

"That's okay, after you finish eating, accompany me to the movie, OK?"

"Song Qingrui looked at her expectantly with a good-looking face, "I had a suspense movie last night, and I really wanted to watch it.

"

Lin Fanyue had also heard of the suspenseful film he was talking about. It is said that it has a very good reputation and a high box office.

However, on such a holiday, she and Zhou Xuming broke up after eating, and it seemed impolite, in case someone else arranged other activities.

"You don't want it? Just forget it if you don't want it.

Seeing her silent, Song Qingrui sighed in disappointment and loneliness, and turned to leave.

"No, I'm not unwilling. If you book a ticket, it will definitely be eight o'clock after I finish my meal.

"Lin Fanyue said unbearably.

"That's fine. I'll book a movie ticket at 8:30. You will tell me the address for dinner later, and I will drive over to pick you up.

"Song Qingrui's eyes curled when she turned her head and smiled.

"good.

"

Lin Fanyue nodded in response. After Song Qingrui left, she became annoyed afterwards. He just finished an appointment with Zhou Xuming, and got into another man's car on the other side, feeling like he was so carefree.

However, Song Qingrui is his nominal god brother, and the two are absolutely pure.

I came to the company so cranky.

Lin Fanyue received Christmas gifts from several colleagues. They were not expensive, but they were all taken care of by everyone.

At the end of get off work hours, many men came downstairs from the company to pick up girlfriends, even Huo Xu was no exception, but he also brought two other cute babies: Xiaoxi and Leng Leng.

"Godmother, Merry Christmas, we are going to eat western food with Mommy Daddy.

"Xiaoxi was very happy wearing a Christmas hat, "Would you like to go with us?"

"

"Your godmother has a date tonight.

Jiang Qingxin smiled and rubbed Xiaoxi's face, and asked Lin Fanyue, "Is anyone here to pick you up? If we don't have anything to say, let's take you there."

"

Lin Fanyue shook her head, and got into the car unceremoniously.

After she reported the address, Huo Xu drove over.

In the car, Xiaoxi expressed his opinion, "Godmother, are you dating a boyfriend? I

don't think he can. He doesn't come to pick you up on Christmas day. He is not a gentleman at all.

"

"I didn't let him pick it up.

Lin Fanyue explained with a smile, because the first time she met, she didn't want Zhou Xuming to know where she worked.

"If you don't let him pick it up, he won't come.

"Xiaoxi hummed, "Look at my mommy, every time I don't let my daddy come to pick him up, but my daddy still comes cheeky, dad said, women are all duplicity animals.

"

Lin Fanyue is funny, "Xiaoxi, you know so much, you don't fall in love early.

"

"What's so fun about puppy love? It's better to eat.

"Xiaoxi's cheeks are bulging, very cute, and everyone can't help but laugh.

Along the way, the atmosphere in the car has been very happy, and even the indifferent coldness has shown several smiles.

Lin Fanyue looked a little envious. Not long ago, she, Yueyue, and Song Rongshi had such a good family atmosphere, but unfortunately it didn't last long, it was very short-lived.

Every time at this time, she felt a little pain in her heart. It wasn't that when Song Rong couldn't let go, she just hated him for not being responsible for the child.

After arriving at the place, she waved goodbye to Jiang Qingxin's family, got out of the car and walked to the restaurant across the road.

A man of about 30 years old stood at the door, about 1.75 meters tall, wearing a business-style navy blue jacket, brown slacks with black leather shoes underneath, and wearing glasses. His facial features were full of intelligence. Refined temperament.

Lin Fanyue recognized him as Zhou Xuming at a glance. She had seen him in the photo before, but she had a much better temperament than the photo.

Zhou Xuming also saw Lin Fanyue, with a burgundy coat and dark curly hair draped over his shoulders. His bright facial features

were more three-dimensional and profound than ordinary people, and even his forehead blown by the wind was beautiful and natural.

When she got closer, she realized that the makeup on her face was also very light, her eyelashes were long and distinct, her eyes were crystal clear and beautiful, she did not look like a person who had been married and had a child.

Zhou Xuming couldn't help but be moved even if he had seen many good-looking young girls in college.

He didn't even understand that there was such a beautiful young wife in the family, and Song Rongshi had to go out to find the mistress. Is there a problem with his eyes? Of course, the mentality of those brothers who came from rich family is different from ordinary people.

"Hello, Zhou Xuming.

"

He politely stretched out his hand, "I'm glad to meet you for the first time.

"

"Me too, to formally introduce, my name is Lin Fanyue.

"

Lin Fanyue also shook his hand.

This is the first blind date in your life.

"Miss Lin, please, I have already ordered the meal.

Zhou Xuming said warmly, "I should have picked you up, but today there is a class that ends at 5:30, and the school is on the third ring road again. It's a long journey.

"

"It's okay, anyway, I work around here, so it's very convenient to come here.

"

After they were seated, the two chatted casually. When they met, Zhou Xuming was quite natural, not as indifferent as he was when chatting on WeChat, and he was a professor of physics, and his knowledge was also very knowledgeable. However, he occasionally got involved in the knowledge of physics, Lin Fanyue didn't know anything about it, because she was very poor in science.

So I talked about each other's past. Most people know about Lin Fanyue. It's Zhou Xuming, who also had a marriage abroad. It was love at first sight with his ex-wife. After getting along, they found it was not suitable

and divorced. At present, the child is him. Parents are taking care of him, he himself is relatively busy, and sometimes often participates in some secret experiments.

Halfway through the meal, Lin Fanyue got up and went to the bathroom.

Just then, Song Qingrui sent a WeChat message: [How about the blind date?]

Lin Fanyue lowered her head and typed in reply. She didn't pay attention to the front and accidentally hit a wheelchair.

"How do you walk.

"

The familiar man screamed, she was taken aback, looked up, and faced Song Rong's expressionless face.

The two hadn't seen each other for a while since Yueyue's full moon and wine, but Song Rongshi in front of him didn't look very good. He used to have a clean and beautiful face, but now he has scum, and it doesn't look as good as before. Young and handsome.

The wheelchair she hit was Ning Lexia's. At this time, Ning Lexia was sitting in the wheelchair and wearing a mask. Only her forehead and eyes could be seen, but she felt as thin as skinny, and even her eyes were thin. Tattooed.

Both of them had changes, making Lin Fanyue dazed for a while.

Song Rongshi was also stunned. His eyes flashed with surprise. Today's Lin Fanyue is definitely well-dressed, and he can even see that her face is wearing the scheming

makeup she once said. Her clothes also match her skin tone, and even her skin is clear and clear.

The two divorced, she didn't feel a little haggard, it seemed that the better she got over.

When Ning Lexia saw Song Rong, she looked at Lin Fanyue in a maddening manner. She knew that she was ugly now. When Lin Fanyue was compared with her, it was even more inferior. She clenched a fist and said aggrieved: "Fan Yue, did you deliberately bump into me? I'm like this, why can't you let me go.

"

Lin Fanyue's face was full of consternation. She felt that she hadn't watched the auspicious days when she went out, "Is there something wrong with you, I didn't even see you just now."

"

Ning Lexia's body trembled and tears surged, "I have something wrong, thanks to you, I have something wrong all over my body now."

"

"Too lazy to bother you."

"

Seeing the people passing by, Lin Fanyue walked around and wanted to leave.

"stop."

"Song Rongshi grabbed her, but with a little force, he pulled the person to his side.

The familiar scent that belonged to Lin Fanyue came oncoming, Song Rongshi stared at her easily for a few seconds, and even forgot what to say.

Until Lin Fanyue pushed him away and stared at him with disgust, he got a sting in his heart and irritably said, "You apologize to Le Xia.

"

"Sorry, it's okay, can I go now."

"

Lin Fanyue didn't want to pester them at all, and an apology was nothing. After all, she was indeed looking at the phone and didn't look at the way, and she had to apologize when she hit someone else.

"You are not sincere at all.

"Song Rongshi found her annoyed when she saw her eagerness to leave her.

Lin Fanyue became angry, "Then what do you want me to do, do you need me to kneel down and apologize to her.

"

Song Rongshi sneered, "If it weren't for you, Le Xia would sit in a wheelchair, and even now to go to the toilet, he would have to sit in the toilet for the disabled. I tell you, it's useless if you kneel down, and it's not worth any money.

"

"Mr. Song, I warn you, don't talk nonsense about some things, I can sue you for defamation.

"Lin Fanyue warned coldly.

"you.

"

"Fan Yue, what happened.

"

At this time, Zhou Xuming walked over from the dining room, and he glanced at Song Rongshi and Ning Lexia, slightly puzzled.

After Song Rongshi saw Zhou Xuming, a strange man, his anger suddenly rushed to his forehead, "Lin Fanyue, you won't be dating this old man today.

"

"What old man, he is as old as you.

"Lin Fanyue was speechless.

"You're such a freak.

Song Rong sneered openly, "changing men is the same as changing clothes. What? Now this kind of stuff is worthy of you. Are you worthy of Yueyue? You don't stay at home to accompany her at night, but you are at home with ugliness. man.

"

"Familiarity, the youngest person is a professor of physics. Any brain cell can crush a mindless person like you," Lin Fanyue scolded him angrily, "Also, about the Yueyue matter. , What qualifications do you have to control me? As a father, have you ever had a sense of responsibility for your daughter? You are ashamed to say me, get out of the way, and I will be disgusting when I see you.

"

"Do you think I want to see you, poisonous woman.

"

Song Rongshi sneered at Zhou Xuming, "I remind you, it's better to stay away from this woman, she is very vicious, did you see the woman in a wheelchair next to me, but she personally cut off the tendons and tendons. Also disfigured.

"

Zhou Xuming frowned.

The people nearby also pointed to Lin Fanyue and started talking, as if she was vicious in her eyes.

"Song Rongshi, let me say it for the last time. If you think I hurt her, you can call the police and don't throw any dirty water on me.

"

Lin Fanyue really didn't want to stay for a moment, so she turned around and left.

Zhou Xuming hurried to catch up.

Looking at the back of the two people leaving, Song Rongshi looked angry, and he couldn't wait to rush up to tear the man to pieces.

Ning Lexia called him twice before he came back to his senses. When he lowered his head, he saw Ning Lexia shed tears.

"Rongshi, can't you still let her go?"

"Ning Lexia wanted to pretend to be generous, but the jealous look in Song

Rongshi's eyes just now made her unbearable. "I know I am ugly and ugly now. I can't compare her at all.

"

"Le Xia, don't say such things, since she hurt you, I have completely lost my heart to her.

"Song Rongshi quickly grabbed her hand and lowered his head.

"Don't lie to me anymore, you despise me, so even if we are married, you still refuse to touch me.

"Ning Lexia cried.

"It's not like that. I think you are in poor health and I am afraid of hurting you.

"

Song Rong had a bitterness and couldn't tell. He has never had a relationship with

Ning Lexia until now. Half of his body is the cause, but the other half is that he really can't touch her. He actually doesn't like her anymore. Marrying her is completely. For responsibility.

In the past, Ning Lexia was like a goddess in his heart, and it was a dream he longed for when he was young, but now, Ning Lexia is too thin, and there are many injuries on his body and face. Those injuries make him feel guilty and hate Lin Fanyue. But it didn't make him feel any urge.

Sometimes even when he was uncomfortable in the morning, all he thought about was Lin Fanyue's coquettish appearance on the bed. Her skin was white and she had all the places where she should be, and even the voice was so nice.

And now none of this belongs to him.

Thinking of the man just now, Song Rong hated his teeth.

At the same time, I hate Lin Fanyue. Why did she treat Le Xia like that? If she was not so cruel, he would have reason to never divorce her. So every time he faced Lin Fanyue, he would say again and again. Say something so ugly.

In fact, it was only necessary to send Ning Lexia abroad.

It's a pity.

He didn't regret leaving Ning Lexia back then. If he was not reluctant at the time, he would just send her out of the country without letting anyone find out.

But there is no regret medicine in this world.

Song Rongshi is very helpless in his future life, but he can only continue to live by guarding Ning Lexia.

She said to have a wedding, well, he will give it.

He gave her everything, anyway, the rest of his life didn't seem to make much sense except for atonement.

Ning Lexia glanced at his desperate appearance, sneered in her heart, no matter where he didn't want to hurt himself, he disliked himself.

But, what can she do with her appearance now?

Lin Fanyue and Zhou Xuming returned to the dining room, and the atmosphere was not as harmonious as before.

Especially Lin Fanyue, thinking that Song Rongshi and Ning Lexia, the two most annoying people, were in this restaurant, and didn't want to stay any longer, "I'm done eating.

"

"good.

"Zhou Xuming got up, "It's still early, let's wait a moment."

"

"I'm a little tired and want to go back.

Lin Fanyue interrupted him.

Zhou Xuming was stunned for two seconds, then nodded, "I will see you off.

"

"No, I'll take a taxi myself, and it's not very convenient for you to go to the Presidential Palace.

"Lin Fanyue refused.

After Zhou Xuming checked out, he went out with her and drove her into a taxi.

Lin Fanyue looked at herself on the window, feeling that tonight was terrible, but still told the master to stop him in front.

Immediately after getting off the car, she received a call from Song Qingrui, "Why did you finish your meal?

"
