## Chapter 2555

Ling Dong was completely suppressed and gave up.

He thought he was fishing because of his age, but he didn't know that he had been caught long ago.

When leaving, Song Junyue said: "By the way, I hope that today's conversation will not be known by anyone, otherwise... Dong Ling, next time the Ling family can get dividends from the company, that's what I have the final say.

Dong Ling's heart trembled, I understand, she not only installed eyeliner in Ling's house, but also in other directors' houses, "Junyue, it seems that your so-called resignation is just an illusion." "

I will resign, my dad thinks." When I return to the company, I am also willing to cooperate with him to perform, but for the Song family, I will always have the final say, understand." Song Junyue said softly.

"Jun Yue, Uncle Ling is afraid of you." Ling Dong smiled bitterly and left.

Song Junyue not only deceived the Song family, but also deceived everyone.

...

At five o'clock in the afternoon, Lin Fansen drove to pick up Song Junyue.

The first time I went to the Lin family's villa, Song Junyue was still quite apprehensive, "Will your parents really like me?"

"You're fine." Lin Fansen firmly clenched her hand, saying, of course, "I'm here."

Although it was only six words, it gave Song Junyue confidence.

Forget it, I dared to force marriage at that time, isn't it just to see Lin Fansen's parents, what's there to be afraid of.

After arriving at the Lin family's villa, Song Junyue glanced at the tightly organized garden. It was not as big as the Song family's old house, but the flowers and plants were trimmed cleanly, and even a small piece of land was opened in a corner of the garden to grow vegetables and fruits. .

"This is your future home." Lin Fansen reminded in a low voice.

Song Junyue looked up at him in surprise.

"If you have a child in the future, it will be more convenient to live here, and the child will be taken care of." Lin Fansen silently added another sentence, and he also had Yueyue as a playmate.

"It's really far from what you think." Song Junyue teased.

"I'm not too young," Lin Fansen reminded.

Song Junyue suddenly stopped talking, she was looking forward to the child too.

Having said that, she and Lin Fansen didn't take any measures after arguing with Lin Fansen. The number of times was quite frequent in the past few days, maybe.....

She was inexplicably absent-minded, and subconsciously touched her stomach.

Mother Lin, who happened to come out, saw this scene and cried out in shock, “Are you pregnant?”

Song Junyue: “???”

Lin Fanyue, who came back from work early today, heard it and was also pleasantly surprised, “Sister Junyue, Are you pregnant, great, I’m going to be an aunt.”

”You have a child?” Lin Fansen was stunned for a while, and bowed his head in confusion, his dark eyes showing anticipation.

”...” The

corners of Song Junyue’s mouth twitched. Others didn’t know whether she was pregnant or not. Does he have no idea.

If it wasn’t the first time she came to someone’s house, she really wanted to give him a hard look.

”No, I just felt a little uncomfortable in my stomach just now, so I touched it.” She lied casually.

Mother Lin was suddenly lost, it turned out that she had misunderstood.

Although she hasn’t fully accepted Song Junyue as her daughter-in-law for the time being, she is still very welcome to have children.

Since coming to the capital, many relatives are not here. If it wasn’t for Yueyue’s company, she would be quite deserted at ordinary times, otherwise she would not have urged her son to get married.

Chapter 2556

"Scared me to death, I thought you were so efficient." Lin Fanyue said with a smile.

Lin Fansen frowned and asked in a low voice, "My stomach is not feeling well, do you want to have an ultrasound?"

"...No need, maybe I'm a little hungry." Song Junyue had to continue to lie.

"Then go in and have something to eat." Lin Fansen felt that she was probably working at noon and didn't eat well, so he took her by the hand into the villa.

Song Junyue hurriedly greeted Lin's mother and Lin's father, "Auntie and uncle are good."

"It's not aunt or uncle anymore, it's parents." Lin Fansen reminded that the expressionless face, coupled with the indifferent tone, seemed to be casual. It's like talking about today's weather.

Knowing that he had this kind of character, Mother Lin, Father Lin, and Song Junyue in the living room were all embarrassed.

Anyway, give them some buffer space, and call parents as soon as they enter the door.

After Lin Fanyue gave her brother a speechless look, she grinned and said, "Yes, you are all married, so I should change my name to my sister-in-law."

Lin Fanyue and Lin's mother were very uncomfortable. After all, Lin Fanyue and Song Junyue was also a relative, but instead of being called sister-in-law, she had to be called sister after Song Rong.

Now she has become a sister-in-law.

Alas, this relationship....

"Sister-in-law, when did you argue with my brother?" Lin Fanyue curiously opened the clip. "Last week." Lin

Fansen was afraid that his parents would guess something, and after answering immediately, he took the biscuits on the plate and opened the package, "Let's eat something to fill your stomach first, Mom, is the meal almost ready?"

Silently staring at his attentive, dog-legged son, he thought he was dazzled, is this still his son who is cold like a block of ice? In winter, as long as his son is by his side, he doesn't need to turn on the air conditioner, "Now it's even six o'clock. No, the kitchen has just started cooking."

"I'm not very hungry either, a snack is enough." Song Junyue hurriedly took the biscuits and ate a piece to cope.

"I ate it all." Lin Fansen reminded strongly, and brought a plate of lychees over, "Do you want to eat anything else?"

"..."

Song Junyue looked at him silently, she just came here. Is Hu Shihaisai good, not to mention that she is an unpopular daughter-in-law, even if she is a strong woman, she knows that she should be low-key and low-key.

Seeing that she didn't speak, Lin Fansen's eyes suddenly froze, and he lowered his head and skillfully peeled off the lychee.

He still remembered that she didn't like eating fruit and her hands and feet were sticky, and this problem was still the same as before.

He was obviously still that cold-hearted person, and the dotting energy exuding from his body was ignored by the Lin family.

Lin Fanyue was stunned. In the past, she always felt that her brother treated her well, but now she looks like a picked up sister.

Mother Lin and Father Lin were also at a loss for words.

Look at the look of this dog's legs, what else can I say.

If it is not done well, it is estimated that the son will be gone, so we can only recognize it.

After a long while, Mother Lin forced a smile: "Junyue, I didn't expect you and Fansen to be classmates. I didn't hear you mention it at that time."

Song Junyue hurriedly choked on the lychee and was about to answer, but Lin Fansen was afraid that she would not be too good. To answer those questions, he immediately said, "Mom, I decided to marry Junyue in country M next month. It's the city where we studied abroad. I hope you can make it happen." The

topic jumped fast, but Mother Lin didn't respond.

Father Lin frowned, "Isn't it going to be held in China?"

Lin Fansen said, "That place is of extraordinary significance to Junyue and me. I will help you and your relatives to book plane tickets."

Lin The expressions on the faces of Father and Mother Lin were indescribable.
