Chapter 2557

The

older generation must want to hold a wedding in China. Mother Lin was looking for good hotels in China last night. Now that they are doing this, they have no sense of participation at all.

Seeing this, Song Junyue said warmly, "My relationship with Fansen and Fanyue is more complicated, and I think it's better to keep a low profile abroad."

Father Lin and Mother Lin were reminded, and suddenly they all forgot about it.

"Alright." Father Lin nodded, and at the same time relaxed.

To be honest, he was still under pressure when facing Song Junyue. He didn't know how stronger his aura was than Song Ji, making him feel like he was sitting and chatting with the president's wife.

Now that tone, there is no air at all, and he is relieved.

Mother Lin coughed lightly, "Then your parents..."

She didn't go on, but everyone understood the meaning.

Lin Fansen also looked at Song Junyue.

Song Junyue brushed a strand of hair from her ear, "I will persuade them to come. If they don't want to, then let them go. I will take care of my parents when they get sick, but I will not sacrifice my happiness to repay."

These words were not only for the Lin family, but more importantly for Lin Fansen.

The latter listened, his dark eyes trembled, and he squeezed her hand tightly. In those eyes, it seemed that he could not hold anyone else except her.

Mother Lin and Lin Fanyue couldn't even look at them.

Without knowing it, I thought it was a pair of idiots who had been torn apart for many years.

After all, Father Lin is the head of the family, so he said bravely, "Since you and Fan Sen are married, we won't say anything. We will live a good life in the future, and we are not so unenlightened."

"Thank you Dad." Song Junyue Yanran smile.

Father Lin was suddenly shocked, and then nodded comfortably.

It's good, if the business partner who cooperates with Lin's knows that Song Junyue has become his daughter-in-law, he will not be envious.

Lin Fanyue held his forehead silently by the side, his father was also a shameless man, he and his mother sighed and thought about one idea after another to separate the two.

The result was a face-to-face meeting today, and it was the same as honestly.

But I can understand it, and she wouldn't dare to make a mistake.

So this meal was unexpectedly harmonious.

After getting along, Mother Lin found that this daughter-in-law wasn't so scary, she spoke kindly, with a smile in her eyes.

Originally, she was worried that the wife her son was looking for would have the same virtue as him, and she might even be more arrogant, but now she realizes that she thinks too much.

So after the meal, Mother Lin said, "Jun Yue, look at our house is very lively, the whole third floor is full of trees, and it is also decorated according to the standard of his marriage. You can do it when you have time. Come back and live."

"Okay." Song Junyue nodded.

This was the first time she ate at Lin's house, and she felt the atmosphere was different.

The people of the Lin family were eating, chatting, and talking about some interesting things. Yueyue was also very cute, as warm as thousands of ordinary families.

This is something Song Junyue has never felt before. In the old house of the Song family, Mr. Song and Song Ji were strict, and the topic of every meal was boring work, and as the eldest sister, she had to look like the eldest sister.

Here, she will be at ease.

No wonder Song Qingrui always likes to come to Lin's house for a meal.

"After dinner, take Junyue upstairs to have a look." Mother Lin reminded.

"Yeah." Lin Fansen nodded, he would do the same without his mother saying it.

Chapter 2558

After dinner, Lin Fansen took Song Junyue upstairs to visit.

First, the second floor was where Yueyue and Lin Fanyue lived, and the third floor was his bedroom, study, children's room, and flower room.

The floor where he lived was especially clean and unstained.

It's just that Song Junyue's eyes were a little strange when she saw a newly decorated children's room.

"My mother insisted that I do it during the renovation last year." Lin Fansen explained, "She said I would get married sooner or later."

"It's good." Song Junyue nodded and looked around seriously.

For this building, although Lin Fansen personally found someone to decorate it, but he himself has not paid much attention to it, but at this moment, seeing Song Junyue's serious appearance, he suddenly felt an urge to be very relieved and expectant.

"Do you like it?" He gently hugged her from behind and asked in her ear.

"What if I say I don't like it?" Song Junyue asked with a low smile leaning in his arms.

"Knock off the third floor again, reinstall it, and install it until you like it." Lin Fansen said without thinking.

"It's not necessary." Song Junyue couldn't help laughing, "It's good, you've spent a lot of money on this decoration, and I can't let you knock on gold bricks."

Lin Fansen finally breathed a sigh of relief, "Then you are willing to have it . Can you come here with me to live here?"

Song Junyue turned around and put her hands around his neck, "Do you think I don't want to live with your parents?"

"No." Lin Fansen thought about it and said frankly, "I'm afraid You are uncomfortable."

"Fansen, I'm not so indifferent. Your parents are your only son after all, and Fanyue will marry in the future. If I live with you all the time, they will move all the way from Tongcheng to Beijing. It's not good for the old couple to live alone."

Song Junyue explained seriously, "I didn't tell you before, because you were very dissatisfied with me at that time. If I followed you to the villa after breaking the evidence, you would definitely treat me very indifferently. I don't even have a husband in this family. If you ignore me, your parents will look down on me, and I will be isolated myself."

"Jun Yue, I'm sorry, I'm really sorry. In the future, I will be wholeheartedly good to you."

Lin Fansen heard this, his heart aching, as if it had melted.

It turned out that he really misunderstood her too much.

"Furthermore, if we have children in the future, we will definitely have elders to take care of them." Song Junyue tilted her head playfully and smiled lightly, "Well, if we occasionally want to live with me in the two-person world, most of us will live on my side. Time can stay here, okay."

"Okay."

Lin Fansen couldn't help but surging on his cold face.

He held her small face, greedily pushed her down on his big bed, and kissed her hard.

"Fansen, don't..." Song Junyue was frightened.

Although she was married, this was the first time she came to Song's house. She just came up to visit and was pushed onto the bed by her. It was too shameful.

What's more, when the two came in, the door didn't seem to be closed tightly.

"No, you are my wife, and my room is yours."

Lin Fansen was at the time of his enthusiasm, and he just wanted to kiss her on his own bed.

Song Junyue originally refused, but the indifferent man became enthusiastic, and it was a bit scary.

Gradually, the head that was kissed by her was also a little hypoxic.

In the corridor, Lin Fanyue was sent by her mother to deliver the cut fruit. As soon as she walked to the door, she saw her brother looking like a wolf like a tiger, and if he wanted to ask them to eat the fruit, he was so frightened that his throat got stuck.

She blushed and quickly turned to leave.
