Chapter 2471

"I am your legal wife now."

Song Junyue shook her marriage certificate and raised her delicate brows, "And, starting from today, we will live together, think for yourself, you are the one who moved there. I'll live there, or I'll move to yours."

Lin Fansen was startled.

He really hadn't thought of living in a piece of it.

After all, he has always lived with his parents, but he had invested in an apartment in the capital before. It was not very big, only about a hundred square meters. Before the Lin family bought a villa in the capital, he always lived there. .

But the problem is that both of his parents are in the capital, and he suddenly moved out by himself. . . .

Besides, his apartment was probably very small compared to where Song Junyue lived.

After a while, he asked lightly, "I live with my parents, do you want to be with me?"

"Yes, as long as you don't mind." Song Junyue suddenly smiled slightly and looked at him with a hint of provocation.

She usually seldom smiles in the shopping mall, but suddenly her delicate lips are bent, and the whole small and beautiful face is like melting ice and snow.

Lin Fansen's heart felt like it was being pulled hard.

He subconsciously avoided his eyes, and when he realized his gaffe, he gave her another stern look.

Song Junyue: "..."

Can this also provoke people?

Is she so annoying to him?

She felt a little heavy in her heart, but after this step, she has no turning back.

"I don't mind." After Lin Fansen calmed down, he said coldly, "But I have an apartment outside myself. It's not very big. It's only a hundred square meters. It's probably too small for you."

"I don't think so. I like to live in a house that is too big, it seems empty." Song Junyue asked, "The password tells me that I will move there at night."

Lin Fansen's mood flashed and complicated, "I'll send you a message later, but you, call the Xuelan Group first, the Lin family can't hold it any longer."

"Okay." Song Junyue nodded.

"I still have something to do, I'll go first." Seeing her consent, Lin Fansen pursed his thin lips, stretched his long legs and left.

If he stayed any longer, he didn't even know how to get along with her.

Seeing his figure without looking back, Song Junyue helplessly raised a self-deprecating smile.

After waiting to get in the car, Song Qingrui called her, and the man's voice was filled with light joy, "How is it, has the forced marriage succeeded?"

"I just got the marriage certificate." Song Junyue smiled bitterly, "But we are forcing him so much, He probably hates me very much, Fan Sen is a proud person."

"Not necessarily."

"What do you mean?" Song Junyue was curious.

"I've talked to Fanyue. I didn't encourage Fanyue to ask her brother if she could go to Jiang Qingxin to help with Lin's business, but Lin Fansen didn't agree."

Song Junyue was stunned, "He It's normal to not like to owe people's favors."

"Oh, people are pushed to the extreme, and they can manage such things as not owe favors. You see which company doesn't rely on favors now, not to mention his sister and Jiang Qingxin are so good. Let Jiang Qingxin do me a favor. It can solve the company's problems without sacrificing his own marriage. No matter how arrogant people are, they will agree. In my opinion, maybe he is willing to jump into this marriage."

Song Junyue's heartbeat Unsatisfactory speeded up, but quickly calmed down, "Impossible, he has always had a big opinion on me."

"Maybe people are duplicitous." Song Qingrui said with a smile.

Song Junyue was a little confused by what he said, "Then you said...I'm married now, what should I do next?"

"It's very simple, live together and use your beauty plan." Song Qingrui hehe He smiled and said, "But now that I'm married, I can't wear as cold and dark as I used to in Song's house, the color is too dull, usually at home, wearing a little sexy and charming, few men can control it of."

## Chapter 2472

Song Junyue touched the outlet of the air conditioner. She didn't turn on the air conditioner, but suddenly felt a little hot, and her cheeks were slightly flushed, "You think everyone is like you and Lin Fanyue."

"Haha, anyway, men are almost the same, always. You can't be cold too, he is also cold, someone has to take the initiative."

Song Junyue did not speak.

For the time being, I'm afraid she can only take the initiative.

In fact, that person is none other than Lin Fansen, take the initiative... Actually it doesn't matter.

After she had a phone call with the chairman of Xuelan Group, Lin Fansen also received a call from President Smith. The company can continue to cooperate.

The translation group also resumed cooperation, and even the cooperative shipping company returned to normal in the morning.

Lin Fansen's mood is very complicated.

He already knew that Song Junyue was very powerful. Not only did he control the Song Group, but even Song Tang was firmly in her hands.

But I didn't expect it to be so powerful.

She was also indirectly telling him that it was easy to let go of Lin, but it would be easy to embarrass Lin next time.

He resignedly sent her the address and password of his apartment.

...

On the other hand, Song Junyue rarely worked overtime, so after dismissing the entertainment, she left work early.

Instead of going to Lin Fansen's apartment in a hurry, she went to a nearby shopping mall and picked out several sets of pajamas and loungewear.

She was wearing a mask. When buying pajamas, the waiter also recommended several suspender skirts to her, "Beauty, would you like to try this nightdress, it's made of ice silk fabric, it's almost summer now, and it's very comfortable to wear. Comfortable."

Song Junyue glanced at it and saw that it was black, but it had a deep V-neck, and the skirt was very short.

There is also a champagne color, which is pretty sexy anyway.

Her cheeks were hot, and she nodded half-soundingly.

Seeing that she was so generous, the waiter recommended several sets of intimate clothing.

When she came out with the bag, her whole face was hot, but fortunately she was wearing a mask.

Since she broke up with Lin Fansen at the age of twenty-two, her life has long since lived a pure and sparse life. At this moment, it seems that her whole person is alive.

It's like going back to the time when I was in love.

Although a little nervous and overwhelmed, but also really looking forward to it.

After arriving at Lin Fansen's apartment, she entered the password and went in. It seemed that no one lived there for a while, the room was stuffy, and a layer of ash fell on the ground.

After she opened the window and mopped the floor, it was dark outside.

I looked at the time, it was half past six.

She called Lin Fansen, "When are you coming back?" It was

quite noisy there, but after hearing her voice, Lin Fansen was stunned for a few seconds, "Are you at my place?"

"No?"

Lin Fansen frowned, she was a job Mad, thought she wouldn't go back until midnight, "I'm entertaining outside."

"When will you be back?" Song Junyue asked directly.

Lin Fansen snorted, "I didn't say I was going there tonight."

"No." Song Junyue bit her lip, disagreeing at all, "Tonight is our... wedding night, you must come back."

Chapter 2473

Wedding night.....

Lin Fansen, who was holding a wine glass, choked, "cough cough".

"Mr. Lin, are you alright?"

A partner next to him looked at him in surprise. He didn't drink much alcohol, so why is this Boss Lin's ears so red.

"It's alright."

Lin Fansen quickly got up and walked outside, gritted his teeth and said, "Song Junyue, why are you so shameless."

Song Junyue replied, "Maybe because it's thick, it doesn't matter at all."

"..."

Lin Fansen again Choked.

"If you don't come back, I'll have to go to the Lin family villa to find you tonight. When your parents ask, I'll just say I'm looking for my husband."

Song Junyue hung up.

The word “husband” fell on the lake like raindrops, causing ripples.

Lin Fansen felt a little irritable.

Originally, he didn’t like to drink very much when he was socializing outside, but today he was in a complicated mood and drank a lot.

When he came out, a ghost appeared in front of him.

After the driver helped him into the car, he drove to the Lin family villa.

When it was about to arrive, Lin Fansen glanced at the villas outside, and said fiercely: “Send me back to Yuexiu Garden.” The

driver was stunned and didn’t quite understand why he wanted to go back to the apartment in Yuexiu Garden tonight. He clearly remembered Lin Fansen. It’s been a long time, and it should be quite gray.

But maybe it was because he was afraid that Director Lin would not be good to see him drunk.

The driver thought for a while and turned his head again.

Half an hour later, the driver drove into Yuexiu Mansion, but Lin Fansen didn’t let him take him off, and staggered up on the elevator.

After fingerprints opened the door, the room was bright and the floor was clean. It didn’t look like it had been empty for a while.

This is his house, where he had lived for several months.

But never came back a moment, like now, feeling annoyed, contradictory, complicated, annoyed.

"I'm back." A

slender figure suddenly came out of the study. Song Junyue was wearing a champagne-colored ice silk nightdress with a nightgown of the same fabric over it. The V-neck had a large white collarbone on the chest. The skirt is not long, the two straight legs are exposed in the light, and with the exquisite figure under the nightdress, Lin Fansen only feels that his brain is blown up.

He had been drinking, and his body was very hot. At this moment, the heat seemed to be rushing to the top of his head, and even his breathing became rapid.

The two were separated by a certain distance. Song Junyue looked at his gradually darkened pupils, and the tender body couldn't help but heat up slightly. In addition to the heat, there was also a trace of tension and embarrassment.

Don't look at her appearance as a strong woman outside, but it was the first time she dressed like this when facing a man.

However, the next moment, the man's mocking voice slashed at her heart like an axe.

"This is your wedding night attire?" Lin Fansen's cold voice showed no warmth, "I can see that you are very hungry, no wonder you are threatening to let me come back."

"..."

Song Junyue's beautiful lips Flap slightly stiff.

Yes, she forgot that sometimes taking the initiative will also appear frivolous.

It's just that she wanted to leave an unforgettable memory tonight.

Chapter 2474

When Song Junyue was rudely thrown on the bed by him, it hurt a little, and his brain even seemed to be shaken.

But before he could react, Lin Fansen had already tore off his shirt and pressed it up.

"Fansen, be gentle."

But Lin Fansen drank, and was stimulated by the beautiful scenery in front of him, so she couldn't hear her voice at all.

He just kept asking in an annoyed voice: "I ask you, you are so hungry, have you ever had another man?"

"You tried your best to threaten me and let me marry you, just because you want me to play with you. Are you satisfied with playing with you now?"

"I warn you, don't show this in front of other men in the future, or I won't let you go if I'm a ghost."

The whole night, I don't know how long it took, until she was tired and lost consciousness.

...

the next day.

When Lin Fansen woke up, his brain and stomach were a little uncomfortable.

He sat up and found that he was sleeping on the big bed in the master bedroom, which was different from every time he woke up before. The bed was messy, and there was a scent familiar to women in the quilt.

But the clothes and tissues that were thrown on the ground in a mess last night are gone now.

He held his head, his mind was quite confused.

It seems that every time he encounters Song Junyue, he will lose control and become nothing like himself.

Annoyed, he got up and walked to the bathroom.

On the vanity cabinet, there was a pink toothbrush beside his toothbrush cup, and two towels, a bath towel, a face towel, and some skin care products on the towel rack.

He frowned. After taking a shower, he walked to the locker room and opened the cabinet door. It was no longer all men's clothes, and there were some women's clothes hanging next to it.

When the men's clothes and the women's clothes were placed side by side, he was stunned for a few seconds. At this moment, he deeply realized that he was really married.

Song Junyue became his wife.

He stood in front of the cabinet door for a while before changing his clothes and walking out of the bedroom.

In the kitchen, the sound of the range hood came over.

When he walked into the restaurant, he saw Song Junyue wearing an apron frying something. It seemed that the oil was splashed, and the spatula in his hand fell to the ground.

That picture awakened some memories in Lin Fansen's mind.

That year, when the two were studying in country M, he fell ill and saw her cooking for him.

However, Song Junyue was not good at this at all, and was clumsy.

Later, he forbade her to touch the spatula again.

After all these years, she is still the same as before.

"Your ex-husband can stand you with your clumsy appearance?" Lin Fansen walked over, turned off the fire, glanced at her, and saw that her slender, white hands were splattered red with oil.

Song Junyue lowered her eyes, her thin lips moved slightly, but she did not speak.

Lin Fansen snorted again, "I forgot, although your ex-husband is a sick child, but the family is so rich, there must be a nanny, where do you need Miss Song to cook for him."

Facing his ridicule, Song Junyue felt powerless. Feeling, she knows that some things are the hurdles in the hearts of two people, "Fansen, I was raised by the Song family, and I have responsibilities that I can't escape."

"I didn't stop you from escaping responsibilities. When you said you wanted to break up, I'm not shy, but you, it's been so long, you still forced me to marry you."

Lin Fansen looked at her coldly, "Since you have made a choice, you shouldn't look back to me, this grass, from the beginning to the end. Wei, you don't care about and respect my feelings at all, whether or not you are tired of me in the future, and you have the final say if you want to break up, anyway, I have no autonomy in this marriage at all."

Chapter 2475

"You don't have autonomy?"

Song Junyue pulled the corners of her lips, "When you were in bed last night, you had absolute autonomy, you can do whatever you want, even no matter how you humiliate me, I have never I haven't said a word yet, Fansen, I, Song Junyue, have never been so low-key in front of others, only you, if I don't love you, do I need to endure your humiliation here."

Lin Fansen was startled, then his face was cold, "So I should be grateful for your love, Dade? Don't forget, if you hadn't forced me, I wouldn't have done this to you."

Song Junyue was silent for a while before saying, "Whatever you think, you are my husband now anyway. Now, you said that I don't respect and care about your feelings enough. I didn't do well in the past, but in the future, I will change it. I will do what a wife should do, for example, make you breakfast."

"Do you have any common sense? If the shovel touches hot oil with water, the oil will splatter more after a while. Do you want to lose your face?"

Lin Fansen snatched the shovel in her hand angrily.

Song Junyue was stunned for a while, and after the reaction, her beautiful black eyes were slightly happy, "You care about me."

"Who cares about you, I was forced to marry you, and I'm already helpless, and I don't want to face another one. Ugly bastard ruined by oil," Lin Fansen pushed her away angrily, "Go aside, don't shake in front of me."

"Oh." Song Junyue was also not angry, her eyes blinked, "Then I'll make milk."

"Milk cannot be soaked in hot water." Lin Fansen blurted out.

"I know, you told me before." Song Junyue smiled at him.

"..."

Lin Fansen wanted to bite off his tongue when she laughed.

When the two were in love before, she really didn't understand any common sense. She used hot water to soak milk. He had told her many times.

Fifteen minutes later, when Lin Fansen brought out the breakfast, two glasses of milk had already been soaked on the dining table, and they were placed in white porcelain cups. The porcelain cups were something he had never seen before, and Song Junyue should have bought them.

On the balcony, Song Junyue was on the phone, "Got it... put the report on my desk, I'll go to the company to read it later..." The

woman's cold voice came from there. Come here, there is no emotion at all.

Lin Fansen frowned. When she faced herself, she was completely different from her work.

After a while, Song Junyue came over and saw the fried dumplings, tortillas, and boiled eggs on the plate. She hadn't had such a simple breakfast for a long time, but she was extremely satisfied.

"Fansen, the tortillas you made are delicious." She took a bite and said with a smile.

Lin Fansen's face was cold, and he was very depressed.

He clearly hated this woman and hated this marriage.

But damn it, on the first morning of the wedding, he cooked breakfast for this woman himself.

He must have had water in his head.

"Your milk is too weak." He said indifferently.

"Really, I'll try it." Song Junyue took a sip of the milk beside him, "It seems to be a little bit thicker. I'll make it thicker tomorrow."

"..."

Lin Fansen glanced at the blanket beside him. The milk that her lips touched made Jun's face dark, "You have touched it, how do you want me to drink it."

"Do you think it's dirty?" Song Junyue raised her eyes.

"It's good if you know." Lin Fansen sneered.

After a while, he kicked off the stool coldly and entered the locker room, put on his coat and left.

### Chapter 2476

Song Junyue looked at him picking up his phone and walking towards the door, the corners of his mouth curved helplessly.

Such Lin Fansen... is quite naive.

Just because of her words, she was so embarrassed that she left without breakfast?

Lin Fansen didn't look at her at all, and lowered his head to change his shoes at the door.

As soon as he put one on, a sexy body suddenly hugged him from behind, and two slender hands pressed against his chest.

"Husband, I'm joking." The woman's soft voice came from behind, "Are you sure you don't even eat breakfast? That's what you worked so hard to do. If you don't eat it, it won't be cheap for me."

In particular, the woman's exquisite body was close to him, and her "husband" even stimulated his emotions.

"Have some breakfast, you drank so much last night, your stomach will feel uncomfortable if you don't eat." Song Junyue continued to coax and persuade.

"...Don't eat."

Lin Fansen pulled her hand away and walked away.

The moment the door closed, a feeling of emptiness struck behind him, and he kicked the wall out of control.

Damn, isn't she a woman.

Isn't it just a husband.

That woman was just as poisonous.

He must always be vigilant and not fall into her trap.

However, he didn't eat the breakfast that he had worked so hard to make, and instead, it was cheaper for the woman.

Lin Fansen was in a bad mood.

After getting in the car, recalling his previous behavior, he suddenly felt that he was in his thirties for nothing.

As soon as the car drove out of the community, he saw the pharmacy at the door and suddenly remembered something.

Last night, the two did nothing at all.

After hesitating for a few seconds, he stopped the car and walked into the pharmacy.

Soon, he drove the car back again.

After the door opened, Song Junyue was just finishing her breakfast and was collecting the bowls. When she saw him coming back, her eyes lit up in surprise, "Husband, you're back again, but I thought you went to the company, and the rest just took out the garbage. In the bucket."

Lin Fansen glanced at the dumplings dumped in the trash can, inexplicably felt his hungry stomach pumping, and his cold face was even colder than before.

He took out a box of medicine from his pocket and threw it, "Take it."

Song Junyue's heart was stabbed when she saw the name of the medicine box.

Soon, she threw the medicine into the trash, "I won't take it."

Lin Fansen's pupils widened angrily, "Song Junyue..."

Song Junyue couldn't be afraid of him at all, after all, others are usually afraid of him. Yes, "Fan Sen, you and I are not too young anymore. If I get pregnant, I will give birth."

People outside said she was a cold-blooded, ruthless, ruthless devil.

But no one knew that when she was attending the class reunion, she was envious when she saw the former classmates brought their babies over.

It's actually easy for her to get pregnant. With a little money, any excellent sperm can be bought, but it's not the child of the man she loves.

In the huge and spacious office, a small executive meeting is being held.

"Mr. Lin..., Boss Lin."

After someone called several times, Lin Fansen suddenly returned to his senses, looked up, and found that several executives around were looking at him.

The person who called him just now was the general manager of the sales department, Chen Yu, who was sitting next to him. Chen Yu coughed, leaned slightly to his side, lowered his voice and said, "Director Lin mentioned the final payment of 50 million yuan from Hi-tech Construction. What is your idea?"

Lin Fansen quickly realized that Gaoxin Construction had been in arrears with the company for nearly half a year, and it still hadn't been settled, "I asked someone to inquire about it, but Gaoxin Construction received wrong news before and bought it at an exorbitant price. A piece of land has been acquired, resulting in a broken capital chain. Even if we pursue it through the court, the result is probably to pay off the debt with a house. However, as far as I know, several properties under the name of Gaoxin Construction have high house prices due to local policy reasons and cannot be sold. "

So, even if we get back a bunch of houses, it's useless." Manager Huang of the Finance Department said very annoyed.

Lin Fansen said: "Actually, there is another way. We can use the debt to invest in shares. I have asked someone to analyze it. The land they bought cost 200 million yuan, which is not worth the price. A hundred million can definitely be earned back, but at present, there is no capital to start high-tech construction."

Manager Huang has two big heads, "Mr. Lin, what do you mean, not only can we not get the 50 million back, but we have to invest money to help high-tech construction? Let me remind you that we are not familiar with real estate, and The company is currently expanding rapidly, and there is not so much money."

"Isn't there a balance of more than 80 million to be received in a few days?"

Lin Fansen raised his eyebrows, "We only need to invest 50 million, two years. After that, we can earn at least 150 million yuan. We can reach an agreement with Gaoxin Construction. After the

”Not only the inspection, but also the budget analysis.”

Lin Zhen nodded, “Fansen, these things are left to you.”

After the end, the executives left one after another.

Lin Fansen packed his things, and after getting up, Lin Zhen said earnestly: “Fansen, I won’t come to the company every day in the future. The company’s affairs are mainly handed over to you, so you must control the general direction, not too much. Go ahead and fight steadily.”

”Dad, don’t worry, the company is almost done building now, and we have signed dozens of large companies, all of which are in the stage of capital return, no problem.”

”Well, Why didn’t you go back last night, I heard that you drank too much when you were socializing?”

”Well, I slept in the apartment.” Lin Fansen had a headache, how could he tell his parents that he was moving out.

”You’ve been working hard recently. Go back at night and let your mother make a good soup.”

He put down the bowl with a cold face, went upstairs to take a shower, and went out.

When the car drove to the gate of Yuexiu Garden, I looked at my phone and realized that it was only eight o'clock.

If she went up now, would Song Junyue think that she would rush over after eating, and she would appear to be despising her at that time.

Lin Fansen thought for a while, then stopped the car and took a walk in the park near the community.

The weather is getting warmer and the park is very lively. There are a family of three who come to play the amusement facilities, many middle-aged and elderly people are dancing square dance, and there are even couples rowing boats in the small lake.

Lin Fansen walked across the arched bridge in the lake with her trouser pockets in her hand. Facing the face, Song Junyue came up from the other end with a running step. Her hair was high up into a ball head, and she wore sports headphones around her neck. The pants, with a black sports BRA on them, and a blue sunscreen jacket, the zipper is not closed, and the waist that is not full is exposed in the air. Lin Fansen's expression became even worse, "Song Junyue, don't forget, you are already married. You want to attract bees and butterflies when you come out dressed like this at night, right? Is it because I am not at home to satisfy you and you are lonely?"

"..."

Song Junyue was left speechless by the insults he slapped her head over her face. "Believe it or not, if you say this in the gym, you will be scolded by many women to death."

"I don't care about other women, I It's just you." Lin Fansen said coldly, "Since you're married, please be careful."

"Why am I being rude, just because my waist is exposed?" Song Junyue took off her earphones, "If you usually humiliate me alone, I can I don't care about you, but you can't make a generalization. Many professional girls run like this. Besides, you have been abroad before, and there are people running bareback everywhere in the park. You should think that what I said is wrong. You can post what you said on the Internet, and you can see if others support you or support me."

"I said it, I only care about you." Lin Fansen is not stupid enough to go to the Internet to argue with her. , will definitely be sprayed to death.

In fact, he also knew that he was unreasonable.

He didn't want to care what other women wore, but he just couldn't stand her waist being seen by other men.

Besides, can't she have a little self-knowledge?

With such a good figure, such a thin waist, and her beautiful appearance, many men passing by will set their sights on her figure, not to mention that the crime rate against women has remained high in recent years.

"You can take care of me."

Song Junyue nodded, zipped the jacket on her chest, and explained in a soft tone, “If you don’t like me wearing it like this, you can tell me, and I won’t be angry because you care about me. The clothes you wear prove that you have accepted me as your wife.”

“...Who accepted you.”

Lin Fansen retorted angrily.

“If you don’t accept it, why are you interfering with my clothes?” Song Junyue asked curiously, “You don’t want me to wear whatever you want.”

“...”
