Chapter 2460

"The patient's family, take the patient to the 7th floor for photos."

Suddenly, a nurse came in with a list and stuffed it into Lin Fansen's hand, "Go over in a wheelchair."

"Okay."

Lin Fansen hesitated for a few seconds, then gently Pick up Qiu Yuxin and put it on the wheelchair.

Qiu Yuxin leaned against his chest at close range, blushing, and when he looked up, he saw that Lin Fansen still had that cold face, and he didn't even look at him.

She was heartbroken, and then cheered herself up again.

Take it slow, it's still a lifetime anyway.

Lin Fansen is tall and has a lot of strength, and taking pictures is just a trivial matter.

...

Half an hour later, I came back with Qiu Yuxin.

Mother Lin and Mother Qiu were almost talking.

After that, Lin Fansen had something to do and left with his mother. He sent her back first. On the way, she complained, "You should spend more time with Yuxin there."

"The company has something to do."

"The company, you just I only know about the company." Mother Lin said that iron is not steel, "Yuxin is so gentle and cute, are you a piece of ice?"

"I was born by you, you should know if I am ice." Lin Fansen retorted lightly.

Mother Lin rolled his eyes at him, "The Qiu family is also very talkative. The dowry is according to our own wishes. As for the new house, the Qiu family said that our villa has just been renovated, so it's fine for our daughter to marry and live with us, you guys. It's fine to live alone, anyway, they have no opinion, there is only one request, be nice to Yuxin, make the wedding bigger, and don't feel wronged by other girls."

Lin Fansen nodded.

He has seen many friends get married, and a lot of problems have arisen with various house and dowry matters.

This point, the Qiu family is indeed very reasonable.

"That's the advantage of being in the right place." Mother Lin said with a smile, "If you want to find someone who is too bad, people will open their mouths. We are not reluctant to give up the money, or we are too greedy, and we will be reluctant to find someone who is too good. Yes, even if we give tens of millions of betrothal gifts, people may not like it. You know the situation of our family. We just bought a house and Lin's just expanded an industrial park of that size, all of which require funds. When it comes to turnover, there are too many, and I can't take it out at the moment."

Lin Fansen's eyes were slightly dazed for a few seconds, and he nodded after a while.

These, he thought about it.

That's why I agreed to this marriage.

Anyway, the parents will not always agree with him to drag on like this.

After sending Mother Lin home, he was just about to go to the company when he suddenly received a call from his secretary, "Mr. Lin, it's not good, there is a sudden call from the Xuelan company of M country, saying that they want to terminate the contract with us."

"It wasn't before . After negotiating a five-year contract, why do you suddenly want to terminate the contract?" Lin Fansen's voice became cold.

"I don't know. They said that our products are not up to standard, and they won't pass it. Anyway, the contract will be terminated."

"I'll come to the company right away, please inform that side, I'll make a video with their president later."

Lin Fansen quickly arrived at the company.

As a result, as soon as we got there, the secretary hurried over and said, "Mr. Lin, it's not good, just now the Yihang Group also called. They said that they received the news that the M country wants to terminate the contract with us, and it will stop for the time being. Cooperating with us, Yihang is our major domestic customer, with an annual order of 2 billion."

"Why did Yihang receive the news so quickly, and the company spread it?" Lin Fansen asked coldly. "Impossible"

. At present, only a few high-level executives know it. The people below do not know it. The high-level people will not damage their own interests."

"I will contact the M country first."

President video call.

A middle-aged man in his forties quickly appeared on the screen, "Mr. Lin, I know you want to ask about the termination of the contract, but we can't do anything about it. The relevant department came to check just now and said that your products are not up to standard, and we didn't. There is a way to install it on the car."

"It's impossible." Lin Fansen said calmly, "Our products are all in accordance with the export standards of country M, and have undergone strict testing. In terms of bearing strong impact, we are the world's leader. "

Of course you won't admit it, but it's not your decision," Smith said, "Anyway, it was clearly written in the contract at the time. If we don't meet the standard, we can terminate the contract without any termination fee. "

Lin Fansen has always been indifferent, and his face turned black. "You were rushing for goods before, and your order has already been completed by 80%. If you cancel the contract at this time, our company will suffer heavy losses."

"This is you . The problem is." Smith said and hung up the video.

Lin Fansen's temple jumped.

The secretary came in and said, "Mr. Lin, Director Lin held an emergency meeting temporarily."

"I'll go over now."

Lin Fansen stood up.

in the conference room.

The general manager of the company said angrily: "I have contacted the relevant testing department in country M, and there is no problem with our product indicators at all. The Xuelan Group clearly did it on purpose, and the Yihang Group, the speed of receiving the news was as fast as We are about the same, have they found another big buyer and joined forces to pit us."

"But the Xuelan Group has a strong financial position in the M country. They say they are unqualified, and they say hello to the relevant local departments, but they do not accept the account. It will take us a year or two to entangle with them and fight a lawsuit. Our company's capital turnover is basically impossible. I can't wait, and the Yihang Group is also making trouble. It doesn't take half a year for the company to survive."

"Why did this happen all of a sudden, Mr. Lin, didn't you all talk well before?" The

executives looked at each other. Xiang Lin, he discussed this matter personally when he flew to Country M.

"I don't know yet." Lin Fansen tightened his face expressionlessly, "We are divided into two groups. I will buy a plane ticket and fly to Shencheng in the afternoon to talk to the boss of Yihang Group. General Manager Xu, if you go to M country, I booked a flight ticket in the evening, and we will meet in country M."

"General Manager Xu doesn't have to go for the time being, you go to Yihang first."

Lin Zhen rubbed his eyebrows, "I received a message just now and didn't tell you that we will cooperate. Our shipping company has encountered some problems and has to suspend the route. As you know, most of the company's products are mainly shipping. Even if we find another partner at this time, we have so many goods, we have to schedule, and we can't schedule it. , then we have to pay more. In short, if it is a product shipped by sea, we won't make any money at all."

"Director Lin, did we offend someone?" At this

moment, everyone in the conference room felt that something was wrong.

"If it's a problem with the state of M, then it's just a coincidence that our major customers and transportation objects in China are in trouble."

"That's right, Director Lin, why don't you go... find Song Qingrui, he's not you. Half a son-in-law, maybe he can help with his ability."

Lin Zhen looked embarrassed.

Song Qingrui had already helped the Lin family many times, so he didn't have the nerve to ask again, not to mention that when Lin Fanyue and Song Qingrui were dating, he didn't want to hold back his daughter.

After the meeting, Lin Fansen went to Lin Shake the conference room.

Lin Zhen pressed his temples, "When you go to Shencheng this time, you have to figure out who is behind our back no matter what, this year we have used all the funds to expand the Lin family. When something happened, our family could only go back to Tongcheng with a lot of debt. It doesn't matter if we lose, we can earn more money, but... we can't embarrass Fanyue."

"Okay."

Lin Fansen clenched his fists secretly.

At first, the Song family looked down on them, but he resolutely chose to come to the capital, one for his career, and the other because he wanted the Lin family to have confidence and not let the Song family look down on them.

Now that Lin Fanyue is dating Song Qingrui, the Lin family can only work harder.

Otherwise, no matter how capable Lin Fanyue is, the people in the president's family don't mind, but after a long time, Song Qingrui won't say anything, and those relatives of the Song family will gossip.

...

In the afternoon, Lin Fansen took a plane to Yihang Group.

He waited outside for three full hours before seeing President Cao come back.

"Fan Sen, you don't need to say more. We have cooperated for many years. If it weren't for helplessness this time, we would not suspend cooperation with you." President Cao gave him a deep look, "Tell you the truth. I can't afford to offend the person you offended."

Lin Fansen frowned fiercely, "Uncle Cao, is it... the Song family?"

His brain was running fast.

The company also has competitors, but it is not enough to affect the Shenandoah Group in country M and the long-term cooperation with Yihang Group.

Could it be that the Song family still doesn't like Lin Fanyue's relationship with Song Qingrui, so they are secretly ruthless?

Mr. Cao took a sip of tea and said complicatedly, "For the sake of knowing each other for so long, let's get to the bottom of it, it's not from the Presidential Palace, the Song Group knows that, such a mountain, crushing me is the same as crushing me. It's like an ant."

"..."

Lin Fansen's brain buzzed.

He never thought it was the Song Group.

Who is in charge of the Song Group now, Song Junyue.

Why did she target Lin?

Could it be because of Song Rongshi.

Or for yourself.

How could that woman be so cruel.

"Thank you, Uncle Cao," Lin Fansen left with cold legs.

After going out, he called Song Junyue. After the call was connected, a woman's indifferent voice came from inside, "Is something wrong?"

"Song Junyue, I have never seen a woman as dark-hearted as you."

Lin Fansen is very calm and indifferent Man, but every time I faced this woman, a flame seemed to burst out of my chest, and at this moment, I was even more angry, "What do you want to do to Lin, do you want to take revenge for Song Rong, or do you want to take advantage of it? This matter has to be resolved no matter what.

...

Originally planned to fly to the capital of M, Lin Fansen informed the company to suspend the plan, and he rushed back to the capital first.

It was already eight o'clock in the evening when we arrived in Beijing.

He hurried to Xian Ting Cao She.

The yard is a small bridge and flowing water, pavilions and pavilions, and the environment is quiet.

"Mr. Lin, this is the box reserved by President Song." The

waiter took him into a private room by the pool.

Inside there are tea rooms, sofas and dining tables.

He sat for a while when there was a sound at the door, thinking it was Song Junyue coming, but when he looked back, it was the waiter who brought some fruits and meals.

"This is arranged by President Song." The

waiter carefully placed the food on the table.

Lin Fansen's dark pupils fell on the dish, and there was a flash of complexity inside.

These are some of the dishes that the two of them used to eat abroad, including yam in tomato sauce, fried beef with black pepper, and pork bone soup with corn and carrots.

What does this woman want to do?

However, he didn't eat much all day today, and he had no appetite at all on the plane before. At this time, seeing these brightly colored meals, he really couldn't help but feel hungry.

Although I really don't want to touch the food prepared by this woman, there is no need to starve my stomach.

Lin Fansen picked up the white rice and ate a bowl.

After the bowl was put down, the heavy wooden door was pushed open.

Song Junyue walked in from the outside, wearing a new black A-line skirt suit of the season, with a pair of high-heeled shoes, long hair reaching her shoulders, elegant makeup, beautiful eyebrows and perseverance.

Four eyes facing each other.

Lin Fansen's three-dimensional handsome face seemed to be stained with frost, with a pair of black pupils, suppressing the surging anger, "Did you move your hands or feet in the Xuelan Group of Country M?"

On the way here, he thought a lot.

She is the only one who can extend her hand abroad.

First, let the Shenandoah Group and Lin's contract terminate, and then cut off the cooperation of Yihang Group. These two large companies are important partners of Lin's future development. In

And all of this was done by the woman in front of her.

"Why did you do this?"

Lin Fansen's eyes were sharp, and in his forbearance tone, the anger that seemed to be able to tear her apart in the next moment, "Song Junyue, I know you are very powerful now, but you can't bully either. There are too many people, Song Rongshi is to blame today, he smears and hurt Fanyue, and he doesn't know how to fight against the Presidential Palace..."

"It's not for Rongshi, I'm not that unreasonable. "

Song Junyue interrupted him, her beautiful eyelashes lifted slightly, "I heard that you are getting married?"

Lin Fansen was stunned.

An absurd reason flashed in his mind, "You do this because I'm getting married?"

"You can't marry Qiu Yuxin." Song Junyue pursed her delicate lips and said word by word, "Marry me, I'll let Mrs Lin go." As soon as he finished speaking

, Lin Fansen grabbed her arm violently and pulled her up from the chair.

Her head slammed into his cold and hard chest, and it hurt a lot.

But before he could react, Lin Fansen's indifferent words fell mercilessly, "Song Junyue, you are also the president of the Song Group, I have never seen someone like you rushing to marry you, you are so short of men. , so shameless."

He was really angry.

Once, when the relationship between the two was the best, when she decided to go back to China to talk about marriage, she said that if she didn't want it, she didn't want it.

Now, he wants to start life again, but she uses despicable means to pull herself back.

Lin Fansen has been proud all his life, but all the embarrassment was given by her.

He is a human being, not a dog.

If you want it, go if you don't want it.

Song Junyue took a deep breath with difficulty, her beautiful face turning pale.

This is why she has not made a decision after listening to Song Qingrui's suggestion.

Because she understands that once she uses the means, Lin Fansen will definitely humiliate herself with ugly words.

She doesn't care if others scold her, only him, if he scolds himself, she will hurt.

But compared to the pain that belonged to someone else, this pain in front of him was nothing.

"Enough."

Lin Fansen listened more and more, The strength in the hand is heavier.

Song Junyue closed her eyes in pain.

Lin Fansen sneered grimly, "Song Junyue, if I could do it all over again, I would rather have never met you in country M, you are too cruel, I, Lin Fansen, can't provoke you at all."

"Fansen , I like you, I just want you to come back to me."

Song Junyue was a little hard to breathe, but she could only tell the truth.

"You only like yourself." Lin Fansen mocked, "If your husband didn't die, would you get back with me? You forgot how you told me before, I'm from a small place and I'm not worthy of you."

"I was forced to, I just wanted you to leave me, and I was afraid..."

Song Junyue was stunned, her face pale.

"I advise you, the matter between us has passed, don't come and force me with Lin." Lin Fansen said, "The matter between us is not so easy to pass, don't talk about us, you used to treat Fan Yue. She doesn't care about what she did, but I, my brother, didn't forget it."

Song Junyue's long eyelashes trembled.

After speaking, she waved his arm and walked straight to the door.

"Song Junyue..."

Lin Fan was so angry that he grabbed her shoulder again from behind.

When she held it, she realized that her shoulders and elbows were thin and soft.

"Let me remind you." Song Junyue turned her head, "If the Lin family collapsed, do you think the Qiu family would still agree to let their daughter stay with you? The words Song Junyue said when he left hit his lung tube.

After all, the two had dated, and she was too smart and knew herself too well.

He couldn't beg Song Qingrui.

Just like when Lin Fanyue and Song Rong got married before, he also rejected Song Ji and his wife's help to the Lin family again and again.

I don't want my sister to be unable to raise her head in the Song family.

So, he has been trying to rely on himself.

The reason why he accepted Song Qingrui's help last time and approved the land in the capital was to let the Lin family rise as soon as possible. In the final analysis, he wanted to make the Lin family stronger as Lin Fanyue's confidence.

Lin Fansen stayed in country M for two more days.

When he returned to China again, although the matter of the Lin Group was concealed, the factory temporarily stopped production, and there were thousands of employees. Gradually, some rumors began to spread.

The Qiu family also quickly learned the news, and Father Qiu called Lin Zhen, "Dong Lin, I went out to participate in the entertainment this time. I heard that there was something wrong with the Lin family and the Xue Lan Group, and production was temporarily suspended. ?"

Because they were about to become in-laws, Lin Zhen didn't practice Tai Chi very much, but just sighed, "Director Qiu, you also have a branch in Country M, is there anyone who can talk to Xue Lan Group? ."

Just a few words, but enough to reveal that the rumors are somewhat true.

Father Qiu thought for a while, "That's not true, but don't you have a prospective son-in-law? You can ask him for help. The Presidential Palace loves your daughter so much.

It 's just a matter of a word." It's not too good to interfere."

"What's going on? The Lin family is really dying?" Mother Qiu asked eagerly, "Isn't it possible, Song Qingrui likes Lin Fanyue so much, doesn't he help the Lin Group?"

"I'm afraid that although Song Qingrui likes Lin Fanyue temporarily, he has no plans to marry." Father Qiu gave his wife a meaningful look, "Sometimes the things above may not be as simple as they seem, Xue Lan. The group is one of the top ten largest companies in the world, Song Qingrui may be willing to help, but it is not an easy thing to do, it depends on whether it is worth it."

Qiu's mother said anxiously: "Then what should I do, if the Lin family collapses, where is Lin Fansen? It's worthy of our daughter."

Father Qiu was also very annoying, it was a good thing, but the result...

"Fortunately, the fact that our two families are going to be engaged has not been reported yet. If the Lin family asks you to talk about marriage, delay it first. After this hurdle, the two families can get married. If the Lin family fails... At that time, it would be too sloppy to make excuses to say that the marriage was too hasty. Besides, there was no engagement. Everything was verbal. By the way, if the Lin family asked us to borrow money, it would be said that the funds could not be revoked."

"Dad, how can you do this? ."

Qiu Yuxin's unbelievable voice suddenly came from behind.

She was leaning on crutches, her eyes were full of anger, "You clearly agreed..."

"We agreed before because of Lin Fansen's ability and Song Qingrui, but now the Lin family is in big trouble, if the Lin family collapses, You can't possibly marry into that kind of family."

Father Qiu stood up solemnly, "You are the daughter I cultivated through hard work, I can't let you marry."

He felt that it would be more polite to come in person to cancel the engagement.

After all, he promised the other party before.

"Ah, Yuxin's legs and feet are inconvenient, and I plan to stay there for a few days. God, accompany her grandma more." Mother Qiu said helplessly.

Lin Fansen understood, the Qiu family probably heard about the Lin family, and they couldn't avoid it now.

In fact, when he attended the banquet before, he knew that the Qiu family's parents are very powerful, but these days, the rich and the status are not powerful, but it is a fact that Qiu Yuxin saved him, as long as Qiu Yuxin himself has no problem with him Marrying doesn't matter.

Although the Lin family is in crisis now, what if the time passes.

But if he didn't get over it, something happened to the Lin family, and it would be troublesome for Lin Fansen to take the opportunity to entangle him.

As for the facade of Huaxing Road, Mother Qiu was quite surprised.

In the past few years on Huaxing Road, the number of facades in the past has risen to tens of millions.

The two add up to seven or eight million, and in two years, the value may increase.

His daughter's leg injury can be completely cured by hundreds of thousands, and Lin Fansen can give up tens of millions, which is also generous.

If it is replaced by the Qiu family, it may not be able to be willing to take out a few facades to compensate.

After thinking for half a minute, Mother Qiu replied, "You are a kind and righteous person, I really want you to be my son-in-law, but I am just such a daughter, and I worked hard to raise her, and I don't want her Go and endure hardships, I will answer this matter on her behalf."

She didn't say a word about rejection.

Lin Fansen said politely, "Then I will ask the secretary to go through the transfer procedures tomorrow."

After finishing the matter, Lin Fansen called the secretary over.

Originally, Qiu Yuxin was in charge of these matters, but Qiu Yuxin was injured and asked for leave, and the matter was handed over to Secretary Wu.

Chapter 2468

Secretary Wu was stunned when he heard this, “Mr. Lin, Assistant Qiu saved you, but according to the company’s past work-related injuries, the maximum compensation is 1 million, and the facade on Huaxing Road has appreciated. There is a lot of room. The assets of tens of millions are likely to be worth hundreds of millions in the future. There are still many uncertainties in the future of the Lin

family. Compensation according to the previous standard, or a little more than a few times, the Qiu family may not be satisfied, even if they agree now, after the Lin family overcomes this hurdle, the Qiu family will use this excuse to continue discussing the marriage.”

Lin Fansen patiently followed . He explained, “The compensation is really high, but after the Qiu family took the scars on Qiu Yuxin’s feet as a matter, I don’t owe her any more.”

Secretary Wu still complained bitterly, “This kind of fracture will pay tens of millions in compensation. The facade, if I knew that I would go with you that day, I would save you, I will never pay more, a few hundred thousand is enough.”

Lin Fansen was always indifferent, unable to raise the corner of his mouth.

Isn’t he heartache, more heartache than anyone else.

But when Qiu Yuxin was hospitalized before, the attitude of the Qiu family was that he would not give up unless he married Qiu Yuxin.

Now, if he doesn't put down some money, the Qiu family will not necessarily agree to cancel the engagement. Maybe the Qiu family will wait. When the Lin family group is clear, if the Lin family collapses, the Qiu family will not admit the engagement. The matter, if the Lin family takes it over, the Qiu family will never let it go.

If I had known earlier, he would rather be crushed by glass at that time and be fine, at least not have to marry Qiu Yuxin, nor be forced into this by Song Junyue.

Lin Fansen secretly swore that he would never let a woman save him in the future.

The loss is too great.

After all, in those two facades, he planned to give Lin Fanyue a dowry.

After solving this matter, Lin Fansen contacted Song Junyue again, but after the call was connected, he did not speak.

The handsome face was embarrassed. That day, he scolded Song Junyue angrily, but when he turned around, he could only bow his head, which was too shameful.

"Agreed?"

Fortunately, Song Junyue also guessed it, "Then you will bring the Hukou Bureau to get the certificate with me tomorrow morning."

Lin Fansen was stunned, then frowned, "Are you sure, do your parents know about this?"

"Then do your parents know?" Song Junyue asked back.

Lin Fansen was silent.

If he told his parents, they would definitely not agree.

The character of my parents, children are the first, and any company is the second.

"If our parents knew about it, they would not agree in a short time." Song Junyue knew very well that she didn't want to spend so much time solving the problems of the two parents at first. It's useless, it's better to tie this person to her side first, and then Lin Fansen accepts herself, she is willing to get along well with Lin's father and Lin's mother.

Lin Fansen gritted his teeth, "Since you know your parents don't agree, why are you forcing me? There are no men in the world."

"...None of those people are you." It was quiet for a while, Song Junyue was warm. The voice suddenly passed over.

"..."

Through the microphone, Lin Fansen's cold heart seemed to beat.

He squeezed the phone tightly.

damn it.

He couldn't be easily bewitched by this woman like before.

He laughed lightly, "Who wouldn't say nice things."

Song Junyue didn't bother him any more, "I'll wait for you at nine o'clock tomorrow morning."

After that, the phone hung up.

The entire tall body seemed to be enveloped by low air pressure.

Chapter 2469

At night, he returned to the Lin family villa with a low air pressure.

Lin Fanyue was sitting cross-legged on the sofa, eating potato chips and looking at her mobile phone. She had also heard about the situation of the Lin family in the past few days, and when she saw her brother came back, she immediately sat up, "Brother, you have been in the United States these days with snow. What's going on with the Lan Group? Is it troublesome? Is our family offended? I think Dad's worried hair has fallen out these days."

Lin Fansen looked at his sister helplessly. Simple look, "I'm a little confused, I'll solve it as soon as possible."

"Oh, well, I thought if it's very difficult, I'll find a way to ask for help," Lin Fanyue muttered, "her that My mother is quite capable abroad, even the boss of the Xuelan Group must give some face."

Lin Fansen's eyebrows moved slightly, some words came to his lips, but somehow he suppressed it, "She has no relationship with Jiang Song at all. Great, her mother helped a lot with Yue Xinyan before. The more she asked, the more uncomfortable she felt, and...she helped you a lot.

"Alas, I also know that I didn't think that if there was nothing I could do, I wouldn't be able to look at Lin..." Lin Fanyue pouted sadly.

"You didn't ask Song Qingrui." Lin Fansen suddenly asked in a deep voice.

"No, Dad won't let me ask, I understand what you mean, but Qing Rui took the initiative to mention this matter, he said he would help us to check, but it seems a little tricky..."

"You Let him study quietly, I have found a solution."

Lin Fansen said complicatedly.

"Really, brother, you are really amazing." Lin Fanyue's eyes lit up and looked at him with admiration.

Lin Fansen: "..."

He really didn't want to say that his solution was to sell himself to solve this matter.

It's... so humiliating.

The temperature on his handsome face dropped a few degrees again, so he didn't look at her again, and raised his legs upstairs with a blank expression.

Lin Fanyue's face was inexplicable. She was so sweet and complimented. If it was Song Qingrui who was already sweet, it would be impossible, but her own brother... There is a reason why she is single.

Up to now, she still doesn't understand how her brother can attract women other than his face. Could it be that Sister Junyue has a problem with her eyesight.

...

the next day.

Lin Fansen secretly took out the household registration book from his parents.

When going downstairs for breakfast, Lin Zhen asked, "Is it true that Fanyue said you have a solution?"

"Well, the Xuelan Group has found a breakthrough." Lin Fansen replied vaguely, "By the way, I contacted the Qiu family and cancelled the engagement."

"What?" Mother Lin asked angrily after being stunned for a while, "Did the Qiu family hear about the Lin family and cancel the engagement on their own initiative? "

I brought it up myself, and the Qiu family agreed."

Lin Fansen didn't mention the two fronts, lest his parents feel unhappy. Anyway, the fronts were also his private investment.

Lin Zhen listened and said nothing, but Mother Lin became annoyed, "Why did you take the initiative to cancel the engagement? You just don't want to get married, or do you still want to be a bachelor for the rest of your life."

"Mom, if the Lin family can't make it, the Qiu family will too. They won't marry us." Lin Fansen interrupted lightly, "I mentioned it yesterday, and Mother Qiu happily agreed."

"I know the Qiu family is snobbish, but you just said that our Lin family will survive. ..."

"Okay, let's not knot it." Lin Zhen suddenly interrupted, "This time Lin's accident, I have contacted Father Qiu several times, and I can understand that the other party can't help, but I can't help you. I didn't answer the phone on purpose, obviously because I was afraid that I would borrow money, no

matter how good Qiu Yuxin is, with such parents as in-laws, he will not worry about it in the future, and maybe he will hold back his daughter.”

Lin Fanyue also nodded . , “If it’s not profitable, the Qiu family will not agree to Qiu Yuxin’s marriage with my brother at all. It’s fine if my brother likes them very much, but I don’t think my brother likes it either. It’s not necessary for the sake of kindness.

” Your son has agreed to get married, are you still afraid that there will be no women in the capital?” Lin Zhen reminded his wife, “You have been anxious for a few years, so don’t be in a hurry for a while.”

Mother Lin sighed, knowing that what they said made sense, but At first, I thought I could finally see my son getting married. Isn’t this still quite disappointing.

Lin Fansen kept his head down to eat breakfast.

After eating, I drove my car to the Civil Affairs Bureau.

At that time, Song Junyue also drove over in a black Bentley. When he got out of the car, he revealed a pair of long legs wrapped in light-colored jeans, a white printed shirt, and a rich blue silk shawl. The sharpness and strength in the shopping mall, but the nobility of the body cannot be concealed.

Lin Fansen’s eyes were slightly deep, and he walked over with an indifferent face.

”Let’s go.” Song Junyue turned and walked in. After walking a few steps, he found that Lin Fansen hadn’t followed. He was standing a few steps away, and he was 1.9 meters tall in a suit and leather shoes.

”When will I let the Lin family go?” Lin Fansen looked at her coldly.

”I’ll make a call immediately after the proof is pulled.” Song Junyue looked back at him with bright eyes.

"Song Junyue, don't regret it." Lin Fansen was slightly irritated by her stare, "Even if you force me to marry you, I won't like you."

"...It doesn't matter, I only need you. ." Song Junyue smiled slightly.

" . . . "

As if punching cotton.

Lin Fansen is very powerless, this feeling is only available when facing Song Junyue.

"Let's go."

Song Junyue took the initiative to take his hand.

The two are just like an ordinary couple, but today is not a special day, and there is no one in the hall, Song Junyue seems to say hello, and the clerk sees the names of the two's ID cards, and there are not many surprises. It was just that he secretly glanced at Song Junyue and Lin Fansen more when the seal was being stamped.

Soon, the marriage certificate will be done.

When Lin Fansen saw the marriage certificate in his hand, he was in a trance.

During the period of time he came back from studying abroad, he fantasized about the two people getting the certificate too many times, until after hearing that she was married, he knew that the two would be impossible.

But I didn't expect that many years later, going around....

He didn't want to think about it any longer, and quickly stuffed the evidence back into his trouser pocket.

When she turned around, she found that Song Junyue was looking down at the wedding photo of the two seriously.

There was confusion in his heart, "Look, it's not the first time you have obtained a marriage certificate."

Song Junyue's arm stiffened, she slowly put away the marriage certificate, and asked, "Fansen, whether you like it or not, You have to accept the fact that I am married to you, I hope you can keep a distance from the opposite sex in the future, I have a small mind, and I don't want to see my husband getting entangled with women outside."

Lin Fansen actually doesn't like to touch women in private at all . , He wouldn't do some things without her reminding him, but when he heard her words, he retorted inexplicably upset, "Song Junyue, you are a betrayal of your feelings, what qualifications do you have to take care of me."
