

Chapter 1882

Suzi turned back and saw that Yingzi, who was holding a gun just now, was suddenly sitting on the ground, holding her feet in her hands.

Ying Ming immediately ran over to support Yingzi: "Yingzi, what's wrong with you, is your foot hurting again, what's wrong with you Yingzi?"

Yingzi said painfully: "Brother, I don't know what's wrong with my foot, it suddenly hurts so badly that it hurts my heart."

"Sit down and let brother take a look." Ying Ming said.

Yingzi sat on the ground, Ying Ming took off the shoes on Yingzi's feet, and only then did she see that the soles of Yingzi's feet were gurgling pus.

"It was fine just now, what's going on?" Ying Ming looked at Ying Zi in confusion.

Yingzi looked down at the ground.

She just looked at Pan Haoyang, and accidentally stepped on a sharp stone on her foot, which happened to be on the sore on the sole of her foot.

The sore that had grown with pustules for many days was ruptured to the diaphragm. While the blood-black pus from the sore kept flowing out, the heroic one also sat on the ground in pain, unable to get up at all.

She no longer dared to walk on her feet.

"Let's go! Brother will take you to see the doctor!" Ying Ming couldn't control Suzi at this moment, he just wanted to go see his feet with his sister on his back.

"Brother!" Yingzi didn't move.

She looked at Ying Ming helplessly: "Brother! I'm the one who dragged you down, you've done your best, and it's not like you haven't helped me find a doctor when I was abroad, at this time of year my feet have an attack, I see, Just chop off my foot!"

"What are you talking about!" Ying Ming said angrily, "There is a foot anyway! Although sores develop every year, it's better than having no feet! Now on that boat, there are the best things that Pan Haoyang brought from Nancheng. Good doctor, let's take a look at them!"

Yingzi smiled sadly again: "Brother, those are obstetricians and gynecologists, so they can't see my feet."

Ying Ming: "..."

Angrily, he raised his hand and smashed on the stone that was blocking Yingzi's foot just now. Immediately, a piece of skin was gnawed off the back of Ying Ming's hand, and blood flowed out.

"Brother!" Yingzi cried.

"Brother didn't protect you, Yingzi." Ying Ming said.

"Brother! What are you talking about! If it weren't for you, I would have died in Nancheng long ago, and I would have been stinking when I died! I am fine now! Brother, just listen to me, cut off my feet, and install a prosthetic leg , I can walk as well!"

Ying Ming sighed bitterly.

Seeing this scene in Suzi's eyes, she was stunned.

She didn't know what it was like.

She originally hated Ying Ming, a thief, a robber, a robber, but at this moment, what Ying Ming revealed was a different Ying Ming.

Ying Ming gave Suzi another feeling.

It's the kind of feeling that a brother and his sister depend on each other for life and cherish each other.

At this moment, Ying Ming and Ying Zi are not like robbers or thieves, they are just a pair of poor brothers and sisters.

Especially the girl named Yingzi.

Suzi felt that Yingzi should be about the same age as himself.

But in addition to being indifferent, her face also had the same melancholy as Pan Haoyang.

Deep melancholy.

Suzi calmly came to Yingzi with his pregnant belly up: "Put out your feet and show me!"

Yingzi + Yingming: "..."

"Stand out!" Suzi said.

Yingzi glared at Suzi angrily.

Ying Ming said: "Show her, she has endured a lot of hardships and fled to many places, maybe she has experienced this kind of disease."

Yingzi will show it to Suzi.

Her feet had a pungent stench.

Chapter 1883

"Fungus plus allergies, plus you have infectious diseases yourself!" Suzi said.

Yingzi immediately said coldly: "Everyone knows! It's up to you!"

Suzi ignored Yingzi's anger and said calmly, "Have you been exposed to nitric acid before?"

Yingzi immediately raised her head and asked in a daze: "How...how do you know?"

Suzi smiled sadly: "I have had this disease on your feet."

Yingzi: "..."

After a pause, she suddenly asked excitedly, "Do you have a way to treat it?"

Suzi glanced at the cage and the people in the cage, she suddenly got up and looked at Ying Ming: "Let him go, provide him with delicious food and drink, don't let him suffer in the cage, and treat him as soon as possible. Leg injury."

Ying Ming: "Are you negotiating terms with me?"

"Do you want your sister's amputation?" Suzi asked.

Ying Ming sneered: "Suzi, you are not a doctor! Why should I trust you!"

Suzi also sneered: "Am I a doctor! But I've had this disease on your sister's feet! If I'm not wrong, your sister used to work in a workshop-style cannery before she got this disease! That kind of thing! Nitric acid is used in the peeling of the cannery, and the peeled skin of the fruit is rotted and nitric acid is added, which is very corrosive to the feet!"

"Your sister once had rotten feet!"

Ying Ming: "..."

What Suzi said was absolutely correct.

"This disease is not common. Many doctors can't treat it in regular hospitals. It's like athlete's foot. Many people get athlete's foot. Many people also know that this kind of treatment can't be cured, but there are occasions."

"As I said, I had a situation like your sister before, and my feet are better now."

Ying Ming immediately said: "I believe what you said, after all, you have been on the run for six years, please tell me the treatment..."

"Let him go!" Suzi pointed at Pan Haoyang.

Ying Ming: "He kidnapped your daughter! If it wasn't for him, how could you come here? He originally wanted to kidnap your daughter and both of you, but now you want to let him go?"

Suzi sneered bitterly: "I hate him too! I can't wait to kill her! But his mother is kind to me! His mother is also my mother-in-law, and he is my husband's brother and twin brother, so I I ask you to let him go!"

Ying Ming stood up, his tone getting colder and colder: "Suzi! If I let Pan Haoyang go, even if my sister's foot can be cured, she doesn't need to amputate, but my sister and I are in danger of life! Pan Hao! Go out from here and join forces with Arron, what should I do?"

"By then, my sister and I will both have to die!"

"Since I know I'm going to die, it's better not to treat this foot disease! I can't let Pan Haoyang go!"

He said, Ying Ming looked at Yingzi: "Sister, brother, I'm sorry for you, let's amputate and install a prosthetic leg in the future."

Yingzi nodded and said in a desolate tone: "I listen to you, brother. Amputation means amputation!"

Suzi: "..."

She did not expect that the two brothers and sisters had such a heart.

At this moment, Suzi suddenly admired this pair of brothers and sisters very much, she said softly to Ying Ming, "I don't ask you to let Pan Haoyang go, but don't put him in a cage, head office!"

Ying Ming: "Are you willing to show my sister's feet?"

"Yes." Suzi sighed: "I only heard that you are a thief, blocking the road for robbery, and I have not heard of your sister's evil deeds. She is innocent in the first place. Even if there is no condition, I want to cure her. feet."

Ying Ming: "..."

Yingzi couldn't even help but take one more look at the pregnant woman in front of her. In an instant, she developed a favorable impression of this pregnant woman.

She said to Suzi slightly shyly, "Thank you."

Suzi: "..."

At this time, Ying Ming shouted, "Someone!"

Someone came in and shouted respectfully, "Master Ying!"

Ying Ming said word by word: "Let Pan Haoyang out..."
