

Nothing to Give but My Heart Chapter 1161 – 1170

Chapter 1161

The little girl was willing to protect him, and Victor Han could feel it.

He didn't feel anything before, but now he feels that there is a strange feeling flowing around in his heart.

“Okay, I haven't said anything yet. You don't need to clarify in such a hurry. Did I say he has a tendency to violence?”

Jessica: “...”

She was stunned for a moment, thinking that her mother thought so, could it be that she was wrong?

Janis looked at Victor Han.

“Anyway, you helped our Jessica this time. If you didn't extend a helping hand in time, then we might not be able to deal with this matter in the end, so thank you very much.”

After speaking, Janis stood up, and Chao Hanqing bent over to thank Victor Han earnestly.

Upon seeing this, Zhou's father also learned something.

Probably he had never seen such a battle before, so Victor Han was stunned for five full seconds before reacting.

“Uncle Zhou and Aunt Zhou don’t have to do this. Even if it wasn’t me, someone else would do it.”

Janis glanced at the tall and handsome man in front of her, then looked at her daughter who had shrunk herself into a tortoise shell. After thinking about it, Victor Han’s cell phone rang when she thought of something.

“Sorry, take a call.”

He took out the phone and went to the balcony.

While he was answering the phone, Janis looked at her daughter.

“I thought that after the events of last night, my daughter should have been stunned, or had been hit hard, but now? These decadent emotions were completely gone, instead, they were full of spring breeze. When Victor Han went out on the phone, the corner of Jessica’s eyes was looking towards it.

Alas... the saying that the female congress does not stay in the middle is right, the truth of life.”

The best cabbage of her own family was finally about to be taken away. Janis was both sad and pleased, and she approached Jessica and asked her in a low voice.

“You tell mom, what else happened last night?”

Jessica: “!!!”

It’s okay not to mention last night. When it comes to last night, Jessica reacted very much, but thanks to the lessons of the morning, she jumped up without guilty conscience this time, pretending to sit calmly in place.

“Nothing happened.”

“Are you sure?” Janis narrowed her eyes and stared at her.

Jessica blinked nervously and nodded vigorously, “There really is nothing.”

But when Janis came over to take a closer look at her, Jessica lowered her head with a guilty conscience, and didn’t dare to meet Janis’s eyes.

How could Janis fail to see the extreme guilty conscience? She glanced at the figure on the balcony and whispered, “Is this the same person you and I said before?”

Jessica: “???”

Why did mom ask this suddenly? Is she so insightful? Jessica’s whole body is not good.

Seeing that her daughter’s expression was muddy, she knew what the answer was.

Unexpectedly, the uncle of Levi was the one that her daughter was thinking about.

Thinking of this, Janis thought of something, “You are so kind to the child Levi, is it because you are in love with his uncle?”

“Mom! Stop talking nonsense, Levi is Levi and Victor Han is Victor Han. Although the two of them are related, they have no contact with me here.”

First of all, she is Stella, a good friend, and secondly, she later likes to be Victor Han. And even if she and Victor Han are not together, it is impossible

for her and Stella to sever contact, and it is even more unlikely that she wants to be with Victor Han and therefore treats Levi specially.

She just gets along well with Levi, and the two are in good harmony.

“That’s good, my daughter is not such a person who only seeks to benefit. Moreover, the child of Levi is so innocent and trusts you so much, she is sure to be a good child.”

As she said, Victor Han came back after the call, Jessica stood up nervously, “Is the company calling you? I’m fine here, or... you go back to the company first?”

Looking at the virtue of her daughter, Janis smiled and got up.

“Yes, Mr. Victor, thanks to you for this matter, if it is convenient, we would like to save you for lunch, but it seems that Mr. Victor’s work seems to be very busy, so let’s see when Mr. Victor is free, I and Mr. Zhou will invite Mr. Victor to dinner and express his gratitude.”

Eat? Victor Han glanced at the uneasy little girl. If he really agreed, the little girl would definitely be more anxious. He smiled lightly, warmly.

“My aunt is interested, but the company does have a little urgent business, I will ask it sometime later.”

“How can I let you please? Let Jessica’s father please at that time, after all, it is to thank you.”

After that, Victor Han didn’t say anything, Janis pushed Jessica.

“Yan Yan, send Mr. Victor downstairs.”

“Oh, I see.” Jessica recovered, and then sent Victor Han out and downstairs.

The two went downstairs silently. When Victor Han was about to leave, he saw the little girl still quiet from the corner of his eyes.

Since kissing her last night, she has been an ostrich, is this still addictive?

But this kind of timing is also suitable for other things, let her rest first, Victor Han said lightly.

“Let’s go back.”

The cold male voice pulled Jessica’s mind back, only to realize that it had arrived, but she nodded indiscriminately when she didn’t expect it so soon.

“Well, then you... be careful on the road.”

After speaking, Jessica carefully stretched out her hand and waved at him. Seeing that there was no expression on Victor Han’s face, she retracted her hand and turned around to go upstairs.

The arm tightened, Jessica’s steps stopped and couldn’t move forward.

Victor Han stopped her.

Jessica: “!!!”

What does she want to do? Jessica’s heart suddenly throbbed, and the atmosphere didn’t dare to make a sound, because the two of them hadn’t mentioned a word of what happened last night until now, but Su Jiu raised a mouth before coming here, so Jessica is now very worried that she would talk about what happened last night.

Of course, there is a little worry and a little expectation.

“Don’t go out alone for the time being, please call me if you have any issues.”

Who knows, Victor Han didn’t mention what happened last night, but told her a few words. Is this caring for her? Jessica nodded: “Okay...”

“Go up.”

While speaking, Victor Han stretched out his hand and rubbed her head, and his voice became softer: “Don’t think too much.”

“Ok?”

Jessica raised her head quickly to meet his gaze, don’t think too much? Don’t think too much? Refers to what happened last night?

Is it for her not to think too much about other things, not to be passionate?

Just as Jessica looked at him uncertainly, Victor Han suddenly got closer, breathing on her face.

“Let you stop thinking about it, why did you start thinking about it in front of me?”

Jessica: “...”

Her face turned red quickly, why is he so powerful, he can tell at a glance that he is thinking wildly, is she acting too obvious? The thoughts are written on the face?

Chapter 1162

In the end, Victor Han rubbed her head again and asked her to go upstairs. Jessica blushed and turned and walked away.

When she got upstairs, she was still a little bit distracted.

After all, what happened was too illusory, and Victor Han seemed to have become gentle? Although the tone is still the same as before, but it is no longer as cold and alienated as before, making people feel unable to approach.

Is it because of that kiss?

Thinking of this, the temperature on Jessica's face began to burn again.

Brush...

Just as the door opened, Janis poked her head out.

"What are you doing? Standing alone at the door giggling?"

Jessica suddenly closed her smile, snorted and returned to her room.

Haijiang Villa

On the wooden board by the sea, Stella sat down with difficulty supporting her stomach, trying to put her feet in the water to cool down, a voice faintly sounded behind her.

"Mommy, I'll be unhappy when I see it for a while."

Hearing, Stella paused, and looked back at the Levi who was following her his expression a little stiff.

“Isn’t he here now? She is secretly not being seen by him.”

Levi blinked his eyes innocently: “But Mommy, Daddy asked me to stare at you before going out.”

“...” Stella.

“Levi, I’m your mommy, are you sure you want to bully me with your daddy?”

Levi walked to Stella’s side, stretched her hand and pulled her sleeves, pouting dissatisfiedly.

“But Mommy, you will have a baby soon, the sea is so cold at this time, it’s not good for your health~”

“The weather is getting hotter and hotter, it’s okay to just play?”

The closer she was to give birth, Stella was more closely watched by Walter, and he couldn’t go anywhere. Typically, he held her every day for fear that she would fall, but now he was afraid of her transformation.

This made Stella dumbfounded.

Because Walter had never accompany her to give birth. When she became pregnant for the first time, he felt that he had not fulfilled his husband’s duties, so he wanted to accompany her well this time.

After seeing the things that the mother needs to pay attention to, the whole person becomes extremely strict.

If it weren’t for the fact that something had to go out today, and he couldn’t take her with him, Stella suspected that he wanted to pack himself in his jacket pocket.

In the end, Stella promised that she would not run around, and would stay in the room obediently and wait until she came back before Walter left, but before leaving, he found someone to stare at her.

That's right, it's millet beans.

“Levi, your daddy has no experience in childbirth, but mommy has it. In the past, Mommy was not as cautious as she is now when she was pregnant. Mommy ran to work at that time. Anyway, she had a lot of pregnancy. Things, aren't you still healthy in the end?”

“Huh, it's different. Levi is a boy, but Mommy is pregnant with a younger sister. Girls should take good care of them~”

Stella: “...”

What she said made sense, and she had no way to refute it.

“Mommy, get up quickly. Daddy will come back soon and see you out of the room. He will see you more closely in the future.”

This sentence reminded Stella, yes, if Walter knew about this matter, or if there was something wrong with him, he would definitely take her closer.

There is no opportunity to walk around like this...

This sentence was hitting the nail on the head, Stella stared at Levi with faint eyes: “You convinced me.”

“Mommy, let's go back~ Levi will accompany you today.”

“Ok.”

Stella got up with difficulty, Levi stepped forward to help, and then the two went back to the room holding hands.

Li Sihan lay in the hospital for a few days to move. He hated him too much. He wanted to avenge Jessica and was afraid of Victor Han. That night his eyes looked like Shura, and he could not be exaggerated to say that he would kill him.

As for why he got his life back later, it was probably because God opened his eyes, and when he went out, he must look good at that woman.

In fact, the police had already been here a few days ago, but the doctor relayed the situation that Li Sihan was seriously injured, so he could not be discharged from the hospital for the time being. Just take people directly.

However, most of Li Sihan who was seriously injured were in a coma, so he didn't know about it.

Jessica has also stayed at home these days. The Zhous were afraid that she would be frightened, so they didn't let her go out, or even let her go to the store, saying that she needed a good rest now, and couldn't go anywhere.

In fact, how could Jessica not know, the two of them were just afraid that Li Sihan would come to avenge her when she went out.

"Parents, don't shut me down today. If you continue to stay at home, I'm going to get moldy. I want to go for a walk. At least let me go to the store to help. The store is mine. Why? Can you two work so hard?"

"No." Janis refused her request in one mouthful.

Jessica was frustrated.

“Mom, aren’t you worried that the person will come to trouble me after I go out? Actually, he is not. He is very badly injured. He may not be able to get up while lying in the hospital. He has no chance to attack me.”

Janis was hit by her, and then she narrowed her eyes.

“How do you know he was badly injured? That night...”

Jessica nodded: “Yeah.”

“The shot is so heavy?”

Recalling the way Victor Han started with Li Sihan that night, if she hadn’t stopped him at that time, it was estimated that Victor Han would kill him. She also didn’t expect him, who had always been indifferent, would have such intense emotions.

“Mom, it’s not a heavy shot, it’s just that Li Sihan was too much that night, and I also helped. I hit part of his injuries.”

When talking about the latter, Jessica’s eyes were a little evasive. It was obviously lack of confidence. Why did Janis fail to understand her daughter’s defense of that man. She thought about it and took her daughter’s hand and asked: “Are you serious about him? The kind he doesn’t marry?”

Jessica blushed: “Mom, what do you ask this for suddenly? Aren’t we talking about letting me out?”

“You answer me first, and I will consider whether to let you out.”

After thinking about it, Jessica felt that it would be better to spread the words out. Anyway, she felt that it was impossible for anyone except Victor Han, so she simply explained it directly.

“Yeah.” She nodded, confessing cheerfully: “Mom, do you know the feeling that you can’t see other people except him?”

Hearing that, Janis’s heart was shocked, and then she heard her daughter continue.

“I didn’t like him when I first met him, and when I started to like him later, I would never see other people again, no matter how good the other person is.”

Janis calmed down, “Mom knows, if my daughter really thinks so, then mother will support you, but... he treats you?”

Chapter 1163

First of all she is a mother.

Second is a supporter of Jessica feelings.

If the other party likes Jessica, then the two of them put aside all the worldly prejudices, and it doesn’t matter if they are together, as long as the two of them live happily.

But since she knew this, how many times has Jessica been sad? She saw it all in her eyes, now...

“Mom, don’t ask for a while, I will tell you if there is a result.”

Because she also felt Victor Han’s change, but she was not sure, after all, he didn’t say it clearly, and she didn’t dare to ask again.

In recent days, he would regularly send text messages to her every day to ask about her situation, as if her boyfriend was caring about his girlfriend.

She is probably a fool, she still dare not ask him what the kiss means?

She was very annoyed, the more she thought about it, the more annoyed, so she decided to go out and get some breath, just to meet Stella, who was expecting a childbirth at home, she had made an appointment with Levi, and it happened that Walter was not at the villa tonight. , She also happened to relieve Stella's boredom in the past.

“Well, you have your ideas and solutions, just follow your heart. Neither your mom nor your dad are unreasonable people. In addition, after your dad was in a car accident, he is now eager for you. Happiness is good, even if you walk into the mud and smile, he won't stop you.”

Jessica: “...”

“Go go, go find him, take care of yourself.”

“I'm not...”

Forget it, she didn't bother to explain anymore, Janis wouldn't listen anyway.

Jessica cleaned herself up, and then went out.

It's not too long that they haven't seen each other. The last time the new store opened, Stella went there once, but the belly grew bigger and bigger, so it's not convenient now.

Stella couldn't help but feel bitter when she saw Jessica.

“When I was abroad before, without him by my side, I didn't get pregnant as hard as it is now, and I don't know what's going on now. It feels like I have become squeamish, Jessica, is it because I am pregnant with a girl , That's why you are so squeamish?”

Jessica knew about this. Stella was pregnant with a daughter. Everyone would be happy after knowing that she was pregnant with a daughter. After all, there is already a millet bean in the family, and if there is another daughter, they will have both children.

Stella was also very satisfied that she had a daughter. She even took the nickname of her daughter's name.

"Girls are supposed to be more squeamish? It's okay, anyway, you will have a baby soon, and you will have both children, how nice~"

Stella was originally annoyed by her own affairs. Hearing Jessica's envious tone, she couldn't help but peek at her. Levi was the heart and soul that fell from her, so how could he not tell Jessica about things? She learned about recent events between Victor Han and Jessica from Levi.

Looking at Jessica now, Stella's lips smiled unconsciously. Fate is really amazing, isn't it?

"You thought it was broken, but in fact it didn't know when it was strung together."

Jessica and Victor Han are like this.

"What about you? My daughter Shuangquan, you have to work hard, and strive to have good news on the day I was born."

Hearing, Jessica's face flushed suddenly, and she refused to confess in front of Stella.

"I, I haven't said anything to your brother yet, don't say it."

Stella trembled with a smile, "I didn't say who it was, why did you lift a rock and hit yourself in the foot?"

Jessica: "...Stella!!"

She stomped her feet in a hurry, her face and ears flushed: "Did Levi tell you? He said nonsense, something happened some time ago..."

"Really nonsense? You don't want to work harder?"

"I..." Jessica hesitated for a while, "thinking."

"Then work hard, I think my brother... probably has been tempted."

Hearing the word temptation, Jessica's heart suddenly jumped. Is he really temptation? Isn't she really passionate?

Stella suddenly came over and blinked, "Have he ever kissed you?"

Jessica: "!!!"

Her face flushed, Jessica couldn't say a word.

"It seems there is?"

"No, no..." Jessica was so nervous that she began to stammer, her tongue spun, and after a long time struggle, she finally dropped her head, as if she had accepted her fate.

"Okay, kissed, but that doesn't mean that he likes me, maybe... just to comfort me?"

Stella couldn't understand: "Consoling you?"

So Jessica talked about what happened that night, and Stella's face was black after listening.

“How big is your heart? I think someone of my brother’s temperament would do this to comfort you? Think about it carefully. If it was you, would you just kiss someone to comfort each other? Feelings are never charity. I know too well what your temper is. If you are not sure, then you try him.”

“Or, force him to admit it.”

“Force? Do you force Victor Han to admit that he likes you? How can this be done?”

Stella smiled, “It’s very simple. When he finds you, you deliberately be indifferent to see how the other party reacts, or hint that you are tired and don’t want to take the initiative anymore.”

Jessica: “...” What kind of magical brain circuit is this? Faced with Victor Han’s cold-hearted character, I want to be deliberately cold?

However, after thinking about it, it really seems to be a way? When he was indifferent to her a while ago, he also waited for her all day at the door of the store, maybe he likes to be abused like this?

Thinking about it, someone knocked on the door.

“Aunt Jessica~” Levi ran over to hug her thigh when he saw Jessica, and said, “I called my uncle here for you.”

Victor Han is coming here? Jessica stammered: “You, didn’t you call it in my name?”

Levi shook his head, “In the name of Mommy, Aunt Jessica stay and have lunch with us~”

With regard to Victor Han and Jessica, Stella and Levi are of one mind, and they have spared no effort to match the two.

Because the company was busy with things, Victor Han got stuck in ordering, just as soon as the food was served, he stepped inside the door.

As soon as he entered the door, he saw a familiar figure sitting there awkwardly in the room. After a short pause, he returned to normal.

“Uncle, are you here?”

Levi personally rushed over to ask for a hug. Victor Han picked him up easily, walked to the dinner table, and explained in a cool tone: “I came here just after I was busy. How long have you waited?”

Stella sat there with a big belly, and replied after hearing the words: “I just sat down and didn’t wait long.”

The Jessica next to her pretended to be dead, pretending that she didn’t hear any sound, and lowered her head and said nothing.

Stella looked at her with a bit of hatred for iron and steel.

“Just like her, can you still count on her to test?”

Chapter 1164

Soon, Victor Han went to wash his hands, and everyone was seated.

The people sitting at the table were familiar people. The meal should have been easy-going, but because of the relationship between Jessica and Victor Han, the atmosphere of the meal was awkward.

Jessica always pretended to be an ostrich, but she didn’t raise her head to talk to Victor Han, but only took her rice. Victor Han didn’t say anything, her expression was so calm as if nothing happened.

Stella feels that going down like this is no way, she needs some strong medicine, right?

But in front of Levi, Stella was a little bit embarrassed, so she could only wink at her son secretly.

Levi is worthy of being her son. He immediately understood with a look, put down the dishes and chopsticks, "Mummy, uncle, aunt Jessica, I'm full, I'll go back to the room first?"

Hearing, Stella asked pretendingly, "I'm full now? How much did you eat? Don't you eat a little more?"

Millet shook his head: "Can't eat it, Mommy."

Victor Han pursed his thin lips, glanced at Levi with a dark gaze, Levi smiled, and then left the table.

After he left, Stella smiled slightly and raised her head to talk to Victor Han, but unexpectedly found that Victor Han's eyes were staring at her. Although there was no expression on her face, it seemed to have a little bit of expression on her face. The color of helplessness.

Does this know what her sister wants to do?

Do you know her so much? Stella thought.

"Brother, that..."

Stella just opened her mouth, Jessica beside her stood up agitated as if she had been stabbed in some way, "I'm going to take a look at Levi, he ate too little."

After speaking, no matter what the other two's reactions were, they ran out hurriedly.

Stella: "..."

Eh? It was too late for her to call Jessica, and the figure in front of her was gone. When will she pretend to be an ostrich? Stella was a little depressed. She deliberately broke the millet beans, just to talk about some topics that children can't listen to. In the end, Jessica did well, and she also ran away.

It took her a lot of pains.

Stella sighed again and again and looked back at Victor Han.

"How terrible are you, people are scared away by you again?"

Victor Han took a sip of the soup calmly, his expression was as usual, and he glanced up at her when he heard the words.

"Isn't it you who scared her away?"

Stella sneered, "Where did I scare her away? Would she be so timid if it wasn't for you?"

Hearing, Victor Han didn't answer, but he twisted his brows lightly.

So far, the little girl is still afraid of him.

After that night, the relationship between the two has remained lukewarm, without any development, but she saw that her reaction was not as cold as before, but... it was not much better than before, like a frightened bird. And he is the hunter who draws the bow.

Although there is no arrow in his hand.

Thinking of this, Victor Han pursed his thin lips, and said lightly: "Maybe it's because I grew up scarier?"

Stella: "..."

What kind of nonsense?

"Brother, what do you think?"

Victor Han looked up at her.

"Before you said you didn't want to talk about feelings, and just wanted to take good care of my sister, right? I believe you, but where are you now? You kissed the little girl, flirted with the little girl, and sat calmly. Isn't it too irresponsible here?"

"Although the previous remarks sounded like they were looking for Victor Han to discuss an explanation, Stella's tone was not malicious at all, and there was a smile on his face."

His sister, is watching him joke about being a brother?

"She told you?"

Stella was taken aback, and then she realized what Victor Han was referring to, and nodded grandiosely: "Yes, is there a problem? You dare to do it yourself, and you are not allowed to let others say it?"

Victor Han said nothing more.

But Stella did not intend to let him go.

“Brother, I think I know you quite well. You should have been tempted a long time ago, but because of certain things, you have to control yourself and feel that you don’t want to talk about it in your life, right? Seriously, our Han family Just two brothers and sisters, as your only family, I don’t want to see that you are lonely when you are old for some reason. And...the most important thing is that if you miss it many times, there is no way to look back.”

Victor Han: “ ...”

“I know.”

He had known about this since the little girl started to snub him.

It’s just that the feelings weren’t that strong at that time, until she suddenly hated herself, he stood in front of the store for a day, and she was unmoved, even when she went on a blind date.

“You know? I thought you didn’t know. After you kissed her, she didn’t do anything. Let me tell you the truth. Although you are my brother, I don’t want you to hurt Jessica. If you really don’t like her, then you don’t see her again.”

Victor Han was taken aback, slightly narrowed his eyes and stared at her.

“She doesn’t need someone who is hesitant about her feelings. What she needs is someone who is serious and responsible. If you continue to do this, Phillip will be a better candidate than you.”

“Although I am a little sorry for Phillip, Stella really thinks so. She has always thought that Phillip and Jessica are more suitable, but the feelings are like drinking water and knowing it.”

Jessica likes Victor Han, and she doesn’t want to say more.

The brothers and sisters looked at each other for a long time, Victor Han retracted his gaze, lowered his head and took a sip of the soup slowly, then put the bowl on the table, without speaking for a long time.

“Brother?”

“You don’t need to bother about this matter. I have my own discretion as to how to do this.

Hearing, Stella was a little angry, and wanted to turn the plate on her head. She grinned with anger, “What the hell do you think? Can’t you tell me? What does it mean to have a sense of measure?”

Victor Han’s eyes moved, and finally said, “I want to tell her first.”

“...”

“???”

“!!!”

After being bewildered a few times, Stella finally reacted. It turned out... did that mean? Has she been worrying too much???

Stella stared at him faintly, feeling that his sister’s first position would be lost, but...she was happy for Jessica again.

After all, she was going to get what she wanted soon.

The person who likes just likes himself, which is such a happy thing.

Jessica followed Levi back to the room to pretend to be an ostrich. However, an ostrich didn't last for that long. After lunch, she was called out by Stella, saying that her brother had something to ask her and let her go out.

Jessica erected all her hairs at once, "You won't tell me what I told you?"

Stella blinked: "No, you are not here, what do I mean by that? He called you to think that there is something else, in short, don't be afraid, go bold."

"..."

Jessica glanced at him helplessly, regretting the things she couldn't keep her mouth out of today. In the end, she shrank her head and went out to find Victor Han.

Chapter 1165

Victor Han waited for her in the living room.

When the little girl came out, she hung her head and walked in front of him, her voice squashed: "You, you are looking for me... what's the matter?"

So nervous?

Victor Han pursed his thin lips, and said after a moment: "I'm going to the company now. There will be a meeting at two o'clock, and it will end at about 3:30."

Jessica, with her head down, was a little inexplicable when she heard these words. Why did he suddenly say this to her? What does the meeting have to do with her?

"After the meeting, I have no other schedule."

At this moment, he said again, Jessica became even more inexplicable, and couldn't help but raise her head, looking at him with doubts.

Her simple and ignorant expression made Victor Han a little tired, but if he thinks about it, a faint smile appeared in his eyes.

“Follow me to the company?”

Jessica: “...”

He... actually invited her to go to the company with him?

“Follow you to the company?” She asked again uncertainly.

“Yeah.” Victor Han nodded, seemingly uncertain, and then asked, “Go?”

“Go!” Jessica nodded vigorously and said hard. After speaking, she felt that she was acting too hard, so she quickly closed and explained: “I mean, I'm fine anyway, then go. Right.”

After explaining it, she started to regret it again. Why did she talk more? If you don't explain it, it's just embarrassing. After explaining it, it seems that you are trying to get a seal. Jessica can't wait to bite her tongue.

She got into the car with Victor Han, fastened her seat belt, and left together.

After the two of them left, the large and small figures beside the French windows on the second floor of the villa were watching.

Levi looked up at Stella, “Mommy, is Aunt Jessica going to be upgraded to aunt?”

Hearing the name of aunt, Stella found it so pleasant, she curled up the corners of her lips and stretched out her hand to rub Levi's head.

"Yes, it should be soon."

"Oh." Levi nodded, "Then I can go to my aunt's house to eat and drink with integrity from now on."

Stella: "..."

What kind of son did she raise, thinking about eating and drinking?

The company

When Victor Han and Jessica entered the company together, the front desk immediately recognized that the figure next to Mr. Victor was the one who had come to deliver the food. At first, she thought she was wrong, but Jessica's eyes saw it. Just happened to run into her at that moment.

With just a glance, the front desk immediately looked back with a guilty conscience.

She hadn't forgotten the previous things. She and the group of people had made trouble for her. If the food delivery person had to trouble her, then she would probably be the first to have the operation.

Thinking of this, the front desk regretted it very much, and she should have controlled her mouth before.

But Jessica only glanced at her, and quickly followed Victor Han's steps, and ignored her.

While the front desk was relieved, she hurried to open the WeChat chat group,

“I wanted to tell the colleagues about the news because they had decided to go to her shop this weekend. If she reminded me now, it should be too late.”

So the front desk told the news in the group again.

The others jumped immediately.

“What the hell? The deliverer came to the company with President Han? What does this mean? Is it really hooked?”

“Fuck, what’s the way for this woman? How long is this? You don’t take fishing so fast, right?”

“Damn! It’s uncomfortable to think that we actually lose to a delivery guy, the one who is unhappy from the tip of the hair to the toes!”

“Upstairs +1, let’s take care of her this week? Then ask her, is it better to make noodles or to serve a man?”

Seeing these words, the front desk remembered Su Jiu’s warning last time and said something.

“Don’t make trouble, don’t go this week, don’t offend people and don’t have a good fruit to eat, Secretary Su also told me that we won’t let us look for things.”

However, others did not care.

“I said, why are you so courageous? Ask Secretary Su to say a few words that you are afraid of being like this? Don’t forget that Secretary Su has liked

President Han before, okay? If the takeaway is really the same as President Han, Then the person who was most angry about this matter should be Secretary Su. It should be Secretary Su who wanted to kill the takeaway girl more than us.”

“That’s right, it is to warn you not to do things, but it is to imply that you are doing things hard, right?”

Seeing this, the front desk is a little confused, how is this possible? It’s obviously not a next time? And Secretary Su’s expression looked serious at the time, and it didn’t seem to be a joke at all.

“I don’t think it’s possible... She has a serious expression.”

“That must be serious. What is the background of Secretary Su? She graduated from a prestigious university, and her figure and appearance are all top-notch. How long will she be behind Mr. Victor? Everyone knows her business ability, but there is nothing to lose to one. The takeaway girl, it’s you, aren’t you serious?”

It seems to make sense to say that, and the front desk hesitated.

“But, she is with Mr. Victor now, in case she blows the pillow wind.”

“Don’t worry, this kind of woman without any connotation, Han can always look at her? At best, she just has a play, she should cry in a few days.”

Holding the phone at the front desk was a little bit crying, she wanted to say, I haven’t seen Mr. Victor play a woman for so many years? Don’t talk about playing with women, even a girlfriend...

Top floor office

Victor Han opened the door and let Jessica walk in first. Jessica walked in carefully, and Victor Han closed the office door.

They got stuck very tight when they came, so as soon as they entered the office with their front feet, Su Jiu knocked on the door and came in.

Su Jiu was stunned for a moment after seeing an extra shadow in the office, and then smiled understandingly.

“Mr. Victor, do you need to help you postpone the meeting?”

“No.” Victor Han glanced at Su Jiu lightly, and said coldly: “You go to prepare first, and I will come later.”

“No problem~” Su Jiuwen gave Jessica a meaningful look before leaving. Jessica was so embarrassed that she quickly moved her eyes away.

After they left, there were two more people in the office, and the coldness in Victor Han’s tone disappeared a lot.

“I will come back after the meeting, waiting for me here?”

Victor Han stared at her and asked directly.

Jessica nodded subconsciously: “Okay, okay.”

After Victor Han went out, when she was alone in the office, Jessica blinked and then glanced around, always feeling very unreal.

Why did he bring her to the company? Before, Jessica couldn’t think well because she was by his side. Now that Victor Han is going to a meeting, Jessica can finally calm down and use her brain.

According to what Victor Han said to her before, there was no schedule after the meeting, and then she was asked to wait for him here. Is there something to tell her?

Chapter 1166

Thinking of this, Jessica's heart was pounding, even scared to escape.

But soon she suppressed her mood and covered her heart.

"There is nothing to be afraid of to hold on."

Then she looked around and took a seat on the sofa.

It's not that she hasn't come to the office. She came every day when she used to deliver food to him, but she hadn't come here for a long time.

It took an hour and a half to say that it was not short. Jessica was still waiting to pass out. Originally, she wanted to go to the mobile store to go shopping for clothes or something, but she turned over and over again and didn't even look at any of them thing.

Finally she received her phone and fell on the sofa, eyes closed, sleepy.

When there was a steady but incomparably clear footstep outside the door, Jessica opened her eyes swiftly. There was no confusion in her eyes, and the whole person was completely awake, and then sat up straight.

As soon as Victor Han opened the door, what he saw was the little girl sitting on the sofa with her head up and her chest upright, like a primary school student behaved when facing the principal patrolling the classroom, but she looked upright.

A smile flashed through the black eyes that Victor Han hadn't noticed.

Hearing the voice, Jessica looked over to Victor Han, trying to make her facial expression the most natural, "The meeting is over?"

"Ok."

Victor Han nodded faintly, and he was not far in front of her, "Have been waiting here?"

Jessica was stunned for a moment, and then listened to him: "Are your eyes tired? Do you need to sleep?"

"...No need to."

In this situation, who can sleep???

Jessica felt that Victor Han was short of heart, and shook her head: "I'm not sleepy."

"Are you sure you are not sleepy?" Victor Han narrowed his eyes to look at her.

Being watched by him like this, Jessica's body straightened again, and shook his head firmly: "I'm really not sleepy."

"Well, since you are not sleepy, let's talk about our affairs."

When the words fell, the tall figure in front of her suddenly sat down beside her. Although it was a short distance away, when the sofa sank suddenly and the man's hormonal breath approached her, Jessica's heartbeat still missed a beat. , And then the heart hit her body very desperately.

She was really persuaded. After hearing what he said, her fingertips trembled a little, and her eyes quietly looked at Victor Han.

“Me, our business? What...what’s the matter?”

She was too guilty, and she was faintly expecting.

Who knew Victor Han stared at her, eyes burning.

“You do not know?”

Jessica: “...”

She froze in place, looking at Victor Han and asking, in a daze.

“Want to know why I kissed you?”

The air is still

Jessica’s heart almost stopped beating, her fingertips trembling more severely, and her pupils suddenly dilated at that moment, unexpectedly Victor Han would suddenly ask so straightforwardly.

After a moment of stunner, her white cheeks were stained with sunset clouds.

“If you want to know so, why don’t you come and ask me in person?”

“!!!”

Jessica knew that Stella said she didn’t say anything, but actually said everything, ah! big liar!

Now that it's alright, Victor Han actually asked her so bluntly, she...she doesn't have any face anymore. Before, she wanted to pretend to be calm, it's best to be calm and relaxed. As a result, Stella sold her on her hind feet, letting Victor Han know that she was very concerned about this matter.

She is too difficult, really!

Jessica bit her lower lip and didn't know how to answer Victor Han's question.

Does she have the face to answer? No! !

Just when Jessica screamed wildly in her heart, Victor Han, who could not get her answer, suddenly moved forward a few minutes, and the two of them got closer.

"Huh? Why don't you speak?"

Jessica was so nervous that she couldn't say a word, and because of his approach, her breathing became a little difficult, and she subconsciously tilted her head back, trying to stay away from Victor Han.

He wanted to spread the words, but the little girl wanted to escape, which made him a little dissatisfied. He pursed his lips and continued: "Don't hide."

He stretched out his hand to pinch her arm, grabbed Jessica's body that was trying to move back, and then found that the little girl's body was shaking a bit.

Scared her?

Victor Han's eyebrows twisted, his expression looks serious.

"Don't want to tell me clearly about this?"

Jessica's lips moved. She didn't want to say anything, but she was so nervous, "I, I didn't...I just...just a little nervous, you, don't get so close to me."

She was almost unable to breathe.

Tension? Victor Han no longer knotted his eyebrows, instead, there was a faint smile in his eyes. Not only did he not leave, but he moved forward a bit, leaning toward her with a strong masculine aura.

"Don't get close, how do you clearly?"

Inexplicably, Jessica felt that Victor Han's voice was a bit darker, like the red wine she had drunk before, sweet and moving.

His thin, thin and handsome face was close at hand, and the light above his head made his eyes dark, like a dense black mist in the night.

"No, don't get close... also, you can also... say it clearly..."

Jessica stammered, and her hands subconsciously blocked Victor Han, restraining him from moving forward.

But today's Victor Han didn't know what was going on. Uncharacteristically, the more she controlled, the more he leaned toward her. The burning breath almost burned her, she didn't even dare to lift her head.

"Since you can make it clear whether you are close or not, then speak closer."

The breath blew her fingers on her neck, and Jessica felt her arms tremble.

"The question you struggled with, I will answer you today."

What?

Jessica raised her head quickly and ran into his deep eyes.

Victor Han's handsome face slowly approached her, and Jessica stayed on the spot like being tapped. For a long time, his cheek brushed her, and then reached her ear, sighing helplessly.

"I made you pretend to be an ostrich for so many days, because I want you to think about it again. After all, I am a person who does not understand tenderness and has never had a relationship experience. It will be very hard to be with me. You little girls look forward to it. I don't necessarily get it here. I'm old, my parents are dead, and I have a younger sister who I care about. I finally found her, if you don't mind..."

Before he could finish speaking, Jessica blurted out anxiously.

"I do not mind!"

"..."

It was quiet all around.

Jessica blinked, then closed her eyes frantically.

What! ! !

She seems to have not restrained herself! How reserved??? How about calm and relaxed? What about self-esteem as a woman??? Jessica, you are really stupid!

Just when Jessica was so upset, there was a dark low smile in her ears. Then, Jessica felt something soft on her cheeks, then moved slowly to the right and chose her lip.

“Well.”

Her waist was strongly held by the man in front of her, and he was hugged tightly in her arms and kissed.

“What happened? Where am I? Why don’t I know anything?”

Chapter 1167

In short, Jessica was messed up.

She was kissed blankly for a long time without any response.

And someone finished the afternoon meeting, and there was no other schedule, so he held Jessica patiently for a long time.

Until the time they were separated, Jessica was still dizzy, but her body was weak and weak, and she could only half nestle in Victor Han’s arms, with a pair of white tender little hands clutching the shirt in front of him tightly.

The dark shirt was wrinkled out by her, and one of the buttons was untied, revealing trivial bones and Adam’s apple.

Seeing this scene, Jessica swallowed uncomfortably.

“Like it?” Noting her little movement, Victor Han’s eyes were dim, and while asking, he reached out to unbutton the other buttons under his shirt.

Jessica’s eyes widened suddenly, and nervously asked, “What are you going to do?”

“Don’t like it?”

Victor Han's movements did not stop, Jessica blushed and pressed his hand to stop his next movement, and said eagerly: "You don't have to watch it if you like it!"

The hand held by the little girl paused, and then did not continue to move. Victor Han looked at the red face of the little girl in front of him, and his thin lips slowly twitched.

"Okay, look at it later when the time is right."

Jessica: "..."

Seeing the man with so much charm in front of her, Jessica couldn't help swallowing, how did she feel... This old man seemed to become angry? Is it her illusion?

Before the iceberg, after confirming the relationship, the enthusiasm is fiery?

When Jessica was uncertain, there was a knock on the door outside the office.

"Mr. Victor."

A male voice came in from outside, completely breaking the atmosphere inside.

Jessica was stunned for three seconds and stood up abruptly, far away from Victor Han. When she was so anxious that she didn't know where to hide, she saw a rest next to her, and she pushed open the door and hid without thinking.

Victor Han: "..."

He witnessed the action of the little girl all the way, like a little hamster that only steals and gets caught.

He coughed slightly, his voice was dumb, and he opened his own shirt buttons as he said: "In."

It's just that the moment he opened his mouth, he has returned to his expressionless and indifferent tone.

The high-level waiting at the door finally opened the door and came in.

When the top executives came in, she obviously felt something was wrong, because when she usually came, Mr. Victor always sat at the desk, but today he is sitting on the sofa, and his clothes look a little messy?

The seniors are a little scared?

Recently, it has been rumored that he hasn't heard of it, but he just laughed. After all, a group of them have said that President Han is probably going to be a bachelor.

But now? The senior management cleverly caught Victor Han's suit with a white girl fringed bag next to it, like a one-shoulder.

But he saw the things, but not the people.

So the senior management turned his attention to the lounge again.

"Is it because you are hiding here, but hiding because of shame? Why don't you see anyone? That must be done..."

"What are you looking at?"

A low-pressure voice interrupted all the thoughts of the higher-ups.

The senior management came to his senses, no longer dared to glance at it again, and smiled awkwardly, “Nothing, President Han, you need to sign this document.”

Hearing, Victor Han had never received the text from him, and the senior executives placed the document on the table in front of him in a nonchalant manner.

“Leave the file first.” Victor Han said lightly.

The senior management understood what he meant and left the office after putting down the documents.

Jessica hid in the lounge, not daring to make a sound. She secretly squatted by the door listening to the conversation outside, and found that Victor Han had a cold voice when talking to the high-level who came in, and returned to her alienated and indifferent attitude.

Ow, so is the slightly irritating, soft-spoken man going to be exclusively for her in the future?

Thinking of this, Jessica felt as happy as if her heart was filled with pink bubbles.

Although everything is still as real as a dream.

Jessica stayed in the office until the evening. When she left, it was Victor Han who took her back home. After the car stopped downstairs, she sat in the co-driver in a daze.

Victor Han came over to unfasten her seat belt, and the man’s breath came over and surrounded her.

After he unfastened her seat belt, he did not rush back, but looked at the little girl in front of him and asked: "What are you thinking?"

The low male voice drew back the soul of Jessica who had flew to Jiu Xiaoyun. After returning to her senses, she saw the handsome face of close at hand. She was startled and started to stammer again.

"No, I didn't think about anything."

"Nothing? Then do you know where you are now?"

"Where are you now? Jessica looked out of the window and realized that she was downstairs at her house. Her face suddenly turned red, "It turned out to have arrived, I, I was just thinking about things."

"Huh?" Victor Han squinted his eyes slightly, "Didn't I mean nothing?"

"..."

Jessica raised her head and met his dark eyes again. Although today was a smooth day, it should be the most illusory day in her life.

She looked at Victor Han, who was very close to her, and suddenly stretched out her hands around Victor Han's neck and hugged him tightly. She buried her small face in his neck, took a deep breath, and then hugged him tightly. A bit.

Victor Han was slightly startled.

The little girl's sudden initiative made Victor Han a little uncomfortable, because she has been in a passive state since that night, but now suddenly...

Feeling that her emotions were not right, Victor Han gently held her arm and pulled her away, "What?"

Under his gaze, Jessica's eyelashes trembled lightly, and her voice was soft: "Do you know? Today is probably the most illusory day in my life. I don't know if this is real. I am. I was thinking, even if I made it up by myself, then I hope I never wake up, but I know...If I imagined it by myself, I would definitely wake up one day, so I wanted to hold it for a while. ..."

She really thought so, and naturally said so.

After speaking, Victor Han smiled helplessly.

With a slight pressure on his hand, he pulled Jessica into his arms and rubbed her chin with one hand, "Do you really think so?"

The light in the car was quite dim. The little girl raised her head and nodded at him with a pitiful expression. Her pink lips became more and more moving under the light, and Victor Han's fingertips moved slowly towards the place of her thoughts, stroking Her lips were muffled: "Would you like to kiss me more?"

Jessica: "!!!"

She blinked, blinked again, and shook her head vigorously after three seconds: "No need, no, I'm not so greedy, I'm easily satisfied, just hug."

She was afraid that she would be too greedy and wake up from the dream!

There may be no hugs anymore!

This look is really cute, Victor Han's eyes have a smile, and there are other things, he slowly approached her, "Are you sure you are not kissing?"

Chapter 1168

Jessica was dumbfounded.

When the man in front of her asked these words, it was as if he had deliberately hooked her.

“What? Do you kiss me? If you don’t kiss, you won’t have a chance next time. Then I will kiss someone else.”

She doesn’t know what’s going on. Jessica’s mind somehow appeared in this dialogue. After thinking about it, how could Victor Han be such a person? She shook her head, looked at the handsome face close at hand, and suddenly took the initiative to move towards it.

“Dear!”

Her strength was a little bit strong. Victor Han was not ready when she hit it. His tall body staggered back. Victor Han stabilized his figure for a second, took advantage of the little girl’s waist, and was helpless. I laughed.

Really is shocked.

What Jessica thought in her heart was whether he was a dream or reality. Since he had asked so, it would be a bastard if he had the advantage or not!

Besides, she was kissed by someone for a long time in the afternoon, and now she finally has the opportunity to turn away from the guest, why not?

35 minutes passed

Victor Han’s lips were knocked out with blood, and his head was knocked several times, but the little girl still hugged his neck and kissed him without

any means. In desperation, Victor Han squeezed her arm and pulled her away.

“Will you kiss or not?”

Jessica’s face and ears were red. Hearing the other person’s question, she nodded awkwardly: “Yes, of course I will.”

Then she saw Victor Han’s lips being knocked out by her, and she was even more embarrassed, “Or, forget it... wait until I go back to practice.”

“Go back to practice?” Victor Han squinted his eyes, with a sharp look in his eyes: “Who are you looking for?”

Jessica: “...No, I didn’t find anyone, but I went to find the strategy, don’t worry, I will definitely watch and practice seriously.”

In this case...

Victor Han’s Adam’s apple rolled, and his voice was dark: “It is indeed necessary to practice more, but now is the opportunity, come over.”

“???”

What does he mean, did he let himself go and practice together?

“I haven’t talked about love, we can practice together and have a look.”

Victor Han pulled a certain little girl over, but Jessica didn’t even realize what was going on. Her eyes went dark and she was kissed again...

In this way, the two practiced in the car for a long time.

When they were apart, Jessica coughed awkwardly and lay on his shoulders, afraid to look into his eyes.

“Do you feel more real now?”

Real? How is this possible? Jessica felt that she was top-heavy, her whole being light and fluttering, as if she was about to fly into an immortal, even more unreal.

However, she did not say, but Victor Han probably also guessed what she thought, and squeezed her arm with a big hand, “Huh?”

“If it still feels untrue, just go back with me tonight?”

Jessica was shocked, “No! No! It’s too fast!”

We only got together in the afternoon, and went home with him overnight? How is this possible??? Although she was looking forward to it in her heart, but...but absolutely not!

She wants to be reserved!

Her forehead hurt, Jessica was flicked by Victor Han’s fingertips. After she recovered, she saw Victor Han staring at her with a smile: “What are you thinking about? Before I went there, I had time to accompany you and sleep separately. “

Jessica: “...”

“Still, you want to...”

Jessica shook her head, “No, I don’t want to!”

She quickly leaned back on Victor Han's shoulder, not looking at his eyes.

Just hugged quietly for a while, Jessica realized that it was late, she had to go back, and the car had been parked downstairs for such a long time, and no one had come out all the time, and she would definitely be talked about. . She doesn't care about it, but she still has to take care of her parents' thoughts.

Thinking of this, Jessica slowly got up: "Um, I have to go back."

"Yeah." Victor Han responded indifferently, slowly tidying up the little girl's messy clothes and long hair, with gentle movements to the extreme, and finally he wiped her thumb on her lips for a few times before releasing it. She: "Go ahead."

Jessica blushed and got out of the car, moving forward like a tortoise, suddenly thinking of something, she turned around and ran back, lying by the window looking at Victor Han with bright eyes.

"That one..."

"Ok?"

"After I go back, can I send you a message?"

Victor Han was stunned for a moment, and then a faint smile appeared on his lips: "Of course."

"You agreed? What about the call?" Jessica was a little bit eager, and she also wanted to know how far Victor Han would tolerate herself.

Who knew Victor Han stretched out his hand and squeezed her cheek, gently, itching, and said a word.

“You are my girlfriend, of course you can do whatever you want.”

His tone was light, but he hit her heart hard.

Boom!

Boom!

Boom! !

Jessica’s heartbeat began to jump wildly without restraint, and after staring at Victor Han for a few seconds, she turned her leg and ran home.

Seeing the little girl running away from the desert, Victor Han’s smile deepened. It wasn’t until the little girl’s figure disappeared that the smile on his face and eyes faded, then he returned to indifference and drove away.

As soon as Jessica returned home, she met the second man’s probing eyes.

Although Victor Han had sorted it out for her before returning, Jessica still looked unusual now, her lips were a little swollen, and her eyes still had a little flattery.

“Cough cough cough!” Father Zhou coughed heavily, then got up: “I’m going to the toilet, you mother and daughter will talk.”

Soon Father Zhou hid in the toilet.

Upon seeing this, Jessica also said, “It’s so hot today, I’m going to take a bath.”

“You stop me.”

However, Jessica was stopped by Janis before taking a few steps.

Jessica stood there not daring to move. After a while, she turned to look at Janis and smiled: “Mom, why haven’t you slept so late? Is the store busy today? I went to find Stella today, she has a good stomach now It’s so big, it’s estimated to be born next month.”

Hearing her daughter chattering, saying that she didn’t talk about her own affairs, Janis couldn’t help but stop: “Don’t talk about others, talk about yourself first.”

Jessica persuaded, “Me, what can I say?”

“In love?”

“!!!”

Jessica’s eyes widened in surprise, “How do you know?”

The relationship that was confirmed in the afternoon, why did Janis...

“Huh, are you really blind to me? I happened to see you when I went downstairs to throw out the trash.”

Jessica: “...”

My mind is a little numb. Did you see her when I went down to throw the garbage? Isn’t that... seeing her in the car with Victor Han...

“Mom, you, how are you...”

“What? You know you are shy now? There are so many people coming and going downstairs, you are not ashamed of you!” Janis dismissed her a few

words, but in fact she was happy for her in her heart, her daughter was happy, she I don't bother to care what others think.

Jessica didn't know what to say to explain, his face blushed with blood. After all, the two were intimately embarrassed by their parents seeing this kind of thing. Although they were coming by, they still couldn't help being embarrassed.

Chapter 1169

Finally, Jessica simply plunged into the room.

Janis knocked on the door of her room. Jessica pretended not to hear her. When Janis knocked hard, Jessica simply said, "Mom, don't knock, I want to take a shower."

After that, she took a change of clothes and hid in the bathroom, then turned on the faucet, hoping that Janis could hear the sound of water and leave.

Thinking of something, Jessica hurried out of the bathroom again, took the cell phone she had left outside into the bathroom, and then closed the door.

Only the sound of splashing water was left in the bathroom, and all other sounds were isolated.

Listening to the sound of water, Jessica turned on the phone and wanted to text Victor Han.

But after another thought, she hadn't been upstairs for a long time. Victor Han must still be driving at this time. If she texted or called him, it would definitely affect his driving.

Forget it, safety is important.

So Jessica put her phone back on the sink on the sink, and then began to take a bath. She didn't know whether Victor Han was going back to Han's house or his previous private villa? If it's back to the Han's house, then the distance from here to the Han's house is probably not too far, and he will probably be home when she finishes the bath.

If she is going to a private villa, then she cannot count the time. Because she was stunned when she went there that night, and evasive when she came back, so she didn't even go to see where the place was and where it was.

Well, and even if he gets home, he still has to spend time washing up, and she don't know how much time it will take.

She still don't worry, and wash it slowly.

Send him a message later.

Originally, Jessica only planned to take a bath, because her hair was washed yesterday, and she didn't have the habit of washing her hair every day. In addition, she was busy in the shop later, so she basically just avoided it.

But now it's different. She and Victor Han are now boy and girl friends. Maybe we need to meet every day in the future? Well, with Victor Han's character, it might be difficult to meet every day, but...what if?

How bad is she to be unkempt in case of meeting?

Ooh, falling in love is really troublesome. Why didn't she care about her image before? Thinking of this, Jessica even felt that her body was getting dirty, took the bath ball and shower gel and rubbed it vigorously, only to find that her shower gel was just an ordinary Johnson shower gel, or the kind used by babies.

Jessica secretly made up her mind to replace this bottle of shower gel!

After the shower, Jessica put on the cartoon pajamas and stood in front of the mirror to brush her teeth, but saw that Donald Duck in the mirror was showing a very funny smile on her body, making her look like...

Jessica: “!!!”

Would Victor Han like her childish way of dressing? In the past, she didn't think she was so naive in dressing, so she bought these cartoon pajamas because she thought it was so cute!

But now? No matter how she looked at it, Jessica felt uncomfortable.

So Jessica secretly decided that she wanted to change her pajamas too!

After taking a shower and drying her hair, Jessica held her phone on her pillow and opened the shopping app on her phone, and started to look for new shower gel and pajamas for herself.

There are many types of shower gels, with specially made floral and fruity fragrances. They are packed in transparent bottles with many petals reflected in them. They look colorful and very beautiful.

Jessica used to buy it because of her face value. When she received the goods, her face value was indeed very high, but the fragrance did not last long. It didn't take long after washing out, and the taste almost disappeared.

So it seems that Jessica didn't buy anything, and moved to the perfume area. When she saw a perfume called Houxiang, her eyes widened.

It still smells like this??? ???

Simply refreshed her new world!

Choosing to choose, Jessica still did not choose, she simply put her phone on her back and lay on the bed.

“Forget it, I’d better go to the supermarket counter tomorrow, and she can still know what it tastes at the scene.”

Time passed quietly in this way. Looking at the time later, Jessica was not sure if Victor Han was finished at home. When she wanted to send a message to ask, the phone suddenly vibrated.

It was a mobile phone text message sent to her by Victor Han, with only two words.

“Arrived.”

As his usual character, Jessica glanced at the time, this time is only here? It seems that he went back to the private villa? Thinking of this, after all, it doesn’t take so long to get to Han’s house from here?

Thinking of this, Jessica quickly texted him back.

“Are you here? Are you going to the villa?” After the fight, Jessica felt that she was too unpretentious again, and she looked particularly anxious. So she deleted the words she typed and edited again.

“Did you just arrive? I have finished the shower~”

No, no, the shower seemed to imply something, Jessica deleted the text again and started typing again.

“Are you home? Are you empty?”

After thinking about it, she felt that it was more appropriate to send it this way, so she sent the message.

Then anxiously waited.

During the period, she did nothing, just waiting for Victor Han to reply.

Woo-

The phone vibrated, Jessica quickly read the message.

“Add WeChat.”

Add WeChat? Jessica was stunned for a few seconds and then switched to the WeChat interface. When she was about to see Victor Han’s mobile number to add a friend, a friend request appeared in her message list, and it was Victor Han.

She quickly agreed.

Unexpectedly, Victor Han would add her friends one day, but didn’t they send messages? Why did you add WeChat suddenly?

When Jessica was wondering to say something, a video chat application popped up. She was so scared that Jessica almost threw away the phone. After a closer look, it turned out that Victor Han sent her a video chat.

??? ?

Why is she video chatting like she is lying on the bed? Jessica quickly rejected the other party’s video request.

Hey, she didn't intend to post his video on purpose. It is true that she is wearing cartoon pajamas and her messy hair is not suitable for the video.

Thinking of this, Jessica quickly typed.

"It's not very convenient for me now, can we type and say it?"

"Can."

Victor Han responded quickly, and then typed in again.

"I wanted to show you something empty."

Bearish? Is this the reason why he sent a video to her? That's right, she asked in the message before, is it empty? Unexpectedly, he wanted to send her a video. In fact, where does she want to see that cat, she just wants to see Victor Han, okay? Although she herself likes cats very much, it is the cat of the male god after all.

Actually... it seems good to look at it?

But she has already rejected the video, so Jessica can only reply.

"Did you not go back to Han's house? Did you just arrive?"

"Well, just arrived."

Immediately after that, another short voice was sent, and after Jessica clicked on, she heard a milky "meow" cry.

Chapter 1170

This sound almost beggar Jessica's heart.

Damn it?

Kongkong is so cute!

Jessica suddenly missed the night when Kong Kong slept next to her. She was very confused that night, and Kong Kong slept next to her, rubbing her arm with her head from time to time. Grandma's meow was very healing.

Now too!

But she still couldn't forget, the next morning, she didn't like her appearance.

Thinking of this, Jessica immediately typed.

"Kong Kong seems to dislike me. I wanted to touch it that morning, but it ran away as soon as it saw me. When I have a chance to pass next time, I will definitely touch its hair to bald skin!"

After sending it out for a while, Jessica realized that what she said seemed to be too casual, would Victor Han find her annoying?

When she was struggling, Victor Han replied a message to her.

"Don't wait, you can come tomorrow."

Jessica looked at the message in a little astonishment, then released the phone and covered her lips, before screaming.

Still think all this is illusory, why is Victor Han staying with her? Why are you... together?

When did things start to change? Does he like her? If he likes her, when did he likes it?

Several questions in a row jumped out of Jessica's head, making Jessica's head explode.

Didi...

The phone rang again.

"I will pick you up tomorrow?"

Jessica quickly replied.

"But, you are going to the company tomorrow, aren't you going to work?"

"Sunday."

Oh yes, tomorrow will be Sunday.

So the two of them will go on Sunday after confirming their relationship. If they are an ordinary couple, should they go on a date or something? But Jessica didn't dare to think about it with Victor Han, so she typed in reply.

"You don't have to come to pick me up, you send me the location, and I can just find you tomorrow after I finish my work."

Victor Han didn't care about it and directly assigned her the position.

Jessica is very happy. Tomorrow she will go to the supermarket after she wakes up. After shopping, she will go to Victor Han in the afternoon.

Just when Jessica was ready to say goodnight to the other party, Victor Han sent a voice over.

“Don’t call anymore?” The data turned into a low voice and passed into Jessica’s ears. She blinked and then continued typing.

“It’s late. It’s the same if you call another day. You go to wash up earlier, then rest, good night.”

Then Jessica sent a good night expression. There was a very cute expression on WeChat. It was a round ball. The ears and paws were red. When she said good night, she huddled in the quilt, and then she put down her phone and lay down to fall asleep. Up.

Staring at this smart little expression, Victor Han was lost for a while, then slowly laughed.

“See you tomorrow.”

After seeing the three words Victor Han gave her, Jessica rolled on the bed with her mobile phone, got into the quilt for a while, then came out again, sat up and looked out the window, then lay down and covered the quilt.

Jessica found that she seemed to be over-excited, and she felt that she couldn’t sleep tonight.

QAQ!

Then Jessica picked up the phone again and repeated the only voice sent by Victor Han dozens of times, listening and listening, then pursing her lips and laughing.

In the middle of the night, when tiredness struck, she fell asleep deeply.

Then Jessica had a dream. She dreamed that Victor Han would take her back to her private villa that night. Then Jessica was afraid of herself, so she ran to

the next door to find him, and then she was pressed against the wall by someone, and...

The two kissed each other, Jessica's clothes fell to the ground, and she suddenly woke up.

The dream suddenly stopped, Jessica opened her eyes, and she closed her eyes quickly for nearly five seconds. There was a black beech in front of her, and there was nothing left.

Why? At such a critical moment, she suddenly said she woke up and then she woke up. The usual biological clock doesn't see it so punctual. What is it about today?

Jessica almost vomited blood with anger.

But soon she opened her eyes again, then rolled over and hugged the quilt and thought annoyed.

How could she make Victor Han dream like this? It's really too bad, Victor Han is not as beautiful as she dreamed!

Thinking of this, Jessica stretched out her hand and rubbed her head vigorously, then got up and went to the bathroom to wash.

When brushing her teeth, Jessica was startled by her dark circles under her eyes. She almost fell when she backed up. Fortunately, she reached out and held the doorknob beside her, and then she stood by the door and stared at the two panda eyes in the mirror. In a daze.

She didn't know when she fell asleep last night, only remembered that she had been listening to Victor Han's voice, and at the end of her ears, it was all Victor Han's magnetic voice. Gradually, the voice automatically transformed into: go to sleep, go to sleep.

Then, Jessica's eyelids were heavy, and she fell asleep soon.

As for what time it was, she didn't know.

But looking at this dark circle, it is estimated that it happened after 3 o'clock, and this chicken coop-like hair, which was only washed last night, why did it explode this morning?

In desperation, Jessica had to wash her hair again, and then went out for breakfast with dark circles under her eyes.

When Janis saw her long wet hair, she couldn't help being a little surprised: "Didn't you just wash your hair last night? I washed it again when I got up today?"

When she asked this little Yan, she felt heartbroken and replied depressed: "Because my hair exploded again when I got up today, I found it too ugly, so I washed it again."

"Do you know how ugly? Didn't you care about it when I said you before?"

Jessica: "..."

"Yes, yes."

Father Zhou sat next to him, drinking porridge while looking at Jessica and asked: "And what's wrong with your dark circles? Didn't you sleep well last night?"

Jessica: "..."

She felt that it was a mistake to come out for breakfast. Thinking of this, she put down half of the porridge, and then said: "Parents, I have something to do

in the past two days, so I won't go to the store. Things in the store are troublesome. You will take care of it first, and if there are any circumstances, I will recruit two more people."

After speaking, she got up and walked into the room.

"You haven't finished the porridge yet?" Father Zhou called from behind.

Jessica waved her hands at random: "I have no appetite."

After entering the room, the door slammed shut.

Father Zhou: "...this kid, don't you even eat breakfast? I'm not afraid of being hungry."

Janis sat down with a sneer, took a bite of a dumpling, and then glanced at Lao Zhouyi, "Your daughter really can't keep it this time."

Father Zhou: "What's wrong?"

Hehe, straight trash man, she didn't bother to explain to him.

Janis decided to close her mouth and eat quietly. It was too difficult to communicate with straight men.

Unexpectedly, the man's speed was so fast. Looking at Jessica's dying to others before, she thought that her daughter was going to live in such a painful life, who knew it would be just a few days...
