone, Janis’s heart suddenly softened. As soon as she wanted to say something, Zhou’s father next to her spoke out in time.

“Yan Yan, then you have a good rest. If you have anything to tell your parents, don’t be afraid, you know?”

“Ok.”

After hanging up the phone, Janis glanced at Father Zhou.

“I haven’t agreed yet. What are you anxious about? Do you know who Uncle Levi is? Although Levi has a good relationship with us, who knows what his uncle is like? You believe so?”

Father Zhou said with a serious face: “Of course I believe that the child of Levi has such a good tutor. It should be very difficult for this kind of child to have

evil spirits at home. But the most important thing is that Yan Yan trusts him. I am a father. Naturally, I trust it.”

Hey, the latter sentence is correct. Jessica went out with Li Sihan. At first, the two of them were worried whether Jessica was being intimidated by saying that he was okay, so they all hinted a few frantically. Who knows that Jessica pierced directly, and the tone was still helpless.

Later, it was said that Li Sihan should be in the hospital, while she herself was at Levi's uncle's house, and her tone changed greatly.

She was willing to stay there by herself, and she was Levi's uncle, so the two naturally did not pursue it anymore.

After Jessica hung up the phone, she saw that the phone was in a low battery state. There was nothing she could do. After using the phone for a day, Janis made a lot of phone calls, which directly destroyed her battery.

Fortunately, there is one more point.

After reporting safety, Jessica held the phone in her hand and looked around the empty space.

She was scared before, but because everything that happened just now was too illusory and directly overshadowed those scary things.

Jessica walked out hesitantly, the slippers on her feet were very unfit, and she was not easy to control when walking, and she made a loud noise, which was particularly abrupt in the quiet night.

She was a little embarrassed, so she could only curl her feet up as much as possible and keep walking without making too much noise.

Pushing open the door, the lights in the corridor were on, but there was no one.

The house was huge and the corridors were huge, but Jessica couldn't see people from left to right, and she didn't know where Victor Han was. She didn't want to stay here alone, so she could only walk forward with difficulty wearing slippers to find him.

When turning the corner, a white cat suddenly sprang out of the corner and jumped past her. Because the cat appeared suddenly and rushed towards Jessica again, she was taken aback and reflexively backed away.

But because the shoes were too big, she couldn't retreat in time, and she fell to the cold floor.

The hairs all over his body stood up, and in this silent night, Jessica was frightened and her heart beat.

At the same time, a big hand suddenly held her arm, and Jessica screamed in fright. When she wanted to push someone away, a clear but familiar male voice sounded behind her.

"it's me."

This is...Victor Han's voice.

It is the voice that can make her feel at ease.

After hesitating for a moment, she turned around and threw herself into Victor Han's arms, hugged him tightly, her face buried in his arms, unwilling to lift it away.

When the little girl leaped towards him, Victor Han was stunned for a moment, and then felt her soft cheeks hit her, her heart seemed to be hit by something, too soft.

But soon, Victor Han realized that the little girl was shaking severely in his arms, as if she had been greatly frightened. His eyes flickered a little, he stretched out his hand to wrap the little girl's shoulder, then glanced at the culprit who frightened her aside.

“Kong Kong, why do you run out in the middle of the night without going to bed scary?”

Kongkong was a cat, a purebred puppet. After being reprimanded by Victor Han, Kong Kong sat there as if he could understand it, tilted his head and meowed gently.

“Meow~~”

Very gentle and with a hint of flattering cat cry, as if saying, I am wrong~

Jessica shrank in Victor Han's arms, and was stunned when she heard the cat cry. The hand that was holding Victor Han tightly and loosened slowly, then she secretly raised her head in his arms to look at the source of the sound. past.

Just now... the white shadow rushing past her eyes is actually this cat?

The little puppet sat there empty, met the look that Jessica was looking at, blinked, and then grandma meowed again.

“Meow meow~”

It seemed to say hello to Jessica.

Jessica was frightened just now, but her scalp was tight at the time, and she saw a white shadow leaping towards her. She was frightened and couldn't help falling onto the cold floor. ,

Now he found that it was a cat that frightened her.

After recovering, Jessica felt a bit embarrassed, because the little puppet in front of her was very cute, and its hair was smooth and clean, and looked very bulky.

"Usually it is very well-behaved. Tonight, I should have noticed a strange atmosphere in the house, so I came out and took a look. Did it hurt?"

Not to mention, it really hurts to fall like that.

But facing Victor Han, Jessica didn't dare to say, she could only shook her head vigorously, and then looked at the cat.

"Empty?"

"Meow?" The puppet tilted his head empty: Are you calling me meow?

This cute look made Jessica relax, and her emotions were not as tight as before. She asked: "Can I touch it?"

"Yes, Kongkong is very good."

So Jessica slowly approached the puppet Kongkong, crouched down and gently reached out and touched its round head, soft and comfortable to the touch, as if touching a cotton candy.

Jessica couldn't help but touched it for a while.

“Meow meow~” Kongkong felt comfortable and began to snore quietly.

Jessica has always liked cats. The cats Stella and Levi kept downstairs in the community were the small orange cats from the garden. Jessica especially spoiled the family of four. But later because of going abroad and other things, she also wanted to give those kittens to the adopted ones.

It happened that several girls in the company heard that she had a cat to give away, so they all adopted it.

Only the big orange cat is kept in the company. The big orange cat is very human and will not run around in the company. After Stella came back, he was taken to the villa.

After that, Jessica never raised a cat.

Unexpectedly, Victor Han actually raised one here.

Because looking at his appearance, he doesn't seem to be a cat owner at all.

“Meow!” The puppet suddenly raised two paws and asked Jessica for a hug.

Chapter 1154

Jessica was stunned. Before she could react, the puppet Kongkong had already plunged into her arms. She reacted for a few seconds and hugged the puppet tightly for fear that it would fall.

Kongkong rubbed his head against her arm, then nestled in her arms docilely.

Very well-behaved, and bleeding quickly.

Jessica was very excited and got up empty in her arms, looking at Victor Han with some embarrassment.

“If you like, you can let it accompany you at night.”

“Can you?” Jessica asked uncertainly. She actually wanted to ask, is she really going to sleep here at night?

“Yeah.” Victor Han walked forward, “It’s late, I’ll take you back to the room, so you can rest early.”

Jessica hugged Kongkong and walked behind him. The two of them entered the room together. Victor Han led her to the bedroom and said, “You sleep here first at night. I’m right next door. If you have anything to call my cell phone, or Call me directly.”

He really left her here to sleep.

Jessica hugged Kongkong, nodded in confusion, and mumbled softly.

“Then I’m out.”

Before leaving, Victor Han stopped and took another look at her. Jessica was suddenly nervous, “What’s wrong?”

“Don’t think too much, things...I will solve them and sleep well.”

After speaking, he couldn’t help but put his hand on the top of the little girl’s head, then rubbed it gently.

Jessica: “...”

It wasn't until the sound of closing the door came from the room that Jessica pulled her sanity back. Just...Victor Han actually rubbed her head? And she was stunned and forgot to react.

"Meow, meow!" Kongkong suddenly struggled in her arms, Jessica lowered her head: "What's wrong with Kongkong?"

"Meow!" Kongkong jumped from her arms, then swished onto the bed, got into the quilt and lay down, then looked at Jessica as if she was inviting him to go up.

"..."

How does this cat feel like it's fine?

After pondering for a while, Jessica also climbed up. When she lay down, the puppet Kongkong immediately moved to her side, and meowed next to her, Jessica touched its head for a while and lay down.

Tonight, too much happened.

However, what made her most memorable was the kiss that Victor Han just now. Suddenly she kissed it, so she didn't have time to react. After a series of actions and communication, Jessica didn't know how she did it.

She stretched out her hand and touched her lips gently with her fingertips, feeling her heart warm.

On earth... why did he kiss her?

Is that what she thinks? Jessica closed her eyes, even some dare not to continue thinking, for fear that she would think too much, and then be disappointed.

She touched her empty head and leaned in to ask in a low voice.

“Kong Kong, you say... why did he do this suddenly?”

“Meow?” Kongkong turned his head, staring at her with big round eyes.

“Oh, you’re just a cat, what can you understand, let’s go to sleep.” Jessica covered the two quilts, then closed his eyes and got ready to sleep.

Originally, she thought that when she closed her eyes to sleep tonight, it would be a picture of Li Sihan trying to strengthen her. Who knew that after closing her eyes, all she saw was Victor Han.

His eyebrows, his eyes, his lips...

Jessica shook her head, trying to throw Victor Han’s appearance out of her mind, then turned over and continued to sleep.

But still so, Victor Han still firmly occupied her mind.

Jessica opened her eyes and looked at the snow-white ceiling. At this moment, she felt that her life was really over and she was planted in Victor Han’s hands.

If he doesn’t want her, then...she really can’t get married, so she will be so lonely and old.

Just tossing and turning over and over again, at four or five o’clock in the morning, Jessica finally fell asleep with exhaustion.

In the dream, Victor Han held up her face very tenderly, lowered his head and kissed her, kissed her, kissed her...

All night, Jessica was all kisses.

When she opened my eyes the next day, she found that she was drooling, and she was so scared that she jumped up quickly and stretched out her hand to wipe her mouth.

However, Kongkong, who accompany her to sleep last night, is nowhere to be seen. The bedroom door opened a crack and it was obvious that Kongkong ran out.

Jessica sat for a few seconds, got up and went to the bathroom to wash, and by the way, washed the pillowcase she used last night.

After sleeping all night, she found that Victor Han's shirt was crumpled and could not be read at all, but she had no new clothes.

Thinking about it, meowing came from outside the bathroom.

“Meow~~”

“Empty?” Jessica saw the little puppet sitting on the carpet in an empty manner when she got out of the bathroom, and in front of it was a bag, as if it contained something.

“What is this?” Jessica squatted forward to check, only to find that the bag was a girl's clothes. She was a little strange, “How come you suddenly...”

Halfway through the conversation, Jessica was stunned at what he thought of.

How could she be so stupid, this dress was prepared by Victor Han?

There are no other people here since she came back last night, only two people and a cat.

Unexpectedly, she actually asked the cat to bring herself clothes?

“Meow?” This meow mission is completed.

The puppet turned and ran away empty.

Jessica took the clothes back to the bathroom. After opening it, she found that even the underwear was ready. When Jessica took the underwear and changed it to herself, her face was very hot, because it happened to be close to the body, and she didn't know how he budgeted. The size is actually so accurate.

She rarely wears skirts, but what Victor Han bought for her today was actually a sweet-style little blue and white dress with white background. The effect was pretty good, but it felt... weird.

Maybe she is not used to it?

Jessica scratched her head, tied her hair, and then left the room.

Jessica originally thought there was no one else here, who knew that she ran into a middle-aged woman as soon as she left the room. After the two eyes met, the woman first laughed.

“It's Miss Zhou? I'm the servant who was invited by your husband to clean this place. Your husband said that you can go downstairs to prepare breakfast when you wake up.”

“Huh?” There are actually servants cleaning here?

But also, the house was very clean when she came in yesterday. Victor Han doesn't usually live here. There must be someone who comes here to clean it, or it will be dirty after a long time.

She smiled shyly at the other person, "Hello, how do you call it?"

"Miss Zhou is polite, just call me Aunt Lin."

"Thank you Aunt Lin, then I... go down first?"

"Go ahead, be careful when Miss Zhou goes down the stairs."

After bidding farewell to Aunt Lin, Jessica went downstairs. Although she had changed her clothes, her feet were still Victor Han's shoes, so it was a bit difficult to walk downstairs.

Halfway through, a voice suddenly came from downstairs.

"Stand there and don't move."

Ok?

Jessica looked at the source of the voice, and met Victor Han's eyes.

Chapter 1155

These words made Jessica stand in place and did not continue to walk forward, and then watched Victor Han walk over with a pair of shoes in her hand and leaned over in front of her.

"Put it on, the shoes are too big and easy to fall."

Looking at the light blue women's slippers in front of him, Jessica said thank you and put them on. After replacing them, she was just about to bend over to get the men's slippers that were set aside, but saw Victor Han's movements. Faster than hers.

She went downstairs with her shoes, Jessica stood there and looked at the skirt she was wearing, then looked at the color of the slippers, and sighed.

Although Victor Han is a very straight man, but...fortunately, his aesthetic is not that of a straight man.

If he is a straight guy, he might agree that all girls like pink. So the dress and shoes she wore today may be dead Barbie fans.

She followed Victor Han downstairs. The puppet was already sitting in a chair waiting for the meal. Seeing Jessica coming down, she tilted her head and meowed at her.

Jessica immediately walked to it and sat down.

There were a lot of breakfasts on the table, and the milk was still hot. It was the first time to eat food face-to-face with two people like Victor Han alone. She was still awkward, sitting there and touching her head in the sky.

Kongkong meowed, feeling that his head was about to be touched by Jessica, and he tilted his head, trying to get out of Jessica's clutches.

"Don't run." Jessica whispered, and grabbed the puppet who wanted to escape to Kongkong. Because of tension, there was nowhere to put his hands, so he could only keep touching Kongkong's head.

"Meow!" Kongkong protested with some dissatisfaction, struggling slightly.

"Let it go down." Victor Han's voice suddenly came from the opposite side, frightening Jessica, raising his eyes to look at him, and letting go of his hand subconsciously.

After the little puppet got free, she jumped out of her arms for a long time. Originally, it wanted to stay here and have a long breakfast with Victor Han,

the shit shovel officer who hadn't seen it for a long time. now what? In order not to get bald skin on its head, it's better to run away quickly.

Soon, the cat's shadow disappeared in the living room.

Jessica was a little embarrassed because she was running too fast, as if she was afraid of her.

She bit her lower lip lightly, afraid to look at Victor Han's eyes, but listened to him.

"After breakfast, I will take you home."

"Okay..." Jessica could only lower her head to eat.

She ate very slowly, and when she was almost finished eating, there was the sound of footsteps outside. Jessica raised her head and found out that it was Su Jiu who had come, and her high heels found the sound on the smooth floor.

Seeing her, Jessica flushed immediately, turning her head away with a guilty conscience.

Why is she here? Seeing myself and Victor Han here, will it...

"Mr. Victor." When Su Jiu came in, he saw the two of them eating breakfast, but he was not polite. He pulled a chair and sat down on the other side, and then turned out all the prepared documents.

"Ok."

Jessica heard Victor Han respond indifferently, her tone was cold.

“I collected these all night, and then took time to sort them out. His previous crimes and the amount of fraud involved are quite extensive. According to the situation this time, he came in and came up with it. It will probably take several years.”

Upon hearing this, Jessica realized that the topic she was talking about was related to her, and quietly looked at Su Jiu.

Originally, she thought that Su Jiu must be looking at the information or staring at Victor Han seriously when she was speaking, but she turned her head and met Su Jiu’s smiling eyes, just looking at herself.

Jessica: “...”

She was embarrassed at once, and quickly moved her eyes away, her ears and neck were pink.

Hey, she is really a little girl who is easily shy.

Su Jiu smiled in her heart, not afraid that Victor Han was present, and directly asked Jessica, “Why didn’t Miss Zhou dare to look at me? This matter is related to you.”

“...”

What! This Secretary Su, why doesn’t she open which pot and not lift which pot? She just ignore her!

“Miss Zhou? Why are you ignoring me?”

But Su Jiu was determined to tease her. Seeing that she was ignoring her, he checked and said a few more words to her.

Jessica bit her lower lip and buried her head lower. “I just ignore you, what can you do if you ignore you?”

“Secretary Su.” Victor Han tapped his fingers on the desk, and asked with a cold expression: “How is the person hurt?”

Su Jiu narrowed her eyes slightly and turned to Victor Han.

“Mr. Victor is in a hurry to save the United States by heroes? I just want to say a few words to her, so I am so anxious to maintain? It seems that last night...”

“What!”

Speaking of what happened last night, Jessica stood up excitedly, for fear that Su Jiu said something embarrassing, and she interrupted.

“Nothing happened last night! Don’t treat the gentleman’s belly like a villain!”

“ ... ”

“ ... ”

“With such a strong reaction, you said nothing happened. Is it possible?”

It was also at this time that Jessica realized that her reaction was too intense. She glanced at Victor Han and Su Jiu with embarrassment, then turned and ran upstairs.

“You said that if you don’t have it, then you don’t have any. Why are you running?” Su Jiu’s voice came from behind, and Jessica ran faster.

This look is really funny and funny, Su Jiu turned around and looked at Victor Han: “Mr. Victor, so nothing really happened last night?”

Victor Han was staring at Jessica's unfinished breakfast and frowned. He ate slowly and less, and now he doesn't eat anymore. How can he go on like this?

The expression in his eyes fluttered, making it unclear what he was thinking, Su Jiu could only push the information in front of him.

"Mr. Victor?"

Victor Han finally cast his eyes to her, pursing his lips, and looked a little unhappy, before speaking for a while.

"You talk too much."

"..." Su Jiu.

"Send the information to the police station for the record, including his company to send them."

Hearing, Su Jiu was slightly surprised. It seems that Victor Han intends to cut off all this person's back. Ruthless, really ruthless!

Once the company entered the black material of this person, he squatted for a few years and came out, afraid that he could only go back to the country to farm...

Thinking of this, Su Jiu was a little bit sigh. She didn't expect Victor Han to be so biased when he came to protect people. Hey~ let alone, he is really envious.

"All right, what are you going to do with Jessica? I thought that what happened last night would cause her psychological trauma, but it just seemed that she should have no problem?"

After speaking, Su Jiu closed the folder and stood up smiling.

“If this is the case, then I won’t be a light bulb here, President Han, this is a rare opportunity, this time...don’t miss it again.”

After speaking, Su Jiu felt that he had said too much.

Where does Victor Han need her to speak? They brought people here. She had been his secretary for so many years and she didn’t know this land...

Chapter 1156

Jessica rushed back to the room, closing the door and leaning there still panting. She bit her lower lip in annoyance and covered her face. Why was she so excited? Obviously, she should calmly answer the questions, and she can pretend that nothing happened.

It’s all right now. She reacted so strongly in front of Victor Han, did she let him know that she cared very much.

Oh, she is really timid and ashamed.

How will she stay? And what did he mean by what happened last night? Or... she still pretend that nothing happened?

Thinking of this, Jessica praised her wit.

As long as she pretends that nothing happened and returns to the most normal state, there must be no problem.

Taking a deep breath, Jessica cheered herself silently, then opened the door again, and when she was about to go downstairs, she saw Victor Han standing in front of her.

She was taken aback, her eyes widened, and her body stepped back several steps in a hurry.

“You, why are you here?”

Shouldn't he talk to Su Jiu downstairs, why did he come up in such a short time?

“Eat so much?” Because she remembered that she hadn't eaten much downstairs just now, Victor Han asked this at the first glance. Jessica was stunned for a moment, then nodded dumbly.

“I, I'm full, I can't eat anymore.”

“Go eat some more, and then I'll take you back.”

Her parents should be very worried if she didn't go home all night. Originally, after something like that happened last night, Victor Han should send her to the hospital and then send her home.

But she probably didn't want to worry about her parents, so she asked him to take her to the hotel.

How could he really throw a little girl in the hotel, let alone she still...

Thinking of this, Victor Han's eyes touched the wound on her face. Although the place where she was beaten yesterday had been wiped with medicine, there were still shallow marks in the night.

“Does the face still hurt?” Victor Han's voice softened a bit unconsciously, and stretched out his hand to cover the scar on her face, and gently rubbed his fingertips.

Jessica trembled, and Victor Han frowned, “It hurts? The medicine has to be applied.”

In fact, Jessica hurts somewhere. Although the slap is really painful, the medicine Victor Han gave her is anti-inflammatory, so her face has gone better all night, although it still hurts when she ran into it.

It’s just that when Victor Han’s cool fingertips touched her, Jessica couldn’t control the excitement and tremor in her heart.

When she was nervous, Jessica started to stammer.

“No, it doesn’t hurt, it’s much better.”

“Where is the medicine?” Victor Han asked.

“Yes, in it, I’ll go take it out?”

“Ok.”

So Jessica could only turn around to get the medicine. After applying it last night, she put it in the bathroom. She took the ointment and walked to Victor Han, and subconsciously handed it to him.

After the delivery, Jessica suddenly thought that she hurt her face. The medicine could be applied by herself in the bathroom. Now she is looking for a distance and comes to Victor Han with the ointment. This is not to make it clear that he will do it for herself Do you have medicine?

Thinking of this, Jessica suddenly stretched out her hand in embarrassment: “I, let me do it myself.”

However, Victor Han had already opened the lid of the ointment and applied the medicine for her.

Jessica lowered her eyes awkwardly, trying to avoid it.

“Do not move.”

The breath came from her cheeks, spitting out on her face, Jessica blinked her eyes so quickly that she could feel Victor Han’s slightly hot fingers sliding across her face inch by inch.

Until the medicine is finished.

Jessica was already so nervous that her toes were curled up.

“Okay, go down and eat something, and then send you back.”

“Oh, okay, good...” Jessica nodded casually, and followed him downstairs. She was originally sitting on the sofa. Seeing her follow Victor Han, she ran away without a trace again.

Jessica: “...”

Do you want this? Can’t you give her a little face in front of Victor Han? Running so fast, it seemed as if she had quietly abused it in private.

“Um, Kongkong doesn’t seem to like me anymore...”

“Yeah.” Victor Han responded indifferently, “Kong Kong doesn’t like being disturbed while eating. You held it for a long time in the morning and thought you were going to grab it.”

Jessica: “...”

How could she go grabbing food with a cat?

“I thought it was there. It was scared by me. By the way... How could you keep a cat here? Never heard of it before...”

She always thought that she was staying by Stella’s side, and the Victor Han she often saw was his truest appearance. She never thought that this man would have such a place, and then she raised a cat.

Perhaps, she had been thinking wrong before, perhaps Victor Han had hidden secrets that many people didn’t know?

She wanted to know, but didn’t dare to ask, after all, this was the privacy of others, and she had no identity. Although the two kissed last night, who knows if he did it just to calm himself down?

“Cat...” Victor Han said a word, then fell silent, and did not continue.

Jessica suddenly became curious, does the cat have a story? Ex-girlfriend? Then what? No, she has never heard of Victor Han’s relationship. It shouldn’t be his ex-girlfriend.

Jessica was thinking about it, but the phone rang. It was Janis’s call. Jessica answered.

“Mom?”

“Yan Yan, didn’t you mean to come back today? What time is it now that you are not coming back? Want to die of your mother and your father?”

“Jessica glanced at the time. Although it’s not too late, it’s not too early. It’s 8:30. Usually, my parents wake up at 6:30. After what happened last night, the second elder must have not slept well. Spent the night with eyes open.”

After finally getting up until dawn, she waited for her for several hours.

Jessica felt guilty and quickly said: "Mom, I am going back now. Don't worry about you and Dad. Have you had breakfast? You should eat something first. I will explain things to you clearly when I go back."

"Really? Then you come back quickly, don't let us wait for you for too long."

After hanging up, Jessica looked at Victor Han.

"That...my mother urged me to go back, I..."

"Let's go."

Victor Han went back to the room and took the key. When he came out, he wore a coat and held one in his hand.

"Put it on, the weather is still a bit cold."

Jessica took the jacket over and found that it was his short jacket. The jacket-type would not be too big for her. After reaching the door, Jessica saw an extra pair of girls' white shoes on the shoe rack. It's similar to what she usually wears.

"Is this for me?"

"if not?"

Victor Han has finished wearing, leaning against the door with the car key and looking at her.

Chapter 1157

Zhoujia

“How is it? Did Yan Yan say when she will be back?”

In fact, Janis got up early in the morning and cooked the porridge. The couple didn't close their eyes all night because they were worried about their daughter. So after seeing the morning, Janis got up. After cooking the porridge, she hoped that her daughter could eat it when she came back.

Who knew that the daughter still did not come back, and there was no phone call.

So the two made a phone call. After hearing that Yan Yan was coming back, Janis urged Zhou's father to drink a bowl of porridge and eat more.

“Didn't you come back after a while? What are you urging? Drink your porridge.”

Father Zhou: “I didn't close my eyes this evening, so I was worried about her. I haven't seen her now, how can I drink it?”

“If you can't drink it, don't drink it. Later, when your daughter is here, you have the strength to speak. Don't eat and drink in front of your daughter.”

Father Zhou: “...It's not Janis, how do you talk? Don't you worry about your daughter's accident? Do you think your conscience will not be painful if you eat such a big mouthful?”

Janis was almost pissed off by him, so she directly took the bowl in front of him, “If you like to eat or not, and if you don't eat, let's cool off on the side. Not only will my conscience not hurt, but it's very good. I don't want to think about why I am called You eat, if you don't eat, you'll be upset if what your daughter said makes you angry, how can you be able to teach her that little bastard? I

think that Li Sihan 80% did something to our Jessica last night, otherwise How come the good ones are in the hospital?”

Upon hearing this, Father Zhou reacted instantly.

“That’s it! Then I have to hurry up and eat more. If Li Sihan really dares to bully Jessica, I promise to get him back to his hometown to farm!”

After that, Father Zhou was about to take the bowl in Janis’s hand. Janis sneered, “I want to eat my own bowl, and don’t you have a hand?”

“ ... ”

There was no way, because Janis had been stunned just now, so now she was scolded by Janis. Father Zhou didn’t dare to let go of a fart, so he had to run into the kitchen.

Victor Han sent Jessica downstairs, Jessica untied his seat belt and turned to look at Victor Han.

“Thank you for sending me back, and...What happened last night...thank you.”

At the end of the conversation, Jessica saw Victor Han unfasten the seat belt on her body.

She froze for a moment, and asked blankly: “What are you doing?”

“Go up with you to make things clear.”

Jessica: “!!!”

How can this be? If Victor Han is allowed to go up, Janis will definitely misunderstand by then, thinking of this, Jessica hurriedly stopped him.

“It’s nine o’clock now, won’t you go to work?”

“The schedule has been pushed back, and there is time in the morning.”

“But, you are the president. If you don’t go to work... will it be bad?”

Jessica was still trying to explain, Victor Han stopped suddenly, turned his head and looked at her quietly.

She was still speaking with great effort just now, but now she was staring at him with cold eyes, and her scalp was so tight that she couldn’t speak.

“No hurry.” He watched Jessica’s word by word, and slowly said, “I’ll talk about it after you have handled your affairs.”

“...”

Jessica bit her lower lip, feeling a little tangled, but she didn’t think he needed to deal with it for her, he had already sent the person to the hospital, and the other party would definitely not treat her anyway.

“Really...”

Jessica wanted to say something, but Victor Han had already opened the door and got out of the car on her own. She sat in her seat for a while and realized that what he decided to do should not change, so she could only follow. Get off one piece.

If you go together, let’s go together, and it’s good to see you by then.

The two were preparing to go upstairs together, but a shrill voice suddenly rang not far behind.

“Oh, I said that this girl in Zhou’s family must have someone else. I was so embarrassed to say that I was single before. I kindly introduced her to her blind date. Who knew that she was already there. If I knew that, I shouldn’t. This wastes everyone’s time.”

Far away, Aunt Zhang’s words floated over.

Those who are far away, those who are near, have all heard.

Several neighbors around are at the door. Some are playing with children, and some are chatting in twos and threes. This is a common phenomenon among neighbors near Jessica. Aunt Zhang is shouting so far away, she just wants others to hear it.

“Do you whitewash yourself by discrediting her?”

When did she have someone herself? Is it just because Victor Han is standing by her side at the moment? If it weren’t for Victor Han, she might have...

Thinking of this, Jessica’s heart became more hostile, and the hands hanging on both sides became fists.

She quietly waited for Aunt Zhang’s arrival.

Although Aunt Zhang was older, she didn’t run slowly, and she quickly stood in front of Jessica. She originally planned to rush directly in front of her, but she saw the figure of a man standing beside Jessica. After being tall, he stopped this thought and kept a little distance from Jessica.

“Zhou’s girl, what’s the matter with you? Why do you ask Aunt Zhang to introduce you to a blind date when you have a boyfriend? Xiao Li’s child is

practical, and he goes to your store to help every day. He will come to you every day after work It's in the store. What a prudent child who is really sincere and sincere to you. Even if you don't like him, you have to talk to him. Why did you let your boyfriend take him into the hospital? The hospital is half-dead, oh my goodness, the injury is so bad, I heard the doctor say that dozens of bones are broken."

"..." The corners of Jessica's mouth twitched, thinking you can make up again, can he survive if dozens of bones are broken? It's not that you can't live, it's just half dead.

In fact, for Jessica, after Li Sihan did something like that last night, she hated this person deeply, because if Victor Han did not show up, what would be the consequences of waiting for her, and what would she do in the future?

Thinking of this, Jessica's eyes became a little cold, and she raised her head to look at Aunt Zhang without any fear.

"Aunt Zhang, you keep saying that my boyfriend beat him into the hospital. Did you see it with your own eyes?"

Her voice is not small, but it is enough for those who listen to gossip to hear.

The neighbors obviously also smelled the gossip, and gradually gathered around here.

Jessica knows that if she doesn't make things clear today, then these neighbors will point her behind her back, even if a hole is poked in her back by these people, she doesn't care.

But she can't let her parents stab their spine.

Aunt Zhang was stunned, but she didn't expect Jessica to come back to her. After a while, she said, "I didn't see it with my own eyes. How could I be able

to see my old lady staying at home all day? But today, Xiao Li Call me and say he was injured. I went to the hospital to see it. He was seriously injured!”

Chapter 1158

“Since I didn’t see it with my own eyes, why did Aunt Zhang think that my boyfriend was the one who beat me?” When it came to the word boyfriend, Jessica gave Victor Han a lackluster look.

Although they kissed last night, they are not boyfriends and girlfriends yet, so let’s clarify.

Thinking of this, Jessica added another sentence.

“Also, I said before that I don’t have a boyfriend, that is, I don’t have a boyfriend. I would never do this kind of blind date with a boyfriend. What Aunt Zhang said is completely slandering me and destroying me. Qingyu.”

Unexpectedly, the girl Jessica was so clever-toothed. Aunt Zhang was stunned for a while, and then proudly said: “You don’t deny it there. Xiaoli told me that your boyfriend beat him to the hospital. If you don’t learn well, and if you have a boyfriend, you still have to find a blind date. Zhou’s girl, everyone is here, watching you grow up. You can count as half of your parents. You can’t bully everyone like this.”

In fact, Aunt Zhang insisted that Jessica would not tell her what happened last night in order to guarantee her reputation, and the news she got here was that Li Sihan wanted to kiss her, but Jessica disagreed and slapped him in the ear. That’s it.

Aunt Zhang took it for granted that slapped and smashed into the hospital, of course the latter is more serious.

Half a parent?

Jessica sneered in her heart after hearing this. Did these people give her food or money? Half a parent is embarrassed to say such things?

While thinking about it, Victor Han suddenly moved next to her, as if he was about to stand out for her, Jessica stretched out her hand to hold her sleeve, and the person next to her looked at her.

Jessica looked like she didn't want to go out. She could still solve this kind of little thing herself. He had already made a stand for her last night, and today she can't lean on him anymore.

Victor Han pursed his thin lips slightly. Seeing the little girl's heart full of letters, it seems that she is confident that she can solve the matter easily.

In that case, Victor Han stepped aside, planning to watch the little girl win the battle right here.

"Oh, look at the eyebrows, and you said it wasn't your boyfriend?" Aunt Zhang began to scold and sneered at Jessica: "I said Zhou's girl, just admit it. Did he beat Xiao Li? In the hospital? I think it must be, how can you bully people like this?"

"Aunt Zhang." Jessica took a step forward, and suddenly looked at her calmly and called her.

Aunt Zhang suddenly had an unknown premonition and narrowed her eyes, "What are you doing?"

"Do you know what happened last night? The blind date you introduced to me was disrespectful to me, even used hands and feet, and even wanted to QJ me?"

What this said... the people around all took a breath and looked at her incredulously.

Even Zhang Dashen's eyes widened, and the look in her eyes became very surprised. She never expected that she would say such things directly!

She thought that Jessica would swallow her anger, and then she could not find any reason to refute her when she was disgusted by herself!

In fact, even Victor Han on the side didn't expect to be so courageous. He glanced at Jessica, the expression in his eyes darkened a bit.

Perhaps she is braver than he thought.

Yes, at first she was chasing the little girl who was running behind her, how could she not have this courage?

"You... don't talk nonsense? Xiao Li has always been upright, how could he do this kind of thing? Zhou's girl, Jessica...you must not speak such nonsense and innocent?"

"Nonsense?" Jessica smiled slightly, "Aunt Zhang, you don't believe what I said, why do you believe what he said? He can't do this kind of thing, my friend will do this kind of thing Now? In my eyes, my friend is also upright and will never do this kind of thing."

Since the other party is unwilling to admit it, then they don't need to bear the charge of assault, anyway the other party can't show evidence.

"Besides, Aunt Zhang, do you think I am tainting his innocence by saying these things? We are all women. Do you think my words are tainting his innocence or my own innocence?"

The following words made the gossip neighbors nodded in agreement.

"Yeah, yeah, if you said Xiao Li didn't do this kind of thing, how could girl Zhou say that?"

“That’s right, there is no need to say this to ruin your reputation, it is totally unnecessary. I said Aunt Zhang, is the person you introduced is unreliable? According to Jessica, that person is basically It’s not a serious person.”

“Since I’m not a serious person, it doesn’t seem to be a problem to be beaten into the hospital?”

“Yes... If it was me, someone would dare to do anything to my daughter. It would be light if I didn’t kill him.”

The wind direction has changed.

Aunt Zhang didn’t expect Jessica to be so cruel. She gave her annoyed glances and fell backward, and the person next to her hurriedly supported her.

After being held by someone, she suddenly started crying.

“God damn you how can you wrong me so, I kindly introduced you to a blind date, even if you are not satisfied, and even discredit the other party, how can you do this? There is no proof!”

The other party pretended to be sick, and Jessica didn’t move her face, because she saw Aunt Zhang’s eyes still gleaming, and her tone was full of breath, she just pretended to be.

She sneered and said directly: “The same is unfounded, why can you accuse my friend of hurting others? Aunt Zhang, you are typically only allowed to set fires by state officials and not allow people to light lights.”

Aunt Zhang didn’t expect that the little girl who pretended to be sick would not let her go. She froze for a moment, and then continued to cry.

At this time, Jessica’s parents Zhou and his wife also drove down from downstairs.

The two of them were still waiting for Jessica at home, but they didn't come back. Then they heard that there seemed to be a quarrel downstairs, so the couple went out to check, but they didn't expect to hear the back. A few conversations.

When Jessica said that Li Sihan had acted on her, Zhou's father almost rushed out to beat someone, and was then held back by Janis and whispered, "Do you think our daughter has grown up? To so many people, how calm is it?"

When she said this, Zhou's father felt like it was eh?

My daughter is not nervous and flustered in front of so many people? It was really good, so the couple decided to observe again, and they decided to show up when Aunt Zhang started to cry.

As soon as he appeared, Zhou's father rolled up his sleeves.

"Who dares to bully my daughter, let alone the hospital, I smashed him into the crematorium directly by Lao Zhou! Want to enter the hospital? There are no doors!"

Chapter 1159

Lao Zhou was fierce, with a loud voice, and his key size was not small. When he came out, he looked fierce and ugly. Usually the Zhous and his wife seem to be amiable and pleasant, and the neighbors, even if they don't have a deep friendship, but nodding acquaintances and not hitting the smiling faces are all well-known principles.

So this is the first time everyone has seen Lao Zhou look so fierce. When the neighbors saw this, they scattered a little aside.

After all, it's just to watch gossip. Anyway, he was just drinking tea and chatting when he is fine.

As soon as the neighborhood retreats, there is no one to help Aunt Zhang. The first person who stepped forward to support Aunt Zhang was a young woman. Seeing that everyone had retreated, she quickly helped Aunt Zhang to stand, and said: "Aunt Zhang, stand by yourself~"

After finishing talking, he spread out with everyone.

Aunt Zhang: "..."

Do you want to be so snob!

Didn't all of them get forward just now? Everyone is afraid of Lao Zhou. Aunt Zhang is not afraid, and she straightened her waist: "Lao Zhou, you came just right, I would like to ask how you taught your daughter? How do you indulge her to slander others like this? I watched her grow up. The older one is half of her parents, right? Although I am older and have no children or daughters by my side, you can't bully me, an old man like this, ooh..."

Janis followed Lao Zhou and suddenly heard Aunt Zhang's words, she felt that this person was too shameless.

What does it mean to watch her grow up, even if she is half of her parents? She remembered that the blind date she introduced almost bullied her baby girl, and Aunt Zhang was still embarrassed here early in the morning, which attracted the crowd to watch the excitement.

When this spreads out, where is the reputation of their Zhou family and their daughter?

Thinking of this, Janis didn't want to give Aunt Zhang a bit of a smile. She directly satirized the other party: "I said Aunt Zhang, you said you kindly

introduced my daughter to a blind date. I can barely hear you. You said you watched her grow up. I also admit that I can't hear you saying that my daughter is half a parent. Why do you count her as half a parent? Together with me and Lao Zhou Han, who are raising so hard, are actually only half a parent? "

Aunt Zhang didn't expect that she would use this sentence to say something, and choked for a long time, "I'm just talking about the form, I didn't really count as her parents, why I am also an elder, right?"

"Since we are not parents, we have no right to discipline our daughter." Janis stepped forward and pushed Zhou's father to the side.

Their women are better at talking about their skills, and when dealing with Aunt Zhang, Janis has practiced her skills in these years.

The two of them have been listening in the corridor for a long time. At this moment, Janis's heart can be filled with anger, so she didn't intend to give Aunt Zhang a chance, and said directly: "Also, I just listened upstairs. For a long time, I listened to you every sentence and I was wronging my daughter's boyfriend, and I also asked you to introduce a blind date. I said Aunt Zhang, we can't turn black and white, but you went to the ramen restaurant to find Jessica to introduce her to Li Sihan. Yes, we haven't confirmed yet. You just called and called the person over. How come Jessica asked you to introduce a blind date? Aunt Zhang turned black and white so I doubt you just said my daughter. Her boyfriend sent Li Sihan into the hospital, and even broke dozens of bones. Isn't it a matter of inverted black and white?"

Jessica stood aside and stared at her mom. After hearing these words, she felt very refreshed, and she also had more confidence. At first, she thought that her parents would care about fame and would not make this matter public, suppressed and settled it privately, but she didn't expect them to stand up together to give her a head.

"You! Janis! Who do you say reverses black and white? You tell me clearly!"

“Aunt Zhang said, did you go to the shop to talk to you? You don’t want to have so many people coming and going on weekdays! Now you still don’t admit it. It seems that what you said just now is really sitting. Really.”

“I, I just forgot about it for a while. What if I took the initiative to introduce Jessica to the blind date? Didn’t I do it for her? Xiao Li, what a good child, is now being beaten into the hospital by you. What a crime.”

“Aunt Zhang, don’t change the subject. Let’s make it clear. You can arrange my daughter if you forget it for a while. What is the reason? You said that Xiao Li was beaten into the hospital and broke dozens of bones. I think this is true. I’m not clear about it, or let’s call the police directly and let the police distinguish between right and wrong.”

After finishing speaking, Janis didn’t hesitate to take out the phone in front of everyone, and insisted on calling the police very hard.

Aunt Zhang’s eyes rolled and she didn’t know what she was thinking, she suddenly stepped forward and held Janis’s hand.

“Sister Janis, what are you calling the police for? Even an honest official can hardly break housework! Xiao Li’s child is really seriously injured. If you don’t believe it, you can go to the hospital with me to see. “

“Everyone, don’t you think?”

“Neighbors in the neighborhood, you look at me, I look at you, some can’t deny it.”

“Look at it, if you are really beaten, you must be in the hospital right now, but I don’t know if Aunt Zhang said it is so serious?”

“Yeah, I think I can also go and see, if it really beats people so badly, then it won’t be reasonable.”

“Yes, everybody? Please comment today and go to the hospital with me.”

Just when everyone was about to go to the hospital, a voice rang coldly.

“No need!” Jessica stood on the spot, looking at everyone with cold eyes: “Uncles and aunts, everyone is usually a neighbor. Because you are the elders, I also respect you, but if this kind of thing can be done If you are booing, don’t blame me for being defiant in the future. I’ll just say a word about what happened today. It’s impossible for my friend to hit someone. Even if he hits, it’s his own blame and nasty nature.”

“Hey, I said you little girl, are you scared to ask everyone to follow me to the hospital?”

“I’m afraid?” Jessica raised her lips, and suddenly glanced sideways at Victor Han who had been sitting behind to watch the battle since she asked him not to interfere. Although he didn’t make a move, he never left, obviously staying here to support her.

When she arrived, she showed the extra copy of Su Jiu’s copy. That Li Sihan really committed a lot of crimes, and she could just pick up any one.

The two of them looked at each other, and Victor Han probably guessed the girl’s thoughts and nodded at her.

Jessica was determined in her heart and made a decision.

“You don’t need to go to the hospital at all, because you may be empty. As for why, you may know when he goes to jail.”

Chapter 1160

When the word prison came out, everyone was obviously taken aback, and then they couldn’t react.

Isn't this just a blind date? What they understand most is to be jealous, then fight, and finally find a way to settle things.

How did it make...he is going to jail?

Seeing everyone's incomprehension, Jessica felt that she had already said what she had said, so she could simply make things clear.

Thinking of this, there was a faint smile on her face, but her voice was completely cold.

"Let's tell everyone that Li Sihan lied to marry her, and he also lied to make money. He had already had several files before. It's just that some people were afraid of embarrassment and didn't speak out about their reputation. Someone still called the police, so he went to jail for cheating on marriage and money. It was released shortly last year. I think Aunt Zhang knows a lot about these things in the past, right? You said it was for my benefit that you introduced me to the blind date? Is it really good for me? Don't you want to push me into the fire pit?"

"What? Been in jail? How could such a man want it?"

"That's right, how could Aunt Zhang be like this? Still cheating on money and marriage? I dare to see Jessica's ramen shop and the business is booming, so I think about it."

"This is too scary? The blind date that Aunt Zhang introduced to others has heard that there is also a domestic violence. Now it's fine to come directly to a marriage and money fraud. What is Aunt Zhang's intention?"

"It turns out that it is this virtue. No wonder the children don't go home to see her for so many years. I dare to be afraid that she will cause them trouble?"

“You, you guys!” Aunt Zhang didn’t expect that Jessica would say so much with one mouth. In fact, she didn’t know much about these things. She just knew that Li Sihan had committed a crime, but Aunt Zhang thought, man, yes. There are a few who are not assholes, and it’s okay to mess around, Jessica’s girl has no one to ask, she is completely helping her by pulling the strings for the two.

“As for the truth of what I said, if you are interested, you can verify it yourself.”

Everyone is just watching the gossip, where will they really go to verify, and seeing the old god that Jessica said is there, I have believed in my heart for seven or eight points, and the remaining one or two points are probably waiting for the turn of the game to continue watching the lively mentality. .

“I have finished speaking. I hope Aunt Zhang will not say these things that slander my innocence. Otherwise, even if you are neighbors for many years, I will directly sue you for your personal slander.”

Janis on the side: “Sue you to court!”

The momentum is fierce and sturdy.

Everyone watched this scene. Two women stood there fiercely, and two men stood calmly behind them, as steady as Mount Tai.

Xindao, the women in this week’s family are really not annoying.

The farce was resolved on the spot in this way, and the bad news didn’t grow wings and flew around. Even if some people went out to gossip, the ending must not be told.

As long as everyone knows the result.

Victor Han looked at the little girl's back with a slight smile in his eyes. He originally thought that after the events of last night, she would be afraid and even shrink back.

Unexpectedly, he would get things done without having to do it her.

While thinking about it, the little girl suddenly looked at him. When facing the aggressive expression of the neighbors in the neighborhood, she had a well-behaved and a little nervous look at the moment, as if she was asking for praise, but she seemed to be afraid of each other. Scold yourself.

It is simply seamless switching.

After the matter was settled, the Zhou couple invited Victor Han upstairs to make tea for him.

Jessica was sitting by the side, thinking about going back to her parents once, but now Victor Han is sitting here, she stutters, intermittently, like a cassette tape when she speaks.

When Janis saw that her daughter became so useless in front of the beloved man, she simply hated iron and steel and gave her a popcorn.

“Speak to me, why are you stuttering?”

Jessica slapped her face, almost crying in pain, but she endured it again, giving Janis a bitter look in her eyes.

“Really, nothing promising.”

Victor Han felt a little distressed when he saw the little girl's pitiful appearance, but he couldn't do anything in front of her parents, so she pursed her lips and spoke for a while.

“Uncle Zhou, Aunt Zhou.”

“I encountered something like that last night. It was a bit difficult for a girl to talk about, so it’s normal for her to talk nervously and stutter. Please auntie not to get angry.”

Hearing, Janis couldn’t help but raised her eyebrows and looked at Victor Han more.

Yes, even her mother, who beat her own daughter, has begun to painfully maintain it?

Knowing that there are few men defending their girls, it is rare, coupled with Victor Han’s looks and temperament, and even though she was in battle just downstairs, she still quietly observed Victor Han.

This man is good, looks reliable.

“So, let me talk about what happened last night.”

Victor Han began to talk, talking about Jessica’s humiliation period, he paused, then glanced at the little girl, and gently led it with a single sentence, as if there was no trace left.

So Janis was somewhat satisfied with Victor Han.

This man is obviously very good at taking care of Jessica’s emotions. Some people want to express themselves, and they will describe the situation that the girl encountered at that time how tragic and terrible, but this is equivalent to asking Jessica to review what happened at the time. Things.

But now that Victor Han did this, Jessica could hardly remember the incident.

After he finished talking about the matter, Janis commented on Victor Han in her heart.

Careful, good at observing, clear-cut, logical, knowing the severity, and most importantly, calm.

Unlike Jessica's father, he almost lifted the table after listening to what Victor Han said. After listening, he had gritted his teeth.

"Damn bastard! It's easy to get him into the hospital, right? Where is that kid? See if I don't waste him."

"Okay, you? Look at Aunt Zhang's exaggerated appearance, I think the injury of the surname Li must not be minor."

And all this is probably Victor Han's masterpiece.

Janis glanced at him, and suddenly raised her eyebrows. This man looked as steady as a mountain now, but she didn't expect that there would be times when she would be beaten into such a half-dead appearance.

But it must be because of her daughter, not the violent tendency.

At this moment, the mother and the son are connected, and Jessica seems to know what Janis is thinking, and directly speaks: "Mom, he is not such a person normally, but he is too hated and hated for this kind of thing. If my father is present, he must be Li Sihan will also be severely injured."

Janis: "..."

This damn girl, she hasn't determined the relationship with her, so she started to protect him? And also compared with her father, what kind of shabby comparison is this?
