

## Chapter 481

This decision was too difficult for her. If she was the one who was poisoned, she would rather die than make that decision!

The decision was to let her cultivate with Tom, using the ice element in her body to save Tom.

Ice element was rare in this world, not one in a million, but one in a billion!

There were billions of people around the world, and there were probably only a dozen people with this physique, and Sunny was one of them.

Ice element could not only help someone improve his cultivation, but

also save his life.

Few people knew this secret, not even Sean.

Sunny lowered her head and didn't say anything. He thought Sunny wouldn't agree. He sighed deeply and said, "Sunny, I know you don't like me. I didn't mean to... Oh, forget it. I'm going to die anyway, and there seems to be no need to explain. Just take it as I beg you, don't tell mother that I'm dead. Otherwise, she'll be very sad. I'm begging you, please."

Sunny still didn't say anything. After a few seconds, she looked up and looked deeply at Tom, as if she was going to remember Tom's face deeply in her mind, to the extent that she would

never forget it in her life!

Tom was immediately stunned when he saw her look. Suddenly, he had a bad feeling.

At this moment, Sunny said, "You won't die. I have a way to help you detoxify. Not only can I detoxify you, but I can also help you improve your cultivation and break through to the fourth stage of the Innate Realm."

Her words were so serious that Tom was stunned. Then, he widened his eyes in excitement and said, "Do you have an antidote?!"

Great, if Sunny had the antidote, then he wouldn't have to die!

That made sense. Sunny was also from

LT Organization. It didn't seem strange that she had the antidote.

However, what Sunny said next surprised him. "I don't have an antidote."

Tom was dumbfounded on the spot and inexplicably got angry. It was not a time for Sunny to joke with him!

But then, Sunny added, "But I have a better solution than using antidote."

Tom was stunned again. He looked at Sunny seriously, only to find that Sunny did not seem to be joking with him. She looked serious... But why was that Sunny looked so shy?

And Sunny's face was turned red.

So Tom asked curiously, "What is it?"

Sunny clenched her lips tightly. She didn't choose to answer, but stood up. Then, she made a move that stunned Tom completely!

She began to undress, and soon revealed her flawless skin, as well as a body that could drive any man in the world crazy.

Tom's eyes widened. Even he was sophisticated and calm, he was completely confused at this moment. He could not imagine why Sunny would do this.

Was she going to offer sexual pleasure to him before he died?

It was extremely challenging and

embarrassing for Sunny to so. After all, she was a traditional woman. She would rather die than reveal her body to the opposite sex. That was something she had never done before!

However, Tom's reaction made her a little proud. Although she hated this kind of thing, she was still very confident about her figure.

Gulp!

Tom swallowed his saliva. When he saw Sunny walking towards him, he finally came to his senses and said quickly, "What are you doing..."

Sunny's beautiful face was blushed, and her breathing was abnormal. After all, it was really difficult for her to do

this.

Fortunately, this was an absolutely enclosed secret room. There was no one else except her and Tom. She took a deep breath and said, "I'm of ice element, the only one in the world. Dual cultivation with me can not only increase your cultivation but also cleanse your body of all toxins. In other words, I am the antidote."

After that, Sunny threw Tom down...

Tom was completely dumbfounded. No matter how strong his psychological quality was and how much he had known the world, he was completely confused. He couldn't react normally for a long time.

He had never heard that doing that could detoxify him!

However, it happened. So Tom had to believe it.

In fact, Tom's mind was in a mess. He didn't expect such a thing to happen.

The second woman in his life would be Sunny.

When Tom saw a crystal tear appear in the corner of Sunny's eyes, he calmed down and swore in his heart that no matter what happened from now on, he must protect Sunny!

Sunny did not lie to him. The ice element was of infinite use. He could clearly feel that he was recovering, and the poisoned leg slowly regained its

intuition and the swelling was relieved.

Moreover, there were unexpected changes in his body, as if spring had arrived, and plants grew from the dry land. It was alive and kicking.

The change lasted for almost an hour.

From the mutual resistance to the latter integration, Sunny's breath gradually increased and she slowly returned to the Innate Realm from Extrinsic Peak...

However, Sunny did not get as many benefits as Tom. She only recovered to the second stage and stopped.

In the end, everything stopped and silence returned to the chamber.

"Let me go."

Sunny broke the silence first. She said in a low voice and sounded shy. She lowered her head, not daring to look up at Tom.

Tom looked at her and saw the red stain on her clothes. He felt touched.

"Sunny, from now on, you are my woman. I will do my best to protect you." Tom said seriously.

He said that from the bottom of his heart.

But when Sunny heard his words, her face suddenly darkened. She looked up, stared at him coldly and said, "How dare you! When did I agree to be your woman? Tom, I'm telling you. I saved

you today only for the sake of my aunt. I don't want her to lose her son. I have no feelings for you! If you tell it to others in the future, I won't spare you!"

Sunny suddenly became very cold and heartless. She was not shy or gentle anymore.

Tom was stunned by her change as he did not expect Sunny to react like this.

However, Sunny didn't seem to be joking. So he began to be silent. After a long time, he gradually became cold. He said, "I know. I owe you a life."

When Sunny saw him like this, she hid the fact that she grew attached to Tom and continued to act coldly and heartlessly, "Please go. With your

current strength, you can defeat Sean."

"Okay." Tom nodded. When he reached the door, he turned around and looked deeply at Sunny. He saw that Sunny was still cold and heartless, as if what they had just experienced was just a dream. He laughed at himself again, opened the door of the secret room, and walked out.

Out of this door, all his affections and gentleness were buried in his heart, and what was left was endless anger and murderous intent.

Today, he was going to kill Sean. No one could stop him!

## Chapter 482

Tom still didn't understand why the dual cultivation with Sunny could detoxify him and help him to break through to the fourth stage of Innate Realm.

When he was with Sunny just now, he felt a kind of unprecedented happiness, completely beyond the sensation of having sex. He could clearly feel that his body was constantly recovering, and every cell was cheering, which was an experience he had never had before.

Obviously, this was the beauty of the ice element. When Tom and Sunny merged, the power of the ice element from Sunny was continuously injected

into his body, complementing each other.

No wonder Sean was so eager to practice dual cultivation with Sunny that he did not hesitate to use any despicable means.

However, by mistake, this chance hit Tom.

Tom took a deep breath. He could clearly feel that his strength at this moment was greater than ever before. Whether it was his physical or mental state, he had reached an unprecedented level.

"Am I at the fourth stage of Innate Realm? It's really amazing!" Tom clenched his fists and made a cracking

sound. His body was full of explosive power. He was confident that his punch would hurt Sean badly!

Now he looked quite disheveled. His clothes were torn a lot and his body was covered with dirt, but his spirit was very vivid, especially his bright and shining eyes, which were brighter than before. His pupils seemed to be two suns, and if ordinary people looked at him, they would be "burned" by his gaze.

"Sean, I hope you're still here."

After Tom finished speaking, he had already disappeared from his spot. When he showed up again, he was at the headquarters hall.

The thugs who had been lying on the ground stood up and rested. They were all shocked to see Tom suddenly appear.

"Where's Sean?" Tom's eyes were as bright as lightning. He scanned the room and did not find Sean.

The thugs were stunned and could not react for a moment. After all, Tom was so embarrassed and poisoned just now. How did he recover within just an hour? And he look even stronger than before. His aura made them stressed out and difficult to breathe.

"Say something!" Tom frowned when he saw that they were silent.

The thugs shuddered and said quickly,

"He's gone."

"Yes, he left. I think he's looking for professional equipment to destroy the secret room."

"Mr. Howard, you should leave as soon as possible. The devil will be back soon, and you won't be able to leave..."

They all began to be anxious.

Tom suddenly found something and said, "Where's Chou?"

Well, he didn't see Master Chou. In terms of the serious expressions of these thugs, his heart skipped a beat and he had a bad feeling.

Could it be that Chou...

Tom did not dare to think about it anymore. For so long, Chou was like his teacher, friend and servant. If Chou really passed away like this, then he would be very sad!

"SPEAK!" Tom's tone was cold and murderous.

A group of thugs in front of him slowly walked away and gave him a passage. Master Chou was lying motionless on the ground behind them.

He seemed to be dead.

From Tom's angle, he could clearly see Master Chou's sunken wound,

his pale, bloodless face, and dried blood at the corner of his mouth.

Tom could not help but tremble. He walked towards Master Chou with heavy steps.

Every step he took, his hatred and anger grew even stronger, almost bursting out of his chest!

The thugs also lowered their heads and looked sad.

Master Chou was not breathing. He was dead...

Tom walked up to Master Chou, squatted down, and gently stroked Master Chou's elegant and gentle face. The time they spent together appeared in his mind, scene after scene.

After all, he had known Master Chou

for more than twenty years. To be serious, it was Master Chou who led him to the path of martial arts.

And now, Master Chou died in front of him.

All of this was caused by that bastard Sean!

At this moment, a cold but beautiful voice came. It was Sunny. "He's not dead yet. He's just in a state of suspended death."

Tom was stunned and looked at Sunny. "Really?!"

Sunny nodded gently and walked over slowly. She had changed her clothes and returned to her usual cold and aloof appearance, like a fairy.

In the whole world, Tom was probably the only one who had seen her being indulgent. Tom would never forget that kind of flirtatious and lingering look. Now that Sunny had returned to her cold demeanor, which gave him unwonted feeling.

Sunny noticed Tom's eyes and glared at him shyly and angrily. Her pretty face could not help but blush slightly. Obviously, looking at Tom's face, she could not help but think of what happened between the two of them just now.

But soon, she suppressed the strange feeling. She walked to Master Chou and stoke a few acupuncture points on Master Chou's body. Soon, Master

Chou's heart began to beat again, and his eyelids moved slightly, slowly opening his eyes.

"Young Master, Master Sunny..."

Master Chou said weakly, "You're fine. That's great."

As he spoke, he still wanted to struggle to stand up. Tom quickly stopped him and said, "You're seriously injured now. Don't move around."

"Thank you, Young Master... Cough..."

Sunny took out a small ceramic bottle from her pocket, then took two small pills and said to Master Chou, "This is the Vitality Pill. It can save your life if you take it."

Master Chou immediately widened his eyes and shook his head. "Vitality Pill, it's too precious. I can't afford it!"

Sunny said coldly, "Take it. Why are you talking so much nonsense?"

Master Chou was very afraid of Sunny, so he had to take over the two Vitality Pills and swallow them, feeling flattered.

Soon after he swallowed it, his breath turned to be smooth and his face slowly returned to its ruddy color. He had already survived the dangerous period.

Tom couldn't help but feel magical when he saw this scene. Sunny was becoming more and more mysterious

in his eyes.

Master Chou stood up and bowed deeply to Sunny. "Thank you for saving my life, Master Sunny!"

Sunny nodded gently. At this moment, there was a sound of footsteps coming from outside the door. They were very fast. In a short while, they were already at the door.

Tom narrowed his eyes and looked over. Immediately, he saw Sean walking in with a huge flame cutter in his hand.

Behind him, a few people followed, all from the North Sky Association.

When Sean saw Tom and Sunny, he was obviously stunned. He did not

expect the two of them to dare to walk out of the secret room.

"Hahahaha..." He began to laugh. "Tom, Sunny, you two bitches are finally out! Why don't you continue to cower in there? Do you think I really can't do anything to you guys? Not to mention you're just hiding in a secret room, even if you hide in the hell, I can find you!"

"Oh no!" When Master Chou and the others saw Sean appear, their faces changed drastically and they began to fear. Master Chou said in a hurry, "Young Master, Master Sunny, run away. I'll help you hold them back!"

## Chapter 483

Master Chou was very nervous, and a layer of cold sweat appeared on his forehead. His face turned pale again.

As for the others, they were all shaking with fear.

Now they were extremely afraid of Sean. There was nothing they could do about it. Sean was too powerful and brought them an indelible shadow.

However, even if they were afraid of Sean to the extent that they disobeyed Master Chou's orders,

Tom was still quite moved. He held Master Chou's hand, smiled and said faintly, "Don't panic. I made it. Sean is

no match for me anymore."

He said this calmly, without any arrogance or heroism, just stating a fact, as if saying that a person would die without breathing.

After Master Chou heard this, he was stunned and didn't believe it.

After Sean heard this, he seemed to have heard a big joke. "Tom, you're so stupid. You're dying, and you're in the mood to brag? You got hit by my poisoned dart. You're dead!"

"Really?" Tom smiled evilly and stepped out. At that moment, an overwhelming momentum that could shift mountains emanated from Tom and swept towards Sean!

Without wind, Tom stirred up waves. A strong wind blew out of the sky, making Sean's hair flutter.

Suddenly, Sean's face turned pale with shock. He opened his eyes wide and shouted out in a daze, "That's impossible!!"

Just now, the aura that Tom exuded actually gave him a strong sense of crisis, as if he was facing the supremacy of Major Perfection Realm in the Innate Realm!

This didn't make sense. Tom was clearly poisoned and had no antidote. Even if Tom was a master of Innate Realm, he wouldn't survive more than an hour!

However, Tom didn't die. Instead, he had advanced in cultivation! How could this be?

Only then did Master Chou realize that Tom was different. He didn't seem to be poisoned at all. Instead, his aura was even more terrifying than before.

Tom clenched his fists and then released them. He began to walk towards Sean step by step and said jokingly, "What's wrong? Are you afraid?"

Sean stared at him, his face changing. He could not figure out how could he still... All of a sudden, he saw Sunny, who had also recovered her cultivation on the other side. A bolt of lightning struck his mind and he blurted out,

"Sunny, you bitch. You and the bastard have dual cultivation! Your feminine power has cured his sharp pain! Damn it! Damn it! Damn it!"

His eyes were wide open, and his expression ferocious.

When Master Chou heard this, he also opened his eyes wide and looked at Sunny in a daze. His expression was wonderful.

Sunny's pretty face turned red when the secret was exposed in front of so many people. This kind of thing was a great shame to her.

"Turn your face away!" Sunny glared at Master Chou fiercely, which made him tremble in fear and quickly turn his

face away. He did not dare to look at Sunny, but the shock in his heart could not be stopped.

"Cough." There was also some embarrassment on Tom's face. He was a thin-skinned person. The word "double cultivation" made him feel embarrassed.

Their reaction confirmed Sean's guess and made him even more furious. He gritted his teeth.

"You bitch!" Sean was about going crazy. Considering Sunny as his woman, he believed that he would conquer her sooner or later. But now, Tom actually snatched Sunny's virginity! He felt that he was cuckolded, and his hatred for Tom was

at its peak.

Tom didn't talk any more nonsense. He snorted and directly attacked Sean.

His action was immediately stirring up the wind, which made people suffocate.

Sean's face changed again. In an instant, he had the thought in his heart that he was no match for him at all.

After an hour of recuperation, he had recovered 90 % of his strength, but now facing Tom, he felt a huge pressure.

As for the members from the North Sky Association behind him, their faces had already been pale. Their brains went blank and they lost

consciousness.

Sean did not retreat. He chose to fight Tom because he did not believe that Tom was really that strong! He didn't believe that Tom would be cured within an hour.

But as soon as he fought with Tom, he immediately regretted it. Tom's one punch directly broke his defense. The explosive force made his arms tremble.

"Why is this bastard so powerful?!"

Sean was deeply shocked. He was punched by Tom and retreated. He bumped into a member of the North Sky Association behind him, and that person flew away in an instant.

Tom was also a little surprised that he

could knock Sean back with one punch.

Soon, he became more confident. Without any nonsense, he took another step forward, formed a straight line, and pounced on Sean.

"Sean, you're doomed."

Tom's voice fell into Sean's ear, like a devil's voice, which made his scalp numb. His heart was filled with fear, and there was no intention of fighting back. He turned around and ran reflexively.

Moreover, he grabbed two North Sky Association members next to him and threw them at Tom.

Tom dodged easily, and didn't waste much time. He smiled coldly. "Sean,

you can't run away."

"Damn it! Damn it! Tom, you bastard. You are clearly dying. Why can you still live? Your cultivation improved that much! It's all because of that bitch Sunny, who had dual cultivation with you bastard in the secret room, giving you the extreme feminine power!" Sean was running fast and running away in a hurry. "It's not right. I don't take the failure!"

Now he understood that he was no match for Tom at all. He could only die if he kept fighting. He could tell that Tom wanted him dead.

Now he could only run. When he escaped, he would inform the organization immediately. He believed

that the Saint King would definitely not spare Tom so easily.

So the only thing he had to do now was run, using all his strength to run.

However, there was still a significant difference between him and Tom in terms of speed. Soon, Tom and he were getting closer and closer...

Finally, half a minute later, caught up with Sean and slapped Sean on the back.

Sean immediately felt a severe crisis, and his body got goosebumps. He knew that if he was hit by this slap, he would definitely be seriously injured, and the result of this serious injury was death!

"Ah!!"

Sean let out a hissing roar. All of a sudden, he was like being drugged and ran faster.

Unfortunately, no matter how fast he ran, he was still not as fast as Tom. All he heard was a disdainful sneer from Tom. With a bang, this slap hit him directly on the back!

"Oh..."

Sean immediately spat out a mouthful of blood. His body, which was speeding up, suddenly lost its power. With Tom's slap, he fell to the ground heavily. With a bang, a cloud of dust on the ground was stirred up by him.

## Chapter 484

The time seemed to be stopped. Sean lay on the ground without moving. On his back, a clear slap suddenly appeared, shattering his clothes, and his upper body turned naked.

Tom used all his strength in this slap. Not to mention Sean was just a human, even if he were a piece of fine steel, he had to be dented by him!

So when Sean was hit by this slap, he was completely injured and lost the ability to fight.

Tom took a long breath and soon regained his peak strength. He looked down at Sean and said coldly, "Sean, you're doomed."

Sean still didn't move, as if he was dead.

He even lost her breath.

If it were anyone else, he might have deceived him, but how it was Tom who couldn't be fooled so easily? It was no exaggeration to say that Tom had sharp eyes. He now judged whether a person was alive or not by sensing that person's vitality, but not that there was breathing and heartbeat. Now Sean was obviously alive, unlike Master Chou, who had lost his life and entered a state of fake death.

"Pretend to be dead? In that case, I'll cut off your head and take it back to Sunny." Tom snorted and was about to start.

Sean immediately panicked, unable to pretend, and quickly said, "Mr. Howard, I was wrong..."

Then, Sean struggled to get up, his face full of pain, and his body twisted. He had no other choice. Tom's slap had hurt him too much. Not only did it break a few bones, but also his internal organs were seriously injured. Now once he made a slight move, intense pain would attack him.

Tom said with a half-smile, "Why, stop pretending?"

When Sean saw Tom's superior appearance, he was extremely angry. He lowered his head and his eyes were filled with hatred for Tom, but he did not dare to show it at all. Tom's power

scared him.

He could only endure it to survive. As long as he had a way to escape, there would be plenty of opportunities for revenge in the future!

"Mr. Howard, I lost. I'm not your match. I hope you can spare my life. I'm willing to pay you ten billion dollars as compensation." Sean stared at Tom and said in a proud manner.

Tom didn't talk nonsense. He walked over and slapped him in the face.

"Damn!" Sean was slapped. He gritted his teeth in hatred and wanted to kill Tom immediately, but he didn't dare.

"Why? Are you dissatisfied?" Tom said disdainfully.

Sean became even angrier. He was the Law Protector of Eastern Territory of LT Organization. How paramount he was and he had never suffered such humiliation. At that moment, his face turned purple, and his body trembled with anger.

He was seriously injured now. The more excited he was, the more painful he was. He panted and said, "Mr. Howard, I admit it's my fault. I lost to you. I'm not as good as you. I admit my defeat. How do you want me to compensate you? As long as I can do it, I'll!"

"Kneel down." Tom stared at him and gestured.

Sean immediately widened his eyes and said angrily, "Tom, don't go too far. I'm the Law Protector of Eastern Territory of LT Organization. I can't kneel down to you!"

"Really?" Tom sneered and rubbed his hands. Then he would break Sean's legs, then he had no choice but to kneel.

Sensing Tom's murderous intent, Sean was immediately afraid. He was trembling with fear and his face was extremely serious. But there was no way. People had to bow their heads under the eaves. He was no match for Tom now. As long as Tom made a move, he would be doomed.

"If I kneel, will you let me go?" Sean

gripped his teeth and asked. He had never been humiliated like this.

Tom said with a fake smile, "It depends on your performance. If I'm in a good mood, I might let you go."

Sean was furious. He knew that Tom was teasing him. However, he still had no choice but to obey!

His eyes were bloodshot, and his chest heaved violently. In the end, he had to kneel down to Tom. His eyes were about to explode. He gritted his teeth and said, "Tom, I admit defeat this time. Please let me go."

Looking at Sean's embarrassed look, Tom felt extremely happy. His whole body was like refreshed. It was

awesome!

But that was not enough.

"Kowtow." Tom continued.

Sean's body shook violently. He was about to go crazy. He clenched his fists and his nails were about to get into his plan skin. He stared at Tom and said, "Enough! I am..."

Without waiting for him to speak, Tom kicked him in the face and he was off the ground immediately.

"Don't talk nonsense. I won't say it again." Tom stared at him coldly. He didn't need to be merciful to someone like Sean. Over the years, he had understood that to be merciful to your enemies was to be cruel to yourself. He

would never do such a thing.

Besides, if Sunny hadn't made the sacrifice and practiced dual cultivation with him, and turned the tables, or they would have suffered worse. Sean would have tortured them thousand times.

Sean roared in his heart, feeling extremely aggrieved. He was a little regretful now. If he had known, he wouldn't have been so arrogant. He wouldn't have dealt with Tom himself. He would have reported it to the organization from the beginning and asked the organization to send someone over. That would have been great!

His body was trembling violently. He

wanted to fight with Tom, even if he died! But he didn't have the guts at all, because he didn't have that courage. He was afraid of death. He was only 35 years old and had a long life. He didn't want to die like this.

Therefore, he had no choice but to come over and kneel down for Tom again, and began to kowtow, "Tom, please show me mercy. Let me go this time. From now on, I will never appear in front of you and never dare to provoke you again. If I dare to provoke you again, I will die a terrible death, striking by the lightning!"

He was swearing.

However, Tom did not say anything. Sean looked up and saw Tom looking

down at him, especially the disdainful, teasing, and mocking eyes, which made him unbearable.

Most importantly, Tom's eyes flashed with cold murderous intent, and Tom had no intention of letting him go. What Tom did now was just humiliating him.

He lowered his head again and lost his mind. He must kill Tom!!!

This intense hatred and anger directly overshadowed his reason, so he hastily took out a few darts from his body and threw them at Tom when he actually was not well-prepared.

These darts were extremely poisonous, so he didn't believe that

Sunny still had enough power to detoxify Tom after he was poisoned this time!

"Go to hell!"

He screamed hysterically.

It was quick.

However, after Tom suffered a loss, he had long been on guard. In addition, Sean was in a hurry this time, so there were a lot of flaws. Tom found out in advance and easily dodged.

And in the air, he got a dart and shot Sean's chest.

Sean took a few steps back and fell to the ground. He covered his injured chest and was completely frightened.

"I'm poisoned... Damn Tom! You damn bastard!"

Tom looked at him coldly. "Now you know what is fear? I'll let you know what is the feeling of being poisoned."

"No, I can't die! I have the antidote..."  
As he spoke, he hurriedly took out a bottle from his pocket and was about to swallow the pill, but Tom quickly snatched it away.

His antidote was snatched, and he was even more panicked. He was trying to grab Tom and said, "Return me the antidote!"

Tom kicked him away, opened the bottle, and threw away the antidote one by one.

At this moment, the poison was attacking Sean's body, and he began to go crazy. "Tom! Give me the antidote! I'm the Law Protector of Eastern Territory. I'm paramount and powerful. You can't kill me!"

"Tom, you bitch. You can't kill me. You don't have the right to kill me. Give me back the antidote, or LT Organization will punish you. They will catch you back, throw you into snake valley, and torture you!"

"Tom, I beg you, give me back the antidote. I don't want to die yet..."

"Please, I can't die. crying..."

Sean had completely lost his arrogance and hubris, turning to be a crazy man.

Finally, he knelt down in front of Tom and kept kowtowing, begging Tom for mercy like a dog.

Of course, it was impossible for Tom to spare him. In the end, Tom smacked his hand on his head and ended his life.

Ten minutes later, Tom dug a hole, buried Sean, turned around and left, returning to Master Chou's headquarter.

## Chapter 485

When Tom went back to the headquarters, Master Chou was waiting there. He was seriously injured, but after eating the Vitality Pill, he not only survived the critical period but could walk on the ground. It was obvious that the Vitality Pill was rather useful.

He was overwhelmed with nervousness. When he saw Tom coming back, he immediately went up and asked, "Hi young master! Where's Sean?"

Tom said faintly, "I killed him."

Whoosh...

When Master Chou heard this, he finally breathed a sigh of relief and said, "He's finally dead. That's great!"

Tom smiled faintly. There was no pride or excitement on his face. He looked very calm, as if he had just done something insignificant.

He looked around the room, but he did not find the woman in red or sense Sunny's breath. Therefore, he got disappointed.

"Where's Sunny?" He couldn't help but ask.

Master Chou said, "Young master, I just wanted to tell you that lord Sunny has left."

"Oh." Tom replied, feeling even more

disappointed. He had got rid of Sean, and he wanted to tell Sunny the news himself.

"Did she say anything before she left?" Tom thought for a moment and asked.

Master Chou thought for a moment and said, "Master Sunny said she had to go back to the organization. She won't be here for a while."

"Really?" Tom frowned slightly and asked, "What else did she say?"

Master Chou shook his head, indicating that there was no more.

Tom sighed in his heart. It seemed that the relationship between him and Sunny was over. She didn't want to talk to him at all.

Anyway, Sunny was just a chance acquaintance of him, and Sunny had always disliked him. If it weren't for his mother, he wouldn't have known Sunny for the rest of his life.

As for what happened today, he could only consider it a dream or a deal.

After thinking it through, Tom didn't think about Sunny anymore. He told Master Chou something and sent Malcolm to clean up the mess. Then he sent a sum of money to the injured men before leaving.

When he came out, he saw that the passers-by looked at him strangely, and many people were discussing him. Then he realized that he had forgotten

to change his clothes. Now, he was in such a mess. Both his hair and clothes were dirty. The most awkward thing was that he didn't even have shoes. He was barefoot, like a beggar.

He then smiled bitterly. He was too careless. He shouldn't have forgotten to tidy up at Master Chou's place before coming out. Now the people on the street must think he was a lunatic.

Fortunately, he didn't meet anyone he knew, or else he would be embarrassed.

However, he was not so lucky. The undesirable things still happened.

Tom was walking with his head down, hoping to leave early, find a clothing

store, buy a set of clothes, and then go to a nearby hotel to change. Then he really met an acquaintance.

And this acquaintance was not someone else.

In front of him, there were a few people chatting. There were two men and three women, and one of them was a rather beautiful and elegant woman. She was none other than Phoebe.

When Tom saw her, he was stunned. He never expected to meet Phoebe here. What a coincidence!

It was not good timing. His current image would definitely embarrass Phoebe if he walked over.

So as soon as he stepped into the clothing store, he turned around and wanted to leave. However, just as he was about to leave, he suddenly found that the man standing next to Phoebe was looking at Phoebe with covetous eyes. Obviously, the man was interested in Phoebe.

Moreover, this man was still a master of Extrinsic Peak!

Moreover, the man had swallowed the Purification Pill and almost reached the Innate Realm. Tom's eyes narrowed immediately.

He stopped when he was about to leave.

At the same time, a pretty-looking

woman with heavy makeup said to Phoebe, "Phoebe, it took us a long time to get together. Let's go to dinner tonight. Roger has booked the seats for us."

Another woman also said, "Yes, Phoebe. Roger is a billionaire. He booked the best seats. And I heard that the superstar Clarissa will be singing tonight. This is a rare opportunity! It would be better if we could get autographs."

The man of Extrinsic Peak smiled and said, "I get along well with Clarissa's boss. It's not difficult to get Clarissa's autograph. In fact, I can invite her over and have dinner with us."

After he said this, he glowed with

pride. Clarissa was the most popular superstar at the moment. She was an omnipotent three-way star in film, television, music, and variety arts. At present, she was rather popular in China. Many people were her fans, and Phoebe was no exception.

When Phoebe heard that she could have dinner with Clarissa, she immediately felt a little excited.

Tom, who was at the door, was stunned when he heard the name Clarissa. Wasn't she the female star of the HY Media? He knew that Clarissa admired him.

When he saw the excitement on Phoebe's face, he realized that Phoebe was a fan of Clarissa. He felt strange.

Phoebe thought for a moment and said, "Well, can I take a friend to dinner?"

Roger nodded generously and said, "No problem. As long as he's Miss Scott's friend, I'll welcome the person."

The woman asked curiously, "Phoebe, who do you want to bring?"

The other people's eyes were on Phoebe's face.

Phoebe's face lit up with happiness and she said with a smile, "I want to bring my husband over."

"What?" The woman was immediately shocked, and Roger was also shocked, and then he frowned gloomily.

"Phoebe, are you married? No way! I've never heard you say that!" The woman said in surprise. She looked down at Phoebe's hands and didn't see the wedding ring.

The other three were also surprised, especially Roger, who was obviously unhappy.

Today, he was introduced to Phoebe by a friend. The first time he saw Phoebe, he was attracted by Phoebe. However, Phoebe just told him that she was married.

Phoebe smiled and said, "I've been married for five years. The wedding was not grand, so I didn't tell you."

"Really?" The woman said, "Then what

does your husband do? You are a boss of a company now. Your husband must be a powerful person too, right?"

When Phoebe mentioned Tom, her eyes sparkled. She nodded and said, "He's the chairman of the ZQ Media, TY Advertising, and Shield Security Company. Well, he's not bad."

Hearing Phoebe say this, they all took a deep breath. The three turned their eyes to Roger sympathetically. Since Phoebe's husband was a big shot, Roger had no chance.

After Roger heard this, he looked bad. He wanted to hide his upset with a smile, but he still couldn't do it. So he just forced a smile.

"So your husband is so powerful. ZQ Media is a big company whose market value is almost ten billion dollars! Phoebe, you are so lucky!"

"Yes, Phoebe. As the chairman of three big companies, he's worth at least tens of billions. I envy you so much!"

Both women envied Phoebe and flattered her.

This made the two men particularly embarrassed, especially Roger, who was desperate.

"Phoebe, why don't you introduce your husband to us? We haven't met such a big boss yet."

Phoebe was happy to hear their flattery. She nodded and said, "Okay, I'll

call my husband later and ask him to come over."

Tom was at the door, listening to their conversation. He touched his nose and couldn't help but smile.

However, at this moment, two waiters came over frowning. They didn't look kind. When they came over, they shouted to Tom, "Get out. You can't come in here."

Obviously, they all regarded Tom as a beggar.

It just so happened that their voices were not loud that they attracted the attention of many customers in the clothing store, including Phoebe.

When Phoebe saw him, she was

stunned and asked in surprise, "Tom?  
Why are you here?"

After that, she walked towards Tom.

Tom sighed in his heart. It was a little awkward for Phoebe to find out.

At the same time, the four people who were with Phoebe also looked over.

When they saw that Tom was dressed in rags, unkempt, without shoes, and looked like a beggar on the street, they could not help but frown, showing disdain and disgust.

"Phoebe, who is this?"

Phoebe was also a little curious about how Tom could be like this, but she did not despise him at all. She took Tom's

arm intimately and said happily, "Don't you want to know my husband? He is."

Hearing this, the four were all dumbfounded and they showed both surprise and disdain.

Tom smiled bitterly.

## Chapter 486

Tom saw the expressions of the four and knew what they were thinking. It was really awkward. Even if he had thick skin, he couldn't help but blush.

For Phoebe's sake, Tom still took the initiative to say hello. "Hello, I'm Phoebe's husband, Tom."

He was very polite, but no one replied to him.

It wasn't that they didn't show Tom respect. It was that Tom really looked too down and out now. He had nothing to do with the big boss Phoebe was talking about.

Roger looked at Tom carefully.

Originally, he had no idea about Phoebe. After all, Phoebe's husband was a big boss who Zhu could not offend. But now, seeing that Tom looked like a beggar, Zhu immediately had some evil thoughts.

Even if Phoebe was already married, it would be nice to have some fun with her, after all, Phoebe was the best in Zhu's eyes. Besides, Phoebe's husband was an ordinary man at the bottom of the society. Zhu was not afraid to offend him.

After figuring this out, he immediately perked up and smiled again.

"Phoebe, if I remember correctly, did you just say that your husband is the boss of three big companies?"

"Yes, the chairman of the ZQ Media?  
Are you sure the one beside you is the  
one?"

The two women looked doubtful. They  
didn't believe what Phoebe said.

Phoebe was also very embarrassed  
now. She did not expect to meet Tom  
here at all, nor did she expect Tom to  
look like this. She was a thin-skinned  
person, and her face immediately  
turned red.

She could not help but glare at Tom  
angrily as if the days when Tom had  
humiliated her had returned.

However, in front of the outsiders,  
Phoebe still had to save Tom face. She  
nodded and said, "Yes."

But they obviously didn't believe it, because they also had a company, and they knew very well how big a company ZQ Media was. Since Phoebe's husband was the chairman of the ZQ Media, how could he be so down and out, like a beggar on the side of the road.

The two salespeople next to them also obviously didn't believe it. They thought that Phoebe was bragging. They looked at Tom's shabby appearance and if they believed it, they would have problems with their IQ.

Roger tried not to smile and said to Tom, "So it's Mr. Howard. I've heard a lot about you. ZQ Media is a star company in H City with a market value

of more than ten billion dollars. I've always admire the chairman of the ZQ Media. I didn't expect to meet you here today."

At first glance, his words didn't sound wrong. He was just expressing his admiration for Tom, but with his expression, he was trying to mock Tom in a strange way. Immediately, Zhu's tone changed and asked, "Forgive me to ask. Mr. Howard, is your outfit the latest trend?"

His serious teasing of Tom immediately made everyone around him laugh. There were also a few women around him rolling in the aisles. It was as if Tom was a clown.

Even the two women with Phoebe

couldn't help but laugh, and their gloating expressions couldn't be concealed. They were friends of Phoebe for a long time. They could only be said to be friends as they had always been secretly jealous of Phoebe's beauty. Just now, when they heard that Phoebe had married a big boss, they felt quite jealous. But now, When they saw Tom, they felt great.

When Roger saw so many people snickering, he was especially proud. He felt that he was too humorous. He not only humiliated Tom, but also left a better impression on others. He killed two birds with one stone.

Tom frowned slightly. How could he not tell that Roger was interested in Phoebe?

Phoebe became embarrassed.

"Phoebe, your husband is really interesting. He's dressed in 'trendy' clothes. No wonder he can become the chairman of the ZQ Media as he leads the fashion trend!"

"Haha, of course. After all, he's the chairman of the ZQ Media. But I don't think I've heard that beggar's clothing is popular now."

"Phoebe, don't be angry. I was just joking with you."

"That's right, Phoebe. We're just saying it for fun. Your husband is a big boss. You will be magnanimous, won't you?"

The two of them began to drip acid

with sarcasm. It was disgusting.

Phoebe bit her lips tightly. She now felt a burning pain on her face. It was not because she complained that Tom had humiliated her, but because she had just bragged about Tom arrogantly, and then she was slapped by the reality fiercely. It was a shame for her as she was thin-skinned.

Tom's expression suddenly became sullen and he said, "Is it funny?"

His aura was very strong. With such a straight face, he immediately made everyone suffocate and begin to fear. It was as if they were facing their top boss, and the clothing store strangely quieted down.

The teasing smile on Roger's face froze instantly. Roger looked very funny and awkward.

"No, no..."

"It was a joke just now. Be magnanimous..."

The two female friends hurriedly apologized, and they actually broke out in cold sweat. It was because the pressure Tom had put on them just now was too much for them to bear.

Tom took his eyes back and explained apologetically to Phoebe, "I've dealt with something today, so I become like this. I come into the clothing store specially to buy a set of clothes to wear before I go home to look for you."

Phoebe immediately took Tom's hand and asked worriedly, "Are you okay?"

Tom shook his head with a smile and said, "It's okay. I'm fine."

"That's good." Phoebe heaved a sigh of relief. Tom then asked the salesperson to get him a set of clothes and he went into the fitting room.

After Tom left, everyone breathed a sigh of relief with their faces full of astonishment. They didn't know what had happened to them just now as they actually became afraid of Tom?

This made them feel very embarrassed, especially Roger. Now his expression was particularly gloomy as he thought he was actually

intimidated by a beggar's version of trash. It was simply a shame on him!

He was a man who liked to bully the weak and who was afraid of the strong. In his eyes, Tom was the kind of weak man that he would never let go of.

Not long after, Tom changed his clothes and walked out of the fitting room. Immediately, many people were amazed by him.

Before he went in, Tom was dressed in rags. He was disheveled and even had no shoes. He looked like a beggar. But now he was wearing a neat and upscale suit. His tall and slender figure was shown, and his gentle and jade-like temperament was seen. The great difference stunned everyone present.

Tom wasn't very handsome, but he made others feel comfortable as they looked at him. His special charm, especially his temperament, and the confidence in his gestures and expressions made him the focus of the scene.

Phoebe saw that Tom's image had changed, and her eyes lit up immediately. She went up and took Tom's wrist affectionately. Her lines of sight were hot, and she did not hide her enthusiasm for Tom at all. She said, "Tom, you're so handsome."

## Chapter 487

"Really? As long as you like it." Tom glanced at himself in the mirror. He was indeed quite energetic, much better than his image just now.

Roger was overwhelmed with jealousy when he saw how much Phoebe and Tom loved each other.

The salesman came over and asked, "Sir, this one suits you very well. Would you like to try something else?"

"No, I'll take this one." Tom nodded.

The salesperson was overjoyed and said quickly, "Then please pay at the front desk."

"Okay." Tom walked to the front desk

and reached for his pocket. Then he suddenly remembered that he had dropped his phone and didn't bring his wallet. It was a little awkward.

He coughed twice and said to Phoebe, "Phoebe, well, I forgot to bring money.."

Phoebe was stunned and rolled her eyes at Tom. She didn't think much and took out her phone to pay for Tom.

She knew Tom's background. A suit worth more than a hundred thousand dollars was not even a dime to Tom. However, others didn't think so.

Then Roger sneered. "Mr. Howard, aren't you the chairman of the ZQ Media? Why can't you even take out a

hundred thousand dollars for clothes?"

The others around them laughed too.

"That's right. A big boss like the chairman of the ZQ Media can't even take out a hundred thousand dollars. He still needs his wife to pay for it. Tsk tsk."

"Is he fake? Hahaha..."

In their opinion, Tom's silence was tacit consent.

They were throwing cold water on Tom endlessly. Phoebe was a little angry. She darkened her face and said, "That's enough! First of all, my husband is indeed the chairman of ZQ Media. If you don't believe me, you can investigate on your own. Secondly,

even if my husband isn't the chairman of the ZQ Media, do you guys have to keep acting weird?!"

Ever since Phoebe became the chairman of the SK Lighting, her aura has increased a lot. Now that she lost her temper in an overwhelming way, they immediately stopped laughing at Tom.

However, they still looked at Tom with disdain, thinking that Tom was not a big boss at all, let alone the chairman of the ZQ Media. The lie was just made up of Phoebe's vanity.

Phoebe was furious and wanted to say more when Tom held her hand and shook his head slightly, indicating that she could just ignore these people.

Phoebe nodded obediently and then paid the bill.

Roger rolled his eyes and said, "Mr. Howard, we have an appointment with Miss Scott to go to Alice Restaurant for dinner. You're here too. We'll go together later."

Before Tom could speak, Phoebe immediately shook her head and said, "No, we don't like western food."

A female friend of Phoebe said, "Phoebe, that's not what you said just now. Besides, Clarissa is going to Alice Restaurant to sing tonight. Aren't you a fan of Clarissa? Why don't you go?"

Phoebe actually wanted to go, but she didn't like these people.

Tom also saw that Phoebe wanted to go. He smiled and said, "Okay, then let's go together."

Roger's eyes lit up. Without waiting for Phoebe to speak, he immediately clapped his hands and said, "Mr. Howard is straightforward enough. That's it! Let's go to Alice Restaurant for dinner later. It just so happens that the big star Clarissa will go and sing. And Mr. Howard, as the chairman of the ZQ Media, you must know Clarissa, right?"

Roger narrowed his eyes and said in a strange tone. He didn't think that Tom would know Clarissa. So he was just teasing Tom.

Phoebe's face darkened at the moment. She was becoming more and more displeased with Roger as she could not stand Tom being mocked.

However, Tom just smiled and nodded, "Okay."

Roger saw that Tom was lying, so he said playfully, "Mr. Howard, do you mean that you really know Clarissa? It's not Clarissa who plays the sketch, but the big star Clarissa who sings, acts, and has all kinds of various skills."

Tom looked at him with disdain, "So which Clarissa do you think I'm talking about?"

Roger choked on Tom's words and felt very embarrassed. He wanted to

refute, but for a moment, he couldn't think of anything to refute, which made him feel extremely uncomfortable. Finally, he could only snort coldly and wait to see Tom being laughed at later.

Coming out of the clothing store, Phoebe found a chance to speak and said worriedly, "Tom, how did you agree to him? Don't you see that they are mocking you?"

"Really? Why didn't I notice?" Tom said in surprise deliberately.

Phoebe was furious. Just as she was about to explain to Tom, she immediately saw the smile on Tom's face. She could tell that Tom was teasing her, so she pinched Tom and

said coquettishly, "Naughty."

Tom was stunned by her coquettish and flirtatious look and said sincerely, "Phoebe, you're so beautiful."

When Phoebe heard his praise, she smiled even more. Many people around were stunned by her as she was so striking.

Alice Restaurant, a high-class restaurant in H City, was rarely open to ordinary people. If one wanted to come in for dinner, he had to pass the invitation of a member. Moreover, it cost tens of thousands of dollars to eat here for a meal.

In order to advertise, promote the brand, Alice Restaurant especially

spent a lot of money to invite the big star Clarissa to sing.

Tom had heard of Alice Restaurant. Before, there were many big shots in the industry who invited him over for dinner, but he refused. He was really not interested in western food.

The group went to Alice Restaurant, and the other two female friends of Phoebe immediately became excited. They took out their cell phones to take photos and made posts on WhatsApp to show off.

For them, coming to Alice Restaurant for dinner was something worth showing off.

Tom took a look at it and had to admit

that this western restaurant was fantastic, looking noble and luxurious everywhere. Obviously, ordinary people really couldn't afford to come here. Most importantly, this western restaurant was only available to people with membership invitations. The restaurant did so in order to establish a brand.

After Roger came in, he straightened his back, and said proudly, "Friends, I know Alice Restaurant's boss. You can treat this place as your own home. Don't be polite. Eat whatever you want."

After saying that, he deliberately glanced at Phoebe. Clearly, he was showing off.

After the two female friends of Phoebe heard this, their eyes glowed. They held hands and said in admiration, "Wow, Mr. Shear, you're so great that you even know Alice Restaurant's boss."

"That's right. Mr. Shear is indeed from the upper class. He is at a higher level from us."

Another man couldn't help but flatter him. "Mr. Shear, since you know the boss of Alice Restaurant, I wonder if you can give us a membership too?"

When Roger heard their flattery, he smiled brightly and said proudly. He said confidently, "No problem. It's easy to me."

Then he said to Tom, "Mr. Howard, what about you? Do you want me to give you a membership too?"

## Chapter 488

All of a sudden, the other three looked at Tom with disdain.

"Okay." Tom didn't seem to notice Roger's sarcasm. He smiled and agreed. Tom's reaction made Roger look down on him even more. He believed that Tom was just an ordinary man, but he was lucky to marry a beautiful woman like Phoebe.

Phoebe was furious. She snorted and said, "Thank you, Mr. Shear. It's just a member of the Alice Restaurant. We haven't taken it to heart yet."

She was telling the truth. As long as she wanted, she could let Tom start a restaurant much better than Alice

Restaurant. Besides, she didn't like Roger's pretentious appearance.

However, in their opinion, her words was an expression of anger and embarrassment, blindly defending Tom.

It was obvious that Roger often came here to have meals. Even the manager knew him. When he saw him coming over, he made a welcoming gesture and called President Zhu respectfully. He just glanced at Tom and Phoebe and realized that they were Roger's friends, so he didn't ask them more questions. Instead, he led them directly to VIP seats.

These seats were not very central but at the corner. The space was large, and

the environment was very elegant.

"Order whatever you want. It is on me."

Roger said proudly, then said to the manager, "Manager Tann, is Clarissa here? When will she start her performance?"

Manager Tann said with a smile, "Miss Brown has arrived. In about 20 minutes, when most of the distinguished guests arrive, Miss Brown will appear and sing."

Roger's eyes flashed with excitement. He was very excited and in high spirits. He had been looking forward to Clarissa's performance soon. Not only could he see a big star, but he could also make a good show in front of Phoebe! He believed that as long as

Phoebe saw his power, he would definitely leave an impression in her heart. Once she was impressed, then his next move would go smooth .

He was very talented in flirting with girls. Playing a long game, he could definitely conquer Phoebe, the super beauty in the world!

The other three people, hearing that Clarissa would appear in 20 minutes, also had their eyes lit up and began to look forward to it, including Phoebe. To them, Clarissa was their idol. They could often hear the popular songs Clarissa sang, the TV series she played, and a lot of variety shows. Even now that Phoebe was the president, she was still a fan of Clarissa.

Tom didn't quite understand them at all. In his opinion, celebrities were nobody. Clarissa was a big star, but she had to be respectful in front of him. Smith, the super international movie star, died in his hands.

But Phoebe liked Clarissa. In order to fulfill Phoebe's wish, he didn't mind inviting Clarissa over in the name of the chairman of the ZQ Media and asked her to sign for Phoebe.

At this moment, the two female friends winked at Phoebe and invited Phoebe to go to the bathroom. Thinking that she had drunk a lot of water just now, she just wanted to pee, so she nodded and went to the bathroom with them.

When she got to the bathroom, one of

her female friends said to Phoebe,  
"Phoebe, what does your husband do?"

Phoebe said, "I've already told you. He owns a company."

"Come on, we've been friends for so many years. There's nothing to hide."

Another female friend also said, "Yes, there are just us. Just tell us the truth."

Phoebe said with a helpless smile, "I didn't lie to you. My husband is really the chairman of the ZQ Media. If you don't believe me, you can check it yourself. It is a listed company, you can find out easily."

When the two female friends saw how absolute Phoebe was, they looked at each other and did not believe her.

Instead, they confirmed their own conjecture that Phoebe's husband happened to be the same name as the chairman of the ZQ Media, so they could not find anything on the Internet. Or else, it was Phoebe's husband who pretended to be the chairman of the ZQ Media.

But Phoebe had already said that, and they couldn't continue arguing, so they changed the topic and said, "Phoebe, I think Roger is interested in you. Don't you think about it? He's from W City, rich and handsome. He came to H City to develop. He's young and promising."

"Yes, although you're married, you haven't given birth yet. Besides, you're still in good shape. I'm sure Roger won't mind if you take the chance

actively."

When Phoebe heard this, she couldn't stand it anymore. The more they spoke, the more ridiculous they became!

She said with a serious face, "Hey, Violette, Chloe, that's enough! I treated you as good friends. I've been tolerating you all this time, and now you still say that! If you keep doing this, I'll be angry!"

Violette and Chloe saw that Phoebe turned to be angry and scolded them like this. They couldn't take it. Violette frowned and said, "Phoebe, do you have to lose your temper with us like this? We've been good friends for so many years, and what we just said was

for your own good. Everyone could tell that your husband is just an ordinary man. Chairman of the ZQ Media? Bullshit. Who would believe that? We're not fools."

Chloe also said, "That's right. Do you think we're idiots? If he is really a big boss, how could he be so embarrassed that he can't even afford shoes? I think he's a beggar. We get you and Roger together for your own good. Roger is much better than Tom."

Phoebe was very angry at this, but she could not say anything to refute them. Tom looked embarrassed today. She had known Tom for so long, and she had not seen Tom like that.

"Believe it or not! I won't betray my

husband anyway. If you mention this later, don't blame me for falling out with you!" Phoebe said coldly.

Violette and Chloe were also a little angry, thinking that Phoebe didn't take their favor, but they were more gloating than others. Phoebe was indeed beautiful, so what. In the end, she married an ordinary man. Thinking about it, they felt comfortable.

To Tom, Roger also revealed his true colors. He crossed his legs and raised his head, looking at Tom with disdain without hiding his arrogance and contempt. He said, "You are Tom, right? Now that there are only men left as all the women are gone, I'll talk to you in man's way."

Tom looked at him with a hint of amusement in his eyes. "Really? What do you want to say?"

Roger said with a condescending attitude, "Phoebe, I like you. You can make a price."

## Chapter 489

Tom narrowed his eyes. No matter how good-tempered he was, he couldn't help feeling angry when he heard this!

Roger was too arrogant and pushing too far. He actually said this in front of him. It could be seen that he must have done things like this before you.

"Roger, you're going to die for this. Do you know that?" Tom looked at him indifferently with a gleam in his eyes.

Roger sneered disdainfully. He crossed his legs and leaned forward. He stared at Tom and said, "You are talking so big. Phoebe said you were the chairman of ZQ Media, and you take it seriously?"

Hahaha..."

The man next to him also seemed to have heard a big joke and laughed sarcastically.

Tom remained silent.

Roger continued, "Hmph, you have nothing to say? Let me tell you this. The chairman of ZQ Media is my brother. How dare you pretend to be him in front of me? You are the one who will die for this! I didn't expose you just now for Phoebe's sake. I believe your little lie was the reason you could be with that stupid woman, right?"

Tom stared at Roger and suddenly smiled, "Roger, you're so confident that I can't defeat you?"

"Of course I am." Roger sneered. "I didn't want to look down on you, but what do you have to compete with me? Let me tell you this. Not only am I rich, but I am also a top expert at Extrinsic Peak. I will reach the Innate Realm soon to enlarge the capacity of the brain... Forget it. It's a waste of words to talk to you about this. You don't understand it at all."

He did not hide his arrogance nor his disdain for Tom in his looks. He seemed as if he was looking at a low-level animal.

Tom smiled again. He only thought Roger was funny. He was wondering how would Roger react when he found out who he really was.

Seeing Tom was silent, Roger thought that he was afraid. He said triumphantly, "Well, I'm not a patient person. Why would I bother to talk to you so much? I'll give you 500,000 and you divorce Phoebe."

He felt that Tom would definitely agree, but he was shocked to hear two words. "You idiot."

Roger was pissed. He widened his eyes in anger and cursed fiercely, "How dare you curse me?!"

"Taking it personally already? You seem to know yourself well." Tom said with a smile.

Roger clenched his fists and stared at Tom with menace and murderous

intent. "You're making trouble for yourself! I'm being polite to you for Phoebe's sake. Don't think I'm afraid of you! I'm telling you, Phoebe must be mine. If you're sensible, you should take the 500,000 and get as far away as you can. Otherwise, you'll regret it."

Tom stopped smiling and stared at him coldly. He then said, "I'll give you a chance, too. Kneel down and confess. I can consider letting you go. Otherwise, when Phoebe comes back, you won't have the chance to beg for mercy."

Tom was giving an ultimatum. Unfortunately, Roger did not cherish this opportunity at all. Instead, he smiled angrily. "How dare you threaten me, you piece of trash? Good! Very good! You really want it the hard way?"

Then don't blame me for being ruthless!"

After that, he even put his hand in front of his neck and made a threatening move.

The man next to him was looking at Tom as if he was already a dead man.

Tom didn't want to bother himself to talk to him anymore. Just then, Phoebe and the other three women came back from the bathroom. Roger immediately regained his gentle demeanor and no one could not find that he had threatened Tom like that just now.

Tom didn't care about Roger's little show at all. Even a top expert like Sean

had been killed by him. And a good-for-nothing like Roger couldn't threaten him at all. He could crush him easily.

Phoebe did not know that Roger had said those words. Otherwise, she would have left here.

There was no denying that Roger was very good at disguising himself. In front of Phoebe, he was completely different. He was gentle and dignified.

Slowly, more and more distinguished guests came in to eat. They were all rich people, who lived a quality life.

After a while, as the crowd cheered, a graceful figure appeared on the central stage. She was wearing a sparkling black dress with countless crystals on

it. Under the light, she looked especially noble and resplendent.

It was Clarissa!

During this period of time, Clarissa had become famous. She was even well-known in Southeast Asia and even had fans in many western countries.

She had even more fans in H Country. Clarissa agreed to sing in Alice Restaurant not just because of the money. More importantly, the boss of Alice Restaurant and Nash, the chairman of the HY Media, had a good relationship. Nash personally persuaded Clarissa to come and sing.

So Alice Restaurant was full tonight, and everyone was here for Clarissa.

There were even many fans outside Alice Restaurant just to see her. They were satisfied to hear Clarissa's singing through the glass.

Clarissa's appearance immediately made the atmosphere more lively!

"Wow! It's Clarissa! The big star!"

"Indeed, she deserves to be called an angel. She is so pretty, has such a nice figure with such a good temperament!"

"Alice's boss is amazing. He could even invite Clarissa to sing. Bravo!"

"That's true! Now Clarissa is the most popular star in our country. She has outdone all the famous stars before her!"

There were exclamations everywhere. They stared intently at Clarissa, who was standing at the center of the stage. They took out their phones to take photos and record videos. They didn't want to miss the opportunity to show off on social media.

Even the fans outside Alice Restaurant were excited when they heard Clarissa's appearance. Many fans wanted to rush in, but fortunately, they were stopped by the security guards.

Alice Restaurant had expected this to happen. So they put more security guards here tonight to ensure this place was in good order.

Roger and the others also began to get excited and took out their phones to

take photos. They looked like excited fans. Roger's eyes fixed on her and he kept swallowing.

Phoebe also widened her eyes and looked at Clarissa fixedly on the stage, clenching her fists excitedly.

Seeing the reactions of these people, Tom was a little shocked. He touched his nose and said, "Isn't she just a star? Why are you making such a fuss?"

However, his words immediately displeased the people around him. Even Phoebe pinched him and felt that he was offending Clarissa.

## Chapter 490

When Tom saw that these people went crazy, he did not dare to say anything more, afraid that it would cause public anger.

It was not the first time that Tom had seen Clarissa. He had seen her several times before, and every time he met her in private. In his impression, Clarissa was a superstar with face, brain and personality.

Apart from that, he had never seen Clarissa's charm. Since he rarely watched TV Plays and listened to songs, and he hadn't seen a TV Show for a year, he couldn't feel Clarissa's charm at all, nor did he know that she had such a big reputation and so many

fans in H Country.

Now he was still a little surprised as he saw this.

However, it had to be admitted that Clarissa was really beautiful tonight. Her appearance, figure, and temperament were impeccable. Wearing a long black dress, she was extremely eye-catching and instantly became the focus of the audience. She was even more beautiful than Phoebe. At this moment, Clarissa was the most charming woman.

"She's so beautiful..." Phoebe stared at Clarissa closely and couldn't help but sigh with emotion. She was a fan of Clarissa and especially liked Clarissa's songs. She had only seen Clarissa on

TV before and had never seen Clarissa personally offline. Now that Phoebe saw Clarissa, Phoebe found that Clarissa in real life was much more beautiful than she looked on the screen!

Even a beautiful woman of Phoebe's level would sigh with emotion like this, not to mention the others. The men present in particular. They couldn't move their eyes away and wished that Clarissa could be their own.

One could tell that only Tom was the calmest one. It was mainly because he had known Clarissa before.

Clarissa had dressed up specifically tonight. She was slim, elegant, and dressed in a long black dress which

completely outlined her excellent figure. She was sexy, elegant, but not vulgar and revealing.

She was holding a microphone in her hand, and after she appeared on stage, she began to sing directly. It was a classic song of hers which was especially beautiful as she had a very good voice and perfect singing skills. Everyone present was quickly absorbed in her singing, and they were mesmerized by it. Their emotions were stimulated by the rhyme of her singing.

Tom was a tone-deaf man, and he didn't usually like to listen to songs. But after listening to Clarissa singing, he had to admit that Clarissa's singing was excellent.

This made him have a good impression of Clarissa. He didn't expect Clarissa to sing so well.

After the song was finished, Clarissa began to speak. "Friends of Alice Restaurant, I'm Clarissa. I'm very happy to come to Alice tonight and meet you all. Next, I'll sing a song called 'Love'. I want you all to find the love of your life, grow old together and live to old age in conjugal bliss."

When she said the last sentence, a trace of disappointment flashed through her eyes. A man appeared in her mind. He was her crush, but she had not seen him for a long time.

She was a very professional person. She immediately suppressed this

emotion and began to sing. This song, "Love", was different from the dynamic popular song just now. The melody of this song was very gentle and full of love. It made people feel marvelous when the song was sung by Clarissa, who had a unique voice!

All of a sudden, people on the spot were all infatuated by this song after listening to it, including Phoebe. She was especially moved when she heard it. As the melody continued, she began to recall. She recalled the scenes she had experienced with Tom in her mind, no matter it was sweet or bitter. She also recalled all kinds of twists and turns. It was not easy for them to be like this today!

It was said that women were

emotional, and Phoebe was no exception. She was now completely immersed in Clarissa's "Love". She was so moved that her nose was sore and tears flowed down. She couldn't help but hold Tom's hand, looked up at Tom, and said affectionately, "Tom, you are the love of my life. Thank you for appearing in my life."

In contrast, Tom's emotional resonance was not that strong. It was the first time he had heard this song, and he was more immersed in Clarissa's beautiful melody. However, when he saw Phoebe's emotional appearance, he was also touched. He held Phoebe's hand and said in a very serious manner, "Phoebe, you are also my love."

"Yes!" Phoebe nodded hard and leaned

on Tom's shoulder, looking happy.

Roger saw this scene and his expression was very sullen. He stared at Tom gloomily. He was getting more and more annoying to Tom now, and the anger in his heart was getting stronger and stronger. After tonight, he would investigate Tom's background and where he lived. Then, he would deal with Tom!

At the scene, many people were also moved. Many women who were easy to cry were crying now. After the song was finished, the audience made waves of applause immediately for Clarissa.

Clarissa smiled and bowed slightly in all four directions, expressing her gratitude. This showed her good virtue.

This action of hers had made many people feel that Clarissa was even more better.

After that, Clarissa sang a few more classic songs. Each one of them was very beautiful and made people fascinated.

Moreover, she was also very humorous. She said some humorous jokes in the process of singing, which perfectly mobilized the atmosphere of the scene. The applause on the spot never stopped.

It was almost the time. She finished her task and was ready to step down.

When everyone knew that she stopped singing, they were especially

disappointed. They shouted as they wanted her to sing a few more songs.

Originally, according to the agreement, she would sing those songs at the scene this time. This was what she was required to do. But fans at the scene were too enthusiastic. There were two cute children who ran up to give her flowers and asked her to sing two more songs. She was so soft-hearted that she had to sing again.

After thinking for a while, she said, "Well, since everyone wants to hear me sing so much, I'll sing two more songs. The next one is my new song that I wrote recently. It hasn't been released yet. I'm going to sing it to you now, so you're the first to hear my new song. I hope you won't secretly record

it, or I'll have copyright problems."

Clarissa blinked, looking a little playful. Many people were going to record it, but when they heard her say that, they put away their phones.

Moreover, they were even more excited when they knew that they were going to hear Clarissa's new song, which meant that they were the first group of people to hear it. Others in the country didn't have this honor!

Clarissa took a deep breath. The slender figure and the plain but masculine face appeared again in her mind.

"I haven't named this song yet. It's for a male friend. I haven't seen him for a

long time. I really want to see him again."

Clarissa had mixed emotions, then she opened her mouth and sang this song...
