Chapter 2100

"Well, if Lin Fanyue knows that Song Qingrui likes her, he will definitely be scared to move out of the presidential palace," Huo Xu said with a smile, "have you heard of boiling frogs in warm water, at this stage, Lin Fanyue is already in the pot, probably completely Not aware of it."

Jiang Qing is confused, so is her sister already at such a dangerous stage?

Huo Xu analyzed, "A woman has just been betrayed by her husband and divorced again. There is still a failed first love before her. The good sisters around her are busy and are in love. She didn't say it, but at this moment it must be a time of emptiness and loneliness. , She must doubt her charm in her heart, maybe she thought about starting a relationship,

But the child has to care, and he doesn't trust feelings so much. At this time, a good-looking, gentle, considerate and humorous man appears. He always makes her happy and chats with her. The two do not talk about feelings, but share the trivial matters of life with each other, and often get together. Eat and drink, guess what will happen in the end? "

Jiang Qingxin was silent for a while, and said dryly, "I will depend on it."

"Not bad." Huo Xu nodded, "Song Qingrui used her method to occupy Lin Fanyue's life vacancies little by little. From eating, drinking and chatting to children, Lin Fanyue may not have noticed. If someday, Song Qingrui suddenly did not chat with her. Or ignore her, she will definitely not get used to it, and she will even contact him on the initiative."

"Hold the grass."

Jiang Qingxin's unbearable swear words, "I didn't expect Song Qingrui to be so scheming."

"He must have scheming, but he can only use this method. If you rashly tell Lin Fanyue that he likes her, your friend will definitely be frightened," Huo Xu said with a smile, "Let's go with the flow. Well, at least Song Qingrui is still a very responsible man. He hasn't even heard of any girlfriends he has had. Such a person will love someone with his heart."

"Then I want to tell Fanyue." Jiang Qingxin became distressed. "I don't want Fanyue to marry someone from the Song family again. Moreover, Song Qingrui's identity is more difficult than Song Rongshi's. It is impossible for the Song family to agree with

Song Qingrui. Marry Fanyue, the two have no future."

Huo Xu touched her head, "Song Qingrui is so good to Lin Fanyue, and Lin Fanyue himself didn't notice it, indicating that he must have used a method. Go and say, Lin Fanyue may not believe it."

Jiang Qing thought about the appearance of Lin Fanyue, she didn't believe it at all, "Why is this?"

"Let's go with the flow, don't think too much, Song Qingrui, who is deeper than Song Presidential City Mansion, will not do things that he is not sure about. He must have thought of the obstacles he and Lin Fanyue will encounter together. However, since he dared to attack Lin Fanyue, it shows that he is confident and determined to face it. Besides, his ability is quite strong. You see, during this period of time, the Song

family has changed, and the rights of Song Laozi have been cut off. At first glance it is Song Junyue, but how do you know that Song Qingrui is not pushing behind."

Jiang Qing listened and gasped, "Really?"

"My guess."

Huo Xu has a profound meaning, "Song Junyue hasn't competed for Song's mind for so many years, why this juncture suddenly started, indicating that Song Junyue and Song Qingrui have secretly reached a cooperation agreement, do you know what this means?"

Jiang Qingxin doesn't know much about politics, and the more he listens, the more at a loss, "What does it mean?"

Huo Xu looked serious, "It means that Song Qingrui has the final say behind the whole Song family."

"Huh?" Jiang Qingxin didn't believe it at all.

"The position of the president, if you want to sit up, sit firmly, how much money you have to spend, where does the money come from, the two brothers Song Nian and Song Ji are in politics and the other in business. They complement each other and are indispensable. But now Song Ji has been Song Junyue replaced it. If one day Song Junyue doesn't listen to Song Nian's words, how can Song Nian be re-elected and even hold his current position?"

Chapter 2101

Huo Xu smiled and looked at the stunned Jiang Qingxin reminded, "I'm sure Song Junyue is definitely Song Qingrui who has a close partner. She hears that Song Qingrui has some not Song Nianyou."

Jiang Qingxin suddenly realized and was startled, "Then you said President Song knows?"

Huo Xu shook his head. "Of course he wouldn't notice. One is that Song Qingrui is young after all in his eyes. The second is that his son's son will never betray him. Song Qingrui does not betray him, but when he doesn't necessarily Obeying his father's arrangements, Song Nian couldn't hold back Song Qingrui once the two disagree."

Jiang Qingxin murmured, "When I saw Song Qingrui for the first time, sometimes I felt that he was very handsome and looked very simple and kind, but I didn't expect it."

"Oh, what he has the advantage is that simple, harmless and outward-looking person, regardless of whether he has elders or friends, will think he is humble, and he must have been able to secretly win over his

own power in these years. , The wolf's teeth were exposed because he hadn't yet. When he met someone who wanted to have something, but Lin Fanyue had something to do, he showed his teeth, but there was too little exposure, and everyone didn't notice it, me, son deep."

Jiang Qingxin blurted out, "Is he aware that Ji Ziyuan, who has been caught in negative news recently, didn't help?"

Huo Xu's nodded "Ziyuan is unwilling to help Song Rongshi now. One is Ning Lexia for a reason. The other is that you and I are related. The third is that he doesn't want to offend Song Qingrui. Who knows where Song Qingrui will be after helping Song Rongshi? The scariest thing about Song Qingrui who bit him is that he didn't show his cards, anyone knows."

Jiang Qing was startled for a long time and then smiled bitterly, "It is estimated that she will eat so many people who are so complicated and there will be no residue left."

"In a sense, he can also protect Lin Fanyue." Huo Xu's thin lips moved. "At present, it is better to be with Lin Fanyue personally. When Le Xia is about to hold a wedding, she probably feels uncomfortable too."

"what?"

Jiang Qing was very angry, "Song Rongshi was so embarrassed to have a wedding with Ning Lexia, Fanyue gave her a baby and never had it."

"I did it after the Chinese New Year and he didn't invite me. A friend opened a hotel. Some heard that he had booked a banquet and invited a wedding company." Huo Xu

sighed and didn't want to believe that his former friends have become like this." Lin Fanyue will know that sooner or later."

"The dead slut's scumbag." Jiang Qing scolded bitterly.

Forget it, she still didn't remind Lin Fanyue for the time being so as not to make her feel more annoying.

But when Jiang Qingxin went to the company the next morning, he ran into a friend in the elevator.

She thought about it and said, "Don't be too sad if I told you something, but you will know that sooner or later."

The smile on Lin Fanyue's good mood gradually faded, and she was a little disappointed and asked, "Are you going to tell me that you and Huo Xu have remarried, you leave me alone and get married."

" "

Chapter 2102

Jiang Qingxin twitched his mouth and couldn't smile. "No, Song Rongshi is going to have a wedding with Ning Lexia."

The elevator was quiet for a while.

Only when Lin Fanyue made a long "Oh" sound, she dropped her eyelashes and cast a shadow on the bottom of her eyelids.

"Just scold if you want." Jiang Qingxin said.

"Forget it, there is nothing to scold, but I have divorced anyway, and I don't have any thoughts and feelings for him." Lin Fanyue said sadly, "Just, the more I think about it, the more I feel that I am a fool."

"This wedding is an estimate. Ning Lexia wants to show off because he wants to slap

you in the face, right?" Jiang Qingxin mocked and said, "Song Rongshi guesses that everything is going to Ning Lexia now, but I don't know that this will bring the outside world and the capital. The richest family is even more disgusting with both of them."

"whatever."

Lin Fanyue smiled bitterly and it was her. I don't know if others would be disgusted. The two of them were her anyway, and they were disgusted.

The elevator door opens on the floor of the President's Office.

Jiang Qingxin held her hand and walked out, saying, "Come, come, I hired a new assistant today for you to meet."

"As long as you see the secretary, it's me."

When the office door was pushed open, Lin Fanyue was dumbfounded when he saw Zeng Han in a black suit inside. Isn't this, Song Rongshi's assistant is "Why are you here?"

"Miss Lin is hello." Zeng Han nodded and greeted with embarrassment.

"I paid a lot of money to invite him to join." Jiang Qingxin said with a smile, "He just resigned from Olansheng not long ago. He is looking for a job everywhere. I think about us. If you want to buy Olansheng, you have to know yourself. He came here."

"Ms. Jiang, you must not say that." Zeng Han said hurriedly, "Your company is actually more capable than me."

"I'm still good at your work ability. It is clear that you have been working with Song Rongshi from the founding of Oulan Sheng

to the establishment of the energy company with him in the Song family. manager."

Jiang Qingxin looked at him with very admiring eyes.

Zeng Han blushed and nodded vigorously, saying, "Jiang always has something to do in the future, even if you leave it to me, it is operation and planning. I have experience and public relations. I also know a lot of people."

"Assistant Zeng has worked hard for you. We need talents like you."

Jiang Qing encouraged him to beat him up.

Lin Fanyue was stunned when she watched from the side until Zeng Han walked up to her and said apologetically, "Ms. Lin is about you and Song Shao. I'm sorry. When he took care of Ning Lexia, I told him to be but ,he."

"Don't say it is him, I know what kind of person is better than anyone else. It is that he will not listen to people's advice. Assistant Zeng welcomes you to our company and we will be a colleague in the future."

Lin Fanyue shook hands with him.

Until Zeng Han left, she looked at Jiang Qingxin with a particularly admiring look, saying, "When did you visit the thatched cottage? I didn't even know if it was him. Song Rongshi's most trusted secretary was After six or seven years, you are not afraid of him doing things that are detrimental to our company?"

"Don't worry, I went to look for him after he voluntarily resigned."

Chapter 2103

Jiang Qingxin comforted, "And Huo Xu here means that only the person he said Zeng Han had let me dig it over."

The Huo Xu that I saw meant that Lin Fanyue would not be so opposed to it. After all, Huo Xu is capable of doing things in the mall and they need to learn.

"I also investigated Zeng Han's not to have him because of Song Rongshi's downfall. You just left. Song Rongshi has a bad reputation. His girlfriend and his family don't want him to work with Song Rongshi. I'm afraid that some derailment in marriage is a problem. I have talked with him. He himself does not approve of Song Rongshi's behavior, but Song Rongshi doesn't listen to persuasion at all."

Lin Fanyue nodded and said, "But Zeng Han is so capable and has the ability to find a job wherever it should be easier. How could

it come to us, Yue Xinyan, a small company not long after it started."

"Our current small company has but does not represent the future."

Jiang Qingxin was so angry that she was white. She said, "Yue Xinyan is in the background. Who knows that there are Huo's behind me, some Uncle Cang, there is the presidential palace behind you, there are people squeezing their heads outside, I want to come in, but Zeng Han When I pulled it over, I really took a moment to think about it because I gave him and her girlfriend a new house for marriage."

Lin Fanyue was stunned, "How expensive are houses in the capital."

"It's expensive, but Hesong Group's real estate business is the house that I don't need." Jiang Qingxin smiled. "Ou Lansheng

has handled almost everything from Zeng Han over the years, some even Zeng Han. The independent processing is that he has resources in his hands, and ideas are more valuable than a house. Song Rongshi is thinking about holding a wedding for Ning Lexia. I never thought I would poach Zeng Han away."

" "

Lin Fanyue didn't say anything. She is looking at Jiang Qingxin with her eyes as if she is looking at a great boss. "Qing Qing has, I found that you are too powerful now. Some don't learn a lot of tricks from Huo Xu."

"Anyway, there are some influences. Anyway, I promised you that you must step on Song Rongshi under your feet." Jiang Qingxin sneered. "When the time comes, let him roll

over and lower his head before you. One sentence of Lin Zong."

Lin Fanyue's eyes turned red, and she hugged Jiang Qingxin before returning to her office.

She knew that Jiang Qingxin was working hard to help her vent her anger, but she couldn't calm down in her heart.

She took out the phone and sent Song Qingrui a sad emoticon.

Song Qingrui? ? ?

Lin Fanyue, I'm in a bad mood.

Song Qingrui who provokes you, I will beat her.

Did you help me beat Lin Fanyue and Song Rong.

Song Qingrui had me go.

Lin Fanyue thinks that he might be joking, but he lowered his head to tease you. I just heard that he was going to have a wedding with Ning Lexia. You confessed that you don't. I've known it a long time ago. Actually, I did. No, I still like him. He is not worthy of him. There are people outside who are definitely laughing. I have children and have no weddings, but I just made a joke.

Song Qingrui, I only learned yesterday that Sister Junyue said that he would not let anyone from the Song family go to the wedding. It would be a joke when he and Ning Lexia would become the entire capital.

Lin Fanyue was stunned. No, you asked Jun Yue to do this.

Song Qingrui's sister Junyue means that there is a fanyue and you are in the mood. I understand that there is you, don't worry, there is a future, then a love for you is a

person who will definitely give you a wedding in a flourishing age, and there will be a time when you will. So, people admire it as a woman.

Lin Fanyue is so funny. Don't tease me. If I had a second marriage, I still have to pay it. Even if I have a child, it won't be so pure when I have feelings.

Song Qingrui, you are so beautiful and cute. Many men like it, but you don't understand the mentality of men.
