

MR. DENVER by beyondlocks Chapter 34

Catherine Ashton

I smiled widely when I heard a knock on the door. I opened the door and it's Jacob. I told him to come to my hotel instead of me going to his house. Our grandpas will screw us again.

"I miss you!" I jumped at him and he chuckled.

"I miss you too.. and why are you wearing a dress? Are you going somewhere?" He asked as he looked at me from head to toe. I crashed my lips to his and tried to take his suit off but he won't let me. He pushed me slowly and I looked at him a little furious.

"I can't wait.. will you cooperate?" I said honestly and he shook his head. I looked at him disbelief and pouted.

"What? You're not in the mood?" I asked as I crossed my arms.

"I can tear that right here right now, Catherine. But we have somewhere to be.." He said and I raised my eyebrows.

"Where? I thought you and I are going to have the best nig-"

"Trust me, you'll love it." He said as he took my hand.

"But.. but I want.." I said and he opened the door dragging me outside. He pressed the lift b***on and he smiled at me.

"What's more important than us having fun in bed, honey?" I asked and he looked at me shaking his head.

"Don't tell me that you're not interested in this anymore?" I gestured to my body and he sighed.

"Please don't test me, Catherine. We'll tumble in bed later on, I promise. You can have as many rounds you want." He said and I smirked. I giggled and he pulled me into the lift.

"Really? Well.. that will be fun." I bit my lips and I noticed that he pressed the R b***on which means rooftop. I checked the rooftop 2 days ago and it was beautiful.

"Are you seriously taking me to see the night view? Babe.. I've seen it, let's just go back to the room and do our.. business." I whispered the last word to his ear as I roamed my hands on his body.

"Catherine please.."

"What?" I pouted.

"I'm yours so you don't need to worry." He said and we walked out from the lift. He pulled me out from the lift and he brought me to the balcony of the rooftop.

"It's beautiful.. I've always wanted to see this view." He said and I just nodded.

"Babe.. enjoy it." He said.

"I'm enjoying it." I said as I looked around. It is beautiful and it's more beautiful since I came back here with Jacob.

"I'll give you the world, Catherine." He suddenly said and I turned to him.

"Hmm?"

"I'm ready to give my whole for you and I have no doubt my love for you. It was yours, it is yours and it will always be yours." He smiled and I looked at him holding back my tears.

"Why are you so sweet?" I pouted as tears filled my eyes.

"I'm ready to take all the risk to live happily with you, yo have kids with you and build a family that I've always wanted with you."

"Me too.." I hugged him as I cried my happy tears out.

"I love you so much." I said and he caressed my head.

"I love you more, Catherine Ashton." He released the hug and he suddenly kneeled down on one knee. I was shocked that I squatted down with him. He took out a black velvet box and opened it.

"Yes!! Yes!!" I hugged him again and he laughed.

"I didn't even ask yet.."

"I'll marry you.." I cried and he patted my back.

"You didn't even see the ring.."

"I don't need to.. I want you.." I said and he slowly stood up. I kept hugging him and he hugged me tightly.

"At last.. at last.." I heard him mumbling and I smiled. I released the hug and he cupped my face. He wiped my tears and opened the box again revealing the ring. I looked at him speechless because the ring is so beautiful. He took it and slipped it into my ring finger.

I hugged him again and I cried again. He chuckled as he patted my back.

"I love you so much." I said.

"I love you too and you don't know how much it hurts when we are both apart." He said and I released the hug. I wiped my tears and I looked at him seriously.

"Actually.."

"What?" He raised his eyebrows.

"I'm moving my company here to New York. I.. kinda bought the building 3 blocks from yours." I said shyly and his eyes widened.

"What?"

"I'm moving to New York and so does my family. I mean.. my dad knew about it but it's a secret from my grandpa." I said and he held my hand tightly.

"Are you serious?"

"Yeah.. I know you love New York so I decided to move here."

"Wow.. it's a little overwhelming but.. wow." He said and I slowly leaned my head to him. I kissed him slowly and he wrapped his arms around my waist pulling me close.

"I'm going to be Catherine William.. that's cool." I said and he chuckled.

"Yeah.. you are."

"Thankyou for.. proposing. I will marry you even though you didn't do it." I said looking at him smiling widely.

"Nah.. I have to do it."

"When did you plan this?" I asked and his eyes landed on my neck. His eyes widen and I nodded.

"Please tell me that Brad gave you that.."

"Yeah, why?" I asked and he shook his head.

"It's beautiful and I read the letter too." I said and he sighed.

"Brad stole it from my room." I chuckled.

"So.. are you still up with the tumble in bed?" He smirked and I smacked his chest playfully.

"What? You were asking about it. You were so keen on getting me in your bed." He teased me and I bit my lips. I put my hands on his chest and slowly unb***on his white shirt.

"Babe.. are you serious?" He's a little taken back.

"I am.. let's go." I grabbed his hand and dragged his cute little a** to my hotel room.

The End.

MR. DENVER by beyondlocks Epilogue

Jacob William

Our grandpas dragged us both to have dinner together. They still don't know that me and Catherine are already engaged. I told Catherine to hide the ring first so we can fool those two after they fooled us back in the days.

"Two you have to get married.. she's going to be pregnant soon." Tim said and Catherine looked at him disbelief.

"We used protection." We didn't.. and it's been 4 months since we engaged and we never use protection. We've been busy preparing the wedding secretly. Her parents knew but they're willingly to cooperate to keep it secret from Tim.

"But still.. you two have to get married."

"Will you two stop?" I hissed coldly and they both turned to me.

"We're not getting married and you two have to stop." I said to the both of them.

"We don't love each other.. so stop forcing us to get married. We're just playing around that's all." She said and I wanted to laugh so bad seeing Tim and my grandpa's reaction.

"No.. I will drag you two to the church. It's a sin to have s** befor-"

"Actually.. I'm planning to go to Europe at the end of this month to find a cute English man." Did she just say that? I turned to her and she smirked.

"Are you trying to make me die early, Catherine?" Tim asked.

"What? Is it my fault if I don't love Jacob? It's just the way it is.. We love to fool around." Catherine said.

"I'm dying already." My grandpa jokes.

"Don't exaggerate.." I looked at him flatly and he glared at me.

"I'm pregnant."

"See she's pre-" Tim's eyes widened and so was mine.

"What?!" I turned to her in disbelief and so did our grandpas.

"You're pregnant?" I asked and she smiled nodding to me. I can't help but smile widely and I hugged her right away.

"Really? You're pregnant?" I asked her again.

"Yes, I'm 8 weeks pregnant." She squealed and I kissed right away.

"That's great!!" I said, completely forgetting that I have two old men watching. They coughed to get our attention and we both sat back on our seat. Catherine suddenly showed her ring finger to them.

"What?!" They both put on their gla**es to see the ring.

"I can't take this anymore.. we're getting married next month." Catherine announced and the old men got up from their seats hugging each other.

"At last.. at last!! I've been waiting for this day to come!!" Tim said.

"Tim!! We did it!!" They both were so happy.

"See! I told you she will get pregnant!" My grandpa pointed his finger at me.

"So what? We've been engaged for 4 months.."

"4 months?!" They looked at me disbelief and I turned to Catherine. She was looking them laughing.

"How can you do this to me?" Tim turned to Catherine.

"I found out that you kept faking your sickness just to see me and even forced me to marry him."

"But now you have to thank me for that." Tim hissed as he pointed at himself.

"You two are so mean.. how come you didn't tell us that you two were engaged already?" My grandpa asked.

"We just want to surprise you guys with the wedding." Catherine said and they both walked to Catherine hugging her.

"Is it a boy or a girl?" Tim asked.

"Still don't know.. we have to wait a little bit more."

"I'm going to throw a big gender revealing party!" Tim said, completely excited.

"We're moving to New York.." Catherine told Tim and Tim turned to me.

"She said she will move the company here.. I hope you don't get mad at her for it." I said and he shook his head.

"I'll move to New York too!" My grandpa said and I facepalmed myself.

"It's okay.. I don't care.. as long as you're happy." Tim said as he hugged Catherine again.

After the dinner, we both drove back home and yes, Catherine moved in with me already. We're currently building a new house for our forever home. I can't wait for it because we both have a consultation with the best architect in town to design the house.

"I'm so excited for this baby." Catherine said and I glanced at her.

"Not only you.. but me too. I love her/him already.." I said and Catherine chuckled.

"Sorry for not telling you earlier.. I hope you're not mad." She said and I turned to her when I stopped the car for the redlight.

"I'm not mad.. why would I be mad?" I asked.

"Because I announced it out of the blue.." She said and I smiled.

"I'm glad that you announce it at the dinner, I'm happy and they're happy too." I leaned closer to her and kissed her cheek.

"I'm going to call the best doctor for you to check on our kid.."

"Our kid? I'm still not used to it.."

"When did you find out?" I asked as I continued to drive.

"Well.. yesterday."

"Alone?"

"Yeah.. I was having a really bad morning sickness all of the sudden and I decided to buy 5 pregnancy test to make sure and yup.. I'm pregnant."

"I mean we never use protection in the first place so.. it's not that shocking for me, babe."

"I know I will get pregnant at one point so what's the point of using protection." She said and I chuckled.

"Right.." We arrived home and I automatically become more protective towards her. I'm so scared because I know that pregnancy is a sensitive thing so I'm trying to do everything for her.

"Jacob.. I'm just drinking water." She said but I can't take my eyes off her. I'm afraid that she will fall off from the stairs or maybe.. I don't know.

"I'm just worried."

"You don't need to.. I'm not clumsy." She said as she put down her gla** of water.

"But still.. you're pregnant." I said pointing at her belly.

"Don't worry.. you're overreacting." I smiled at me and she wrapped her arms around my neck.

"Why are you so cute?" She bit her lips.

"I know that look.. I know that look, Catherine."

"What?" She looked at me innocently but I know that she wants to tumble in bed.

"No.. you're pregnant."

"You're overreacting." She pouted and I chuckled.

"I love you." I said looking straight into her eyes.

"I love you too." I kissed her and you know what's happening next..

Jacob William

Catherine William
